Excerpt:

From the time the Seals were opened, it meant that there was no stopping of the revelation. It depends on where you want to live after the Angels came and opened the Seals. If that does not mean anything to you, and you just want to keep going to church, you can have that life.

If you realize that God has come down, the Lord Himself has descended from Heaven, and the Angel is on the earth, fixing things for the Coming of the Lord - "The one shall be taken, the other shall remain"; the Holy Spirit; Quickening Power moving across the earth, quickening the seeds to Life; then you will be walking in a place knowing, "The thing has started, that Day has dawned."

The Prophet said, "I feel it all over me now, the dawning of a New Day." We have come into this spot, the pressing coming of the great Light; it is breaking between mortal and immortality. The Son is coming up, removing the darkness of night. Amen. The Seal is being given, the Key is being given to open up dimensions; Life and Immortality is coming to light. [Pages 17-18]

FRIDAY 12TH JANUARY 2007

BRO. VIN A. DAYAL

...otherwise we would never have the desire to call for it. And if God has put that desire in us; The Bible said, "Blessed are they that hunger and thirst after righteousness, for they shall be filled." How great is our God. How loving He is, to consider all our needs for every stage of the journey.

And here we are at this stage tonight. And just the things that we have need of, He has provided it for us. He Himself is here present: "Where two or three are gathered together in My Name, there I am in the midst," to minister unto us the things; when we can come believing, knowing that He is present, knowing that He is a God who keeps His Word.

When we come and we can get our faith zeroed upon Him, focused upon Him, the Giver of every good and perfect gift, knowing in Him there is no variableness or shadow of turning; Great is His faithfulness.

If we ask for a bread, we will not get a stone. If we ask for a fish, we will not get a serpent. He said, "Ask that your joys may be full." What a great thing it is when we can have faith and believe God. Let us just sing this little song,

Got any rivers you think are uncrossable,
Got any mountains you can't tunnel through?
God specializes in things thought impossible.
And he will do...
Do you believe that?
He will do what no other power can do.

Whatsoever you have need of tonight, this prayer meeting night, let us just create this great atmosphere of faith, and let the Holy Spirit just spread out His great wings, and bring us all under His wings, this evening. Oh, what a great thing could happen friends. God can drop that thing in your heart. He knows each and every one of us. It was He who drew us here this evening. It was He who made a way for us, because He desired to meet with us.

Let us capitalize upon this opportunity. This opened fountain in the house of David this evening, that we can be filled to overflowing; whatsoever we have need of, this evening. Blessed be His wonderful Name. Amen. Got any rivers;

[#193- Songs That Live -Ed.]

Got any rivers you think are uncrossable?

Oh my.

Got any mountains...

This mountain shall become a plain before Zerubabel. Not by might, not by power, but by My Spirit, He said.

...you can't tunnel through?

How many believe that this evening? Lift your hands and sing it.

God specialises...

God specialises...

In things thought impossible...

Bring every thought into captivity. Confess what God said.

...impossible,

And He will do...

And He will do what no other power can do.

Now, if you believe that, sing it again.

Got any rivers...

Got any rivers...

We serve the Almighty God. Oh my. He is able to do the exceedingly abundantly, this evening, above all we can ask or think.

Got any mountains...

Got any mountains...

Zerubabel had a mountain one time, but God is a mountain mover. "If you say to this mountain be thou removed..."

God specializes...

God specializes in things thought impossible,

And He will do...

He told Abraham, "Is anything too hard for the Lord?" He could lift Sarah's faith above her circumstances.

...what no other power can do.

How great is our God.

How great is...

Sing of His greatness, tonight. Sing of His righteous power tonight. Hallelujah!

How great is His Name

Oh, He's the greatest one, this evening.

He's the greatest one,

Forever the same.

forever the same.

Think about it. He's still the same. He rolled back the waters.

He rolled back the waters,

Of the mighty Red Sea

of the mighty Red Sea.

And He said I will lead you,

And He said I will lead you,

Oh, put your trust, put your trust in one who cannot fail, this evening.

Oh sing it like you believe it, and watch how He will open up a way for you.

How great is our God. There is none like Him this evening.

How great is His Word.

A Message of Seven Thunders. Hallelujah! Oh, He is the greatest One tonight.

...greatest One...

That ever, ever was heard tonight.

that ever was heard...

Oh, He rolled back the waters. That's what the Bible said.

...the waters...

Of that mighty Red Sea

of the mighty Red Sea,

And He said I will lead you. Let's have faith to follow Him.

And He said I will lead you,

Put your trust in Me.

Father, we believe You tonight, standing in Your great, mighty Presence, reminding ourselves of Your great, awesome power and grace that moved among the Exodus people, when You sent a prophet with a Message to deliver them from bondage, to call them out of the system, and set them in journey under the promise and You were determined that no obstacle could stand and hinder them from the place that You had ordained to bring them unto.

And so, we realize dear God, that we are the same, Father. You, the unchanging God, had dealt with us in Your unchanging ways, and we saw the pattern in the Bible, how You dealt with them, Father. We saw when circumstances came, how You moved on the scene, dear God, and You took it under Your control, oh God, and You defeated everything the Devil tried to put in their path. Lord Jesus, tonight, no matter what our obstacles are Father, no matter what our circumstances are, we stand here tonight, not to be overrun by these things; not, oh God, Father, to be frustrated by these things, but Lord, to stand and look at it, and dear God, then look at the God Who is greater than all these things, and call Your Name, breathe Your Name in prayer, and watch You come on the scene Father, and take these things under Your control.

We pray tonight, dear God, let Your Holy Spirit Lord, move in this place tonight. Move in every heart tonight. Quicken and inspire the faith in the hearts of Your

children, Lord, that they might see great exploits. You said, "They that know their God in this hour, will do great exploits", dear God. And Father, You will anoint that Word in the Church, that they will become Messiahets in the last days; the Anointed Messiahets, oh God, the Word being anointed in the Bride.

Father, we thank You, dear God, for this great realization that this is the secret: "As Christ was in Mary, so the Word is in the Bride." Hallelujah! And oh God, You are here in this great invisible union, coming down to take the Headship; the Headstone coming down upon the Body, Father, that we Your Church, could march by Your mighty power. We could be led by Your Spirit, dear God, and know Father, that no gate can stand before us, that Your Word of promise is good at everything.

And I pray tonight, Lord, that the Quickening Power will quicken that in the hearts of Your children tonight; that dear God, no matter what the situation is, no matter how things look, Lord, we know that Jehovah Jireh of the Bible, the God who is able, oh God, to produce something out of nothing, Father... "Speak and don't doubt", You said. And Lord, that is how we stand here tonight Father, in the Name of the Lord Jesus Christ, let every mountain become a plain before the Bride. "Not by might, nor by power, but by My Spirit", saith the Lord. Oh, may You grant it Father. In the Name of Jesus Christ, may You touch the afflicted tonight, may You touch the weary tonight. May You give strength to the weak tonight. May You give understanding and enlighten Your children tonight, Lord.

May the Holy Spirit energise great faith in the hearts of Your children, oh God, that Lord, God we will know greater is He inside of us, than He that is in the world. Bless all that are gathered in Your Presence. Hasten the footsteps of those on the way, Father. Remember Your

children out in the region, oh God. Lord, God may You lead us Father. Order our steps in Your Word tonight.

We thank You, Lord. We believe in You. We believe in You. You are our Rock. You are our Salvation. Oh God, You said, "Upon this Rock I will build My Church, and the gates of Hell shall not prevail against it."

Have Your blessed way tonight. May faith, which is the victory that overcomes the world: the lust of the flesh, the lust of the eyes and the pride of life; may that Spirit-quickenened Word, Lord God, be so quickened until it becomes a revelation, Lord, prevailing power within us that we can take the two-edged sword of the Word and cut our way through to the promise, oh God, and prove that You are the Almighty God; prove that Your Word is still true; it still does the same, in the life of a believer when one can grip that sword with faith and wield that sword to the heart of the enemy.

May You grant it, Lord. May You grant it, we pray. We commit all things into Your mighty hands, giving You praise and thanks, in the wonderful and precious Name of Jesus Christ our Lord, amen.

Amen. Praise His mighty Name. Turn around and greet your brothers and sisters. Tell them God bless them. How great is our God, how great is His Name. Hallelujah! Hallelujah! Oh, praise His wonderful, wonderful Name.

Do you love Jesus tonight? Do you love His children? Do you love His people? Do you love your brothers and sisters? Amen. Praise His wonderful Name.

Tonight is prayer meeting night. It is damp on the outside, but the Holy Ghost, that Living Fire is here among us tonight, amen. God is not dead, amen. Praise His Mighty Name. You may have your seats tonight. Blessed be His wonderful Name.

We are just still trying to sort things out. It is just becoming such a tedious task, because last night, not last night, but this morning some of us, we left at 3:30 in the morning, and we still had people staying back

here. So it is not an easy exercise. Some of you just put your hands up and said, "I want to go". You said, "Put your name down", but it is not as easy as that. Amen. We are so grateful for faithful warriors that do not complain, do not murmur, and so desire to please God, and do an efficient and thorough job for the success of the meeting, for the advancement of the Kingdom, that the right kind of witness can be made in the country over there.

We are just so grateful for strong hearts, strong minds, strong wills. When you have a strong people that believe in what they are doing, and know that they are anointed and commissioned to do what they are doing, it is a great thing. And that is the condition that God has to get people in. "To achieve anything", the Prophet said, "you must have perseverance." It means: "to be perseverant in spite of all obstacles, to go forth and achieve your goal." If you have a goal set before you, you will have all kinds of obstacles thrown in your path, but then if you focus and you know you are called to do that, and that is the will of God for you, then you can be persistent and watch God come on the scene and make a way where there seems to be no way.

So we are grateful for that. We know the God we serve. We do not serve an idol. We do not serve a denomination. It is a Living God, a Living Presence; a Living God that is among us. And if this is 2007, He is supposed to be greater today than He was, amen, when we were just coming along back there, some years ago, because now we are right up to the place where we know that He and His Bride must become one. She must be in His own Image in order to be united with Him, and that is a great thing, when we think of this great marriage of Christ and the Church.

I am so thankful tonight, to have health and strength and courage, to know the Word of God is real; to know that God's Spirit is real; to have God's Spirit in my life; to be a Christian, amen; to see that in 2007, I do not

have any filthy desire to go in the world, to lust after something of the flesh outside there, but I have found my place, by the grace of God, and I am determined to press the battle, amen.

When I see this is the hour when the Name of the Lord Jesus Christ is to be glorified in His saints, and to be admired in all those that believe, and He is going to fulfil the work of faith with power, that is a great thing.

When you see the Son of Man coming in a cloud, (have you seen that?) look up and lift up your head, your redemption draweth nigh. That means that this body is to be changed. Whether you believe it or not, that is what is going to happen.

Did Abraham's body change? Did he come back young? Did he see the Son of Man revealed? Did he see the coming of the angels? Was Sodom burned with fire? Did the days of Noah pass away? Then it is going to happen again. That is exactly right, because we have seen the same ministry. We have seen a Prophet exactly like Noah. We have seen the same thing come back. We see the world in the same condition like it was when the fire fell, when the water fell and destroyed it. It is going to happen again this time. Is that what God promised? He will burn the earth after this Elijah.

If Elijah came, then the earth has to be burnt. That is right, friends. And there is no doubt about that. And that is when a people know that this is what they are called unto and they are getting in condition, getting ready to go. It is a great thing.

Look at the preparations we are making just to take people to Tobago. Look at the hours we are putting in there. Could you imagine what it takes to get them into Glory; to get them on that flight; to get the transportation fixed? Is that right?

You have to check every name, make sure there is a place on the other side prepared for the one that is coming over, amen. And then you know if your name is not there on the list and the designated place you have

to go to, you know there is no place there for you, amen. When your name is posted, and your fare is paid, and you have your token in your hand; you are settled, you have peace. Isn't that right? You know there is something allotted, a portion allotted for you over there, by the grace of God. That is the reality.

And you know when you have people working back and forth, day and night... I tell you, I came in at 5 o' clock, 5:30 Sunday, and we left here after twelve in the night. We came back on Monday, the same thing, after twelve in the night; came back Tuesday, same thing; came back Wednesday, same thing; came back Thursday, the same thing. Then we left actually half past three, this morning. And you know, it is just the grace of God, that keeps us moving on.

And such faithful brothers and sisters... It is such a joy when you can work with people. There is unity, there is co-operation. There is such a positive attitude. There are people willing to make sacrifices. Nobody is complaining. There is joy, amen. There is an inspiration. And then you see the enthusiasm all this is being done with, for other people, who are at home sleeping, who are relaxed there. Do you understand what I am saying?

And nobody is fussing and saying, "They are not going to preach. They are not going to do anything. They are just going to sit down there. They are going because they got enthused." It makes no difference. They want to go and they are going. And there is a people doing their best to get them there, by the grace of God. So that is a great thing under any circumstance. And when you see a Church with that kind of Spirit inside of it, and that kind of cooperation, that is a people heading somewhere. They are heading somewhere real. Amen. Because it takes people to come to maturity, it takes people with love, it takes people willing to sacrifice, it takes people to spend themselves, amen, because they believe that they are doing it for the Lord Jesus Christ.

They believe that if the troops can be landed there, and the Meetings can take place, and the objective can be achieved, and the prison doors can be opened and the chains can be broken, and the Church is lifted up in a higher realm, and empowered with a greater measure of the Holy Spirit, they believe it would be worth it all in the end. Amen? And all of this is not a carnival dance we are going to have. It is not a party or something we are going to have over there. It is not some product for some business we are going to promote. We are going there to represent Jesus Christ.

And this time of the year is one of the filthiest times of the year. This is the time of the year when all kinds of demons from all over the world come to this part of the world, because there are carnival fetes [parties -Ed.] almost every night. You know everything is getting there. Every day when you open the paper, you see—they show you the people partying and the revelry, every day splashed all over the papers. And you see even the ‘Soca divas,’ as they call them, all of them getting their inspiration to bring out their special tune. You see the people dancing and waving and rejoicing under that thing.

And then you see the people in the House of God; sometimes their hands could only reach here. Do you understand what I am saying? And that is when you wonder sometimes, what it is people believe. What do they understand about what they have, how to use what they have? How people sometimes, when they fail to realize that it is a law that goes into motion. It is a faith that operates! It is a Quickening Power that comes out! It is a consciousness that they walk in! It is an enthusiasm they have about the Word of God. It is a faith that they have in God’s promise, amen. It is a determination that they have, that the Devil will not damper them! Amen!

And when you can get believers in that kind of condition, you are going to see God come on the scene

and make His Word manifest! That is right, friends, because it has people going toe to toe with the Devil. Sometimes when you stand there and you need to go toe to toe, you want to see people that have real faith, amen.

Not church clothes and how you look like a Christian now. It is what pulsates in the heart, it is what inspiration you are living under, that can catch the moment, amen! And you know you are in the drama of the Word. The Word is happening and you know you are right there in step with God. Why? Because you are not waiting until you come to Church to get anointed. All day you are walking in the Spirit. All day you have a prayer in your heart. Enoch walked with God. It did not say that Enoch went to church and waited for the church service to start. Enoch walked with God! Amen. That is the place, we want to walk with God and talk with God. Amen

And while you are going through the day, you sit down there. I am sure some of you are getting enough faith that you do not get caught in all the nonsense on the job, and all what is going on, and all the worldly discussions. I am sure some of you got faith, you pull aside with your Bible lunchtime, and you open the page, and you start to talk to God, and you start to keep in remembrance of the things that the Holy Spirit is speaking to you, amen; and the things you are under expectation for, and you are praying over it, you say "Dear God, we are expecting this to happen. You promised it, Lord." Why? You know that when you mix the Word with faith in your heart, it profits you much. Isn't that what the Bible said? And It said, "Though they heard it day after day, they didn't mix it with faith." The woman took the meal and the oil. As long as she left the meal in this pot and the oil in this cruse, nothing could happen. But when she had faith to mix it together, put it on two sticks, something happened. The Word, the anointed Word was going to be kept alive. Amen. And

the miraculous was going to take place. But she had to step forth and do these things.

And something that looked like nothing; and what she thought looked like nothing in her hand, and she thought was the last cake, that was the first of the miracle cakes. That was not the last, that was the first of the miracle cakes. Glory be to God.

Here the same thing you use in your hand everyday, over and over and over; that same Word you talk, that same Word you testify, that same thing you read. But then one day, that same Word will catch a fire inside of you. That same Word will come so alive inside of you, that that is the very Word that will change you. Amen! Because then it will no longer just be a mental thing you are speaking about. It will become a Spirit- quickened revelation inside of you. Amen. It will be Life. "Fire", the Bible said, "proceeded from their mouths." Amen. And what a great thing that is, friends, to walk in God's Word in this great reality.

Just let me maybe speak for a few minutes, and then we will get to the announcements. I just want to lay a little background for something I want to speak on Sunday, and so I am just going to read a little Scripture. I am just talking to you, but my faith got so anointed. I just do not want to go and make announcements with all this anointing. When you get this Spirit upon you, you don't just want to make announcements with it. That is like using the power of God just to curse a tree or something, when there are people laying there who need Rapturing faith. Amen. A tree is [inaudible -Ed.] a shower in the field. Amen.

1st Samuel 28, 1st Chronicles 10. Let us read 1st Chronicles 10, first. Some years ago, I spoke a Message on *Dreams Reflecting The Subconscious*. Then Messages like *The Evolution Of The Communication System*, *The Opening Up Of The Forth Dimension For The Mind Age* [1989-0604 -Ed.], *Images and Voices Now, But Then Our Bodies*, *The Value Of The Access, Hidden*

Communications [2005-0918 -Ed.]. You know it is things along this line; spiritual things, supernatural things, in our lives, in our experience.

1st Chronicles 10 verse 13 reads on this wise:

¹³ So Saul died for his transgression which he committed against the LORD, even against the word of the LORD, which he kept not...

I can still hear some pages turning. Let me read it over.

¹³ So Saul died for his transgression which he committed against the word of the LORD...

He committed transgression against the Lord.

...even against the word of the LORD, which he kept not...

Do you hear how that is written? Even the Word of the Lord, which he kept not. That is the transgressions committed against the Lord. Even the Word of the Lord which he kept not. That is what brought his death.

...and also for asking counsel of one that had a familiar spirit, to enquire of it;

¹⁴ And enquired not of the LORD:

Did you catch something there? There are two sources you could enquire from for information. There are two realms you can break into. There are people who have access to these realms, and if you can tap into that realm, you can receive things from that realm. Saul was conscious of other worlds, because what he was seeking was from another world. And he knew to get into the other world, he had to find people who were in contact with the other world. Do you understand? I hope I have not lost you there. You see, you could enquire, but who are you enquiring of? But you go to enquire of somebody that you believe could help you. And so when Saul could not get through to this means of communication, he tried another means of communication.

He was changing channels, but it was information that he wanted. Do you understand? I trust I will be able to make myself a little more plain as we go along.

...asking counsel of one that had a familiar spirit, to enquire of it;

¹⁴ And enquired not of the LORD: therefore he slew him, [the Lord slew him] and turned the kingdom unto David the son of Jesse.

And 1st Samuel 28. I am just going to pick the place, because—to save a little time. Verse 5, and this is when Saul... This is the circumstance it is relating to here. That Scripture is relating to this experience. And this experience, they were forbidden to do that over in Leviticus and Deuteronomy 18; they were forbidden to go to other mediums and try to enquire.

In other words, God cannot judge you if there is not a law. You cannot have a penalty if there is not a law. And so when God gave the law, and he refused to obey that law then there was a penalty, and that was why God killed him, for not enquiring of the Lord, but enquiring of one who had a familiar spirit. But He knew he could make enquiry of either one, because he knew not only prophets had access to the spirit world. Do you understand? Verse 5:

⁵ And when Saul saw the host of the Philistines, he was afraid, and his heart greatly trembled.

This was the end of his life, here. This was the last couple days before he died.

⁶ And when Saul enquired of the LORD, the LORD answered him not, neither by dreams, nor by Urim, nor by prophets.

Dreams, Urim and prophets were ways God could have answered by. Today they might say the Internet, the telephone or the television. I just gave you a way that the same kind of information; if you are trying to call somebody and you cannot get a hold of them, then you can send them an Email, and they may answer; or

if you cannot get a hold of them and a video conference could be set up with you and a person, then you could get a chance to talk with them.

These things are done scientifically today. There are many ways you could communicate. In the old days, they used to send smoke signals. Do you know that? Then they used to send a carrier pigeon. Do you know that? Then they used to write a letter and the postman took it. We still use that today. Isn't that right?

And then now you have the telephone; you can call somebody directly and talk to them. Then you can talk to them on Email, and now you have MSN, you can chat online too. And something comes up and says, "The person is online right now. Do you want to stay invisible, or do you want to be visible to them?" You say, "No, I am staying invisible."

I am invisible all the time, because I do not like disturbance. I am not there wasting my time, just looking for people to talk to. I am searching for something. I am dealing with something, and my time is limited so I stay invisible. So sometimes, nobody knows because I do not like... If I am there online, know that I am studying. And if somebody sees me they want to chat and I do not even want my wife and they to disturb me in the house, much more for somebody to find me online searching for something and want to start to chat. And sometimes I have to tell people, "I do not want to talk now", so I just stay invisible.

So that is a good thing that you can be invisible. In that dimension, I am invisible to them. That is a good thing too. You see, some people know that. Some of you, you do not know that world but some of these here, some of these young people here, they know that world clearly. You see?

So this is where the tree has grown; where people understand now, access; where people understand other methods of communication and enquiring, and when they enquire, they can get what information they

have need of, because it is a channel that is open in this day; The opening of the Fourth Dimension for this Mind Age. And people can have that access. And that place that... We say 'opening', because it is open to the world now; because science was given a key to open that world. That was here when Adam was here, but science found it in this generation. God let them find it. Because that is God's grace and God's way of bringing His people even to a greater understanding of dimensions and the world that we live in. Do you understand what I am saying?

We did not know about dimensions. We did not know about images and voices passing through here. We did not know these things. We could not perceive it. We could not conceive it. But then God sent, not a theologian, but a man who lived in two worlds. And then He started to tell us now, how that is here.

That is what Moses used. That is how God brought the Word to Moses. That is what God brought the Word to Elijah by. That is what God brought the vision to Daniel by. That is what God brought the Word to Ezekiel by. That is what John traveled in, all the way to the twentieth century and he saw a Prophet standing there. Do you understand? So this is a great thing.

⁶ And when Saul enquired of the LORD, the LORD answered him not, neither by dreams, nor by Urim, nor by prophets.

⁷ Then said Saul unto his servants, Seek me a woman that hath a familiar spirit, that I may go to her, and enquire of her.

"I am not getting any access here. Every time I call I am getting Bmobile [Telephone service provider -Ed.]; "This is Bmobile". You say, "Forget it man." You see? "You can leave a message after the beep." You say, "I do not want to leave a message after the beep. I want to talk to the person." Do you understand what I am saying? So you think of another method to make contact, because you are so desperate, you must have this information. If that

person he was trying to contact was in Shechem, he would have jumped on a chariot, and said, "Take me to Shechem as fast as you could!" If it was over in Shiloh, he would have said, "Take me to Shiloh!"

Do you remember the Shunammite woman? She said, "Saddle the mule. Slack not your riding. Head to the hill where the man of God is." She ran and she threw herself on his feet, because she knew where he was. She knew where to find him. Isn't that right?

The courier who was sent with the message, he knew where Jesus was. He ran and said, "Master, Your friend Lazarus is dying. Quickly Master!" But what he was seeking and enquiring was not for somebody physical; was not from this world; was not in the geographic location. It was in another realm.

People in that time understood this world. People in that time knew that this world was accessible. This is where today, the Church... We talk about going to Heaven, we talk about the Rapture. We talk about these things. We talk about the Seven Thunders coming, showing us how to prepare for Rapturing faith. We talk about "And a door was opened in Heaven, and Hell was opened." We hear it, but we do not think.

We say we believe, but yet we allow ourselves to be influenced, trapped, bounded up, hindered by what we say we believe and know. Do you understand what I am saying? It is only because we are still relating on a humanistic plain, and we have failed to see the need for spiritual revelation, and failed to realize that God wants to give the revelation.

From the time the Seals were opened, it meant that there was no stopping of the revelation. It depends on where you want to live after the Angels came and opened the Seals. If that does not mean anything to you, and you just want to keep going to church, you can have that life.

If you realize that God has come down, the Lord Himself has descended from Heaven, and the Angel is

on the earth, fixing things for the Coming of the Lord - "The one shall be taken, the other shall remain"; the Holy Spirit; Quickening Power moving across the earth, quickening the seeds to Life; then you will be walking in a place knowing, "The thing has started, that Day has dawned."

The Prophet said, "I feel it all over me now, the dawning of a New Day." We have come into this spot, the pressing coming of the great Light; it is breaking between mortal and immortality. The Son is coming up, removing the darkness of night. Amen. The Seal is being given, the Key is being given to open up dimensions; Life and Immortality is coming to light.

But we have to see! We have to understand, and that is the slowness on people, and that slowness is the lack of the Quickening Power. That is the lack of the Holy Spirit in a life. That is the lack of understanding what God is saying, and why a Prophet was there and not a theologian; and why the world is so evil and dark; and why people are in the hideous condition; and why demon powers, you are not seeing them any more now; you are seeing them in flesh.

You are seeing a man who will kill and chop up somebody to pieces. You see a man who will go and rape an eighteen months old girl - a big, forty two years old man. Then you understand what you are seeing. But when you do not see that, you just see the papers, and you put it down and say, "Boy, people are not playing they are bad. The world is getting... The Hour is late, yes." And you know, you learn to kind of make little comments and add a tale; add a little piece, add a little piece to what is going on, and not to walk in the realization, saying, "What is the Holy Spirit doing? Lord, where You are coming down in Your people; where You want to unite? We heard about *Uniting Time, Invisible Union*, we heard about pre-eminentes - emptying out yourself, that God could come and Deity could

tabernacle in a man and a woman.” It is because we lack the Quickening Power.

God answered him not by dreams. God talks by dreams. We are in this Message right now; we are still in it. *Sirs, Is This The Sign of The End?* [1962-1230E -Ed.] Six dreams God talked by, even the dream with the man beating down the woman with the three-cornered stick, and the faith muscles said, “Don’t you hit her again.” That is right – dreams! People dreaming of things written in the Bible. We came through *On The Wings of A Snow-White Dove* [1965-1128E -Ed.]: “I’ll ride this trail once more.” Dreams! Man riding on a charger, Chief Authority, and these things. God, talking by dreams.

That is what I want to speak a little bit of: **DREAMS, VISIONS AND DIMENSIONS**. Because ‘dream’ is another world. That is not the physical world; that is another world. You are not seeing that with this eye. You are not hearing those voices with this ear. You are not relating to that with this physical self. That happens when you are sleeping. The inner man is accessing something somewhere.

Watch. So when Saul realized, “All my channels are blocked”; in other words, every time I go here, “Access denied.” I go here, “Access denied.” I go here, “Password. Access denied.” Nothing; cannot get in. He found somebody now who had a crack programme to get you in. You go by a hacker; “Hack me in. I want to get in the system. I want to get in the database. I want to download a file.” Do you get what I am saying? Because they know it is somewhere.

Now remember, science is only a perversion of something that exists, and science is finding God before people. Science is finding God before many who claim to be a Christian. Because today, Christian is just formal Christian; go to church, go home. Go to church, go home. Go to church, go home. Dress up in church clothes, pack a Bible under their arms and no Word in

their hearts. This is an Age of disguise. This is an Age of cosmetics. This is an Age of outward image.

Have you ever seen women dressed up in business suits and they do not know anything about business? They like the long strap bag. They like the cell phone. They like the business skirt. They like all these things, and then they do not know a thing about business; but it was an image they saw and they liked.

You see, when you live so much on the natural outward image, you cannot break into spiritual things. You cannot break into spiritual things. Spiritual things start from the inner part of you, not the outward part of you. Spiritual things have to deal with the soul – that man inside there. Who is he? What is he? What condition is he in?

And Saul, he was heads and shoulders above everybody. He was eating the best. He was wearing the best. He was the most popular man in the place, but down in the soul, God said, “I do not want to talk to you.” God said, “Do not disturb Me.” God unplugged His phone whenever that man was calling. From the time he called, and God watched the number of that man who was calling Him, God ID him; forget him. God started to delete calls. No access to God.

Have you ever prayed, and like He was doing you that? This was a man who was anointed by a prophet. This was not some man down by the street corner, just living anyhow, you know. This was a man who was elected, called, anointed and placed. This was a chosen man. This was an anointed man. This man was put in office by a prophet.

But you see, God can bring you in a prophet’s Message. God could let a prophet talk to you. God could let a prophet help you and bless you, to be where you are today, but that is not a franchise on God. That is where people get trapped. They come in the Message and fight denomination, and feel they are better than another class of people. Your life does not operate there.

Your life operates on: “Does God accept me? Do I have favour in God’s sight? Is God pleased with me? Am I walking in His ways? Is His Presence with me? Does God speak to me?” This is where your life is.

Your life is not “I am not a Serpent’s seed, and they out there believe that Eve ate an apple, so when I see them, I lay it on them.” Not that, you know. Because you could have that knowledge that they do not have, have that attitude towards them, and God is not with you. Because you could get that knowledge through reading. A man gave you the Serpent’s seed book, you can get that knowledge. Do you understand what I am saying? Do not get trapped there, you know.

In this man’s most desperate place in his life, he wanted to hear from God. Why do you think he was trying to get a dream? Why do you think he was approaching the Urim and Thummim? Why do you think he was trying to go to a prophet and see if they could bring a Word for him? Why do you think he was trying to do that? He desperately wanted a Word from God, because he was in a crisis. He was being faced with the armies coming towards him. He saw all Israel was going to be run over. He saw so many women and children were going to be slaughtered that day, because the positions those armies took up, they got the advantage over him in the land.

He could not get that position without losing a lot of men, by trying to fight and push the enemy back. And what caused it? He got so bitter in his heart, he was running down David. He was persecuting David. Before he defended the land, before he kept the things in the interest of God, he started to use his position to fight personal battle; because he was carnal and sensual; because he got taken over with pride.

Knowledge gets you puffed up. Knowledge gets you heady and high minded; but love edifies. When that Headstone comes down, that is not knowledge coming down; that is Love coming down. While you were

growing up, you were growing up in grace and in the knowledge of the Lord, but now Love comes down on your knowledge. Watch.

Watch perseverance here, but in the wrong thing. When he realized no access, he said to his servant:

...Seek me a woman that has a familiar spirit, that I may go to her, and enquire of her.

He was still enquiring. Verse 6 said, “He enquired of the Lord.” Verse 7 said, “He enquired”—He said, “Get a woman, that I may go in to her and enquire of her.” To enquire, he is seeking information. He is seeking a certain knowledge that he needs. He wants to get a hold of the prophet. He wants to get a hold of the Word of the prophet, but he is pursuing the medium. His faith now is in the medium.

Do you know the Internet is a medium? Do you know that television is a medium? Do you know the radio is a medium? They are mediums of communication.

Does information come through a television? Does information come through a radio? Do you get information on the Internet? It is a medium. It is a channel of communication that gives you access to information.

How many know that information can empower you? How many know that information can enlighten you? How many know that information can fortify you?

If you want to know the weather; you can go on the Internet and find out the weather in any city, and they give the weather forecast for five days, and you know how to pack your clothes for where you are going.

If you want to find out whether it is safe to travel, or what does the Government think of a certain country, where it lies on the international list; is it safe to go to? Am I going to be secure there? Is it insecure? Is it overrun with crime? Is it dangerous at this time? Does it have civil war? Is there an epidemic loose there? Does

it have terrorism there, controlling the government? Whatever it is, you could have access to Information.

You could have information about the stocks; Shall I invest in that? Shall I not invest in that?; to empower yourself, fortify yourself, strengthen yourself; give you knowledge of what lays ahead; what kind of preparation you need to make if you are doing a certain thing.

It is the same way spiritually. We are going to Heaven and we need to know how to prepare. And we need to know how to get in condition to get ready to go. And we have to have a source where we can get that information. The Prophet... The information we have on tape and book form, it did not come from the Internet. It came from Angels that he was communicating with. And when that Angel came, that Angel was the One who wrote the Bible. That Angel was the manifestation of the Bible. That was the Word Himself. And the Word Himself used to show him the Word Itself.

And when he wanted to know the First Seal, the Angel told him. When he wanted to know the Second Seal, the Angel told him. When he wanted to know the Third Seal, the Angel told him. Is that right? When he wanted to know whether this woman was going to be healed, or if she was going to die, the Angel told him.

When he wanted to know if Los Angeles would sink or not sink, the Angel told him. When he wanted to know if a bomb would hit America or not, the Angel told him. And then all that the Angel told him, we have it recorded in tapes and books. Do you see what you have?

There is no library in the world, there is no media house in the world, that can provide you with the information you have in tape and book form, about the future. Did you get that? And he used to be so desperate. He said, "If God does not talk to me... I am taking a bottle of water, no food and I am going up in the mountain, because God has to talk to me at this stage."

What was it? He wanted to enquire of the Lord. He wanted a Word for the Church. Where are we at? What time is it, Sirs? What day are we living in? What is the Hour of the Day? What does the Scripture say about this Hour? How should we prepare?

He was interested to enquire of God. Do you understand that, so far? Because he knew...He sat down with ministers. He said, "So, what do you all think?"

A man said, "I think the Mark of the Beast is a computer, you know, Bro. Branham."

Another man said, "Bro. Branham, I think the Catholics are coming in", (David Du Plesis) "I think the Catholics are coming in, because they started speaking in tongues just like us. I have been to the Vatican, and the Pope, you know, he is all excited about getting the churches together."

He said, "What? This man went to enquire from the Pope." And David put the Ark in the wrong camp, and instead of enquiring from Nathan, he went to enquire from the Pope. And the Vatican is called "The lady of witchcraft, The Mistress of Sorceries" in the Bible. And here is a Prophet, who had access to the Angel of God, night after night, discerning the hearts of the people.

So when you see the Age we are living in... You see, there are a lot of things you can hear, but you have to have perception. Perception is important. It is what you discern from what you see, and what you discern from what you hear; not what you see and what you hear. When you hear, and you receive something by hearing and seeing, it is to know how to use what you have, what has been delivered to you; to be advanced; to be fortified; to be strengthened; because what is being given to us is something to equip us. Isn't that right?

If it is to break us down, it is only to break down self, that the inner man might be strengthened, to build us up into the Stature of a Perfect Man. Isn't that right? But it is not to destroy us, and confuse us, and to make

us miss the Kingdom, and miss the plan of God. It is something that has been given unto us that we can have greater access to God. And greater access to God means greater exploits of God. Why? The days are coming harder. The days are getting darker. And because the people of the world have gone with Absalom, the Devil's power has grown stronger, because you have more people and big people and the nations of the world to work in, to oppress the little group of the true seed of the Word.

We were warned we must have discernment to discern the two spirits, and by Christ's Spirit, withstand the antiChrist spirit, because we will be engaged in battle: the greatest battle ever fought.

So this is something, where you see in your Christian life, in this hour, where you are walking with God, do not take it lightly. Do not just be all- a natural person. Do not just be all (you know) dull and dead. Get quickened. Get to the place, "Lord, am I understanding Your Word right? Lord, I need to get a greater grip on that Word. Lord, I need to have my senses exercised to discern good from evil. Lord, I find my resisting power, I cave in under pressure too quickly. I do not want to see myself so. You said, "Above all, taking the shield of faith and quench all the fiery darts of the Devil." [Ephesians 6:16 -Ed.] I need some shield lessons. I need to know how to hold the shield and work with the shield." Because it is something that is given.

If you are given a sword, you say, "Do you see how big my sword is?" He said, "I can see you have a big sword. Use it, let me see." You cannot use it. Do you understand what I am saying? You have to learn how to use...

A man gave you an AK47. You say, "I have an AK47, you know. You better don't come here, you know. Do not play with me, you know. Do not play with me now, you know." It is empty. You are holding the gun in the wrong direction. You have it, but to use it is another

thing. From the time you have it, and the enemy sees that you cannot use it, he does not get terrified, you know. He just takes it away from you.

Do you know what makes the enemy back off, and sweat? When he sees just the way you hold it; and he sees that you know how to use it, and he sees you are ready to use it, and he is the person you want to use it on; then you realize, (you know) he starts to get respect for you.

That is why the Prophet said, “We can’t be fresh recruits, we have to be trained soldiers.”

Look at verse 15, here. This is when he brought up Samuel.

¹⁵ And Samuel said to Saul, Why hast thou disquieted me, to bring me up? And Saul answered, I am sore distressed; for the Philistines make war against me, [like two hundred million of them] and God is departed from me...

He said, “I cannot even feel an anointing. I cannot even get a revelation. I picked up the book, and I fell asleep on myself. He said, “Sometimes, I find it is so hard to go up in the House of God.” Do you understand what I am saying?

This man got conscious. Now this is a measure of discernment; “God has departed from me.” You know, a lot of people, like Joseph and Mary; the Bible said, “And they were walking and they knew it not that He was not with them.” And when they reached a certain place, they started to look for Him, and they could not find Him. They said, “Where is He?” And they went from this family camp; He was not there. They went to another family camp; He was not there. They went to another family camp; He was not there. They went from camp, to camp, to camp, to find Him and they could not find Him. And then they had to go all the way back to the beginning where they had left Him, because they were

walking, thinking He was with them, and He was not with them.

Well, Saul had more revelation than that. Saul said, "He left me. He departed from me." Because", he said, "when God used to be with me, I had a courage. If I see those Philistines coming there", he said, "I am not running and buckling. I know God is with me right here." He said, "Because I read about Moses. I read about Joshua. I read that when they went up in battle, I saw Moses, a one man invasion in Egypt. I saw when the impersonators rose up, and Moses challenged them, Moses' rod ate up their rods. I saw how Pharaoh came begging to Moses."

He said, "I saw when Joshua was fighting that battle, and how he got inspiration, and how he took Jericho, and he went to Ai afterwards." He said, "I saw how he stopped the sun."

He said, "I read *Why Cry? Speak!*, and I saw the Prophet there. And I read *Modern Events* [1965-1206 -Ed.], and I saw the Prophet in Chicago. And I read *As I Was With Moses*, and I saw the Prophet there with the Joshua Commission. God dealt with me in places. I remember the days when I stepped out." He said, "But now it is like, "Boy, like I do not know what is going on." Do you understand?

He said:

...God is departed from me, and answereth me no more, neither by prophets...

He said, "I go to Service, and they preach and they preach and people are getting blessed, and like I cannot get blessed." He said, "I see people writing, people like they are getting inspiration. I hear people talking after Service, and boy, I am coming out and I am not getting anything." Do you understand what I am saying?

...nor by dreams.

[He said,] *God answereth me no more, neither by prophets, nor by dreams:*

therefore I have called thee, that thou mayest make known unto me what I shall do.

This is a man desiring to know what to do in his situation. This is what he got killed for. In your crisis, and in this hour, you want to know how to get a hold of God. We live in an Age of communication. We live in an Age where we are caught up in the midst of an information revolution. Every three weeks, there is a new information gadget coming out. Every three weeks there is a new way, a new thing they are bringing out. You can get Email. You can make calls. You can do this, every week, almost.

If it is not Samsung, it is Motorola, it is Imac; everybody is bringing out something. Then when you look and you see in that time, this man found himself unable to get ahold of the right information, when he saw he was in a life threatening situation, and he needed to have accurate information; he needed to have it quickly... Because you see people, they watch their time and they are caught in a traffic jam. They were supposed to be in town at a certain time to meet somebody. They do not panic. They stay right there, they pull out that cell phone and they call that person. "I am running a little late, we are tied up in traffic here. It would be better if you go up here. I will pay the driver extra; he will drop me around there. We will meet. Everything will be okay."

He started to learn how to use this thing. He started to learn how to access people that he wanted to communicate with, so his programme can keep running without being interrupted. Do you understand?

He started to see the power of the tool. School over early, little boy calls home. He said, "Mummy, school over early today because there is no water in school." A person on the job said, "Honey, pick me up. There was a bomb scare in the place today. They shut down the office." Regardless of what.

Somebody overseas, some storm came, shuts down an airport. He said, "Honey, the plane was delayed, we are staying overnight. They put us in a hotel. The hotel is such and such and such. We will talk later; right now I am taking a cab to go to the hotel." She knows exactly where he is. She knows exactly what has happened, even though she is not seeing anything, at all. He said, "Do not bother to come to the airport for me, because I am not coming tonight, again."

It can be such a great blessing when you can get immediate response. This is what prayer—what God promised in this hour. God said, "Before you think it I already have your answer waiting! Before you could even ask, it is right there on the road already!" Because God is showing he is going to evolve His communication system in such a refined way, that His very thoughts will be in us. And such a oneness between the Head and the Body, in this hour when that Headstone comes and settles down on the Body, that it will be Christ putting His thoughts in us, and we speaking it.

The Prophet said, "If you say to this mountain." He said "It is not you saying it. It is really the Father in you saying it." "In that day, you will know I in you." It is not you really speaking, it is the Spirit speaking through you. This is a great thing, and this is what God wants to bring the Church into. This is where the Apostles walked.

Peter went up there waiting for his food. Boom! He dropped down. He said, "Simon, three men are coming in a little while. They are going to come and ask you to go to a man by the name of Cornelius. I appeared to him. I sent messengers to get you. Go and speak the Words of this Life.

From the time the men came, he saw the fulfilment of the very vision. He went with them. From the time he got into the house, he started to testify. The God who appeared to Cornelius, the God who came on the

rooftop, that same God was present to drop down there. But watch the Head and the Body in harmony. Watch the Invisible Union between the Head and the Body.

Saul... Now that is not a New Testament thing, you know. That is an Old Testament thing, and that was from the beginning of the Bible. Adam was made to be led by God. Adam had access to God, that is why he could name everything. He had access to the whole database, just like Daniel had access to the dream that the king forgot, because it was there in a world. Do you understand?

Now all these things were mysterious beyond what you could grasp. Why? You are trying to understand an unseen thing without fully seeing a natural representation to help you understand the spiritual thing. But now science has evolved to the place where science is producing the very thing, through science. Science is producing the very thing, and because science could produce it, now you are understanding. Remember they are only discovering; they are not inventing that. They are discovering that.

You know I had a strange experience. I was telling them that. Last year I had a couple dreams, and when I had these dreams, I told my wife. I said, "Girl, I was dreaming I was in this place preaching to some people, and the Word that was coming out..." And I said, "But I know I am not going there." I said, "I know I am not going, because I don't even know those people," because I do not really go to preach in places where I know people. The only way I would go is if somebody...a tape fell in their hands (I had those experiences a few times) and I went and preached, because they called me. What they heard on the tape, they wanted me to come and preach.

And then while I was saying that, the Scriptures came in my mind, (like I was quoting to you Wednesday night) the Angel came in the dream to this one, and the Angel

came in the dream to the wise men, and they were getting a knowledge that was saving them.

When that started to unfold to me, I said, “Do you know something? When the rapture comes, people will tell me, they will say, “We know you.” And I will not have to say, “How do you know me?” Because I want to show you that that world that is there...

I am communicating to you tonight, here, because you are in this physical place, and I am in this physical place, and I could touch you and you could touch me, and we could touch our environment that we in, and know this is the church building, and we are talking to each other in this geographic location; two physical sets of people meeting here in one geographic location, and having a communication. But you know there is a way I can stay in America and talk to you right here, and talk the same things?

How many ever made a phone call to the USA? Did you see the person you were talking to? When you came off the phone, were you sure you talked to who you really called? You do these things, but you do not think about it. You do these things, but you do not think about it.

How many ever saw the News on CNN, where in the newsroom people sat down there, and the war is going on in Baghdad, and they set up a video conference with a man in England, maybe Prime Minister Blair, some General out in Baghdad, and the two of them talking on a Video conference, and the people sitting down there in the newsroom, and they have two screens, and they are the third part involved. Right? And you are the fourth person, watching three people in three locations talking to each other.

But nobody is seeing the real person, you know. They are seeing an image of the person on a screen. And you are in Trinidad; you are watching one over in this day, one over in another day, one in a present day, maybe a few hours different to your time zone.

And you see it and that is news. In other words, "That is the world, boy. That is news, boy. News on TV, boy." No, no, no. Your father never saw that. If you are old like me, your father never saw that. Your grandfather did not know that existed. Your great grandfather could never imagine that. And your great, great grandfather could not envision that in a million years.

You are living in an Age where you are seeing this. But do you know why you cannot grasp what you are seeing? You do not know in your mind, how to interpret what it is you are seeing; how that is being brought about. So in your mind, you say, "No, no, scientists did that." No, scientists discovered something God has, and they are using it for their own means and their own purposes. Because when they discovered it they knew the influence, and the power of that influence, and the results they could achieve by having that powerful influence and it became a propaganda tool to manipulate the world, and sway the opinions of men, and create wars, and you know, make products famous and make money and all kinds of different things.

Well you... Do you think that is something strange? And then you are reading about the Prophet and you are reading about visions, and you yourself are having dreams, but you cannot bring all together. Because if two people's images could talk... There is 'in the body' communication and there is 'out of the body' communication.

How many people believe that Bro. Branham talked to Hope, and lived in the house with Hope, and had a child by Hope? How many believe he and Hope met, talking now without bodies? Where was his body when he went beyond the Curtain of Time? Beyond the Curtain of Time? Do you understand what I am saying?

All the things he told you about beyond the Curtain of Time, he got that in the body or out of the body? Is that possible? Do you believe that? You see, some people only know 'out of the body' by death. Did he die

there when he went out of the body? He did not die, but he had access to a world, and to access that world he could not go in the body. And to meet those people and communicate with them, he could not go in the body. And how many know they saw him?

I explained to you science first. I explained to you, seeing scientific people communicating - in other words, one image is communicating with the other image, and they are discussing... They are not talking about Corn Curls, and chicken and chips, you know. They are talking about the proliferation of mass weapons of destruction, and what the United Nations are supposed to do, and what the Geneva Convention said, and all these big things they are talking about, that are going to determine the course of the world. And that information is being shared, and ideas and views as what is to be done is taking place.

That is (what I said just now), "When you look, what do you see?" Another man sees, "Move that channel. Turn off that channel. I hate that. I want to see the Ashes in Australia, with England and the West Indies. I want to see that. Change that channel." But it is what you perceive from what you see. Because remember the Rapture is not like something to happen, you know. Enoch walked with God, and walked with God, and walked with God. Where? Not all over Port of Spain like a vagrant, walking all over the world, you know.

He walked up seven steps. He walked from the realm of mortal beings, to the realm of immortal beings. He walked in a revelation, because 'walk' speaks of a progression. He walked into a place where he was not. He reached a place in the walk where he was not.

When you were in the world, you walked after the course of this world, and the prince of the power of the air. But one day, your walk reached Calvary, and you came justified, and the 'prince of the power of the air' life was broken around you, because you were at the Brass Altar. And then you walked a little further and

you got to the Laver. And then you walked a little further and you went into the first court, and you started to learn about the Shewbread and the Candlestick. And then you kept walking a little further, and you reached into a place where you were in the presence of God.

Didn't the Prophet in the woodshed walk where he was trying to pray, and could not pray? And then he saw a cross come down. But then he was standing in the woods and speaking into existence, and he said, "Lord, is this the thing like in the little room? Let Your power come back on me." And it came back on him again. And then God said, "Speak now", and he spoke the squirrels into existence. Look where he walked from; from there, look where he walked into. And when he walked in there, he started to preach about, *Why cry? Speak!* He started to preach about *The Token*. He started to preach about *Stature Of A Perfect Man*. [1962-1014M -Ed.] He started to preach about *Adoption* - the manifestation of the sons of God.

Not he read a bunch of books, you know. He walked, led... "As many as are led by the Spirit of God" - Dove leading Eagle, all the way up to a certain place.

You are looking for the Rapture and we have come to a certain year. And we came down through last year, and we kept rehearsing that in your ears. And some of you said, "I heard him saying that but I did not see anything last year." You should get desperate, then! Because the thing that wise men longed to see, God opened it. Things that saints and sages prayed and cried for in their Age, and it was not the time; the thing that people walked for forty years in the wilderness in the Message, and fell off and went into all kinds of "isms", broke clear, clear, clear, clear, clear.

Hidden manna. Are you getting some hidden manna tonight? [Congregation says, "Amen!" -Ed.] Hidden manna. Remember back there, that was what he tried to explain to those Pentecostals. The Holy Spirit said, "You cannot teach Pentecostal babies supernatural things." He tried

to explain to them about soul and spirit and the realm of vision, and how you are here and you in another world, and how man was made for two worlds. You are a spirit man, then you came into a flesh body. Then by faith you look to the unseen.

Remember my Message is, *Looking To The Unseen. Looking To The Unseen.* The things that are unseen are Eternal, but are understood by the things that are seen – temporal.

That is why the Word said, “Meditate on the Word.” Consider it. Ponder it. “And Mary pondered things in her heart.” Remember, it is a Prophet who came in this day and opened things, you know.

He was conscious, “I went to a prophet.” We had maybe, Gad the seer in the land. “I went down by Gad, and Gad would not talk to me at all. I spent the whole day by Gad, and nothing came down. Gad talked to me back and forth; like Gad cannot contact any spirit, at all. God dropped the sheet. Nothing was breaking. Do you understand? He tried the priest with the Urim and Thummim. He went and he prayed, consecrated himself, and went before the priest. He started talking to the priest; nothing. God did not answer by Urim. No light was flashing.

He started to beg God; “God, give me a dream then. Visit me in a dream.” Because he read God came to Abimelech in a dream. He read Jacob dreamed of angels ascending and descending with messages.

He saw God come to Jacob in a dream, and said, “I am the God of Bethel.” And this man’s past life was being recounted detail by detail. What happened twenty years before was being spoken to him in such detail; things that he had out of his mind and God came back to reconnect him to that experience, in a dream. So he believed in dreams. He knew there are all kinds of dreams, but he knew there are dreams where God talks to people. Because he knew God said, “If you are spiritual or a prophet, I will talk to you in a dream.” And

he considered himself... He was a spiritual man because he used to prophesy. He was numbered with the prophets.

Look at how many ways that God could talk to people. And sometimes, people find that God is not talking to them. This man found it strange that God would not talk to him. Then he started to go from channel to channel, to channel, to channel, because he knew there were many ways you could access God. And this man only had faith in those ways because he knew it existed and it operated for him before. But certain things happened in his life, that God unplugged him.

How many ever got their phone cut? You see you know these things. And just when you have a real call to make, you have no access. And then you have to find money now to reconnect that line, because you want to have that communication. Because sometimes you have the channel, but you are using it for nonsense.

“Girl, if I tell you what happened, and so and so and so,” and the bill went high. That is the same kind of people who go and pray, “Father, Lord God, this; and Father, Lord God, that; and Father, Lord God, this; and Father, Lord God...” And they are not praying about their condition, they are not praying about the promise, they are not praying about these things. They are praying about all kinds of things, but the thing they really have need of, when they have the opportunity and God’s Presence comes close, to get a hold of God and get the things that they really have need of, they let it bypass them. When they get a crisis, they say, “Oh God, Now I need to talk to God.” But the time when God’s Presence was close, look what they wanted to get from God.

We are living in an Age where we are now understanding what communication is. Before man could have described communication only on limited terms, but today man starts to realize communication - this is by which information can be transmitted and

received; somebody sending something to you, and somebody receiving what is being sent.

And then they are finding out that it can be transmitted in so many different forms, and by so many different means. You say, "I will send you a fax. I will send you an email. I will make a call for you. I will talk to you on MSN." There are so many ways they can communicate with each other, and the communication could come from a word; communication could come from pictures; communication could come in so many different ways. They can format that. They could put that on a DVD. They could send it on a CD, an audio CD, they could send it on another form. There are many, many ways they can send the same information to you.

And then you start to realize now, "Wait, if science could do that, then that was so all the time. Because remember, when God came down to Moses, and said, "Moses, Moses, I am come down Moses," and then God started to give Moses visions, and he was now seeing Candlestick. He was seeing Table with Showbread. He was seeing a Tabernacle. This was not 'word' now, you know, this was 'graphics'.

Then God said, "Pick up your pen and write, Moses." And Moses began to write the Laws of God, and he wrote Deuteronomy, and he wrote Leviticus, and he started to write these things. He got inspiration to write now.

And God brought His Word in such a way to man down through the Bible. And in these last days—remember my message on *Hidden Communication?* God was transmitting things right in front of people, but the form it was coming in, they could not discern it. They are looking for the Seventh Seal revelation to come out, and it is being spoken, and they cannot see it, because it is in a realm beyond their perception. They have to grow up, and by the time they have grown up, it becomes—now they have reason to see it.

It is like it is beyond that wall and you are so short, and God is speaking that there and you are not seeing

it, and after about five years, you could see over that wall. And you say, "I see what He was talking about now. Oh my, I see it." It was always behind the wall, but you were too short; you had to grow up.

That is why, what you are finding on the books and tapes; it was spoken in 1963, spoken back in 1964, spoken back in 1951; but spiritually, in the last few years, some of you, your eyes have now begun to open. Some of you, your ears have now begun to get unstopped. Some of you are beginning now to understand revelation, you are beginning to break into a realm now, as you begin to die out and come into self crucifixion, to get a hold of the realities of God. Then you begin to see, "My goodness, what time are we at?"

"Boy, did you hear the Word the other night? Did you hear the tape? Did you hear such and such, and such." I said "No, no, no." Somebody who was seeing that before, and they already caught it, said, "No, that was preached back here, that was since such and such." You said, "But I was in that service, I did not get that."

And then you start to realize; no, it is coming up. Communication - an access that you are coming into, because remember in the natural you are seeing the speed by which things can be communicated. Communication is traveling at the speed of light - high speed communication. Now they have DSL. [Digital Subscriber Line -Ed.] They used to have the old dial up and as the phone, somebody rang, boom, you got cut off, and you had to go and dial up again. But now, you have high speed communication.

All of this in the natural, is showing a society growing up, and now they are learning. You watch children learning, and how they are teaching children in school; it is different to how they taught us, and different to how they taught your grandfather and they.

When I was small, they still had slate and you used to write on your slate, and you used to have the beads with the different colours, and you would check it like

that. You do not see that in schools any more. Isn't that right? It has evolved from that. Now we saw that in our time. I did not know that in my father and grandfather and they time. But if somebody brought a slate, (and that was so popular), a little child would laugh at that. "Where are you going with that?" They will laugh at you with that.

I heard my little girl saying, "I want to sound out the word." I said, "Sound out the word?" I never learned 'sound out the word' in school. They never taught me to sound out any word. We did not know about phonics. So sometimes I played [pretended -Ed.] that I knew, but I was learning from her. And then you realize how they have grown, and could speak much better than us.

I smile at ourselves in this church, especially us who preach. I said, "We have the ability and the capacity to invent words." We might be the preachers who invent the most words; words that do not even exist in the English language, we come across with sometimes. If someone asks you, "Is that a word?" You are not even sure that is a word. You look in the dictionary and you cannot find it in any dictionary. And then some of us are bold enough to call that inspiration too, you know. It is really something.

I want to close, because I have some things to announce here. I do not want to keep you too long, but I just thought I would kind of open a little something there for you to speak on Sunday. So I am just talking around some of the things, because I believe that as we keep growing...You see, our Age is an Age where God had to send a man who lived in two worlds because the time was coming back when the Church was going to live in two worlds.

When the Book is opened... That is why he taught us about Demonology; he taught us about the Ministry of Angels; he taught us about Dimensions; he taught us about Theophanies; he taught us the approach to healing; he taught us about gifts; he taught us about

anointings- how a man could have three spirits - the Spirit of Moses, Elijah and Christ upon him, and three ministries operating in the man. And if he does not identify them, you are watching him, and you are just seeing a man doing things, but you cannot see three specific ministries.

And when he identified it, we said, “Wait, that is the Moses. Look the man has two signs to confirm the commission – a Pillar of Fire and a Pillar of Cloud. But that is Elijah – the man repaired the Altar for the evening sacrifice. But that is the ministry of the Son of Man. Look at the man with discernment and these things.” If he did not say it, nobody would have known it.

If he did not break down the ministry, and said, “Look, the ministry has changed here. Now, he started to rebuke organisations, after he got their attention. Now he went from the flesh to the Spirit – from the healing to discernment. Nobody would have understood that, if he did not say it, because for two thousand years, nobody ever preached on it. You cannot find any book where anyone broke down Jesus’ Ministry like that.

When you come to Messages like *Souls That Are In Prison Now* [1963-1110M -Ed.] the last part of the Ministry, preaching to the lost and these things; you cannot read that in any book for two thousand years. What was God doing? God was opening the thing; because this is the Age, when we are going to be taken up into another place to walk with God.

And that is why, when you are in a church, and a church is dull and insensitive, and cannot grasp, and people sit down there and all they know is the natural geography realm – church, Abel’s Country, Bro. Vin and they, (you know) the Message came in Trinidad, yes, Bro. Ojar, (you know)...” Not that.

The Message Age started in Trinidad when the Message dropped. Sowers went forth and began to sow.

Man was catching the Word in the country. Then you look back and see where it fell; who got inspiration; what they preached; where in the Bible did their inspiration send them to; to understand what kind of ministries God had, in the places where he sent the Word.

When you start to get there now, you realize, “No, that is a different place.” When some of that starts to come out, some people are not ready for that kind of thing, because they cannot relate to God that way. Do you understand what I am saying? So they never know what is right and what is wrong. They are just trying to go along with the crowd, looking for security in the multitude of people.

And this is where, as you are growing up: Faith and Virtue; it is not a chart on a board. That is the development of the Life of Christ in people. A man who catches faith, if it is Bible faith, that man has a revelation of what God has called him unto, and he is growing up to become that revelation, because faith is the revelation of your placing. Do you understand?

Faith is the mystery of the Headstone. And if a genuine ministry, God imparted faith, that person must open the hidden manna, must open that mystery among his people. Then the Seventh Seal Book has to open in that Church. Then people in that Church will start to see their names in that Book, in that Church. Then people will start to cross over in that Church. Because remember, we say the Seals were opened in 1963 on an Age level, but if it was opened, how is it, that for forty years, nobody knew the Seven Seals were opened, hardly, and cannot preach it? Do you understand what I am saying?

So then you started to realize now, what was the faith people were actually catching; Bible faith. Because somewhere in there is a Rapturing faith that will change people; is a faith that will link you to your Word self.

The New Birth is a link, and you start to reflect that light here, and if you are vulgar and you are immoral, you are reflecting something from beneath – the underworld. That is either a soul in prison trapped, and needs deliverance, or that is just a vulture, just flying around, will ever love flesh and all it could go for is flesh.

If that is a trapped person, like David, like Samson, when that Word comes to them, they will break out of that. And start to cry, “Once more, Lord.” That’s right. And if they have discernment, before they could get trapped there, they will run like Joseph and leave that clothes.

Do you get what I am saying? Sure. You see these... That is why Bro. Branham was different to Oral Roberts and Billy Graham. They were preachers with their Bibles and going to church and religion. But he was a man that the unseen world... He knew that that was the real world. And he started to understand, this world is a negative of that world.

Listen to this, on *Countdown*, [1962-0909M para 56 -Ed.] he said:

I wonder if we could turn back in the pages...

And *Countdown* is one of the key Messages where he opened a secret; how you know the unseen world that is not written in the Bible in any clear way, by knowing this world and seeing the physical world. This is a negative to a positive. When you begin to understand the system by which things operate here in this world, it gives you insight into the next world. That is how, when you see the serpent was cast down, and he fell, you know how Lucifer fell in Heaven. Do you understand it?

When you see how Absalom tried to take the kingdom and break the rank, and take part of David’s angels, you understand how Lucifer pulled one-third part of the stars.

When you see Korah pull down some of Moses’ angels, you understand what happened in Heaven. Now

Moses was Christ. David was Christ. They were reflecting that mystery of the Kingdom.

He said:

If we could turn back in the pages of God's Book, this morning, and see what the church will look like at that time,

What the Church will look like at that time of the Rapture. What are we supposed to look like; what kind of people; what kind of talk will we be talking; what kind of concept will we have of God; what kind of realm will we be walking in, in this world? What will the Church look like?

Will it look like a Baptist, coming to church and sleeping? Look like a Methodist, old ladies with their purses and their hats and you know? Or it will be Eagles! God's Eagles!

...see the achievements that God has made. Oh, how happenings always in this earth are representing something that comes from somewhere else; but when it strikes the earth, it's usually in a perverted condition because it is in the world of darkness and sin. See? But then there is a true representation in the spiritual realms of the other dimension.

When something happens on this earth and it comes out; like the telephone; a man could talk to a man. A man hearing the voice, he says, "Wait, a man could hear the Voice of God in another world. God could talk to a man like that, and he is not even seeing that God, and he could believe that is the Voice of God. Because you talk to your brother and your sister, if they are away, and your friend and you know their voice. And by the nature of conversation you are talking, you know it has to be that person, because you are talking in a communication that is confidential only to the two of you all. So you are conscious there is nobody outside of that, to be somebody impersonating or playing that person.

And when God starts to talk to you about things in your life, you know, “Nobody knows that about me. That one who is talking about that, He knows me.” He said it is representing something...

...something that comes from somewhere else;

But then there is a true representation in the spiritual realms of the other dimension. From being in the three dimensions, then the sixth dimension has its representation.

On *Masterpiece*, [1964-0705 para 11 -Ed.]

So we realize we are here in the negative form.

We are not here in the positive form, you know. You know what is going on? You are accustomed to watching in the mirror and seeing your reflection in the mirror, and you know, “That is my reflection, that is me here. That is my reflection, that is not me there. This is me here.” But in the real world here, we say, “This is me, here. This here, is the reflection in the mirror.” Are you getting me?

And unless you start to learn to think so, all you will know is earthly things; that when you talk about Predestination and Election, you are just talking theology. You have to start to know, “No, no. In that mirror like that there, that is my image here. I am accustomed to thinking like that.”

Well then, when you bring it to this world, that is me here; and this me here, is the one beyond the curtain. This is the real one. Do you understand how I explained that? Because he said here, “We are here in the negative form.” In these three dimensions, these three dimensions are negative forms. So if your reflection in the mirror could talk to you... You see? But you see really, it cannot talk to you; it is you talking and that reflecting. And so there is another world where there is a real movement, where you were in that world, before you came in this world.

Because you were not really made to live in this world. This world has Time; you were made for Eternity.

But one day, this Time will be taken back up into Eternity. So while you dropped down here, the negative came down for just a period. Listen:

And as long as there is a negative, there has to be a positive. There cannot be a negative without a positive.

In other words if you had a reflection there, you had to have this person here to reflect that, otherwise you could not have that there. You see how you are seeing a person behind a pulpit, and the same curtain and everything there? And you look here, at the same time, you are seeing the real person here, and the real thing, but you are seeing an image of it there? Those are two dimensions, right there. You sit down in the church and you watch it every time. But that is exactly what life is: 'here' and 'there'. And you see how that is not twenty feet, right there? Do you get what I'm saying? Occupying the same space in the same time.

Like you had a negative picture of some object. There has to be an object somewhere, that the light strike that lens, or there wouldn't be any negative. So when we see that our life here is in the negative...

And why do we know this is negative? We get sick here. We die. We grow old here. This is not the real thing. This is not really the real thing. Because this only shows that there is another realm where there is something that does not die.

So when we see that our life here is in the negative, and knowing that we're in the image of some life somewhere...

Knowing that we are in the image of some life somewhere. Knowing that we are here in the image of some life somewhere. You have to start to know you are here in the image of some life, somewhere. But that somewhere has been identified as a place called the Sixth Dimension.

...then we know that there is a positive somewhere that the light has struck, and it's reflected something

here on earth. And we are only that reflection. [We are only that reflection]. The genuine object is somewhere.

You see, this one came by sex; that one did not come by sex. This one gets old; that one cannot get old. This one wants a drink of water; that one does not want a drink of water. This one gets sleepy and tired; that one cannot get sleepy and tired. This one could be provoked and get vex and misbehave; that one you cannot provoke it to get vex and misbehave. This one could commit adultery and go into sin; that one cannot commit adultery and go into sin, ever, because sin cannot even exist there. Do you get what I'm saying?

So that when you are really part of that There, you are going to walk here, in this negative, under an influence of the real 'you' There.

If that isn't, [he said] I'm the worst deceived man in the world.

See how he could explain. He said, "If that is not so, he is the most deceived man in the world." And that is a man who went there, and came back here. And that is a man who was in a real body here, watching back at the old body there, and saying, "Do I want to go back there in that negative? Look at me in the positive." Do you understand?

But I know beyond a shadow of a doubt, that it's there. That's why we're here.

This is God's testing ground. But God in the Word laid out a plan at the last Trumpet, and he taught you how to check six has sounded, and you are gathered for the sounding of the last one. And under that last Seal, when it breaks, he tells you, "You are leaving here to go to that one. And when he comes, he is saying here, "You are bumping into it right now." He said, "Do you know what makes you feel to scream sometimes, and you get so charged", he said, "It is right here. You are bumping into it. It is a perfection calling you. And he said, "Don't you feel something in you, a crave to go back there?"

Have you confessed that you are a pilgrim and stranger?

What made Abraham say he was a pilgrim and stranger? What made Abraham seek a city, whose builder and maker is God? The King had come down. Who came down in Revelation 10? Is that the King? Is that the Headstone of the City? Who came down there? Is that the Lamb who has a Wife, and the Wife is that City, and He is the Head of that City?

Just a little quote in here. This is from *Man Sent From God*, speaking about looking at the unseen. He said,

When the gift is operating, Bro. Branham is the most sensitive person [and this is Bro. Bosworth speaking] to the presence and working of the Holy Spirit and the Spiritual realities of any person I have ever known. Under the anointing which operates his spiritual gifts, when he is conscious of the Angel's presence, he is seen to break through the veil of flesh into the world of spirit, to be struck through and through with a sense of the unseen.

And he quotes the Scripture.

Paul wrote 2nd Corinthians 4:18.

We look not at the things which are seen, but we look at the things which are not seen: for the things which are seen are temporal; but the things which are not seen are eternal.

Then Romans 1:20 said:

And the things that are seen were given for us to understand the things that are not seen.

So the temporal is the negative of the Eternal. One is shadow, one is Substance. And that is what the Book of Hebrews teaches you. It was shadow and then the Substance came – Christ, the reality, that cast the shadow, and it is like negative and positive.

Paul's words here, indicate that we are now living in two worlds at the same time - the world of sense and the world of Spirit. The world of Spirit surrounds, enspheres

and interpenetrates the world of sense. Both worlds occupy the same space at the same time.

Both worlds. That is why, when he went beyond the curtain of time, he didn't fly off somewhere into Heaven; he was right here - a parallel universe, right here.

You are right here, reflecting an influence from there. He was in that hospital room, and he began to descend, descend, descend, descend. Then he was in a realm with people who had left this life. It was a hideous place. All those women were coming, "Uhh, uhh", like a nightmare. And he cried for God and God was not there. He cried for Mama and could not get any Mama. He cried for Papa, he could not get any Papa there.

He said, "Oh God, if you ever bring me back, I will serve you." The next thing, he was back there on the bed. Later on in life, he was on the bed again, and He said, "Would you like to see beyond the curtain of time?" And he left this time, and instead of going below this time, he went a little up. He said "In a slanted place, and I was there. And millions again came running, "Our precious brother, our precious brother."

He said, "It is from the ridiculous to the sublime. He said "Don't ever go that downward path, press to go that upward path." That is the place where the dove that is on the Seventh Mountain being loosed, is to lead a people there. That is the other country. And we are on the last mountain before we go to the other country; and the things that are opening is to link you with that for the Rapture.

And the mystery of the Thunders is opening these things that were hidden in the Book to show us how to prepare for translation faith, and to bring that world alive to us. And what I am trying to show you; science has the thing all around us. We are looking at it everyday and we cannot read the spiritual representation of the natural representation; of the natural perversion, we cannot understand the spiritual reality, yet we are using it everyday. Yet it is happening

in your life everyday, but do you know something? People are waiting, they are looking for something. "It would come one day. It will happen in the sky. Something would explode! Boy!" They are handling it, they are bumping into it, but they don't know it; their minds are still not unlocked, to know how to interpret it.

Saul was right there. The enemy was coming, and he was trying to find a spiritual world - an entrance into the spirit world; trying to break in and he could not get in anywhere. God had it sealed up; shut out. And then he still knew, "There is a way I could get in still." Because back in that time, Christ had not died as yet, and Samuel was where you could get ahold of him. And he found a way to get ahold of Samuel, even though God had his channels locked up. Even though God had unplugged him, and cut off his line of communication, he found a way to get in still.

And I will show you on Sunday, there are many diverse forms of transmitting and receiving information. There are many different kinds of channels through which communication can be sent and received, and two people could have contact and that image could have influence. Then I will show you how you could have communication in the body, like we are having here with each other tonight, and then how, (like I explained to you with the video with image and so on) you could have communication by image too. And taking the world of dream and vision and see where we are called to walk; And why the ministry of Jesus... There was a man whose body was designed like Jesus' body; only this man came by sex. But because he was born for a special reason - he couldn't drink or smoke or defile that body in any way, and God protected it, that when the Holy Ghost came on it, all the same divine things that Jesus did, even to beyond when Jesus just multiplied creation, He was going to use that same lip that came by sex, but sanctified by a seraphim with a coal of fire from the

Altar, to speak into creation. And you will understand where the Blood of Jesus Christ has put the Church, and realize that we might be ‘nobodies’ in the eyes of the world, but we are borned to be part of the Bride.

We are attributes of God, and God has a way in this hour, to bring us up those Seven Steps: Dove leading Eagle; I will ride this trail once more; The Headstone coming down; The Sign of the end; The last mountain before we go into the other country. It is these things we are talking about, because that other country is a dimension. That is dimensional travel and the preparation here... We are preparing for boat travel and plane travel to Tobago – a land that none of us sitting here could see right now, but some of us have been to that land and came back, so we know what is there. Isn’t that right?

That is a little type, a little shadow. You see, everything is there. You use it everyday, but until you get inspiration for the Holy Spirit to unlock it, then you start to know it. When you start to know it, and it starts to be quickened inside of you, when you look through these eyes, you are not just watching and staring; you are discerning. Because you are focussed to pick up everything, every move. Everything has a meaning to you. Amen.

Quickly, I’m finished. I just want to finish reading this quote, because I think it is interesting.

Paul’s word indicate we are living now in two worlds at the same time. It’s the world of sense and the world of Spirit. The world of spirit surrounds, enspheres, interpenetrates the world of sense. Both worlds occupy the same space at the same time. The material realities which we see with our natural eyes exists in the midst of far better realities, which are unseen by the optic nerve.

“Open the boy’s eyes, Lord,” and the boy’s eyes were opened, and all those angels were around him. God didn’t bring it down, God changed the boy’s seeing. It was all there; far greater unseen realities than the two

of them standing there looking... One was looking terrified, and the other one was just calm as ever, because his level of awareness- he already knew that world existed, and he already knew he was commissioned, and he understood his place; he knew his calling; he knew he followed Elijah, he knew he was anointed, and he had the robe. And he knew he was associated with the unseen world. And he knew he was walking in the line of the Word. He knew that.

He knew he was not playing Church. Do you understand what I am saying? That's right.

The Scripture teaches us that the Superior eternal realities compass us now.

Science has now begun to figure that out. They have now begun to figure that out. And I will read some things for you, which I—and this is some of the unfinished things from when I was preaching on, *The Divine Architect And His Works*, and *God's Rainbow Project*, of the Philadelphia experiment, how they—teleportation, and these things; how Philip went through the wormholes.

Time travel; how Bro. Branham went back forty years in somebody's life; how he saw California going down. Forty years have passed, and it has not gone down as yet, but he saw it; how he saw the bomb hitting America - 1933. Think of it: sixty seven and seven – seventy four years, the bomb has not hit as yet. He saw that in 1933; "In the vision, as far as I looked back, it was debris."

He saw it happen already and it cannot change. "Thus Saith The Lord! It happened", he said. Do you understand what I am saying? It is the same way he saw Kennedy coming into power; the same way he saw Hitler dying a mysterious death; the same way he saw Mussolini come into great fall; the same way he saw the three "isms" riding and The Voice saying, "Watch the kings of the North"- the same way! All these things.

"And it came to pass, and a beautiful woman rose up in America." 1960, he said, "Look that Jezebel in the

White House, there. Look at how she wormed her way into the Cabinet. And then we lived to see Afghanistan, Baghdad, after the day the towers fell; and how they took all the people's rights and all those things, and how they deceived the world. We lived to see all these things, and the Holy Spirit kept us posted in the Word.

Look at how it is coming. Look at how it is building up, coming. And while that was happening, God in the Church, opening a Word: *Dove Leading Eagle; Is This The Sign Of The End, Sirs? The Book of Ruth; Threshing, Reaping and Garnering.*

Don't get trouble if He is threshing you out. You have to go there. It is a sign that you are heading to the granary. It is a sign that you are heading to the garner. That is the last stage before the garner. When you see that you know He is here leading us on.

The seen exists in the midst of the unseen. The temporal is in the midst of the eternal. Paul says he that is joined unto the Lord is one Spirit. [He that is joined unto the Lord is one Spirit.]

He said: *Job had access to God by revelation.* Not just Job, every son of God. But he taught it from the Bible, to show you. He said: *Job had faith in his inspiration. He is a channel of communication, and God's inspiration used to come to him, and that inspiration used to reveal things to him, out of nature, his environment; he looked and saw events, he saw things happening. He saw the Word of God coming to pass. Look:*

He that is joined to the Lord is one Spirit. While filled with The Holy Spirit, our spirit and God's Spirit are blended into one in the same way that the ocean and the bay are one, because the ocean flows into the bay, then it is that the glorious spiritual realities gain the ascendancy and become the most dominant. We see truth and spiritual realities through God's eyes. At such times future events seem to be present like a preview of a coming motion picture attraction.

Jesus said the Spirit shall show you things to come.

Man Sent From God. What a great time. What a great, great time. Great time to serve God, don't you think? Great day to live in. Amen. Great Light to walk in.

Let's just sing a little chorus –
Can't you see why I'm so happy?
I've accepted the Word of the Lord
The revealed Word that was spoken
By the Prophet of Malachi 4.

I am so glad I am in the Message. Brother what would I have been doing in a denomination? I might have experienced such misery, to be sitting down in some denomination like an eagle in a barnyard; caged up in a little chicken pen, and all those chicken only running, eating worms and cockroaches, and you were born to fly and live up in the Heavens, (like our sister gave the testimony the other night), amen. You are an eagle, you were born to live up in the Heavens, amen.

You could sit in denomination all your life, you would not hear things like that, but God had breathed upon this Bride; just like He brooded and breathed upon the garden, and out of that dark chaotic earth, vegetation began to come: flowers, trees, birds. Is that right? It began to be filled with animals. Fishes began to get in the rivers and the oceans. Oh my! It was such a glorious day, and He did not stop until there was a man in His own image and likeness.

He said, "Do you see that God is a man? He couldn't go further than a man. He had to stop when He reached man." He said, "And there has nothing ever evolved, and people who talk about evolution...He said, "If evolution, the way they talk about it is right, why doesn't something go beyond a man? He said, "Nothing can go beyond a man, because God is a man. [1960-1127M It Wasn't So From The Beginning, para 32 -Ed.] Amen! Hallelujah!

I am sure you haven't caught that fully. God is a man. Man is made in the image of God. When the Angel came, it was a man. God is a man, and a woman is part of a

man. The best thing God could do was take a part of the man and give it to you. Hallelujah! What a great thing.

Don't let anything rob you from that. You are part of the Bride. You are called in this Age, to walk in this great Paradise of God; that God took one like Joshua over into that land and brought back the evidence. He went beyond the curtain of time, and came back and told us about where we are going. Think about it.

Like that dove went out the ark and began to search and came back with evidence of a new world, to show them in the ark where God was taking them. The Spirit searching, in the time and the season to bring out the evidence of where God is carrying them. Did you catch that tonight? Do you hear what He is talking to you about tonight?

How many—when you are going, you are travelling... This does not happen in the Tobago channel. When you are in the airport... Tobago, you just go through the security right there and you push your bag and you go through, because Tobago is part of Trinidad - that is domestic. When you are going on international travel, it is a revolving door. Do you know that? Maybe you forgot, or some of you have not traveled in a long time.

You walk in there and that does so [-Ed.] And they say, "Don't try to hold the door." They say "Let it revolve for itself", so you have to time it. You just do so and that door is moving, (oh my), and then you are inside.

Friends, let me tell you something; where we are going is not domestic. Where we are going here, is not domestic. Everything here is different. Oh let us just worship Him. Can't you see...

[#574- Songs That Live -Ed.]

Can't you see why I'm so happy?

Oh my.

I've accepted...

I've accepted the Word of the Lord.

Thank You, Jesus.

The revealed Word...

...revealed Word that was spoken

Oh, by the Prophet...

By the Prophet of..

Oh how it trills our hearts. What stimulation, this great revelation given to us. Let us sing it again. Can't you see? "Hurt not the Oil and the Wine", He said. 2007, we want to walk a little higher. Come up higher, John. Come up higher, there is a door opened in Heaven. Ascend into a higher order.

I've accepted the Word of the Lord.

Oh yes, the revealed Word

...revealed Word that was spoken

Oh, by the Prophet,

By the Prophet of Malachi 4.

Come on sisters. Mary, in the Presence of the Angel; she said "Be it unto me according to thy Word." She said, "My soul doth magnify the Lord, and in God my Savior I rejoice." Oh, she was caught up under Angelic visitation. Bro. Bowen, [Bro. Vin calls for Bro. Darren Bowen, Deacon - Ed.] amen. Hallelujah! Her life was being unfolded, her purpose she was on the earth for: Christ to be formed in her.

Oh, let the sons of God sing it, amen; Sons called to walk with their Papa, (hallelujah!) to walk under this great Anointing in this Hour: Dove leading Eagle.

...I'm so happy?

Thank You, Jesus. Thank You, Lord.

I've accepted the Word...

Oh, these Seven Thunders, Seven Seals.

The revealed Word, divinely revealed mystery truths, contained in the Seven Seals.

...Word that was spoken

By the Prophet of..

Let God's Church sing that song. His sons and His daughters, this great army of God, getting ready for a campaign, amen.

Can't you see...

...you see why I'm so happy?

Oh, I've accepted the Word...

I believe it. I receive it. I'll mix it with faith, tonight. It has found a place to grow inside of me.

The revealed Word that was spoken

By the Prophet of...

It was none other than the Ministry of Jesus Christ reincarnated in the Church. Oh my. Let us just sing it again.

Can't you see...

Say, "Lord, fill me. Give me a surge of the current of the Holy Spirit. Turn on the Light in me, Lord." Oh my. There is a man here, the Chief Engineer, the One who designed the Church. He knows how to put it into Rapturing condition. He can turn on the Light in you, amen; make the Word live in you; make you a written epistle, read of all men. Hallelujah!

...Word that was spoken

By the Prophet...

...Prophet of...

Oh, one more time. Can't you see? Can't you see? Can't you see? Hallelujah! Oh, we thank You, Jesus. We praise Your mighty Name, oh God. Hallelujah! Let Your Holy Spirit pour out like rain into every heart. Fill every cup to overflowing, dear God. Quicken the minds; make these things living realities; sensitize us to the unseen; open our minds; unlock it, Father. Open our understanding.

...Word that was spoken

By the Prophet of Malachi 4.

Every head bowed, every eye closed. We call Bro. Andy Sharpe, just to come and say a Word of prayer, amen. God bless you. Hallelujah! Glory be to God. Thank You, Jesus. Praise His mighty Name. Thank you, Lord. Hallelujah! Thank You, Jesus.

[Bro. Andy Sharpe dismisses in prayer. -Ed.]
