OF THIS \$170.00 SCREEN FOR YOU—YOU PAY ONLY \$69.95!

## 9'x12' RADIANT MODEL EC BEADED WALL SCREEN

Regularly \$170.00. Blackhawk's low, low price - - \$69.95

These 9'x12' Radiant EC Beaded Wall Screens were purchased by one of America's biggest industrial corporations for use at its training centers across the country. A shift in motion picture production plans, however, necessitated the acquisition of Cinemascope-type screen—and these 9'x12' ECs were virtually not used at all. Some of them were not even removed from the original fibre shipping tubes. All, for all practical purposes, are new—and you save exactly \$100.05.

As you probably know, the Model EC is the simplest, most efficient large audience screen of its type and size. It can be conveniently hung from either wall or ceiling. The fabric is securely anchored to spring roller. It moves up or down smoothly and evenly.

## BLACKHAWK'S SLIDE BONANZA

A "grab bag" containing 25 different brand new, first quality SVE 2"x2" color slides, and priced at only **99c**

This "Blackhawk's Slide Bonanza" is an assortment of many different SVE 2"x2" color slides—all new—many Kodachrome duplicates—some Kodachrome originals—on a variety of subjects. These assortments are made up largely of individual slide subjects on which our inventory was too small to justify including in named sets. There may be, however, some slides included which are also part of named sets, although this hazard of duplication, we believe, is relatively slight. These "Bonanza" sets are keyed so that we can provide up to six different "Bonanza" sets that will not, within themselves, contain any duplicates. Our stock, of course, is quite limited. And remember, you're getting slides that had an original selling price of \$12.50 for 25, all for only 99c.

## Blackhawk Collectors Special in 8mm!

## The UNWELCOME GUEST

Brand new, first quality 8mm. prints of about 300-feet on two 200-foot reels

with **MARY PICKFORD**

Here's one of the choicest collectors items. Blackhawk has yet been able to offer—a 1913 production from Biograph with Mary Pickford, Jack Pickford, Claire MacDowell and familiar faces in the Biograph Stock Company. Mary is featured as an orphan girl placed with a family each member of which seems to have a heart of steel—except for poor grandpa who is the "unwelcome guest" who comes to live with his son on the passing of poor grandma. Mary and grandpa are drawn together because of the general attitude of his son's family. About this time it gets to be a real tear jerker, with grandpa and Mary subsisting on left-overs in the kitchen. But don't be concerned, for grandpa, it turns out, was a miser and has stashed away a hoard at the family homestead big enough to pay off the mortgage for grandpa—and everything ends happily for both grandpa and Mary.

"The Unwelcome Guest", about 300-feet, 8mm. on two 200-foot 8mm. reels, very specially Blackhawk priced at only **\$7.98**

This film features Doug at his typical smiling and athletic best, in the kind of role that brought him fame and fortune. It features also the beautiful Alma Rubens. It's the story of a Yankee engineer who goes to a revolt-ridden Caribbean country because of a smile from the daughter of the President. The revolt is no match for Doug's wits and vigor and he ends up with the country in the palm of his hand—and the hand of the President's daughter as well.

## BRAND NEW, ARMY SURPLUS RADIANT FOLD-PAK SCREENS Size 7' 6" by 9' 10"

This is a fine quality screen for use outdoors and indoors under a wide range of conditions. The screen itself is a heavy, white plasticized fabric with black border fitted with grommets for lacing to the portable tubular steel frame. It comes complete with tubular "Y" fittings and both long and short legs. The long legs are for outdoor use where there is no platform or stage—the short legs for platform or stage use. The screen may also be used indoors and suspended from a ceiling using the same tubular frame. This unit comes complete with all fittings and is conveniently housed in a foot-locker type of case making transport and storage clean and easy. The unit purchased new through normal channels would sell at between \$150.00 and \$200.00. Full, well-detailed assembly instructions are shown on the under side of the case top (see illustration).

**Radiant Fold-Pak 7-foot, 6-inch by 9-foot, 10-inch screens, very specially Blackhawk priced at only.....**

**\$33.33**

(These units are extremely well-packed in wooden boxes for warehousing and storage. Because of this, we recommend freight or truck as the most economical means of transportation as they are too large to be shipped by parcel post, and are not priced on a transportation paid basis.)
