
Third Exodus Assembly

The Revival Of The Roman Empire Pt. 1

8th September, 1996

Vin A. Dayal

**THE REVIVAL OF THE ROMAN EMPIRE -
1 OF 2**

8th September, 1996
TRINIDAD

FOREWORD

This is a sermon preached by Pastor Vin A. Dayal and is published through the freewill offerings of the members of the Third Exodus Assembly.

It is intended to edify the reader and make clear the Bride-Promises of God, which were revealed through the ministry of God's Prophet-Messenger, Bro William Marrion Branham, for the Elect in this Day. It is not meant to promote any special doctrine or person, save, the Lord Jesus Christ and His Divine Word.

The original video and audio recording can be accessed through our website www.thirdexodus.org

We pray the blessing of God upon each reader and may illumination by the Spirit of God be each one's special portion.

THE REVIVAL OF THE ROMAN EMPIRE -

Pt.1

SUNDAY 8TH SEPTEMBER, 1996
TRINIDAD

BRO. VIN A. DAYAL

We express that faith. We know that the Dove is here Lord, the Dove leading the Eagle. Oh, a Message coming forth, (hallelujah!) "I'll ride this trail once more." Thank You Lord. Thank You for the Prophet's prophecy that is becoming history Lord, (hallelujah) being made actual in our experience today. We could recognize Your great mighty Presence. Hallelujah. You said, "In that day you will know I in you and you in Me." This great uniting time when the Bride is united with the Word. This time of the invisible union Lord, when the Head and the Body is no longer twain but becoming one, hallelujah; God en morphé again, for this final ride.

Thank You Jesus. How we thank You, Lord. How we praise You to be in Your house today. How we praise You to come into Your great mighty Presence, to bring a sacrifice of praise into Your house. Hallelujah! A royal priesthood Lord, kings and priests, redeemed by the Blood of the Lamb. Oh, we thank You Lord, continually offering sacrifices, the fruit of our lips giving praise and thanks unto You. We draw near with a heart full of assurance of faith today, oh God, knowing that You are faithful Who promised. It's impossible for You to lie. This has anchored our soul down through these years Lord. This has given us a hope steadfast and sure. Oh God, to know that You are willing more abundantly to show unto the heirs of promise this immutability of Your counsel.

So we stand upon Your Word, remembering You said, "Because you have kept the Word of My patience, I will keep you in the Hour of temptation." How You are true! How You are faithful! Truly You are the Amen, the Faithful and True Witness, the Beginning of the creation of God. Hallelujah! You said, "Because I live you shall live also. If you overcome, you will sit with Me in My Throne, as I overcame and sat on My Father's Throne."

Oh God, may more overcoming Power come through the revelation of Your Word that will be ministered today. May dear God, the Holy Spirit come down in such a way Father, Lord God to lift Your children up. As David said, "You've set me upon a rock; I shall not be moved. Like a tree planted by the rivers of water, bringing forth our fruit in due season; our leaves shall not wither. [Psalms 1:3 -Ed.] Oh God, let us experience these realities, even in a greater way, in a deeper depth Father, oh God, that these Scriptures can be made so real, so alive in our hearts because we know that they speak of Your Bride Father, this great Bride Tree. Hallelujah! Your Prophet said, "The Tree of Life shall bloom again. The Pyramid shall stand again. The House of God shall live again." Glory be to God.

What a Day You have placed us to live in, to know that saints and sages, prophets of old, men lived and died longing to see this Day; longing to live in this Day; longing to hear the things we hear; longing to see the things that we see, but Lord, it was given unto us, this blessed privilege. Oh God, we thank You Lord.

Oh Father, how I pray today, as we've gathered in Your great Presence, as we've come offering our praise, our worship, bringing our glory and our honor into Your great mighty Presence, and Your Holy Spirit is here to lead us and to direct us to the paths of Truth, may through the administration of the Word today, faith be imparted Lord in such a measure, that Lord the weak will say that they are strong. You will bind up the broken heart. Lord God, You will give sight to the blind.

You will open the prison doors. You will set the captives free. You will increase the strength of Your children. You will give rest to the weary. Hallelujah! May such faith be energized that we could leap over a troop and we could jump over a wall. Oh, what a great army of the Living God! Hallelujah!

Lord, let everyone be brought into the rhythm of the Gospel to march *Onward Christian Soldiers*, proudly displaying the Blood of Jesus Christ, (hallelujah!) the Message of the Hour. Oh God, everyone in rank and file in this great mighty army. We will buckle on the armor tighter today, Father. We will wax valiantly in the fight, knowing that a cry to arms has been heard afar and near. That Trumpet is sounding out, oh God. Father, it is not sounding a retreat but it is sounding to advance, dear God. So may dear God we pull our Swords, and go on forward in faith Father. And may You, the great Five-Star General, may You give us great victory today Father. May Lord, the Spirit of revival move in every soul. May the joy of the Lord fill every heart.

And may dear God, even those who are not Christians, that You have drawn by Your Holy Spirit here, because there is representation in them, Lord God, and the Holy Spirit is here to water that Seed, to quicken them and bring them to life that they will recognize what part of the Word they are. They will recognize their Day and their Message. They will recognize the great fountain that is open in the house of David to cleanse them from all sin and unrighteousness. Oh God, have Your way Father.

Take these few thoughts that You have put upon my heart and Lord, I pray that you will inspire it. I am depending upon You for unction, for utterance, for Divine leadership, Lord, and the Holy Spirit Lord God, will so rest upon us in wisdom, in the power of revelation, (hallelujah) that we might come to see You Who have been unveiled through the opening of the

Seven Seals, that our faith might be made perfect. Grant it Lord. We ask all these things today, for Your honor and for Your glory.

Heal the sick and the afflicted. Cast away devils from Your children oh God, and move Your Church into that only provided place, that Secret place where they are free from every plague and every hindrance dear God, where they can live in victory, live in relationship, live in communion, live in harmony with You. Grant it Lord, knowing that this is according to Your will and according to Your promise in this Hour. We ask it in the Almighty Name of our Lord and Saviour Jesus Christ. Could we all say Amen? [Congregation says, "Amen." -Ed.] Amen. Praise His wonderful Name.

Praise God. What a mighty God we serve! Amen. We want to welcome everyone in His house today. He woke me up this morning; I am so glad He did. Amen. Blessed be His wonderful Name. We came with a shout of praise. Let His Glory fill this place today. Let every lively stone move in this building. Let the pillars stand and not be shaken. Amen. Let the priest cry, "Holy, holy." Let us give thanks to our God. Amen? You're a royal priesthood. Amen.

Brother, man have their priestly order. Man go into the monastery and try to make man priests, put a white gown on him and all this kind of foolishness. Man say they got a dream and a vision that they are a priest. But in the Bible you had to be born into a special family to be become a priest. A special family in the tribe of Levi, a special tribe. It was by election. It was by God's choosing. Is that right? Glory. You couldn't join the priesthood, brother! And even though you were in the right tribe and in the right family, and you had a flat nose, you had some blemish on your skin, you had a blind eye, brother, you had some superfluous thing, you had fourteen fingers or fourteen toes, you couldn't even get into the priesthood. Amen. Glory be to God!

But we thank God we were born in a royal family. Amen! A chosen generation, brother. Amen! One greater than the house of Levi. One greater than the family of Aaron. Hallelujah! One after the order of Melchisedec Who is both King and Priest. Glory be to God! Amen. That is why it says, 'Royal Priesthood'. Amen. He unite the Kingship and the Priesthood in one Person. The Bible said there was nothing spoken about a priesthood out of the tribe of Judah, but there sprang up one, a Messiah. Amen. Jesus of Nazareth anointed, Who became the great High Priest. Amen. Like Ezra, you could trace the genealogy all the way back to that great Priest.

I'm so glad for that this morning. I'm so glad friends. You know, I believe they told me I belong to a certain family in the natural. I walk around with my I.D. card in my pocket and with my driver's license. Sometimes you walk into a place and they say, "Let me see your driver's license." You know they want some form of identification. I take it out, I slip it there, they take down the information because the State here gave that to me. Amen. My mother and father told me that I am their child. I could see a certain resemblance. At one time I was confused. Amen.

But brother, I've got something far greater than that this morning when I got that New Birth, hallelujah; when I got an identification that no man could give me; when I got a Birth Paper, (amen) that no man could give me. Amen. Hallelujah! Oh thank You, Jesus! When I saw I belonged to a family, the family in Heaven and earth named after the Lord Jesus Christ, that you couldn't join, brother. Amen. When I realized that I am joint heirs with Christ. We have an inheritance, this great family. Amen. The promises belong to the Seed of Abraham. I'm so glad. Amen? Aren't you happy for that, all royal Seeds of Abraham? Amen. You've seen it far greater than the natural.

The natural is only to remind us it's with us all through life's journey. Because we have faith in the natural too. We believe it but we don't put our eternal destination on that. No sir! Amen. It will never hang on that, it will hang on the Word of God. Amen. Glory be to God. I love Him this morning. He is my King. I live for Him. He is my breath. He is my Sunshine. Every move I make, I want His influence upon my life. Everything I want to do, I want it to be for His glory. I want it to come out of this Message. Every move I would make, I want to see this Message made manifest. He put me in the world to make this Bible live again. Amen. We have this treasure in earthen vessels. Hallelujah! Amen. That's where I take my stand. Amen.

I trust that's the type of church you want to be in this morning. That's the type of Word you want to live under. I don't have a denominational message for denominational people. I wasn't sent to them. I was sent to the Bride of Jesus Christ to speak to the called-out, who are being placed in an inheritance back in the land of their fathers. I am sent to them. I was not sent to tell somebody they can bob their hair, they can paint their face if they want to; God doesn't mind that. I'm sent to blast that, to shake that thing; to cut people away from that. I'm sent to tell men, "Stop being a sissy; some halfway business. Amen. Be a real man! Be a son of God." That's my message, friends.

If you don't love God you're going to hate me. You're going to try and sit down in this church and play you're supporting me but you're going to end up hating me. Amen. But if you come from Glory you're going to love me. Amen. Hallelujah. Glory. That's why many who walked with the Prophet couldn't walk any more. Many who walked with Jesus couldn't walk any more. He said, "Eat My flesh and drink My Blood," and they began to walk away.

Bro. Branham said "Preach the Word!"

They said, "You are destroying your ministry. What's the matter with you? You have a nice church and a big congregation."

He said, "Any ministry that the Word of God will ruin, ought to be ruined. But if it's the Word of God, it will stand."

Amen. Hallelujah! I want to walk in that kind of ranks, amen. Hallelujah! I want to be in that company that fought the dragon and overcame by Michael's two-edged Sword. They stood in the ranks of a great army. Amen. When that Angel came down with the Seventh Seal Book opened, that give me skill and wisdom that this world is passing away. The atomic bomb has been invented. Elijah has come before the earth is burnt. Amen! The Bride has been gathered. Soon the slaughtering angels will take their weapons and let it loose. Amen. Hallelujah! I've come to tell people "Run for your life." Amen. Hell is being created on the earth friends. Amen. But I know a Tower. I am pointing to It. I'm not saying to run in panic but I'm saying, "Here is the Tower. Run into the Word." Amen! Glory be to God in the highest! Thank You Jesus. Amen. I love Him this morning. Amen?

Let's open up to the Book of Daniel. I want to preach out of Daniel and Revelation. I have things in my heart I want to preach but I just can't try to preach it in services like these because when I come, I either have to hold you too long, or I'll have to get you for three or four days straight. So I'm just kind of picking a little bit and throwing out here and maybe waiting.

I am supposed to go to Australia maybe before the end of the year. The brothers have been calling me and telling me they have got it set up. People who came back from the meeting there, you know what happened was that when we had meetings a couple years ago in Australia, (the couple of times we went), they had to come from over two thousand miles, some people. The meeting was so hard. But this time we want to go to

Brisbane and Adelaide, go into Melbourne and different places where the churches are. The churches there, a lot of them are kind of deformed. A little Corinthian church over here. You've got a little Galatian church over here. You've got a little Thessalonica church over here – shaken in mind and troubled in spirit. You have the Hebrews who started off but are going back.

So the brothers believe the ministry is greatly needed to go there because of the grace that God have given to see certain things, like you take a handful of Meal and throw it in the pot to heal the pot. When you get amongst the bitter waters, instead of creating more bitter waters, heal the waters. They have seen that and they really believe that that is what they desire, and I'm just trying to make it available so that God could have it. And it's such a great thing.

In my heart, you see things here and you try to preach it in the church. Sometimes people in the church, living in a Third World country, everybody is studying economics, everybody is studying *this*; everybody is studying *that*. But people in the bigger countries who have these things already and nobody is looking for it, they want to get God because they realize they have all that and it still doesn't satisfy them.

People who are here felt all they have is God, but now they want some wealth and they want some prosperity. Well then, this kind of Message doesn't shake them too much, because it's kind of disturbing their world. But when you get out there people realize, "Look, I've had all these things and I'm miserable." See? You can preach the Word and shake them back to God!

That is why this is a shaking Message, and you know I don't preach for popularity. I'm one man who can't be bought or sold by anybody. I preach the Word as hard as I could preach it, not to be mean, but to prove that I could keep the standards high. The more evil the world becomes is the higher the standard needs to be raised, especially when you see in the Bible what is happening.

I want to bring a little message here this morning that I feel is important. Some of the things I have been trying to speak in little bits and pieces.

We had a tremendous meeting yesterday maybe close to about eight hours or so with all the singers, musicians, song leaders. It was tremendous. We had like a retreat with discussion, participation, fellowship, prayer; lot of different things we looked into that relate to ministry and the Word, trying to build up and see little areas in the church; to see people catch the ministry, catch the faith to function in the ministry; catch the laws and principles to function more effectively in the ministry. That's what we're trying to do to perfect the places that's lacking. I just trust by God's grace that He will bless our efforts. And when we catch these things, we'll work with it, we'll water it; we'll keep it fresh in our hearts that wherever God calls you to serve, you'll be a real servant of the Lord Jesus Christ.

Remember this is our life. See, sometimes what happens is when we have different convictions, we move differently. This is your life. This is what you're living for. This is the most important thing in your whole life. Nothing else matters. This is your life right here. Hold to this Word. This is what you're raised up for in this Hour.

Daniel chapter 2. I'm going to be slow this morning. I'm going to try and take my time and read the Scriptures in a way to bring light to the new ones and to the young ones growing up and even in a way of remembrance to the old ones. Long ago in the early days we have all these things stored up on tapes and so on, but it becomes so much more relevant as we see that time is running out; the Holy Spirit appealing to prophecy. I'm going back to the Book of Daniel here, verse 31.

Since you all are acquainted, we don't have to read much background so we can just break right into this

dream that Nebuchadnezzar had. Do you remember the story? He forgot the dream and nobody could tell him what he dreamt, and he was going to kill all the wise men and so on. Daniel and they prayed and God revealed to Daniel the dream, and here is Daniel telling the dream. Verse 31:

31 Thou, O king, sawest, and behold a great image. This great image, whose brightness was excellent, stood before thee; and the form [of it] was terrible.

32 This image's head was of fine gold, his breast and its arms of silver, his belly and his thighs of brass.

33 His legs of iron...

One of the first things that Daniel notices about the great excellent image was that it had four different minerals: gold, silver, brass and iron, as it kept coming from the head to the feet. He said:

34 Thou sawest till that a stone was cut out without hands, which smote the image upon his feet that were of iron and clay...

Remember the feet was of iron and clay.

...and brake them to pieces.

35 Then was the iron, the clay, the brass, the silver, and the gold, broken to pieces together, and became like the chaff of the summer threshingfloors; and the wind carried them away...

The whole thing was broken up to pieces and driven away by the wind.

...that no place was found for them...

Could you imagine a great, big, mighty kingdom on the earth, and then it's not there anymore? Think of the great kingdoms in the days of Noah, that after the flood, they were there no more. We've heard about Atlantis but can we find it on the earth today? It's gone. See? It's the same God friends.

...no place was found for them: and the stone that smote the image became a great mountain, and filled the whole earth.

³⁶ This is the dream; and we will tell [its] interpretation thereof before the king.

What a faith!

³⁷ Thou, O king, art a king of kings: for the God of heaven hath given thee a kingdom, power, and strength, and glory.

³⁸ And wheresoever the children of men dwell, the beasts of the field and the fowls of the heaven hath he given into thine hand, and hath made thee ruler over them all. Thou art this head of gold.

³⁹ And after thee shall arise another kingdom inferior to thee, and another third kingdom of brass, which shall bear rule over all the earth.

⁴⁰ And the fourth kingdom, shall be strong as iron...

Watch the description of the different kingdoms, but when he comes to the fourth one, watch the description.

...strong as iron: forasmuch as iron breaketh in pieces...

Because we know the nature of the minerals. Iron is the hardest. Iron is harder than brass, harder than silver, harder than gold, (see) though gold is more expensive; it is of greater value. Look:

...and as iron that breaketh all these, shall it break in pieces and bruise.

A kingdom that is going to be strong, that is going to break up other kingdoms.

⁴¹ And whereas thou sawest the feet and toes, part of potters' clay, and part of iron, the kingdom shall be divided; but there shall be in it of the strength of the iron, forasmuch as thou sawest the iron mixed with the miry clay.

42 And as the toes of the feet were part of iron and part of clay, so the kingdom shall be partly strong, and partly broken.

It's all iron but when it came down to the feet and the toes it was iron and clay. It was a mixture that was going to be partly strong and partly broken, just as how iron and clay doesn't mix.

43 And whereas thou sawest the iron mixed with miry clay, they shall mingle themselves with the seed of men...

Notice *they*! Did you catch that?

...they shall mingle themselves with the seed of men...

They are not of the seed of men but *they* will mingle themselves with the seed of men. There is going to be a hybridization of the people here. There is going to be a coming together. Now watch.

...but they shall not [adhere] one to another, even as iron is not mixed with clay.

44 And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed...

Could you imagine that? Now here is history being spoken before it was even made, by Daniel. Today we look back since Daniel spoke about six hundred and something years before the Lord Jesus Christ; here today we are seeing that Babylon ruled the world, the Medes and Persians ruled the world, and Greece ruled the world. We saw the fourth empire was Rome, exactly like it was told. And we are told that in the days of these kings, with the coming to the toes, that will be the time that the God of Heaven will set up His Kingdom on the earth and that Kingdom will never be destroyed.

...and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand for ever.

If you want to be in a kingdom, be in that Kingdom, friend. This Kingdom is going to break up all the other kingdoms. If you know what Day you are living in, if you're not in the head of gold or the chest of silver or the thighs of brass, or the legs of iron; if you are living in the days of the toes, then try to get into that other Kingdom when It begins to be revealed. Leave the kingdoms of this world: "Come out of her My people. Be not be partakers of her plagues. Her judgment is come to Heaven." Now watch it!

⁴⁵ Forasmuch as thou sawest that the stone was cut out of the mountain without hands, and that it brake in pieces the iron, the brass, the clay, the silver, and the gold; the great God hath made known to the king what shall come to pass hereafter: and the dream is certain, and the interpretation [of it is] sure.

There is no doubt about it. It is impossible for God to lie. Heaven and earth will pass away but this Word must come to pass.

Father, may You bless Your Word. Make It real to our hearts and may we understand the Hour that we are living in. May it bring faith to serve you and please you, in Jesus Name we ask it, amen.

God bless you. You may have your seat. I want to speak a little thought that I will like to call it, since I'm just picking places and talking to the church a little bit these days, **"THE REVIVAL OF THE ROMAN EMPIRE."** I'm speaking about, **"THE REVIVAL OF THE ROMAN EMPIRE."** And before we get away, my thought will be like this: The Roman Empire never went out of existence. It has changed its outward texture but it's here with us today.

The religion that was upon the face of the earth in the days of Jesus that killed Him and destroyed Him is still here today. Because it has changed its outward form, like a man who had a bad accident and almost died, but

survived the accident and took plastic surgery and got a new identity, and is moving around in the world, and people don't know it's the same man because they published in the paper that the man was dead. Like when Clint Huggins, (remember that time?) [local news – Ed] they said that the man died and everything else, and they put that there. It was a sting operation the police had to throw people off. Well this is a big sting operation that took the whole world. [Clint Huggins - State witness for Dole Chadee murder trial. –Ed.]

The same way they used the media information to confuse the minds of the people, blind them from the truth and make them believe the lie, it's the same way the Bible says that Satan will come down, Revelation 12, and deceive the whole world. Does it say that? [Congregation says, "Amen." –Ed.] Matthew 24 says that if it's possible even the elected will be deceived. The Bible said the whole world will wonder after the Beast. Does the Bible say that? [Congregation says, "Amen." –Ed.] Alright! So you're Bible readers and you understand that I'm quoting the Scriptures.

Sometimes a stranger may come in and think this man is just coming and making statements left and right and have the people influenced and they don't know that all these things are in the Bible, promised for the End Time to warn the Church.

So this great 'sting operation' is on and the world is being deceived. But instead of the news that exposes the hoax is made public, the Seventh Seal Mystery uncovers the enemy's scheme to us. Amen? The Seventh Seal Mystery uncovers the scheme of the enemy, and we know what the enemy is doing. And then we are being given a photograph of the man's new image that he is bearing since he did 'plastic surgery'. So it doesn't fool us. And while they confuse people as to the man's identity, and people say "The man is dead." And then people now to keep that lie alive, to keep the strength of it on the people, every time they come and

have a memorial service for the dead man. Ever-so-often things come out to remind you, "Don't associate this man with that man," but we know this man is the same man.

You know, I was making a statement the other night, to even elaborate a little further what I'm saying so you can understand the world today and how things are. Do you remember when I preached on *the information revolution*? I was telling you, the world is not controlled by money, the world is not controlled by weapons neither is the world controlled by resources.

At one time oil could have controlled the world. At one time it was weapons, and who had the biggest arsenal. Russia with their Intercontinental missiles and America with their big arsenal as well, and the arms race, armaments and everything else, and the whole world was under the threat of a nuclear holocaust. And it looked like who had the bigger weapons was the superpower and was going to take control and had the balance of power in their hands, and that they were the one to fear.

Then, resources: all who owned all the stock in the stock market, all who owned this and the other, and it looked a certain way. But now the world is coming to a new phase, what they call *the information revolution*, information highway, the Internet and all these things. It is changing the way people live. It is changing the way people do things.

Every time a revolution comes, it changes the way people live. See? At one time in the agricultural Age, people wanted to own land, plant their garden and own real estate. That was power. Then the industrial Age came and man began to develop weapons and open up industries. It moved people away from the land to the cities. We had urbanization. Everybody was trying to go out there and get a white-collar job because they wanted to work in factories.

And people who come up under family type, little businesses that were structured in a certain way: a man had a farm, has his children, his children worked on the farm, then he gave them a piece of land and they started their own farm. That was the way of life, and then all that began to break up because under that revolution it was changing the way people lived, worked, played, everything.

So then after from the industrial revolution, which went on for hundreds of years until finally we come to the final revolution, which we proved and showed by the Word that when it comes to the information revolution, it's over. The judgment always comes and we showed them in the Bible how God started with Cain who tilled the soil, and Abel who was a shepherd, and they lived off the land, rearing livestock and these things.

Then when Cain was cast from the Presence of God, he began to do mining. He went into industry. He began to bring out musical instruments. He began to build cities, and he went into industries and the world changed. Man began to get beds. Man began to get houses. Man began to get utensils. People got stoves to cook their food, whereas a man used to rub two pieces of sticks to light a fire, or rubbed two stones or something. Whereby a man was putting two stones, killed an animal, put a stick between the animal, hang it up there on two stakes and turn it over a fire that they lit with the sun or something, now man have microwaves, barbecues, and all kinds of different things. Why? Because it has changed. It evolved.

Where did we get that from? The industrial Age gave us these things. Man used to rip the skin off animals, tan it, dry it, take the sheepskin and put it on and walk around there. A man said, "That looks nice." Today a man wears a wool suit, a three-piece suit, made from the same animal. Look where it's come to. Man took the cotton plant, and the fibers of the cotton and they

wove that and they've got nice cotton clothes. Where you get that from? The industrial Age gave you that.

Man used to live in a cave or under a tree, dig a hole and try to put some leaves and branches around himself to keep off the weather and so on. Now man came and started to design this, build blocks, make blocks, take out iron from the earth and make it into steel rods and different things. Architects began to draw different things, began to make heating and insulation and central heating and air-conditioning when it gets too hot and chimneys and firesides when it gets too cold. And they keep everything nice. They have heat. They get oil and they get coal to bring heating in the countries where they have winter and these things. Where did we get that from? The industrial Age.

Women used to go down to the riverbank and beat their clothes on two big stones, put it out there on a tree branch to bleach off in the sun. Now she presses a button, and it's on a cycle in the washing machine while she's cooking. She puts the thing in the microwave that she had in the refrigerator over here, and then she goes here and puts the clothes in the dryer, it spin dries, and she brings it back out. She takes the food out the microwave, (you know what I mean,) and it's a different type of life. Where did we get that from? The industrial Age. It changed the way we live.

If they try to push you back into the agricultural Age, you're not going back at all. You will feel you're poor, feel you're depressed. Right now the whole world is saying, "The poor countries, the depressed countries, they're suffering. Give them aid, give them foreign investment, build industries; help the economy of the country." To do what? Bring them out of the agricultural Age into the industrial Age to technology and science and these things.

But now they have found a commodity that is far greater, because technology has advanced along a certain line, which was information. And information is

the commodity that you can disperse and disburse and share and send across the world in a way that you cannot do anything else.

If they are manufacturing cars in Trinidad and they are exporting to Chile, or they are manufacturing bricks in Trinidad and they are sending it to Cuba, or they are manufacturing medicines and these things in Cuba and they are sending it to maybe, Japan, they still have a way to do it. It's either they ship it by boat if there is no land freight to go the entire distance, or they ship it by air. But it's information! And they have to have enough boats to send it to different destinations at one time.

If you only have five boats, five boats could only go in five directions, or you get five routes where you can make 'milk stops'. [A routine trip, usually involving stops at many places -Ed.] It stops here in the first country, drops off that, stops in the next country and drops off that. So the ship carrying all different types of cargo is dropping off things along different ports. By the time the ship makes a six-month journey, millions of dollars in motorcars, or clothing and different things have been dropped at different ports.

But information travels at the speed of light. And the whole world is united if you can send the same thing here around the whole world. Olympics, the whole world is seeing the Olympics at the same time. Boxing, the whole world is seeing it at the same time. See? Because of the way that information is not hindered and can move at such speed and everything that happens depends on information to make it happen. If you are going to make this pulpit, you have to get the knowledge of where to get the wood. See? If you want to get a certain type of wood, you have to ask certain people. If a man knows that and he or she has that information, he could buy all the wood if he gets the resources.

Look right here in this trial [Referring to an article in the newspaper -Ed.] this man had money, this man had guns, this man had resources, houses and estates, and all

kinds of different things, and the biggest threat to the man was information. And all the crimes that they were tried for, was trying to stop information. All the witnesses that died, that they killed, was to make sure that the information they had did not incriminate them by being made public. So they spent thousands and millions of dollars to stop that information. They hired high-powered lawyers to manipulate information and make it so confusing – men who could take, who have a mouth and learning, to make information so smooth and diversified, like a weapon, to tear down, to confuse, to blind and to smother. You see. Yet the same thing they tried to stop, is what came and put them away in prison, for the death sentence – information.

I was sharing with some of the little sisters yesterday, we were talking. I said, “Do you know something? Look, you are out there in the world. You know long ago, a man was a police informer, they got some old bum by the side of the road, some alcoholic in some bar, rum shop by the corner, some dark sleazy-looking place, interfering with women and everything else, drinking Punccheon rum, sleeping on the floor. And they want to know what happened because they hear these men hang out in this bar.

So they go and give the man twenty dollars, buy some whiskey that he never drank in his life, or give him some Mackeson stout or something that he normally don’t buy with his money, call for barbecue chicken or something and they say, “What were those men talking about in the bar last night? They are making a hit. Who are they going to hit?”

He says, “I hear Coke and Bull say they were going to do so and so.”

They give him twenty dollars and they’re gone. They call him a police informer. But look how as the world changes, look how valuable information gets. The same man who they used to treat so long ago in my days, he’s now getting a new identity for himself and his family.

He goes to the States, gets a new residence, he's getting a job, he's getting a million dollars, he's getting state protection, he's getting a hotel room, a car to move around, a cellular phone, everything he's getting because he is a police informer. Why? Information has changed. They know the commodity. They know the value of it. They know the power of it.

Nobody can suppress it, because this type of commodity where you still have to use... If you are making a motorcar so big and so heavy, you still need a ship that size to carry the same car. If you're making a journey so long, you still need enough oil in that tanker to carry it that distance in the sea and tote [carry -Ed.] this heavy thing.

But whereas you used a building big like this to store a few containers of books or something, a whole library could be put on one little CD-ROM now because now you could do that with information. Where they spent thousands of dollars to transport people, executives in some big office to go to another country, to have some big high-powered meeting, now they sit down right in their own office and they have a video conference. And they are doing everything by way of video conferencing – information.

Now people long ago, poor people couldn't get to the States. They have the Guardian Neediest Fund [local charity -Ed.] and they wait until the person gets old and dying already, and they can't raise the money. They are begging BWIA [Local airline -Ed] or somebody to carry them up for half price or something. They are trying to hire a wheelchair, or hire a nurse to take them up. It's so much protocol and bureaucracy to get it done. Now, the specialists up there can look at the files here on his computer screen and give instructions, and the patient doesn't have to move anywhere. Tele-medicine; information. See? A new world coming in! A new world coming in.

Why? Because while the church was doing this, building their Bible schools, doing this, God came back in this Day. The Holy Spirit, the Angel of the Lord dropped down, opened the Seven Seals, quickened men by the baptism of the Holy Spirit just like He did with Peter and Paul and them – no Bible school, no years inside the seminaries; no man's embalming fluid poured on them. God by information, by a revolution, by revelation, Divine revelation.

As Paul said, "Not by the will of man." He said, "Before the information Age came in, the Logos, the Pillar of Fire_come_down, the Omniscient God, the Intelligence Himself, I used to be at the feet of Gamaliel with all Gamaliel's students. I have to go at 2 o'clock because Gamaliel have so many students. He takes this one from eight to twelve, then he takes one from twelve to four, then he takes from four to eight. I have to do that and do my extra studies at the side." He said, "But since the Pillar of Fire came and carried me in the wilderness, I came back here and I know the whole counsel of God. Information Age. It's different. A new Age is coming in.

This is where believers, we have to grow up. We have to grow up. We have to catch the change in the world. This is why the revelation is given. Let me tell you, every day the world changes, I see more and more why this revelation was given. I understand it better, because I realize that without it, you will never know what is happening. And the more I see what is happening is the more it drives me to be desperate and to preach the Gospel and to try to wake people up, because the Seven Thunders is to wake up people.

People like to quote that and think it's a jumping thing and a rolling thing and a laughing thing and "We're powerful," and they're not awakened and they don't know what is going on at all. They are looking at the same world and getting tied up and entangled with the affairs of this life and they don't know anything and

they talking about, "The Thunders, right?" And they are as blind as a bat and can't even see what is happening around them. They have no spiritual discernment and they are supporting the very thing that is against the Word of God. See?

And that is why friends, you realize the Prophet said it's very, very, very few. Because, let me tell you, a man who looked like he had the Holy Ghost here five years ago, as the world changes and things progress, five years now, you see he really doesn't have the Holy Ghost you know. Bro. Branham said, "When I went out first, men who I considered the cream of the crop, when I come here in the second pull and the discernment started, I realized they weren't spiritual." The same man, but time changed. It advanced a little more. It uncovered more woes on the inside as it grows out.

That is why you see when the Word quickens to a person, you have to walk and live a certain way, friends. This revelation is nothing to study and theorize and discuss over. This is nothing to dress up yourself and say, "Whoo, but the Word is getting deep, right?" It is not a kind of spiritual carnival. No. This is people waking up.

Look at Daniel. Daniel went and prayed, "Lord, this man is going to wipe out the whole place. Tell us what is going on!" God dropped down the vision. What was it? The Information Revolution. Where would Daniel get access to that?

Like I always say, Nebuchadnezzar laid down on his bed, the video program came on, transmitting from God's transmitting station, and in his subconscious, while the first conscious was asleep, dormant, he is seeing all of this in a dream with another eye, with another vision. And he is seeing this big image; he is seeing all the colors, he is seeing the glory, he is seeing how it stood up there so powerful, and then he sees the thing being destroyed. He saw the thing driven away,

until it couldn't be found any more. And he was so astounded.

But when he got up and pushed back in the tape, he had a blank tape. He didn't press the recording button, so when he got up the next morning, the thing didn't tape at all. And he said, "I can't retrieve this thing; I didn't save it. It came down the super highway through the Internet, it came in here, broke on the screen here, and I should have saved the thing and I didn't save it and now I have a power shortage. It's gone." See? So he called up all these magicians and them, soothsayers, who were linked up with the fifth dimension, but that didn't come from there. Man get his bat wings, crocodile tail, (see?) he got jigger bush, [local medicinal plant -Ed.] mixed it up, but nothing was happening. They said, "What is going on?" See? All those different things.

Daniel and they now know, "That sounds like even though it did not come from up there, we know one source that could tell us what it is. Because even though they are operating with a pirated copy down here, [Bro. Vin and congregation laughs -Ed.] He knows every operation." So they went to God, "Lord, tells us what this man dreamt." Now catch this you know! "Tell us what this man dreamt." The Director of that station Who transmitted that information, He called up the Angel who is over dreams.

He said, "Last night you were showing so-and-so and you let this thing come up on Nebuchadnezzar's set. You know the file name, you know they have 'NB Babylon.'" [Bro. Vin and congregation laughs -Ed.] He said, "I want a rerun of the same program but this time let it come on Daniel's set." Amen! Hallelujah! Glory!

The same God Who transmitted the thing before, He had the tape in the library. It was stored so it could have been replayed a second time; a rerun of the same program. And Daniel looked at it. He watched the program. He went to Nebuchadnezzar now. He said, "Let me tell the king what he saw." He said, "You saw

this and you saw this and then you saw this, and you see until a Stone came out. And when the Stone came out, it did not strike the thing on the head.” Nebuchadnezzar was waiting to hear where he would say it struck, you know.

He say, “I would know if this thing is correct; if it’s the same picture I saw.”

When he started to go into details, and he said, “Now further than that now, I’ll tell you what it means too. Because what you saw, it is such a high mystery you saw here, that you don’t even understand what it means.” See? “It looked like a horror movie to you. It looked like some great something, but behind that there is a spiritual significance.” He said, “I could tell you what it means.”

Daniel started to uncover that to him. Now watch something! He had access to something. He had access to information. He was linked up with an Intelligence Who could reveal things. And then he went and prayed. In his prayer now, through the experience, he said, “Oh God, You Who revealeth secrets.” Why? He had the experience, and he is praying out of the experience. Like we were talking yesterday, God gives you experience. He did something, He revealed Himself to you in a certain way and you are expressing it back. You say it because you experienced it. See?

So he came there. When Nebuchadnezzar heard that, he realized, he understood, “You had to be linked up to the same Man.” He said, “I got it. It ended up on my set, but I don’t know where it came from. But you mean to say, you have to be in touch with the Source, and if that Source can give that kind of information and you are in touch with that Source,” he said, “I will respect you.” A heathen man can respect what a man gets, knowing that’s coming from God. Think of it!

Now watch friends. This revival of the Roman Empire, Daniel saw the kingdom. The head of gold, he said that’s Babylon. He said the chest of silver is the

Medes and the Persians. You know the Scriptures. Let's read one or two so we'll kind of help some who may not be acquainted with the Scriptures. Let's turn to Daniel 7, and take a different view of the same kingdoms, because this was shown to Daniel afterwards. This one wasn't shown to Nebuchadnezzar but it was shown to Daniel, because God wanted to even reveal something further to Daniel about these kingdoms.

Doesn't it amaze you how God can foreshow the history that is going to be made even before it is made? Sit down and meditate on that sometimes, then you will realize how sure the Word of God is. This is over twenty-six hundred years ago we are talking about, you know. We are not in the head of gold, that part is finished. We are not in the chest of silver, that part is finished. We are not in the thigh of brass, that part is finished. We are not in the legs of iron, that part is finished. We have seen the appearing of the Stone. This Message is the coming of the Headstone. Think of it.

Daniel chapter 7:

¹ In the first year of Belshazzar (and you know he was after Nebuchadnezzar) king of Babylon Daniel had a dream and visions of his head upon his bed: then he wrote the dream, and told the sum of the matters.

² Daniel spake and said, I saw in my vision by night, and, behold, the four winds of the heaven strove upon the great sea.

³ And four great beasts came up from the sea, diverse one from another.

Now when you are getting dreams like this, you are getting good dreams. Some kind of dreams people get, all kind of scene, one minute this, one minute that. And they come and say, "I got a dream." And they tell you the last part because they find the last part looks more spiritual than all the rest and all the other parts looked kind of funny. [Strange -Ed.] But this is Bible dreams

here. This is how they come. This is when God is making Himself known.

⁴ The first was like a lion, and had eagle's wings: I beheld till its wings thereof were plucked, and it was lifted up from the earth, and made stand upon the feet as a man, and a man's heart was given to it.

There are four beasts and here is the first one. It is like a lion and had eagle's wings. Then:

⁵ And behold another beast, a second, like to a bear, and it raised up itself on one side, and it had three ribs in the mouth of it between [his] teeth: and they said thus unto it, Arise, devour much flesh.

They, the watchers, the ones who are administrating the earth's affairs, they said, "Okay, arise, devour much flesh. You will have three ribs in your mouth." See, they were speaking about conquest. Beast represents power on the earth. First the kingdom was shown as four materials in one image and now it is being shown as four beasts. The image showed the outward texture of the thing, the glory of the kingdom, looking at it outwardly.

Like if you go to America, "Whoo!" I remember when we went to America the first time and Bro. Zeph was coming down in the plane, when he looked down there he said, "Ooh beautiful!" He was seeing the glory of the kingdom from the plane, outwardly. Then in Bro. Howie's house, I got up in the morning, looked in the mirror and the Voice spoke to me and said, "You are on mount temptation." I said to the brothers there, "We don't want anything from anybody here." First trip, until this one, I say, "We've come here for a work. We'll come in, do the work and go back out." See? When ministry is in people, it is from birth, you know. You are shaped and molded for your work down through life's journey. Watch!

⁶ After this I beheld, and lo another, like a leopard, which had upon [its] back four wings of a fowl...

Notice how these wings are like a fowl, but the first one it identified it is like an eagle, the lion. See that's a greater kingdom but this is a lesser kingdom here.

...the beast had also four heads; and dominion was given to it.

⁷ After this I saw in the night visions, and behold a fourth beast...

Now we already heard of the fourth kingdom, now we are seeing the spirit. These wild beasts represented the nature of these kingdoms, the spirit behind the nation itself. Her parks looks beautiful, her streets are paved, her buildings, the architecture are the finest, her arenas are so well built, her sports stadiums, her theatres are so nice, her shopping malls are so fantastic – we are seeing the glory. We're seeing the gold and the silver and so on. But then the spirit of the nation itself was a wild devouring Beast.

That is why the Bible tells you in Proverbs 6, you see the woman come out, decked in silk, smelling sweet, this kind of perfume, stand at the gate, her body language, she knows how to put the feet, fix up the hair, (see,) wink the eye, the Bible says. But It says, "Her gates are the gates of hell." The man is watching the clothing, he's watching the body, he's watching that; he likes the wink eye, but he doesn't know the spirit there is the gates of hell. He is going down in the pit. That's the spirit behind the thing.

See, revelation makes you look beyond the veil. Whether it is any form of the natural, everything has a spirit behind it. A beautiful woman will rise up in America but she's wicked in her heart. She will lead that nation to its destruction – sixth vision. Do you remember that? [Congregation says "Amen!" –Ed.] Sure. It is not the outward, friends, but what it is on the inside. Look at the fourth beast, let's study it.

...fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: it devoured and brake in pieces, and stamped the residue (that is the three previous beasts) with the feet of it...

Over in the image It said it will break and bruise those kingdoms. Now watch what it is doing here. It stamps them and destroy them and breaks them into pieces.

...and it was diverse from all the beasts that were before it; and it had ten horns.

⁸ I considered the horns, and, behold, there came up among them another little horn, before whom there were three of the first horns plucked up by the roots: and behold, in this horn were eyes like the eyes of [a] man, and a mouth speaking great things.

Now you know, we have done a lot of study in the Book of Daniel. We even had charts that we gave out and we have all that on tape here, but I am not trying to go into all these different details because we could never exhaust that with one service. So I am trying to head on **The Revival Of The Roman Empire**. That is where my thought is so that is where I am going. So don't expect me to stop and break down all these details this morning. But verse 13, let's drop down a little bit. I'm just picking the places that I want to hold before you.

¹³ I saw in the night visions, and, behold, one like the Son of man came with the clouds of heaven, and came to the Ancient of days, and they brought him near before him.

¹⁴ And there was given him dominion, and glory, and a kingdom, that all people, nations, and languages, should serve him...

Notice how this image had four materials and then, what happened? The Rock came and destroyed it. Notice these four beasts come, and then what? One like the Ancient of Days, One that is wigged with a white

wig, like Daniel. Are you getting me? [Congregation responds, "Amen!" -Ed.] Alright. Yes sir! The Ancient of Days has come. And look:

*...that all people, nations, and languages,
should serve him...*

In Trinidad they're going to serve him. From Mexico to Latin America they are already serving him. See? All Europe is serving him. America is now serving him. He tore down the Berlin Wall, and broke up the Soviet States, and made all of them serve him too. Sure. They serve him everywhere now. And all the Protestant nations they may not be converted and become Roman Catholics, but he is going to make them serve him too. They will give their power and support to the Beast. You know that is the Word.

*...his dominion is an everlasting
dominion, which shall not pass away, and
his kingdom that which shall not be
destroyed.*

*¹⁵ I Daniel was grieved in my spirit in the
midst of my body, and the visions of my
head troubled me.*

*¹⁶ I came near unto one of them that stood
by, and asked him the truth of all this. So he
told me, and made me know the
interpretation of the things.*

*¹⁷ These great beasts, which are four, are
four kings, which shall arise out of the earth.*

God gave Daniel the vision, and now He is giving him the interpretation and telling him the meaning of these things.

*¹⁸ But the saints of the most High shall
take the kingdom...*

See? Now remember, these two kings and two kingdoms, one is only impersonating the other One. One is only trying to do what the other One is doing. Christ is bringing His Kingdom to Its fullness. Satan is doing the same thing. He has nothing original. He is

only impersonating. Amen? So when you look at one you understand the other. Because Satan was the first one who said, "I will be like God. I will be worshipped as God." You know that! That was his plans.

18 But the saints of the most high shall take the kingdom...

So in the end the saints will overcome.

...and possess the kingdom forever, even for ever and ever.

19 Then I would know the truth of the fourth beast, which was diverse from all the [rest]...

We already know the fourth beast is the fourth kingdom, and here we are understanding its diversity a little more.

...exceeding dreadful, whose teeth were of iron, and his nails of brass; which devoured, brake in pieces, and stamped the residue with his feet;

20 And of the ten horns that were in his head, and of the other which came up, and before whom three fell; even of that horn that had eyes, and a mouth...

It's symbolic of people.

...that spake very great things, whose look was more stout than his fellows.

You see ten fellows, and this particular fellow is more stout than these other fellows. With his mouth he can flatter more than these other fellows. He is the chief false prophet and they are the other false prophets, like Zedekiah and the four hundred, in type. Okay.

21 I beheld, and the same horn made war with the saints, and prevailed against them;

So if you understand the vision, he is telling the end before he tells in the middle. He is giving the assurance that the saints are going to overcome and reign forever and ever. But he is telling now, I beheld this one came

up and he fought against the saints and he prevailed against them. He is not contradicting himself.

²² Until the Ancient of days came...

See, he started off by telling us the Ancients of Days had come. When the Ancient of Days comes, then the Stone broke up everything and grew into a great Mountain. But they will prevail until the Ancient of Days come. See?

...and judgment was given to the saints of the most High; and the time came that the saints possessed the kingdom.

²³ Thus he said, The fourth beast shall be the fourth kingdom...

So now we have the image coinciding and comparing with the four beasts. We are told there were four kingdoms, and then the fifth Kingdom was going to be the Kingdom of the God of Heaven. That's why when Hitler, Napoleon, Saddam Hussein, all kinds of different people tried to rise up and become a world power, they couldn't become a world power. They had to fall short, (see?) because God had shown that there were only going to be four world powers. God didn't speak anything about Germany becoming a world power, but Hitler tried. God didn't speak anything about France becoming a world power, but Napoleon tried. God had named the four, and France and Germany weren't part of those four.

Do you see how accurate history is? Do you see how man even tries to defy God and tries to defy the Word? Do you see that even though man had the arsenal and the armies and the planes and the ideas and everything to do it, yet something happened that it could not be done? Because the Word of God cannot be broken. How easy should it be! That's the same God that shows you, when He said by His stripes you are healed, you're healed. Can't people see the power of the Word? Think of it. God said Rome is going to be the fourth world power, and in the days of the ten toes, the God of

Heaven will set up His Kingdom. See, there is nothing in between. God of Heaven will set up His Kingdom.

Now, as we understand this fourth beast which is the fourth kingdom, my thought is that it never went out of existence. It's still here with us. What was the identification of the empire, in other words? I don't want you to get lost in the terminologies. What was characteristic of the Roman Empire, if that didn't go out of existence, then that is still here. It hasn't changed its purpose, hasn't changed its nature and it hasn't changed its characteristics. Its outward image might be changed.

If a man takes plastic surgery and he's a thief, he's still a thief. If a man takes plastic surgery and he's an adulterer, he's still an adulterer. If a man takes plastic surgery and he's a killer and a murderer, he's still a killer and a murderer. If a man takes plastic surgery and he's a liar, he is still a liar. Is that right? That outward texture is only cosmetic. It doesn't have anything to do with the man's nature. That is only to deceive the eye. So when a man says, "Okay, this business is legitimate," when a man says, "This thing over here is still..."

I'm going to show you all the chariot races they had, it became the Grand Prix today. All the arenas they used to have become the Olympics today. Look what the old—where I was down in Caesarea, where they have one of the old Roman theatre down there that Caesar and they had, where Caesar himself came there and looked at the games and so on that they used to have there. We even took pictures right in the very place, and to think when you see that place, little Amphitheatre and so on, put on their drama, look how that has evolved into Hollywood today. Look at the influence of Hollywood in relation to that.

The Olympics is not about sports. The last Olympics unveiled it. It was a zillion dollar industry, they called it. Everybody rant and raved because they were only

showing America, only showing America. They told you who came last in America in the last Olympics and they didn't tell you who came second and third right here in this one. Everything was America! America! America! America! America! Why? They own the media and they own the thing and they're wicked and evil, and they're doing the same thing. They rejected a Prophet and they're demon possessed.

I'm not talking about people, I'm talking nationally. And when you understand it on a nation level, you'll understand it on a city level. When you understand it on a city level, you'll understand it at a family level. When you understand it at a family level, you'll understand it at an individual level. A man who rejects God's Word is the same thing. See, it's the same thing.

Now watch! This fourth kingdom, let's look at it and study it a little more. I hope this is interesting to you. The Ancient of Days goes on here; He is unfolding more to Daniel now:

²⁴ And the ten horns (verse 24) out of this kingdom are ten kings that shall arise: and another shall rise after them; and he shall be diverse from the first, and he shall subdue three kings.

²⁵ And he shall speak great words against the most High...

You know, sometimes when you read that and do you know the first thing you think of? A man get up and say, "There is no God. God is the devil." No. This man says, "I am God's spokesman on earth. God put His power in the church and the church can forgive sins and the church can do this." That man is speaking against the Most High. That man says, "The church has this holy institution since in the days of Jerome and Saint Ignatius." [Congregation and Bro. Vin laughs -Ed.] He is speaking against God.

Remember these great words is a mouth given to speak flatteries to deceive the kingdom. He comes in

like the Serpent. How did the Serpent deceive Eve? “Yea, had God said? Oh honey, do you think God will judge you, a great and loving Father? Did you ask for this apple tree over here. Did you ask for this pomegranate? This river where you go down to drink some water, did you ask Him to put that there? What about this nice leopard that comes up and purrs that you play with every evening, did you ask God to create that? It was all there before you, honey. He thought about you. Did He lease it, or did He give it to you all to enjoy? Did He make you servants or did He give you dominion over it?” He said, “Now tell me again, does He love you or does He not love you?”

See, that is speaking against God. If God said the day you eat you shall surely die, you shall surely die. They found it out afterwards! Every time you see a hospital, a graveyard, a war, an abandoned child, an abortion, a suicide, it's because of that first sin in the Garden of Eden – believing that lie. The Beast at the beginning and the Beast at the end, through the trail of a Serpent! What was in Genesis comes to maturity here. It's nothing strange.

May God open up your mind and give you insight that when you walk the streets of this nation, when you sit and you read magazines, when you peer through the windows that give you a view in other worlds and other nations, and when you get all ecstatic and you get all excited, remember it shall pass away. The elements shall burn with fervent heat. It shall be turned into ashes like Sodom and Gomorrah.

Remember that there is another City coming from Heaven that shall remain forever and ever and ever. This is the day, friends. This is the Age. Remember the earth is to burn after Elijah comes. If you're trying to prove to people, “Elijah is not John the Baptist. The earth didn't burn after John. The earth didn't burn after John. This is Elijah!” And then you're living like

the earth isn't going to burn, then you don't even believe that is Elijah. Do you understand me?

...he shall speak great words against the most High, and shall wear out the saints ... and think to change [the] times and [the] laws...

Do you see where this man is going to go? Now tell me how this man is going to come and change the times and the laws? Now watch! I want to show you, that what you see coming in friends, what you see emerging and coming like legislation, coming like betterment and advancement and progress, remember that is the snare. Remember that. That's the mischief of Haman at work.

...and they shall be given into his hand until a time and times and the dividing of time.

He shall think to do it, and it shall be given into his hand. It's being done, but it's being done by permission. Notice that! It's being done by permission. He is being permitted to do it. God is letting him have his way. Do you know why? It is going to serve God's purpose. God says you have to judge it. What does that tell you in the natural? When a man has a desire against the Word of God, God gives him that too. Not just 'here' and 'prophecy' and 'the last days' and 'Daniel'. Every man! Didn't God give Balaam the desire of his heart? Didn't God give Cain the desire of his heart? Didn't God let Judas carry out the desire of his heart? See?

Remember anything you read in the Bible when you see it in one place, whether they show it in a city or in a nation, that applies to every area of life. Don't just say that is only for the Beast in the last days. That is for every man because when God is going to judge the world, God judges the whole world on the basis of judging one man, because the world is just one man multiplied. When the world started it was just one man alone. That was the whole world. And God said, "The day you eat, you shall surely die." And God was going

to judge one man, who was the whole world by himself, because one man is a miniature world. Do you understand that?

Friends, see God! See God. See how God is, that when we talk of God and we serve God and we walk with God and we take God's Word to apply it, it's not some play thing. No! God's Word is real.

²⁶ But the judgment shall sit, and they shall take away his dominion, to consume and to destroy it unto the end.

²⁷ And the kingdom and dominion, and the greatness of the kingdom under the whole heaven, shall be given to the people of the saints of the most High, whose kingdom is an everlasting kingdom, and all dominions shall serve and obey him.

So here what we are seeing is—All we've seen so far is... It took us quite a while to read those two Scriptures, but we were comparing the four metals to describe the four kingdoms in the image and we were comparing that with the four beasts and the nature of these beasts.

And every time God give Daniel... Let me say this here: the whole Book of Daniel is only developing that one revelation in the beginning, where God showed Daniel those first four kingdoms of the world, as the image, and every successive vision, every successive dream, every successive revelation only develops further the original revelation, giving you more details of the original revelation. When He gives you seventy weeks and all these things, it's only giving you further details because the seventy weeks fits into the very image itself too.

So you start off with the picture of the four world kingdoms and you see it in history. Then as the details unfold and it's a little more specific, then you can understand a little better the details that have made up history for the last 2600 years. Then the very history

that is being made known in the world today, what we read as news in *Time Magazine* and *National Geographic*, and the daily newspapers and CNN, that is only bringing out further details of the same vision, because that is symbolic of the four world kingdoms, until the Kingdom of God comes.

That is why modern events have been made clear by vindicated prophecy. That is why the Message has come to anoint our eyes, that when we look around here, it's not, "I'm looking for the Lord to come but I don't know what the Lord is doing." No, no, no. It's saying, "Look the Lord is coming because look what the Lord is doing." Do you understand that? A lot of people live like, "Well, I don't know what is going on but I am looking for the Lord to come." No, no, no.

This is telling you, the day shall come like a woman in travail. Does it say that in 1st Thessalonians 5? A woman who is in travail knows she has lived out nine months. She doesn't get a pain in the second month and say, "Oh Lord, the baby's coming, the baby's coming." No, no, no. She knows it's different when she reaches that stage. She knows when the baby comes in position, when the contraction takes place. When the pain starts to come long and fast, she knows she is entering into labor. Then when she sees the water come, she knows, "Uh huh! The next thing is blood, and then the child is going to come."

And that's why we had the Church Ages. That's why we had the Seven Seals. All of this is pointing out to us to show us, Ephesus is finished, Smyrna is finished, Pergamos is finished, Thyatira is finished, Sardis is finished, Philadelphia is finished, Laodicea is finished; it's blacked out. Here is the Coming of the Lord, a Mighty Angel. Here is the opened Book. Here is the Son of Man being revealed between the Son of God and the Son of David, placing us. Here is the First Seal where it started. Here is the Second Seal where it unfolded.

Here is the Third. It ties it together, giving us more details so we could know where we're at.

Here is the young Rabbi going out with healing. Here is the young Rabbi discerning the heart. Here is the young Rabbi speaking the Word. Here is the young Rabbi opening the Word. Here is the young Rabbi going to preach to the lost and raise the sleeping saints. It's more details to bring it down to the end. When you understand the vision, when you understand what you've been walking in all these years, it is impossible to see it and not be sold out to it, because the only ones who see it, it's designed to give Rapturing faith. They see the end.

That is why when people are talking about intercession and all these things, they are confused and everything else. Do you know what is going on? Because they're not seeing anything that has been happening. They're blind from 1965 after the Prophet left until 1996, and because they don't know what is happening, they look around the world and that means nothing to them. They cannot place those things in the Bible so they have a big gap in their minds. So if this interpretation blows them that way, it sound good. If this interpretation blows them that way, it sounds good.

Do you know why? During that time there is a Bride who is having an experience inside there. Because She is part of the fulfillment, everything around Her make sense because it relates to Her. That is why Her faith is anointed faith. That is why Her faith separates Her from the world. It's not, "I'm trying to live the life. Oh God, You know I wish I could get away from that." No, no, no. From the time the vision births in their heart, "Put the shackles on, Lord. I'm convinced. I'm certain of God. I'm convinced. I give my life for this." You might make a slip here carrying out the will of God, make a slip here carrying out the will of God, but the thing is, as far as what the world is, whether you want to live in there, whether maybe the Message isn't right, not a

believer. Not a believer, brother. No sir! You are going to break up every Scripture if you try to make that so.

Peter couldn't go back fishing even though he tried. He had shown them that His Word: "I already said you will have the Keys and you are saying you are going back fishing. Who is stronger, Me or you?" He stood up by the sea, "Did you all catch anything?" He said, "Come and dine. Bread and fish is on the fire. Feed My sheep and feed My lambs. Get out of here! Go and do My work." Amen! Glory be to God in the highest! Look at how He dealt with Abraham, bringing Ishmael.

"Oh that Ishmael may live."

He said, "If you talk that one more time!" [Bro. Vin laughs -Ed.] Hallelujah! "My covenant is with Isaac. He'll come this same time next year. He'll come through Sarah and he shall be heir of all things. Talk no more of Ishmael. I will bless him for your sake, but that's it."

Is your will stronger than God's will, friends? And let me tell you, God deals with people in such a way, like He told Ananias...

Ananias said, "Oh God, that's the man that's destroying the church, that Saul of Tarsus. Go and baptize him, Lord? Lord, do You know what You're doing?"

He said, "He will suffer many things for My Name's sake." God already told the man before he began to serve God, "You have many things to suffer for My Name's sake."

Could you imagine that? God is telling a man he has many things to suffer for His Name sake? And the man isn't saying, "God, this is a hard life. I can't live this life. I tell you, the amount of things that happened to me in my life since I became a Christian. It's like things got worse. When I was in the Pharisee church, they never locked me up in jail. I never got shipwrecked. I never got beaten. Are you sure this thing is right?" That proves it is right. That's all the proof it's right, right there! It's how you see God.

You see that is why some people come to God with some kind of concept and they don't want to let it go and the thing they are trying to hold on to and get God to work through it, it's weakening them, weakening them, weakening them. Throw the thing away and surrender to the Word. Humble yourself under the mighty hand of God. Amen. Let God make the Word real, then you'll find where real power and real strength lies. Then you're going to start to sing, *"Through it all, I've learnt to trust in Jesus, I've learnt to trust in God. I thank Him for the mountains and I thank Him for the valleys. If I never had a problem, how would I know that God could solve them."* [Song #245 - Songs That Live -Ed.] Then you'll see the devil get vex. The devil will be crying down in the back.

God says, "What happened?"

He says, "All ways I'm trying to make that man deny God." He say, "I'm frustrated. It's best I go to hell right now."

God says, "You're not going to hell yet. I will make you suffer before you go to hell." Sure! He says, "You will go to hell slowly." [Bro. Vin and congregation laughs -Ed.] "I have My time to put you there."

Do you think it's Elijah and them alone who cries, "Lord, take my life?" Frustration makes you do that. That is the devil's kind of frustration! When you see people panicking and bawling, you could imagine what happens when Satan gets a nervous breakdown. Did you see what Moses did with Pharaoh? He said, "Go on, go on; take them, take them!" See, frustrated. Bro. Branham said on *Why Cry? Speak!* It's so a man could serve God until he frustrates the devil. How many wants to be a devil frustrator? Do you want to be a devil frustrator? Remember when he came against Jesus? Jesus gave him ten thousand volts and he left Him for a season. Sure!

That's the way you want to be, friends. This Message has Power inside of it. Not this kind of soft life, "The

place is hot. I can't even... Whoo!" Like you're suffering. You're not suffering. The place is hot. Oh my! Thank You Lord! Oh my! Let me stop fooling around and make some progress here because I can't get to what I want to say.

Okay, let me hit chapter 8 and I am just going to make a spin right there. Chapter 8 Daniel, and let's just take about from verse 23. Because in chapter 8, he goes a little more into this second and third kingdom before it comes into the fourth kingdom.

You know the story about the ram and the he-goat, we went through that before. If you want to study those things we have the tapes in the library, just go and ask them for the series on Daniel where we spoke about the ram and the he-goat and these things and you will get it and you will be able to fill in these places in your own personal study, until we come back around it again. But right now we are dealing with this fourth kingdom, the revival of this Roman Empire – this thing that people do not recognize what it is and that's why the whole world is wondering after it. Verse 23. Maybe I should read 21, so you will understand what's happening; 20 and 21.

²⁰ The ram which thou sawest...

From verse 8-19 tells you about the ram and the he-goat, so now He is referring to what went on in the previous verses.

²⁰ The ram which thou sawest having two horns are the kings of Media and Persia.

In one place it was shown as a bear with three ribs in its mouth. In another place, it's shown as a ram. Because the ram was the symbol of Persia. Like we have the Scarlet Ibis and the Flamingo here on our 'thing', [coat of arms -Ed.] they have the ram. Just like America has the eagle, Australia has the kangaroo on their emblems and so on; coat of arms, and Greece's symbol is the goat. In one place Greece is shown as the leopard

in its conquest but, over here it giving you the symbol on the coat of arms.

*²¹ And the rough goat is the king of Grecia:
and the great horn that is between his eyes
is the first king.*

That was Alexander the Great.

*²² Now that being broken, whereas four
stood up for it, four kingdoms shall stand up
out of the nation, but not in his power.*

And you know history and the Message also verifies it, how Alexander the Great died at the age of thirty-three years, after he had conquered everything and there was nothing else to conquer. Just like Christ, He died at thirty-three but He had conquered both worlds seen and unseen. And then Alexander when he died, his kingdom was divided up by four generals, and then finally was absorbed into the Roman Empire.

Now I wanted to show you something, what happens with nations! At one time Trinidad—Let's take for instance what is happening right now, and these are some of the things I want to kind of get to. What is happening right now, is that, we have Venezuela that is seven miles from Cedros. Venezuela has everything we need here that we will go and buy in North America. Yet we travel and we pay thousands of dollars to take a plane to go to North America. And people go there to learn, and the things that they learn, they go to study in England or the States or Canada, and pay thousands of dollars to go that distance, where their children is so far away, who goes to study medicine, who goes to study law and they could get all these same things in Venezuela right there.

But the reason why we don't do it is because of the language, though by geography we are very close to them. Because the Caribbean was divided up, the Spanish had part, the British had part, the French had part, and these were just spoils of war. Remember I preached something here some time ago, how, when

they had the CARICOM [Caribbean Community and Common Market -Ed.] Summit and they put us with Columbia, Bolivia, Venezuela and Mexico, they had all them right there with the Caribbean countries and they had the CARICOM Summit, and they were trying to set up trade agreements, commerce and different things, movement of people, money, air industry and everything.

And I said, what is going to happen is that these people have air force, army, militia, they have resources. They have everything. Their population is in the millions. We only have 1.3 million people. Their cities have more people than our whole nation has. I made a statement and said that we are going to end up like spoils of war. And for all you know in the future, a place like here could just become a gambling den. We might develop the beach; we might do something. They might take Grenada where they are planting nutmeg and say, "We don't need a whole island to plant nutmeg. We have nice beaches so let us develop that and forget the nutmeg. We'll plant nutmeg somewhere else. This place is only selling bananas, bananas, well we'll develop a next one and plant the banana." And they have their plans to rearrange everything.

Now that may seem far-fetched, but remember the history of a place reveals the identity. How did the Caribbean get colonized? The slave trade. That's the origin of this place being populated. The slave trade. See? Our ancestors wasn't Caribs and Arawaks. Those were the indigenous people here. The others were rooted out of their societies and brought here to be used as labor for the plans of other people; stripped of their will; stripped of their rights. That's how the society evolved. It kept changing hands.

That's why we have Martinique and Guadeloupe speaking French right here. We have Venezuela speaking Spanish right here. We have Guyana talking one type of English, we're talking one type of English, Jamaica is talking another type of English; Haiti is

talking French. See? And right next to Haiti is Santo Domingo; one island divided into two, one Spanish, one French. Why is it like that? It's spoils of war. See? And that is how it evolved.

Sometimes we don't think on the natural. Well, because we had an origin, we got back there. We got back to it. Now here today these places, they became that because of its geography – where it was placed; the reason of its placing. It was territory that they could have come in and invaded, taken over, and developed what they wanted to develop in it.

And that is why you had Germany, East Germany and West Germany. Today it's no longer East Germany or West Germany, it's Germany. A wall was torn down. Ideologies is changing and it is becoming one Germany now. Before it was one Germany, then it became two Germany, and now it has come back to one Germany. So you get an idea of how one part of a kingdom can get absorbed into another kingdom.

We have a lot of places like Santa Cruz and Siparia and San Fernando. All these have Spanish names because at one time the Spanish had there too. See? Then at one time the British had it, so it's changing hands. At one time it was part of the Spanish kingdom, then another time it was part of the British kingdom. It's just property, real estate. You go and buy a piece of real estate in Siparia, a man owned that before you, then he sold it to a next man, a business man. You buy a motorcar, and it had about four previous owners. Why? It is in different kingdoms, it's just moving.

Well so Alexander, when his kingdom broke up, here it was being absorbed. Now the fourth kingdom, all previous kingdoms are absorbed into it. Like in the natural, you have the plant kingdom. That feeds off the mineral kingdom. Is that right? Then a little higher than the plant kingdom, you have the animal kingdom. That feeds off the plant kingdom.

And then we are at the top of the food chain, thank God. So we can eat the beast and we can eat the lettuce and the tomato on top of the burger too. Now you don't realize that it comes up the food chain. When it comes into you, inside of you have the minerals from the mineral kingdom that comes up into the plant kingdom, that comes up into the animal kingdom and then comes up into you, the human kingdom. It's all absorbed into you.

Well it is the same way that these kingdoms, the fourth kingdom, this is a diverse beast. There was part of the—It's called Mystery Babylon. Something about the first kingdom was still inside of it, even though the first kingdom went out. Do you understand what I'm saying? Because in war when one nation conquers the other nation, it takes their resources. It takes the brains, the intelligent people. Didn't Nebuchadnezzar do that? Didn't he teach them in sciences? Exactly! That's what is happening.

See, when you understand the world and what is happening, you see all these corporate takeovers, you see this and you see that, you see how the world is changing. Doesn't the Word show it's a white horse, a red horse, a black horse, but all of them ended up in a pale horse? That is what's happening. But as the things keep changing, without revelation you lose sight of it and you think it doesn't exist, but it is right here in another form.

Didn't the same God Who is a Pillar of Fire, a Pillar of Cloud moving become a Man afterwards, and walking with the people. And then they started to spit on Him and kick Him around and that was the same God, the Revelation, they were walking with blood before all the time. When He changed form, they got confused. When it came to the people now, they started to beat and lock them up and throw them in prison and kill them. And that same God was inside the people.

That is why with the Word friends, you need to wake up. That is why you always hear me say, ‘the clothes is not the man, the man is in the clothes’. The clothes doesn’t make the man. He could wear the most expensive clothes, he could dress up like priest and give people communion and say, “Genuflect,” and make you bow and it’s the clothes you respect. You see a man walking in police uniform, like those fellows running with a big sledge hammer and bawling, “Police, police,” in Williamsville. [Place in Trinidad where a family was murdered. –Ed.] It wasn’t police. Technically it looked like police too. There were backslidden police inside there. When you watch and see what is happening.

Oh my God, help me. I’m a failure as a preacher. Okay! Verse 23, let’s just take the last part, you’ll find something really powerful here. You’ll understand what we’re talking about a little better. I explained all that to show you how the kingdoms, the first, second and third kingdoms were being absorbed into this fourth kingdom, which is diverse from all other kingdoms, and that is the one that is on the earth here today. It didn’t go out of existence.

²³ And in the latter time of their kingdom, when the transgressors are come to the full, a king of fierce countenance, and understanding dark sentences, shall stand up.

²⁴ And his power shall be mighty, but not by his own power...

In these last days a man is going to rise up and this man is going to have such eloquence and such knowledge and such power, but this man’s power will not be ordinary political power or financial power alone, it will be the devil incarnate. See? It says, the Beast in the beginning; the Beast in the middle of the Bible. Satan was in Judas when God was in Jesus. Satan was in Judas right there. God and the devil were incarnate right there. Then in the last days he is going to come,

but watch, but when it comes back there friends, he would be so powerful but not by his own power. Now catch this now.

...and he shall destroy wonderfully...

Isn't that something? This man will be so destructive; this man will have perfected the art of destruction. This man will destroy so that big kingdoms will fall. How many remembers when Poland fell? And I preached here and we had the *Time Magazine* article and it was called *The Holy Alliance* and President Reagan from Washington, (and we talked about the Vatican/Washington alliance and the Pope,) both of them began to put out how they undermined the Communist system and brought the fall of the Communist power. Because Poland was the biggest ally to Russia and their aim was to topple Russia to elevate America. See. To break Russia, they took their most powerful ally and they broke him, and when they broke him, then they had control. Then Russia came tumbling down afterwards. Now watch! Now look. So here he says:

²³ And in the latter time of their kingdom, when the transgressors are come to the full, a king of fierce countenance, and understanding dark sentences, shall stand up.

²⁴ And his power shall be mighty, but not by his own power: and he shall destroy wonderfully, and shall prosper, and [continue], and shall destroy the mighty and the holy people.

This man is going to destroy so wonderfully. He will take the holy people so easily. He will get their money all tied up and then change the currency and trap the Jews' money and they won't even know. Do you know why? Because they don't understand that the same man did plastic surgery. They don't know him as Papal Rome, they know him as Pagan Rome. You know it's

the same man but the outward texture has changed. They don't know it's the same empire. This is the part of the verse I want to get to.

*²⁵ And through his policy also he shall
cause craft to prosper in his hand...*

In your Scofield Bible says *deceit* but it is really *manufacturing*. *Craft* is *manufacturing business*. You see, the word 'craft' in English can mean deceit too; crafty. It is manufacturing; business – his economic policy, setting his trade zone, dividing the land for gain; moving around the people and making them feel that he is injecting new life into the economy, and showing them “You could trade here, you could do this, you could do this. It's better for you.”

But watch something. I'll show you how the empire is being revived. I am going to close with this thought to show you how the empire is being revived. Why we're seeing what we are seeing, it is because that is the characteristic of the Roman Empire: slavery, gambling, pornography, orgies, divide and conquer, business, all these things are the Roman Empire; torture, all these things is the Roman Empire.

And when it couldn't let loose through the Papal church, how was it let loose? Through the dictators! Instead of her passing the river this way, she diverted the river and passed it this way, so it flowed through something else, but it's the same water, same river; the same stream of demon power. The Holy Ghost is a River. Demon power is a river; river Euphrates it's called. Why? Because Euphrates is symbolic of Babylon. Babylon was built on the Euphrates River. Remember in 1984, my message on *The Great River Euphrates* [1984-0710 -Ed.] and *A Plague of Locusts* [1984-0711 -Ed.] that came out of the river? Sure!

...through his policy...

And you see, we read it in the Bible here and when the policy is going on around us, people can't see the policy. People are, “That can't be Rome. That can't be

Rome. I don't feel so. It's a computer. What does Billy Graham say about that? That can't be. I don't think so. I heard Garner Ted Armstrong [American evangelist – Ed.] say something else. I think he always have a good point too. That cannot be that.” That's why we need a Prophet. God said, “Daniel, seal it up until the time of the end. I'll unseal it by a Prophet like yourself.” Daniel heard the Seven Thunders, friends.

²⁵ And through his policy...

Now that policy is what I've been preaching to you about this information revolution, this *Dividing The Land For Gain*, that policy, how it's coming in and what's happening. That is the exact, identical fulfillment of these things coming in.

²⁵ And through his policy also shall cause (deceit) craft to prosper in his hand; and he shall magnify himself in his heart, and by peace shall destroy many...

He shall destroy wonderfully. He shall continue to destroy the mighty and holy people. How will he do this? By peace! By peace! He creates the wars and then he comes and stops the fight – “Blessed are the peacemakers.” He is inciting the war you know. He's setting the fires! Brother, I tell you. Bro. Branham said only the Holy Spirit could outdo the Antichrist. Have you ever seen people set fire? I see it day and night. That's why I'm a watchman. A watchman watching over the whole city, sees fire setting. But watch something.

...he shall also stand up against the Prince of princes; but he shall be broken without hand.

He will slay him with the breath of His lips, 2nd Thessalonians 2, with the sword that proceeds out of His mouth – without hands.

²⁶ And the vision of the evening and morning which was told is true: wherefore shut thou up the vision; for it shall be for many days.

So first we were hearing that out of this fourth kingdom, the ten horns, and one of these horns is going to be a king with a great mouth. Now we are seeing this same king with this great mouth coming, and he is bringing a policy. He is speaking a policy. He is speaking peace: "Brethren, that we all may be one. Separated brethren, we are not going to fight, we're going to come together." Is that right? And a Prophet came and said, "Not that kind of one!"

See? So look! Let me read something here for you quickly, and you'll see where I want to bring this. This policy that I'm talking about, that he is destroying by craft, causing craft to prosper and preaching peace. Do you understand that? He's causing businesses to flourish, causing investments, causing economies to be revived, causing new trade zones; bigger markets to be flooded with more merchandise. And when he cause craft to prosper, then from the religious realm, they are talking peace, national unity, uniting time. It's all nice. It's coming.

Where is it coming from? We are seeing the effects of the influence on the people but where is the source coming from? Where is that spirit? In other words, Jehoshaphat and Ahab are saying, "Oh let us come together. We are brethren. My horse is your horse. My army is your army. We're going up to take the land. We are united. We are Israel so let's stand together." Where was it coming from? A demon from the bottomless pit! Micaiah stood up there as 'Dr. Kill Joy' and burst their bubble. Isn't that right? He said, "I see a different vision to that." Now watch, watch what's coming, friends.

Now it's either you could listen to me or you listen to the politicians. I feel I'm speaking for God. I don't know who they are speaking for. I'm speaking for THUS SAITH THE LORD of the Message and this Bible here.

Listen. I was talking last week about the child sex trade, the commercial exploitation of people. When I

start to go into this you will see something. I want you to see the markets that are coming, I want you see the merchants. I want you to see the merchandise. I want you to see the market. I want you to see the consumer. I want you to see the supplier of these things. I want you to see how the market is being developed and is coming.

We used to have the black market. We used to have the gray market. How many ever heard about the black market? The black market was an underground market. Then the gray market was, it's looking kind of legal but it's a shady thing; it's implicating a lot of other things. All of that is coming into the mainstream of the market now because now it's getting the legislation, and now it's getting zoned where it can come up and surface itself and become part of the normal trend. Now it is becoming acceptable because the people now have accepted these things.

Now watch! And when I say this, this is not far-fetched. Like I told you recently, there are people in Trinidad who doesn't know where Williamsville is. In that little house in Williamsville, [Piparo rather, actual birth place of drug lord, Dole Chadee -Ed.] was a man who grew up as a little boy, became a man. In life's journey he chose a profession, became international, built a kingdom, was placed positionally with his angels around him, was investigated, was indicted, was tried and found guilty and is to be executed. That is this Age. That is this Age. And the brutality of the crime, and I will show you this same thing with the information and so on.

I was sharing with you the other night, nine is judgment. [Nine men were hanged for the Williamsville family murder -Ed.] You start with one in Mathematics and you end with nine. Then you say, one and zero, one and one, one and two, one and three, one and four. One is commencement, the beginning. One is to initiate something. Nine has power in Mathematical science that no other number has. One nine is nine, two nines

are eighteen, three nines are twenty-seven, four nines are thirty-six, five nines are forty-five, six nines are sixty-four. And you go one and eight—Two nines are eighteen, one and eight is nine; three nines are twenty-seven, two and seven is nine; four nines are thirty-six, six and three is nine; five nines are forty-five, four and five is nine. See?

Genesis 9, when Noah came out of the ark, God told Noah, when man slays man's blood, by man his blood shall also be shed. [Genesis 9:6 –Ed.] And God brought a new covenant called 'human government' and gave man more responsibility over his neighbor, for capital punishment. Revelation 9, man's heart hardened, demon possessed, and slaughtered one-third part of the men with pharmakeia – sorcery.

Am I in the Bible? [Congregation says, "Amen." –Ed.] You all sit down here but half of you don't know who is here. When you see friends, it's happening around you. They are adopted and placed with power: demon power, political power, financial power. They exist and survive because of political connections in the stratosphere.

The Bride of Jesus Christ is raised up into heavenly places too. Bro. Branham did not need to be close to John Kennedy in the White House. He had an Angel Who used to come to him. That's where God put us. That is what this Message opened for us. Do you understand what I'm saying? That is what this Message opened for us, friends. That's why I am saying, you have to walk in the Spirit. You have to walk in the Word. You have to know what you're connected up with. You have to know where your help will come from. David said, "I will lift my eyes unto the hills." [Psalms 121:1 – Ed.] Because it is not flesh and blood, not this Age. It's looking like flesh and blood, but if it's not in this Word, it came from the pit. Understand friends.

Listen to this! After I preached last week, on Tuesday I got this. Bro. Kenny and Bro. Andre and they were there. I said, "Kenny, look the very thing that the Holy

Spirit was saying.” When the Spirit struck that in the week before, I knew He was on to something. Then the Tuesday when the verdict came out and the Holy Spirit said, “You see Lionel and Timothy. Isn’t it? Lion is when he comes to make inquisition for blood. [Justice Lionel Jones, Sir Timothy Cassel - the Dole Chadee murder trial – Ed.]

I preached the message right here, when He comes to make inquisition for blood, *The Lion Avenger*; when blood has been shed and He came down to investigate the first time in Genesis and said, “The blood of your brother cried out to me.” And it shows every sin has a cry in it. It goes up to God, friends. See?

Look at it in the papers here. Brother, more and more the door was closing one after the other. They were going to appeal and the man’s father came out and said, “I lied under oath.” Do you know what God is saying? What is in the darkness will come to light. That is what He’s saying. The Hour is an Hour of judgment.

And this is why I’m trying to bring this message, not to give you some information about Rome and the Pope and this and that. Then some little thing or you’re looking for something to preach or trying to find a little filler or something, or you’re trying to explain some Scriptures and frighten people. No, no, no! I am far beyond that. I am trying to say, wake up and see the real world. Take a view of the real world. See if when you look at the world, you see the image looking nice on the outside, or you see the ravening Beast behind the beautiful gold, beautiful silver or beautiful brass. Do you see these beasts with the ribs in their mouth and the voice is saying, “Devour and eat more flesh”? See? Let me give you these things and you will understand where I’m coming from.

The child sex trade has traditionally been identified with under-developed countries, particularly in South East Asia... [I am reading out of Time Magazine here] ...where cheap prices, the ready availability of under-

aged prostitutes and lax law enforcement have attracted Western sex tourists.

This is not one or two people who are going across. This is a billion dollar industry we're talking about. We are talking about chartered flights and planes taking people across to these destinations; advertising to tourists: "Sun and fun in the Caribbean." Like the woman who came from Sweden down here and is giving everybody AIDS in Tobago. I'm saying watch. Like Mr. Boos, had up in the Emperor Valley Zoo. So is not some far thing way out in Europe I am talking about. I'm saying, look at in Williamsville, look at Emperor Valley Zoo, look at the kind of people maturing in this country. Look at some of the seeds in the field in the natural. Are you understanding? [Congregation replies, "Amen." -Ed.]

Where have you matured to? Are you still caught in between and don't know what is right and wrong yet? You still can't take your place as a son of God or a daughter of God in the Word yet? You still can't surrender and live for this Message yet? Wake up and see!

Not that local customers are lacking. Men in Thailand for example are accustomed to visiting prostitutes including anywhere from twenty thousand to two hundred thousand young ones.

You mean a prostituting business in one country, two hundred thousand young ones, between fourteen and sixteen, pumped up with hormones, who in their mind cannot even sexually respond to old men so they pump them with hormones to make them look developed for these men from America and these places where it's full of AIDS. And they fear old partners will endanger their health so they go and look for young people out in these places where they are stricken with poverty, total poverty. So they are manipulated by the power of money, hooked on drugs some of them, and they get them out there selling their bodies.

I don't know because I doesn't be out on Nelson Street [Place in Trinidad -Ed.] and these places but there are brothers who tell me. There are people out there who sell themselves, not that they go as customers but they know those things, and sell themselves for two dollars and all kinds of different things. Sometimes they are approached by some of these people. See? When you meet social workers, they are bawling with some of the things they are faced with inside there, with the epidemic in the country.

They say, *The spread of AIDS in this country as elsewhere, has prompted men to search for increasingly younger sex partners, in the mistaken belief that they are less likely to be infected with AIDS and other venereal diseases.*

Now while I read this I want you to see how wide this is internationally because they are naming most of the countries where markets are developing. When you have two hundred thousand business people I should say...

Rahab and Mary Magdalene got trapped in that through poverty. Do you understand what I am saying? In the Hour when God was going to destroy Jericho, just before the judgment struck Jericho, Rahab was trapped into that. Think of it! Read it. And when God tore the wall down and judgment began to move, she was brought out. Look.

Along with Thailand, other popular Asian destinations for sex tourists are Cambodia, Sri Lanka and the Philippine countries, where widespread poverty...

Now watch what is causing it. First poverty! In other words, people strangle a country, take it into debt. How did prostitution arise in Trinidad? Do you know right now all over Trinidad they are importing prostitutes? That means some of you don't read the newspapers. They held a whole set of them recently, and a lot of foreigners too because there are these local businessmen who are bringing them in. They go down

in the Latin American countries where their complexion is a little fairer and different things and they are a little more appealing to some of the people who have become a little wealthy and they want something, they want a choice. It's like a man walking through a big deep freeze, a big abattoir or something, he sees pork, beef, this here. It's different kinds of things. But it's to show the condition that people have come to.

Now watch! I'm showing you the market, ***The Revival Of The Roman Empire***. That was one of the biggest commodities of Rome. Rome, the Bible says in Revelation 18, (which I don't have time to go into this morning,) it deals in the souls of people. All those football contracts, I proved to you already from the Message, that that is slaves. They buy this player for so many pounds, and they sell him to that club.

That club says, "No, we don't want him because we have two left wings already. We find this left wing here, he's too injury-prone, and we have a big match coming up and we're up against some rough teams. And this fellow gets intimidated so we want to sell him off fast. We see a strong player from North Africa or something, brother, where they just had some civil war and that man, it's like he has blood in his eyes. He's aggressive. We think we want that player because when we go into this championship, there are some defenders there, they are big about two hundred pounds and so strong, and that is the hard side to beat, so we have to try to get the right type of people in the team, to deal with that. So we have the market open. We have scouts coming down. They will fly over there to watch the players and them." They say, "Okay, talk to them, try out a little tactics on them to see how rough they are, how scare-proof they are." They said, "That's the man for us. We will invest in him."

He has an agent and his agent is making a contract. He has a press man trying to keep his image in the newspapers a certain way. Did you see what happened

to Latapy [Russell Latapy - local footballer -Ed] here recently, our best house slave? I know some of you who love football more than God, don't like that statement. See? We're not talking about him as player now but we're talking about him here as a slave. He is owned and bought and he belongs to a club. If Malta Carib [non-alcoholic beverage -Ed.] says they want him in a shorts and they want him to sit down in a certain position with a Malta Carib just in a certain position giving a certain pose and suggesting some subliminal message, he has to pose so and take out the picture so because it's so they want it advertised.

But when a man is watching the check, and not the virtue and the morals, and doesn't feel any conviction of belonging to somebody because he doesn't have any revelation of God, that 'be not the servants of men, for you were bought with a price and you have one Master, Who is your Owner'. [1st Corinthians 7:23 -Ed.] When you don't have that revelation, then you are not getting any conviction with that. As a matter of fact, every time you come and you parade the stage, you have two hundred more young fellows who want to be like you. Do you understand what I'm saying?

But it is the realm the deception is in. That is what I'm trying to show. This is a deceiving Age. The empire is here. The empire is right here. They are still buying and selling them, still using them.

Young girls, a bunch of models, they say, "You are not walking right. I want a Samba beat with that. You are going to advertise swimwear. You want to wear evening gowns but we want you in swimwear." She has to advertise swimwear, you know. Sure!

She says, "I want to model..."

"This is business. You signed a contract. Didn't you read the fine writing? It's not my fault, it's your fault because you have a manager. Do you want to put me in court? Let me finish with you."

Under pressure and blackmail they strip and they come out in the swimwear. Do you know why? Because it's a new breed. They are being cultivated in the universities. Universities have become laboratories where they bring out species, mixed ideologies. They find a little socialism, give you a little dictatorship inclination, and then they give you a little business something on the next side. You watch and see.

Right now they have three men, world top trainers, three prophets in the business executive realm, who came out with 'how to', to make you more aggressive to go into the 21st century; make you piranha-like, pitbull-like. Have you noticed how the dogs now everybody has is the pitbull? Sure. You see those things but they don't mean anything to you. Read the Bible. Read Philippians 3. Paul takes it and put it in the spirit realm: "Beware of dogs. They bite and devour." Sure.

I trust this morning, that this message jolted you to a place, that your eyes opened, and when you walk in the real world, the deceptive veil of the enemy doesn't come back around you that you are seeing you want to get a little deeper here, you want to climb up and get a little higher here. You have to say, "Lord, get me out of here completely! Even so come Lord Jesus." And you're not coming out like Lot's wife neither, looking back. No, no, no, you don't want that at all.

Poverty, the IMF broke the whole nation, broke the whole Caribbean and put them in poverty. When they put them in poverty. What happened? Then the educational system, they have the whole system tied up so badly: "Well we don't have any place to put you all." Common Entrance, Eleven Plus, [Caribbean exam -Ed.] you can't get a job. You come out of school and you can't even say "Buenos dias" good, see. You take languages, and you come out but you know nothing.

Let me tell you, all this learning is not intelligence you know. The big thing they are trying now is to get rid of illiteracy. How come we have all these schools since 'the

future of the nation was in their school bag', that we heard some years ago. It turned out to be guns and bombs and hand grenade. Now we talk about illiteracy, when we thought we solved the problem in Junior Secondary School and all these things. Don't you see what is happening? It's not intelligence.

People went on the street after they became a failure in school or in big job and everything, they went on the street and became a drug pusher to make more money and drive big cars and everything else. Sure. You go on a plane, fly around and play yourself. Do you think is something? It is not intelligence, friends.

When you sit down and talk to somebody and you start to talk the Word to them... I sit and talk to some people who are supposed to be educated people. If you talk to them for five minutes, they were as dunce as dunce could be. You want to know how they could hold down a job to begin with. It's not intelligence friends. You may say, "You say that because you have no subjects." Do I sound like I'm 'duncy'? [Bro. Vin and congregation laughs -Ed.] I have no complex with subjects. I sat down with physicists, I spoke with professors who teach nuclear science and they translate what I preach and go all through Europe rehearsing it to people.

And when they ask, "What kind of work you used to do?" I feel shame. [Bro. Vin and congregation laughs -Ed.] I used to load trucks. I say, "I used to load trucks and cut grass." I have no complex with that. Because the same way I sat down and talk with them for five minutes if they sat down and speak to me for five minutes they realized as Bro. Branham said, "I sat down with doctors for five minutes in the hospital and they started to cry." They said, "Mr. Branham, after all, you have a seventh grade education. Where did you learn these things from?"

Those seven Trumpets, when those big ecologists were trying to put their act together in Trinidad, God already preached the Seven Trumpets through the

whole Bible and put it out there; the environment and everything is falling apart. I'm not saying that to exalt myself, because God knows I can't cross the road good. I fell down in my bathroom and almost died. I can't even go in my bathroom and come out good. [Bro. Vin and congregation laughs -Ed.]

Brothers used to laugh at me. I had a watch before, with all these digital things, you have to press this, press this. They used to laugh at me. Every time the date changed I had to take it off my hand and say, "Change it for me." They say, "You are preaching all those things and you can't even change your watch?" See? So I got back one with numbers, and you just turn it so. [Bro. Vin and congregation laughs -Ed.] Let me be foolish in this type of wisdom, but this is another type of intelligence friends. This is a different kind of intelligence.

I saw something this week it made me scratch my head, when I saw that. Then right after I saw this thing big in the newspapers. These three men, some worldwide conference with three top men, a trinity of spirits. I said, "Look at these things." And I was sharing something with Bro. Kenny how God was showing me.

Bro. Branham said, "They have hybridized life. Botany life, they hybridize it. They hybridize animal life. They hybridize human life." He said, "They hybridize church life. They hybridize national life." He said, "If you take a Baptist and mix it with a Methodist and Pentecostal, do you know what kind of monster you have there? Do you know what kind of renegade you have?"

And then that struck me. I said, "That's what is happening." All this higher learning, all this new thing, they're breeding ideologies, then they implant that in people's subconscious as higher learning. "The executives to go into the twenty-first century, the corporate executive, so and so and so, how to handle the world." And they are making them into piranhas

and dehumanizing them and everything else. Those are the kinds of men who robs the widow in her house, and devour widows' houses. They make people into predators, they call them.

All is resurfacing, friends. The markets that are here. Look at cocaine. Three countries in the whole world that's producing the coca plant, yet it covers the globe; three Latin American countries. See? Yet to get it from the plant into the laboratory to bring it down to the product, then to take it and to find the markets and to find the shipping routes and to find the legal channels to give it protection. And then they capture and take over markets that the Chinese mafia or the European mafia is trying to control, and you are having takeovers for territories until it became a billion dollar business. You mean to say people go there and buy out hundreds of thousands and thousands of acres of farmers' lands and say, "What are you planting?"

"I'm planting chives and lettuce."

"How much are you making for the year?"

"Well, from my overhead and last time floods came and took me, I'm not holding much."

He said, "Let me see what car you're driving. Let me see what house you're living in." He said, "I'll buy up your farm."

Thousands upon thousands of farmers, they buy up all their land and the product is the coca plant. While they are planting that, "Okay, we have so many tonnes of coca plants, coca leaves coming in. We have to get transport to transport that to a laboratory. We want a couple of chemists who are not getting any jobs in big pharmacies. "You went to school and cannot get a good job so I have a laboratory here and I'll take you in my laboratory. You are going to use a chemical process and bring this coca leaf into cocaine powder, the white lady."

They take it and then "We are going to use some scientific method to get it compressed and everything else. Then we have the market. Then we have the

Internet now so we can contact people around the world. Then we can break into the shipping routes, we can break into the air routes and break into different things.” And it’s a market being set up. “We want the contacts outside there. We are going to create a need for it and we are going to supply it.” What are they doing? They are developing a market.

They’re doing it for motorcars. They’re doing it with different things. They are doing it with cigarettes and whiskey too. They’re doing it with people, human beings. See? They say, “Older girls are not going for too much these days. They have to bring them between thirteen and fifteen.”

They say, “Okay.”

They are telling their slave master, “When you’re kidnapping, kidnap between thirteen and fifteen. Little boys, between...”

It may sound carnal but, friends that is the real world. That’s the scourge. That’s why there are all those missing children in Trinidad and they can’t find them. In a little island like this, they don’t know where they are. Yet when they raided this place, the kind of things they found inside there. See? Do you know why? Yet we quote, “Hell is being created on the earth. Hell is being created on the earth.” But we’re not seeing it, and we aren’t desperate. Because if we’re not desperate we don’t believe the Lord is coming soon. So we have a plan for this and a plan for that and no plan to go.

Do you know why? Because what you should see to confirm to you what junction of time you are at, how late the Hour is, even the friends that you are around, and some of the habits and the influences among them, your senses are not even sharpened enough to detect that they have already been anointed with certain kinds of spirits.

A little brother was telling me he had to burn a whole lot of pornography books, a person who used to be a believer. See? When you see those type of things, it

just goes to show how right the Message is; how right it is being preached. It isn't far, far, far somewhere down in China, friends. See, it isn't far. And that is why people need the Holy Spirit.

All these things come because of widespread poverty. Often, at their parents prodding, to help support their family. With the collapse of the Soviet Union there has been an increasing trend towards Eastern Europe. Up until now we knew the networks of Southeast Asia, Latin America; but now Europe is at the heart of the problem. The fall of the Berlin Wall and the end of Communism has brought the development of a market in Eastern Europe but also in Russia and the Baltic Republics.

What brought the market in the trade of human flesh, in the trade of people, in the trade of all these things, what brought it? The fall of the Berlin Wall! But I thought it was a political thing. I thought it was for democracy. I thought that was for freedom.

What did Bro. Branham say in *The End Time Sign Seed*, in 1962 when he got that inspiration and preached *The Spoken Word Is The Original Seed*, and the Holy Spirit said, "Pick up your pen and write" and that was one of the messages that came out of it? Do you know what he said? He said, "When that Berlin Wall was torn down, it will make the cycle to bring the Roman Empire right back where it was."

Because from the time that wall was torn down and you start to get united Europe to take place, then we have to have from North America, NAFTA, [The North American Free Trade Agreement. -Ed.] they have to get from Anchorage all the way to Tierra del Fuego. Then you have to get national unity here, CARICOM state. The Prime Minister just got back from Bolivia. They went down there. Do you know what they went down there for? CARICOM, that they launched, they are seeing 'debt'.

It comes like, "How much money do you have?"

"A dollar?"

"I have ten."

"How much do you have?"

"Two."

"How much do you have?"

"Fifty cents."

"How much do you have?"

"Twenty-five cents."

It is supposed to come up to one hundred dollars. He said, "Fellows, if we put all our resources, we still cannot get in there." He said, "I know some people down the road, a next group on a block down there. I'm going down on that block and if they accept us on that block, we'll have a better chance."

Do you understand what I'm saying? I'm putting it down in layman's terms for you. That is why they are there. Do you want to sit down inside here and the people who knows the policy, knows the treasury, knows what going on, do you want to sit down here and say it is not getting bankrupt and they are running all over the place trying to get help and financial help and different things? They are signing treaties, gave America our air space and water space and all different kinds of things that I preached for you. You want to sit down here and say, "No, things are going good. I'm eating pork now so things are going good. I am better. It is not really coming yet. The Squeeze is not on yet because you know..." Is that the way you want to think? Oh my!

The fall of the Berlin Wall and the end of Communism have brought the development of a market in Eastern Europe.

Later on we are going to pick up the development of the market, and I'm going to show you how markets develop. When Joseph's brothers took him, had him in a holding bay after they abducted him, he was down in a pit, and the traders were passing because they had to open up a market in Egypt. When Egypt's lifestyle got a little higher, men wasn't doing their own work. Now

they wanted slaves to do it for them so they had to supply that demand. Those Ishmaelites they had their spices and their balm and different things but then they also had as part of their cargo some human beings. By the time they offered Joseph for thirty pieces of silver, they start to haggle over the price.

His brothers said, "Thirty pieces of silver."

They watched him. Two or three Ishmaelites said, "What do you think?"

He said, "I know two generals who asked me the last time for a good house slave, you know."

One said, "Check his teeth."

He said, "Good."

"Check his I.Q," the next one said.

He said, "Check him out.

"No marks on his body, good I.Q; the boy could talk two languages." He said, "I feel this is a good investment you know. Let you and I put up and buy him."

They carried him down to Egypt and Potiphar came out and saw him. One man came for a slave to work in the field. A next man came for a female slave to take care of his little child. A next man came for one to do something else. A next man wanted one for a house slave, to be a steward or something. And they have their different categories of slaves and they put them up there.

We are going to do one on the board [notice board -Ed.] with this and give you some news bulletin to get you a little bit more aware of how widespread this thing is around the world; how millions of people are in legal, legal slavery. What we call big society, big superpower, big world, big religious government institution, big community workers, who are doing things to help the community and all these things, all this is a big farce because the Catholic Church is behind it; Satan's Eden where sin has become legal and where the devil is a vulture feeding on his own subjects. You are not

vulture meat, friends. You are an Eagle born to fly. You are an Eagle born to fly.

They said: *In Moscow alone, they estimate one thousand child prostitutes. Many are working around the city.*

We have pictures of them too. They had them in another magazine. Little boys seven years old or so, they are dressing them up like girls and they put them out. Some pervert comes in a car, the man who has these boys like a guardian over them, he haggled the price over them and they take one of the little boys and goes with him. See?

Tearing down the wall brought that in. I was behind the Iron Curtain very much. Do you know what those people are vex for? They never used to have that under military rule, under Communism. Now naked women pictures are up everywhere; this here, that, pornography as soon as you arrive. Why? The West.

Bro. Branham said she took her filth. He said Miss America, her clothes, you can stuff it down in your rifle to clean it. See? She hardly has on any clothes. She walks out there with her dog, her snotty nose dog, he says. She has her little poodle and she walks up and down the place with her poodle. Until the Italian people had to put up a sign, "Please you Americans, would you dress properly when you're coming to honor the dead." He said, "Long ago we used to get ours from France but now we are sending it around the world." See?

Democracy, the great U.S.A. People get impressed with America. Let me tell you, that is the nation that rejected Jesus Christ in this generation. There they crucified Him. That is one of the nations God said the atomic bomb is coming upon, outside of the Vatican. As far as we know there are two places we know of, according to the Message that are going to get the atomic bomb – the Vatican and America.

You know it is coming down to a test to believe if this Message is the Truth, you know. It's coming down to a

real test to believe the Message, you know, not just to sympathize and agree, “Well the Prophet said all that too, *but...*” Right in this congregation we have people who walked away from God and went up to the U.S.A. doing nothing. They could pretty well end up in a cage if God is not merciful to them; one of these same cages that I’m talking about here – a habitation of devils; a cage of every hateful and unclean bird. God have mercy, and rush them back. Sure! See, these things to me are real. It’s real right around here.

There are also rising numbers in minors prime through Warsaw, Prague, Bucharest, Budapest and the Baltic capitals. Experts say the phenomena is growing in Eastern Europe because of severe poverty. The power of the mafia and the face that is in some of the former Soviet satellite countries and the law authorities, sexual relations with people as young as fourteen.

Poverty and the natural law of the land, it’s legal from fourteen years and up that a person can have sex. So what did they do? They developed the market where it can thrive so they can start to use from fourteen years old up. The development of a market.

Now I was preaching and saying that is so because the hearts of men are hardened. The Bible say in the last days they were going to be without, what? Natural affection. Their conscience is seared as with a hot iron. God gave them over to, what? Vile affections. That is why, to me when people get impressed with worldly people, I cannot be impressed with worldly people. Pilate and Herod and they were nice worldly people; diplomatic, could socialize, tip their glass and say, “Let’s make a toast.” See?

Friends, let me tell you something, behind the mask, if you understand this Message, rejection of the Word makes a way for the devil to become incarnate. And in this generation, the blood of Jesus Christ is put on their hands. If a man washes It off, that’s it. You become a candidate for the devil. You put It in your heart to

become a candidate for the baptism of the Holy Ghost. You become an associate with the unseen world, the sixth dimension. They become associates with the unseen world, the fifth dimension. Same thing – children of light, children of darkness: Arise and shine, your Light has come; gross darkness is on the earth and upon the people. See.

The Berlin Wall was torn down to do what? Bring the Roman Empire right back and develop the markets – entertainment, the theatres; all their sporting industries. When you have one sporting personality making over thirty-four or thirty-six million dollars a year just endorsing a sneakers, then think of how much money they are making. Just think of how much money they are making for an endorsement.

Do you understand the world's economics? Who do you think owns those things? Who is rich and increased with goods in the last days? Who captured the wealth of the world under the Third Seal? Who is going to control the world by trade and commerce? Oh, you don't know the Catholic Church by that name.

His name is, and they gave the man's name. He has an a.k.a, a.k.a, but his first name is Nankissoon Boodram, or something so. [Dole Chadee –Ed.] The man has about four names. They say Gerard something, but it's him they are talking about, or they call a next name here, but it's him they are talking about. They call a next name, but it's him you're talking about – same person, also known as (a.k.a.). I'm giving you it in the natural so you can understand it. It's not strange.

Last quote: *Given its obvious exploitation of minors and its links to child prostitution, child porn enjoys an astounding level of tolerance in some countries. Possession of such material is perfectly legal in Sweden, Japan, Hungary, and Belgium.*

No matter how vile it is, it is absolutely legal in all those countries.

In Mexico, where possession is legal, but corruption of minors under sixteen is not.

Could you imagine that? Does that make sense to you? All the materials to poison the mind and pervert the desire are legal. Don't you expect them to do the act afterward? "But if they are doing it, make sure they do it with someone over sixteen." Our civilized nations, going into the twenty-first century. Does that sound civilized to you? It sounds barbaric to me. It sounds demonic to me.

When you are here, you are inside their bedroom, you know. This is the part of them, you don't see. The part of them you see is outside, all the nice buildings, the parks, the avenues and all the industries. This is what you see. But here inside their bedroom you see them what they are; the nations I'm talking about, the national bedroom.

In Mexico where possession is legal, but corruption of minors under sixteen is not, police last month broke up a child pornography ring with 4,500 mostly U.S. clients.

They out in the U.S. are flying them out to the Caribbean, they're flying them out to Asian destinations but now with the signing of NAFTA, they are flooding Mexico. Watch!

Officials say, it's part of a burgeoning cross border commerce.

What is it? A cross border commerce.

In such sordid materials, that had followed the signing of the North American Free Trade Agreement.

So the tearing down of the Berlin Wall make up a market. The signing of NAFTA followed all this movements through Mexico now. Do you know why? Because of new policy, things that were bound and had to go through customs, had to go through tax, had to go through inspection and could not be imported; big fees over your head and imprisonment if they find you with it. Because of policy, it caused craft to prosper.

Markets can be developed. All these gray markets and black markets can now come into the normal stream.

So what is all the industry bringing for us? What is all the new markets that's coming, bringing for us? The new trade zone, what is it bringing for us? It just tells us that our little children, if we don't get them under the Token, the world has a plan for them already. The schools have a plan for them. Will you open your own school? They will charge you for keeping them illiterate if you keep them home. Social workers will come and visit you and take them away from you and tell you it's child abuse. They will give you laws that you can't handle your own children. But they are going to give them laws to free them, so they can take them, sell them, use them and do them different things.

It is demon power you're dealing with, friends. Dividing the land for gain to bring that empire back. Its real nature is only veiled but because policies are changing and new legislation is coming in... Did you see the anointing upon the new court coming for guns and different things? Gun court, drug court, this court, that court; new thing here; this here for children. Such an anointing for all these new bills and legislation. Don't you know that is a part in the Word? Where is the source of that inspiration coming from?

Let me close. I'm finished for today. This is what we're talking about. He shall destroy wonderfully. He shall cause craft to prosper. All those demons were bound and could not let loose. When he let loose upon Hitler and them, it was the same Roman Empire revived the Prophet said on *Feast Of The Trumpets*. [1964-0719m -Ed.] They slaughtered and killed just like Titus killed. Hitler and them slaughtered and killed. These people are coming back to kill everything.

He shall think of changing times. He shall pass laws. He shall make war against the saints. He shall overcome them, but he shall be broken without hands in the end, in the days of the fourth kingdom. When we

already see the Headstone coming, when Eisenhower and Khrushchev back in 1959—*Eisenhower* means *iron* and *Khrushchev* means *clay* and the iron and the clay couldn't mix. Is that right? Do you see where it's from?

That is why you sit in a service like these for two hours and two and a half hours, but this is not foolish talk. It is the most important thing you will hear. If you go to school for six months you don't hear ten percent of what you'll hear sitting down here, that is going to help you with your eternal destination. Because it's an Hour to see and to know what is happening, friends.

From the time Moses took the water and poured it out on dry land, it began to fill up on the earth. And the last thing was locusts that went forth. Then what after the locusts? Gross darkness! After the darkness, then death. But what did God do? Quickly moved His people under the blood, to take them out. Can't you see the Bible?

When that Roman Empire corrupted that Jewish church and they rejected the Messiah, they sided with the politicians and church and state came together, (is that right?) the Holy Spirit went out and began to pick them up all over quickly.

When Paul went into Corinth, he said, "Some of you were effeminate, some of you were drunkards, some of you were extortioners." Do you mean all these things were thriving at that time just before Titus moved in and slaughtered the whole world? Ezekiel 9, crying for the abominations done in the city. Is that right? [Congregation replies, "Amen." -Ed.]

May God make it real in a way that our lives will be affected, we will see the Hour, we will see the grace of God in sending the Message, we would live for It, and nothing that we could have in our lives could be too important to put the Message aside to give priority to. But walking under the Word, let me tell you, God can meet every need in your life. This is no fanatical life

here, but sanely, intelligently and right in the Word, with conviction and with commitment to the Truth.

God could give you power to overcome your flesh. God could give you leadership of the Holy Spirit to choose the right wife or the right husband. God could give you leadership to make a living. God could give you contentment to be satisfied with what you have. God could give you wisdom and have your senses exercised to know the difference between right and wrong. God could give you the conviction and a stand that you would not be pressured into anything obscene, anything immoral, anything wrong, anything shady, anything devilish but you could stand with a repellent like a real thoroughbred plant. You are not hybrid. And though the whole world may be covered in darkness, this little light of mine, I'm going to let it shine, because He didn't light a lamp and put it under a bushel.

Let's stand to our feet. I want to say I'm kind of sorry, but I don't feel I should say I'm sorry for keeping you long. I feel there are times, because of the things we are talking and the amount of lives being destroyed. And let me tell you, it's not things to walk outside and say, "Thank God I'm not in that." It's, "I know people who are influenced and I don't say anything. I meet people every day and sometimes I don't talk to some of them. Sometimes things I should stand up to and speak out against, sometimes I say, 'Well, leave that for the Minister or leave that for the deacons.'" Do you understand what I'm saying? You want to be a witness. Day Star shine upon me. Let your love shine through me. I want to be a witness. Don't you want to be a witness? Let's bow our heads and close our eyes.

Father, we thank You. You have granted us grace to sit in Your Presence to see the Hour and the seriousness. Lord, we realize that we have barely scratched the surface. So much was said but yet we realize Lord that unless You don't form a picture that becomes a clear image that someone can look at and

receive understanding, it all will still be vague to them and they will walk away confused and not understanding what was trying to be communicated.

But the little portion that we were able to speak of and the unction and the utterance that You gave might be expressed in a way that it would be relevant to the people here, to realize that this is not some far-fetched something, but Lord, it is the time that You prophesied upon. Your Prophet used words when he spoke of 'another darkened chaos', 'the hour of the blackout', 'the darkest time is just before dawn'. Oh God, when he said 'Hell is being created on the earth', 'the last part of every ministry will preach to the impossible to be saved', Lord, we realize that since You spoke those things over thirty years ago, the world has matured into that kind of corruption, as we saw the cup being full. One of these days he that is filthy will be filthy still; he that is righteous will be righteous still.

And as this message points out some of the evils of this evil Age, showing the hardening of the hearts of the people, of a generation that has rejected the Word, just like that rich young ruler, religious and increased with goods and thought he had need of nothing, religious to the core, kept all the commandments but did not have eternal life. He descended into hell, into torment, because he refused to follow the Leadership of Eternal Life. He refused treasures in Heaven. He went after treasures on earth.

But the Bible told us that Moses chose rather to suffer affliction with the people of God, took of the way of the Lord's despised few, than to enjoy the pleasures of sin for a season, and he endured because he saw Him Who is invisible. We found out fourteen hundred years after he died, oh God, he was standing there on the mountain top with Elijah, still alive in Another Land continuing on, Lord.

When that moment of decision struck him, he took the harder way, which is Your way. He made a

momentous decision, and truly a huge portion of Heaven did await him. He came out of a place where he spoke and saw the Red Sea opened. He spoke the Word and created flies and frogs. What a place You moved his soul into! He stood in the very position where You said, "Moses, I've made you God to Pharaoh." His face shone, until he had to put a veil upon it because it was too glorious for the people to look on. They were afraid when they saw a man with that Glory standing in their midst.

Gracious God, we realize Lord that while their hearts were being hardened, there was to be a peoples' heart that was to be literally turned back to the faith of the fathers. It would become so full of love, it would be like it was beyond the curtain of time just before the Rapture Lord. And when iniquity shall abound and the love of many is waxing cold, and the world is being deformed into this hideous condition, transforming power is changing us on the inside. The Kingdom of God is coming from negative to positive. The Word is becoming flesh, Your Prophet says, and the flesh is becoming Word. Oh God, the Word is becoming Spirit and Life, which is the Kingdom of God in you.

We thank You Lord, for the insight, for the grace and the mercy that drops down here amongst us, keep us looking upward Lord, looking away from this world and looking away to Jesus Christ, lifting and looking up and seeing Him in the Cloud, and knowing that our redemption draweth nigh. Hallelujah! May that Head cap off the pyramids of our lives, Lord. May the dynamics that we work in a measure, while the Headstone is coming down. Oh God may we be transformed into that condition that as we near that Headstone, we shall be in His very Own image in order to be united with Him, becoming a Super Race, a Super Church. Hallelujah!

Isn't that Your promise, Lord? Isn't that Your program for this Hour? Then Father, I pray that we will

be truly children of the Light; not children of the night, not of darkness, but of the Light Lord, knowing that God is Light and in Him there is no darkness and Light and darkness cannot have any fellowship. But we who were sometimes darkness but now are we Light in the Lord, the darkness is passed and the True Light now shineth. Hallelujah. We walk in the Light as You are in the Light and Your Blood cleanses and we have fellowship one with the other.

Oh my God, draw us in close to You Lord. Bring us under Your tender love. Bring us under Your Divine influence. Cover us with the blanket of love. Draw us close to You, Lord. May there be such a total separation from all unbelief. May all the iniquity be purged away that there will be no leaven in our lump, Lord. The Church can stand here, being made ready for a commission and to finish this commission. After having that little meeting last night, and this message this morning, we're walking on forward into the resurrection, knowing the Master has come and called for us. Oh, hallelujah!

Lord, may we walk in close communion with You. May today as Your Holy Spirit moves, strike with reality these things in the hearts especially of the young, Lord. Let it not be confusing to them. Even though they do not understand everything, put an interest in their hearts to desire to understand and to seek You for greater insight, that Your Holy Spirit can lead and guide them into all Truth. May You grant it. We thank You and we praise You.

Bless Your people. Strengthen each and every one, Lord. Spray us one more time with the repellent of Your Holy Spirit. May there be such an inoculation and such an immunity from the evils. May our senses be so exercised that we can be so sensitive, Lord, to the Holy Spirit! We'll have such discernment to know the difference between right and wrong. We will not be confused. Oh, God may You grant it.

Bless Your church Lord. Bless all the officers, the Ministers, singers, song leaders, oh God, musicians, librarians, Sunday school teachers, workers, helps, governments, all the Deacons and the Trustees, oh God. Almighty God in the Name of Jesus Christ, make us such a fortified people. Make us such a unified people. Make us, oh God, to be such a people under the anointing of the Holy Spirit, oh God. Make us stalwart men and women true, oh God. Bring us into perfect step, dear God. May there be a halt to playing church. May there be a real burnt sacrifice, oh God. May there be a real availability of Your children to Thee, oh God, that You can truly have the leadership, the pre-eminence and the oversight Father. You can be the all in all.

We are not of this world. We have no part of this world, Father. We want to walk with You, Lord. God let me walk with You Lord Jesus; don't ever leave me alone. Let me carry my cross, dear God. Hallelujah! Let me not shun my responsibilities; clothe me in humility and sincerity.

Oh God, standing here before the sacred desk, standing before the Purchased of Your Blood, oh God, sometimes I preach like this: hard, cutting, shaking, jolting people, oh God. Sometimes people misunderstand it, oh God, but Lord Jesus give them eyesalve that they can see what I'm saying, what I'm pointing them to, oh God. May they have Divine revelation to see the lateness of the Hour!

So many are walking, coming through the motions but not knowing the lateness of the Hour. So many are walking, unknown to what is really happening in reality. Lord God, may there be such a desperation, not fear and state of emergency. But may love bring desperation, the love that caused You to send the Prophet with a Message to open the Seven Seals, even before the atomic bomb falls to gather us and take us away, oh God; the love that shows us how we should hasten as we see the

evil tide rapidly moving in, sweeping away everything in its path. You said the enemy shall come in like a flood, but You'll raise a standard, Lord. May that standard, oh God, be God in the people. That's the only standard that can tame the legions of demon power that are moving over the land at this Hour.

May that love drive us, oh God, husbands with their wives, not looking at another man's wife, not treating their wife wrong. Fathers with their children oh God, not trying to shift their responsibilities and are hardened and selfish and callous. Children oh God in obedience, not in rebellion oh God, but serving, willing to stand and give support to the home both naturally and spiritually. Oh God, a real Church, a real group of people in this Hour that You separated Lord to show forth Your last great moving, we thank You for it Father.

We commit everyone into Your hands. We just ask that the Holy Spirit in these coming days, even the meetings we spoke of last night that we desire to have, knowing You always bless us in the September month, Lord. Lord, maybe You'll just use that time to pour out some of these things that the Church might be posted and brought up to the spot where it can be in spiritual condition, facing the challenge of the Hour, carrying out the service in order under Your Divine leadership, thriving under the Supernatural Power of the Holy Ghost; Lord God, being a torch in Your hand giving Light in this darkness. Grant it Lord.

Take us from this place. Take us safely to our homes. Watch over us. Keep us under Your Divine influence. Bless each and every one. Remember every family. Remember every individual Lord, even now as Your children maybe have needs in their hearts, looking to You. The Spirit might have spoken to them in a very expressed way and they've recognized they have needs, Lord, to be shaken to a place where they realize they want to walk closer to You, and they want to separate from all unbelief. May they find a secret place where

they can pour out their heart to You in prayer Lord; where they can empty out Father; where Your Holy Spirit, Your Divine love could come down and fill that empty place that they will not have to thirst after some perverted thing; not have the devil trying to pervert the thirst in them, but You can lead them to the Fountain of Living Water.

You said My people have committed two evils: they have forsaken Me, the Fountain of Living Water, and they have hewn out cisterns for themselves. We don't want a cistern, Lord. Bring us back to the Artesian Well we pray, that Rock that is within speaking distance, that great Fountain of Eternal Life. Grant it Father. In the Name of Jesus Christ, we ask it for Your honor and for Your glory, amen.

[Bro. Vin dedicates a vehicle -Ed.]

You may have your seat. Amen. Praise God. Amen? Just bear while... We want to dismiss, we are trying to dismiss but this is the Holy Spirit. He is not interested in time. He is interested in His children. The service is dismissed and if you have to leave you surely can leave. You have been dismissed but there are some who need prayer here and they find themselves in the crossroads of time and you don't know how God moves in people's heart in a service until you know, "Now is my time. Just how I felt the Holy Spirit close to me, just how I felt God gave me the help of faith in the service, I want to ask for something." And if there are any others like that and you want to come up, surely you can feel free to come up if you want. While the song leader will just come and just... The musicians can play softly by the time.

[Bro. Vin and brothers pray for people. -Ed.]
