FOREWORD

This is a sermon preached by Bro. Vin A. Dayal and is published through the freewill offerings of the members of the Third Exodus Assembly.

It is intended to edify the reader and make clear the Bride-Promises of God, which were revealed through the ministry of God's Prophet-Messenger, Bro William Marrion Branham, for the Elect in this Day. It is not meant to promote any special doctrine or person, save, the Lord Jesus Christ and His Divine Word.

The original video and audio recording can be accessed through our website www.thirdexodus.org

We pray the blessing of God upon each reader and may illumination by the Spirit of God be each one's special portion.

Excerpt:

And the Prophet brought that Church Ages because out of the Ages came the Seals, out of the Seals came the Trumpets; out of the Trumpets came the Vials. He said, "If any man gets the Church Ages by revelation, Light upon Light will follow until the whole Book is opened before your wide wondering eyes." [Page 11]

But these places are where the access is, the access points. When that place unlocks, you walk into a whole world of the Word and you are living now, in a world of the Word, where everything around you is making sense. When you look at religion, your mind goes in the First Seal. When you look at the wars on the earth, your mind goes in the Second Seal – political disturbance. When you watch in the economic realm and what is happening in the stock market, your mind goes in the Third Seal. When you watch in the information and see what they are doing, you know you are in the Fourth Seal. [Pages. 11]

[#569 - Songs That Live -Ed.]

I just love that Dove

For He has been my Guide;

He has brought me up Seven Steps

To a perfect faith I've never known;

Now He'll send me (hallelujah) with His Word,

As He rides this trail again.

Thank You, Jesus. We believe in Divine Leadership. We believe in the Leadership of the Holy Spirit. This great Angel that went with the Church in the first exodus was Christ, the Holy Spirit, the Angel of God. He was sent to bring us into the place that was prepared for us.

They didn't know the way. They needed a guide. And God Who gave the promise, God Who predestinated the people, He, Himself came down to be the Guide for those people. No wonder the Bible says, "*As many as are led by the Spirit of God, they are the sons of God.*" [Romans 8:14 -Ed.]

Bro. Branham said, "The Church is living under the leadership of the great Jehovah in the form of the Pillar of Fire in the last days again." He has appeared and identified His Presence. The identified Christ of all Ages being identified in the midst of His Bride in this Hour. What a great thing!

God bless you this evening. Such a wonderful atmosphere, such a nice feeling in the building. Satan

tried to disrupt things a little bit, but you know, when we walk with the Lord, we just like to be calm and settled. We know that He just knows how to work everything together for good. Praise His wonderful Name.

Let's just bow our hearts for a word of prayer. If you have a special need, let's look to the All-sufficient One. He knows how to lift the faith into the place. Sometimes He speaks things that only you and Him know about yourself, about your needs, and He does it in a way that you know, this man couldn't know these things. It has to be the Holy Spirit speaking, the One Who knows and cares.

He cares. Do you care? He cared to come and die, laid down His life, shed His Blood that we can have access to every redemptive blessing in this Hour. He made it so secure. We come in His very Own merit, accepted in the beloved by a new and living way through His very Own Blood that we can stand before the Throne of grace, where we shall obtain mercy and find grace to help us in time of need.

If He cares so much to do all of this for us, how we should care to believe Him and take Him at His Word. For He said, "If you believe with your heart and confess with your mouth, you shall never be ashamed." "My God shall supply all your needs," Paul said, "according to His riches," which are unsearchable. His ways are past finding out. He works in an unexpected way many times; performs a paradox, to show to us how wonderful, how powerful a God that we have, that we can walk in this Hour without fear. We don't have to walk in uncertainty and indecisiveness. We can walk with peace and blessed assurance in our hearts, knowing that He is faithful Who promised.

With God, nothing is impossible. And then He said—Jesus came and said, "With you, nothing shall be impossible. For if you say, even to this mountain, 'Be thou removed' and don't doubt, but believe those things

(hallelujah!) that you ask in prayer and don't doubt, it shall come to pass!" Blessed be His wonderful Name.

What a mighty God we serve; very present here this evening because He loves you, because you walk with Him. Hallelujah! And He promised where two and three are gathered in His Name, in this only provided place of worship, where we worship the Lamb; not the Beast, not the image, (hallelujah!) not the idols of this world. We worship the Lamb, the worthy One Who took the Book and broke the Seals, Who revealed our names to us; Who stands here as the Author and Finisher of our faith.

Loving Father, we bow our hearts in Your Divine Presence this evening. "I was glad," David said, "when they said unto me, 'Let us go into the house of the Lord,'" that we can come and enter Your courts with praise and enter Your gates with thanksgiving, and lift up our hands in Your Name. Hallelujah!

Blessed is the man whom You cause and choose to approach unto You, dear God. Hallelujah! Oh God, we can come and stand in Your Presence, in Your courts, knowing we are coming in God's provided way. We are coming, Lord, because You have made that way. You tore that veil in two, to give us access once again. Now the cherubim is bringing us to the Tree of Life. We feel the influence upon us, oh God, of the living creatures moving us, dear God, more up into Your Presence because You desire that we should be blessed; our cups filled and running over, oh God, we can drink from the saucer. Hallelujah!

We thank You, dear God, this evening. What a privilege! What a blessing, dear God, that You have bestowed upon us. When we look and see what we were, Lord, as the songwriter said, "We once were lost but now we are found. We once were blind, but now we see," dear God. We once were dead, but now we are alive, quickened and raised up into heavenly places,

where Lord God, every Divine blessing, every promise is subject unto us.

And when we can come and gather together like this with no leaven among us, oh God, and the Blood on the door of our hearts, (hallelujah!) the Blood that speaketh better things, how we can expect to receive from Your all-sufficient hands. Oh, blessed be Your wonderful Name. We know through confession and faith, every promise is subject to us.

And so Father, we bow to the dust from whence You took us and we confess our sins and our shortcomings, our mistakes, our failures in every way, dear God. We look to You because we believe in the cleansing Power of the Blood and we know... We thank You for the Light that we can walk in the Light and see Your Blood cleanse us from all sin, Lord God, where no unbelief could paralyze our faith; no fear, oh God, to grip us and make us wonder.

But we can come with blessed assurance, with the confidence, knowing that we have the petition we desire from You because we ask according to Your will, according to Your already expressed desire, presenting our Token with our prayer, dear God, that Lord, when we pray according to Your will and Your purpose, not asking amiss, oh God, but expecting to receive, knowing that You are the Giver of every good and perfect gift, in Whom there is no variableness or shadow of turning. Great is Your faithfulness!

And we pray, it will be like that this evening to every believing soul that holds their request in their heart and with reverence and confidence, Father, in Your Presence Lord, with a thankful heart to thank You Lord, for what You have made available, and Lord God, they can live and walk in the enjoyment and the blessings and the privileges that Lord God, Your death, burial and resurrection has made available to us, where we can stand without fault, without spot, without blemish, knowing that in You, we have Redemption through Your

Blood and the forgiveness of sins, even according to Your riches of Your grace, and predestinated to obtain an inheritance.

Oh God, let Your Holy Spirit direct everything in the service today that is to be said and done, knowing dear God, that this is a little time You appointed, Father, Lord God that we can be here with Your children, Father; Lord God, these who desire Lord, to see the fullness of the blessings that You have promised in our lives, oh God.

And Lord, what a great thing it is to get among believers that believe, Father, where there is no doubt or fear, but where their hearts are opened to attend unto the things being spoken of the Lord in this Hour, that Lord, we can walk in that which You have made known to us Lord, and watch more unfold and watch You make these things personalized in our very own lives.

How we desire, oh God, in this Hour to see so clear, to know how to move, to know what our priorities should be; Lord God, to be able to know the will of God personally in our individual lives that Lord, we can take our place and refuse to be shaken from that place, and our souls will be anchored, oh God, tied to the Absolute, even though everything is being shaken around us, oh God.

Like Jehoshaphat said, “We lift our eyes to You, oh God,” Lord and You responded back and said, “You don’t have to fight in this battle. This battle is the Lord’s.” You said, “Just praise Me.” Amen. Hallelujah! And Lord, what a great victory You wrought for Your people. Are You not the same today? Are we not the same kind of people, oh God: elected and called, anointed and placed in this Hour?

You gave us the privilege to walk with You; to live under Your leadership. How grateful we are! We can never appreciate the fullness of what these things mean – these realities of the Living God. But may it be understood clearly in our hearts, as the Spirit of God

would break it down and teach it to us, Lord, that the faith could raise up and we could walk without fear. We can walk, dear God, with purpose in this Hour, oh God, to see Lord, Your Name be glorified and be admired in everyone that believe and You fulfil the great work of faith with power. May You grant it, Lord!

We know it's a dark time. It is a time when the land is filled up with the plagues, oh God, and Lord, we want to be under the Token, oh God, the only Place of safety. While darkness is in the land, there is Light in the dwellings of the elected, called-out people, and we thank You for that, Father.

We commit the rest of this service into Your mighty hands. Lead and direct everything. Bless those in the visible and invisible audience today, and may each one, oh God, feel Your Presence in a special way, oh God, as You write Your laws in our hearts and minds. For You said, "This is the covenant I will make with you in this Hour." No man will have to say, "Know the Lord"; we will all know the Lord. So, may You grant it, Lord!

We thank You and we praise You, Jesus. Have Your blessed way we ask, for Your honor and for Your glory, and for the edification of Your people, amen and amen and amen.

Hallelujah! Oh thank You, Lord. My! I finished praying and I see it says 4:44. So, if that's the time, well, praise the Lord. That is deliverance. That is perfect deliverance. That is total deliverance.

So, God bless you this evening. It's such a blessed privilege to be gathered together with you once again. I always like here because I could just talk to you. You know, you go to some place, you have to preach and you are trying to convince the people what God said through His Prophet. I just come and talk to you and you believe it. Amen. You walk in it. It's always good when you are speaking to people that has been brought up in the Word, (amen,) that has a faithful Minister to keep in remembrance of what has been spoken, amen, in these

last days; keep it alive and fresh in our hearts. Praise His wonderful Name.

I would like to invite your attention this evening to 1st Kings chapter 22, from verse 51 we'll read. Then I have another little portion I could read when you have your seat. And we were speaking the other night about, *The Third Angel's Message To The Two Beasts Of Revelation 13*. [2016-1104 -Ed.] And we were talking about that Breach between the Trumpets and the Vials where we find these things.

Once you are in Revelation 12, 13, 14 and 15, you are in a Breach between the Trumpets and the Vials. So, in there God has put many things in there and when we can see... Because, you see, the Book of Revelation is visions; it's a series of visions that John was told to write what he saw and what he heard. John was not the author of the Book, he was just the scribe. The Lord Jesus is the revelation. Amen. And so, He is being unveiled here in this Book as the Lamb and also as the Lion. He was the Priest during the Age, then He came forth to take the Book. When the Son of Man was to be revealed, He appeared as the Supreme Judge. Amen.

And all these things have been identified and made clear to us by the Prophet because he was understanding the Hour that we had come to. That is why he cried out to the people, "*Recognize Your Day, Recognize Your Message.*" [1964-0726m -Ed.] But it's a blind Age and he said, "*Presence Of God Unrecognized* [1964-0618 -Ed.], *True Sign Overlooked* [1961-1112 -Ed.], *God Being Misunderstood.*" [1961-0723e -Ed.] He said, "The people missed these things." But to you who have an ear to hear what the Spirit has spoken.

And the great thing... Think of if we didn't have the tape recorder. Only those in the Tabernacle would have had the opportunity. See? But God had it there to be recorded; some of us were going to come in after. And when you heard it the first time, you could hear him

preach that one message fifty times if you want until you get it. That's right!

You don't realize the privilege that is because you don't really get it sometimes, the first time. Sometimes you are only getting the framework; you are only getting the background. When it starts to open and everything begins to come together and the picture is being made clear, then you see yourself in the picture. Oh my, there is nothing like that! Then you get to the place where you can worship God in Spirit and in Truth. Outside of there, you are trying to get in the channel. But when you get there, you are walking in union under His Headship. Praise His wonderful Name.

1st Kings 22:

⁵¹ Ahaziah the son of Ahab began to reign over Israel in Samaria the seventeenth year of Jehoshaphat king of Judah, and reigned two years over Israel.

You remember in the 22nd chapter is where Micaiah came out with that vision and you remember how Ahab was killed in the battle and the dog licked his blood to fulfil the prophecy of Elijah. Well, this is his son here and one of his sons reigned two years over Israel

⁵² And he did evil in the sight of the LORD, and walked in the way of his father, and in the way of his mother, and in the way of Jeroboam the son of Nebat, who made Israel to sin:

And that was the first king of the ten tribes, the Northern kingdom, and he brought idolatry in. And he is known in the Bible as the man who made Israel to sin. And his judgment was, he and his house were going to be eaten by the fowls of the air and the beasts of the field. And in Revelation 19, you see God still keeps all of His laws.

We are in the twenty-first century, but that is not an Old Testament thing because that is the Word of the Eternal God. We see in the Old Testament, God used to

stone the adulteress. We see under the Seventh Vial, God is going to stone the adulterous churches because God still keeps His laws. He will burn that harlot with fire, He will stone them, just like what they did in the Old Testament. See? What was back there, we see how these things were manifested, we see the purpose why it was manifested; we see how people brought themselves into condition...

Because who gave all those laws? The exodus prophet; the one who was born a proper child. The parents saw the Light come through the window. The one who grew up and was commissioned and went to his people, he was given two signs. The one who went up on the mountain when the Supernatural Cloud came down and came out with the Word; the one who spoke into existence. Do you understand? All of this was in the first exodus.

So, when we come in the—we call it ‘*Twentieth Century Prophet*’, but ‘*Twentieth Century Prophet*’ was exactly like ‘prophet’ back there fourteen hundred years before Jesus came. You see? And so, we see that history repeats itself. This is the key, that it’s so the Bible is written for a people, that no matter which generation they live in, they will be able to look in the Bible and find what is happening in their generation. This is wonderful.

53 For he served Baal, and worshipped him,

This Ahaziah, son of Ahab! It said, “He walked in the way of his father and the way of his mother.” His mother was Jezebel. He is a product of a union between Ahab and Jezebel.

53 For he served Baal, and worshipped him, and provoked to anger the LORD God of Israel, according to all that his father had done.

His father led the nation into idolatry like the first one who led them into idolatry. His father was playing

politics; came into union with this evil, pagan woman, Jezebel. And she actually seduced him because her plan was to take control of that nation and lead it away from God. So, she saw the opportunity, when his kingdom was being weakened and he needed her money to secure his kingdom to get a second term.

Politicians always like a second term. Do you get what I am saying? They always want to serve and continue to serve and they talk about their 'legacy'. Everybody has their 'legacy'. When we looked at his 'legacy', the dog licked his blood. And a prophet, Elijah, who was sent at the time of the evening sacrifice to turn the hearts of the children back to the faith of the fathers, is the one who spoke out against this man and his wife. So, I know you are understanding me. You are understanding me very clearly.

God bless you. You may have your seat. I want to continue to read 2nd Chronicles 21. As I told you we are just taking it lightly, but there are some kind of heavy things this evening, but we'll just say 'so much'. [A limited amount -Ed.] That was the plan to begin with. So, you know, you just say 'so much' and the Spirit will direct you to just say little things and then God will visit you and connect the things for you. And you have a Pastor who is sitting there, and he is a person who just wants to—as soon as he sees the trail, he can follow it and put it together for you, I am sure, in the days to come.

But the reason for this was, I don't think I am preaching this because it is like, 'what to preach'. I feel I was directed to come back to this place. I feel I am saying it in the right place. Do you know what? I am not trying to make myself anything but Bro. Branham said he could have packed a stadium. I came out of meetings where we had thousands of people gathered there in Africa. But I've come to a little group like when he preached *Shalom*; a little group in a room where he said, "I believe God gave me a better thought" because he was among believers and it was a time where the

moon had just blacked out when the Pope went to Jerusalem and all these things. Things were happening on the earth in the political and the religious realms.

And so, sometimes any Minister, who knows the Bible is a Book of prophecy and the Book of Revelation is the Message of the Hour because the whole Bible ends up in the Book of Revelation, that one Book in the end. That is why in your *Church Ages* book, there is all the Doctrine of the Bible. So, when you can conceptualize that: “How could God write a Book...”

And the Prophet brought that Church Ages because out of the Ages came the Seals, out of the Seals came the Trumpets; out of the Trumpets came the Vials. He said, “If any man gets the Church Ages by revelation, Light upon Light will follow until the whole Book is opened before your wide wondering eyes.” So, that tells you...

You see, these are the places, you know. These things are not really in the sense of, “This is deep and this is deep and was preached this mysteriously.” Sometimes people get there and they lose it, and sometimes they like to hear the little part that the human mind can grasp.

But these places are where the access is, the access points. When that place unlocks, you walk into a whole world of the Word and you are living now, in a world of the Word, where everything around you is making sense. When you look at religion, your mind goes in the First Seal. When you look at the wars on the earth, your mind goes in the Second Seal – political disturbance. When you watch in the economic realm and what is happening in the stock market, your mind goes in the Third Seal. When you watch in the information and see what they are doing, you know you are in the Fourth Seal.

You know the uniting time. He is uniting the powers in the world because now, Satan is getting ready to be enthroned as God – the god of this evil Age over his

Satan's Eden he's built for six thousand years and his subjects, and knoweth it not. They're blind, wretched, naked, miserable and knoweth it not, worshipping the devil ignorantly, thinking they are worshipping God.

They have already crucified Jesus Christ a second time, put Him out of the church and the man of sin is being raised up among them. And they do not know that Jesus this evening, is a fugitive on the outside with a little group like David, when Absalom stole the hearts of the people with his flatteries and took the kingdom, and drove David out of the kingdom. And David just had a few Gentiles with him but they were willing to go and sleep in a ravine, sleep in a cave with him, than to be in the palace with Absalom.

And Bro. Branham preached the message out of there, *Why Little Bethlehem*. See? It was at harvest time. Harvest time is the Wheat Age. Christ is rejected. The shuck pulled back and pushed the Grain out. And this one who was rejected, was the one who was anointed to be king over the kingdom, but he had to be a fugitive. But during that time, he picked up these Gentiles.

So, it's looking normal, like we are just coming along with the Message in the minority and this over here, this over here, but when you know the Word, you are understanding. These things give you identification that you see your time, you see your season, you see your experience, you see why it is this way and it brings peace. It doesn't bring any troubled mind: "I wonder if we are in the wrong church? I wonder if we should have been in a bigger church? I wonder if this small thing could have the Word? I wonder if God is interested in what is going on?" We don't have to go through these kinds of battles.

The thing is, we are not talking about being in the church, we are talking about being in the Word, where you know every move; you know every step. And you say, "Could it be so?" This is what *Shalom* is all about

– the symphony. He said, “It’s like Peter and the wolf; the symphony starts and it’s playing this way. And the director is directing from the music sheet and the whole symphony is getting under the spirit and the swing of the music as the director is directing it out. And that director, he knows the score because the composer who wrote that, the spirit of the composer is upon the director.”

He said, “And they know the junctions, they know the changes; they know what is going to happen. And just like when people go and sit in the great opera and these things and they get their little program, ‘Peter and the Wolf’, and they get their little program of the evening’s events and they sit there and they said, ‘Oh, we are ‘here’ in the program. Oh, we are here in the program now. Oh, we have an intermission here. The actors will go behind and change their masks for the final act.’” Oh my! And you’re there; you understand what is happening. You see?

It’s not like ‘church’ and ‘institution’ and ‘we have to keep our religion’. No! It’s walking with God. It’s union. It’s fellowship. Because Christ was put out of the institution and here He is, when the Message came, It didn’t come in Jerusalem, It came to shepherds in the hills of Bethlehem.

So, watch the Bible. That is why people miss things because they just know one or two little doctrinal points: Eve didn’t eat an apple, water baptism in the Name of Jesus, denominations are false, and they think they are going in on this. This hasn’t showed you yourself yet. That is just showing you the false vine. When you start to see yourself and realize, “Wait! I’m in the Bible? What is my whole life doing here?”

Like when I talk about the Prophet, I said, “Exodus 2: born a proper child, April the 6th 1909, 5a.m. in the morning.” I said, “Exodus 3: how the Angel came and commissioned me. When He came to Moses, I am come down and I’ve heard the cry and I am sending you,

Moses.’ See? ‘I am giving you two signs to confirm your commission, Moses.’” See? Exodus 24: Moses going up on the mountain in the Supernatural Cloud and coming back out with the Word – 1963. Do you understand what I am saying? So, it depends on where you stand up reading your Bible from.

Do you think Bro. Branham didn’t sit there and watch his whole life in that Bible? Do you know what he did? He called this Bible, the Lamb’s Book of Life where the names are written, even before the foundation of the world. He called this Bible, the Title Deed to an inheritance that Adam had.

These are not different Books; that’s this Book. [Bro. Vin indicates the Bible –Ed.] Because all of this, before it came in book form, when there was not an atom or a molecule, when He was the Self-existing One, all the Word, all the plan was already there. That is why the Bible said, “His works were finished before the foundation of the world.” [Hebrews 4:3 –Ed.] After that He is only speaking what He determined in His thoughts.

So, that’s why everyone who is coming on earth to fulfil a certain part, they come with the characteristic. You don’t add to a seed. The baptism of the Holy Ghost, like the rain falling on the tomatoes, it doesn’t make it tomatoes; it only brings up the life that is in the seed. Because the same rain is falling on cabbage seed and it is becoming cabbage. The same rain is falling on the cherry tree and it’s bringing forth cherries. The rain is only bringing up what life is in the seed. The same rain is falling on the tares and the weeds and thistles all around there and it’s bringing up that too. Do you understand?

It is what you are in your soul. Only Seed can be reborn. Because remember, when the Holy Ghost falls on a person, who is not predestinated to be born again, they can do great things but they can’t stay with the Word because in that soul, there is nothing there.

That is why they'll say, "Lord, didn't we cast out devils in Your Name? Didn't we speak in tongues? We did all these mighty things in Your Name."

He said, "Depart from Me you workers of iniquity. I never even knew you."

What was it? Let me show you. Seventy received power; cast out devils. Judas came back from casting out devils and was rejoicing. Peter came back from casting out devils and rejoiced. Jesus said, "When you are converted, strengthen your brethren." With all of that, they were not converted yet. The thing is, when that Seed is quickened in your 'earth', in your 'dirt', when that comes forth, its identification will be in this Book here. Then you are going to see the mystery of your life. So, that's a great thing.

So, now we want to go to 2nd Chronicles 21 and read from verse 1. Because we read here where this son of Jehoshaphat—son of Ahab rather, began to reign and he continued on just doing what his father did. Because the mother, though they are changing sons on the throne, the mother is in control. Though they changed plenty of presidents from John F. Kennedy to Lyndon Johnson and they came along to President Carter [James Earl Carter Jr. -Ed.] and they came down to President Reagan [Ronald Reagan -Ed.], and they came down to Nixon [Richard Nixon -Ed.], and then they kept coming along to Bush [George H. W. Bush -Ed.], and then from Bush they came to Clinton [Bill Clinton -Ed.], and then they came back to Bush's son [George W. Bush -Ed.], and then they went to Obama [Barack Obama -Ed.], and now they are in the big heat, but that woman was here since...

That is the woman who, Jesus was born when they were ruling the world. That is the woman who taxed the whole world where everybody had to go to their birthplace. That is the system that killed James; crucified Peter afterwards; cut Paul's head off. That is the same system that got wounded in Nicaea Rome and became Papal Rome - from a military power to an

ecclesiastical power; from a political empire to a religious empire.

And she became stronger in her control of the world because she found a more excellent way to do her schemes and remain hidden and govern from the inside, when it does not appear to be so, and it appears to people that the ones on the outside are who are really governing. So, whether Ahab was there and he went and Ahab's son came, it was the same policy as long as she sat there.

Now, this is put in the Bible. This is not a makeup thing. When you come in the New Testament in the Church Ages, the Spirit picked up that woman and said, "You have that woman Jezebel right here in the church." That is why she claims originality. That was the original church that started there in Rome; apostolic. Andronicus and Junias, men under the ministry of Paul, went out there and started a little group there when they banished Aquila and Priscilla and them – Acts 18.

By the time they went back, the church—there were all kinds of idols in the church because the rich men and different ones came in now and started to get power and position in the church, and the church now, started to move from spiritual, became hybridized; became political.

That is dangerous when things like that happen! And then when that happened now, It says even Polycarp went to try to call them back and the Holy Spirit spoke, (it is written there,) It said, "Leave Ephraim with his idols." [Hosea 4:17 -Ed.] In your *Church Ages* book, Pergamos. And then It tells you, the seat of Satan was right there. [Revelation 2:13 -Ed.]

He had moved from ancient Babylon now to Pergamos. And it tells you how those hidden secrets, when the Babylonian power fell, how it came over into Pergamos and ended up in Rome. And so, the Prophet shows us, the religion of Nimrod never went out of

existence; it just mingled itself with Christianity. See? And the whole world today, the Beast and the kings of the earth and all of them, they look at the system there, that woman seated on seven hills drunken with the blood of the saints and the martyrs, she is the power that is ruling in the affairs today.

This nation came up like a little lamb and out of here came the image of the Beast. That first one was called *the* Beast. This one, the image, is something made to look like the Beast too. That is why it is called ‘the image of the beast’ – *something like the one before*.

So, in this breach we are talking about here, there are two beasts. There are three angels’ messages. There is the war that started in Heaven and then where it ended up in Armageddon. All of this is in Revelation 12, 13, 14 and 15. The war that started in Heaven, takes you back to Eternity and it brings you down to the present, in this Hour here. And God put it there between the Trumpets and the Vials.

If you go on *Future Home*, you will hear Bro. Branham say, “One of these days I am going to take that right there and show you who Satan is, where he came from, how his beauty caused his fall, all these things, and show you how it’s going to come down.” [1964-0802, para. 9 -Ed.]

The nation of Israel, as we were saying on Wednesday night, this nation is a type—it’s a parallel to that nation. The geography, the events, the history, the politics, the religion, the blessings, the curse, all of this is parallel. If you look back at this nation in its matching time to Israel, David and Solomon, it’s great. If you look back at this nation in the time of Jeroboam, you see idolatry coming in; you see people going away from their original goals and objectives. Why? Because men who are in leadership positions are not of the caliber of the men they had before. Do you understand? So, it’s like that things move.

You see, that's why the Word is a Word to teach us and open our understanding, so when we walk and live in this life, you'll have spiritual discernment. You can talk to a person and very quickly know exactly where they are, know what their convictions are, know what their beliefs are, know how much principles they have; how deep their conviction is. Other people will talk to them and say, they are handsome, okay? or they have nice eyes. "Oh, I like that suit. Where did you get that, in J.C. Penney?" You see? Different people look at different things.

When that Prophet walked on that platform and he got there and began to look and that gift... Because that was a specially designed man and his mission and purpose in life was to keep the church in the center of God's will, and places where they didn't walk in that will, you see those churches started to go.

Remember 1963? He said, "There are just three good churches in this country." He said, "Life Tabernacle." He said, "Out in Chicago there with Mattsson Boze, here in the tabernacle; men were trying to stay with the Word." He said, "Those two are sincere and look where they have gone." He said, "And that is what we are trying to do – trying to keep this place spiritual." See? Because it is not so much the building, if we get a nicer building; it is how much the people are still submitting to the Word and how strong an influence the Word has in people's lives.

Because the people could just—the Catholics say, "We believe the pope; we believe so and so. Well, I don't like what is going on in the church these days, you know," and, "you know, there is too much of paedophilia." There are Catholics, they are worried about some of these things but then, they are just going along. What I am saying is that, the cathedral is still big and they still have the masses. But the people with all of this, they are not really under the Word. Because if they were under the Word and would express their

voice, the church wouldn't keep going down. If they search the Bible and realize those things are wrong and don't stand for it, it could make a difference.

Well, what about, let's say, we come to church and we say, "We are in the Message and Bro. Branham..." Everything we talk about, what we call the Message, we are talking historically about a man, a founder: "He was a good man. He was a man used of God." There's no argument over this!

But when he had to live his life, he had to face his temptation. He had to overcome his temptation. He had to trust God when he had problems with his family, when he had problems with his own self. When he ran to pray in the woods, when he was under pressure when they wanted to put him in jail for the tax case and all these things, he had to face all of this. But he let the Word govern his life.

And because he stood, that church could move. And he never compromised his Message. And that preaching created an atmosphere like when Finney and they were preaching the Gospel in England, Wesley and they, and Napoleon in the French revolution, was sweeping the whole of Europe. It couldn't have penetrated England because they had a repellent, because the revival of that Word was in the hearts of those believers.

So, this whole country could rotten and fall apart and if you have a group here taking in that Word, watering It with faith, do you know what God can do? Of course! The Light will shine that much greater in the darkness.

And this is where we are trying to bring this. While we talk about the things that are happening, those things also give witness and testimony to what God is doing among the Elect. Because if we see the tares becoming ripened and matured, wouldn't you look to see the Wheat ripened and matured? What is ripening... The Son wasn't sent to ripen the tares. The Son is given to ripen the Wheat. But because the tares

are in the field with the Wheat, they are being affected in such a way.

So, when you look and you see today that if the world you see is almost like devils incarnate, then when you look among believers, you ought to be seeing God being incarnated in His people too. Didn't He say, "He that is in you is greater than he that is in the world"? Didn't He say, "As I was in the Father and the Father in Me, so I in you and you in Me"? Didn't He say, "In that day when that which is perfect is come, you shall know as you were known"? So, you want to see that in the Church...

When you see a bad woman out there doing the vilest of things, and then you want to see a saintly woman walking inside of here with the Word of God; with faith and humility. When you see all kinds of men outside there, crooked, compromising and everything else, and then you see men walking in here, their face shining with the glory of God and the Word becoming Spirit and Life, and no matter how much shaking is taking place, they are anchored, this is a great thing.

Because it is the Light that ripens! And that is why churches are not ripening, many of them, because the Light has to advance. If for twenty years you are coming and that person is still preaching that same thing and they haven't moved from there, he is still in ABC's; he hasn't come to algebra yet.

You mean to say, you come along and the little boy is born, is going to school and you have the little pictures, you know, your grandson, and you have the pictures of the boy going to school and he is riding his tricycle. You are seeing him playing in the yard and different things. He is having his first, little book and he is trying to say the alphabet and these things. And then you come back twenty years later and he is still riding his tricycle and saying the alphabet. Will you be happy for that? You realize he hasn't moved anywhere; he hasn't grown. He might have grown in the body and gotten older; he has

a moustache and sideburns and hairy legs riding on the tricycle. When you see that, you know something is radically wrong. He is mentally retarded or something.

So, that is why the Light, as the Word opens and gets greater and greater among the people, you see the faith maturing, you see the humility, you see the Power of God moving, you see the unity in the saints, you see the conviction, you see how the purpose of God is being fulfilled; you are seeing the church and its condition. You see it advancing.

It's like the first time you met the church, you know, you met them in a little horse and buggy coming along. You come in a next season, you see them in a motorcar driving along nicely. Next thing they are flying now and they are coming down the tarmac; park at the gate. And the next thing when you come now, they are not just flying around here on earth; you see an astronaut church.

Bro. Branham said, "Jairus came and said, 'Come and lay hands on my daughter' when he had a crisis in the house. Come and lay hands on my daughter." He said, "Jairus with automobile faith." He said, "But the Roman centurion said, 'I am not worthy that You come under my roof, Sir. I also am a man of authority. You've come from a Kingdom that gave great authority to You because I've heard that You stay in one place and speak and devils are screaming, and You speak the Word and people are being healed in places; You are not there physically.' He said, 'That is something like me. I don't have to go down by the border to tell the person in my squad: I am a centurion. I'm over a hundred men. Please do so and so. No! I just send the word. I just speak and say, tell him so and so.'" He said, "The Roman centurion with astronaut faith."

So, when you go around a church at the beginning and see, the church is there and they don't know their position, they don't know which Age they are in, they aren't sure; they cannot understand how their names

are in the Book. When you go back after fifteen years, they still don't know if their name is in the Book. They are still trying to be saved. When you go back after twenty-five years, they still don't have peace and assurance yet. You know, "No, no, something is wrong." See?

But when the Church, the Light is coming forth, the people are maturing. And even the little ones, what we took twenty years to know, they know it in five. Because Abraham at seventy-five years old coming out: the just shall live by faith. He got circumcision at ninety-nine. Twenty-five years after walking with God, he got circumcision. Isaac, eight days old, same knife. Isaac at sixteen or seventeen years, laid down his life: "Father, not my will; thy will be done." He submitted; no argument, no debate, no... It was advancing, advancing.

So, I say that is why I like to come around here. You are a good church. You might not see yourself as a great church but you are a great church. A great church is not a big church! A great church is not wealthy people. A great church is a people who could submit to the Word. A great church understands role and function; understands that the members are designed and positioned there. That is what constitutes a great church: where the Spirit of God can move, where there is unity and cooperation and submission and these things; where the Word can work freely; where if John doesn't pack the wood, Harry packs the wood.

You don't have to beg and say, "Well, that is him. He is not doing his part." No, no! Everybody, because this is our church. You rally around your gift and you'll come into a golden age like in the time of Solomon. Solomon had no Spoken Word, Solomon didn't open the Red Sea, none of these things, but he had the greatest Age.

So you see, you can't measure things in a carnal way. Some people leave a church and run over here for this

or run over here for this because they haven't really gone too far in the Word yet. Moses was doing all of this and every few days he travelled, they wanted to go back to Egypt, they wanted to make a new king; constantly contentious about leadership in the church and all kinds of different things. See? It doesn't work so.

You have to—you see, this is the thing when you know the Bible by pattern, when you can see your experience in the Word and you begin to move, then the Word now is a Lamp to your feet; then the Word is a Light to your pathway. And that's why we here this evening, we are not in the world. We might be in the world in one sense, but we are not *of* the world. Our influence is from Above because Heaven is opened and the Angel has come down with the open Book. Hell is opened and those demons have come out in that kingdom there, which is Satan's Eden. But by the New Birth, we've already received the Spirit and are going back to this other Eden.

That perfection is calling. Deep calleth to Deep. Do you understand? So, that's why we have a burden. That's why we have conviction. That's why we check our principles and we want to know we are not playing, trying to pretend and give an impression. We are looking close in the Word to see, "Am I doing that right? Is this the way this is to be done? Can I do more? Am I willing to do more?" And you are examining your own willingness. You are not serving God with eye service and these things because you realize, "No, I can do more because I've gotten more revelation. I am stronger now. I am worrying less. I am overcoming more self, so more Spirit can operate." See?

Because God is delivering you from yourself so He can work mightily through you. Because He already knows, "I only have a few." That's why one can put a thousand to flight. "But I have to get them into condition because right now, they are fighting up with one." But when that one starts to put ten and fifteen and twenty, then you

begin to discover your potential. Because God planned your life to lead you into discovery of what you had, you know. You do not know the faith you have when you started, you know. You do not even know you have untapped resources. You don't know hidden potential is laying there. But the trials that God appointed in your life, leads you to discover something.

Like when the devil was telling the Prophet, he said, "Look at you, you are fasting, you are starving yourself; look what you've come down to. Your father is gone, now God is taking your wife, He took your daughter," he said, "and you are trying your best to serve God, and you are giving everything you have to the church. Look at your condition now."

He said, "Yes, yes, yes, yes, yes." But he hit a spot. He discovered something, you know. He said, "At that time I wasn't trying to keep my religion; my religion was keeping me." In that time he contacted a spot where Something said, and the Scripture in Job came up, "Though He slay me, yet I will trust Him! [Job 13:15 -Ed.] The Lord giveth and the Lord taketh away; blessed be the Name of the Lord!" [Job 1:21 -Ed.] What he was going through, there was a Word for it and when God inspired that Word, he just came out of it and everything was under his feet again. It's the same for you. There is a Word for you tonight, for what you are going through in your places! All you need is to find that place.

Like the woman said, the widow of Zarephath, "I only have a handful of meal, sir. Look at my condition!" She said, "We could have eaten this since last week and be dead already. But you see my little boy here, we are eating so sparingly. And I stopped taking care of myself to prolong the life of this boy, that if I go, this boy has a future when God changes this, because this situation here, from what the prophet had said, I've heard it is going to be three and a half years."

She didn't know she was talking to the prophet, you know. She thought she was talking to some man. But

when he said, “THUS SAITH THE LORD, the cruse and the oil shall not fail until God sends rain,” she started to realize, “Oh my God! The man who shut this heaven is in my house.” See? When she thought it was a rejoicing thing, he said, “Now bake me the cake first.” Well brother, all her discernment of the body...

The Prophet said, “Watch the order. She was going to get the blessing. She was going to discover her faith. She was going to see a paradox.” But to come into that, it’s not like, “God, give me a paradox. God, give me a paradox.” No. There was a situation she had to overcome: “Can you go into a deeper self-sacrifice; put yourself on the altar?” See? And she went and made that cake and put it in his hand.

See, on the humanitarian level she said, “Well, he is going and die and we are going and die, so let me die with a good conscience. I did my last good deed. I will give him the water.” She said, “We have a little bit of water here, take it. But this here is for me and my son.”

He said, “What you have for you and your son, bake me a cake.”

She could have said, “What kind of a man are you? Are you a man of God? You’ve gotten the water already. Do you want the last thing? Do you want to kill me and my son? Do you want to hasten us to the grave?” He said, “But THUS SAITH THE LORD!” Whoo! Something inside. This is not the mind now. This is not the feelings, the emotions; that’s down in the soul. It showed she had something real. She was a real believer. That is what...

Why are we here today? We heard that voice on the tape, unless you lived back there and you were in the meetings and you got saved quite there. But we heard the voice on the tape and something told us, “That man there.” Somebody says, “There are a lot of other tapes; listen to all. There are other men; there are a lot of people. You just heard this alone and you want to make

a decision?” She knew that was Omnipotence; that was Omniscience.

I still remember at the back of a shop on a Wollensak tape, we sat there, about six or seven people. On this spool, from the time they turned this tape on, *Looking To The Unseen* [1958-1003 -Ed.] and this man began to pray, Something said... I didn't even know to think in these terms and speak in those terms but I was speaking within myself, I said, “This man is talking to God.” Because I was looking for a God and I was saying, “If this God is alive, let Him talk to me like He talked to Moses.” Because I looked at Christianity there, denomination, and I found that looked too false and artificial. I said, “I don't want that.”

I was on my way to Tibet, to the Himalaya Mountains and then I found this. I said, “Look where I am finding this – in the back of a little, old...” What we call ‘shop’ is not what you call ‘shop’ here, you know. This is one little, dusty, kind of storeroom thing in a place there. But inside of there I heard the voice. I wasn't interested whether the floor was swept or the people were well dressed. The voice spoke to the inner man. My sheep will hear My Voice.

And that's why when a Minister gets on a platform like this here, you want to be conscious. Look at me already. I was reading my Scripture. But this moving in me, so I want to be conscious because in my prayer I was praying... I am remembering now, I was saying, “Lord, people may have things, but You can speak a Word right there and they can know that they and God alone know that.” You see?

Because we are not ecclesiastical. We want to more feel that we are spiritual and you want to depend upon God, the Living God, Who said, “Where two or three are gathered in My Name, I am there.” And if He is there and you believe He is here, I don't want to speak, I want Him to speak. See? So, I have some things I believe He gave me to speak but the thing is—you know He said...

I think we were by the home yesterday and he said, “Which way are we going, the European way or the English way?” or whatever it is. I think they said one eats their salad before and the other eats it after. So, God knows the order which way He... If He says, “Eat the salad now” or “Leave this too for afterwards,” but God wants to say this part here first. I want to read this first but this is where it’s coming out first. You see?

But I believe this is a very, very dreadful Hour. And like I was telling you the first night, people... Because to them, they can’t read ‘America’ in the Bible but America is all over the Bible from Genesis to Revelation. Just like you are from Genesis to Revelation but you aren’t seeing your natural name, so America is there but you aren’t seeing the word ‘America’; so Bro. Branham is there, but you are not seeing that. Do you get what I’m saying? There were many big nations that polluted the world in its time and its season.

When Bro. Branham... Read *Handwriting On The Wall* [1956-0902 -Ed.], he said, “Look at this drunken American party and what is going on in this religious world and this Babylon, this ecclesiastical Babylon, and God is going to bring the thing down. And they are trusting in their science and their defence systems and these things.” But he was preaching about Belshazzar and Babylon, but when he looked there, he was seeing the nation here. Then he looked at it and also saw Rome.

But what do you think this is? This is an image of that nation. It wasn’t at first but it has become. It started off as a nice, little thing for freedom of religion. Now, it is ending up with, who doesn’t bow to worship will get killed; the little lamb with two horns and they left Europe to come here for freedom of religion.

Since that time, the Ten Commandments, Christ and everything were taken down. Since that time, it’s a homosexual nation. The ecumenical move started here and all the daughters were coming back together to give

their support to Rome. Since that time a Prophet came and cursed it. But it didn't start like that. God couldn't curse it when it started; it started on good principles. But whether it's a man, a family, a church who walks away or drifts away gradually from the Word of God...

Look at Azusa Street Pentecostal revival. They were out with the guitar, women didn't have any stockings, nothing at all; going on the train line, putting the corn on the train line to crush the corn and so on; praying all night; the Minister's head was in a shoe box before he came out to preach, and they had a revival. But after World War II and they got rich and increased with goods, they became blind, wretched, naked, miserable, saying, "I have need of nothing anymore" and then they put Christ on the outside of the church.

But back there when the Holy Ghost came, (whooh!) Christ was among them; they were happy. But when they started to get money and civilization started to advance, and they started to get cozy and they started to get... Then with all of that, God spewed it out of His mouth. He said, "You're neither hot nor cold; you're lukewarm. You make Me sick to My stomach. I feel to vomit." And God vomited it out.

God used those terms in the Bible to speak of a church that started a revival there. All of them came together to dis-fellowship the Prophet. He had no place to preach after a while. They wanted him to use the gift and see people healed but they didn't want him to preach his conviction on the Word. See? So, this is how it is.

So, I'm showing you, you know, little illustrations, but to bring out to you... The world started with one man. If one man goes away from the Word, God will have to judge him. If one man believes the Word, God will save him. If a family rejects the Word, God will have to reject them. If they believe the Word, God can save them. If a church receives the Word, God will bless them. If they reject the Word... That's why He said,

“Who rejects you, reject Me.” And when they rejected the Message of this Hour, they didn’t know they rejected God. They thought they were serving God. You see?

So, when you look now, you realize now, how people have to be keeping in your heart what your experience is. If God does something for you in your life, you don’t want that fire ever to go out. It may die down. You may have problems. You might be growing in your revelation so you aren’t fully stable, so you’re worrying about things: you’re worrying you don’t have this, you’re worrying you don’t have that, you’re going through hardships; you’re not getting help and you think you should be getting help and, you know, you’re going through crisis. It’s breaking you down because you aren’t established and rooted and grounded.

But the person who is established and rooted and grounded, they are happy because their joy didn’t come from those things; their joy came with Christ living in them. And they know God will give them, and they understand their lives have trials and testing. They know the children of Israel murmured and complained when they didn’t have anything but then God was providing everything to show them He was there. He was training them: “Think it not strange concerning the fiery trials.” See?

But when you start to get mature now and you begin to understand this, you realize, “Do you know something? I really want to stand for this Word! I don’t just want to go to church; I want to be able to be a witness.” A witness is one who sees. “I want to tell somebody. And when we sit, if I tell them about what God did for me, I want God to be able to help me to tell them and let them even see it. If I can’t tell it, well, let it be so clear that what I’m failing in my ability to express it, I could make up in my display of it.”

So they’ll say, “He can’t explain what he’s going through, you know, but he is really a nice person. He has deep conviction. I wish my conviction was like that.

I could articulate and I could express and I could so, so, but I want his kind of conviction.” There is that in their life because God made it up like that. And when we see this, we want to walk a little closer.

This is a great Hour. This is what we’ve been born for – the victory, the overcoming; the glorifying of the Name of Jesus Christ in a people. This is what we are called for. This is why we’re given the Truths. This is why we were put under this kind of Light – to bake this into reality that when people get in our presence and we begin to speak with them or we begin to interact with them, they realize, “You all have something. There is something about you. Tell me. Tell me, what it is that has you this way? There is something about you.” See? Because that is really Christ.

Remember when Bro. Branham talked about the spring? He said, “Little spring, is it because I’m drinking from you? Why are you bubbling like this?”

What was he trying to say about the spring and the spring.

The spring said, “No, it’s not because you drank. The deer drinks.” He said, “Antelopes pass here and drink.” He said, “And little rabbits too come and drink.” He said, “It’s a power that is pushing me, pushing this thing up; keeping it crystal clear.”

And when you recognize that in your life, you want to keep that. That is your value. That’s why God said, “Buy of Me gold tried in the fire, you will be rich; you will be a rich man.” And when you watch at your bank account, it is small. And the man whose bank account is big and he doesn’t have this, he is poor as poor can be in God’s Kingdom. As far as God’s Kingdom is concerned, he’s a really poor man. When God wants to do something for somebody, God can’t use this man, God has to use this other man here. See?

So, it’s whether we want to impress people or whether we want to please God. And God is moved by us that He could say, “This is My beloved son, this is My beloved

daughter in whom I am well pleased. These are My children. This is My family.” See? God is happy, you know, when God sees that we carry His Name with this kind of dignity and this kind of conviction. As Paul said, “I am not ashamed of the Gospel of Jesus Christ. I know it’s the Power of God unto salvation.” [Romans 1:16 -Ed.]

You have something more powerful than the atomic bomb! He said, “Prayer is more powerful than the atomic bomb.” [1961-0207, para. 9 -Ed.] You can say, “Brother, come. All this crying and suicidal thoughts you’re getting, brother, you don’t have to go through this. Come here, my brother.” Divine Love starts to come out. Intercessory prayer starts to go on inside of there; see that person walk away changed, transformed; delivered.

Look what Paul and Silas praising was doing – opening prison doors and chains were falling off of people. Look what Peter and them prayer were doing – people were getting refilled with the Spirit. Spirit-filled people were getting refilled. It’s not like, “Well, I got the Holy Spirit already, so I’m saved.” No, no! God’s keeping it fresh in your life, giving you increase in your life.

You see, the Age got too intellectual where people think it’s something to read and figure out, and they don’t have the sweetness in their heart when you meet them. They’re trying to remember this quotation or remember this here: “Oh yeah, what tape is that again?” No, it’s something inside of you living, alive, jumping out of you. Just the handshake, just the smile: “How are you going, brother? It’s a long time I haven’t seen you. How are you going sister? I’m glad to see you. Is your family okay? Is everything alright?” In your presence there is something – Christ; tabernacling Deity. It’s a great thing, you know.

This is what God gave to us through the Message. When we say ‘the Message’, this is what the Message came to bring. The Message brought Christ; unveiled

this mighty God, so He could be veiled again in us now. That's right. So, we see how beautiful...

"Bro. Branham, it wasn't you."

He said, "Of course it was not me. It's Christ, the Mystery of God revealed."

"Bro. Branham, this..."

"No, it's the mighty God unveiled. No. It is He that is in me."

See?

Somebody said, "I want that. Could we have that?"

He said, "Yes. You won't have this gift to stand and turn your back and discern, you know, that's for a prophet." He said, "But this here, 'He in you', He wants to live in all of you."

Know ye not ye are the temple of the Living God? You have the same Token; you have the same Life in your measure, in your position; the same blessing. This is the thing. So beautiful, this God. This is... [Bro. Vin laughs -Ed.] Hallelujah!

Look, the last few days I was having a jubilee by myself. So, I got in the Word, I said, "I can't preach all of that in this service." So, that's why I'm here and I'm already seeing, "Oh, no, no. For you to really spend a little time with this, you will have to stay here for about two weeks." I could! I might! I don't know. You see?

This is a good time for him [Bro. Didier Kalambaie -Ed.] to be refreshed. You see, preachers need to have their souls fed as well. They need good fellowship with those of like precious faith; kindred spirits, that we could talk the deeper things. That's what we're doing all the time; every time we sit by the table, when we sit by the...

Yesterday we walked out of Bro. Jeremy's house, I said, "Hey, you all have a—this is an access point. There is a portal or something here. The reception here is really good; only transmission, high definition coming down." Over there, it came down in the other house over there. I said, "Whoo!" We were at the table there, it's coming down. That is how it is. Maybe here too has

something. [Bro. Vin laughs. -Ed.] This is really high speed Internet. You see, no matter which situation you're in, which GPS, you know, if you have to access things, it is a fast download; quickly. It's a great thing.

Let me finish read this Scripture here and we'll just open some of the things by just speaking a little bit to you. But when I read the Scripture for you, you'll see the Scripture and you'll get the background, so you'll realize it's something from the Bible that we are looking at, that shines light on what is happening around us.

And this first Scripture here in Kings is showing us what was happening in the days after Jehoshaphat died. Now remember, it was two kingdoms. Jehoshaphat was king of Judah and Ahab was king of the ten tribes, the northern kingdom, which is called Israel. And so, these were like two divisions of one nation. I'll show you how this, where the Prophet spoke, "America is a type of Israel," and the same way Israel had two kingdoms, here has two kingdoms: Republican and Democrats.

When that Catholic spirit came in, she went to the Democrats. Way back in 1919, after World War I, (I think Wilson [Thomas Woodrow Wilson -Ed.] was the president there,) the Catholic Church was trying to get a hold of this man. See? Because as I told you, when the Mayflower came and landed at Plymouth Rock, Jesuits were right in there.

Christopher Columbus was Roman Catholic. When he was coming, it was the king of Spain, Ferdinand and Queen Isabella, who sponsored all of this expedition. In other words, they picked up three old ships and said... Well, these kinds of people, everybody was daydreaming, but the economy was bad. They had come through bubonic plague, Black Death, all these different things. With all the wars and these things, the economy was bad. Everything was falling apart. They needed to find something new.

Politicians need some distraction. You need a good invention. You need something where you can get everybody's attention in a different direction. Because if people are only seeing problems, problems, problems, you're going to have riots; you're going to have people who are going to express how discontented they are. Next thing, you're going to have a discourage people. They are not going to work, then the country will be going down.

So, during that time, you had these dreamers. Because remember, up till that time, nobody knew the Americas. In that eastern civilization nobody knew that these two continents existed. That's why in the Book of Daniel, It gives you four kingdoms: Babylon, Medes and Persia; in Europe, the next two – Greece and Rome. So, the four kingdoms covered Asia and Europe, those two continents.

So, there was no way... So, when Rome came now as the fourth empire and they are over the kingdoms of Europe and Asia, there was nowhere for the Protestants to run for refuge. They would have exterminated them there. God, during that time, they discovered these places.

In those days it didn't have planes (catch this) where you could fly over the continents, see all the coastline, see the big lakes, see the big rivers, see the big mountains full of gold and diamond and iron and copper and uranium and, you know. They couldn't see that. They couldn't see how huge the forests were and how much lumber and these things there were; see how many buffaloes and grasslands and prairie lands. They couldn't see this because you had a little boat, you go out there, you go around the coast, you could only see a little bit of the place. Planes were not invented yet, so nobody even knew the size of the territory. They couldn't even draw a map to say what it looked like; which is the best place to access it. Do you understand?

But it was there when Babylon was there. It was there, when in the days of Noah, after the flood, before the continents pulled apart, it was one land mass. Look where Russia is and Alaska is. Right? Look, where the coastline of South America and Africa are, if you put it together, it comes like two pieces of a puzzle.

So, that's why those people when you try to find out how they migrated from way back there, they came through the Bering Strait, they said, and then they came through Alaska and they came down there. And all these native Indians and these that populate this place... And then when they go down now, through Central America into South America, you have the Aztecs, you have the Incas, you have the Mayans, and then you see all the different pyramids like they had back there in the old civilization.

Then they begin to realize, all these places in those days, the Bible wasn't in a written form like we have, so they knew it by the stars. It was for times and seasons. Do you understand? So, to observe the stars in their position... Now the continents have pulled apart; now the earth is off its axis. So, to view certain constellations that you could have normally viewed before they pulled apart, you have to get in the location now to see because that... The heavens declare the glory of God. Day unto day it uttereth speech; night unto night it showeth knowledge. Right? The wise men said, "We have seen His star in the East and we have come to worship Him. Where is He born King of the Jews?"

The Magi said, "April the 6th 1909, 5a.m. in the morning, you were born." She said, "I looked for you. For about twenty-one years I'm looking for you." She wasn't looking in Africa, you know. She wasn't looking in India. By the longitude and latitude where the constellation appeared, she knew the location.

That is why they came to Palestine when they saw the star rise. And they came straight to the country there

and they went to the religious capital, thinking that they would know about it, and they didn't know.

So, when you look and see, back there in the Dark Ages, they didn't know of that place yet. In 1492 it was discovered. And when this thing was discovered now, they realized, there were tens of millions of people; there were civilizations. They built all those pyramids down there: the Mayan civilization and the Aztec civilization; all the hot water and cold water. I went up some of these pyramids. I went in the Ruins of Copan and all these places. See?

So, when you look and you see the kind of civilization they had, and where the people would congregate, where they had their system; the kind of agricultural sciences that they knew. They had buildings that were far bigger; you couldn't find anything in Europe almost, to some of these civilizations they had there. They were already working in gold and silver and copper, in minerals and these things. When they went and they saw this gold, this is what started the thing because they wanted to take that back to Rome.

Up till this day, the whole—from Mexico to Chile is Roman Catholic. And the people are still in poverty. All their history is destroyed. Upon the locations where they had the great centers of their arts and sciences and politics and these things, there are big Catholic cathedrals. So, when the new generation came, they are not seeing anything of their ancestors. They are only seeing pope and saints and Mary and this one, and Saint Cecilia; burn a candle and all of these things. So, they got disconnected from their history. They don't know where they came from, so they are easy now to be enslaved.

Then those people sowed their seed. They killed the men, sowed their seed into the women and then the generation that came forth became their seed, they are living on the land and these are the heirs of the land. Do you catch that?

This is what Balaam wanted to do when he wanted to interbreed Israel with Moab. This is why Moses believed in ethnic cleansing and said, “Kill every woman that lies with a man; kill every man that lies with a woman. Keep this blood original because the Messiah is coming through this.”

This is the spiritual form when the church fell into organization at Nicaea, Rome and religion and politics came together. And then out of the Nicene Council, it came to Thyatira, mystery Babylon, and from her came all the Protestants churches. And they are coming forth as Protestant churches but full of Catholic tradition.

Luther protested the Catholic Church, but he came with his Trinitarian baptism. He threw the wine on the ground, he threw the wafer on the ground, he nailed his thesis on the door, but he came out with the sprinkling and all these things. See? Wesley and they came and brought some more of the same things. Because they were not going to be delivered from that until Elijah came, because that Jezebel broke down the altar.

When he came – the original Gospel. Until he came, everybody was looking back at their founder. Pentecostals were looking back to Azusa Street. Methodists were looking back to John Wesley. Baptists were looking back to John Smith. Lutherans were looking back to Martin Luther. They were not looking back to Pentecost where the church started. They were not looking back to the original Doctrine that Paul had when he said, “I have laid the foundation that no other man can lay. [1st Corinthians 3:10-11 –Ed.] If an angel comes from Heaven and preach anything different, let him be accursed.” [Galatians 1:8 –Ed.]

So, anybody who was being born through organization back there that was not in the Body by predestination, well, they are born of corruptible seed. But the believer walked in what Light the messenger brought. See? So, in the Light of Luther, you came out

with something. You left the system but you still had things of the system in you. See?

These things are put in the Word for you to look and see. Now if some of these things sometimes are not purged out of people, it comes back to haunt you. Sometimes unconsciously you see things jump out and you say, "Where did this come from?" As you look at it good, you know where you got it. Bro. Branham was picking off a cocklebur off his foot. He was running after javelina. When he came and was standing on the mountain there now, looking out, he looked at the pants, he said, "Hey, I didn't get this up here. I got this down there." Things jump on you.

Whew! We're going okay still. Yes, you see, I pause a little bit because I too had to take a breath here. Yeah! I pause for a little breath. You see, it's life, you know. It's life. Your power is only so much and it could operate so much, depending on what kind of life it is coming out of. If it's a hybrid life, it's not going to do too much.

So, those people when they killed out all of that civilization, the time reached, the English got in, the French got in; in Canada the English, and then out of the English, they had the revolution that gave birth to the United States. And that started to fulfil Scripture. It is even mathematically correct in the Bible coming out of Revelation 13 – a Beast from the earth. But the prophecy concerning this beast is going to be, she...

Now all of this was already in the Old Testament, you know. This is how Israel came out. And the same way Israel came out, America now is coming out for freedom of religion, and they are heading straight to a season where they will have an Ahab and Jezebel and then the nation will take on its true identity in prophecy. It will start to be an image of the first Beast, that the first Beast could do all her evil through this one and remain hidden. She's not being seen. In other words, this nation could go into Iraq and plunder, this nation could go into Libya, this nation could use the media and blind

the people and these things, but that counsel is coming from this woman and she is not being seen. She's not being seen. This is the thing.

And Elijah the... Now if this... I'm catching something here. If this nation is in prophecy and God has to bring the last Messenger... Because remember, when this nation was discovered, you already had two stages of the reformation on the way in Germany and England. Where was it heading? It was heading to the United States. Where is the third stage? We had water under Luther coming out, like Israel came out of Egypt, coming through the Red Sea – first stage. Wesley brought them sanctification, coming through the wilderness – next stage.

Then you come into Kadesh-barnea. You are coming to the firstfruits, and that's where the Holy Spirit now, is going to come and pour out on a people. And that happened in Azusa Street. And then what was going to follow that? The Word; the opening of the Seven Seals and these things. So, where the Prophet will have to come? Here. The Messenger, just like Luther rose up in Germany, Wesley rose up in England, the Messenger, the Evening Messenger has to come to this land – the Third Angel's Message. I was showing you how that Third...

You see, the Bible is not confusing, you know. We know him as the Seventh Angel, Seventh Angel, Seventh Angel, Seventh Angel, but there is a prophecy calling him the Third Angel here. But when he calls him 'the Third Angel' here now, he's dealing specifically with these two beasts. Do you get what I'm saying? Because there are messages to expose the Beast, the image of the Beast and the mark of the Beast, and get the people out and warn them with a strong warning that if they do that, they will be tormented day and night. So, that Third Angel's Message was coming where the Beast was coming out.

And this is what I realize, many people are not understanding these things. They do not know how... Like I was telling you on Wednesday, these two nations, these two beasts are who are controlling the world today. These are the two nations controlling the world today.

But this one from the time she came in and she... It took her from 1776 until 1960 to get a president inside of there, you know. From the time they got in there, Bro. Branham said, "Watch and see" because now, Elijah the Prophet was there. Elijah, the prophet, was back there. What did he say? Drought is coming, famine in the land, pestilence and these things are coming, depression; war is coming on this country – Elijah.

When the Jezebel comes here, what is he going to do, bless it? He said, "Watch famine and depression and war follow this." He said, "And watch, she will bewitch this nation with all her sorceries. And watch the kind of idolatry and these things that will move in this land here."

I mean a person has to be blind not to see that today. You have twenty-four hours ESPN, twenty-four hours movie channel, twenty-four hours pornography; you have all kinds of things. And when you watch and see, the people who are doing all their science, who are doing most of their different things are Asians, Africans, people up in China who came in as immigrants into position. And you see the—Because it's an immigrant nation. They said, "Come and you'll receive the American dream." There is no American dream; that's a nightmare now.

You all know me long enough. You all heard me preach these things from way back there. I am not... My objective is to keep what the Prophet said alive. Because the reason the church is in the condition and they don't know what is happening around them and become desensitized, is because they are not saying

exactly what he was saying about this place. They are trying to...

You can't bless what God cursed. That is what Zedekiah was doing. Elijah said, "The dog will lick this man's blood," and this nation and these things and Zedekiah was coming to bless. See? Jeremiah said, "You are going for seventy years." Hananiah was coming to bless: "No. We are only going for two years and come back." When God blesses something, it's blessed. When God curses something, it's cursed.

Bro. Branham even had to defend that. They said, "It's a shame on you, Bro. Branham. As an American you are talking like this?"

He said, "Didn't Elijah speak against Israel? Didn't Moses speak against Israel? Didn't John and Jesus speak against Israel?" Didn't Jesus tell them, 'How often have I gathered you as a hen gathers her brood?' Didn't Jesus tell them that they will be scattered into all nations and these things?" Of course. He said, "People are living on past reputation."

That's why I'm saying, when you understand the prophecy, the nation is not the nation that started. In other words, this nation had a season of 'no Jezebel', then she had the 'Jezebel' season. And when she comes to the 'Jezebel' season, that woman is going to lead this thing to its destruction and ruin. And that is coming to pass because that's the direct "THUS SAITH THE LORD" through the mouth of a Prophet and the Bible.

Now, who do you get who are blessing the nation? Denominational people who rejected the Message! Look at the blindness of religion. They said, "Mr. Trump, make America great again. Bring back the glory to America." *True Sign Overlooked; God Being Misunderstood.* They never saw indictment. They are blind to...they think that... They disagreed with what happened in the last eight years.

But I want to show you some of this there, that if you do not know their prophecy... In other words, if you

know their prophecy, you'll know yours. If you know the Prophet's prophecy, you'll know them because I'm showing you, he's the Third Angel. He came and gave the whole history of this nation from birth to death. He showed how they left Europe for freedom of religion like Israel. He showed how they had great leaders like Washington [George Washington -Ed.] and Lincoln. [Abraham Lincoln -Ed.] He showed how Kennedy came. He showed that the history is repeating itself. He said God told him, "Pick up your pen and write this." And then the same God Who showed all of that, showed him the Seventh Vision. He saw the birth until the death of this thing. And he lived and went.

He said, "Many a Branham died on the battlefield all over, fighting for this nation." He said, "I too wanted to go and fight but they didn't let me go in the army." See? Because this man loved his country. Who wouldn't love his country? But the thing is, he said, "Honey, we are not Americans, you know." He told his wife, he said, "We don't have that spirit."

You see, hear a thing you can't get mixed up with: nationality; there is a national spirit. Nationality doesn't mean your race. Nationality means, you live in a nation. You have citizenship; you've become part of that nation.

Because there are many people in America today who really weren't born here but they're living here today. They are immigrants. They are established. There are some of them, as immigrants, who have come to higher positions, laboring for the country, more than people who were born here. Then there are people who were brought here as slaves to labor in the field. So when you look now, they are all citizens. That is nationality – Jesus *of* Nazareth; Saul *of* Tarsus. You know, where you are from, your place, your identification; a location.

But then he now knows, "I might like cherry pie, I might like opossum, I might like these things because I'm born and raised in this environment. But that's my

flesh; that's not me. That's my flesh. 'Me' is the soul inside who comes from God. And inside of here, I love Jesus, I love the Word; I love this. And when I have to choose between the Word and this, my stand is for the Word first." This is what it is.

Because this nation is the one that robbed the people of their freedoms. This nation is the one that's getting ready, where you can't buy or sell except you have the mark. This nation is being empowered with the law to kill somebody as a heretic. Because the Beast isn't doing it by herself, you know, but she is the boss, so she's giving the orders and they're carrying it out because they gave their strength and their power to the Beast, to do the will of the Beast because they need her money to survive.

He said, "This nation has sold its birthright by going in with that pagan who killed sixty-eight million Christians. Whom they ran from to start this nation, they have gone back to this woman and they put this woman in the White House, and she's in control. That is the real facts. That is not even Message, that is history. That is history. See?

Here we have them too. [Bro. Vin laughs -Ed.] It's all over, nationally. But the Bible says, "We are a chosen generation, we are a royal priesthood; we are a holy nation." We too are a nation. That's right. We are governed by laws of God, by the Word of Truth. We lift our flag – the Blood-stained banner. We don't let that fall; we lift it up high. As Paul said, "Our citizenship is not from here; it's from Above." And it's time people rise up to another level of thinking in this Hour and understand the time that we have come to in this junction.

I'm just reading to show you, these things in the Bible are happening. That which was, is now; that which shall be, hath already been. There is nothing new under the sun. History only repeats itself. And when you see how that came in and the methods by which it came

in... And that's what I want to show you. I want to show you how Jezebel came in, the methods she used: firstly to take the ten tribes and then to take Judah, and then the whole nation was under her.

Bro. Branham said, "They already know who is going into power." Like I mentioned the other night, all of this is theatre. This is theatre. You see, this would not be theatre if there was no Jezebel. If this is not the Beast that came out of the earth, there is no theatre; that is real. But when you know the Scripture and you know how they deceived the world, and you understand the prince of the power of the air, not storms and hurricanes alone but your phone, your computer, all these things, it's the ether waves. All information, it is coming through there – digital signals.

This is what unites the world today. This is what brings the world into a global village that you can sit here or walk in a room there and spend half an hour and come back out and say, "You know, I just bought a Land Rover and a SUV in Japan, and I shopped and got some clothes in France."

Someone says, "You're kidding!"

Kidding? With that electronic money, that card and this information superhighway, and the access into those countries. And then you're seeing the color. You say, "Well, what color is it that you're buying?" They will tell you the color, they will tell you the series, they will tell you everything because it's right there.

But many haven't awakened to that world, so they are living in a past Age. Let me tell you, if you go back there, when Bro. Branham was speaking between 1946 and 1965, it is not this world here, you know. All the language of this world has changed. And if you haven't realized that the world has changed around you... It has come up to another evolution. It has come up to another evolution.

This is why the Light came. This is why there was the opening of the Seals – to uncover how the world was

going to be trapped; how they will be enslaved in their minds. Everybody says, “Greatest battle ever fought” and they’re quoting, “greatest battle ever fought.” It is right here in the mind.

But how does it come in your mind? You take in knowledge by what you see and what you hear. Seeing is video in Latin; hearing is audio. Video and audio govern all communication. If you go into a classroom, a teacher was on a board doing this. [Bro. Vin imitates writing on a blackboard with chalk -Ed.] Now, the teacher is with an iPad. You have your iPad here. Through WhatsApp, they’re sending you the things in school, to the whole classroom and everything else, and they’re transmitting this information; distance learning and all these things. It’s advanced. You see?

And people don’t understand the warfare. Because out there, there are so many powers and corporates and different things, competing for your mind. They want you to wear that shoe, they want you to wear this tie, they want you to get this here; they want to tell you a sale is coming up; they want you to shop at this time; this comes up; a discount here. And all of this now, in a tight economy, makes you a financial controller. You didn’t even go and study that but the system trained you to shop here and do this.

And then sometimes you get yourself in situations and you realize, seeing, hearing, this... By the time you’re done with that and you go to pick up the Word, you’re tired because it’s pulling you into that world. And then you open *The Greatest Battle Ever Fought* [1962-0311 -Ed.] and when you read it, you can’t see the battle, and you don’t understand how to fight that battle within yourself and take back control of your mind. You can’t do it if the Holy Ghost is not in there, because the Word is mighty to the pulling down of strongholds, bringing every thought into captivity to the obedience of Christ. [2nd Corinthians 10:4-5 -Ed.]

Sometimes when a person goes through a crisis, they're depressed. Right away you are depressed and you can't think; you can't even think a Scripture about this. You can't think about something that was taught in the Message, you know, *The Absolute*, to anchor your soul or something; *Wisdom Versus Faith* [1962-0401 -Ed.], *Lean Not On Your Own Understanding* [1965-0120 -Ed.], to look and see where you can draw from to deal with things. You find yourself in a struggle.

But the Church has to evolve to a place where it's a living, vibrant organism, a witness for Christ. And people are hearing, "There is a church down there. You should go among those people. Look their website is here. Get there; you're going to get your soul fed. Get down there; you'll meet true Ministers and elders there who you can sit and talk with, who can instruct you in Truth." There has to be something living like that. You don't have men of God in the place and sometimes they may not be known. But the people who know...

How did the Queen of Sheba hear about Solomon? People who sat there and heard the wisdom were telling others. Others started to tell the people in the caravans until the news reached quite down there, and there was no Internet, no telephone, no television, nothing. And that woman made that journey through that... She was so electrified. Could you imagine if she could have put on her iPad, logged in and listened to Solomon, what that would have been?

You see, sometimes people underestimate the love for the Word and the distance people will go for the Word. She came on a camel. She had to sleep in the desert. She had to have men watching around for bandits and different things. She had to travel in disguise so she wouldn't draw too much of attention that people would get to discover that she was a rich woman with a lot of treasures there.

Just like you, you only take out so much, in case. But you have your card. If you miss your card, you call

the bank and cancel everything. Why? You're trying to keep your treasure. So, the same way, she didn't have any card in those days; they carried trunks of money. She was carrying offerings up there.

But look how the Word... The point there is—Bro. Branham preached that so many times and do you know what he was dealing with? The desire – when you hear something that your soul is calling for in a time and season and you know it's quite there. In today's world all she has to do is say, "Give me the website. You see me, when I get my vacation I'll go up and meet the man of God up there and sit in a couple services and so on." Look at her: "My soul – I want to know what time I'm in, what season I'm in."

Where is that today among people? People get so knowledgeable, you can't see this. They listen to so many voices. One man is saying, "Stay with the simple Message. You don't have to go into all those things; that's confusing people. Just stay here." And they can't see that this is a voice keeping them away from that Voice. They can't see that this is a spirit trying to suppress them and rob them from what their soul really needs.

And that is why when we have young people like this rising up, the kind of conviction to stand for the Word... Because when you see people standing for the Word, that moves people, you know. Of course! Because it shows you believe this with your heart and soul. My! Read with me. 2nd Chronicles 21:

*¹ Now Jehoshaphat slept with his fathers,
and was buried with his fathers in the city
of David*

We're getting a little more of the same scene because It was telling us in 1st Kings 22 that Jehoshaphat had died, and how his son Ahaziah had come in. It says:

*¹ Now Jehoshaphat slept with his fathers,
and was buried with his fathers in the city*

of David. And Jehoram his son reigned in his stead.

Now, this is Judah, okay? We're watching Judah. Jezebel was already controlling the ten tribes but Judah, she didn't have any control here yet, but she already got her daughter married to Ahab's son. And this son here, Jehoram, was who Athaliah got married to.

...And Jehoram his son reigned in his stead.

I'm showing you the methods how Jezebel, after taking the Democrats, she's coming for the Republicans and how she took them too, because these two kingdoms were one nation that was called out under the prophet Moses. They were the one nation that was established for freedom of religion and so on.

But we're watching it, at a time when this other part of the nation who stood for quite a while, was now being taken. Because that woman was foreordained to take the whole nation by deceit, just like that woman, the real Jezebel today, was ordained to take this whole nation by deceit because that was a shadow of this. That was a shadow of this.

² And he had brethren the sons of Jehoshaphat, Azariah, and Jehiel, and Zechariah, and Azariah, and Michael, and Shephatiah: all these were the sons of Jehoshaphat king of Israel.

³ And their father gave them great gifts of silver, and of gold, and of precious things, with fenced cities in Judah...

What are you catching there? Before he goes... Now, do you remember his history? His history, Jehoshaphat who died, his history was, he carried all his kingdom to join them with Ahab because Ahab seduced him, which was really Jezebel who was seeing a way...

She said, "Ahab, you know Jehoram isn't married yet. You know, he's texting Athaliah." She said, "I heard him

talking to his friends about Athaliah,” the princess, Ahab’s daughter, “and you know, he finds she is really nice and like he’s thinking about dating her.” Jezebel said, “Invite him down; bring down Jehoshaphat. Now is a good time. We’re going to make it look like economics. You know the Syrians, the communists, they’re taking a lot of territory and they’re hindering our trade and our commerce.”

He said, “And what we’re going to do is, we’re going to talk ‘unity’ in this meeting. We’re going to bring out the children. We’re going to call it, ‘special visit of Jehoshaphat.’” He said, “And then do you know what’s going to happen here? We’re going to present a noble cause of how Israel was one when we came into Canaan, how we fought the nations, seven nations; how we took our position.” He said, “Today a lot of our children are starving because the Syrians are controlling certain parts of the territory. That land is ours. Ramoth-gilead is ours. We’re going for it.”

When Ahab heard this... They had already arranged how they were going to sit at the royal dinner and so on. They had ‘reserved’, ‘reserved’, ‘reserved’ on the table. Everything they did... They had Athaliah sitting next to Jehoram, and said, “Jehoram, take Athaliah for some fresh air. Athaliah, show Jehoram the gardens. Show your little project you have with the pigeons” and these things.

People don’t change. I’m just showing you something here. You say, “Well, where are you getting that from?” I’m taking that from how, to get Naboth’s vineyard, she came up with a scheme and made it look a certain way. Because that is put in the Bible to show you the methods of operation of this woman, how shrewd she is when she wants something; how she manipulates things and brings it in her favor where she could have control.

That’s why Bro. Branham said, “This Catholic Church is going to come and have the full, complete

control over this nation. He said, “That’s THUS SAITH THE LORD.” He said, “That’s according to the Bible.” See? Because he was watching the...

Now, he was the best and most qualified person to say it. Do you know why? He was Elijah, and they were Jezebel, and this was Ahab. Who was more qualified than him? Because it was the Scripture again! And then God told him, “The history of Israel in the time of Ahab is now coming to pass in this nation.” And he preached that message straight to the White House – *Jezebel Religion*. [1961-0319 -Ed.] See? That woman Jezebel.

So watch. So, when they came down now, the next thing she said, “Jehoshaphat, we would like you to address the military, and your kingdom is so well-organized. It will be nice, something like this for you to do, and it’s going to help” and so on.

So, he got there. So, when he stood there now, he gave his speech and so on and then he kind of closes, (he’s a man of passion, you know, Jehoshaphat,) he said, “And your horses are my horses and your men are my men. And ‘together we aspire, together we achieve.’” [The Motto of Trinidad and Tobago -Ed.] Leslie Ann, leave me alone. [Bro. Vin laughs and addresses Sis. Leslie Ann Kalambaie -Ed.] “We are going up to Ramoth-gilead and we are going to take it. Our children will be fed again. These communists...”

Bro. Branham was typing it with communism, how the power was rising. You know during that time, it was the Cold War, right? Cold War had come in and they had the policy of containment. So when communism moved in East Germany, capitalism moved in West Germany. When it moved in South Korea, communism moved in North Korea. See? So when it moved in North Vietnam, then it moved in South Vietnam, and so it was going on. It was a policy of containment – the two powers, during those years.

So, the Syrians, typing the communists, were moving. This Israel is parallel to America. So they now are saying, “We are going to go up and take this land.” In other words, foreign policy. The war in Vietnam was foreign policy. The war on terrorism in Iraq is foreign policy. The war in Libya is foreign policy. See?

They want trade, they want this; making from Anchorage, Alaska, to Tierra del Fuego in Chile, this great highway for trade and commerce and so on. Do you understand? And then now, you could bring out the Amero [The Amero is a hypothetical common currency that would replace the Mexican Peso and the U.S. and Canadian Dollar –Ed.] and all these things they are playing around with in their minds, how they’re going to do this, and they’re trying to create different trade zones and different things. See? Now, this is how they move. So watch. Watch what is happening.

So, they went blessing: “Go on up!” They had a great, big ecumenical service. Zedekiah came out with two special horns for the occasion. And the band was playing and then, you know, he put a little drama to it. He put his horns [Bro. Vin puts his hands to the sides of his head like horns –Ed.] and said, “We’re going to push them to the North.”

They said, “Push them to the North.” [Bro. Vin laughs –Ed.]

He said, “We’re going to push them to the West.”

They said, “Push them to the West.”

It was spreading. It was an atmosphere. Everybody was getting electrified, and Micaiah stood up like this. [Bro. Vin folds his arms and stands without emotion –Ed.] And they realized Micaiah wasn’t dancing. [Bro. Vin and congregation laugh –Ed.]

You see, when you’re reading the Word, you have to understand. That was a big occasion to inspire the army and the kings gathered together of the kingdoms. And for a long time they have never seen these two men at the same table and this was a special occasion. But

the plan—the result of this was the death of Ahab and the marriage of Athaliah into Judah. That was the real thing.

And there now, what I'm reading here, you're going to see what happened. But I paused there to show you the wisdom of Jehoshaphat. He didn't just give his firstborn everything. He gave all of his different sons gold, silver, precious stones, different things, in other words, *and* fenced cities.

You see, if you don't have a military mind, you'll read that and you won't get anything. If you have an economic mind, you don't get anything off of that. What he was actually doing is like: "You will be the governor over here; you will be governor over here." He was on the throne, Jehoram was on the throne but "I give you this fenced city." The fenced city was—that's where they set up the forts, the bases, the military bases, like Fort Bragg and all these different forts that they have. Those forts didn't just end up there, you know. All these are strategic places in the nation for the defence of the nation.

So, that is what he was doing because in 2nd Chronicles 17, It tells you, "Jehoshaphat fortified himself, strengthened himself against Israel." Not against the Chinese or the Egyptians, or the Babylonians, or the Syrians; against Israel! Because idolatry was in those ten tribes and Jezebel was in control and so, he didn't want that influence to come into his church over here. Do you understand?

And so, he sent out teaching priests all through his land to teach because there were no teaching priests, so people were going into idolatry, getting influenced with things coming over from the ten tribes in their territory. Do you understand? So, he was thinking strategically.

So now, he was about to die, he knew Jehoram—he said, "That marriage should not have been. I understand now..." Because remember, when Jehoshaphat left that meeting, a prophet, God had him

positioned where he was going to pass, you know. As soon as the chariot came out there, the prophet walked out in front the chariot. He said, "Thou lovest what God hates!"

After being wined and dined, and so many photo shoots, and heralding the news of the great visit, and all the special people who gave speeches, they were saying, "Oh, what a great visit this was. I don't think we ever had a visit like this." And they inflated his ego because the whole thing was to get his support. Do you understand?

It was politics at play. And the one who was behind it was governing from the inside and not being seen from the outside. These are her methods. So you're seeing Ahab talking, "Do so and so and so." No, she didn't want to scare Jehoshaphat, so she was in the background.

So Jehoshaphat said, "Where is your queen? Where is Jezebel?"

He said, "She's attending some other important matters. There are some ladies tea parties and we have another visitor and she's kind of dealing with the emissaries from that place who are coming over to visit next month and..."

"Oh."

He said, "But you're going to see her; she's going to be at the dinner this evening but she can't be here for this."

So they were kind of easing him, but everything was fixed. "Athaliah, take Jehoram around. Athaliah, drop him over here." By the time he came back in that meeting, he and Athaliah were 'tight'. [Close -Ed.]

So, they went back. Next thing, he's married. Jehoshaphat knew, "That was my mistake. That was my mistake." So he decided, "I can't put all the power in this boy's hand." It is what you fear is what happens to you many times, you know. And he was fearing!

But this boy was already under the control because he didn't have what it took to control this woman. He liked what he saw on the outside but he didn't understand, her mother bewitches nations with her sorcery, and her father's father was Omri, who was a murderer. The lineage she came from, there was black magic and sorcery and all of that coming down.

She said, "Try some of this special drink." [Bro. Vin laughs -Ed.]

He said, "What is this?" He said, "I feel a tingle."

She said, "No, that's just my perfume."

You see, it's all... Let me show you. Go in the New Testament: "Thou has that woman Jezebel, who seducest my servants and make them eat things sacrificed to idols." [Revelation 2:20 -Ed.] In the church realm, in the New Testament now, the Spirit is saying, "There are churches operating with that anointing and Ministers are going to..." Her gates are the gates of hell. She's controlling Ministers. It's an Age where we have to have spiritual discernment.

So, watch what he's going and do here now.

³ And their father gave them great gifts of silver, and of gold, and of precious things, with fenced cities in Judah: but the kingdom gave he to Jehoram; because he was the firstborn.

⁴ Now when Jehoram was risen up to the kingdom of his father, he strengthened himself, and slew all his brethren with the sword...

So, every strategic place in the nation would have had a governor. Because, you know, like how America is: all of this in the Constitution before, was for protection. You could have kept your gun and now they want to take your gun from you, right? Because now they realize, you could be a threat and they want to bring in certain things and they don't want too much opposition.

But when the founders who were putting that in the Constitution, that was, that power will always be in the hands of the people and no dictatorship will rise up in this country to control the people. See? Because that is what they came out from England and fought all these things for. That is what they ran from Europe for. So, when they founded the country, they founded it like that.

...[he] *slew all his brethren with the sword, and divers also of the princes of Israel.*

To cover it up like if he's cleaning and purging the ranks: "You have too much of corruption in the land and I'm going to bring in new policy, and we're going to change these things here and make this nation great again because we are looking to make this nation one mighty nation under God." So, he killed out a few of those old men, seventies, eighties, who can't get around in those places there now. "And now we're going to put in some new blood."

This is what Roosevelt did after the years of the Great Depression. Not physically killed, but he went into the universities, brought out the brains, brought out the different people. He was planning to come in for not just one term; he had four. And then when in World War II, the soldiers were going and chasing the Nazis inside the Vatican, he called up and said, "Do not fire on that holy place!" And they had no cover and the...

Read it in the Message; I think it's in *The Indictment*. [1963-0707m para. 17 -Ed.] They were shooting back at the American soldiers and Bro. Branham said, "Look at this thing here." If you read about Roosevelt, he was one of the greatest presidents as far as American history is concerned. When a Prophet came and watched him with prophetic eyes in the Word, he said, "He's the biggest indebtment in this nation; he's a rascal." He said, "He took us into the war and all these things. He changed the Constitution to have these terms."

That is where Jezebel was coming in strong in the places. And that was where Roosevelt brought in the credit card system and these things and threw the whole nation into debt. By the time the Prophet came, he said, “We’re paying taxes forty years to come on money we’ve borrowed. We will be paying it quite back there because...” He said, “Think about my little grandson who will be paying for this quite here. What kind of life is he going to have when the time comes for him?”

Because the nation is being caught in the debt trap, because the borrower has become slave to the lender. Who was behind it? This woman; this woman was behind it, called the Catholic Church.

⁵ Jehoram was thirty and two years old when he began to reign, and he reigned eight years in Jerusalem.

In other words, he had two four-year terms.

⁶ And he walked...

Catch this. This is the part here.

⁶ And he walked in the way of the kings of Israel...

He killed out all his brothers because he was walking in the way of the kings of Israel. I didn’t give you my title but my title is, **“THE EVIL COUNSELLORS BEHIND THE WHITE HOUSE THRONE”**. “THE EVIL COUNSELLORS BEHIND THE WHITE HOUSE THRONE”. Because the Third Angel’s Message was to the nation, and he put that thing on that Jezebel religion in the White House when she came in. So, what an evil man!

...he walked in the way of the kings of Israel, like as did as the house of Ahab...

So now, the Republicans are doing the same thing like the Democrats because they’re married into one another, and both of them need that woman to survive. So, whether who is in power, the way you’re borrowing their money and the debt has to be paid, regardless of

which president, Democrat or Republican, you have to pay one woman. Do you understand?

Watch the picture. He said, "The history of Israel." Jezebel came in, in 1960 in the White House – 1st Kings 16. Let us say... Revelation 18, a bomb destroys the Vatican, the destruction of the Jezebel system – 2nd Kings 9. So, from 1st Kings 16 where Jezebel comes and has control over this nation, until 2nd Kings 9, that system is going to go out of existence. It will be burnt in one hour. She now, while she's in control of this nation, will lead this nation to its destruction.

But the thing I want to show you is, who the counsellor is, who's making the policy; who's directing things. They say, "The FBI, so and so and so. No, no, no, the CIA." I'll show you, all these people are in Lodges: who are Knights of Columbus, who are Masons; who are in different orders from the Vatican. They've positioned the people. They control the schools, the educational system. They indoctrinate the thing. They say, "Take down all these Ten Commandments, all these things about praying in Jesus' Name because we are ecumenism."

Who's giving this advice? It doesn't tell you who America owes. It doesn't tell you who's giving advice to take away all the things. These things are not mentioned. No news network mentions this. That's just left in the dark. To find that in the dark you have to...

When you want to find something in the dark, do you know what you have to do? Get the Light. You go to the Bible; that's the Light. And if you take the Light and you shine the Light on the thing that's in the dark, you'll find out exactly what it is you're looking at. And when you find out, you're going to find, it's an evil woman behind there.

⁶ And he walked in the way of the kings of Israel, like as did the house of Ahab: for he had the daughter of Ahab to wife: and he

wrought that which was evil in the eyes of the LORD.

Do you see where it gives you the conclusion of the matter here? It tells you what he was walking in and then it tells you, this was his wife. His wife came from that house here and he now was walking according to that house over there, because his mother-in-law is Jezebel, and Jezebel's daughter is Athaliah. And Athaliah married him to try to secure the kingdom; it's a whole kind of unity thing in front but she is loyal to her mother. That's right. So, Athaliah is going to become queen of this nation and her mother is queen of that nation – two black widow spiders. Do you understand?

I'm trying to give you the Bible real here to understand. You see, this is reliable news. [Bro. Vin indicates the Bible –Ed.] CNN doesn't say this. BBC and FOX news doesn't say this, and *The Washington Post*, and *The New York Post* and thing, they don't say this. But this is what God said. Because you see, she can't control this Word, but she owns these places; she and her people own these media houses. And the unclean spirits like frogs, the lying spirits that came out their mouth, the mouth is that electronic media. That is where the voice goes, (see?) influencing the minds of people.

And then you find you now, you're under the greatest battle ever fought. And when you start to take in that and you haven't taken in the Word, and subconsciously you find yourself believing that there and you're judging the Word by that, instead of judging that by the Word. You say, "I don't believe the Word, so and so and so. This is a great nation" or "So and so can't happen. How could he really say that? He's talking about Jezebel in the Old Testament."

Yeah, of course! Because she [The Catholic Church –Ed.] is the New Testament Jezebel. Jezebel is just a shadow. This is the real Jezebel. Just like Ruth is just a type of

us; we are the real Ruth. We are the real Esther. There is a Queen here too, you know; married to the King. That's right. The Bride is the real Queen. She will speak to half of the Kingdom. Over there, they have a kingdom too; they have a kingdom too.

Let's go down now to 2nd Chronicles 22, a little piece here again. Verse 1:

¹ And the inhabitants of Jerusalem made Ahaziah his youngest son king in his stead: for the band of men that came with the Arabians to the camp had slain all the eldest. So Ahaziah the son of Jehoram king of Judah reigned.

Now, he hooked up with the Muslims, the Arabs and them. Inside of there is ISIS and Al Qaeda because they are connected with the House of the Saudis. They are the oil people and Mr. Bush and they, are their servants. And Mr. Obama got the sword from the Sheik, king Saud from over there (of course!) because he's a Muslim. He is the biggest fake that they had.

Now, I'm going to close. But the thing is, I want to show you... I might not go home, you know. I know your pastor. I know he loves this and we could just sit and fellowship a little bit. But you see, these are things that are happening, that as I told you, I felt directed to come. And I wanted to just take my time and talk to you, so you can see what is happening today in the Word of God, because that's where the Prophet was bringing it from. He proved America is a type of Israel. He proved that that Jezebel spirit is the same that came in the nation. See? All these things are proven. See?

... So Ahaziah the son of Jehoram king of Judah reigned.

² Forty and two years old was Ahaziah when he began to reign, and he reigned one year in Jerusalem. His mother's name also was Athaliah the daughter of Omri.

³ He also walked in the ways of the house of Ahab: for his mother was his counsellor to do wickedly.

Look where the counsel is coming from. You're seeing the man on the throne, you're seeing the man inspecting the military, you're seeing the man has the executive powers of the nations, but you're not seeing this man has a counsellor. This man is just a figurehead person.

Now, this is the part of the Word today that the world, they're seeing things and they think all of this is real. This is the world they're letting us see. They've created this world for us to see. So, we're living in the illusion world but the real world is behind there. And that is where a prophet is needed to come now, and pull the mask off the thing and show, this is only a front for a bigger operation behind. The people are on a need to know basis and they're giving the media to feed the people things, and you find the people, they have a short memory.

We had George Bush, 2000 to 2008: he broke up the world and changed the world. He brought in the war on terrorism that took away the rights from the people. They took down the Twin Towers. They used the media, they put this whole thing on the world; they loosed this into the nations. See?

Then when he came out, they brought Mr. Obama in. He came in reconstruction mode. One broke down the house because the plan is to renovate the house. So, one came with the big truck and the big boom and they swung the boom and they knocked down this wall, they knocked down that wall, and they did this here. And you say, "What's going on here?"

"No, no, it's just reconstruction; controlled demolition. We have all the fence up, things are not flying everywhere; we're doing this here."

Then the next man comes now. He [Mr. Obama -Ed.] had eight years. When he was leaving, it's a homosexualized

nation. Mr. Clinton who was before, he was the one who opened the door for the homosexual spirit. Today all their crimes from quite back there: sexploitation, paedophilia, money laundering, drugs. When he came into his presidency, he was the JFK 2 – second playboy president. The big scandal came, he lied and said, “I never touched that girl!” And when they came out with the dress and the DNA, it proved he was lying. He was living with the girl and many others. And then when the thing started to be exposed, to see, all these people worship Satan; worship Lucifer. There is about power. This is it.

I think I’m preaching to believers. You see, what I’m showing you is, when she came into the White House in 1960, he said, “She’s going to lead this nation to ruination, to its destruction until the bomb falls.” He said, “You watch the idolatry and these things start to come in. You watch all the different things start to come in. And then if the first men who had little principles, all of these were liars. These were lying left—from one side of their mouth, they’re lying. For everything they are lying and it’s a lie and a cover up.

I sat and watched with my own eyes when Colin Powell [Former Secretary of State –Ed.] sat there with the United Nations in New York and showing them pictures and was playing a piece of tape recording. Today that can’t even—at that time that couldn’t even be put in a courtroom as an exhibit because of what the technology was, so advanced already. Yet all of this was a pretext to go to war. And all those men in the United Nations who are Jezebel’s hand-picked men, her nobles and elders; her nobles and elders that she contacts.

Look, this man who just died here in Israel, Mr. Peres [Shimon Peres - former President and Prime Minister of Israel –Ed.], (see?) the man’s name means ‘*breach of contract*’. Since back in the time when Carter was President, (I preached this thing quite back there,) the Prime Minister, Begin [Menachem Begin - Former Prime Minister of Israel –Ed.] was in the

White House, and President Carter was telling him, he said, “No, no, this land, you all have to divide this land.”

Because these are things from way back. This was always part of their foreign policy for the Palestinian state. This was the Vatican pushing this move. Begin took his Bible on his desk. He’s the peanut farmer who became President. So, he sat there in the White House and he was talking. He had handlers. Begin used to fight in the underground. He opened the Bible, he said, “Read this.” He said, “Mr. President, you say you’re a Christian, you’re a born again Christian.” He said, “This Bible says this land is ours.” He pushed it back to him like this. [Bro. Vin demonstrates –Ed.] It was in *Time Magazine*. That was in *Time Magazine* back there.

Look when the Berlin Wall came down – holy alliance. The Catholic Bishops were the ones in the White House advising the FBI, the CIA, all of them, because their information was more up-to-date than the CIA and the FBI. That was because of the confessionals. That is how they get information. You have to tell your sins to the priest. It’s a system designed for control.

That’s why that Thyatira Age from 606 to 1520 almost a thousand years, is called the Dark Ages. They took away the Bibles, burnt it, brought paganism, put fear on the nation: “You’re going to hell.” They said, “Spend your money to come out of purgatory.” These are heartless people. Strong is the Lord that judgeth her. He said, “Her sins have come up to Heaven.” He said, “In one hour.”

Do you know who are crying? It’s not the poor people crying. It says, “The merchants and the princes, and the kings, and the sailors, it’s them who are crying because all their gain is gone.” All the trade and commerce is wiped out in one hour. All that big life disappears when the wrath of the Lamb is being poured out on the earth.

*... His mother’s name also was Athaliah
the daughter of Omri.*

So, we're seeing Athaliah. Jehoram, the husband died, but now Athaliah strengthened herself and she picked the son who's going to be king there, Ahaziah, and then now he is obedient.

³ He also walked in the ways of the house of Ahab: [verse 3] for his mother was his counsellor to do wickedly.

⁴ Wherefore he did evil in the sight of the LORD like the house of Ahab: for they were his counsellors after the death of his father to his destruction.

It is not advising this one man, you know. He is the king; is the policy for the nation. That nation now, where Jezebel had taken over, is controlling this kingdom too, and both there, she's in control of. Which nation are we talking about? Israel with two kingdoms! The Republicans stood for years. Just like Judah: "We have the Messianic promise." They fortified themselves against the others. Like the Republicans, "Those Democrats, they're too loosed" and different things. "They are conservatives." See? The Republicans!

So, the thing is now: "We have to get these. These came and put the country into problems." So they need her; she has the wealth. "So, why don't you go and borrow from the communist?"

"We can't go to the communist; they will take over our country."

"Oh, you came to me. We are the Catholic Church. Okay son, God bless you. [Bro. Vin makes the sign of the cross - Ed.] Come, we're going to have a special mass; we're going to do this here. You know the Pope himself is going to come over and speak a few words."

"Would he come? Would he really come?"

"Oh yes, father wants to see everybody. He could absolve you from all past sins because he has authority on earth. What do you think that 'triple crown' is? He has jurisdiction over purgatory, hell and heaven. He will take care of you all, and you will get the money."

Yeah! They want the money. *The love of money is the root of all evil.* [1st Timothy 6:10 -Ed.] Bro. Branham said, “That’s where the nation sold out their birthrights – their love of money; trusting in uncertain riches.”

⁴ Wherefore he did evil in the sight of the LORD like the house of Ahab: for they were his counsellors after the death of his father to his destruction.

⁵ He walked also after their counsel, and went with Jehoram the son of Ahab king of Israel to war against Hazael king of Syria at Ramoth-gilead: and the Syrians smote Joram.

That was the first battle against the Syrians; Ahab got killed. They’re still fighting that same war. And now the two sons influenced by the counsellors are going together to continue this war. Israel’s history in that time is repeating itself in this nation! Jezebel was just spouting out, “Watch the Syrians. Watch the Syrians. Watch the communists. With communism, be careful. Watch communism. Watch this communism.”

And the Prophet, Elijah, was saying, “You don’t have to fear communism. Fear Romanism! It’s not the Iron Curtain, it’s the purple curtain!”

That was a smokescreen. That was a smokescreen, thinking that... She put a fear, manipulated the minds of the people, indoctrinated them: “That’s your enemy; that’s your enemy” to take attention off of herself. And she now, is worming her way, controlling the schools, controlling the treasury, controlling the senate, passing the laws, controlling the money; have the minds of the children. He said, “Look how she wormed her way into the White House, until now, she’s on the throne and she has full control over the nation.”

She’s biding her time. She knows they’re young; they’re only there since 1776. She’s there about two thousand plus years ago; she’s there. So, they are just a junior. Like when those presidents walk in the

Vatican, “No, you have to bow here. You all are a little nation that came the other day; we’re around here. What do you all own? You all have about eighteen trillion dollars in debt already.” That is money from here to Mars if you stack thousand dollar bills. When could you repay that? They are sold.

It’s a false world being projected as a superpower. There is no superpower, friends. The media don’t show you places in the country where people are poor, where people are down in rat holes until all down in California with all those sex slaves, all in those places there; all different parts that are neglected. They have the main centers, sure! They have areas that they’re not interested in.

They have young men they take and send to wars. They don’t know why they’re going to war. They are pumped up in their minds, “You have to defend the country,” not knowing they’re going to defend Catholicism. It’s Jezebel they’re defending. And she puts them on the altar of sacrifice. Then they call it collateral damage: “So, what will we do?” It’s an evil world.

Do you think God is going to burn a good world? Do you think the Prophet was such a cruel man? Since quite back in 1957, he said, “She has passed redemption.” He said, “I don’t pray for this nation anymore as a nation.” He said, “There will never be another national revival.”

How many Ministers all over this nation are talking about ‘fresh fire’, ‘new revival’, ‘God’s moving’, and they brought them to the White House and everything? How come the Prophet never was invited to the White House? See? They don’t want anything in the White House that could see what they’re doing.

But they’re carnal, you see. He could have stayed where he was and saw into the king’s chamber – the baldhead man with the Spirit of Elijah, called Elisha in the Bible. They said, “There’s a man here seeing what’s

going on inside the oval office.” He said, “It’s not a double agent inside of here; there is a prophet in the land.”

And hear Bro. Branham, he said, “If Israel only knew the power that laid in the prophet.” He said, “And if America only knew...” Any cure for anything they wanted, he could find. That’s right. Any problem they have, he could have seen and told them. Any place they wanted to know the battle plans of, Russia, instead of wasting all that money and all kinds of different things, he could have told them exactly what their plans were for the last twenty years and what it is for the next twenty. See?

But the same way Jezebel knew Elijah; she only wanted to kill him and get him out. The same way they tried to make Micaiah one of them: “Just say what Zedekiah said.”

He said, “I will say what God tells me to say.”

That is the system. That is the system. So, we’re about to close this up.

⁵ He walked also after their counsel...

They were counselling in war too. They were going to war. He walked after their counsel to go to war. This is the point I’m making here with this. Who said, “Go to war with Iraq”? There were no weapons of mass destruction. That was a lie. When they were finished, they killed over a million people there. A man came in for an eight year term and when he came out... And then they’re going in little, small countries and say, “We’re going to charge this one in the International Court for genocide” and so and so, and nobody is charging them for anything, and they have all the facts and all the proofs. It’s one law for one set of people.

Do you think when God told Belshazzar, “You are weighed in the balance,” where will these men stand on that day? Where will those governments who rule and had those terms, where will they stand when the Supreme Judge comes down to judge these men? Right

now they feel they have power, they could do things and get off with it, and then go and get a big ranch and live a lifestyle, have a security detail all around them and cameras all around the place to feel safe. Do you think God isn't seeing what they're doing; He knows what's in their heart?

What will it be on that day, when Bro. Branham said, "Those Russians were kicking people and dragging them through the streets here, taking them out of their homes" and different things? Think of when California goes down and he said, "Millions will die and throw this nation into an upheaval." And this nation that has so much of pride and strength, has to look for help there. And then now Russia, seeing them wounded and broken and so much debt and these things.

They're putting sanctions on everybody: sanctions, sanctions, sanctions, sanctions, sanctions and people are dying, but the media here only reports what they give them to report. Every time they said, "And another American soldier died," just to keep the American people inflamed, and hundreds, monthly and weekly, of Iraqis were dying and the people are being slaughtered to make it look like democracy is at work, while they steal their oil because they have an evil counsellor.

Friends, it's frightening the Age we live in, but the Word of God is opened. And that is what the Seven Seals did. The Seven Seals made our Bible a new Book, and made us see the Age. The Bible calls it 'this present evil Age'. The god of this evil Age – Lucifer, the 'Tree' of death in the midst of this Eden, Satan's Eden. Not a Tree of Life, a 'Tree' of death; a scientific Eden.

Look at the food, what they do to people in this nation. Look at the plagues in this nation that's not reported. The amount of sicknesses, the amount of diseases, the amount of fires and floods and forests burning down, all kinds of things. Every time they go to attack somebody and do something, there are all kinds of troubles. And the people are insensitive that,

“We are doing those things with the impression, saying, ‘No, we’re making America safe.’”

How are you going to make America safe with all this kind of Pentecostal Ministers, all the private jets, all this kind of different wives, and different women and money scandals, all these kinds of things; adulteries and all these things? How are you going to make it safe with those kinds of Ministers? Because the Ministers are who will stand between the living and the dead. It is the men that God brings the Word to. When judgment comes in a nation, it is because the people have gotten away from the Word. This is what brings the thing. Because on their money it says, “In God we trust.” Do they trust in God? No. See, this is the thing. It’s a whole false system. It’s coming to the end.

Think of this in a way like... To show you when Bro. Branham said he saw the bomb hit this place. And then you hear him as one man in those days crying out and saying, “Watch that Romanism.” Nobody was preaching against Romanism. Even David duPlessis and Demas Shakarian... He preached, “Demas have forsaken me, loving this present world.”

They went to the Vatican and said, “Oh Bro. Branham, it was so spiritual.”

Bro. Branham said, “I wept, I cried, after these men saw the Angel of God moved in the service and did all these things, and the visions and these things; even to their own families, visions were told to members of their family.” He said, “These men are swinging the church, after all we’ve labored, back into Babylon and saying ‘The Catholics will come in.’”

Look at these men’s theology: “God will change the Catholic Church.” It just shows how these men were ignorant of the very Bible that they were professing they were such great men of God, preaching the Word.

And that’s the grace that came to us. We, in the midst of all of this chaos know, this little man from Kentucky

here, who the world rejected, who the denominations dis-fellowshipped, who refused to bow to the Pope...

When he went in, they said, "You have to bow."

He said, "No, that's it." He said, "That's it."

Then we see Billy Graham with a turned-back collar and a doctorate – America's favorite son. Then we see Oral Roberts at the end saying, God will kill him if he doesn't get twenty million dollars. And a man who has gambling [a casino or gambling parties –Ed.] and so on, he said, "Look at this man." And the man came and decided to give him some money, because he felt so hurt to see a man who once...

They called them two giants: William Branham and Oral Roberts; two giants. Could they be two giants? He can't even stand alongside Bro. Branham. Will you put him in a category with Bro. Branham? Whew! You know, it just shows people lack spiritual discernment. That's why Bro. Branham said, "*True Sign Overlooked.*" He said, "*God Being Misunderstood; Presence Of God Unrecognized.*" They were there; they never had any discernment or anything.

So, I only have two verses here again, verses 6 and 7.

...the Syrians [had] smote Joram.

⁶ And he returned to be healed in Jezreel because of the wounds which were given him at Ramah, when he fought with Hazael king of Syria. And Azariah the son of Jehoram king of Judah went down to see Jehoram the son of Ahab at Jezreel...

Now, the two of them had the same name.

⁷ And the destruction of Ahaziah was of God by coming to Joram...

⁷ And the destruction of Ahaziah was of God by coming to Joram...

God brought him down there.

...for when he was come, he went out with Jehoram against Jehu the son of Nimshi,

whom the LORD had anointed to cut off the house of Ahab.

God had a man called Jehu who was anointed. God told Elijah, "Anoint Jehu, anoint Hazael, anoint Elisha." A man was being anointed to cut off the house of Ahab. It's coming. Revelation 15, he has a sickle in his hand to reap the earth. Joel 3 says, "*Put in the sickle.*" The sickle is the symbol of communism.

They have a President called *Putin*. He is not an easy man to deal with. They tried to demonize him and lie and all kinds of different things, creating the chaos in Ukraine. They want to go to war now. They're trying to beat the war drums to go against Russia. These people are crazy. It just shows what Washington has become. Understand this by the Bible! And he always says, "Remember, we have nuclear weapons. You can't threaten us and think you are going to intimidate us. We are not Iraq and Syria."

And the Bible tells you where the judgment is coming from. The judgment instrument, like God with Nebuchadnezzar, God already said where it's coming from: "Watch Russia, the king of the North."

But while all of this is happening, inside of here, the Word is pulling a people out; has awakened the people, that we realize this thing we are seeing and hearing, is coming from a media where it is designed, it is edited; it is fixed. That's it.

First we had Bill Clinton. I'm just giving you from the recent ones as I mentioned, the scandals in the White House. When this man came in the White House, it showed the kind of degradation; such an institution, in a place where the first presidents and they were, what it has come down to.

Then we had George Bush: the day the towers fell, Isaiah 30, and the great slaughter. It says, "And during that time, the light of the moon would be sevenfold like the sun and the teachers will come up to begin to teach the people." Read it in the prophecy. Then we had, as

I showed you, the king of Sodom – the homosexual agenda.

Then we had during that time, from John the 23rd, “That we all may be one.” After that, Bro. Branham started with and said: *Oneness Of Unity* [1958-0128 -Ed.], *Oneness* [1962-0211 -Ed.], *Tower Of Babel* [1958-0128 - Oneness Of Unity -Ed.], *Why We Are Not A Denomination* [1958-0927 - Ed.], *Why Am I Against Organized Religion* [1962-1111e -Ed.], *Handwriting On The Wall*. All of that he was preaching and saying, “Not that kind of one!”

He said, “Satan is uniting rebellious man under his plan, but God is reuniting redeemed man under His plan. Satan wants to take man into heaven by science and technology, but God is taking man into Heaven by a New Birth.” This one over here is trying to pattern after God, but he’s an impersonator, he’s a perverter, so he’s trying to take man into Heaven without the New Birth. So, you see?

Could you imagine if God didn’t send a Prophet, what kind of darkness we would have been sitting in? Then we have Pope Benedict and Pope Francis. For the first time in history, there are two living popes, and then a first Jesuit Pope, and under this one, came the evangelization. He’s the one who came out with the bones. He said, “We have the bones of Peter here.” And this was to initiate the evangelization of the peoples of the earth.

Those are not Peter’s bones in Rome, what they have there. It’s the sorcerer; it’s bewitching the nations but it’s all classical. And then they sent it out to all the presidents of the nations, and they said, “Wow! This is a great thing; such a humble man.” Media profile. The man left thirty thousand people in Argentina, they can’t find them, when he was bishop, under his watch, when there was Pinochet [Augusto Pinochet - Former President of Chile - Ed.] and all the military junta [military dictatorship -Ed.] and thing down there, where they executed all these people. And they used to have them go into their houses in the

night and arrest them and take them in. And the man came into the Vatican. He's Francis of Assisi, the man who talks to birds and the man who is so poor; gets in his little van and drives around.

I mean, are we stupid? We're not stupid. They fool the world with that. We see humility in a Prophet. We see a humble man that God came down and used night after night standing there, discerning the hearts and doing these things; not that thing there. See?

Do you understand what I'm trying to show you? The different presidents and what their terms were, and what came out. And the popes who were there at the time, which is the seat of power behind this throne and then, look how they are destroying the nation. And then the wars; watch the wars. Watch the immorality, what they've deteriorated to now, that they put this thing by legislation, if you go to speak against homosexuality, they will lock you up.

I'm putting myself in problems here by saying this. But the thing is, I have a conviction. You see? Because we saw how the Prophet spoke against these things. This is the Sodom sign. We saw the last sign before Sodom is burned. We saw the change of body: "I'll return according to the time of life for Sarah," coming down to the elected Church before it burns. When God came down in investigation judgment and said, "The cries of Sodom has come up in My ears. I've come down to see what it is." It cried the loudest under this last administration, the cry of Sodom, because it was a sodomite himself in the White House there.

Such an evil thing that destroyed a great nation. But it's a Jezebel. She turned it into a monster like herself and used it to kill... The fourth beast will do what? Devour the earth and break it up in pieces: Daniel. Where are you seeing the Vatican doing that? Are you seeing priests out there saying mass and destroying people? No. Which army are you seeing doing that? The armies from here. The armies from here.

And the lies, the lies! What came out of the mouth? There are two prophets: one between the Sixth and Seventh Trumpets, Seven Thunders came out of his mouth to gather the Bride and give her faith to be changed; between the Sixth and Seventh Vials, three unclean spirits like frog came out of her mouth to gather the earth into Armageddon to be destroyed. The true Prophet came, then the false one. The true Prophet said, "Come out of Babylon"; we worship the Lamb. They worship the Beast. All of them have gone into that Roman system.

God help people. Let me say, you have families, you have people you care for, you have people that they—you want to tell them quietly and softly, not in a way... You want to say, "We have entered into an Hour here, pray a little more, try to read the Word; I can give you some material." Put the *Church Ages* book, put something in their hand, put *Jezebel Religion* [1961-0319 -Ed.], something they could see and understand. They that are convinced, will be concerned!

This is why we exist as a Church – to keep that Word of Elijah alive. That widow of Zarephath had to keep that alive! Because the world is in darkness, blind. We have the Light. We have heard a Messenger who told us what that Truth is and then proved it by Scripture, and then God came down by vindication to prove that that's God's Voice coming forth there, so there is no uncertainty. Once you see the Word in the Bible and then you see It vindicated by Supernatural vindication, there is no uncertainty. We know exactly where things are heading. The Seals have been opened; we know exactly what those things are.

The strategic wars: war in Iraq, war in Libya, war in Syria; all these wars, do you know what is happening? They're reshaping the earth, the world. This is so they can be positioned in strategic places to control trade and commerce, and set up their military bases. And this is why there is the whole contention with Russia

where they're putting up the missile shield, the Catholics and they in Poland.

All of this is in the Bible, you know, in Jeremiah. If you read a little bit in Jeremiah 47 to about 51, (who!) you'd see everything right there that's coming here: how Babylon is going to fall, how God is going to judge it; how they make the arrows bright. The Old Testament shows you, the ones that are going down with Russia when they go down there.

Way back in 1933, the vision: Fascism and Nazism will be swallowed up by Communism. The first three visions are those three. It's the fourth vision – Capitalism. The last four visions is America: from the science, to the immorality, to the rise of the Catholic Church, to the destruction. The first three was before World War II; the last three is after World War II. Understand!

All these wars, the inspiration behind all of this is Lucifer, because he's the Beast that carries that woman. And if he's the Beast that carries that woman, and that woman controls this nation, and the people who are controlling, are worshippers of Satan. They don't worship God; they worship Satan. That's why God said, "Come out of her, My people." He said, "She has bewitched the whole nations with her sorceries."

God bless you for your time. But just to say a little bit of that may take three or four to polish it out; three or four meetings, I guess, that it could get to a place where we can get out of this part of it and see.

But all those wars, from President Clinton, President Bush, President Obama, between the three of them, you've had twenty-four years. Each one had two terms. And inside of there, we've seen the world reshaped. We've seen the people's rights were given up. We've seen the visits of the popes in the White House: Benedict, Francis – the king of Babylon came, because this beast is speaking with the voice of that Beast.

Take a read on Revelation 13. I will have my last service here on Wednesday. It will help me if you take a read on it. I will show you. Because those two beasts, three angels and the war that started in Heaven, how it's going to end up in Armageddon. All those things are right in those, 12, 13, 14 and 15, four chapters of Revelation. And it's put chronologically, positionally there in the Bible to show to us.

And as I told you, when Bro. Branham is called the Third Angel's Message there, that is the Message directly to the two beasts, to expose the Beast, the image, the mark and these things. And I'll show you how that is in Genesis because the first Beast, the Beast at the beginning was the Serpent; Satan in the Serpent. The Beast at the end, it will be sitting in the antichrist, the false prophet.

Then the second—the image of that first Beast, was Cain. He produced the first false religion. He rejected the vindicated Word. He refused the correction. He would not accept a worship based on the slain Lamb. Abel was worshiping the Lamb of God, the slain Lamb, in the mystery form, in symbol form. Cain had a different altar and God told Cain, “Do like your brother and I will accept it.”

Cain went into apostasy. He deliberately rejected the Word. He was no longer ignorant because God gave him Light. This is the condemnation, Light has come. When God revealed to Cain His provided way and Cain had a way that seemed right unto him, and God showed him His right way, Cain chose to lean on his own understanding. It was wisdom versus faith right there at that altar (do you understand?) from the very beginning.

Because he was born from the womb of a deceived church. He was the son of the wicked one. Cain was the Serpent's firstborn. Cain was not Adam's firstborn. Abel was Adam's firstborn. God slew a lamb for Adam, and Abel had a revelation of a slain lamb. But Cain—

there was no lamb for the Serpent. He was cursed: “Upon your belly you shall go.” Do you catch that? The image is one like the first one – the Beast before.

So Cain now, with this false religion, he started to persecute the righteous one who was worshipping the Lamb. Are you catching what is happening? He was the first one marked, first marking of a human being.

So, what I’m showing you is, here is the Beast, here is the image of the Beast that is raised up to persecute the righteous. This one didn’t get any seal; this one got the mark. But the fire came down upon Abel and his lamb and sealed the righteousness of Abel’s faith because It says, “By faith, Abel was more righteous than Cain. He offered a more excellent sacrifice.” God sealed him with the baptism of Fire and God marked Cain.

So, you have the Beast, you have the image, and you have the mark. Right? The mark was a mark of apostasy for rejecting the vindicated Truth and holding on to manmade organization. Why I’m against organized religion – in Genesis.

When you come to Revelation, the Beast, what is that? A false prophet with a false religion just like it was back there; just like the Serpent, the one who deceived the world, who had a lying spirit in the mouth, and perverted the original Word and said, “You shall not surely die” and deceived the church, the woman. And then the woman now, picked up the Serpent’s doctrine and came to teach Adam how to multiply and replenish, and brought forth the first illegitimate bastard, which is Cain, the son of the wicked one, who came by an act of adultery, who came with false doctrine, a false revelation. And when he was corrected, he couldn’t receive correction, and he went and persecuted the righteous who was worshipping the Lamb; knew the approach to God – through the shed blood of a slain lamb, to receive the fire of God.

Isn’t that how the baptism of the Holy Ghost comes – you identify with your Lamb and the Life of the Lamb

comes back on you? See? And the two things are the Seal of God and the mark of the Beast in the End Time. And those who reject this Message, they're going to the mark of the Beast. Do you understand?

Abel was a shepherd with sheep. The mystery of Redemption is Shepherd and sheep. Abel had the mystery of the slain Lamb. The Lamb was slain in the thoughts of God before the foundation of the world. He was looking back there and looking forward to Calvary where the Lamb actually died because Abel was a prophet, a shepherd-prophet who the Word came too.

And when Cain destroyed Abel, Cain saw himself that he could control the whole earth now. His religion was the predominant thing on the earth, and men were not calling on the Name of the Lord. When Seth was born, It says, "Men began to call on the Name of the Lord again."

These people don't want the Name of Jesus Christ; they want blasphemous names. The Bible says, "She has names of blasphemy." All these things Abel, our Abel, our shepherd-Prophet, who could call the sheep by their name in this day, who had the same ministry of Jesus Christ, the Great Shepherd, has revealed to us. And in the End Time here, they've come back to the same.

And where is that coming out of? Here – Revelation 13. So watch the Bible. Watch the Old Testament there. Watch the counsellors in economics, in war, in politics; in religion. Watch how he started to kill out the true prophets and spread idolatry in the land. See which church today is preaching against the Catholic Church. None! None. Rather, they are giving her support; they go in there. Do you know why? She has dossiers on everybody. She knows about all their adulteries, all their offshore accounts. She knows of all their money laundering. She knows everyone of them. And she blackmails, extorts, to shut up the voice: "Preach, but preach ecumenism."

I told my church at home, I said, “The Prophet didn’t die by a motorcar accident; they killed him.” He said, “It will be with my motorcar one of these days.” He said, “God showed me, but the time is not yet.” When the time came, he died. They have their people. The same way today, a man goes into a place, shoots up forty people. When that happens, it brings a scare, the media gives it attention; they move in here, they start to pass certain laws; they start to do certain things. This is all orchestrated. Understand the world today – it’s an evil world.

Hell is opened and the demons have come up. That is why a person has to get the Holy Ghost in this Hour. If you know you don’t have the Holy Ghost, those demons, disembodied spirits always seek a body.

They told Jesus, “Let us go into the swine.”

He said, “Go on.”

They went straight into the swine. When the sons of Sceva tried to cast them out, they said, “Fellows, there are seven bodies here! What are we doing?” They leaped on them. They say, “Who are you?” We know Jesus and we know Paul. Who are you? Do you have authority to cast us out?” They jumped on them. He said, “Disembodied spirits hunting bodies.”

The devil came up from the bottomless pit. God said, “Who will go and deceive Ahab?” He said, “I. I will go in the mouth of the prophets. I will make them preach a lie.” And the spirit came up and they deceived the kings of the earth with their lying spirits from their mouth, and took them to the battle to fulfil what Elijah said, because Elijah said these things. You see?

Evil counsellors behind the throne, that they’re walking in the house of Ahab. And she’s counselling them in war: “Go to war here for the economics here. Do this here.” When they took down the Berlin Wall, as I told you, they used Poland, closest ally to Russia. That’s right.

President Reagan, when he came in, he loosed the Catholic Church. It was under his administration, an actor from Hollywood. They said every time the man... There were certain speeches he used to make. They said at a certain part of it, he broke down and cried. When he went to a next place, the same place in the speech, he broke down and cried; next place... They said, "This man is acting."

His wife, Nancy Reagan, it tells you she used to have the soothsayers and the psychics inside the White House seeing. And President Reagan always had all kinds of different stones for luck and different things. And he couldn't have this summit here, he couldn't do this here because the moon wasn't right yet. Look in the Bible, see Pharaoh in the time of Joseph with the magicians and all of them there. He said, "Bring them." And God had a Joseph here in the land (of course!) who could interpret dreams and see visions.

You are holding me here. [Bro. Vin and congregation laugh - Ed.] I'm trying for you to loose me, but you're holding me here. Oh, praise the Lord. Thank you so much for your time. Who is coming? Let's just stand to our feet. Somebody will have to come now. [Bro. Vin and congregation laugh -Ed.] God bless you. I can be myself here and for that, I am thankful. Yeah. But we are only scratching the surface, you know. Praise the Lord. Let's just have a word of prayer while they get ready.

Oh, gracious Father, how we love You, Jesus. How as the days advance with Your Prophet off the scene, but we see his words coming to pass with unerring accuracy, with such precision. We know it could not be the human mind of a man; it had to be Your Mind, the Mind of Christ that came down and the Spirit of Christ that embodied him and spoke through him through the office of a vindicated Prophet, calling Your people out of Babylon; warning us that the time is going to come when places like these will be shut down and we will not be able to preach anymore.

Lord Jesus, how we are being more convinced, me Lord, that You are redirecting me back into these places at this time, to bring it back into the remembrance of Your people; to refocus our attention to some of the places where pressures will come and we would be affected.

As Your Prophet said, “The Church will have to go through the deepest waters it has gone through in the last two thousand years.” You had him to preach *The Absolute, The Absolute, Perseverance, Perseverant*, Lord, showing us that in order to achieve anything we must first know Your will, that when Your will is revealed to us, we can be persistent in spite of the obstacles because we know it would be the devil trying to block us and hinder us.

But we see what You want done! Oh God, knowing that this is the Hour that You are bringing Your Church into the same harmony that existed between the Father and the Son. You said, “It must now exist between the Bridegroom and the Bride and She will know it is You in Her fulfilling Your Own Word that You left for this Hour.”

Lord, when we see what Your plan is for us as Your called-out Church in this Hour, the Spirit and the Bride, Lord, we so desire to make ourselves more available; to become more yielded. We ask that You search our hearts, oh God. Hear our cry! Attend unto our prayer, as the Psalm was sung this evening at the beginning of the service, that You hear our cry and You attend unto our prayer. And how we can pray, Lord, even with a focussed faith, Lord, with an understanding of what Your will is in this Hour of the oncoming storms and Lord, to be able to see the progression of these things and desire to awaken Your people, oh God; ringing the Liberty Bell as it were, that we can rise up and be armed and defend, oh God, our rights, our privileges, what You have given unto us, the great promises; things that You’ve revealed and committed unto us.

We know Your Bride is a targeted people. Satan hates this Word. Lord, they know It has spread and brought forth people around the world as You showed Your Prophet in the vision, and they have kept their tabs on these things, Father. We see how they've infiltrated the Message and tried to distort and pervert the Message, to break the faith of the people in the Messenger. Many have been trapped in this, oh God, but we thank You for those who have stood.

And even those who might be wavering, they may not be among us but in other places, Lord, we ask that Your Holy Spirit will shine Light and waken them in this dark Hour. And men that are playing politics and, Lord, just going along, Lord, being caught in earthly things, Lord Jesus, You could help us as a people Lord, to sensitize those around us, Lord, Lord in love and truth, in humility, oh God, in sincerity, that Lord they can know we are not attacking them, but we are really merely trying to edify, to let them see the lateness of the Hour, and that this great unity of the one God could be in the one Church among Your Spirit-filled believers, and Lord, Your Spirit can move and You can finish up this great commission. Make us co-workers with You to finish the plan of redemption in this Hour; vessels of honor, sanctified, fit for the Master use; prepared unto every good work. Make us this, Father.

Bring might and power and strength in the inner man. Take away the fears and the uncertainty. Let us be rooted and grounded and established, settled Lord, that Lord, we will not faint, we will not fail Lord, but we will stand true, knowing Lord God, the days are going to be darker. But Lord Jesus, You promised when it gets dark, there is a Man that can turn on the Light – the Chief Engineer. Hallelujah!

How we want to be like that little brother, Lord, we the Ministers, Father, and the little sister like the church, is crying out, Lord, in despair; the darkness is so dark. But the little brother can say, "Don't cry, my

little sister. I'm touching the Engineer. I'm touching the One that can flip the switch on at any time and remove the darkness." You said it's like that You're going to be here with us in this dark Hour. We are holding to that Word, Father.

We believe that it was You that spoke that Message through Your Prophet, warning us when the Pope was going to Jerusalem, when that great blackout time was coming and then he spoke of Shalom, and separating the Light from the darkness. You said, "Arise and shine, the Light has come and the glory is risen upon you, and it shall be seen on you." We know it is risen upon us. Lord God, now You will cause it in this time that others will see it in a way that Lord, they will be convinced that it is the fulfilling of the words that Your Prophet left with us; that there will be a Bride in this final ride, Lord, in this final call, marching "*Onward Christian Soldiers*" proudly displaying the Blood, coming from all nations.

Oh God, let us do our little part on this side, Father, that the Body could be fitly joined and compacted together by the measure that every joint supplies. Lord, we need each other, Father. And Lord, may You bind our hearts with love's strong cords. May there be such godly respect, Lord! And may, dear God, there be such a unity Lord, oh God, united under one Headship, Lord, that You have come down to take the Headship over Your Body, Lord, that we all can move under Your Leadership, Jesus. May You grant it!

Bless Your servant, our beloved Bro. Didier Father. Oh God, heal him quickly, Lord. How we need him. How we ask, oh God, that You get him back in action quickly, Lord. Lord, he is willing, he's determined, oh God. And Lord, we see the Harvest is ripe and the laborers are few; and Lord God we know Father, Lord, God how Lord, there is a burden in our hearts that we have Father, to get out in the field there and help the weaker ones, Lord; to help them in their portion.

As Judah told Simeon, “Come and go with me and help me possess my lot and I will go with you and help you possess yours.” Oh God, that kind of unity, oh God, how the enemy Lord, tries to break these things up among Your people; we see the Message so divided. But, oh God, this is the Hour, may there be strategic alliance with Your people, oh God, Lord, with the men of God seeing eye to eye. You said the shepherds will, Father. Oh God, the watchmen in the tower, oh God, will have that clear vision. May You grant it, Lord! We could blow that trumpet and it could give a certain sound, warning the people Lord, that they can come under preparation in this Hour.

We commit, Lord, each one and every prayer that went from every heart, dear God, and all that we are desiring to see, Lord, that we’ll be a church that You can have the preeminence in Father to the fulfilling of Your will in this Hour. Grant it, Jesus.

Bless the elders, bless the deacons. Lord, You put such gallant men and women in this church, oh God. May You bless them! May You give them increase! Those that pray for their families and their loved ones, oh God, may You give Father, and unify this Body, oh God, in such a way, for the glory of God and to the fulfilling of Your Word, we ask these mercies, in the precious almighty Name of Jesus Christ our Lord, amen, and amen, and amen.

Praise His wonderful Name. God bless you.
