TRINIDAD

Excerpt:

This whole anti-war movement rose up saying, "No war. We're against war, we're against war. They will throw the world into upheaval; if this thing starts to loose, too much people are going to die innocently, because you wouldn't be fighting Iraqi soldiers, you will be killing Iraqi citizens and everything else." And people, you know, different groups talking different things. But watch; diplomatic relations were made long before, for the places, to surround the nation. So they get positioned in nations where they surround this nation, but to get the thing vetoed in the United Nations Security Council, you can't get it vetoed, because some of the main ones are standing up there.

All of a sudden, when it seemed like a stalemate, and this thing is kind of weighing down; and all this anti-war movement now, like it wants to take over. Whoever pushed the button, whoever pulled the string, whoever called upon the nobles and the elders, whoever instructed whom, because Europe is the beast that came out of the sea and the other one who is the political power, the military might, by whom she is being let loosed, because they give their strength and their power to her; she trapped them in the debt trap. She controls their economy now. She expresses her will through them. The lamb speaks with the voice of the dragon. All of a sudden when it seems like their hands are tied...I'm going to read this for you and then I want to read a Scripture with that.

That's why I am saying, this invisible woman; her methods, that's her methods. She has a way when she wants something and she plans a time and a schedule, except God doesn't push her back, she could manipulate the machinery of things around her to get it done. You say, "What's that brother?" To show you the might and the power of the system and to show you how strong the control is. The Prophet said, "Right now you can't envision how strong the control of the Roman Catholic Church is in the nations of the world," he said, "but at the opportune time, you will see exactly how strong that control is." **(Page 39)**

TO KILL AND THEN TO TAKE POSSESSION

***The Visible Methods Of The Invisible Jezebel At
Work Once Again.***

**TRINIDAD
SUNDAY 2ND FEBRUARY, 2003
BRO. VIN A. DAYAL**

*Our God is an awesome God,
He reigns from heaven above,
With wisdom, power and love,
Our God is an awesome God*

Hallelujah! Our God is an awesome God. Blessed be His wonderful Name. I want to greet everyone this morning in the precious, lovely Name of the Lord Jesus Christ. It's such a blessed privilege to be in His house. David said, "I was glad." How many are glad this morning to come into His house? Amen. We enter His courts with praise, we come into His gates with thanksgiving — made us a royal priesthood. We can offer the fruits of our lips, giving praise and thanks unto Him.

We have our dear brother Gregory Williams and his dear wife coming to dedicate their son this morning: Jeremiah Hosea Samuel, unto the service of the Lord. This is the first of Gregory's since he is here, amen. Since you are here in the assembly? [The Brother speaks to Bro. Vin —Ed] Two already since they are here in the assembly. Praise God, amen, praise His wonderful Name. Hallelujah!

The Bible says,[Psalms 127:4]

*As arrows are in the hand of a mighty
man,so are children of one's youth.*

[Psalms 128:1-5]

*Blessed is everyone that feareth the Lord,
that walketh in his ways.*

*For thou shall eat the labor of thine
hands; happy shall thou be, and it shall be
well with thee.*

*Thy wife shall be as a fruitful vine by the
sides of thine house; thy children like olive
plants round about thy table.*

*Behold, that thus shall the man be blessed
who feareth the Lord.*

*The Lord shall bless thee out of Zion, and
thou shalt see the good of Jerusalem all the
days of thy life.*

Psalms 127:3 says:

*Lo, children are an heritage of the Lord;
and the fruit of the womb is his reward.*

Let's just bow our heads as we dedicate little Jeremiah Hosea Samuel to the Lord Jesus. Thank You, Jesus. Gracious God, we take these few moments for dedication this morning, to dedicate little Jeremiah Hosea Samuel Williams; precious little son that You have given to the home of the Williams, Lord. Our brother Gregory and his dear wife with us, Lord, made this great decision to receive this great Message of Love that You have sent in these last days. This great Capstone Revelation of Jesus Christ that has come back to the Church, to make a people ready for Your coming. Dear God, as they have embraced this great truth and have taken their stand here with us in the assembly, Lord, we thank You for them, Father, for what a blessing it is to see the sacrifice that they make, the distance that they travel from, their faithfulness, Lord, in their coming in the house of God, to take up their position and their responsibility as believers. We pray that You will bless them and continue to bless them, dear God.

Lord, make their home a happy one. May You supply their every need. May You continue to open up Your Word

and inspire great faith to them, dear God, and let Your presence, not only be felt, but be seen with them, that people will take note that they have been with Jesus. Grant it, dear God. Father, how we thank You for the fine spirit that we see exhibited in their lives.

Now, as they bring their little boy for dedication, we thank You for giving our sister a safe delivery. We thank You for sending this boy into this home at this time. We pray, dear God, that the blessing that he is designed and intended to bring to them at this time will be realized by them, as You will enlighten them as to the purpose of his coming and they will be inspired, Lord, through Your grace and through the working of Your Holy Spirit in their lives, to raise him for this purpose, according to the glory of God. Grant it, Father. We dedicate him today for a life of service, in the precious, lovely Name of the Lord Jesus Christ. By faith, we place him beneath Your precious blood; praying that Your blessing will ever be upon him and he will grow in grace and in knowledge of the Lord.

And, dear God, he would (Lord) be a little token of Your grace, that all those who see him and come to know him, Father, will see even from (Lord), a babe; as the Scripture says, "Out of the mouth of babes and sucklings You perfected praise and You have ordained strength." And they would see the hand of the Lord upon this child. Grant it, Father, as we dedicate little Jeremiah Hosea Samuel Williams to You, in the Name of the Lord Jesus Christ, for Your honour and for Your glory, amen. Amen. Praise His wonderful Name.

We thank God for our precious brother and his wife. They certainly have taken a great stand, have shown real willingness to serve the Lord and to walk in the truth. It's such a great thing.

Just came in kind of late, but I heard the little song '*Can't You Hear Your Theophany Calling?*' You know we're getting ready to leave on Monday for Dominica to go and just be about four days with the saints there, just to oversee things a little bit, to talk with them. Then to go to

St. Vincent and be with the saints there, (who have been calling for some time) and see what we can help them with and then to spend a couple days in Barbados and then get back on Wednesday. So we are trusting the Lord, that you will also remember us in prayer with this: Myself, Brother Stephen Dasent, Brother Steve Walters and Timmy, that we will be there for these few days among the believers there.

It is certainly a time, with the things that are happening in the earth, the things that the Holy Spirit is showing us in the Word, to be among believers, especially the ones that are now raising up and becoming established, that they will know how to function. Should anything break out, anything happens, they will know how to move or what to do. We are living in such an unpredictable time, uncertain times, but we have received a Message, a Kingdom that cannot be removed.

While this world is again falling apart, God is gathering His people and is raising them up in this great Faith Civilization, to walk in a world of Perfect Faith with Him. And how we desire to see that become the portion, become the possession of every believer; the kingdom of God, the Word made Spirit and life within you, the Holy Spirit living in the believer.

Let's just bow our heads, as we would pray one more time and commit this service into His hands, as we look to Him this morning. I want to encourage you to believe. It's a great time to serve God. It is not a time to be indecisive. It's not a time to be wondering what is happening. God is giving understanding. The Holy Spirit is opening the Word, He is shining light. The call of the Spirit is going out. God is looking, searching and seeking out the Elected ones; those foreknown of God, foreordained to go in the Rapture, quickening them and making them alive, raising them up into Heavenly Places. Today if you hear His voice, harden not your heart. Open your heart, say, "Speak Lord, Thy servant heareth." I know He will not disappoint you. He is a

faithful God. He is an awesome God. Our Lord Jesus, we bow our hearts in Your mighty presence. We come before Your great Throne of Grace with thanksgiving and praise. We come confessing our sins, Lord, and laying aside every weight, knowing that this, Lord God, it's a blessed privilege for us to be able to confess our sins and put it in the bleach of the blood of Jesus Christ. Knowing that he who covereth his sins will not prosper; but if we are willing to confess our sins, You are just and faithful to forgive us of our sins. And if we walk in the Light, when that Light would come and shine and expose our sin and we receive correction and we would walk in that Light, humbling ourselves under Your mighty hand, the blood of Your Son, Jesus Christ, cleanseth us from all sin and we'll have fellowship one with the other.

Oh God, we pray today, Father, as we see time running out. We see the time clock striking this great hour. We remember the words of Your Prophet, impacted by that great Seven Seals vision, when he saw the coming of the Angels, a blast that shook the earth, Seven Angels in the form of a Pyramid. He was raised up, dear God, in that constellation (oh God) and the Angel of God with the Silver Sword pointed back East, saying, "Go back East and open the Seven Seals for God. It will be told to you what these things are."

He was so shook, Lord, he came back to the Church, telling of the great fulfilling of these things and You began to open those Seals one by one; the most sublime thing that ever took place, that which the Lamb had died for, when the works of God were settled in the back part of Your mind, before the foundation of the world and the names of the Elect were put in the Lamb's Book of Life. Here was the time You were going to come to claim Your purchased possession, Lord. You said, "When you see the Son of man coming in a cloud with power and great glory, look up, and lift up your heads; you know that your redemption draweth nigh. You will hear of wars and

rumours of wars, earthquakes in divers places, men's hearts failing for fear." But even though all these things are happening, Lord, the end is not yet. These are the beginning of sorrows, oh God.

We are so grateful You have taken us away from this trouble, Lord, and hid us in the secret of Your Pavilion, in Your Tabernacle. You set us upon a rock; we shall not be moved. This great revelation of the Rapture unfolding, breaking forth upon the hearts of Your children, that You are letting them know that they are part of Your Bride. They are foreordained of God. They have that representation of predestination. They are knowing the Word by what is happening. All that You said, we see it happening in our very own lives, Father; taking out fears and taking out doubts, giving witness and confirmation, bringing an end of all strife. It brings a peace that passeth all understanding and a love that passeth all knowledge.

Truly, oh God, it has moved us to surrender our all, to come in submission to Your revealed Truth, to be willing to be led by You. We pray, dear God, that *that* would be the portion of everyone that is desiring that today. We pray that the Spirit of God would speak expressly.

You said You will write Your laws in our hearts and in our minds. Our sins and our iniquities You will remember no more. No man will have to say, know the Lord, for we will all know You. Gracious God, this is that New Covenant, this is the evidence, as You write that Name in our foreheads, as You identify us, Lord, by putting the Seal of the Covenant in us. Let it be, Father, this great Baptism of the Holy Spirit, this Seal that speaks of a finished work, of security, of ownership — When these great plagues are falling, You said, "See that you touch not those who have that mark in their forehead," where Your Name is written. May we strive for that today, Father.

May Your Holy Spirit minister to us in such a personal way, that truly, oh God, it can move us into Rapturing Faith. A Rapturing Grace would sweep over this Church.

Faith, oh God, being lifted up, would cause the sick to walk into healing, cause the blinded eyes to pop open and see that these sayings are faithful and true — recognize their position in the Scriptures, (oh God) —would bring the Holy Spirit, Lord, in such a surge, moving into the hearts of every Elected one, dear God. Not just move here, but move out in the islands where they are connected with us, where they are wired up, Father, by the same revelation, oh God, that we could see the revival breaking out in those places, the Holy Spirit making the Word personalized and making It manifest in their midst, that they'd see Jesus walking amongst them. Grant it, Lord.

We commit all things into Your mighty hands. We await Your Divine Leadership and direction, in all that You will say and do. May You have Your special way amongst us. May You meet every need in the hearts of Your believing children, even the strangers and visitors, Father. May dear God, You confirm Your Word and make It real in our midst, that they will recognize Your presence, they'll come to know You in the pardoning grace of this Living Word. In the Name of Jesus Christ, we ask these things, committing it all into Your mighty hands, for Your honour and for Your glory. Amen. Amen. Praise His wonderful Name.

Let's just open up the Scriptures this morning. I would like to open again in Revelation Chapter 6, also Revelation 13. Speaking in the book of Revelation; going back in the Old Testament, making these symbols plain. And we can see what it speaks of, what it all means. Revelation 6 verses 7 and 8. In verse 1 and 2: when the seal begins to break, a white horse went forth; in 3 and 4: a red horse begins to ride; 5 and 6: a black horse and 7 and 8;

*And when he had opened the fourth seal,
I heard the voice of the fourth beast say,
Come and see.*

And I looked, and behold a pale horse, and his name that sat on him was Death, and Hell followed with him.

And this is in the earth. This riding is in the earth and we are seeing what is happening in the earth. When we look this morning, we could behold that pale horse and we could see who sits on him. We could see the power behind that great move that is taking place, which this horse symbolizes.

...and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

Power is given unto them over the fourth part of the earth to kill with sword. When you see people are being killed with sword in this Age, you know that *that* is in the Bible. When you see people being killed with hunger, with famine, you know that *that* is in the Bible. When you see people being killed with pestilence, you know that is in the Bible, and you know the book of Revelation is a book of prophecy. "Seal not up the sayings of these things because the time is at hand." These things are for now; this is the day that we live in.

Revelation 13. I want to get the 10th verse. It's placed between the two beasts of Revelation 13. Revelation 13:1 to 8 speaks of the beast that came out of the sea. Revelation 13:11 to 18 speaks about the other beast coming up out of the earth. One beast out of the earth, one beast out of the sea, just where that Angel came down; put one foot on land, one foot on the sea. 'Feet' speaks of 'possession'; taking dominion over the powers in the earth, having that Seven Seal book in which the names of His Elected is written. He has come to seal them up. He has come to gather them together. Because these two powers are the two powers that rises in this hour, that takes control of the whole earth: Revelation 13. But

this is a very unusual verse; it is placed between the two beasts. Verse 10, it says:

He that leadeth into captivity shall go into captivity; he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints.

Isn't that strange that *that* is placed between the two beasts? What is the purpose it is being put there for? What is its connection with these two beasts? What is the relevance that it has? Because it is speaking of "he that leadeth into captivity" and "he that killeth with the sword." There is a – These two powers are noted for leading people into captivity and these two powers are powers that killed with the sword. That Roman power – one is Revelation 13:1 to 8: the Vatican, Revelation 13:11-18 is the United States of America. Two powers: a Vatican-Washington Alliance, a conspiracy in the earth. Two powers that are going to rule the world in this hour. Two powers that are in a union in this hour.

But notice what He says. In the midst He places it and says, "he that leadeth into captivity, you will go into captivity and he that killeth with the sword," because He gave them power to kill with the sword. He gave them power, because they wanted to be like Him, because He kills with the sword. How many knows God kills with the Sword? How many knows God kills with famine and pestilence? Sure He does. God let them do it. Remember Satan—everything Satan does, he is only copying off of God. May the Lord bless the reading of His Word. You may have your seat.

Before I leave for the few days, I feel kind of moved to speak a little bit; posting the church, keeping your eyes focused on the modern events, and the reason why when we see these things coming upon the face of the earth, "pray that you be accounted worthy to escape these things." Don't get down in the sides of the ship and sit

down there while the storm is gathering. Don't fall asleep in the boat. Don't try to evade the responsibility to go and cry out. You know what I'm talking about or you forgot already? Alright.

Jonah, we were taking that in '*Jonah's Prayer Meeting*. [2003-0122 -Ed] The message was urgent, judgement was coming. He was given a commission. It was a Resurrection Ministry to Gentiles, with a message of judgement. And so, we see all of that, how it types the Bride. We went through that and then the other prayer meeting; "pray that you be accounted worthy that you shall escape, when you see these things coming upon the face of the earth." Because like a snare, it will come and take the whole earth. Like a trap that springs suddenly and the world is caught in the trap, only to realize that they wake up and it was a diabolical plan to snare them and to trap them and they never realized; it was so unsuspecting. 'It was a repeat performance of all diabolical cunning and cruelty', that when they were trapped into it, they didn't even realize how they were taken. That if it were possible, even the Elect would have been deceived, but the reason is because the enemy's scheme has been uncovered to the Elect. Seven Seals have been opened so we can see what Satan is doing.

Brother, he has satellites in the sky that he tracks everybody with; but God has the Holy Spirit (amen, glory!) and this open Word, that God tracks him too. Amen! Brother, God have given us an instrument that has uncovered his scheme since he said, "I will be like God," in Heaven, all the way until he goes in the lake of fire; how he is working to come and sit over the kingdom that he has built up on this earth to be worshipped as God. A Prophet with a prophetic vision, tracking. The Holy Spirit from Glory, the Lord descending from Heaven, opening these Seven Seals, uncovering the scheme of the enemy. He says, "Supernatural devils, unseen to the eyes, but we can see what they are doing," because the Seven Seals

uncover the scheme of the enemy. That's the reason he is howling. Amen!

Because a Prophet stood there and identified that very thing, where that virus had come in. Amen. Brother, how it was a sexual transmitted disease that broke down the defences back in the beginning. The Serpent passed it on to Eve through sex. Eve passed it on to Adam through sex. Is that right? And we've been trapped in this sex thing all these 6000 years. But in these last days, the Holy Ghost has come, (Amen! Oh, Thank You Jesus!) to bring transforming power to put on Immortality, to raise up a Bride out of this world! Glory be to God.

Brother, I tell you. You watch that denominational harlot. Her gates are the gates of hell. She lives with all these men, committing spiritual fornication with all these nations of the world. Is that right? And she spreads her disease on them too, because inside of her comes all the abominations of the world, and she infects the kings of the world. Is that right? And the whole world is under her witchcraft and under her spell. She has an epidemic in the world. She breaks down all the immunity of the kings of the earth and the merchants of the earth. And now, she controls them. She holds them in a spell and under her power. Yes sir! But that's Mystery Babylon.

But Heavenly Jerusalem, the Lamb's wife, brother, She has a repellent. She has an inoculation. Amen! Brother, God Himself has come down, the Great Physician, this sympathizing Jesus, and with the Seventh Seal, He inoculated a Bride. He makes the Church immune in this hour. Oh my! I feel like a missile went out there. My! I tell you.

I want to speak this morning on: **"TO KILL AND THEN TO TAKE POSSESSION."** (**"TO KILL AND THEN TO TAKE POSSESSION."**) And for a little subject: ***"The Visible Methods Of The Invisible Jezebel At Work Once Again."***

You can't see her, because she has many painted faces. She is hiding the real face behind the paint and she is

projecting the painted faces. And while she is working her scheme in the world and the things of the world, people who don't realize that that is not the real face, that's only the painted face, because she paints her face for everything she wants to do. My! And so if you know her by revelation, you know her method of operation. Is that right?

How do you recognize the devil? You know his method of operation. How do you recognize God? You know His method of operation; His characteristics, His fingerprint is everywhere in His work. So is Satan's fingerprint too. So is Jezebel's fingerprint also. You better have some forensic thing with you here this morning, that you could have a microscope, that you could watch the pattern in her fingerprint to know whose fingerprint that is.

Her hand is in politics, her hand is in finance, her hand is in religion. Is that right? Her hand is in the treasury, her hand is (brother) in the Senate. Her hand is with Congress, her hand is everywhere. It's been revealed to us who this woman is. It has been revealed to us that she will control the world.

I just want to maybe before I really begin to lay down some of those things there, just to backup and read one or two things a little bit here, out of *'The Church Age Book'*, page 234: *'Thyatirean Church Age.'*[1960-1208 — Ed]

"Right here," he says, "I will be getting ahead of myself and maybe I ought to reserve this for the message on the last age, but it seems just right to put it in now because it deals so clearly with organization and what is going to happen through it. And I want to warn you."

Here is a Prophet. He is opening the Church Ages. He comes to Revelation 13 and he said, "Maybe I should leave this for the last age, you know, because I'm now in the Thyatirean Age but when we're going to bring the Laodicean Age I should bring this." He said, "But it seems so...it is here, it's coming up; that woman Jezebel in the fourth age, in the Dark Age." He said, "But let me give you

a warning for the last age. I will show you what God is going to do through organization.”

And he goes to Rev.13:1 to 18 and he reads the whole thing. I just read verse 10 because that verse is a key. Verse 10 is a key; it ties the two. It ties the beast from the sea and the beast from the land together. And it tells you that they lead into captivity and they killed with the sword; and it tells you what God is going to do with them, which I will show you just now. But let me get this background first. Page 236,[*The Seven Church Ages*—Ed]

“This chapter (talking about Revelation 13) shows the power of the Roman Catholic Church...”

Now this is not a theologian talking now. This is not some newspaperman and this is not some little statement at the side. This is the Book of Revelation and this is the Prophet who revealed the book of Revelation to John. This is the Seventh Angel Messenger who was supposed to come in the last days to uncover the Bible and reveal the hidden secrets that lay in the Book. This is the one that told John, “I will show you the judgement of this Great Whore,” in Revelation 17. Amen.

So he said, *“This chapter (Revelation 13) shows the power of the Roman Catholic Church.”*

And you know it is something today; you see people, you know, they just can’t seem to believe and receive and see through what a Prophet says. They stand there, because their minds are so weak and’ so perverted, that it gets bombarded continually with all kinds of organizational things and all kinds of media in the world and everything else, that they seem to have no spiritual resistance, when they get an onslaught of all this perverted manipulation of information, to put a smoke screen and blind people from the reality. Yet they keep reading *The Seal Book*; the Prophet said, “Rome will take over the world, maybe next fifty years. I don’t know what is going on.” And they fail to see the time we are living in. But watch.

He says, when you read that, *“it shows the power of the Roman Catholic Church and what she will do through organization. Remember this is the false vine.”*

And I was thinking of that. Many times Brother Branham says, “Look what they will do through organization.” And you look in the world, you are not seeing organization doing anything. They are only on the radio begging for money. Yet you are seeing the military might of the U.S., yet you’re seeing the political system, you’re seeing the military operations. And the person who doesn’t have revelation, they don’t see organization there at all, because organization means to them, preach a little Bible.

Friends, they are Christians; so-called Christians. They are the crusaders. They are the military Christians, so-called, doing all that for God, in the name of God, because she is using religion and all these things to blind people. But it has nothing to do with religion, because when Seven Seals open, it shows it only has one true Church and you were foreordained of God before the foundation of the world to be in that Church. And you could only get in that Church through the Message of the Messenger for the Age. And the other church is the false vine, is the tares that were planted in the earth. Is that right?

Don’t get confused with that. That’s what it is. You have to see the world for what it is, because this is the deception in the world today. And that’s why I always say, “People, thirty (how much?) - [thirty] seven or thirty-eight years after the Seven Seals were opened still don’t even know what the Seven Seals are.” They get their minds trapped into a reference, a casual reference or two back to the Church Age or back to something historical and think that was the Seals back there. And they can’t see the rider riding today. All they know is, they learnt about God in history. It doesn’t take the Holy Ghost to know that, it takes learning to know that. They learn about

God by what happened, but what is happening; it takes the Holy Ghost, present tense.

That's why last week, I was showing you all those nations are here in the earth, all those powers are here in the earth. Their objective is the same in the earth. Satan's objective from in Heaven is still the same objective this morning: 'to be like God.' He is still building that kingdom; he is still to be enthroned. He is still working everything to come there and sit above the congregation of the saints.

So when you see the Bible and you see what It is; and It says, "Don't be conformed to this world," because you know this world, this cosmos: Satan's Eden. The Prophet tells us what it is. He says, "America, Russia, England, the Caribbean, Germany, France is Satan's Eden"; not Mars and Pluto; This earth! Who's building this? He is the architect of this society. And it's being designed.

The Rapture is not a thing just to go to Heaven, you know. The Rapture is an escape from this world. It is an escape from judgement and destruction and persecution that the enemy is bringing, because of how highly organized and how powerful and strong his control in this world politics and finance and economics and religion is today; that they will be able to kill Christians, and brother, the world will applaud. You say, "Is that so?" Go in the book of Revelation, they were cursing God. The nations of the world were blaspheming God. When plagues were falling on them, they were blaspheming God.

See, you have to think the Bible. Don't think your thinking, because that thinking comes from your first birth and comes from this world. When you start to think the Bible, that is when the mind of Christ comes in. That is a sign that you have the New Birth and the evidence of the Holy Ghost is leading you into all truth. Because Seven Seals come to open our eyes to take the blinders that education and religion and society put upon us, to veil us from God and give us a traditional religion that is

dead and is a vain worship. But Seven Seals rip that away from us and the Quickening Power quickens us to realize that the God of the Bible is alive in the year 2003. He is among His Elect! That's right. That's right, friends.

So Revelation 13, *"shows the power of the Roman Catholic Church and what she will do through the organization."* He says, *"Remember this is the false vine. Let it name the Name of the Lord, it does so only in a lie."*

He said, "Though they talk about the Name of Lord, they do it only in a lie." Man stands up on the T.V. and cry and say...Quote a Scripture, "And God..." Watch.

"Its headship is not of the Lord but of Satan."

Why? The Bible says, "The beast, the great, red dragon that fought with Michael, which was cast out of Heaven, is the scarlet dragon, that red dragon that carries this woman." And that scarlet dragon, that red dragon is 'Death', who is riding on the pale horse; same person. It's the same one who said, "And I saw a star fall from Heaven and to him was given the key of the bottomless pit." Same person. Under the Seal, he is a rider on a horse. Under the Trumpet, he is a star that falls from Heaven and was given the key to the bottomless pit. Under the Vials, brother, here he is the beast incarnate; here is a power that's carrying this woman. When you bring it together, you could understand what he is doing. That's why the Spirit of wisdom and revelation is needed. The key lies in connectivity.

Isn't that what the chemists and they are saying? It has 1158 tapes, but when the Spirit comes and gives you the key and you are able to tie it together. Amen. What did the Son of man do when He came? What did the Seventh Angel do? He tied up the loose ends and brought it into the revelation of the Son of man, the Person. Is that right? Then he spoke it out on 1158 tapes. It tied together in him. When he preached the Bible, he wasn't preaching like Luther and Wesley and them. Brother, he saw the pattern, he saw the pictures, he knew where everything—religion, politics was happening in the world.

He went to the Bible and opened it up. He said, "I see Amos; he is coming down the road. He is coming over the hill of Samaria and the sun is shining." He said, "I see Elijah is walking down to the White House." Amen. "I see the Son of man coming there and say, "Thou art Simon." I see Elohim come and turn His back to the tent and discern Sarah." Is that right? What was he doing? He was taking the picture out and showing what was happening. He was placing a Church and letting them see the Bible is not the kind of Book you think It is. It has a way man preaches It and it has a way God reveals It and you have to have discernment to know the difference, because it's wisdom versus faith. That's an intellectual school of wisdom, but when faith comes, it unveils the mighty God before us. That's right. And so, as we look, we realize how these things are taking place. My!

He says, *'Its headship is not of the Lord but of Satan. It finally ends up completely identified with the beast. (Talking about the Roman Catholic Church.) It finally ends up completely identified with the beast. The whore riding on the scarlet beast distinctly shows her power is the god of force (Satan) and not our God, the Lord Jesus Christ.'*

This is not a theologian who is trying to give an explanation of the Bible. This is the one in the book of Revelation who is saying, "John, you come, I will show you the mystery of her." And this is what he said, because he is the revealer. God is revealed by the mouth of His prophets. Amos 3:7: "Surely the Lord Thy God will do nothing, except He reveals His secret to His servants the prophets." "In the days of the voice of the Seventh Angel, when he shall begin to sound, the mystery shall be finished." That's right.

'In verse 17, it emphatically shows (Revelation 13:17), it emphatically shows that she will gain absolute control of the commerce of the earth...'

Not what you think, not what I think, not what your neighbour thinks, not what CNN thinks, not what NBC

thinks, not what the White House says. It says, “She will gain complete control; absolutely, complete control,” in the Bible. When? The earth is to be burned after this Elijah, friends. This Elijah Message, we’ll put on immortality under this Message. We go up in the Rapture, so we don’t get when that man sits on the throne. Under the Fourth Seal the man is uniting everything together. That’s why right now there is another uniting, an invisible union. The Bride and the Word uniting together, while that uniting is taking place. You get that?

So when you see – you see where we are sitting. You see, as we can look and examine, as we watch around us and we see the time clock striking the hour; as we see the position of the nations, as we see the Church and its condition; we know how to pray, we know what to pray for, because you could watch and pray and be made ready, knowing your Lord could come at anytime. Amen. Because like a snare, it will take the whole world. That’s why the ship-master came looking, found all the sleepers, got them praying; got them confessing. That’s right. God wants to move in a Resurrection Ministry. Yes sir!

“In verse 17, it emphatically shows that she will gain absolute control of the commerce of the earth, for no man can buy or sell apart from her. This is borne out in Rev. 18:9-17 which shows her involvement with kings, princes, merchants...”

Which are the great manufacturing industrialized nations that produce in the earth today? You mean that she has control in them? That’s where the power is. That’s where they produce the goods. That’s where they make a market. That’s where the great manufacturers are. Is that right?

You see, you don’t just read and say, “Merchants.” Everything you buy comes from a merchant and everything you buy is manufactured somewhere because God did not create it. It’s something designed by man for man’s world, for this cosmos, something that was not in the original Faith Civilization; something that will end up

in the lake of fire, but we are in the system, amen, and we see what is happening, we see how it operates.

And God opened the Word so we won't be a slave to the system. We won't be blinded by this system. We won't be controlled by this system. Something in us will be pushing us up. Something in us will be saying, "I can come out of here. I'm going to burst out of this pest house." The secret is in the Word that has come back in the last day. "I have hid Thy Word in my heart. There is a Transforming Power changing me. I see faith come into my life. I see faith to tell the devil, 'Satan, you are a liar.' I see faith not to be intimidated. I see faith. I am not scared and frustrated. I see discernment and wisdom to say, 'I know what you are trying to do. You are trying to destabilize my faith. You're trying to rob my peace. You think I am not a fighter. God trained me to recognize you, devil. I know you. The weapons of my warfare are weapons of mass destruction.'" Amen!

Brother, that kind of weapon is not carnal. It's mighty to the pulling down of strongholds. Yes sir! Glory! My! "Because shortly, Satan will be bruised under our feet. Satan will be powerless before us." He who will come to disarm us can't disarm us. Brother, we will have a power over him to bind him in a knot. Amen! Yes sir! He who will come to put fear and intimidation (brother) will not be able to put fear and intimidation upon us, because we have a repellent of predestination.

"Above all taking the shield of faith which is able, which is able, which is able to quench all, all, A-L-L the fiery darts of the devil." Because if the Bridegroom hit 16,000 kilocycles, She must do the same, because She is faith of His faith, virtue of His virtue, life of His life, works of His works. She is Him revealed! That's what the Marriage is. They are no longer twain, they shall be one. "In that day you know I in you and you in Me and greater is He in you than he that is in the world." This is the knowing; the Seven Thunders is bringing us to this knowing. "You shall know as you were known!" Yes sir!

Oh give Him a hand clap! [The Congregation applauds and rejoices—Ed] That's our God, mighty in battle! Yes sir! The Lord God of Host among us. Amen! My! Oh hallelujah! Glory!

Let's move on a little bit again. He goes to Revelation 13, then he drops to Revelation 18. He says, "Watch Revelation 18; merchants, kings, all have to do with Rome and commerce." Commerce, trade, the world financial system, the stock market, buying and selling. Revelation 13 talks about the buying and selling, Revelation 18 shows the commerce; the control in commerce. So you could understand when He says, "Buy and sell." A statement here, but over here He shows how she has control. He shows the things that she trade in. It shows the wealth that is inside of her. But it show that city burning in one hour, because "strong is the Lord who judgeth her; her sins have come up into Heaven." Is that right? My!

Well if she's against abortion, trying to stop the war and bring peace, why did God single out all this judgement on her and not Iraq? Like God has His book mixed up? Because we are finding out by the modern media, this is the symbol of Christianity. Then it's either the modern media right and we need to throw our Bibles in the toilet (God forgive me for saying that, but just to make a point.), because some people read this and almost believe—exalt the newspaper above this. And some little, old, journalist writing that and a vindicated Prophet with a Pillar of Fire spoke these things. Some people can't seem to recognize where authority is and what authority is. Those kinds are sick and weak and dead, because they can't discern the Body. You think those journalists and all those different newspapers are in the Body? That is a virus that comes to attack the Body, friends. This Word is a Body Word, amen! This is building a Word Body inside of us. That's right. My!

You know it's home time. Can't you hear your Theophany calling you? Can't you feel that crave? Can't you see those vitamins coming down?

"In Revelation 13:14, we learn that the beast spreads his influence through the image which was built for him."

That is what we're supposed to learn in Revelation 13. We learn that the beast, which is the first beast, Rome, spreads it's influence through the image that was made for him, which is the United States. How many disagree with me? You didn't disagree with me you know, you disagree with God. I am just reading the word of a Prophet that had the Spirit of infallibility upon him. That's what he said. He said, "This last day messenger will have the Spirit of infallibility like it had on Paul." What Spirit is that? That's the Holy Ghost. That's the God who knew everything when he stood there; could tell your name, could tell you everything about your life; past, present and future. Amen. That's infallibility, hundreds and thousands of times and never failed one time; infallibility. That's the same Spirit that showed the Sign; brought the Voice of the Sign. If the signpost is correct, how much more will the city be there, that the signpost is pointing to. Is that right? O.K.

"...Revelation 13:14, we learn that the beast spreads his influence through the image which was built for him."

You mean when that next beast is talking, opens his mouth and starts to talk, that is not his voice? That voice comes from an influence. Is that strange? When I open my mouth to speak, who am I speaking from? I am not coming to manufacture my own thing. I am influenced by another Power that already spoke, already revealed His will. And I am an addict to Him; compulsively given over as a slave to Him, that He could express His will through me, that I don't have any will of my own; Prisoners to the will of God, the revealed will of God; to say what has already been said. You say, "You're just saying that." That's the ministry of the Bride; Revelation 22:17, "The Spirit and the Bride say, 'Come.'" And what they say was

already said by the Prophet. "The Lord Himself shall descend from Heaven with a Shout, a Voice and a Trump." Not three different voices; the same One, same One. He has one Voice. It could speak in a Seven-Fold way, sure It can. It could speak in a Three-Fold way, sure It can. But it's one Voice, it is one Word. You get that? It is one Word, because the entire Bible (sixty-six books) is the expression of one goal and one purpose that God had in the back part of His mind. One voice, one Spirit.

"The image that is made is a world-wide ecumenical council..."

You mean that is an ecumenical council? Sure it is. It is made up of Protestants. It's not... You see, sometimes you watch something and God watches the origin of the thing, because no matter how many times it changes form and shape, it is still the same thing it was in the beginning. Is pagan Rome still here? Well, you believe papal Rome is pagan Rome still? It only changed its outward form but it's still the same religion of Nimrod. You believe America started off as Protestant for freedom of religion? It was a religious group of people who wanted to worship God. Sure, sure it is.

Why do you think they talk about the principles in the land of freedom and what we stand for and justice and equality and all these different things and the defending of the people? Why? Christian principles they're projecting. (Christians principles they're projecting.)

Was the tree of knowledge of good and evil? Or it was just evil? It is a mixed tree. (It's a mixed tree.) It has no life in it, but it has knowledge of good and of evil. That's right. You see, what we need is revelation. What we need is not just information and our own little self-styled, put-together interpretation. What we need is the mind of Christ, that no matter what Scripture, what form, it reveals it's only two spirits it has: God and Satan. Only two kingdoms, only two trees, regardless of how you see it. If you weren't part of Christ, you're of the devil. Forget it. You are of the devil. That's it. It has no in-between.

Two sections of the Book. It has a place your name can't come off under any circumstances. It has a place your name could come off. From the time you reject that Word, your name could come off. That's right too.

Now, let's go on a little bit. You see, these are points. I am making points to show you, look what the system is, look what the Bible says it is; look how it is being revealed in the end time, when the Bible gives characteristics of what she will be, what she will do, how she will work. That's what's put in the Book. It didn't tell you how much candles she lights in a day, because that is not important. But it tells you she's involved with the kings, she's involved with the merchants, she's controlling politics from behind the scenes. The things we need to know about her to escape her influence, that is told to us. Those are the things we need to know. Look at this now.

"It is quite possible this union will come in order to stop the power of communism."

Well communism has been broken for a while. So now it's changed to terrorism. First we had 'Hitlerism', then we had communism; fascism, Nazism and then communism. And now we're talking about terrorism: more 'isms.'

You think is different things? He could ride on a red horse, he could ride on a black horse, he could ride on a white horse. You think is one suit of clothes he has on? When he needs to put on the mitre and he comes with the staff, he could do that. When he needs to put on the battle fatigues and the camouflage, he puts on that and comes out with an Uzi too. It depends on what kind of hunt he's going on. [The congregation applauds—Ed] Whether he's going to come in like a serpent taking you by flatteries or he's going to use force and declare hot war and kill everything and break it up in pieces and stamp the residue; be the dragon. It depends on how he wants to move.

That is why I keep reading Revelation 6 over and over, you know. I am not reading that for lack of Scripture to

read, you know. I want to burn that inside of you all, that that's the world today, that's the modern world, that's the Civilization around us; trying to shake you into the real world that exists out there.

"But since communism like Nebuchadnezzar has been raised up to burn the flesh of the harlot, Rome will be overcome and destroyed."

Do you know those two beasts in Revelation 13, both of them will be bombed? How many knows the Bible shows a bomb for the Vatican? How many knows God showed the Prophet a bomb for the U.S.A.? And between... They will be killed with the sword. You see where the Scripture is put there? How many knows Rome went forth under the Nicolaitans' anointing, "conquering and to conquer."

How many know the U.S. with their policy of what they called "Manifest Destiny", they waged war, killed the American Indians, took the land, Sharp invented the rifle to kill the buffalo, because they realized the buffalo was the source of existence. So they used science. You get what I'm saying? ["Manifest Destiny" is a belief strongly held by many Americans that the United States had a "God given or Divine right" to expansion of its borders and to rule the western hemisphere. —Ed]

Then they launched a chemical war on them too: Whiskey. People are talking about chemical war, chemical war. Brother, we get an onslaught day and night with man's chemical war— what they call legal chemical war. You know how much whiskey kills? You know how much beer kills? You know how much rum kills? You know how much cigarette kills? You know how much all these pharmaceutical drugs kills? That is a legal chemical war on man! [The congregation applauds—Ed] But it's legal; they are making money off of it. They are killing you plus they're making money; and they're putting legislation to defend it. And they say, "Look what Anthrax would do to your hand, look what Small Pox would do to you," and it looks so hideous. You ever cut

open a man and see what cancer— cigarette smoking does to him.

The Prophet said, “When Yul Brynner in the World Trade Fair, 1962, saw that rat coming with all that cancer...” He said, “Brother, in a couple days; they blew that smoke on that little rat, laboratory rat and they showed what the inside of a man looks like who is smoking cigarette.” [*Countdown*— 62-0909M —Ed.] After they make their billions, after they make them addicts, now they will sell a chewing gum or something for them to chew to get the mind off of it; make more money in a next place again. Invent something else in the laboratory to counteract that. You don’t learn to see what happens?

They could breed their own disease and then give you something to slow it down for a while. And they tell you, “You have a cure,” and they build you up in a false hope; bombard your mind through advertisements, give you some other thing and you start to take that and you get addicted to something else. And they’re making money in a next form, because that is not eliminating the thing. So you’re taking this, trying to fight that; while you’re still paying for that, you’re paying for this too now. You think that happened by accident? [Congregation says, “No.” — Ed]

You see, people jump up and quote, “The Prophet said, “Satan built a world for legalized sin.” But they can’t break that down. They can’t open that. They can’t interpret that, so it’s just a quotation. But when you see how they legalize sin and how the result of sin is death, you understand what’s going on.

After they kill so much with carbon monoxide, respiratory diseases and all these different things; and after all those industries, it’s chemical war on man and nature: spewing out all that toxic fumes and killing so much of people in the name of progress. And then poor people don’t have any money to get a lawyer to go in court, so they have to die and put them in a box and bury them. Sure.

Civilization. But if they don't want your mind on that; you will get too enlightened, then they'll put enough football on T.V., and boxing and lawn tennis and everything else to drunken you with something else, so you won't go and dig into this to see what they're doing. You want to live here in this kind of world, this kind of exploitation and manipulation, this kind of deception? [Congregation says, "No."—Ed] When we hear that a Word has come forth, when our eyes have been anointed and we begin to see the schemes, how diabolical they use people and influence them. Brother, I so thank God for this Message everyday!

God help me; trying to read a quote and the time is almost gone. Makes me wonder if I did the right thing now.

"It has to be that way," (he says) 'Take note that everywhere the Romish church went, communism followed. It has to be that way. And let me warn you now, (let me warn you,) don't get thinking communism is your only enemy. No sir. It is the Catholic Church also, and even more so.'

Elijah warned them when he was preparing an altar at the evening sacrifice, that that woman Jezebel, has bewitched the nation. That's the problem. She got into the throne of the most powerful nation in the earth.

Let me tell you; you don't know this Message, you don't understand anything that goes on in the world. And if when things go on in the world, you're kind of seeing that's okay and seem to call it okay, you're looking through your own human reasoning and not through the eyes of the Message, because the eyes of the Message unveils and uncover those things. And if you can't see that, it makes somebody wonder whether you're seeing God too, because you can't be seeing God and then seeing that so. It doesn't work that way. Because the same God Who you're claiming to see, is Who came down to unveil Himself to show you what that is.

“Come out of her, my people, and be not partakers of her sins because her sins are come unto Heaven and strong is the Lord that judgeth her.” She has destroyed the world with all her abominations, all her evil, all her sorcery, all her manipulation and exploitation, all her blinding the people, is what she has done. All in the name of protecting humanity and piousness; and enslaving people more and more every day. Yes sir. Watch now.

“Satan and his Satanic religion are in both of these beasts.” What? This isn’t me now. I am quoting from *‘The Church Age Book,’* page 236. *“Satan and his Satanic religion are in both of these beasts (of Revelation 13).”*

As I was saying, Sharp invented the rifle, (science, technology) bring a weapon into the hands of man to give him the edge in the battle for conquest of the land; to take the United States as their own land. So they looked and they found where their lifeline was. Their lifeline was the buffalo. They started to shoot the buffalo. He said, “All over the prairies were bloated corpses.” He said, “They—the Indians and they were conservationists. They would kill for food; skin the thing, use the hide for clothing and for tents. They would take the hooves and make pots and pans and these things.” It was their existence. And it was economic sabotage in a primitive society, in a primitive world that was now evolving back there in the 18th century.

Before that, when Columbus and Pizarro and Cortés and they came, well, they ‘weaponised’ disease. A couple hundred men came off a boat and they met a big, big, big civilization all in the Caribbean, all in South America, all in Mexico, all in North America, populated with people. They did not even know that world in Europe. They thought the world was flat.

When they arrived there, they came into a society that didn’t have disease that they had in their old world. The people didn’t have any immunity for it and these people were ‘walking pestilence’: pestilence on two feet. And they started to sneeze on people, started to intermingle with

people, they started to give them clothing. And all of a sudden they realized people were dying left and right around them. And a civilization that was in the millions; and a few hundred people came—boatload, expedition after expedition—were leaving so much people decimated; tens of thousands at one time. And they started to realize, we don't even have to use our little musket with our little fire powder; and we throw it down and we kind of 'thing-up' the barrel and kind of get a shot off; and then try to clean up the musket again. And they realized people were dying left and right. ['thing-up' used colloquially meaning to fill up—Ed.]

And so, they realized, unknown to them, they had a more powerful weapon that could kill silently, swiftly and for which... Because they had those diseases before; had built up an immunity to the very disease that they were carrying. And the historian says, when they came walking with the Bible in one hand and the gun in the next hand; and all these big chiefs and warriors were falling down dead through pestilence and all kinds of things came out on their bodies, the people started to panic. "How come these people, their holy man isn't being affected, our medicine man here dying with disease. Their soldiers aren't affected; our warriors are dying with disease." They say, after they started to realize it's something they were infecting them with, they started to take some dead corpses of the people, throw them into wells, hoping to poison them back. But they didn't know that those people have an immunity. Their bodies built up an immunity against it. And so, millions died of pestilence, by a foreign-invading-people who killed out the natives of the land (listen to me closely) and then occupied the land; and all the resources of the land became theirs. That is history in your history book. You could open any encyclopedia and find that.

You think some... Why do you think diseases are being 'weaponised' today? Because man only has to look back in history, a couple hundred years ago, and see how a

little band of soldiers who were infected with the disease could wipe out a civilization that was bigger than their own civilization. And in doing that, they could control all the resources of the land, that the people who were destroyed, occupied and possessed. So man started to realize disease is a better thing. That is the bomb of the future. And that's why they're making all these weapons.

So watch and see from where these things originated. Watch and see where the first developers and the first users of these things came from, then you're going to understand the kind of world that we're living in.

Oh, brother. You see, chemistry is a great thing you know. Now my understanding is opening a little bit. I wish I was a chemist. But I mix the Chemicals of the Word, so I'm into chemistry too. I'm into Spiritual Research here. I'm looking for a Power here and I know it's in these Chemicals. But I know, if I could get the law of connectivity working to connect it right, I'll be able to harness that Power and work with it, because that is what the Prophet was able to harness when the Angel opened the Scriptures to him. When Jesus opened the Word... That is why Jesus opened the Word to them too; and opened their understanding to the Word. And then It brought them in to get a hold of a Power and harness the Power and they wrote a book of Acts. That's right. Because it comes from the Word. That's why He had Perfect Faith, because He knew what part of the Word He was, He knew He was the Word. And that is why in each Age, it had overcomers because the Messenger was catching the revelation of the part of the Word for that Age. You get what I'm saying? That lifts us above coming to church. That puts us into a reality that something is breaking, something is going to happen here.

You know, Samuel at Mizpeh was saying, "Pour out water that you can't retrieve it. Send that message to God." When you come and surrender your life, you are sending a message to God too. Samuel was offering a burnt sacrifice. That was telling God, "My head is on the

altar, my inwards washed, my feet washed. I give up everything to You without reservation." That was sending a message to God. So when the enemy was coming, the enemy was coming at the wrong time, because that was the attitude God wanted to see in the people, so that He could come down and work on their behalf. You get that? And that's why they had an Ebenezer; they repossessed what was originally theirs that the devil had robbed them from. And eternal life, fellowship, power over the earth with God, book of Acts, was originally our inheritance given to us, that the devil robbed us from. Is that right? [The congregation says, "Amen." –Ed] And they came into that before a king was raised up in Israel, in the end of the Judges, when the church comes back into a unified condition.

Oh my! My! What a time we're living in, friends. What a place God calls His Church to walk in, in this hour, to be awakened. Seven Thunders opened the Bible; was to wake up the Bride, was to bring you into a Super Race, a Super Church. What makes Her super? She's going to get a hold of Something. He said, "I know there is a keynote to go in there. I'm tired tramping on this mountain; I want something more than that." That's right. My!

The invaders from the old world coming into the new world, saw the explosion of a biological Armageddon. They saw people just dying left and right, decimated by germ (by germ).

You see how man discovered that? So then they take that germ now, and you could carry it in a laboratory and you could make that. You get what I am saying? Brother, just like we have this building here; big building like this, and you take this and you pull it apart. In one place you stack up all your galvanize. Next place you stack up all your louvers. Next place you stack up all your wood. Next place you stack up all your chairs, pull up your carpet, everything. And then you have all your material stacked out there, that was once this house connected together.

Now it's disconnected, but you still have the same materials. You understand what I'm saying? Then you could take that material and build something else with it, instead of building it back in this design for this purpose, you could build something else, another design for another purpose.

That is why if you have oxygen, H_2O : one part of oxygen and two parts of hydrogen, that gives you water. Well, you could add something with that or take down one part oxygen and you could end up with alcohol. Then you add something else to that and you move the oxygen and you put carbon, you could end up with carbon dioxide. You get what I am saying? Because carbon dioxide is CO_2 and water is H_2O . So you could reverse things, you could break down things, you could take away things and you could add things. That is what chemistry is; because God in creating, He put all that here.

So, that is what they're doing. They're striping this thing under the microscope and they're splicing in that with this, to make this virus more aggressive and more hostile. And then they could put something in there to make it attack a certain part of your body. You think that is 'ole talk' (a comical conversation)? Science has what they call: 'the ethnic bullet': a genetically engineered biological weapon, that could attack certain races, because they know different races have different immune systems, they have different D.N.A.

So, they saw in the beginning, when they came here in the new world, they saw civilization depopulated. These people's population was increasing, increasing, increasing, getting greater and greater, so much people. Next thing, they saw disease depopulate them. And when they broke them down to a minority group, they have no—they can't control, they can't fight, they can't be any power; they become no threat. "If they keep them there, we would use them to mine silver. They used to walk around here like warriors and big ball players and

different things, big agriculturist. We will use them now as slave labour to dig silver mines.” That is what they did.

How do you think Mexico is controlled by the Roman Catholic Church? How do you think...They are Aztecs and Incas; and you go down through Central America and you go to the Mayans; how do you think all those who went through all there are Catholics today? As the Prophet said on the First Seal, “Pedro worked for his little money; he ran down, he bought candle to burn on the gold altar.” How you think they got there, when their civilization was bigger than Europe? And the same power who did that in the early beginnings; by accident almost, they discovered the power of disease. And then they started to weaponise disease and spread it deliberately, when they saw the impact it had on the society.

That woman Jezebel. Who did the Bible say all the abominations in the world came out of? Said, ‘All the abominations’: cigarette smoking and drinking, short pants. That is a few small ones. What about the big ones? Control nations, control the economy: those kinds of abominations. That’s on a different level. See?

I think it’s grace, that these things that are happening in the world today, it’s there—it’s there in history and it’s there in the Word, but it’s how to connect it, how to place it. And when you see the Holy Spirit can show the things that are happening, in the Bible, in the Message; the modern events employing her tactics, working her schemes, bringing a destruction on the earth to control everything and everybody. Then you realize (brother) how we need eyesalve. Are you still following me? [The congregation, “Amen.” —Ed]

Some of those kinds of things might shock you, but you know, all of you who went to school, in college, you know about Arawaks and Caribs. You all heard how smallpox killed a lot of them, but it didn’t mean anything.

Then you’re hearing “weapons of mass destruction” today. He would kill by pestilence. He would kill by famine. How do you think they starved the Indians and

they? They killed by famine; deliberate famine. They created famine with weapons that they invented, while people had bow and arrow and these things. And then they drunken them with whiskey. Today you go on most of those reservations; they are a bunch of drunks. Still can't do without that whiskey. Same thing the Russians did with the vodka, Finland and all those countries around them; they controlled them with the alcohol.

Don't you know that was the form of drugs they had back there? Make you an alcoholic; take your mind and put it somewhere else, breakdown all your self-value and everything else, your self-esteem. Bring you down to a—(brother), like a habit you can't break and shake; go in Alcoholic Anonymous, try to suck different kinds of sweetie so you don't feel for the alcohol. [‘Alcoholic Anonymous’ is a non-profit organization that helps alcoholics achieve and maintain soberness—Ed] Go home and beat your wife and commit domestic violence and ‘mash up’ your home, go and gamble out your money on a racehorse or something. [‘Mash up’ colloquially used means ‘to destroy’—Ed] What do you think it started with? Man manufacturing that in a laboratory, like Angostura and they, like Carib and they. [Angostura and Carib are distilling companies in Trinidad—Ed] And then put it out there legal, bringing revenue with a chemical war on man. [The congregation applauds—Ed] And then the same people are coming around to talk about, “Chemical war and put on your mask and this...” Give me a break. Can't carry me back in that nonsense. It's exposed. It's exposed, evil!

That's why Christians could die for the Truth. That's right. That's why those martyrs there, brother, when they saw cruel death, they said, “I just saw my mummy with her baby; belly just got ripped open and they took that foetus and fed to hogs. I saw my father hung upside down and they stretched him apart limb by limb.” You think they cringed and they backslid and they fainted? No. They started to pray: “Don't fear him who could destroy the

body, fear Him who could destroy both body and soul.” Amen! And they laid down their lives for the Gospel; “of whom the world was not worthy.”

The corn of wheat had to fall in the ground and die, to bring back a Church in the last days with the same kind of Life. And if you don't even believe 'Fox's Book of Martyrs' and those things, how could you have the Life that was in them in you to face anything? You have to believe that to show you are part of that same tree coming back, because that was in that tree. My! God, I have to drop off some of these things here. This is minor. I want to move a little quick.

Some things happened this week. That's why I am going here in this message, that has transpired that I believe have great significance; that where this woman showed her hand. Because you know how America — I have been preaching, they moved all those massive amount of arms. And we were back there in Ezekiel and Chronicles and Kings showing how the king of Babylon and his army, he went up for the conquest. And that's an army moving into place; conquest is on their mind, war is on their mind. When you see in those days, you lived in a little village, as the Prophet said, “The woman wrote the song, *'Mine eyes have seen the glory of the coming of the Lord.'*” She was going to hang out her clothes, that old southern woman. And here comes General Lee from the South, the confederates, and they were riding and brother, they came thundering those hooves' beat of the horses. And here were men, civil war in the country and they were riding pass her house.

And the little woman coming to hang out her little wash clothes and she saw the general and his captains and the army going forth. Brother, she raised her hands and she began to get inspiration, “*Mine eyes have seen the glory,*” because in that little picture, she saw Revelation 19: “And behold, He comes on a white horse and the armies of Heaven were following Him. And He comes to judge and make war.” And she said, “*He has loosed the fateful*

lightning of His terrible swift sword. (Brother) His feet is trampling out the vintage where the grapes of wrath are stored." And she began to sing that song. "And she wrote that song," the Prophet said. Brother and here... Because back there... You see, we live in a country, we don't really see war. We see military parades.

When they had the little coup there in 1990 and brother, you saw a little disturbance; it got checked, the winds got held back quickly. But now, when we look and we see things moving in the earth and you realize the kind of economy, the kind of money, the kind of resources, the kind of personnel, the attitude and the frame of mind to get them in that condition. And they have been putting their armies in position. Catch this. The last few weeks, looking to start war; they say, "We're not going to start any war, we're just watching to see. We want to send a message that we mean business." Yes, but you spend hundreds of millions, into the billions of dollars to amass that army and move it and deploy it. And before you could even do that, emissaries had to go forth first; diplomats, to make diplomatic relations to sign deals. "We're going to give you so much aid. We want to use your airport as a place to operate from. We want to use your place as a transit point to bring alms and food and ammunition and medical supplies. We want your army because you're strategically placed. We could come from the north and they wouldn't be able to attack us because they have most of their big tanks stationed there. But if we get into your country, we will have the advantage over the battalions that they have down there." And men went and they did all that.

Before they could even move the armies in those places, before they could move the battleships, they say, "Battleship, you stay out there, do not come yet. We may need you back there, so you visit one or two ports, show your military presence, because we want you close when the action starts, we have the backup we need."

When you're doing that, war is already predetermined, because this is not war games now, this is not 'badjohn' talk now, this is 'the line drawn in the sand.' ['Badjohn' is a colloquial word which means a bully or a gang member —Ed] That's why we don't feel the heat yet, because people operate by hindsight. I say, "That is the problem with people; they have no foresight to see something in the making. So when something happens they say, "Oh God! If I knew that storm was coming, I would have bought a candle, I would have bought tinned food. Oh God, if I had money in my pocket, I would've passed by the store and it was late." But you were hearing the weather report, you're seeing the papers and you wouldn't do anything.

The Prophet said, "How much lives you save by warning and people obeying and giving heed to the warning so they could prepare before the storm hit." And he said, "So much people find themselves in catastrophe, because after they were warned, they took no action." *'Oncoming Storms of judgement.'* [1960-0229 —Ed] I'm quoting. I'm quoting *'Oncoming Storms of judgement.'* And so, that's why Jesus told the parable about the man who built his house on the rock, because he knew the storms were coming and he knew when those storms come, "We're right in the hurricane belt and if I'm in the hurricane belt, I have to build with a certain kind of foundation. I can't build like a man that's not in a hurricane belt. I'm in a hurricane belt, I have to build with a strong foundation. I'm on an earthquake fault line; I have to build with a lot of flexibility in my building."

When you don't understand where you are and what environment you're in and what you could expect to happen and how vulnerable you are in the event that something happens, you think you could build properly? If we have to build up into the stature of a perfect man; build the living tabernacle of the living God, when all hell is going to come against, in this Age, when Satan is uniting his powers, think of how we ought to build. Think

of how we ought to build up into this Holy Faith. Amen! Think of those kinds of wise master builders.

That's why, he says, "When these plagues begin to fall," he says, "you better watch and see the Church...you better have an Immune Church then." As I was telling you, when you see the shaking comes in these medical institutions and these places, you better have some faith for divine healing, especially if you don't have money to be running by the doctor, because firstly, they're going to destroy you economically, if you lack discernment. You develop a drug habit and you're only paying for your drugs, but this time it's not the man in the corner hiding there and he has his stuff in the wall. He goes in his cabinet or he sends you to his pharmacy and you don't feel any sense of guilt when you're dependent on that drug habit, because you call it "medicine". It's made in a lab the same way and it controls people the same way. Sure. It's just what you want to think and how you want to see it. And you're only seeing it that way because of how they present it to you. That is right.

That's why you can't beat faith. You have it all the time, every time; you're connected with the Holy Spirit, amen! Yes sir! You can pray, you have access, you have a channel. You find like He isn't around, you lift your hands at the evening sacrifice. You open your mouth, and at the time of incense and you begin to call upon the Name of the Lord. You begin to create an atmosphere for the Holy Spirit to drop down; you just say, "Jesus" and you watch Him come on the scene. Amen! You talk about Him and He comes among you, amen! Things happen, friends.

And when you see that, you realize, Lord, thank You for these keys, thank You for the laws, thank You that I am a creator, I could change the atmosphere. I could start to get into a realm where I could control things around me, I don't have to be frustrated; I don't have to be bombarded in my mind, (amen) because there are so many things and things are changing so fast.

So when I saw these things happen this week, I had no thought on preaching. I am just a watchman in the tower; I'm watching things happening. I look out there in the telescope and I see something happening. I look there with the microscope in the Word and I see the Word promised certain things. I look and see the colours there and identify the ones that are moving. I look here and see these are the ones that are to move. You know something is happening.

And after they put all these things in place, then they start to face some obstacles for war, because France rose up and said, "We don't think it's time for war." Germany rose up and said, "We don't think is time for war." So what is this? What is this happening? And then people all over Europe started to rise up; all kinds of movements, placards, everything going about; "There is no imminent threat. Bring proof. Why war? There must be other options." And the beast started to get uneasy. And the beast—They said, "Wait until the U.N. Inspectors and they are finished. They need a year to finish."

And all of a sudden something happened out of the blue. The Head of the United Nations Inspectors changed his beat, changed his mood, changed his voice. From the time that happened, the president of the United States goes straight (and it is all timed), because right after that comes the Annual State of the Union Speech. And he stands there and begins to speak to the United States and begins to speak to the army and begins to speak to the Iraqis and he begins to speak to the world, because it's being publicized worldwide.

And after that speech, it still left France and Germany in a funny position. They have to veto this thing, because that is the law of the United Nations Security Council. If you go in there and cause trouble or any damage is done, then your president or somebody could even be tried like Milosevic for war crimes or something and find yourself like Pinochet; like how they had in that time; you know, being arrogant and just using your own way and not

taking advice. “And we have a mandate as to how these things should be done. That’s why we set up this United Nations, you know, to oversee these things. And now, we can’t just run off like a loose cannon.” And so, they faced some obstacles. And all of a sudden after that speech, eight nations, (Wednesday, that’s Wednesday gone, they made the speech) Thursday morning, eight nations, the leaders of eight nations came in Europe, signed a letter and endorsed “go for war; we’re backing this thing.” [‘Backing’ used colloquially means to support—Ed] Then yesterday you saw the shuttle blow up coming back to the earth.

Now watch. It’s been a very remarkable week, the things that happened. Why this sudden turn around? Why men and leaders— And when they checked the leaders of these nations — Listen. When they checked the leaders of these nations: Spain, Britain, Italy, Poland, Hungary, Czech Republic, Denmark, Portugal, eight of them rose up in the face of France and Germany and they signed this thing to give support. And hear what the article says.

‘In a broad statement supporting the U.S. in its effort to strip Iraq of weapons of mass destruction, eight European leaders signed an op-ed article publicly calling for unity within the U.S. position, further shifting the global political calculus toward support for war.

The article which was published in the Wall Street Journal, Thursday, was signed by the leaders of Spain, Britain, Italy, Poland, Hungary, Czech Republic, Denmark and Portugal. It comes in the wake of public rebukes delivered by France and Germany that had given hope to the anti-war movement through Europe.’

This whole anti-war movement rose up saying, “No war. We’re against war, we’re against war. They will throw the world into upheaval; if this thing starts to loose, too much people are going to die innocently, because you wouldn’t be fighting Iraqi soldiers, you will be killing Iraqi citizens and everything else.” And people, you know,

different groups talking different things. But watch; diplomatic relations were made long before, for the places, to surround the nation. So they get positioned in nations where they surround this nation, but to get the thing vetoed in the United Nations Security Council, you can't get it vetoed, because some of the main ones are standing up there.

All of a sudden, when it seemed like a stalemate, and this thing is kind of weighing down; and all this anti-war movement now, like it wants to take over. Whoever pushed the button, whoever pulled the string, whoever called upon the nobles and the elders, whoever instructed whom, because Europe is the beast that came out of the sea and the other one who is the political power, the military might, by whom she is being let loosed, because they give their strength and their power to her; she trapped them in the debt trap. She controls their economy now. She expresses her will through them. The lamb speaks with the voice of the dragon. All of a sudden when it seems like their hands are tied...I'm going to read this for you and then I want to read a Scripture with that.

That's why I am saying, this invisible woman; her methods, that's her methods. She has a way when she wants something and she plans a time and a schedule, except God doesn't push her back, she could manipulate the machinery of things around her to get it done. You say, "What's that brother?" To show you the might and the power of the system and to show you how strong the control is. The Prophet said, "Right now you can't envision how strong the control of the Roman Catholic Church is in the nations of the world," he said, "but at the opportune time, you will see exactly how strong that control is."

I am not in a wondering state with these things, you know. I'm talking about Scripture, I'm talking about the Seven Seals. That's why I started to read from *'The Church Age Book'* for you.

‘It comes in the wake of public rebukes delivered by France and Germany that had given hope to the anti-war movement throughout Europe. And it comes after a string of developments in just the last few days... (It was Wednesday the man gave the speech, today is Sunday.) Just as President Bush was coming under enormous pressure to turn back or at least hold off for months, chief United Nations weapon inspector Hans Blix, delivered a surprisingly tough report on Iraqi cooperation.’

Because he said, “We haven’t found any smoking guns, we need a year inside of here. What happen to the U.S.? You all hold off. Relax yourself. What happen? You all are warmongers? Let us do our work.”

All of a sudden this man swings around three hundred and sixty degrees. These people are observing that. They observe that, but they’re just speaking their observation. Motive and intent, they don’t know. Maybe they might have to interview him. That is how a journalist’s mind works. I am not dealing on that level. I am dealing with this level here, because the America I’m looking at out there is Revelation 13 and the Europe I’m looking at out there is Revelation 13. If you don’t look at that as Revelation 13, two beasts, then what I am saying don’t even make sense to you. You will talk CNN and NCB and Fox News and different things and TTT and T.V.6.

But if you’re looking in Revelation 13, you’re seeing two beasts; One out of the sea and one out of the earth. And you’re seeing that they’re going for a resource. The nation they’re going after, if they get that resource, their problem as far as energy, is settled. And they would really be in the driver’s seat. Plus, beside oil, Mystery Babylon wants ancient Babylon, because that’s where ancient Babylon was. And ancient Babylon was right close, because where the Tigris and the Euphrates flow out, were tributaries that flowed out of Eden. You get that? Go back in Genesis 2. It flowed out of Eden into the Persian Gulf. And in *‘Feast Of The Trumpets’*, [1964-0719M -Ed] he said, “A religious group was trying to get back to Eden and it was

kind of bound and couldn't let loose." So they have to find a way to let loose. And out of that Euphrates River, (spiritual now) Papal Rome, where she's bound by Christian principles, come angels out of that, and the angels that come out are the four angels to whom it was prepared to kill; these angels were slaughtering angels inside of there. She was let loosed through them.

Now watch. Revelation says, "The kings of the earth give their strength and their power to her. She has drunken them with the wine of her fornication." "I'll give the orders, you do the work; you are my dogs. I breed you for hunting." A hunter takes his time and walks and sits under a tree. He doesn't move until his dogs bark, you know. You think he's running around? He could chase four dogs? One dog has gone so; one dog has gone this way, one dog... From the time that dog barks, he knows it's a team; this one barks, this one takes off, because he knows that bark: he has found something.

And from the time they find this, if they're hunting a possum or whatever it is, it's on the tree there. Those dogs aren't barking at the wrong tree, you know. They know what's in that tree. You think they don't know what's in that tree? You think they don't know if they get that spoil, you think that they don't think that hunt was worth it? You think they will spend billions of dollars to amass an army and deploy them for nothing? It had to be something they were generating a million times of what they're putting out, because it's an investment. (It's an investment.)

Think friends. Think on this level here. We're in the book of Revelation. These things don't be preached on. These things you read in the papers and everybody is talking. I am trying to bring to you what I am seeing.

They said, *'Just as President Bush was coming under enormous pressure to turn back or at least hold up for months, chief United Nations weapons inspector Hans Blix, delivered a surprisingly tough report on Iraqi cooperation. Then President Vladimir Putin, (That is the*

Russian President), *publicly softened his position against war.*'

Russia and all now, because they realize now; from the time this man turned around, these fellows are getting the 'OK' [approval] to go in. If these fellows get the 'OK' [approval] to go in and they take over all the oil fields, we'll be getting left behind. We can't even have a say because we didn't go on the hunt. We don't know which side of the fence to take a stand on: Should we go? Should we not go? We're watching France, we're watching Germany. Do you think they'll attack? We're not sure if they will attack. Next thing, they move in, eliminate this man, bring this nation under control; because it's a plan to kill and then to possess. To kill and then to possess. After you kill, you occupy and you control. That's the plan.

'A tough speech by Secretary of State Colin Powell...'

He used to be Joint Chiefs of Staff back there, when they had the war in the Gulf some years ago. Today he is the Secretary of State; this same man who came down here and said, when he is planning all his high things in the Pentagon, he listens to Sparrow's singing, about all those filthy songs and how he gets charged; he is able to think good on world policy. Yes, that is the truth. The man said that for himself. Whether it is a public relations gimmick or what, but that is what he said; I'm just quoting what he said.

"Now the leaders...(After he gave his speech, they said,) ...European economic and political leaders followed by Mr. Bush's statement, State of the Union address, laid out a U.S. rationale that had been seen as missing. Now the leaders' statement threatened to isolate the Germans and the French, both within Europe and the United Security Council."

In other words, it's a kind of chastisement for them. When these men wrote their letters and they signed it, they didn't even bother to inform Germany and France. And it's like, they ignore them afterwards. "You all are

giving us trouble?” Somebody pushed the button and got eight to come out openly after that speech on Wednesday; and they decided that that is the stand that they’re making.

Just let me quickly try to run through some of these things here. Spain and England were the two principal ones behind this move. Now the whole move is, the thing has to be vetoed. In other words, (that’s the point I want to make when I go to the Scripture) they need witnesses. They need to have – because of laws and certain things that they have that govern the keeping of peace in the world and security and going to war, it has certain processes that you have to go through for it to be recognized as, you did that because that was imminent. You couldn’t do anything else, so nobody is going to argue.

You see how Russia sent that nerve [gas] or what gas they sent, killed all those Chechens in Moscow recently? Nobody couldn’t figure out what kind of gas that was. They came out with a weapon that killed all these people, and everybody kept quiet, because they’re mostly trying to figure out, what kind of gas is that? The people didn’t smell anything, people didn’t feel anything. If you don’t have that kind of gas, you get concerned, you know. Because of the situation, they just couldn’t storm the place with guns. So that is: wait, people develop things and they have it and when certain things are needed, they can bring these things out. While all the time they stand up, saying, “You have guns in your house, you have so and so in your house.” You don’t even have 10 percent of what they have you know, but you are a threat.

In other words, this world is being designed for two, and we don’t want any five and six players, and we don’t want any four who doesn’t have our ideology, causing problems. So if we disarm everybody, then what we have will protect us from anybody else and will give us superiority to control them. This is the head of the world. (This is the head of the world.)

That's why when the time comes, and you and I are given a mandate, "You want to operate as a church; go down there, the Archbishop and the Hindu man and the head of the Muslim Organization are having their meeting tonight and they are going to screen you all and find out if your doctrine, (you know) can be tolerated or not. And we will give you an option: Trim off some of it, tone it down and get yourself aligned and when you start to operate, you operate under this clause and now you report to these authorities." That is exactly what is coming. (That is exactly what is coming.)

And when you reach there, you are not going to be telling me, "Brother Vin, give it a second thought. How you mean? The Lord can't be working through this? After all, you know—" You can't tell me that you know. Even though they take you first and they don't take me, you can't say, "No, no, I am not one of them." You have to say, "I believe in the original Apostolic Doctrine. I am not a heretic. I am not a crazy man. I am a sane man. I am a law abiding citizen. I've been labouring day and night to get hoodlums, drug addicts, people out in the world who wants to cause damage to the society, saved and serving God and making a good...I preach, 'Don't work with eye service.' I preach, 'Go and give Caesar what is his own.' I say, 'Pray, pray and line up and live right, don't commit adultery and these things.' Sure. Love one another. That's what I preach. And if somebody persecutes you, rejoice and be exceedingly glad for that and pray for them. That is what I preach. So I can't be a heretic for preaching that."

But if you want to tell me, "Brother Branham is a white man that they sent there to exploit black people and it was some kind of fictitious thing he did and this thing about Angel really wasn't so," then you're talking to the wrong man. Because you see the thing is, he came and has gone and what he gave to us, we needed him to bring what he was sent to bring. [The congregation applauds — Ed] And that is why, when the messenger delivered his

message, we didn't really need the messenger around, in that sense. If God wanted him around, he would've still been around. But the thing is, the Word inside of us is a Word that opens this Bible; makes this Bible live.

So, we don't have to be hiding behind the Prophet and say, "Well, he is a Prophet, you know; you all don't believe in prophets?" And try to explain Amos 3:7. No! No! No! No! We'll say, "You are the Roman Catholic Church. Let me show you, you're in the Bible here. You are that woman Jezebel here! Look your own Bible. Give me your Catholic Bible, let me read from that." Sure! It's inside of there!

Like Stephen before the Sanhedrin, he was telling them the truth; but they stoned him and they gnashed him and he was the first martyr there. That's right.

Now we're not trying to be fanatics, you know. I'm not trying to preach extremism here, you know. Don't take me for preaching extremism. I'm not preaching extremism here. I'm not preaching a wild, radical business. I am preaching sane things. In other words, I am saying, I believe this and I understand that 'believe' doesn't mean just go to church. 'Believe' means 'conviction.' Is it right or is it wrong? That's it.

I don't want to become part of a world, if I could escape to come out of this world. I have seen an opportunity to escape and I am counted worthy to escape. I don't want to be part of a system that's going to persecute people and lock them up for nothing; and then blackmail them and then distort the media and throw out a story and (you know) cover it up. I don't want to be part of that system. I don't want to be part of any system with any priest that's in charge and then he has some altar boy in the back. I don't want to be part of that. What! For bread and butter? No. You have to do some bioengineering on me. You'd have to get this D.N.A out of me. And if you could interfere with D.N.A, then you will have to put me six feet because when you start to interfere with D.N.A, you... [Bro. Vin laughs—Ed]

What we're standing for is righteousness. What we're standing for is not a watered down, diluted form of Jesus, added on with Mary and putting the pope inside and colour it up with the world council of churches. No! No! No! We're saying, Jesus and Jesus alone. Only one true and living God. That is what we're on. I don't know about inciting people, I'm talking about preaching faith. I'm talking about opening the Bible, opening the Mystery, the revelation that has come in the last days, Seven Thunders that opens up this book of Revelation, to show to us the two spirits in the last days and to discern and withstand the antichrist spirit. That is what I'm talking about. And if Saint Paul was here and Saint Peter was here and Saint William was here, they would've been saying the same things, because when I preach, I'm preaching out of the books they wrote. That is their words. That is right. It just falls my lot to take those things that are happening and put them in the Bible. But if he was here, he would have done it himself.

Another observation they made, was that all of the eight people who signed this, (catch this) the eight leaders of the eight countries; seventy percent, eighty percent of their population are against going to war. So they don't understand it. They said, "How come—which politician is going to side with something to damage his reputation when your whole country, almost, is in turmoil and against you going to war? Yet you signed this thing, a three hundred and sixty degrees turn around and eight of them signed this thing to smooth the way for war. In other words, somebody provided the witnesses they needed to veto the thing they needed vetoed, to go forth to war.

Who could provide witnesses of that calibre? Who could buy men in such high positions? Because it is not ideology; because no man changes his ideology today for tomorrow. And they coloured it with speeches and said, "Well, you know the United States saved us from Hitler and the United States saved us from the Communists, so

we will have to stand with them.” This is what they said. This is what the leaders said. And they made the French and the Germans look bad, who were kind of indecisive, because it’s like, ‘You all are the big ones.’ Czech Republic used to be Czechoslovakia. They just made it Czech Republic recently, a couple years ago. I was going there when it was Czechoslovakia. Think.

They said, *“If the U.S. were to act without the United Nations, the influence of the Security Council and therefore of France would be diminished. And if France weren’t part of the coalition, it would have no voice in the post-war settlement of Iraq. Responding Wednesday to President Bush’s State of the Union speech, French Foreign Minister Dominique de Villepin said in a television interview that he was “delighted” by Mr. Bush’s promise that the U.S. would supply new evidence of Iraq’s weapons program to the Security Council on February 5...”* Next couple days.

When he saw that eight of them signed, he realized, “Oh God, we are getting left behind. We’re slow. These smaller nations now have risen up and are becoming main players.” He changed his speech immediately too. He said, “Oh, we are delighted by the speech. We’re going to consider this thing again, because they said on February 5th, we will have more evidence. How that thrilled us to hear you say that. We are ready.”

You know what the Prophet said about the United Nations? *What Shall I Do With Jesus Called Christ?* [1963-1124M —Ed] He said, “It’s a rubber balloon, a big bunch of hot air.”

Let me read for you what Nelson Mandela said, day before yesterday.

“Former President Nelson Mandela yesterday called U.S. President, George W. Bush, arrogant and short sighted and implied he was racist for ignoring the United Nations in a zeal to attack Iraq. Mandela urged the people of the United States to join massive protest against Bush and called on world leaders, especially those with vetoes

in the United Nations Security Council, to unite to oppose him."

While he is saying that—And you know he is a powerful voice, because after 27 years in prison, and by God's grace I was on that island; Nelson, you know what they call the island out there. We went out there, Brother Beckett took us out there on the tour and we went right in the cell where they used to be and everything else and saw the condition of the place.

And when he came out there, he became the statesman of the world, was Time's [magazine] man of the year and everything, won the Noble Peace Prize and all kinds of different things, I think. I may not be sure about that Nobel Peace Prize part, but I know he made all this tour around the world and became so influential. And then he stepped down and he gave over to them, because he took the country through the crisis and handed over the mantle of leadership to Mbeki. And Mbeki said, he said, "It is the big nations that developed AIDS in the laboratory and tested it on people in Africa." And when he said that (brother!), they came down upon him in such a way; shut him up and he had to even apologize and get quiet. But watch it. Hear now.

So here now, this man is not president anymore; so he is just speaking, he has influence. So he is urging the people in the United Nations Security Council "Don't veto that thing." And when you were looking for one or two to veto it, they got eight at one time.

And Britain and Spain, two former colonial powers who crossed the seas in their fleets, colonized nations, controlled them; because we were under both Spanish and British colonization ourselves as a nation, if you know Trinidad history, West Indian history.

"One power with a president who has no foresight and cannot think properly is now wanting to plunge the world into a holocaust," Mandela said in a speech to the International Women's Forum. U.N Weapons Inspectors

said Monday, 'They needed more time to determine whether Iraq...' ”

That's Monday they were saying that. By Wednesday this man turned around three hundred and sixty degrees. They said, they wanted more time to determine whether they had weapons of mass destruction.

Now, they have them you know. Don't believe that they don't have them. They have them inside of there. But this is the point I want to make to you: *This* is not about that. I want to get to my Scriptures just now; you will see where I am coming from.

“Many countries, including France and Germany have signaled their unhappiness with Bush's Iraq policy.” (All this is in-between Mandela talking.) *‘...Monday, they needed more time to determine whether Iraq still had weapons of mass destruction. Meanwhile, Bush weighed, setting a deadline for Iraq to prove it had disarmed.’*

“A Noble Peace Prize winner, (yes) Mandela has repeatedly condemned U.S. behaviour towards Iraq in recent months and demanded Bush respect the authority of the United Nations. His comments yesterday though were far more critical and his attack on Bush far more personal than in the past.” (And they're quoting him.) *“Why is the United States behaving so arrogantly?”*, he asked. *“All that Bush wants is Iraqi oil,”* he said.” (This is a former president.) He accused Bush and Prime Minister Tony Blair of undermining the United Nations and the United Nations Secretary-General Kofi Annan who is from Ghana. *“Is it because the secretary-general of the United Nations is now a black man?”* (So he's looking at it from the racial aspect.) *“They never did that when the secretary-generals were white,”* he said.”

“Mandela said that the United Nations were the main reason there has been no World War III, and it should make the decision on how to deal with Iraq. The United States which dropped bombs on Japanese cities of Hiroshima and Nagasaki, had no moral authority to unilaterally police the world. “If there is a country that has

committed unspeakable atrocities in the world, it is the United States of America. They don't care for human beings," he said."

Brother, that man doesn't have the Holy Ghost and you hear how that man is talking. That man doesn't even know Revelation 13 and you hear how that man is talking. He just knows it from politics in the world as a past president. He just knows international affairs, as a lawyer, (brother) who stood against an apartheid system, was lost in prison for 27 years; came back out from the dungeon to the throne like Joseph. Brother, he became so popular, went around the world and everything else; then hand over to one of the members of the party there and who is running the country today.

So this is not a sad journalist talking. This is a man who was involved in politics and international affairs. This is a man who knows when to send an army to war and these things and the reason and how the politics play. They understand the United Nations Security Council and these things.

Like the brothers in Zimbabwe: Jeremiah and Brother Gee and all of those brothers back there, Brother Godwin and they where we go, and Brother Chikosi and they who came here. Do you read news about Zimbabwe? They're almost going into famine just now. You know why? Because they have a Prime Minister who said, "All these hundreds of years," he said, "why do we have a few people in the minority controlling all the land and we have poor people here who are natives of the land and can't even get a place to stay and some land?" And he wants them to listen to his policy and they don't care about his policy; "You're just a man there from the bush who raise up and wants to talk. And then you have the insolence to challenge a big nation like us who colonized you all? What he thinks it is at all?"

And (brother) they put sanctions; they tried to even stop the cricket and everything from going there, all kinds of politics to break that. Because they used to be part of

Rhodesia. When Brother Branham went there, Ian Smith... And Brother Branham talking on, *'Prophet Visits South Africa'* the kind of things he saw. They called them 'Kaffirs' and they wanted to drive the car over them and everything like they have no soul or anything at all. ['Kaffirs' is a highly offensive term for black African persons in South Africa—Ed] Brother Branham had to stop the car, rebuke the man, shake up the man, (sure!) when he met those things there. They didn't want the meeting to go out among the coloured people and so on; and he went out there because he said, "That's where God sent me."

Then, when the system fell, I remember when we went in 1984, Brother George Martin and they carried us into a place to get something to eat; all of a sudden, people walked out and said, "You all can't come in here." [Bro. Vin chuckles—Ed] You saw the evidence of it. Even when I went there in 1984, I couldn't even get a visa in Trinidad. Brother, they stop you from coming; when they had the whole thing with Sobers who went and play and Burnham and Dr. Eric Williams and all kind of things, bring a whole 'hoorah' over it in Trinidad. ['Hoorah' used colloquially meaning commotion or uproar —Ed] And so God had it; they never stamped my passport; they gave me the visa on a paper.

I walked right up to the man like that. I don't want to go into that, I testified about that already. That will just detour me and rob me a few minutes. I want to move on. I could tell you that after the service if you're interested. [The congregation laughs and Brother Vin chuckles—Ed]

But you see, it's an evil world we're living in. The world has become more evil, because this is the end time now, where she is pulling everything together, she's assembling the parts. She made all the parts and she had them there, but now she's uniting, she is assembling them together. And then people realized the real world that is coming into being. And look how this man spoke out against those things there.

Now quickly, let's turn to Revelation. Not Revelation, but 1st Kings 21. I am going to read that and close; make a few comments on that and close. My! Sometimes I feel the Church needs to really hear some of these things and that's why I take the time and put it here in the Assembly so at least you know, and you will know when you hear things and you get out in the workplace, and people talking and different things; you know what is going on from the Scriptures, you know what the Word says, you know where these things fit in the Bible. You don't get caught up in the political whims and fancies of people. Because America is in shadow and type in the Bible: that's Ahab. Jezebel is in shadow and type in the Bible: The Roman Catholic Church, that's Jezebel. Over here is a beast out of the earth and a beast out of the sea. So it unfolds what they're doing, how they operate. And that's where we're going now here to see that. 1st Kings 21. Quickly.

If you remember my message: *'Extermination For Expansion'* [2001-1014 —Ed]; those things have been on my mind very strongly in these present times again. So let's just look and see some of it here, some extermination for expansion. The expansionist that is working through diplomatic channels, judicial channels, working in different councils, to bring about their achievements; their own designs and desires that they have. A Vatican-Washington conspiracy to kill and take possession, in order to control the resources of another.

And it came to pass after these things, that Naboth the Jezreelite had a vineyard, which was in Jezreel,

Now I preached on this on *'Micaiah's Seventh Seal Vision'* [1986-0329 —Ed] and I dealt with Israel, with Naboth and the land of his fathers. I am not so much looking at that. I am looking at Jezebel's methods of operation. I am focusing on Jezebel's methods of operation when she wants something that someone else has and how she is able to work her way to get these

things. Though she is not visible, yet her designs are here, and it is put in the Bible so we could understand how she operates. God wanted you to know how she operates, so He puts this in the Bible so we could know how she operates.

And it came to pass after these things, that Naboth the Jezreelite had a vineyard, which was in Jezreel, hard by the palace of king Ahab of Samaria (or close, next to it).

And Ahab spake unto Naboth, saying, Give me thy vineyard, that I may have it for a garden of herbs, because it is near unto my house: and I will give thee for it a better vineyard than it; or, if it seem good to thee, I will give thee the worth of it in money.

And Naboth said to Ahab, The LORD forbid it me, that I should give the inheritance of my fathers unto thee.

Here is Ahab having a desire for something and he reaches an obstacle. And he becomes frustrated that he can't get his way. Relate that to what I was saying just now. They got stalled, they had to wait for months or abandon the whole thing; and all of a sudden it had a turnaround. Nobles and elders and everybody start to move to veto the thing so they could go to war. Watch.

And Ahab came into his house heavy and displeased because of the word which Naboth the Jezreelite had spoken to him: for he had said, I will not give thee the inheritance of my fathers.

He was defied by this man and he couldn't handle being defied. And it seems like his will is going to remain unfulfilled. And the ambition that he had and the plan that he had and he thought he would have gotten it easy, he hit an obstacle.

And he laid him down upon his bed, and turned away his face, and would eat no bread.

But (But) Jezebel his wife came to him, and said unto him, Why is thy spirit so sad, that thou eatest no bread?

And he said unto her, Because I spake unto Naboth the Jezreelite, and said unto him, Give me thy vineyard for money; or else, if it please thee, I will give thee another vineyard for it: and he answered, I will not give thee my vineyard.

The man was defiant against him and he couldn't handle the man's defiance. And so, he's frustrated; he can't eat, he can't sleep. He is just boiling up and eating up himself. So when Jezebel finds out what has him so frustrated; this big Ahab, who is the king, who has the army, who has all this, but Jezebel is the power behind the throne. Ahab is only a figurehead. Ahab married Jezebel for political expediency. He needed her wealth to secure his kingdom. It was a political manoeuvre. She didn't become any Israelite. She had her avowed intentions of turning Israel away from God. Is that right? [Congregation says, "Amen."—Ed]

And Jezebel his wife said unto him, Dost thou now govern the kingdom of Israel?

"Have you lost the election? Are you just a man at the side now? Have you gone back to citizenship or are you the one that rule the land? You mean to tell me the king, you are king and some little person there wants to defy you and you get frustrated? You make me think you have a big coalition of armies surrounding you. And it's just one man out there defying you. You see the man has resources you want and you can't go and take it; the man is defying you and you get frustrated?" Now this story is in the Bible. And this woman ends up in the New Testament. And this woman is the woman in the time of Elijah, when Israel's history is repeating itself in America. So this is not a little play-thing here. And God put the things about the woman that will be relevant for the last days. She said, "You eat your bread."

...arise, and eat your bread, and let thine heart be merry: I will give thee the vineyard of Naboth the Jezreelite.

“You cool yourself. Bathe, put on your pajamas, wriggle your toes, read the evening papers; leave it up to me. It’s a piece of cake. I have experience in this. My father is a murderer. I’m drunk with blood. I know how to deal with this here. You’re too soft; your conscience bothers you. Maybe a little thing of George Washington and they are still hanging around, that sometimes you get confused; Abraham Lincoln and they. You read back too much of history books and it’s confusing you. Leave it up to me. You are not ruthless enough for this modern day. You lack aggression. You’re too soft. You’re a pipsqueak. [A ‘pipsqueak’ is a person considered insignificant and does not deserve respect—Ed] What you need is a backbone with steel. It is a good thing you’re not in charge and I’m in charge. It is a good thing you only smile on T.V., shake baby’s hand and talk bold, really depending on my strength.”

So she wrote letters in Ahab’s name, and sealed them with his seal, and sent the letters unto the elders and to the nobles that were in his city, dwelling with Naboth.

What is she doing? She is using diplomatic channels, she is organizing allies, she is forming a coalition. If they’re writing in today’s language, that is what they are saying. “We’re going to build up a coalition. We’re going and organize some allies and we’re going to take it on the diplomatic front first. And we’re going to send emissaries to stir the leaders and the nobles and we are going to let them know our intentions. And we are going to do some power brokering and make some bargain for them, because we are the architects of the new society coming and they will be players. We will remember they assisted us when we needed some help in going forth to reshape the world and bring a ‘New World Order.’ ” That is what they did with Pakistan, that is what they did with

Afghanistan, that is what they did with all these countries when they went out there. You know war is still going on out there heavily, but you don't see it in the news? They don't want to show those things. You think soldiers came out of there? Up to just yesterday I think, some big thing blew up and all kind of things. Sure. Control of information; keep the public sedated in what they want them to see—other images. Listen.

So she wrote letters in Ahab's name, and sealed them with his seal,

That is the royal insignia, the seal of the United States of America in reality today. This is in type.

*And she wrote in the letters, saying,
Proclaim a fast, and set Naboth on high
among the people:*

That doesn't mean put him on a scaffold and give him honour, you know. That means, prepare a trial and try him. That means call him to trial, is what it means.

*And set two men, sons of Belial, before
him, to bear witness against him,*

You see what it means? "Set him on high, put him in the witness box, indict him. And according to Deuteronomy 17 and Leviticus 24, before we could really kill him, we need to get two or three witnesses to establish it is the truth. We need this thing vetoed." You get what I'm saying?

What is it for? The man's vineyard, the man's resource. But we're not going to quarrel over land. No. We're having a trial. We're showing this man is a blasphemer. We're showing this man only looks like an Israelite, talks like a patriot, but this man has other aims and objectives, and get men to sanction that, to bear witness against him. Why? What is that going to do? The penalty for violation of those laws was stoning to death. When you're going to bomb a nation, in other words, rain missiles upon them until they are exterminated (modern language). You start to stone them, that is bombing raids, you know; is missiles and a hail of missiles raining on this piece of

earth, until they bomb this man back to the stone age, until this man is exterminated. That is the penalty. But they have to prove he violated this law that demands this penalty. But it has to look like a trial where this thing is investigated, is vetoed, and witnesses come up with the evidence. Who's doing that? This is Jezebel's plan. This is this woman's methods. You can't go and bomb people just so.

You have a United Nations Security Council that says, "Security Resolution 1441," they called it. And before you could invoke that, you have to veto that. That is what Mandela said, he said, "I want those nations in the United Nations Security Council, to don't veto that." They got eight to veto it. Not two and three; eight turned around like that. Watch.

After she wrote the letters, after she contacted the nobles, after she negotiated with them, after she told them the part they were going to play, how they were going to do it, she said, "And we're going to make it look religious. Proclaim a fast like it has some national calamity coming." When you see a king proclaiming fast and elders proclaiming a fast, that is because you have some impending threat or disaster. "Get the nation under prayer, a time of tension, you will get the ministers to organize prayer meetings to pray for the nation, pray for this."

*..and set Naboth on high among the people:
(Bring him to trial)
And set two men...*

This is the plan; she is executing it before him, she is instructing them.

*...to bear witness against him, saying,
Thou didst blaspheme God and the king. And
then carry him out, and stone him, that he
may die.*

In other words, rain down missiles upon him until he is exterminated. Today they would say, "Evidence from intelligence sources, secret communications, statements

by people now in custody have implicated that this man has terrorist links.” They would say, “Evidence from intelligence sources which we can’t divulge in order to protect the people who divulged this information. And we have some people who defected, also, who tell us what takes place.” Because Jezebel had to make this thing convincing. Remember, the verdict was already predetermined, you know. The thing is, “We have to kill Naboth to get this. If he doesn’t die, we don’t have it. But if we kill him— But we can’t just kill him, we will look like barbarian and we’re bound by Christian principles. Jewish...Deuteronomy and thing there; that Word will come back and condemn us that we didn’t work according to the Word and we were full of lust and greed. So we can’t make it look like lust and greed, that want people’s resources. We have to make it look like this man is not too much of a patriot, and this man is a potential threat, and this man is different things. But even though we say that and the news say that, that still doesn’t move the man. The man could only be moved by law. So we have to bring the man to trial before the world.

So we’re going to send in inspectors to unearth evidence and we’re going to get a few defectors and we will get satellite shots and different things. And we’re going to accumulate this evidence, process this evidence and bring it to the world. And when we give these speeches in these high powered places, then through our diplomatic channels, we’re going to get support.” This is what is happening here; Nobles and elders. Look. Verse 11.

And the men of his city, even the elders and the nobles who were the inhabitants in his city, did as Jezebel had sent unto them,

She said, “I will give it to you. How will I give it to you, Ahab? Watch me work. You can’t—your brain is so shallow, you all are only two hundred and something years old. Leave it up to me. I have experience in this. I was wounded in the head, close to death and I lived and

I've come back and I'm fully strong. And look how I rise today." See?

...and as it was written in the letters which she had sent unto them.

They proclaimed a fast, and set Naboth on high among the people.

(Which is calling the trial.)

And there came in two men,

And all of a sudden, one who was anti, turned around immediately; three hundred and sixty degrees. And you have quality witnesses, these are nobles. But they're nobles that could be bought, with infidel minds, children of Belial, refined and cultured but reprobates. Money, women and popularity. Like how people sell out secrets, national security for their country, secrets and things. They sell it out to China, sell it to Russia for money; drive a better station wagon, build a better house, though a whole nation could be destroyed. Sure.

As I said, we had these kinds of things already, you know. For a little prestige, a little pat on the back, stand up and say something in a church. Yet you don't care if you wipe out and you destroy a whole work of God, selling yourself to slavery.

And there came in two men, children of Belial, and sat before him:

What are they coming to do? They're coming to veto the thing according to Deuteronomy 17 and Leviticus 24. They're coming to veto the thing so he could get-Naboth could get stoned; A raining down of missiles upon him.

And there came in two men, children of Belial, and sat before him: and the men of Belial witnessed against him, even against Naboth, in the presence of the people, saying, Naboth did blaspheme God and the king.

"This is a man that has to be dealt with. This is a man defying God, defying the king. This is a man that doesn't have any tolerance and any consideration for other people. This is a man that we don't need. We need, like

we don't need—a hole in our head. Get rid of this man.” Man said, “He veto that, he veto that.” The witnesses all arranged by Jezebel.

*Then they carried him forth out of the city,
and stoned him with stones, that he died.*

Execution of the penalty, after the thing was vetoed. The slaughtering angels could have been let loosed, because the thing got sanctioned. As they said, “It smooth the way for the war to take place now”; what happened this week here.

*And it came to pass, when Jezebel heard
that Naboth was stoned, and was dead, that
Jezebel said to Ahab,*

Now notice, all that time Ahab is not doing anything and Jezebel, like she isn't doing anything. You're seeing this elder, he started it. He got the next elder. They said, “The man in Spain, he got a hold of Blair in England; the two of them were the principle men. They started to call up different ones and they started to do that and next thing they had eight of them. The U.S. was kind of baffled. They said, “How come—man, we were in a monkey pants [tight spot], we don't know how we come out of this?” He said, “Wow!”

It appeared in The Wall Street Journal. When they saw it, they started to call up these men now. They said, “We were listening, we were receiving. So, you really moved us with that speech and we're standing behind you.” And they went out and said, “Praise the Lord. You saved us from ‘Hitlerism,’ you saved us some communism, how can we not stand with you now?”

And they were surprised; they didn't do a thing and they came out of it and they got their will. They got what they wanted, because somebody was able to take leaders out of the European Union, the beast that sitteth upon the waters: “these agree and have one mind. These give their strength and their power to the beast.” I hope I'm making sense. “They that lead into captivity, shall be led into captivity. They that kill with the sword, shall be killed

with the sword.” And then after, I wanted to get to Revelation 19. But Revelation 19, there is One coming and He’s killing with the sword. He smites the nations with the sword out of His mouth. Is that right? He feeds them to the fowls of the air and the beasts of the earth. Is that right? “Come to the supper of the great God.” The same thing hell and death had power to use, this One comes now to wage war on them and He’s using the same things. You’re getting that?

I am finished; just finishing reading my Scriptures here. But these points have to be made; when you listen back the tape you’re really going to get it good, if you’re tired in your mind already.

And it came to pass, when Jezebel heard that Naboth was stoned, and was dead, that Jezebel said to Ahab, Arise, take possession of the vineyard of Naboth the Jezreelite, which he refused to give thee for money: for Naboth is not alive, but dead.

You could Imagine when that thing appears in The Wall Street Journal; she say, “Look at you. You’re worried, worried, worried. I smoothed the whole way for you to go. Arise and go, take it.”

And it came to pass, when Ahab heard that Naboth was dead, that Ahab rose up to go down to the vineyard of Naboth the Jezreelite, to take possession.

And the word of the LORD came to Elijah the Tishbite, saying,

Arise, go down to meet Ahab king of Israel, which is in Samaria:

Look how God was seeing what was happening. The conspirators were able to achieve their objective. It took the form of a public trial, it involved witnesses with evidence; the charges laid appeared to be proven; making way for the stoning of Naboth, raining down missiles until they killed him. And that was the penalty for such crimes, as he was tried and found guilty for. But the real objective

behind all the charade was what? It was a shrewd plan to possess the man's resources. And so, he goes to possess now. And He says,

*And thou shalt speak unto him, saying,
Thus saith the LORD, In the place where dogs
licked the blood of Naboth shall dogs lick thy
blood, even thine.*

*And Ahab said to Elijah, Hast thou found
me, O mine enemy?*

What it means there is, "You're not here on a social visit. That look on your face and the way you're watching me, it's like you are seeing right through me." He said, "You found out our scheme. But this thing covered; nobody doesn't know this. How you know this? I have the newspapers blasting this thing back and forth. I have all the T.V. channels bombarding people's minds. How do you know this?" He said, "I'm watching the Word. I don't listen that there, I am watching the Word." He said, "I have an information superhighway, God comes down and talks." He said, "I am God's angel on earth. I have an Angel who ministers to me." Oh my! Think. He said, "And before you could do your nonsense, I will be raptured out of here too." Yes sir!

"Hast thou uncovered my scheme?" in other words. My diabolical plan to fool the public, by making my objectives and my purpose appear to be legitimate and for the sake of justice, while all the time the real intention was for possession of the resources that belonged to another; not for justice. But it has to appear like justice; have a trial, get witnesses, bring evidence, get the thing vetoed. OK. The law is passed, it is smooth, we could rain the missiles now, we could execute the penalty for this kind of crime. And he said, "I have found thee." And Elijah said, "I have found thee."

*Hast thou found me, O mine enemy? And
he answered, I have found thee: because thou
hast sold thyself to work evil in the sight of
the LORD.*

Remember Elijah told Gehazi, “Didn’t I go with you?” He said, you think I didn’t go with you, friend?” He said, “I went with you.” He said, “I could stand up here and look in the Word and see those things and don’t see you? You mean you could hide from me? Oh, don’t fool yourself, man. I will laugh and smile to make you feel that you’re fooling me. And you know what that does in the end? That just lets you see, you don’t mess with God.”

So, Elijah said, he said, “I found you. Because you know what? You sold yourself.” In other words, you sold yourself like a slave to work evil, because of your ambitions, the lust and the greed inside of you; you become a slave, a puppet to go after your ambitions.

Behold, I will bring evil upon thee, and will take away thy posterity, and will cut off from Ahab him that pisseth against the wall, and him that is shut up and left in Israel,

And I will make thine house like the house of Jeroboam the son of Nebat, and like the house of Baasha the son of Ahijah, for the provocation which thou hast provoked me to anger, and made Israel to sin.

And of Jezebel also spake the LORD, saying, The dogs shall eat Jezebel by the wall of Jezreel.

Revelation 13:10, both of them that lead into captivity will be led into captivity; both of them that kill with sword shall be killed with the sword. One bomb for the Vatican, in an hour it is destroyed; one bomb across the United States, it was debris. Ahab and Jezebel. Why? Their schemes in trying to fool the world, politicize the nations, seduce them, drunken them with the wine of her fornication, manipulate the information system, mess up people’s minds with all kind of propaganda and everything else, make a smoke screen for their evil intentions. But Elijah—remember Elijah had the Seals. God pulled the Seventh One and showed him seven thousand didn’t bow down their knees, who were going in

the Rapture. Remember Elijah saw the judgement coming upon them. Sure. He had the Seals. Watch Elijah with the Seals here, telling him, "The fowls of the air and the beasts of the field will eat you and the dogs will eat Jezebel, the dogs will lick your blood."

[1st King 21:24]

Him that dieth of Ahab in the city the dogs shall eat; and him that dieth in the field shall the fowls of the air eat.

Because that's how Jeroboam and Baasha— In the last days he will kill them with what? Fourth Seal: sword, famine, pestilence and the beasts of the earth. Revelation 19: "Come to the supper of the great God. Call to the fowls of the air, Come to the supper!"

...there was none like unto Ahab, which did sell himself... (Get this.)

But there was none like unto Ahab, which did sell himself to work wickedness in the sight of LORD,

Revelation 13. There is none like Revelation 13, which did work wickedness in the sight of the Lord.

...whom Jezebel his wife stirred up.

Who stirred him up? Jezebel. Revelation 19: God comes back to judge and to make war the same way. Same way they destroy, God comes back to bring judgment upon the same system, destroying them the same way. He that liveth by the sword, will die by the sword. The sword proceeds out of His mouth. Fire proceeds out of the mouth of Moses and Elijah. Where did the Spoken Word come from? A mouth. What shut the Heaven in the time of Elijah? A Word from his mouth. What created the squirrels? A Word from his mouth. What brought pestilence in Egypt? A Word from Moses' mouth. What brought darkness? A Word from Moses' mouth. What turned the water into blood? A Word from Moses' mouth. Oh my.

I tell you the Bible is getting a certain way. I tell you we are living in times here, friends. But didn't He promise it

will open wide before your wondering eyes? “And we, edified and purified by His Spirit is made ready for the coming of the Lord.”

To kill...He gave them power to kill and then to possess, occupy, control. Then He now comes afterwards to judge and make war. “And you killed by the sword, I will kill you by the sword. You fed people to the fowls and the beasts of the field, I will feed you to the fowls and the beasts of the field.” God keeps all of His laws.

“You pass judgment on a man and do this so you could control people’s resources; and you set yourself up and kill anybody who don’t buy– and they can’t buy and sell except they take your mark?” He said, “I will cast you alive into the lake of fire and the rest I’ll scatter there and the fowls of the air and the beasts of the field will feed upon you.”

But “blessed are they who are called to the marriage supper of the Lamb,” when the marriage of the Lamb is come. There is a Marriage and a Marriage Supper before there is a Supper of the Great God. Both of them are in Revelation 19; a White Horse came forth and a Ministry of the Word that went forth. A Horse with a military prance and the armies of Heaven were following. Heaven was following Life while Hell was following Death. Is Hell following Death this morning? Then Heaven is following Life this morning.

What is Heaven? Heaven consists of the Word. “The Heavens declare the glory of God; the firmament shows His handiwork. Day unto day it uttereth speech.” The Heaven was the first Bible, friend! And out of *There*, a ride was going to come forth. And while he was riding, he saw those men mixing those chemicals in those test tubes and he cried out, “I’ll ride this trail once more!” and the earth shook. All those bio-engineers and bio-technologists breeding diseases in laboratories: disease by design to scatter on the nations. But in this ride, there will be an immune Church in the last days, inoculated with the baptism of the Holy Ghost, riding in this hour! Amen!

And this great One, this isn't the one in Rev 6:1 and 2, friends. This is the One that a sword comes out of His mouth. Amen! "Behold, I come quickly, and my reward is with Me, to give to every man." This is the Kinsman Avenger coming on the scene here. This is the Lion of Judah, King of kings and Lord of lords coming here. Glory be to God! "His vesture is dipped in blood, and His Name is on His thigh and the Name is written in the foreheads of the armies that follow Him." Hallelujah! "And they are called, chosen and faithful." Amen! They were called, they are chosen and they are faithful to the very calling. They see their names in the Book. They know they are part of the mystery.

What an hour we have come down to! Oh! May God help us in this hour, (amen!) to see the day friends, to see the hour! My! I thank God that God's satellite, God's channel is still working. They haven't shut it down yet. Amen! It could transmit in this hour still and brother, wash our minds from all the bombardment and all the misinformation and disinformation also, to hold a people in ignorance.

But, "Arise and shine, your Light is come, and the glory of the Lord is risen upon you, and it shall be seen on you!" It will be seen on you, friends. Oh, thank You, Lord!

Just give Him a wave offering. Amen. Oh! Thank You, Father! We praise Your mighty Name, oh God! We stand in awe; we stand in awe to Your great mighty presence, the unveiling of the Scriptures, the opening of the Word, the revelation of Your will and Your purpose, Lord God, the posting that we might know the time and the season that we are in, Lord, to see the modern events being made clear by the vindicated prophecy, to see the diabolical plan, Lord God, how this invisible woman behind her paint. Lord God, yet her fingerprint is visible, because we see it in the Bible, we see it in the present day, we see it in the same line of action, oh God, trying to possess the resources of another, setting up a system of misinformation to kill, working through diplomatic

channels, bringing false evidence and everything else, that they could express their will upon people and rain down their missiles. Oh hallelujah! Hallelujah!

God, let Your Church be so Spirit-filled in this hour. Let Your Elect be so inoculated, immunized, dear God. Open the understanding of your children. Let the Light shine. May the Spirit of wisdom and revelation in the knowledge of Jesus Christ – as Paul said, how we ought to pray for that.

God when we come in our prayer meeting, how we ought to pray that, “the eyes of our understanding be enlightened; that we may know the hope of our calling, and the exceeding greatness of Your riches toward us who believe,” that we will know that we have crossed over in that Ephesians. Since the opening of the Seven Seals, sons and daughters of God coming to be placed positionally in their inheritance. Adoption time, (Father, oh God) where they could stand with all things under their feet, (Lord God) know what their landmarks are, (Oh God!) know what their inheritance is. Nobody could move their landmarks. Nobody could rob them of what is theirs, Father.

And the same way we see, Lord, in the spiritual realm, demon powers trying to move us and possess our inheritance and take our resources, oh God, and using all kinds of things in the courts of the mind; Lord God, bringing all kind of imaginations and vain things to destabilize our faith, to rob us of our peace, dear God. Lord God, we know decisions are made in the mind, Father, but we pray that that Goodman of the house: faith, (Oh God) will say, “Shut up reasoning! Shut up imagination!” and pull down every strong hold and bring every thought into captivity to the obedience of Christ.

And the weapons of our warfare that are not carnal, dear God, we will know how to unleash those weapons, Father, that could destroy the works of the devil, oh God, that could tie him in a knot, Father, that could open the prison doors and loose the captives; them that he has

shut up from this faith, dear God. Hallelujah! But Lord God, faith has come. Lord Jesus, and here the Holy Spirit, after faith is come, oh God, is revealing these things, taking us from under the law, that we might receive the Adoption, Father; that the Spirit of Adoption can come into our hearts and cry "Abba Father."

Oh God, like Naboth, in our inheritance dear God, we know we will be persecuted too, Father, for these things. We know this Message that has placed us back in the Promised Land; oh God, Father, how the enemy would want to take our buildings and take our lives and take our jobs and take the food off our table. They're already taking the medicine and everything else that You put there, Father, Lord, trying to bring a pressure, a frustration upon the people. But we see You meeting the challenge. When the enemy comes in like a flood, dear God, You send the Spirit of revelation, oh God, prevailing power to open the Word, bring a charge of faith, dear God; release an Eagle Anointing, cause Your Church to rise and shine. We see the glory of the Lord moving upon the Church, dear God. This is the hour, this is the day, Father.

Lord, help us to work with these Chemicals of the Word. Oh God, Father, help us to take these things and dear God, be able to go forth in a victorious life, in an overcoming life, where You can prove Your Word by believers. May You grant it, Father.

We thank You for every brother. We thank You for every sister. We thank You for every soldier standing at their post of duty. May this morning we be sensitive and put on the whole armour of God, buckle the armour tight, Lord, because we see that we are living in dangerous times, we see how close it is, Father.

We see how strong the control of that Jezebel System is in the world: how she controls and rules in the affairs of the politics and the religion and the finance, in the judiciary and everything of this world. How she works in the European Union and the Security Council and the

government of the United States and all these things, because that iron was in every toe, that Roman influence was in every toe, Father; in that fourth kingdom, when that Rock cut out without hands came and smote her in the feet. And so we know, dear God, as we see, Lord God even eastern nations and western nations couldn't unite, but then, dear God, we saw Father, how the iron began to pull them together, Lord God, because they have their purpose, Lord, they have their schemes. But dear God, when we see these things happening, how we want to hasten to the refuge, how we want to hasten to the hiding place, oh God, to be locked away in that secret place of the Most High, to abide under Your wings, under the shadow of the Almighty.

God, may You help us today, Father, that dear God, we could feel the strength and power and might moving in the inner man, oh God, building us up in that Holy Faith where we can walk with steps of confidence, steps of assurance, dear God. Father, may You grant it. Grant it, dear God. Grant it, Lord.

Bless Your children, Father. Let that Sealing Angel move, Father. We see the slaughtering angels working their schemes, being let loosed; by permission You're letting it be done, Father. And Lord we know You wouldn't do that except that revelation didn't come, except that Angel is not in the Church where It could say, "See that you touch not them that have that Mark." And here dear God, while we sit under these messages, this is the time You are writing that Name. This is the time when this is happening. Oh God, may we be sensitive to the One that is in the midst, to have the ear to hear what the Spirit is saying to the Church, oh God, to have discernment of spirit, to discern the Body of the Lord. Hallelujah!

Make us an immune Church, Father; inoculated, Lord, where we are protected, preserved; where we have the repellent; where the leadership of the Holy Spirit in our life is clear; where the Voice that speaks in the inner man is distinct, is a Scriptural voice; where we are not walking

under the influence of imagination of some vain fable, some idea of somebody. But dear God, when You speak, You speak from the Bible. It brings the Message, it brings back to remembrance what Your Prophet said. Oh Jesus, we see the evil, the hypocrisy and the pretence that's being projected. Yet we see the evil, diabolical plans at work, just like the Bible said.

Daniel saw how that beast was destroying wonderfully, devouring the whole earth, breaking it up in pieces, stamping the residue, causing craft to prosper, breaking the economies of nations; economic war, no more in an infant form, no more in an amateur form, but (Lord) on a global scale. They become so highly advanced. They become so refined in their ways to kill, in their ways to manipulate and extort and exploit; "Who is able to make war with the beast?"

But in Revelation 19, we see One coming to judge and make war. We see Him on a White Horse; Chief Authority from the West, the Supreme Authority, the Head of the Body, the King over the armies. We see them united, Father. God, they weren't riding any grey horse. It wasn't any hybrid, anything. It was pure white, Apostolic Word. No creed and dogmas broke into it. It was the original colour.

So dear God, may we stay on this pure, White Horse. Remember how they had that dream; men were trying to breed the white horse to a black mare and Your Prophet cried out, "Don't you do it!" That Horse had to remain pure if there was to be a Second Ride.

"Thou must prophecy again, eat the book"; we found it in Ezekiel. We found it between the Sixth and Seventh Trumpet in the book of Revelation. We find it over in Kings here. Lord, help us, that we can see and we can understand, Father; our eyes of understanding would be enlightened. And as Your Church- You told them when Titus was coming, "See that you remain not in Jerusalem. The time is going to come they will be compassed with armies. Let not your flight be in winter. They will dig a

hedge. They will get around the city. Woe unto you in those days. Woe to the paps that give suck. He that is outside the city, don't come back. He that is on the rooftop—"God, You spoke to them, "Let not your flight be in winter neither on the Sabbath day," because You had given them national signs. You saw the winds of judgement, the slaughtering angels to be let loose and You were warning them. How being warned when the Son of man stood there in human flesh, warning the church, telling us Ezekiel 9 will repeat itself again, telling us the days of Elijah will repeat itself again in the last days.

Lord, we are seeing it, Father. May we be sensitive, dear God, that we would know how to move. Josephus said, "Not one of the Christians were caught in there," because the Holy Spirit brought back the Words of the Son of man to remembrance. The Sealing Angel had sealed them up! The Holy Ghost got them before Titus came. Oh God, here it is again Father. May we be sensitive. May we walk with understanding. May we be sincere and true.

As You look among us today, those All-Seeing Eyes, Eyes like a flame of fire; You said, "I am He who searcheth the reigns and the hearts," to that Thyatirean Age, to that prophetess Jezebel. Just like Elijah said, "I have found you out," because that Word had searched them, found that discrepancy down in their spirit, hidden away, evil intentions. But "the Word is quick, and sharp and powerful, a discernor of the thoughts and the intents of the hearts." You scan them by the X-ray of the Word and You see the hidden thing that they try to veil and camouflage with a false countenance.

God, I pray You wash us, wash our inwards with water. Let us not walk in the counsel of the ungodly. Let us not stand in the way of sinners and sit in the seat of the scornful. Let us take our sides with Jesus Christ: the Word. Let us not be hybridized, Lord, because nothing hybrid will be able to stand this onslaught. They will lose that immunity through hybridization. They will have to

be babied and patted and pampered. That's not Your Bride, Father. That's a hothouse plant. God, make us thoroughbred, that we could trace our pedigree, that knows we are original. Grant it, Father.

Bless Your children. Strengthen Your Church. Move them up into this sphere. Continue to unfold Your Word, make the way clear for us. Help us to yield, to trust You, to believe You, to obey You, that You can lead us into such a filling and refilling and outpouring of Your Holy Spirit, where it's not us that live but it would be Christ that lives in us.

Grant it, Father. We commit Your people into Your hands and we ask these mercies, in Jesus' precious Name. Amen.

Let us just stand to our feet and worship Him a little bit. Pray for me and the brothers as we take the little trip; it's not really a preaching trip; more kind of administration; talk, find out the needs, see how it is, then after maybe send some brothers afterwards to spend some time.

Brother Dioka, he faxed something there for me. They have all the pictures with the ministers in the meeting, they put even my picture there. Didier told me, he said, thousands of that was given out; and the desire for the meeting, but when you're in a channel like this, you don't want too much disturbance. I haven't stepped out here for nine months and kind of- knowing I'm going there, but I'm just trying to brood a little bit over the nest, stir the nest a little bit and help the eaglets, by the grace of God. Feed them beak to beak a little bit maybe, some fellowship, sitting a little bit; get the wings a little strong to fly, blow out some of the loose feathers and instruct them a little bit.

And you, remember we're in a call to prayer. Remember Wednesday and Friday is prayer service. After we hear the Word like this, that's in the closet now. "Oh God, I see the Word, I see the modern events, I see where we are. I see the need, I see my own life, Lord. Look how real these

things are.” What kind of spirit is this that is working in the world? What kind of anointing is that upon the nations? What kind of deception is this? Now we are seeing what the Word says, friends, that Light... While there is gross darkness on the earth and upon the people, the children of Israel had light in their dwellings, they were under the Token and death was moving through the land. Their loins were girded, the staff was in their hand; they were eating unleavened bread in haste. They had cleaned out the house and made sure there was no leaven among them. They were listening for the sound of the trumpet, because the prophet had restored the atonement; The lamb had come at evening time, the blood was applied, the Spirit abides. Oh my, they were already looking to another land. Blessed be His wonderful Name.

‘I stand, I stand in awe,’ when I see Him come down among us like this, rip the Seals off of the Book. You say, “I thought He did that already.” Maybe on an Age level, but in the Church, can’t you tell the Lamb is tearing those Seals? Can’t you tell He is exposing that Truth? Oh my. It’s not a man you’re feeding on, friends. That’s the same Unfailing Body Word of the Son of man. It makes my heart tremble within me, to sit in a church, hearing the things we are hearing service after service, so rapid, so much, (so much) such a proliferation of the disseminating of the seed, shower after shower coming down, getting the crop into maturity. All I could do is bow before Him and put my two wings over my face and two wings over my feet, and cry, “Holy, holy, holy,” flying with two wings. *‘I stand, I stand in awe.’*

...I stand in awe of you.

That just can’t leave my heart these days.

I stand, I stand...

Sing it to Him, this great Jehovah God, this great Pillar of Fire that is here among us. Hallelujah!

...all praises due

I stand in awe in You.

You and Jesus alone, the veil dropped between the two of you all. You're in His presence; that Shekinah Glory and the incense has made the sanctuary smoky, and the Voice of the Blood is speaking.

I stand...

Alone with God (hallelujah) in the Holy of Holies!

...God to You, all praises due.

I stand...

...in awe of you

Come on sisters, you daughters of God, you sing that. Daughters of Zion, in reverence; This great, mighty God that we serve, the Lord Jesus, the Alpha and the Omega, the Beginning and the End, the Lamb and the Lion, the Foundation Stone and the Headstone. Hallelujah! Jesus!

...in awe of you.

Every hand lifted around the building as we worship this God...and the treasure He is to us. Oh, how we love You, Father. What an awesome God You are! What a privileged people we are, Father. You gave us these unsearchable riches of Jesus Christ, treasures of Wisdom, oh, filling us up in this Holy Faith!

...stand in awe of You.

Come on brothers, you are part of a Royal Priesthood. Let the bells and the pomegranates ring out, 'Holy, holy.' Spirits of just men made perfect. Hallelujah! Innumerable company of saints, where the Voice of the Blood speaks; Mount Zion, City of the Living God.

...all praises due.

I stand in awe of You.

One more time everybody, 'I stand, I stand.' Oh God, fill every heart today! Overshadow us, Lord, heal the sick, cast out devils, release the people from every chain, open every prison door. Let this great grace move into every heart.

...all praises due.

I stand in awe of You.

You love Him? Isn't He a wonderful God? Isn't He everything to you? Aren't you growing to love Him more

and more, as He lets you know you're a son and daughter of God? As you begin to look back in your life and see His leadership, the tender hand of Jehovah that led you. Some of you come down through these past years, you were coming, seeing through a glass darkly, you were coming with reservations, you were coming with your inner problems, you were coming with mind battles and everything else, but the more you sit under the Word and the more He comes, and the more He tears the veil back, and the more He shines the Light, you realize, "Father, it's You. What can I say Lord? Lord, You convinced me more and more and more and more." A peace begin to come into your heart, a power begin to change your life, a desire to serve Him and walk close to Him begin to swell up in you, a praise begin to come forth from your innermost being, rivers of living water coming forth. You look back at some of these attitudes and you say, "Father, forgive me. Forgive me for these attitudes, Lord. Oh God, don't ever take *this* away from me, Jesus. Just keep me here in Your presence."

I want you to believe Him right now, around this building here. I want you to believe Him. God can't speak a Word like this, make it so clear, so real among us. Listen to the messages that has been coming; listen and see how it's placing the hour. This is another wave. September 11th was a wave, then this is a next wave. When that power let loose, *this* power let loose. That's right. And you're watching and seeing; you're comparing the natural with the spiritual, you see what is happening. And as you see it, you're seeing them, you see yourself, you're seeing them, you see yourself. You see them under their seal, you see yourself under your Seal. You see them riding, you're riding. They're on a pale horse, mixed with all kind of chemistry, all kind of creed and dogma, but you're on a white thoroughbred horse, pedigree horse. Yes sir! Original Word, original Life, original Faith, no hybrid, amen! Original Faith restored, original planting come back to Original Seed. Blessed be His Name.

Let's just pray. You hold your request in your heart. Our God is here. We're getting ready to go; I just want to pray, knowing there are needs here. If after you still want to come, maybe it's something you need to talk, we have the ministers that are here to pray with you, talk with you, maybe counsel you.

Gracious Father, even at this very moment, let Your Spirit descend a little closer, move into our hearts, dear God, surround us with Your great, mighty presence, for when it comes like that faith waxes strong; We seem to break into another dimension, where God, we get a grip of You, Father, seeing our hands holding the Unchanging Hand. What a feeling it must have been, when the children of Israel were crying out, seeing all the hosts of the armies of the Egyptians coming after them. They begin to complain, they said, "Moses, wasn't there enough graves in Egypt?" Quickly You saw what their problem was and it's so remarkable what You did, Lord, and showed such affection to Your people. You moved from in front of them and You came and You stood between them and the enemy, as if to say, "Look on me. Don't look on the problem, look on me. Look at your great God in your midst! God will fight for you this day." You struck Moses, he prophesied, he said, "The Egyptians you see, you will see them more." Oh God, faith does that, when Your presence comes down that way.

The terror of the things that terrify your children, brings a scare, brings a worry and concern; sometimes it's financial, sometimes it's domestic, sometimes it's something in the physical body: sickness, disease, sometimes it's problems, they see people as threats, different things. But when You can come on the scene, when Your disciples can wake You up and say, "Jesus," and see You come on the scene, all that storm becomes calm, when that Voice says, "Peace be still."

We take authority, Father, over every devil here today, that is trying to mess up the minds of Your children; hold them in fear, grip them in things, make them indecisive,

destabilize their faith, rob them off their peace, bring them under nervous strain and tension and pressure, hold them in ignorance and fear, but Your Word has shone. Right now they are anointed with this Word, it is clear before them, let the Spirit of God quicken, Lord—That faith will resist that devil; They can say, “Satan, I renounce you! I resist you!” And as they would say that with faith, Father, may that filthy devil that tries to steal and kill and destroy Your people, take his leave off of them right now, for we command him to, in the Name of Jesus Christ.

Lord, let Your Holy Spirit bring floods of peace, bring witness and assurance in the hearts of Your children. For You said, “If two shall agree as upon touching anything it shall be done.” What we bind on earth— Are we not the Church? Are we not in agreement upon the Scriptures? Oh God, You’ve shown to us we are Your Church, You’ve shown to us the truth of Your Scriptures. We’re not here just to attend church, Father. We’re here to walk and exercise our faith in that Word, taking You at Your Word, Father, and knowing that Your promises are ‘Yea and amen.’ That which they have need of, that which You’ve provided, that which You have made secure by the blood of Jesus Christ, may they claim it and say, “It is mine. I receive it,” and may they thank You for it, saying, “Father I thank You for it, Lord. I believe You.” God, knowing if they trust and never doubt, You will surely bring them out. May they go rejoicing today, Father, in the precious, in the lovely, in the all conquering, all powerful Name, revealing the Seven Thunders, the Name that’s written in our foreheads, the Name of the Lord Jesus Christ.

Bring your children out on Wednesday. May oh God, may we not be obedient just in times when I’m present, but much more so when I’m absent, knowing, oh God, that we out there would need to be garrisoned by prayer, that You’d move among the ones who have not been as privileged as we are, allowing us to be here, enjoying all these things, but now You gave a space for them, Father.

And God, may when we come to pray, we'll remember what Mizpeh is all about; 'Something is going to happen here.' We know what will follow— an Ebenezer, Lord. And when we see the storms and the things that are coming upon the earth, we want to be accounted worthy, we want to watch and pray to escape. When we see what is happening, we wouldn't want to go inside of the ship, we'd know You're getting us ready for a Resurrection Ministry. We want the courage to face up to our responsibility, knowing the message is urgent, and we can't try to evade and take the way of least resistance, but go forward in faith.

Let these things not leave us; that when we would come through those doors, we'd lift our hands at the evening sacrifice, Father. Our prayers come up as sweet incense. We remember the daily ministration, the morning incense and the evening incense, Father; we'll trim the lamp, we'll clean the lamp shades. May You grant it, Lord, knowing now is the time of the offering of the evening incense, because the evening sacrifice has been offered. Let us be diligent and let us understand, and retain in our understanding, that which You have so clearly gave and written in our hearts, Father. Grant it Father, in the Name of Jesus Christ we pray, amen.

Turn around and greet your brother and sister; tell them 'God bless them,' encourage them. Amen. God bless you. Trust you enjoyed being here today. Remember the pool is open. You've not been baptized in water baptism in the Name of the Lord Jesus Christ, why tarry? Call upon the Name of the Lord and wash away your sins. Amen.
