## PLEASURE GIVING MOVIES FOR EVERYONE!

### HELPMATES (1931)

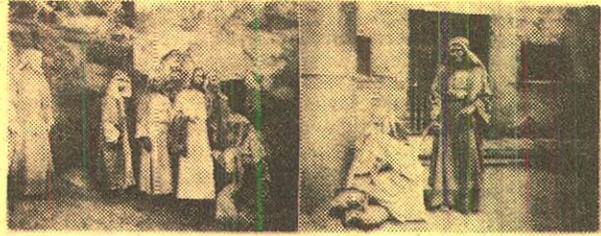

starring **STAN LAUREL and OLIVER HARDY**

Our film opens on the morning after at the Hardy mansion—with Ollie obviously battling a hang-over and the house somewhat worse for the wear and tear of a poker party the night before. Mrs. Hardy, you see, has been away visiting her mother. But as dawn breaks, Ollie realizes that his wife is due back home that day, and certainly something must be done to remove the evidence. So he calls his friend Stan to come over and help.

As anyone who has known Mr. Hardy would certainly know, this was the wrong thing to do. We'll not detail the devastation for you—but we'll promise you that Helpmates is top grade L&H.

This production is almost what might be called a solo-duo, for other than in its final moments, Stan and Ollie have it all to themselves. The only other member of the cast is "Mrs. Hardy"—played by Blanche Payson. A Hal Roach/Blackhawk Films Release.

640-46, 16mm. optical sound version, about 750-feet, 3-lbs. **\$39.98**  
830-33, 8mm. magnetic sound version, about 350-feet, 1-lb. **\$24.98**

### THE CALLING OF MATTHEW

A Cathedral Films Production / A Blackhawk Films Release

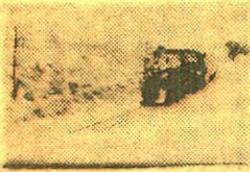

Set in Capernaum, our film is the story of Matthew, a tax collector, who is despised by his own people, not only because he is a servant of Rome but for the oppressive tax he ruthlessly levies. One day Jesus passes the Seat of Customs, calls Matthew to follow after Him. The tax collector's decision between love of money and Jesus' way of life throws light on two vital questions: "Can man serve two masters?" and "What shall it profit man if he gain the whole world and lose his own soul?"

810-481, standard 8mm. version, about 350-feet, 1-lb. **\$12.98**  
860-32, super 8 version, about 400-feet, 1-lb. **\$14.98**

### THE EGYPTIAN MUMMY (1914)

featuring **BILLY QUIRK and CONSTANCE TALMADGE**

The Egyptian Mummy, while basically a comedy, does have a relationship to science fiction. Connie's father is a professor who has developed a miraculous liquid that can bring the dead back to life—including mummies. Billy is despondent over making a success of himself and is about ready to commit suicide by asphyxiation—but the quarter meter cuts off just in time. He then reads an ad which the professor has placed in the newspaper offering \$5,000.00 for a mummy—takes advantage of the situation by enrolling the services of a bum in the park—invests the \$5,000.00 in a stock that skyrockets—cashes in for his profit—all while the professor is having his problems with the mummy in his laboratory. Of course, Billy ends up by winning Connie—but we're not just sure where it all leaves the professor!

810-418, standard 8mm. silent version, about 175-feet, 11-ozs. **\$5.98**  
620-185, 16mm. silent version, about 350-feet, 2-lbs. **\$22.98**

### BRONCS AND BRANDS

The great open spaces of the American West out in old Montana. It's springtime in the Rockies and the mares and colts are free to roam the range as we follow the trail to a genuine Montana roundup at a ranch near Browning. Here hard-riding wranglers round-up range horses the will be broken to the bridle, some to work on the ranch, others to go east for saddle horses. The Western cowboy has principally to do with cattle, and we get in on a cattle roundup, roping and branding the calves, and life generally on the range. Then, on his day off, what does the cowboy do but take in the nearest rodeo, this one at the town of Browning, where we see some of the horses, just off the range, doing their best to toss their riders. Really fast moving and action-filled throughout. A Blackhawk Films/NTA Release.

630-203, 16mm. optical sound version, about 350-feet, 2-lbs., only **\$22.98**

They become involved with boats and canoes in a city park in a series of side-splitting sequences. The original recording of "Men O' War" was done on disc by Victor Talking Machine Co. (before its acquisition by RCA), and the film was later rerecorded to optical sound on film for reissue after World War II.

# BLACKHAWK'S NEWSREEL

## THE GREAT TRAIN ROBBERY

We'll bet that not one of our readers would ever have guessed that there'd ever be any announcement about "The Great Train Robbery" which Edison made in 1903 that today would be considered news. But, believe it or not, we have it.

"The Great Train Robbery" is generally credited with being the first story motion picture—the first film that depicted a story through to a climax as opposed to the narrative bits that had appeared for viewing on Edison's Kinetoscope. It was a sensational success when placed on the market and shown in the store shows and nickelodeons. Many hundreds of prints were circulated. In modern times, just about the only evidence of "The Great Train Robbery" are prints that are at least one generation away from the original negative—sometimes many generations away. Much of the original character and sparkle—and sometimes some of the scenes—are lost as a result.

One thing we had forgotten was that at the time of the initial release "The Great Train Robbery"—in addition to being released in regular black and white—was also made available (in the cast of a limited number of prints) with the gunfire sequences and the square dance scene hand colored to heighten the dramatic effect. By this we mean that the coloring was controlled by stencils in the manner of the Pathecolor of the day, and applied only to restricted areas of each frame. And who would have thought that an authentic 1903 Edison print with these hand colored sequences intact, and itself in almost mint condition, could be found today? It was—by Blackhawk's good friend Don Malkames of Yonkers, N. Y. And because of this, Blackhawk will early this spring offer a new version of "The Great Train Robbery" in both 16mm. and 8mm., and in two versions, one black and white, the other a combination of black and white and color.

The result that is being achieved is one that will give every collector a real thrill—and we're sure many of you will look forward to having this new version in your collections.

### SUPER 8—STANDARD 8

At the time Super 8 was announced, we thought every 8mm. film user was informed that there was a difference and that the two formats were not compatible. We have, however, found out otherwise, for we're having quite a number of returns of Super 8 prints from individuals whose only equipment is standard 8mm. We wish again to attempt to clarify the difference.

Standard 8mm. is the format that has been with us since 8mm. first came into being some 35 years ago. Super 8 is the new format introduced in 1965. The two are not compatible—standard 8mm. prints will not run on a Super 8 projector—Super 8 prints will not run on a standard 8mm. projector.

In so far as Blackhawk's listing is concerned, all 8mm. prints that are not specifically qualified as being Super 8 are the standard 8mm. format which has been with us for these many years. All Super 8 prints are specifically listed as Super 8. If you have a standard 8mm. projector—do not order Super 8 prints—your machine will not project them. If you have a Super 8 projector, be sure to order only those versions specifically identified as Super 8.

### WHERE THE 8mm. ACTION IS!

Ever since the era of sound began in motion pictures, most 16mm. projectors have been built with controls to operate at either sound (24-frames per second) or silent 16-frames per second speed. But, alas, in 8mm., few projectors have been manufactured with any choice of speeds, or with rheostats to control the motor. Thus, films made in the era of sound and thus photographed at 24-frames per second when shown on 8mm. projectors (which have operated at approximately the conventional silent speed) have appeared to drag just slightly on the screen—just a suggestion of the slow motion effect.

Blackhawk has now surmounted this characteristic, and on all future 8mm. silent releases of things photographed at sound speed will issue them in simulated silent speed. For the first time they'll look completely natural on your screen—and you'll save some money, too!

As an example of the savings involved, our original silent version of "The Music Box" with Stan Laurel and Oliver Hardy carried our release number 810-148, totaled about 600-feet, and sold for \$15.98. Our new version, carrying our release number 810-530, totals about 400-feet, and sells for only \$12.98. Every bit of the action is there—it looks more natural on the screen—and it sells for \$3.00 less!

This is the sort of pioneering you can expect from Blackhawk to bring you a better product and—wherever possible—save you money, too!

## MIDSUMMER MUSH (1933)

with BETTY MACK  
This is one of the funniest comedies we've ever come across, and one of the top subjects ever made by Charley Chase! In this one Charley is a scoutmaster setting out with his troop of scouts from Broadway and 42nd Street for a period of summer camping.  
Even if you're a parent, you can't imagine the complications of leaving the city with a group of young scouts, the distraction of traffic, of bicycling, of pitching camp by the side of the lake; the dramatic impact of being propelled in the middle of the night from a hammock into the lake. And Betty Mack and a group of her girl friends are camping nearby. Recommended without reservation! A Hal Roach/Blackhawk Films Release.  
640-47, 16mm. optical sound version, 800-feet, 3-lbs. \$39.98  
830-34, 8mm. magnetic sound version, 400-feet, 2-lbs. \$24.98

## NATURE IN THE WRONG (1933)

with MURIEL EVANS  
Issued just as the Tarzan craze was sweeping the country in 1933, Charley is in love with Muriel and wants to marry her. Ronnie is also a real contender and has the inside track with Muriel's mother because of his "blue blood". Charley thus sets out to reconstruct his family tree—but Ronnie gets in the act and causes a document to reach Charley that states he is a direct descendant of Tarzan, the Ape Man. Muriel thinks this is great—and Charley sets out to practice up on his inherited powers—dressed in a leopard skin.  
640-54, 16mm. optical sound version, about 700-feet, 3-lbs. \$39.98

## NEIGHBORHOOD HOUSE (1936)

with ROSINA LAWRENCE, DARLA HOOD and RALPH MEEKER  
It seems that the Chases attend the theatre every week for "Bank Night"—and of course Charley rushes home from the office and the family rushes through dinner so they can be sure to get in without standing in line. The big event is not the film—it's the drawing at the end of the first evening show—and in this one coincidence is strained to the breaking point with the Chase's little girl going on stage to pick the lucky number—then calling out Charley's number!  
640-51, 16mm. optical sound version, 750-feet, 3-lbs. \$39.98  
830-59, 8mm. magnetic sound version, 375-feet, 2-lbs. \$24.98

## THE NICKEL NURSER (1932)

with BILLY GILBERT and THELMA TODD  
This is one of the funniest of the Charley Chase comedies, with Charley cast as the efficiency expert brought into the home of a wealthy tycoon to attempt to teach his three daughters the value of money and the virtue of economy. One of the daughters is Thelma Todd, but by a combination of circumstances, she appears on the scene as Greta, the maid, while the real Greta, a sexy-acting blonde with a Garbo-like voice, who is actually the wife of Billy Gilbert, the butler, doubles as the third sister.  
Much of the action takes place on the second floor of the Todd mansion, with Charley modeling "Greta's" negligee, being locked out of his room in his nightshirt and being taken after by Billy Gilbert and his shotgun.  
640-32, 16mm. optical sound version, about 750-feet, 3-lbs. \$39.98  
830-60, 8mm. magnetic sound version, about 375-feet, 1-lb. \$24.98

## NOW WE'LL TELL ONE (1933)

with MURIEL EVANS  
Here is one of the very funny Charley Chase comedies of 1933 in which Charley, as the bashful young man, is transformed into an aggressive go-getter because of an electric belt developed by a wacky inventor. Crammed with action and laughs, this fast moving two-reeler will have you with it all the way as Charley, acting as the absolutely confident suitor, chases Muriel only to be caught without the magic belt in its climactic moments. Guaranteed to please! A Blackhawk Films/Hal Roach Release.  
640-48, 16mm. optical sound version, 800-feet, 3-lbs. \$39.98  
830-35, 8mm. magnetic sound version, 400-feet on 2-reels, 14-ozs. \$24.98

Following the withdrawal of this work by John McCabe by Doubleday & Company as their stock of the third or fourth printing was exhausted several years ago, we received more demand for copies than for almost any item we have ever offered. We tried to prevail on Doubleday to place it back in print, and scores of our customers wrote them. Well, Doubleday hasn't reprinted the volume—it's being reissued by Grosset & Dunlap—and at some saving under the price of the original edition. And, at long last, for those of you who have been yearning—here's your chance. Introduction by Dick Van Dyke. Illustrated with photographs.

**ME AND MY PAL**

starring **STAN LAUREL**  
 and **OLIVER HARDY**  
 with **JAMES FINLAYSON**

Ollie started out as elevator boy with the great petroleum corporation headed by James Finlayson, has risen to general manager and is about to be married to the boss' daughter. Ollie's friend, Stan, is scheduled to be best man, and on the morning of the wedding drops by Ollie's home with a wedding present—a jig saw puzzle. This is a super deluxe and ultra complicated puzzle, and its magnetic effect on Stan, and then Ollie, is readily apparent.

It's spell is soon cast on the taxi driver who comes to take the boys to Ollie's wedding (at high noon) and on the policeman who has just ticketed the taxi for parking next to a fire plug. At twelve thirty Finlayson calls and Stan reports that Ollie is there and says that they left "ten minutes ago". In no time at all, Jimmy is on the scene to pick up his tardy son-in-law-to-be as our film nears its climax—without a wedding taking place. Off-beat—and thoroughly enjoyable. A Hal Roach/Blackhawk Films Release.

- 640-67, 16mm. optical sound version, about 700-feet, 3-lbs. **\$39.98**
- 830-104, 8mm. magnetic sound version, about 350-feet, 1-lb. **\$24.98**

**ANY OLD PORT (1932)**

Home from a whaling voyage . . . Mr. Hardy as head harpooner . . . Mr. Laurel as bait . . . they head for Ye Mariner's Rest, a hotel where in the remaining part of the picture begins a series that includes rescuing a maiden in distress, a number of "great" comedy routines, a prize fight . . . and much more. Truly great!

- 640-57, 16mm. optical sound version, about 800-feet, 3-lbs. **\$39.98**
- 830-72, 8mm. magnetic sound version, about 400-feet, 1-lb. **\$24.98**

- 830-109, 8mm. magnetic sound version, about 700-feet, on 2-reels, 2-lbs. **\$49.98**

**BELOW ZERO (1930)**

A rather unusual, and quite good, Laurel & Hardy comedy from the early days of the talkies. The boys are musicians with Stan playing a portable organ and Ollie a big bass viol—and passing a hat to get what meager income that comes their way.

- 640-59, 16mm. optical sound version, about 750-feet, 3-lbs. **\$39.98**
- 830-74, 8mm. magnetic sound version, about 375-feet, 1-lb. **\$24.98**

**THE BOHEMIAN GIRL (1936)**

starring Stan Laurel and Oliver Hardy with Mae Busch, Antonio Moreno and Thelma Todd

To prove her love for Tony, Mae kidnaps a little princess. Then, leaving the child with Stan and Ollie, she flees with her paramour.

The princess grows to young womanhood and is eventually restored to her rightful place, but not until after a series of hilarious misadventures have befallen her and her bumbling guardians.

Sprightly music, colorful costumes and the inimitable buffoonery of Laurel and Hardy are the ingredients of this delightful film melange. The delightful ballads and gay music of Balfe's operetta are beautifully presented. A Blackhawk Films/Hal Roach Release.

- 640-77, 16mm. optical sound version, about 2500-feet, 8-lbs. **\$119.98**

**BRATS (1930)**

Unique among Laurel and Hardy comedies. Stan and Ollie are baby sitters for Stan, Jr., and Ollie, Jr., and play the parts of both fathers and sons. Being acquainted with the messes which Stan and Ollie can become involved with as adults, we can tell you that their sons are chips off the old blocks—and that the junior members of the families almost break up the long friendship that has existed between their fathers.

**THE LAUREL-HARDY MURDER CASE (1930)**

**MIDNIGHT PATROL (1933)**

starring Stan Laurel and Oliver Hardy  
 In this one, Stan and Ollie—for a change—are on the side of the law! They're policemen on night squad car duty. Now from that point on, almost anything you might imagine about their duties as patrolmen wouldn't be too far afield. One of the first episodes finds Stan as the unwitting accomplice of a burglar. Before the boys realize that he's more foe than friend, he's almost made off with the squad car. Another episode finds them called to investigate an attempted breaking and entering at one of the imposing homes in the nicer section of the city. As policemen, our boys can wreck a place just as easily as they can in civilian clothes, and Midnight Patrol carries forward to a highly satisfactory slapstick climax. A Blackhawk Films/Hal Roach Release.

starring  
**STAN LAUREL**  
and  
**OLIVER HARDY**

One of Stan and Ollie's most original comedies with the two boys playing dual roles, themselves and each other's wives. And they're very nearly the whole show—only twice as much, for the girls get into just as many messes as the boys have traditionally managed to do on their own.

*Twice Two* gets under way with Stan calling to Ollie's attention the fact that it is their wedding anniversaries, and that only the year before Stan had married Ollie's sister, and Ollie had married Stan's sister. So, they set out to plan an evening for their wives—only to get the news that Mrs. Laurel has planned a quiet little dinner at home for the four of them. But, take it from us, there's nothing quiet about this dinner! A Blackhawk Films/Hal Roach Release.

**CHICKENS COME HOME (1931)**

starring **STAN LAUREL and OLIVER HARDY with MAE BUSCH, THELMA TODD and JAMES FINLAYSON**

Every man has a "past"—with some little "indiscretion" he would like to bury. Mr. Laurel and Mr. Hardy have thirty or forty they would like to cremate.

Our boys are cast as successful business men—dealers in high grade fertilizer. A civic committee has selected Ollie to run for mayor. Mae sees the news report in the newspaper and calls on Ollie with a picture showing the two of them playing on the beach—years before Ollie had married Thelma. Mae wants a substantial settlement from Ollie to keep her quiet.

Stan and Ollie are kept busy throughout the film keeping Mae out of circulation and away from Ollie's wife and his influential friends in what is one of their best paced and funniest short subjects. We highly recommend it!

A fairly early film from the era of the talkies, the sound track has been completely re-recorded to give the best possible results today. A Blackhawk Films/Hal Roach Release.

640-69, 16mm. optical sound version, about 1100-feet, 4-lbs. **\$44.98**

"The Count" is characterized by fast action, typical slapstick and some fine examples of Chaplin pantomime. Charlie catches his former boss in the act of impersonating a real count and all kinds of comedy situations evolve. Charlie's dance, at a ball, with Miss Moneybags is one of the film's highlights, and the first use of a moving camera to follow the dancers around the floor.

### TRIPLE TROUBLE (1918, Essanay)

(Edna Purviance, Wesley Ruggles and Leo White are also in the cast.)

During 1915, his year with Essanay, Chaplin completed fourteen subjects. "Triple Trouble" is a fifteenth, edited from sequences from two of these productions: "Police" (prior to the release of that subject) and "Work"—and also from a never-finished feature, "Life" In 1918, this assembly was made possible by the shooting of new scenes (in which Chaplin, obviously, did not appear), by using double to bridge the gaps that otherwise would have been left in the action, some skillful cutting, and subtitles slanted at that wartime year. For such a hodgepodge, "Triple Trouble" came off surprisingly well.

810-381, 8mm. silent version, about 300-feet on 2 reels, 14-ozs. \$ 9.98

620-114, 16mm. silent version, about 600-feet on 2 reels, 3-lbs. \$34.98

## THE FILMS OF CHARLIE CHAPLIN

Charlie was popular with young and old alike. Marching soldiers sang to the tune of "Red Wing", the song "Oh, the Moon Shines Bright On Charlie Chaplin". Children soon made the song their own, and then created others. In England, the children recognized his roguery when they sang . . .

"Charlie Chaplin meek and mild  
Took a sausage from a child  
When the child began to cry  
Charlie slapped him in the eye."

Since his debut in 1914, Charlie has made eighty films, all of which are discussed and illustrated. Some with pictures never before been published. A must for Charlie Chaplin fans.

with Sam Bernard, Mae Busch and Ford Sterling  
A zany Mack Sennett-Keystone comedy with Sam Bernard as the chef and Mae Busch as the cashier. Their romance causes complications, as does a mix-up in the pastry with poison substituted for compulsion in a pie baked for the boss. The film includes an action-filled sequence with The Keystone Cops.  
810-186, 8mm. silent version, about 300-feet on 2 reels, 14-ozs. \$9.98

**BOOBS IN THE WOOD (1924)**  
with Harry Langdon  
Timid Harry is a lumberjack, pursued by the daughter of the lumber camp superintendent. A jealous foreman ties Harry to a log on the runway down the mountain and the situation develops into a riot of violence. One of Langdon's best.

**THE DAREDEVIL (1923)**  
starring Ben Turpin with Madeline Hurlock  
In this Mack Sennett comedy of 1923, an abridgement of the original two-reeler, Ben is the hero, Madeline the vamp and Harry Gribbon the director. The whole story line deals with a movie studio devoted to the production of comedies and Ben goes from a William Tell sort of role where his coonskin cap is hurled, into a huge studio water tank where he is anchored, with the water rising. At this point, sounds of an authentic fire alarm reach the company, and director, cameraman, crew and cast chase the horse-drawn fire equipment—leaving Ben to his fate. Naturally, Ben escapes, and arrives at the scene of the real fire in time to stage a spectacular and heroic finish!

**DOLLARS AND SENSE (1917)**  
with Ora Carew, Mal St. Clair and The Keystone Cops  
An unusual Triangle-Keystone Comedy with Ora Carew in a dual role, technically rather well carried off. Mal St. Clair, who became one of the top directors of the 1920's, is cast as an English heir; "Baldy" Belmont as Ora's rural lover; Nick Cogley as the father; Blanche Payson as his wife and Joseph Callahan as a scheming lawyer.  
810-339, 8mm. silent version, about 375-feet on 2 reels, 14-ozs. \$9.98  
620-140, 16mm. silent version, about 750-feet on 2 reels, 3-lbs. \$34.98

**THE FEATHERED NEST (1916)**  
with Louise Fazenda and Charley Murray  
Louise is the rustic belle, Charley is the village dandy who rooms with her father, Newman Haye. Louise also has a faithful young farmer as a suitor. In addition to being the village dandy, Charley is also the telegraph operator, so when a telegram comes indicating that Louise is to inherit the vast wealth of an uncle, he starts in pursuit, too. An elopement almost takes place, headed off by her father and the hired man.  
The next sequence is headed: "Newman Haye in Clover"—and Louise and her father are seen in their new mansion, paid for by her inherited funds. The two boys are still chasing, and the final sequence is a whirlwind finish at the beach, with the dramatic rescue of Louise's young ward (whom she got along with the doughy and Charley ignominiously tossed to the waves. Fast action throughout!

Mack Swain in and out of the village bank with the bank clerk (Chester Conklin) having an affair with the bank president's wife (Alice Davenport) and the bank president (Mack Swain) doing a bit of carrying on with the bank clerk's wife (Minta Durfee). All of this goes on behind the eyes of the bank janitor (Slim Summerville) who, in the end, is bribed by the bank president to keep what he knows to himself. But Slim does have good motives, too, which lead to a series of events necessitating the dynamiting of the bank vault, which assures this comedy ending with an appropriate Keystone finish!

with Harry Langdon  
A one reel abridgement of one of the earliest Harry Langdon comedies produced by Mack Sennett. On the strength of these papers, command of the submarine is turned over to him and pandemonium breaks loose as Syd takes over.  
810-403, 8mm. silent version, about 500-feet on 3 reels, 2-lbs. \$14.98  
620-96, 16mm. silent version, about 1000-feet on 3 reels, 4-lbs. \$59.98

"Run, Girl, Run" is typical of Sennett in the late 1920's—a little more polish in production—a little more show of sophistication—and yet, somehow, a throwback to his pulchritudinous bathing beauty comedies of ten years earlier.  
"Run, Girl, Run" is set at Sunnydale School, where girls learned the Three K's—Romcos, Roadsters and Roller-Skates. Sunnydale's track team hadn't won a race since the Dead Sea took sick—but Sunnydale's star athlete, Norma Nurmi (Carol Lombard)—once ran a mile in a minute nothing—and was nearly expelled for it. Norma's sweetheart is a student at a nearby military school—specializing in artillery. And the track coach is Minnie Marmion (Daphne Pollard).

**THOSE COLLEGE GIRLS (1915)**  
with Polly Moran, Slim Summerville and Charlie Murray  
This Keystone comedy is an example of the changes coming about in Sennett's productions in 1915—better casts and better stories—and more time and attention to details. This one initiates the idea of "cheesecake" as a box office attraction with a pajama parade in the girls' dormitory.  
810-266, 8mm. silent version, about 400-feet on 2 reels, 14-ozs. \$9.98  
620-66, 16mm. silent version, about 800-feet on 2 reels, 3-lbs. \$34.98

# MACK SENNETT TALKING COMEDIES

Blackhawk Films/NTA Releases available for nontheatrical use only, in the Western Hemisphere (North & South America and Oceania.)

## DOUBLING IN THE QUICKIES (1932)

with LLOYD HAMILTON, MARJORIE BEEBE, AGGIE HERRING and BUD JAMISON

Lloyd Hamilton, who came to stardom in the famous Ham and I-d series for Kalem away back before World War I, and was then starred in a long series of two reels distributed by Educational in the 1920's, has an opportunity to portray the bashful, country-boy character with which he had brought laughs to millions for over a decade.

640-35, 16mm. sound version, about 700-feet, 3-lbs. \$34.98

## EASY ON THE EYES (1933)

with EDDIE NUGENT, NORA LANE, FRANKLYN PANGBORN and DOROTHY GRANGER

Here's a Sennett comedy of the early era of the talkies that is a bit of a throw-back to the days of the Sennett-bathing beauties. Nora plays the daughter of a wealthy family—Franklyn Pangborn is cast as a wealthy "sissy" who hopes to marry Nora (who can't stand him)

Eddie is an aviator who spots the swimming pool—well equipped with bathing beauties—particularly Nora—one day when flying over. So he parachutes down, and the pursuit begins which goes from sun deck to bedroom to the "kissing concession" at a charity bazaar and finally for a win over Franklyn in the ring—and winning the girl as well!

640-36, 16mm. sound version, about 750-feet, 3-lbs. \$34.98

830-24, 8mm. magnetic sound version, about 375-feet, 1-lb. \$24.98

## FALSE IMPRESSIONS (1932)

with LLOYD HAMILTON, MARJORIE BEEBE, EDMUND BURNS and DOROTHY GRANGER

One of the best of the Mack Sennett comedies of the period. Marjorie is cast as the vocalist—Dorothy as the pianist—in the sheet music department of the department store where Lloyd is manager of the toy department. Lloyd is in love with Marjorie and spends more time pursuing her than in managing "toys".

she bumps into "Windy Windermere"—socialite and man-about-town who introduces himself and invites her out to lunch—and to a party at his estate that evening. Marge and Dorothy show up at the party but Lloyd has connected up with the caterer to protect the girls. This is quite an affair, with many members of the Sennett stock company of the 1920's being in evidence.

Things end with a slapstick climax such as you'd expect from Sennett!

640-33, 16mm. optical sound version, about 800-feet, 3-lbs. \$34.98

830-52, 8mm. magnetic sound version, about 400-feet, 1-lb. \$24.98

## HAWKINS & WATKINS, INC. (1932)

with DAPHNE POLLARD, FORRESTER HARVEY, MATT McHUGH, WALTER LONG and SIR CHARLES, THE GORILLA

Daphne as Beatrice DeVere is the new owner of the famous Tope Diamond and a lover of spirits, both of the liquid and seance type. Forrester and Matt operate a detective agency employed to do a little protective work. Walter Long is Daphne's new butler who also doubles as a medium. Then we have Sir Charles, the Gorilla, just what we need to give added atmosphere to mysterious goings-on. This one is not only mystery filled—it's action tilted—with Sir Charles hi-jacking the plane in which most of the other principals are traveling, and delivering some real flying thrills as the climax!

640-90, 16mm. optical sound version, about 600-feet, 3-lbs. \$34.98

830-61, 8mm. magnetic sound version, about 300-feet, 1-lb. \$24.98

## MEET THE SENATOR (1932)

with HEINE CONKLIN, BLANCHE PAYSON, NATALIE KINGSTON, WADE BOTELER and HARRY MYERS

One of the better Mack Sennett comedies of the period—both in comedy content and in the players it features—several of them prominent in the Sennett stock company of a decade earlier. Blanche Payson is the mother—Natalie Kingston the daughter—Heine Conklin a prominent local bootlegger whom Natalie's husband has brought home and introduced as Senator Ox—just because Senator Ox was unavailable. There are some low comedy shenanigans in the receiving line which lead to a typical slapstick sequence.

640-101, 16mm. optical sound version, about 700-feet, 3-lbs. \$34.98

## SEE YOU TONIGHT (1933)

with TOM MOORE, NORA LANE, EDDIE NUGENT, MARJORIE BEEBE and GRADY SUTTON

Nora is a much-engaged playgirl making a play for Eddie at the beach. Not having much luck, she pretends to be drowning near the pier where Eddie is fishing. Eddie throws her a line and reels in her swimming suit—tossing her a barrel for cover. Nora then pursues Eddie to the resort hotel where he is staying—at which point this comedy shifts from the "bathing beauty" type to a bedroom farce. Tom Moore is Eddie's butler, and Eddie has him switch places in order to mislead Nora. This leads into all kinds of complications—bedroom to bedroom—and the over-all effect of this Mack Sennett release of 1933 probably was a factor in the more stringent self-censorship of the movie industry which began the following year.

640-89, 16mm. optical sound version, about 800-feet, 3-lbs. \$34.98

830-62, 8mm. magnetic sound version, about 400-feet, 1-lb. \$24.98

## BURNS & ALLEN COMEDIES

### 100% SERVICE (1931)

starring GEORGE BURNS and GRACIE ALLEN

disappointed! An NTA/Blackhawk Films Release.

830-51, 8mm. magnetic sound version, about 200-feet, 1-lb. \$12.98

### LET'S DANCE (1933)

Here is one of the George Burns and Gracie Allen comedies of the early 1930's which we feel to be very nearly the top of the group. George is a gob on shore leave, Gracie is a taxi dancer at the ballroom. Barton MacLane, in one of his early movie appearances, plays a member of the shore patrol.

George Burns did the script on this one, and the dialogue is some of the best of the period—particularly that for Gracie. Music and action, too!

630-124, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

830-112, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

### OH, MY OPERATION (1932)

Here we find George in the hospital with nothing wrong with him and Gracie as the nurse. (We can't say there's nothing wrong with Gracie.) This comedy has all the situations such as you would expect from its subject, and holds up quite well today!

630-63, 16mm. optical sound version, about 350-feet, 2-lbs. \$24.98

### ONCE OVER, LIGHT (1931)

One of the early Burns and Allen comedy sketches more influenced by vaudeville than by the movies. Those of you who followed George and Gracie on television in recent years—and collectors generally—will thoroughly enjoy George's visit to the barber shop and particularly his matching wits with manicurist Gracie.

630-39, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

830-47, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

630-91, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

### WALKING THE BABY (1933)

In this comedy, written by George, we have the interesting "togetherness" of George as the street sweeper in the park—being brought to work in a limousine—and Gracie as a nursemaid who, naturally, is walking her young charge in the park.

830-94, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

630-70, 16mm. optical sound version, about 350-feet, 2-lbs. \$24.98

830-12, 8mm. magnetic sound version, about 200-feet, 1-lb. \$12.98

### THE FORGOTTEN MAN (1941)

Benchley at his best in a little narrative about the family with two daughters—one of marriageable age—the other in high school. The former has lots of eligible males on her trail—and when the daughter does say "yes", dad is the last to know.

630-52, 16mm. optical sound version, about 400-feet, 2-lbs. \$22.98

830-54, 8mm. magnetic sound version, about 200-feet, 1-lb. \$12.98

### HOW TO TAKE A VACATION (1941)

Bob as Joe Doakes breaks the news to his wife one evening that he'd like to take a vacation in the north woods with a couple of the business men who are his luncheon pals—only he really doesn't say so—it's her intuition that tells her.

So we then see Joe and the boys heading for the little cabin on the lake. When they arrive, it starts to rain. They're as hungry as a moose and are all talking about the man-kind-of-food they'll be getting in the north country—and what does their Indian guide feed them? Beans!

830-118, 8mm. magnetic sound version, about 200-feet, 1-lb. \$12.98

### KEEPING IN SHAPE (1942)

Here we have Benchley as our lecturer on physical fitness and Benchley and Joe Doakes, the victim of this physical fitness campaign which is divided into three parts: Gym work, diet and the care of the teeth. And who could better demonstrate its value than Joe Doakes. Great! A Blackhawk Films/NTA Release.

630-56, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

830-14, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

### THE MAN'S ANGLE (1942)

A companion film to the Benchley subject, "The Trouble With Husbands" announced in the last issue of the Blackhawk Bulletin. This one pictures a husband's gripes about "some women"—not women generally, you understand. For instance, the wife, who, on the day the husband decides to do a little work at home, spends the whole morning on the phone so he can't possibly make any business calls—or the wife who, when they're entertaining at home suggests that the husband tell their guests a funny story he has recently told her—and then proceeds to frequently interrupt his narrative so that she, in effect, ends up telling it herself. A really good one!

630-57, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

836-117, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

### NOTHING BUT NERVES (1941)

Bob is a lecturer whose subject is "nerves", explaining to his audience how little things can have big effects on an individual. Our lecturer points this all out, but at the same time a bulb in the lecturer's desk lamp is "bugging" him, and our little story ends up with our lecturer also being "nothing but nerves".

630-54, 16mm. optical sound version, about 400-feet, 2-lbs. \$22.98

830-53, 8mm. magnetic sound version, about 200-feet, 1-lb. \$12.98

### THE TROUBLE WITH HUSBANDS (1940)

This is almost certainly to be one of the most popular of the Robert Benchley comedies—with wives. It pictures the shortcoming of the average husband as portrayed by Joe Doakes—the husband who doesn't get ready for dinner until dinner is ready—and the home handyman whose damage to the house and himself hardly makes putting up a shelf in the kitchen worthwhile.

630-49, 16mm. optical sound version, about 400-feet, 2-lbs. \$22.98

830-116, 8mm. magnetic sound version, about 200-feet, 1-lb. \$12.98

### WAITING FOR BABY (1941)

Here Bob, as Joe Doakes, expectant father, is putting in time "Waiting For Baby". Our film takes Bob through this day in his office, at a bar, in the hospital waiting room—all in most hilarious fashion. Great comedy—and highly recommended!

630-50, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

830-62, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

### THE WITNESS (1942)

On an evening at home both Bob (as Joe Doakes) and his wife are reading—Bob giving his attention to the evening paper. He is obviously reading a news report of some trial, and his words and postures as he warms to the subject gain his wife's attention. Bob explains that he'd be no tongue-tied, colorless witness if he ever had to testify and our film dissolves into Bob's dream of glory in the courtroom.

630-55, 16mm. optical sound version, about 350-feet, 2-lbs. \$22.98

830-22, 8mm. magnetic sound version, about 175-feet, 1-lb. \$12.98

with MACK SWAIN

### GENTS OF LEISURE (1931)

with VERNON DENT

Chester and Vernon are a couple of bums who find they have made their bed right on a busy railroad track. 640-39, 16mm. optical sound version, about 750-feet, 3-lbs. \$34.98

### STUDIO SAP (1931)

Chester attempts to gain access to a studio in Hollywood on a note written to the head property man suggesting that Chester be given some employment because he may have been a witness to a budding affair between the property man and a gal named Mame—and he also knows the property man's wife. Chester gets involved in just about everything going on in the studio—including the chorus line and a love scene in a film being directed by Leo White, who appeared in most of the Mutual-Chaplin comedies.

And, it is of further importance in that the principal of the biography himself appears in the film.

## COLLECTOR'S ITEMS

### BATHING GIRLS, THEN AND NOW

A fascinating subject showing the evolution of today's swim suit from the bathing costume of the 1890's. You'll get more than one chuckle out of the old-timers, and, as for the new ones—well, as one man put it, "A man can never compete with bathing girls for attention on the beaches."  
810-2, 8mm. version, 150-feet, 11-ozs. .... \$5.49

### CHARLES EVANS HUGHES AND THE CAMPAIGN OF 1916

Adapted from a Republican campaign film of 1916 called "A Reunited Party", this subject is of considerable historical interest because it is the first known use of the medium of the motion picture in an American political campaign. The basic appeal of the film today is not partisan—it would have been equally as interesting if it had been a Democratic campaign production. Rather, its appeal is its primitive try at using the motion picture to influence public opinion, and the famous political figures such as Teddy Roosevelt and William Howard Taft, whom it pictures.

### CONEY ISLAND—WHEN THE CENTURY WAS YOUNG

Here is coverage of the Coney Island that existed in the 1890's and early 1900's, when "Diamond Jim" Brady and Lillian Russell frequently dined at Feltman's Ocean Pavilion, and when the great amusement parks lighted the night with millions of electric lights.

### THIS WAS NEW YORK—1900

Taken from paper prints in the archives of the Library of Congress, this film embodies the essence of some turn-of-the-century life in New York City, with a wide range of subject matter providing a nostalgic recreation of an earlier era in the life of the great metropolis. A fascinating study of the people and places of the time.

### FOLLIES, FOIBLES AND FASHIONS, 1903-1905

This group was copied from 35mm. paper positives in the Library of Congress and presents very representative examples of a subject area in which Biograph excelled at the particular time. Extremely daring in their day, these units, produced primarily for viewing on the coin-operated Matoscopes in the Main Street arcades across the country, are amusing and entertaining examples of the "Follies, Foibles and Fashions" of a long-ago era.

### THE RUINS OF SAN FRANCISCO, 1906

Here is an authentic historical film showing the destruction to the city resulting from the earthquake and fire of 1906. Copied by us from footage in the George Kleien Collection at the Library of Congress, the segments of this film are presented exactly as released, even to the original titles.  
810-177, 8mm. version, 100-feet, 11-ozs. .... \$4.49

### ON A GOOD OLD FIVE CENT TROLLEY RIDE

An entertaining Edison offering of 1905, this was produced as a comedy for one of the early "split reel" programs for the store shows and has a particular appeal for trolley fans. Coupled with this is a Biograph film of 1905, "A Trip To Salt Lake City", and a comedy of this early period built around the theme of polygamy, with the setting an open section sleeping car of the day.  
810-198, 8mm. version, 150-feet, 11-ozs. .... \$4.98

### THE SPANISH-AMERICAN WAR

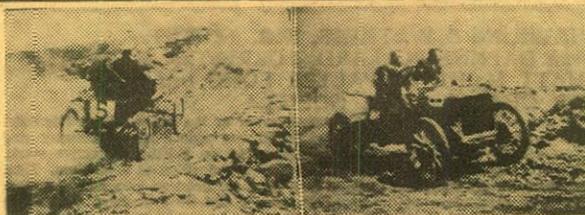

Here, copied from the 35mm. paper positives in the Library of Congress, is a compilation of authentic motion picture sequences that made up the primitive coverage of the Spanish-American War by the pioneer Edison and Biograph Companies. We feel that this film on "The Spanish-American War" has meaning for what it is historically, and value for today as well.  
810-367, 8mm. version, 300-feet on 2-reels, 14-ozs. .... \$11.98

### TITANIC!

The Titanic was a ship which sank April 15, 1912, on her maiden voyage from Southampton, after striking an iceberg northeast of New York City. 1,517 lost their lives and 706 persons were rescued. Its sinking was the greatest peacetime maritime disaster.

There were no formal newsreel organizations in 1912, but many production companies did offer special events on an individual basis. Whether all scenes of the Titanic in this film are authentic, or are of a sister ship, has not been fully determined.

This production is substantially as it was when shown in the theatres of the world immediately after the disaster, the result of some pioneer producer taking advantage of the situation to cash in on the tremendous public interest in the Titanic tragedy.

# RECORD DEPARTMENT

### 12-INCH LP RECORD!

"Silent films were never shown in silence." To the pianists and organists of the early movie houses, the studio composers provided various handbooks which enabled them, as it were, to compose their own scores for almost any film—themes marked "misterioso", "storm", "passion", "most impassioned ecstasy", "lurking villain", and "flirtatious vamp" did duty for appropriate passages in hundreds of movies. In this twelve-inch long-playing record, you will find such motifs as "The Covered Wagon", "threatening", "A Fool There Was", Theda Bara theme; "Underworld", "fright", "Liebe der Jeanne Ney", sentimental theme; "The Navigator", comedy; "Russian Revolution", conflict; "The Kid", comedy chase; "The Mark of Zorro", adventure theme; "Entr'acte", modern theme; "L'Assassinat du duc de Guise", pomp, circumstance, and intrigue; "Little Lord Fauntleroy", anger motif; and excitement from "The Birth of a Nation". These are the characteristic melodies which accompanied Fairbanks' acrobatics, Pickford's sweetness and light, Theda Bara's heavy vamping, and Emil Jannings' pathos. A thrilling collection in itself and a special enjoyment when accompanying the now "collector" films!

### 12-INCH LP-RECORD!

The Nickelodeon was the forerunner of today's juke boxes. There were many types but there was one thought in all the manufacturers' minds—to simulate, as closely as possible, the sound of live musicians. Recordings on this disc were made through use of the Link Nickelodeon and one of the early Wurliizer Instruments. All of them had voice pipes, xylophones or marimba attachments. Many of them had voice pipes. While a music critic would certainly never embrace the sound of a nickelodeon, the sound entertained the public. We trust your foot will start tapping as you listen to the sounds of bygone years. This recording was produced at the Musical Museum in Deansboro, New York.

## 8mm. & 16mm.

### D. W. GRIFFITH'S AMERICA (1924)

featuring NEIL HAMILTON, CAROL DEMPSTER  
and LIONEL BARRYMORE

This story of the Revolutionary War was adopted from one written by Robert W. Chambers. It was produced by D. W. Griffith at the Griffith Studio at Mamaroneck, N. Y., with outside sequences filmed on the Shirley and Westover plantations along the James River in Virginia, and in Williamsburg—a decade before Williamsburg's restoration. It is presented in 8mm. form substantially as it was at the time of its initial release.

810-405, 8mm. version, 2400-feet on 12 reels, 5-lbs. \$69.98

### AMERICAN ARISTOCRACY (1917)

starring DOUGLAS FAIRBANKS with JEWEL CARMEN

"American Aristocracy" was Doug's tenth film in the series he made for Triangle in the period from late 1915 to early 1917, and is one that offers considerable to today's viewers from the standpoint of the manners and points-of-view of a half century ago, not to mention the sport roadsters, seaplanes and motor cruisers of the day.

810-362, 8mm. version, 900-feet on 5 reels, 3-lbs. \$29.98  
620-155, 16mm. version, 1800-feet on 5 reels, 6-lbs. \$99.98

### THE AMERICANO (1916)

with DOUGLAS FAIRBANKS and ALMA RUBENS

This film features Douglas Fairbanks at his smiling best. It's the story of a Yankee engineer who goes to a revolt-ridden Caribbean country because of a smile from the President's daughter. The revolt is no match for Doug's wits and vigor and he ends up with the country in the palm of his hand—and the daughter as well.

810-152, 8mm. version, 825-feet on 4 reels, 2-lbs. \$19.98

### THE BLACK PIRATE (1924)

starring DOUGLAS FAIRBANKS

Douglas Fairbanks became one of the most popular stars of the screen in action-filled light comedies in the early years of the feature picture, but it is his series of historical adventure films of the 1920's for which he is best remembered today.

810-401, 8mm. version, 1500-feet on 8 reels, 4-lbs. \$49.98

### THE BLOCK SIGNAL (1926)

with RALPH LEWIS, JEAN ARTHUR and HUGH ALLEN

The story of a railroad engineer nearing retirement, his involvement in a wreck and consignment to a spot of crossing flagman. And of his daughter with whom an ambitious young fireman and a highway engineer are both in love. Of course, for rail buffs the story is only incidental, because of the extensive amount of Santa Fe motive power of trains of the 1920's that are shown.

810-184, 8mm. version, about 800-feet on 4 reels, 2-lbs. \$19.98

D. W. GRIFFITH'S

### BROKEN BLOSSOMS (1919)

with LILLIAN GISH, RICHARD BARTHELMESS and DONALD CRISP  
Released in the spring of 1919, Broken Blossoms, the last of D. W. Griffith's supremely great films, is as tender and sensitive a production as "Intolerance" and "The Birth of a Nation" are spectacular, and Griffith's skill for using the camera to bare the hearts and emotions of his characters is at the best in this story.

810-378, 8mm. version, 1400-feet on 7 reels, 3-lbs. \$44.98

### BURN 'EM UP BARNES (1921)

starring JOHNNY HINES with J. BARNEY SHERRY, EDMUND BREEZE, GEORGE FAWCETT, JULIA SWAYNE GORDON, RICHARD THORPE, HARRY FRAZER, MATTHEW BETZ

"Burn 'Em Up Barnes" is a fast-moving and down-to-earth comedy of the type for which Hines became famous and, of course, the climax is an auto race with Johnny the winner. It's a film that is an excellent example of its period, and one we can highly recommend.

810-317, 8mm. version, 1200-feet on 6 reels, 3-lbs. \$29.98  
620-121, 16mm. silent version, 2400-feet on 6 reels, 7-lbs. \$119.98

### THE BUSHER (1919)

with CHARLES RAY, COLLEEN MOORE and JOHN GILBERT

Made by Thomas H. Ince in 1919 for release by Paramount in the second year of his contract with that organization, this short feature presents Charles Ray at the peak of his career, and Colleen Moore and John Gilbert near the beginning of their respective climbs to the pinnacles of motion picture fame and popularity.

810-201, 8mm. version, 700-feet on 4 reels, 2-lbs. \$19.98

### THE DISCIPLE (1915)

with WILLIAM S. HART, DOROTHY DALTON and ROBERT MCKIM  
Here's one of the off-beat Western roles that was somehow typical of Bill Hart—the Sky Pilot whose wife is lured away from her rather drab existence by the dashing and debonair operator of the town's saloon. However, there's nothing tame about the way Hart handles it. "The Disciple" was the first William S. Hart production made by Thomas H. Ince to be released as a Triangle Play in November, 1915.

810-279, 8mm. version, 950-feet on 5 reels, 3-lbs. \$24.98  
620-91, 16mm. version, 1900-feet on 5 reels, 6-lbs. \$99.98

### EAST IS EAST (1916)

starring FLORENCE TURNER with EDITH EVANS

Florence Turner first appeared in the movies for Vitagraph in 1906. She became such a prominent member of the Vitagraph stock company that she was known as "The Vitagraph Girl". When Mutual Film Corporation was founded in 1912, Miss Turner left Vitagraph to appear in Mutual movies. With the coming of the feature length film in the years just before World War I, her career reached its zenith in the series in which she starred.

East Is East was a most unusual film for its time, a production filmed by an American company in England—and during World War I, at that. Its theme is the usual rags to riches climb to success formula so very popular during the early years of the century.

810-445, 8mm. silent version, about 1000-feet on 5 reels, 2-lbs. \$29.98  
620-98, 16mm. silent version, about 2000-feet on 5 reels, 6-lbs. \$99.98

### FLIRTING WITH FATE (1916)

with DOUGLAS FAIRBANKS

"Flirting With Fate", Douglas Fairbanks' seventh film, hit the screens of the country's growing number of movie palaces in the summer of 1916. In less than a year, so sensational had been Fairbanks' rise to popularity, he was one of the top stars of the screen. (The original 35mm. negative was available for the preparation of our pre-print material. Prints are excellent.)

810-285, 8mm. version, 900-feet on 5 reels, 3-lbs. \$24.98

D. W. GRIFFITH'S

### HEARTS OF THE WORLD (1917)

with LILLIAN and DOROTHY GISH, ROBERT HARRON, KATE BRUCE, GEORGE SEIGMANN, ERICH VON STROHEIM, NOEL COWARD and BEN ALEXANDER

In 1917, the British Government asked D. W. Griffith to make a propaganda picture on behalf of the Allied War effort. "Hearts of the World" was the result. Filmed in both France and England, and completed in the United States, it proved to be one of Griffith's most popular films. And it brought to Lillian and Dorothy Gish, and to Erich von Stroheim, added impetus to their careers.

810-412, 8mm. version, about 2000-feet on 10 reels, 4-lbs. \$64.98

### THE PERFECT CLOWN (1925)

starring LARRY SEMON with DOROTHY DWAN, OLIVER HARDY, KATE PRICE and OTIS HARLAN

"The Perfect Clown" was directed by Fred Newmeyer, one of the top comedy directors of the period, who was responsible for most of the Harold Lloyd features of the 1920's. It went into distribution late in the fall of 1925. This feature is substantially complete, and representative of many comedy features of the mid-twenties and of Semon's work at that particular time. It will be a welcome addition to your collection.

810-355, 8mm. version, 950-feet on 5 reels, 2-lbs. \$24.98  
620-149, 16mm. silent version, 1900-feet on 5 reels, 6-lbs. \$99.98

## Thomas H. Ince's THE COWARD (1915)

featuring FRANK KEENAN and CHARLES RAY

From an era when movie-makers are said to have ended every film with a love scene, *The Coward* doesn't even really have a romance. World War I was already raging in Europe when this film of the Civil War was produced, and some writers today—perhaps from memory—have called it pacifistic. This hardly appears to be a valid description. But *The Coward* is a production putting the stress on realism in what was very much an age of innocence. And it is a film that will only serve to amplify the legend of producer Thomas H. Ince.

*The Coward* is generally credited with being the film that launched Charles Ray on his career. In the several years that followed, he became one of the most popular stars of the screen.

The main title for *The Coward* is one used at the time of one of its reissues. And, some of the sub-titles are not the original Triangle-Kay-Bee cards. But other than for these variations, Blackhawk's release is substantially similar to the form in which it was originally released by Triangle in early November, 1915.

810-503, standard 8mm. silent version, about 1000-feet on three 400-ft. reels, 4-lbs. \$29.98

620-182, 16mm. silent version, about 2000-feet on three 800-ft. reels, 7-lbs. \$99.98

### HIS PICTURE IN THE PAPERS (1916)

with DOUGLAS FAIRBANKS

This film is typical of Fairbanks in the years before the costume pictures. And, it is rated as being the picture that established Fairbanks in the movies. The film is action almost from the start, and is one we can unconditionally recommend to every collector.

810-275, 8mm. version, 800-feet on 5 reels, 3-lbs. \$24.98  
620-87, 16mm. version, 1600-feet on 5 reels, 6-lbs. \$99.98

D. W. GRIFFITH'S

### INTOLERANCE (1916)

with a cast of thousands including LILLIAN GISH, MAE MARSH, ROBERT HARRON, MIRIAM COOPER, CONSTANCE TALMADGE, ERICH VON STROHEIM and BESSIE LOVE

In this mighty film, considered by many film historians to be one of the greatest pictures of all times, D. W. Griffith, in four separate stories, attacked intolerance and bigotry through the ages, bringing the epic to the screen with film techniques far advanced for the times, and with some of the most expert direction in motion picture history.

810-353, 8mm. silent version, 2600-feet on 13 reels, 5-lbs. \$74.98

THOMAS H. INCE'S

### THE INVADERS (1912)

featuring FRANCIS FORD, ETHEL GRANDIN, ART ACORD

*The Invaders* has a story based on a favorite theme for its time—Indians and the frontier. The film was directed by Francis Ford who also plays the Colonel in what the Moving Picture World said was "a magnificent characterization not unlike that of General Custer". The Colonel's daughter is Ethel Grandin, and the telegraph operator, who appears in a brief sequence, is none other than Art Acord, popular Western and serial star of a decade later.

810-486, 8mm. silent version, about 600-feet on 3-reels, 2-lbs. \$17.98  
620-176, 16mm. silent version, about 1200-feet on 3-reels, 4-lbs. \$59.98

### THE MATRIMANIAC (1916)

starring DOUGLAS FAIRBANKS with CONSTANCE TALMADGE

This Douglas Fairbanks feature picture of 1916 is one of the last of the long series he made for Triangle after coming to the screen in 1915. It is an excellent farce comedy, at many spots coming very close to slapstick. Triangle released this subject as a five reel feature, although, in footage, it is barely four reels in length. For your convenience, and for economy, we have redivided the subject onto four reels—without making any eliminations—and we highly recommend it to you. Prints are of excellent quality.

810-348, 8mm. version, 650-feet, 2-lbs. \$19.98  
620-163, 16mm. silent version, 1300-feet, 4-lbs. \$79.98

### ON THE NIGHT STAGE (1915)

with WILLIAM S. HART

Bill Hart's first feature picture, produced by Thomas H. Ince in the winter of 1914-15 and released to the nickelodeons in the spring of 1915. "On the Night Stage" is presented in its original five reel form, with original main and text titles intact. Your print will look just as the film did when it flashed onto theatre screens across the country in the spring of 1915 as a "Mutual Master Picture".

810-240, 8mm. version, 1000-feet on 5 reels, 3-lbs. \$24.98  
620-57, 16mm. version, 2000-feet on 5 reels, 7-lbs. \$99.98

D. W. GRIFFITH'S

### ORPHANS OF THE STORM (1921)

starring LILLIAN and DOROTHY GISH

"Orphans of the Storm" was very nearly D. W. Griffith's last great picture although he was to produce and direct ten more silent films before the coming of the talkies. It is a mixture of what was, in 1921, a well known play, "The Two Orphans", and Dickens' story of the French Revolution from "A Tale of Two Cities".

810-357, 8mm. version, 2400-feet on 12 reels, 5-lbs. \$69.98

### THE PEARL OF PARADISE (1915)

starring MARGARITA FISCHER with HARRY POLLARD

In the several years just before World War I, Margarita Fischer was one of the screen's most popular stars. Between 1915 and 1918, she appeared in a great number of feature pictures which were produced and directed by her husband, Harry Pollard, of which "The Pearl of Paradise" was one.

810-296, 8mm. version, 1000-feet on 5 reels, 2-lbs. \$24.98

## THE HUNCHBACK OF NOTRE DAME

starring Lon Chaney

Here is the great Lon Chaney feature of 1923 complete and substantially as it was when it was first released. While Chaney had first attracted more than casual attention in "The Miracle Man" in which he appeared at Paramount in 1919, it was unquestionably his performance in "The Hunchback" and in "The Phantom of the Opera", which followed at Universal in 1925, that laid the groundwork for his highly successful career at M-G-M for the remainder of the silent era.

810-294, 8mm. version, 2000-feet on 10 reels, 4-lbs., reg. \$49.98, now only \$39.99

620-105, 16mm. silent version, 4000-feet on 10 reels, 12-lbs., reg. \$199.98, now only \$159.98

### THE PRIMITIVE LOVER (1922)

starring CONSTANCE TALMADGE with HARRISON FORD and KENNETH HARLAN

"The Primitive Lover" is the title of a novel written by Kenneth Harlan, one of Connie's suitors. Another suitor is Harrison Ford. As a publicity stunt, Harlan stages a disappearance in the African jungles and the newspapers report his death. Harrison is in on this secret, but the newspaper reports are so convincing that he believes Harlan is lost and talks Connie into marrying him. But marriage to Harrison doesn't have all of the romance of Harlan's books, and Connie becomes the frustrated wife.

"The Primitive Lover" is a film of considerable appeal today—an excellent period piece of the early 1920's—and a very good example of the slicker type of production that was beginning to show up in the movies at this time. We recommend it!

810-416, 8mm. version, about 1200-feet on 6 reels, 3-lbs. \$34.98

### THE RETURN OF DRAW EGAN (1916)

with WILLIAM S. HART

One of the Thomas H. Ince productions of 1916 that was released by Triangle, Bill, an outlaw, takes a job as a town marshal because of a girl. Of course, his past catches up with him—and his struggle between the forces of good and of evil—and his love for the girl—make for a bang-up Western of the type that brought him fame.

810-196, 8mm. version, 700-feet on 4 reels, 2-lbs. \$19.98

### THE SAGA OF WILLIAM S. HART

(1914-1924)

Here's a unique film that virtually spans Hart's motion picture career which ran from 1914 to 1925. It contains sequences from ten of his motion picture successes from 1914 to 1924, and vividly traces not only Hart's development as the great Western star in the history of the screen, but the maturing of the motion picture during the years immediately before and after World War I.

810-157, 8mm. version, 700-feet on 4 reels, 2-lbs. \$19.98  
620-17, 16mm. version, 1400-feet on 4 reels, 5-lbs. \$79.98

### THE SOCIAL SECRETARY (1916)

starring NORMA TALMADGE with GLADDEN JAMES and ERICH VON STROHEIM

"The Social Secretary" is one of the several feature pictures made by Norma Talmadge for Triangle in 1915 and 1916 after her departure from Vitagraph, where she had been one of the lesser stars for that pioneer company. We feel that it is a choice example of a feature picture from that early period and, frankly, there are a few things about it that even surprised us.

810-273, 8mm. version, 800-feet on 5 reels, 2-lbs. \$24.98  
620-85, 16mm. silent version, 1600-feet on 5 reels, 6-lbs. \$99.98

### STRONGHEART (1914)

featuring HENRY B. WALTHALL, LIONEL BARRYMORE, BLANCHE SWEET, ANTONIO MORENO and ALAN HALE

In 1913, the imposing theatrical organization of Klaw and Erlanger had the idea of filming five reel productions of a number of their greatest stage successes. "Strongheart" was one of these productions and while its heritage from the stage is very apparent, it presents much reflecting the manners, customs and dress of the time. It has as its background college life at Columbia in New York. Released by Klaw and Erlanger in 1914 as a five reel feature, it was re-edited by Biograph in 1916 and reissued. It is offered here in that form.

810-407, 8mm. version, about 500-feet on 3 reels, 2-lbs. \$17.98  
620-104, 16mm. version, about 1000-feet on 3 reels, 4-lbs. \$59.98

### A SUBMARINE PIRATE (1915)

with SYD CHAPLIN

"A Submarine Pirate" was the first feature comedy produced by Mack Sennett for Triangle after formation—in 1915—of that spectacular but short-lived company. Originally released on Dec. 26, 1915, in four reels, this film was shortened to three for reissue shortly after World War I. It is in the latter form that it is offered by Blackhawk.

810-403, 8mm. version, 500-feet on 3 reels, 2-lbs. \$14.98  
620-96, 16mm. silent version, 1000-feet on 3 reels, 4-lbs. \$59.98

### THE TOLL GATE (1920)

with WILLIAM S. HART

"The Toll Gate" is one of William S. Hart's films made early in 1920, produced by his own company under his personal supervision, and originally distributed theatrically by Paramount-Artcraft, although reissued later in the 1920's as a Sandee Picture. Many individuals consider "The Toll Gate" to be one of Hart's best films. Certainly its story thread is razor sharp—characterization surprisingly realistic and vivid—and the finished result today is an outstanding offer for collectors.

810-288, 8mm. version, 850-feet on 5 reels, 3-lbs. \$24.98  
620-99, 16mm. version, 1700-feet on 5 reels, 6-lbs. \$99.98

D. W. GRIFFITH'S

### WAY DOWN EAST (1920)

with LILLIAN GISH, RICHARD BARTHELMESS, LOWELL SHERMAN, BURR MCINTOSH

An old stage melodrama, written by Lottie Blair Parker of Otsego, New York (first presented on the stage in 1898), and purchased by D. W. Griffith from William A. Brady for \$175,000—a price which in those days made all Hollywood scream—"Way Down East" was undoubtedly one of the most commercially successful of all the Griffith films. The picture, which cost \$1,004,662 to make, opened in New York in August, 1920.

810-371, 8mm. version, 2200-feet on 11 reels, 5-lbs. \$64.98

The "Screen Souvenirs" series of one reel films was distributed to the theatres in the early 1930's. These were edited from short news clips of famous personalities from the early years of the century, informal scenes of early film stars, factual coverage of early automobiles, airplanes and new inventions, an abridged version of a Biograph or Edison early one-reeler from the 1907 to 1913 era, principally. A glimpse of John Rice and May Irwin in a scene once considered the last word in movie love making opens the film. The one and only Wm. S. Hart demonstrates the western hero's romantic technique in a scene with Bessie Love, and Wallace Reid and Bebe Daniels are seen in a clip from "The Dancing Fool".

Excerpts from other great Paramount pictures from the silent era include the fiery Pola Negri and Charles DeRoche in "Shadows of Paris"; Rudolph Valentino, idol of millions, with Doris Kenyon in an episode from "Monsieur Beaucaire"; Clara Bow and Antonio Moreno in a scene from "It", and from the early days of the talkies, Mae West and Cary Grant in a bit from "She Done Him Wrong".

### HOLLYWOOD EXTRA GIRL

with CECIL B. DE MILLE, ANN SHERIDAN, CLARA KIMBALL YOUNG

It pictures the cast of this spectacular production and DeMille in the process of directing one major scene. But the slim thread that carries the story up to a focus on DeMille is the struggle for success in the movies in the days of their greatness.

# FILMS OF WORLD WAR II AND THE KOREAN WAR

**THE TRUE GLORY**

This is Blackhawk's 8mm. production of "The True Glory", edited from the sound film of the same name. An official motion picture production of the governments of Great Britain and the United States, this surveys the entire final World War II campaign on the European Western Front, called "The Crusade in Europe" by General Dwight Eisenhower. The seven chapters of "The True Glory" vividly picture the many land, air and sea battles and emphasize the miracles of comradeship and cooperation which came out of the various campaigns. The full impact of the meaning of the film's title is felt in the final chapter when the familiar prayer of Sir Francis Drake is presented.

All of the sequences were selected from millions and millions of feet of film photographed by combat cameramen of the United States, Canada, France, Poland, Belgium, the Netherlands, Czechoslovakia, Norway and Great Britain. The subject, which runs a total of fourteen 200-foot reels, is divided into the seven chapters of two reels (300-feet) each.

## BIOGRAPHY OF THEODORE ROOSEVELT

**THEODORE ROOSEVELT**

### THEODORE ROOSEVELT

#### CHAPTER I—POLITICIAN AND PRESIDENT

A year after his marriage to a Boston debutante Teddy's aristocratic friends were shocked when he embarked on a career of politician. After the death of his mother and wife he sought escape in North Dakota as a cowhand.  
Teddy resumed his career in politics as Civil Service Commissioner in Washington, D. C. He seized the opportunity to become a soldier and he and his Rough Riders became heroes of the war.  
He was elected vice-president with McKinley. Theodore Roosevelt became President of the United States after the assassination of McKinley in 1901.  
As Teddy covered the country in 1904 with an exhaustive schedule of speeches he was convinced that the American people would consign him to political oblivion.

### THEODORE ROOSEVELT

#### CHAPTER II—THE PATRIOT

Teddy was reelected by a landslide vote. Full of assurance he threw America into international politics.  
At the end of his term he felt bound not to run again and hand-picked his successor, William Howard Taft. Taft carried the election with ease and Teddy went on safari in Africa.  
But Teddy remained a popular hero.  
In 1916, war was raging in Europe. President Wilson, reelected by a slim margin, pled for the American people to remain impartial. Teddy Roosevelt was convinced that Wilson was making a tragic error, and events soon proved that he was right.  
July, 1918, just a few months before the end of the war Teddy's youngest son was killed in action. A pale and shaken Theodore Roosevelt was there to greet the doughboys when they came home.  
January 6, 1919, Teddy died in his sleep. Franklin Delano Roosevelt, a distant cousin, said, "We know, yes the world knows, that Theodore Roosevelt was a great patriot and a great soul."

### AT THE DOG SHOW

The ever-popular Dog Show is where you find the rarest and fanciest dogs in the world. You'll delight at hearing the Scotch Terrier tell his story with the greatest brogue this side of Dublin, and the Pomeranian Spitz, that does!

630-73, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### HOME SWEET HOME

Whether it be a cave, a tree or a burrow, there's no place like home. To many of the animals, the place where they live is their castle—and it is usually a place in the wilds. For those who are transplanted into a zoo, the warmth—or in the case of the polar bear, the cold—just isn't there.

630-126, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### STORK CRAZY

Take it from the busiest delivery boy in the world, Mr. Stork, newborns can get to be a burden—especially, when the order is for a baby hippopotamus. You'll hear the complaint of canine mothers also, who, when taking care of their litters, say, "This is what 'puppy love' will get you into!"

630-74, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### 'TAINT SO

This "Speaking of Animals" episode is here to say that all of the animal adages which have come down through the years "ain't necessarily so"—and that comes "straight from the horse's mouth"! For example, the King of Beasts isn't what you think it is—we got the word from "Mrs." Lion!

630-71, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### IN A HAREM

The dream of any male is to be surrounded by females and lavished with attention, and our friend "Poochey" is no different. Poochey finds himself among gorgeous dancing girls (er . . . dogs) that concentrate on pleasing only him. But, let Poochey tell you the tale of his "hound-dog harem"!

630-47, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### IN A MUSICAL WAY

How'd you like to be a fish or a mule or a pig—or would you rather be "Swingin' on a Star"? This is the musical question literally being asked—and often answered—by the animal kingdom in this hilarious "Speaking of Animals" episode.

630-75, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

630-65, 8mm. magnetic sound version, about 175-feet, 11-ozs. .... \$12.98

### IN THE CIRCUS

Here's a day at the circus told, we might say, in the "words" of the various animals, wild and not so wild, that made possible the great circus attractions in the days when the big top traveled on one or more special trains to make its long series of one night stands in scores of cities, small

and not so small, the length and breadth of the land. Here is a film of considerable entertainment value well beyond the specialized interest area of the circus fan!

830-9, 8mm. magnetic sound version, about 175-feet, 11-ozs. .... \$12.98

630-21, 16mm. optical sound version, about 350-feet, 11-ozs. .... \$22.98

### HOCUS FOCUS

"Joe Photographer" is at the zoo to capture some immortal shots of animal-life with his canine friend. His only problem is that "Doggie the Director" gives poor Joe some bad directions, and his films wind-up completely negative!

630-72, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### CURRENT EVENTS

It's wartime and everyone has to do their part on the home-front—including our trusty animal friends. Whether it be rabbit riveters or canine air-raid wardens, they're faithful to their work, and for them there'll be no bones, barking or begging 'till "it's over over there."

630-85, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### THE LONESOME STRANGER

"Woe is me, woe is me," cries our heroine, Little Orphan Fannie. Oh, for the want of the Lonesome Stranger's help in paying off the mortgage to Dirty Dawson, the villain. Can our monkey hero pull through for Fannie, or will he make a monkey out of himself? A melodrama tried and true, bring out hisses for Dawson, the cad!

630-87, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### VIDEO HOUNDS

With the coming of television, even our canine friends are "glued to the magic box." But the entertainment they find, is well worth the attention they give; a soap-opera, variety show, chorus-line and love story constitute the evenings video viewing.

630-90, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### MONKEY SHINES

Three little monkeys who advise, "See No Evil, Hear No Evil, Speak No Evil" are most obviously disregarded by the gibbons seen in this film. They most certainly have their own ideas about how things should be done, and they are mostly likely to speak their piece about any topic—including monkey business!

630-89, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### DOG CRAZY

Sterling Holloway finds himself at a psychiatrist's after he inherits his millionaire uncle's estate—and dog. Sterling likes dogs but he doesn't enjoy sitting around and "talking with them. The fact that the dog does, is enough to make the poor man search for professional help. One of the funniest "Speaking of Animals" films!

630-86, optical sound version, about 350-feet, 2-lbs. .... \$19.98

### WHO'S WHO

Who's Who in the Animal Kingdom is led off by the Lion—the symbol of courage—but, to hear him tell it, he's only afraid of his wife, Mr. Giraffe, Mr. Elephant and Mr. Fox are noted next in importance. And, last but not least, Mr. Cow and his herd of friends tell of their musical interest while singing the "Cow-boy Boogie".

630-127, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### MEET THE CHAMP

Of course, we all know that in the sports world a champion is heralded by all, and the champions of the animal kingdom are not unlike their human counterparts. The seal—fastest swimmer; the porpoise—the highest jumper; and of course, Bossy will reign forever as the 'milkenest' milk champion of the world.

### IN THE ZOO

The unnatural environment of many animals is the city zoo, and it is here that we find the home of Mr. Polar Bear, Mrs. Monkey and many of their estranged neighbors. In such an integrated neighborhood, you would expect to have a few disagreements, but on the contrary, everyone is perfectly happy and they're eager to tell you about it.

630-129, 16mm. optical sound version, about 350-feet, 2-lbs. .... \$19.98

### IN THE PUBLIC EYE

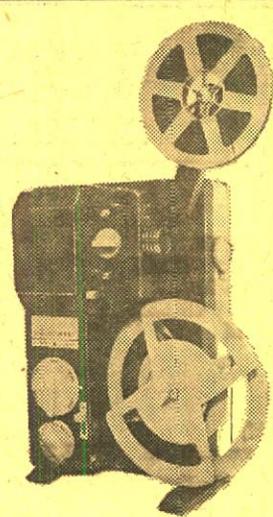

The Animal News of the Week brings us the scoop on what is happening in the animal kingdom. For example, Leo the Lion has resigned from the throne as the king of beasts and is anxious to relinquish his position. Another highlight in the "News of the Week" comes from Gnu York City where a new gnu has just arrived at the zoo, only to realize that there are no old gnus at the new gnu's new home.

### AS BABIES

This film was made possible by the cooperation of Mr. Stork, we would like to acknowledge his great contribution to the film industry and to the animal kingdom. The new arrivals at the pet hospital are in quite an abundance, and it is no wonder why the animal kingdom is having a population explosion when the delivery is made the rabbit family.

## USED 16mm. MUSICAL FILMS

This group of musicals was made for television in the early 1950's. It is, on average, ten years newer than the "Soundies" musicals which were produced during World War II. These musicals are all in length between 100 and 125-feet, 16mm. sound. All are on 200-ft. capacity (5-inch) reels. These musicals are all in normal position for normal 16mm. projection and feature a number of present day headliners who have come into prominence in the years since the war. Prints are sold for nontheatrical and home use only, and television and theatrical rights are reserved.

## USED 16mm. SOUND PROJECTORS

A varied selection of makes and models at a wide range of prices! All units have been thoroughly cleaned, adjusted and generally refurbished in our own service department and should be capable of giving satisfactory service for a long period of time.

### GENERAL INFORMATION ABOUT USED 16mm. SOUND PROJECTORS

All used 16mm. sound projectors listed here are delivered with 750-watt lamps unless specifically listed with lamps of other wattage. Many projectors equipped with 750-watt lamps may also be used with 1000-watt. Power cords and speaker cables are also included. However, if empty take-up reels are needed, these must be ordered separately as they are not included with the used projectors.

Projector prices are exclusive of transportation. Because of weight, projectors are not mailable. REA Express is usually the most satisfactory method of shipment, but we'll be glad to ship by freight—either rail or truck—if you request. A \$25.00 deposit is required on C.O.D. shipments of projectors to guarantee transportation charges.

## of CURRENT LIST OF 8mm. FILMS

SENT ON REQUEST

Because of the schedule of mailings of the Blackhawk Bulletin, customers often order Used 8mm. prints only to find they are already sold. For that reason, and to better serve you, we plan to up date the used 8mm. list of films every two weeks. If you'd like an up-to-date copy, just send a request along with a stamped, self-addressed envelope and we'll put one in the return mail to you.

## MONEY-SAVING PRICES ON ALMOST NEW BLACKHAWK NTA 16mm. SOUND PRINTS!

In making available the very extensive line of short subjects we are releasing under our contract with National Television Associates, Inc., it is necessary, prior to the release of any subject, to make up to several prints which are used for checking and preview purposes—prints which we can refer to in writing our original catalog descriptions—for information as to casts—etc., etc. Normally, these prints will probably not be screened more than six or eight times and, for all practical purposes will be as good as new—far superior to the average used print. It will be our policy therefore, from time to time, to make these prints available at savings of about 30% to 35% from the cost of new prints, and our list of titles, below, is the first group to be so offered. Limitations of use are the same as for new prints.

### CINDERELLA CINDERS (1920)

starring Alice Howell

Cinderella Cinders is, to our way of thinking, a rather remarkable comedy—certainly a most enjoyable one. It is remarkable for having been produced in 1920 to go into States Rights distribution yet having elaborate and well conceived comedy elements that keep it moving at a very fast pace. It is further remarkable for having been produced at the Emerald Studios in Chicago—at a time when we thought all production had ceased in that city.

Cinderella Cinders is the story of Alice, cook in a short order cafe, being fired as a result of too much monkey business, ending up as cook for a wealthy north side family who are expecting to entertain for Count and Countess DeBunco. Only the DeBuncos are imposters—and wanted by the police besides—and when they do not appear, Alice and the butler are drafted to be their doubles—and what this leads to you should see!

This one has the appealing John Bunny in the role of a poker playing husband who promises his irate wife he'll quit. But once again he conspires with a poker buddy to get out of the house. Mama finds out and she and her friends stage a riot, and the poker players end up on probation to their wives.

### FOX TROT FINESSE (1915)

starring Mr. and Mrs. Sidney Drew

"Fox Trot Finesse" was made at the height of popularity for the then new fox trot—and just everybody was doing it. Sidney's wife was fox trotting to and from the breakfast table, and she'd accept for them to go out to fox trot at any hour of the evening. Sidney decides that an injured foot will make him unable to fox trot and he gets all the props.

Sidney was also facing a prolonged visit from his mother-in-law, a hatchet-faced individual who obviously looks upon him as something lower than a worm. She finally leaves. Mrs. Drew shows Sidney a note she has written to her mother asking her to come back to help take care of Sidney. It's amazing how rapidly he recovers and takes to fox trotting with enthusiasm.

### HIS WIFE'S NEW LID (1915)

starring Billie Reeves

Billie Reeves was a member of the famous Karno's Pantomime Company that brought both Charlie Chaplin and Stan Laurel to America.

The story of this has Billie being very jealous of his wife in a fashionable restaurant—and suspecting an innocent diner of flirting with her. Then on being ejected from the restaurant, to slug a passer-by that had bumped into his wife on the walk. On arriving home, he finds an envelope on the table and accuses his wife of getting a letter from a man—only, upon opening it, to discover a bill for purchases totaling \$200.00. Billie then raises the roof—and tells his wife, "No more credit!"

Our comedy has a violent wind-up, and it would appear that Billie learned a lesson. It's also a very interesting period piece from one of the pioneer companies very little of whose product is still in existence.

### IT'S A GIFT (1923)

with Snub Pollard

Snub Pollard first gained the spotlight in the movies as a featured player in the early Hal Roach Comedies which starred Harold Lloyd. When, in the early 1920's, Lloyd switched to feature productions, Roach inaugurated a series of one-reelers starring Snub. Pollard's comedies were long on gadgetry, and "It's a Gift" is certainly typical of them.

## HALF A MAN (1925)

starring STAN LAUREL with BLANCHE PAYSON

Stan Laurel's early work in the movies was at Keystone, Universal, L-Ko, Nestor and with Larry Semon at Vitagraph. He also appeared briefly for Rolin in a series of comedies originally intended to star the famous clown, Toto. In 1922, his first starring opportunity came in a series of two-reelers by G. M. Anderson ("Broncho Billy") for release by Metro. Those were followed by twenty-five one and two-reelers for Hal Roach.

Then, in 1924 and 1925, Stan made a series of twelve two-reelers for Joe Rock at Standard Cinema. *Half A Man* is the last film in that series. In it he appears a far different character from the one he developed two years later for his appearance opposite Oliver Hardy. There are moments in *Half A Man* where Stan's

actions seem to imitate the routines which Harry Langdon had introduced just the year before.

Other than for a slight mottled effect in the three or four closing scenes, caused by decomposition in the original nitrate film, Blackhawk's conversion of *Half A Man* is remarkably crisp. The presentation, as a whole, is substantially similar to the production as it was when it first went into release through Film Booking Offices in August, 1925.

## THE BLUNDERING BLACKSMITHS (1917)

starring LLOYD HAMILTON  
with BUD DUNCAN

One of the famous "Ham Comedies" from the years just before World War I that made Lloyd Hamilton one of the comedy stars of the silents. It all has to do with the villain, Hiram Hartheart, who's out to get the village belle for his wife, by fair means or foul—mostly foul. He tells her father that unless he is permitted to marry his daughter, he'll foreclose the mortgage. The daughter has no intention of going through a marriage ceremony with Hiram, and goes to the simple hearted blacksmith, Lloyd Hamilton, for help. Lloyd and Bud decide the best way to bail out of this situation is enter a boxing match against the Champion of Denmark. The match done in slapstick—just as you'd expect—and also as you'd expect, our village blacksmith is the winner—and his winnings save the homestead and gain him the heart of the village belle.

### JERRY AND THE OUTLAWS (1917)

starring George Ovey

In this story, our film has Jerry serenading his lady-love from the tree top opposite her bedroom. Her father calls the police. The only policeman to get near Jerry, is kayoed by Jerry falling out of the tree. Jerry then appropriates the policeman's uniform, and invites his sweetheart to go for a ride in a little wagon he's hitched to his motor scooter.

Out in Hollywood's Griffith Park, outlaws take them both into a cabin in the mountains and set about playing poker to determine "who gets the girl". Jerry is locked up in the loft. He breaks out, makes his way into the cabin, stealthily removes their firearms, and pulls the guns on them just as the police patrol and the father arrive on the scene.

### 'Twas HENRY'S FAULT (1919)

with Elinor Field and Harry Depp

The present generation may never have heard of the "flivver" and "tin lizzie" jokes of the years starting just before World War I and extending well into the 1920's—jokes aimed at Henry Ford's ubiquitous Model T. But the Henry in "'Twas Henry's Fault" refers to none other than Mr. Ford—and this little comedy somehow reflects both the ridicule and respect that were heaped on his famous product in the early days of mass production when the Model T seemed to be just everywhere.

### LITTLE MOTHER (1929)

A combination of pathos and comedy makes an entertaining story centered about the trials and tribulations of three small children whose mother has "gone to heaven". One of the last silent "Our Gang" subjects, this has Wheeler and Beazer being cared for by their sister—a "little mother" who cooks, mends and washes necks for the whole family, with amusing sequences arising from the boys' consumption of dried apples washed down with water—a dose of baking soda accidentally mixed with soap powder as a cure for their resulting swollen tummies—their misadventures when they go in search of their "mama" and the ultimate rewarding of their unquestioning faith that she would come back to them. Pete, the dog, and Joe, the fat boy of the Little Rascals, appear prominently in the film.

### SATURDAY'S LESSON (1929)

The gang has been assigned individual responsibilities for Saturday—Joe to chop wood—Farina to beat carpets—Mary Ann to clean up the back yard—but the lure of the neighborhood park is greater, and the gang all ends up under the trees on that lazy summer day. A sandwich man dressed as the devil tires of his tramp along the sidewalks and stretches out on the other side of the big tree, only to hear members of the gang discuss the possibility of the "Old Devil Man" getting them if they do not do their assigned work. So our costumed devil decides to do his "good turn" for the day, drops a smoke bomb in front of the gang and hops out to warn them that if they do not do their assigned tasks, he'll be after them. No time is lost by the gang, and their energy devoted to their Saturday chores is so intense, that one by one their mothers are concerned. Joe ends up in bed with castor oil and the doctor called—but his mother can't keep him there. Finally, the reason is revealed to the mothers, with the gang resuming their jobs having had their "Saturday's Lesson". Recommended.

## CHRISTIE TALKING COMEDIES

### FARO NELL

with LOUISE FAZENDA  
and JACK LUDEN

Here is a quote from a 1929 issue of Photoplay Magazine in which the two-reel talking short subject, "Faro Nell", was classed as one of the best pictures of the month—the first time Photoplay had singled out a short comedy for that award:

"It takes something hot in the way of a two-reel talking comedy to break into this fast company of best pictures, and this Louise Fazenda howl is the bright baby. 'Faro Nell' is a scream—an airtight, perfectly acted burlesque of the old-time Western thriller. Louise, in long yellow curls, is a panic. This is just what we've long wanted—a two-reel talkie we could bellow at."

"Faro Nell", in its complete original form is now available from Blackhawk in both 16mm. optical sound and 8mm. magnetic sound editions—and still one of the funniest talking comedies!

### DANGEROUS FEMALES

with MARIE DRESSLER and POLLY MORAN

The only production in which Marie Dressler and Polly Moran ever appeared as a team other than for the many films in which they starred for MGM. This two-reel comedy, produced by Al Christie in 1929 and originally distributed theatrically by Paramount, is absolutely typical of Dressler and Moran—broad and Funny. For what it was and what it is, we highly recommend it.

A one reel western produced by Selig. "An Arizona Woong" went into release through General Film Company in May, 1915. It is presented with main and subtitles used in its reissues by Exclusive Features in the early 1920's. Mix plays the role of a cowboy unpopular with local ranchers because he is raising sheep on a cattle ranch, and is equally disliked by "Mexican Joe" who is vying with him for the love of a girl.

**THE BATTLE (1911)**

with BLANCHE SWEET and CHARLES WEST

Here is one of the significant early Griffith films, and a very definite forerunner of "The Birth of a Nation". Filmed in 1911, a cast of tremendous size provides the pageantry and the battle scenes, many of which would not have appeared out of place in that masterpiece which came along four years later.

**THE FEMALE OF THE SPECIES (1912)**

with MARY PICKFORD, CLAIRE McDOWELL, DOROTHY BERNARD and CHARLES WEST

Since neither cast nor credits were listed in Biograph films, Mary Pickford in 1912 was known to her movie public only by any of her various nicknames. Billed as a "psychological tragedy", this is a classic tale of infidelity, jealousy and three women alone in the desert. The finding of a lost baby boy brings about peace—illustrates the vagaries of "the female of the species".

**THE FOUR GUN BANDIT (1919)**

starring PETE MORRISON with MAGDA LANE

In keeping with our policy of heeding requests from our friends and customers for bringing out examples of the work of the Western and comedy stars who achieved popularity somewhat less than a Hart or Mix, or a Chaplin or Lloyd, we're happy to offer **The Four Gun Bandit**. Pete Morrison came to the movies in 1908. About the time of World War I, he began being featured and starring in a long line of two-reel Westerns, serials and features at Universal—and for other companies. **The Four Gun Bandit** is an altogether enjoyable example of a two-reel Western of this post-World War I period. Aimed at the remaining nickelodeons and for the Western houses, it has all the entertainment elements then considered necessary for that type of theatre.  
810-431, 8mm. silent version, about 350-feet on 2 reels, 14-ozs. \$11.98

with G. M. ANDERSON, MARGUERITE CLAYTON, LEE WILLARD  
"Broncho Billy" Anderson in a non-"Broncho Billy" film... in the role of a burglar who steals into the apartment of a wealthy couple and becomes involved in a domestic fracas. An effective and mature presentation for its time, this is one of the outstanding Essanay subjects of the period.

starring ARLINE PRETTY and HENRY G. SELL

The seventh installment of this production, this chapter is presented in its entirety, and has some thrilling action in a mansion fitted with secret doors—automobile chases—the mad pursuit of an open trolley car—and the capture and binding of a beautiful blonde heroine in a building deliberately set on fire. A typical and exciting "cliff-hanger".

CLIFF-HANGING MOMENTS FROM THE SERIALS

with WILLIAM DUNCAN, EDITH JOHNSON, ARLINE PRETTY, HENRY G. SELL, EDDIE POLO

Scenes from "The Steel Trail" (1923), a fifteen chapter serial which had William Duncan cast as a hard-punching construction engineer, are from one of Universal's primitive coming attraction trailers of the period. Edge-of-the-seat suspense is created in the climactic segment from "Burning Strands", chapter nine of "A Woman in Grey" (1919). The excerpt from "Captain Kidd" (1922), in which Eddie Polo played the role of a wealthy man who had been shanghaied aboard the ship, the Albatross, has Eddie and the boat's crew in a desperate battle with the notorious pirate, Captain Kidd, and his band of cutthroats.

**DEADLY TURNING**

(A Chapter from "The Perils of Pauline", 1914)

with PEARL WHITE, PAUL PANZER and CRANE WILBUR

Unlike the later chapter plays or "cliff-hangers", this early serial is made up of related episodes, each complete in itself. "Deadly Turning" has Pearl cast as a wealthy industrialist's daughter who wishes to compete in a cross country automobile race.

**DR. JEKYLL AND MR. HYDE (1911)**

starring JAMES CRUZE

Robert Louis Stevenson's *Dr. Jekyll and Mr. Hyde* has been a favorite literary work for movie makers almost from the movies' beginning and this presentation by Blackhawk is the first known picturization of the story done in 1911 by Thanhouser and starring James Cruze. It was made for the only movie trade that existed in those days—the nickelodeons—and is a simplified adaptation of the story. And yet, considering those primitive times, the result is surprisingly effective.

The original negative of this production is thought to have been lost years ago. The 1911 print from which Blackhawk has copied may be the only remaining record of the film. It contained a number of splices and is a bit choppy—but remaking these patches with new narrow ones that are all but invisible on the screen, and copying with our special wet gate printer that filters out all surface scratches, gives us a result which, in many places, would do justice to the original negative. We highly recommend this release which contains, in its introduction, a reproduction of Thanhouser's trade paper announcement of the films release over 55-years ago.

**KNIGHT OF THE TRAIL (1915)**

starring WILLIAM S. HART

This is one of Bill Hart's action-packed two reels—with Bill cast as Jim Treen, supposedly Canyon City's most eligible bachelor, but in reality the local stage bandit. When fiancée Molly discovers Jim's "altar ego" she breaks the engagement and promises to marry Carey, the mining promoter. But Carey proves to be the cad, and Hart the hero.

**LOCAL COLOR (1916)**

starring TOM MIX with VICTORIA FORDE

Here is a one reel Tom Mix film from the Selig era that is a Western that is long on comedy. The word at the ranch is that a young woman writer is coming out from the east to get some "local color" for a new book. The boys decide that they should cooperate, so they organize all sorts of activity that would seem typical of a lawless West to make sure their visitor gets plenty of what she's looking for.

They even trick her into a fake wedding with Tom—but Tom and his cowboy friends have really been taken on that for the fake minister turns out to be a real one! Complete and of generally good quality.

**THE LONEDALE OPERATOR (1911)**

with BLANCHE SWEET

One of the earliest productions that Biograph made on the West Coast. It offers many innovations, for its time, in production techniques. For rail fans, it has some excellent shots of Santa Fe American-type locomotive No. 9, a unit built in the 1870's and which was scrapped by the Santa Fe in Topeka in 1914. And it has quite a bit of the flavor of railroading of the day.

**LOST IN THE NIGHT (1913)**

starring PEARL WHITE and CHESTER BARNETT

In pace and suspense this film struck us as being unusual for its time. It deals with a jewel necklace in the custody of a guest at their home turning up missing from the wall safe. (Pearl, addicted to walking in her sleep, has removed it from the safe and dropped it into a spot in a hollow tree on their property.) Pearl's husband, Chester, assumes responsibility, mortgages the home to repay their friend for the loss, and a year later, when the mortgage becomes due, finds himself unable to make the payment. However, the tension of this situation apparently has its effect on Pearl, for that night she retraces the path of a year before, and is discovered by her husband with the jewels in her hands—yet almost in a trance. Naturally, everything ends happily for everyone concerned.

**THE UNWELCOME GUEST (1913)**

with MARY PICKFORD

Mary is cast as an orphan girl placed with a family whose members have hearts of stone. **THE DEATH RAY**

(A Chapter from "The Exploits of Elaine", 1915)

with PEARL WHITE, CREIGHTON HALE and SHELDON LEWIS

An early example of the science-fiction type of subject. Although pretty elementary science-fiction, this film is a vivid example of the great strides being made in the movie industry at the time—particularly when compared to "The Perils of Pauline" which preceded it.  
810-207, 8mm. version, about 400-feet on 2 reels, 14-ozs. \$11.98

**EXCERPTS FROM "THE LURE OF THE CIRCUS" (1919)**

with EDDIE POLO, MOLLY MALONE, EILEEN SEDGWICK and CHARLES HILL MAILES

With a circus background as well as the atmosphere of a booming oil field, the highlights revolve around Eddie Polo as "Eddie Somers", the hero, part owner of the Great Western Circus and a trapeze artist of some repute, who finds himself the middle-man in one near disastrous situation after another as he fights not only for his share of the circus against almost insurmountable odds, but takes on enemies of his father who seek to ruin the elder man's good luck in an oil field venture.

In the production of "The Lure of the Circus", the Sells-Floto facilities were used as the circus background in the opening chapters, while Barnum & Bailey provided settings for the closing episodes. In our introduction of the characters, and in explanatory titles bridging the gaps between the sequences, we have filled in the story thread to a degree that the over-all plot is quite evident and each sequence is thus meaningful.

with WILLIAM DUNCAN and CORINNE GRIFFITH

William Duncan was a very popular player in outdoor, adventure films and serials in the years spanning World War I, and Corinne Griffith was an ingenue who became one of the brightest romantic stars of the screen during the 1820's. **The Cost of High Living** is a one reel film made early in their careers—a light comedy—turned out by Vitagraph at a time when that pioneer company was attempting to produce an extensive number of one and two reel subjects for the nickelodeon trade while also attempting to compete with the many new production companies specializing in features. It's a very pleasant period piece with two great names from the silents!

**THE TRAGIC PLUNGE**

One of the Original "Perils of Pauline", (1914)

starring PEARL WHITE

This unusually good chapter is longer than most and has a story thread that's easier to follow than most. The story has to do with a woman spy, Miss de Yagow, who is out to capture inside information on U. S. submarines. As the story progresses, Pauline is invited aboard the submarine which is then sunk by a bomb to the harbor bottom. Of course Pauline escapes and the submarine is saved. A real thriller!

#### DONNER PASS ON THE SOUTHERN PACIFIC (1958)

Donner Pass, through which the Southern Pacific crosses the High Sierras, is one of the most rugged and treacherous areas traversed by any main line railroad in the United States. Our film covers action in the snowshed area in the Yuba River Canyon between Crystal Lake and Cisco . . . in the area of the Truckee River east of Boca . . . Cape Horn just east of Colfax . . . Norden.

#### THE GEORGETOWN LOOP

Here is the famous narrow gauge railroad from Georgetown to Silver Plume, Colorado, filmed by Biograph in 1903. Text titles give historical background.

#### LAST STEAM OUT OF LEADVILLE

One of the memorable "last days" of steam on the Colorado & Southern begins with No. 641, 2-8-0, taking on coal at Leadville, Colorado, engine house, backing down to the old depot to pick up caboose, dropping the caboose, picking up cars in the Leadville yard, and heading out of Leadville for Climax on the highest standard gauge route in the United States. The train passes through some picturesque countryside with the Rocky Mountains as backdrop and stops to take water about half way up. Arriving at Climax, many switching moves are made at the "mine on top of the world" and the train, its day's work done, heads back down the mountain to Leadville. Included are scenes taken from aboard the locomotive.

#### MEMORIES OF STEAM ON THE DAYLIGHTS AND LARKS

Here is an assortment of scenes showing the S. P.'s streamliners that run between Los Angeles and San Francisco as they were in the days of steam, powered by that road's famous Daylight-type 4-8-4 locomotive. You'll view run-by shots of trains near Los Angeles and Santa Barbara, and along the coast north of L. A.

**NARROW GAUGE ACROSS THE WASTELAND**

At Owenyo, Calif., the narrow gauge Keeler Branch connected with the standard gauge of the Southern Pacific, not long before the operation of the Keeler Branch was discontinued. Little No. 9 was called on to pinch hit for the diesel. Mac Owen was on hand to catch motion pictures of the day's operation, the highlights of which are included in our color version, while the black and white version is quite comprehensive.

**NARROW GAUGE TRAIN TO SILVERTON**

Here is a comprehensive and beautifully photographed film that tells the whole story of The Silverton, the summer passenger train on the Denver and Rio Grande Western's Durango-Silverton Branch that last summer carried more than 38,000 tourists and rail fans. As the train approaches the 700-ft. high ledge in the cliffs near Rockwood, and snakes around the high curves, we are treated to scenes shot both from the train, and of the train from across the canyon. And there are some very effective scenes made from the head end of the locomotive itself as it creeps along the ledge.

Our film shows the train as it passes "Ah Wilderness" ranch—as it takes on water—as it winds through the canyon of the Animas River—and as it pulls into Silverton. Then, after two hours for lunch and souvenir buying on the part of the passengers, the departure on the return trip is pictured.

**ON THE TRAIL OF THE OLD SAN JUAN**

In recent years there has been a special run of a passenger train at least once a season (taking a three-day period) over the Rio Grande Narrow Gauge from Alamosa to Durango and Silverton and Return. Mac Owen and his camera were on hand to catch the action and we have edited the footage covering the return trip from early morning at Durango to evening at Alamosa on the run made famous by the luxury San Juan Express of yesteryear, the narrow gauge passenger with parlor car and diner!

Union Pacific's 2-8-2 No. 7001 rambling across the Nebraska prairie with all the rod and piston motion and the orange glow of the firebox, pictured from the camera car running on a closely parallel highway. The major part of the film, however, is devoted to 4-12-2 No. 9033 which is pictured under the same circumstances with even more dramatic effect!

**RIO GRANDE SOUTHERN—TRESTLES OF OPHIR**

Photographed by Woodrow Gorman in the years immediately before World War II, and in 1950, when the shadow of abandonment was closing in on this fabled narrow gauge line, this is a collection of scenes typical of the road at that time. Shows vintage motive power and rolling stock mixed with that leased from the Denver and Rio Grande Western and spectacularly pictures the most fabulous stretch of mountain railroad in the United States which reached its pinnacle in the Ophir Loop.

N. power as 2-8-30's Nos. 2000 and 2023, and 0-8-0's Nos. 812 and 810. There are some spinning drivers as one of these locos attempts to get its heavy string of cars moving.

You'll see 2-8-0 No. 2 and 2-6-6-2 No. 12 of Southwest Lumber; side-tank Mallet No. 8 of Rayonier's Grays Harbor operations; and 2-6-6-2 No. 38, Mikado No. 90 and saddle-tank Mallet No. 111 of Rayonier's Callam operation—all in action!

**THE S. P.'s CAB-FORWARD MALLETS**

Shown in this film are eight different S. P. cab-forward jobs all photographed in the high Sierra country with one locomotive on the head end of a freight, and two more as pushers. A couple of the S. P.'s big 2-10-2's are also in evidence as pushers. Some really spectacular shots. And one of more than average collector's interest: An S. P. cab-forward unit pulling the Western Pacific's California Zephyr near Sacramento in the winter of 1952 when the C. Z. was re-routed over the S. P. because of a snow slide.

**STEAM ON THE NEVADA NORTHERN**

A film story of the last trip of old 4-6-0 No. 40 photographed by Mac Owen. Opens with the locomotive leaving the engine house at East Ely, Nevada, picking up two ancient mail-baggage cars and two borrowed coaches and passengers, and heading out of town for the last run to Curry—past Cherry Creek Station—Warm Springs and McGill. The train is paced on its last leg into Ely, through town to the end of the track. Plenty of rod and driver motion in this one!

**THUNDER AT TENNESSEE PASS**

Photographed about twenty years ago at and in the vicinity of Tennessee Pass on the Rio Grande's Royal Gorge Route through the Rockies, this film pictures the smoke and steam and effort required to hoist tonnage over the Pass in the days of steam. You'll see a number of great shots of the Rio Grande's 2-8-2's, one on the head end, one cut into the middle and a third one right ahead of the caboose, as they labor to slowly move their long strings of cars over this 10,240-ft. high pass. Several 4-8-2's and 4-8-4's are also in evidence along the Rio Grande's once crack passenger train, The Royal Gorge, now vanished from the timetables.

**FROM HORSE CAR TO SUBWAY IN NEW YORK CITY**

Photographed from 1898 to 1906, and edited from paper positives in The Library of Congress, this film completely bridges the period from the relatively primitive horse car to the opening of New York City's first subway. A fascinating film record of the big city's growth in transportation.

**TROLLEY LINES AND ELEVATEDS OF METROPOLITAN NEW YORK**

Photographed by Vitaly V. Uzoff  
Researched by George E. Horn

Photographed from fifteen to twenty years ago, this film of trolleys and electric lines in and around New York, pictures many operations that have long since been abandoned.

Our film opens with coverage of the Yonkers Railroad Company which was owned by the Third Avenue System. Several different cars and trolley runs are pictured. Then we switch to Coney Island Trolleys, owned by the Brooklyn-Manhattan Transit Corporation until the formation of the New York City Transit Authority. Here, too, different varieties of trolleys on different runs are shown. Our final trolley coverage is the Queensboro Bridge Railways operated between 59th Street and 2nd Avenue, Manhattan, and Queensboro Plaza in Long Island City.

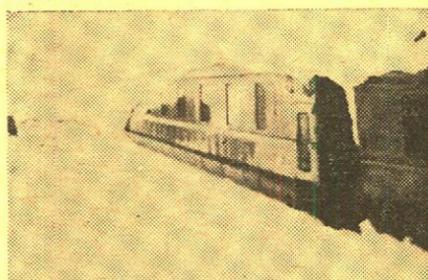

In the area of "elevateds" we see the yards of the BMT division, which, in Manhattan, is a subway system. Then we shift to the Third Avenue Transit System which ceased operation in 1955, and see a wide variety of equipment in operation at a number of locations.

810-500, standard 8mm. silent version, about 250-feet, 1-lb. \$7.98

**WEST SIDE LUMBER**

This 8mm. color film incorporates a substantial amount of the original material dealing with West Side Lumber at Tuolumne, Calif., that is included in our 2-reel black and white film, "Logging Railroads of the West". The West Side Lumber operation has, just this past year, transferred from railroad to highway trucks, and the picturesque logging road is no more. But you'll see the narrow gauge and standard power—the Shays and the Heislars—the line's sharp curves and high trestles—its long trains of logs rocking and rolling along through cuts and gashes in the forest—just as they did for so many years in California's High Sierra country. Beautifully photographed by Mac Owen.

**WINTER RAILROADING ON THE SP'S OVERLAND ROUTE**

A spectacular film of snow fighting on the toughest section of railroading in the United States—the Southern Pacific's Overland Route through the High Sierras. Mostly photographed in the winter of 1951-52 when snowfall set a record, the film includes sequences of the streamliner, The City of San Francisco, freed from drifted snow that held it fast for several days.

810-214, 8mm. B&W version, 300-feet on 2 reels, 14-ozs. \$9.98

**WINTER RAILROADING IN THE SIERRAS**

Here's a spectacular film of snow fighting on the toughest section of railroading in the United States—the Southern Pacific's Overland Route through the High Sierras. This film was largely photographed in the winter of 1951-1952, when snowfall set a record. You'll see the fight against snow when at least 50% of the power on the line was steam! And, you'll see the snowbound City of San Francisco being freed from the drifted snow that held it fast for several days! (These same scenes are included as a part of our black and white release, 810-214, "Winter Railroading on the S. P.'s Overland Route".)

**CANADA**

**HILLCREST LUMBER'S CLIMAX No. 10**

Up in British Columbia the last known Climax-type locomotive operating in North America—No. 10 of the Hillcrest Lumber Co.—is shown in the picturesque area where it hauls, shunts and switches not only cars of logs, but regular freight cars from the outside world that come from a collection with the Canadian Pacific at Lake Cowichan. A wide variety of action shots!

825-19, 8mm. color version, 100-feet, 11-ozs. \$9.98

**WHITE PASS & YUKON**

This spectacular film, photographed in 1951 by Woodrow Gorman, and available in both 8mm. color, and black and white, pictures the White Pass when steam was still the motive power. You'll see a variety of White Pass narrow gauge Mikes—as many as three to a train—working the 3.9% grade up the Pass. And a variety of mixed trains, passengers and freights—along the Yukon—on high trestles—snaking along ledges high above the canyon bottom. In addition to the basic material photographed by Mr. Gorman, the black and white version also contains a sequence of the White Pass photographed by an Edison cameraman in 1901.

825-18, 8mm. color version, 200-feet, 11-ozs. \$19.98  
810-309, 8mm. B&W version, 300-feet on 2 reels, 14-ozs. \$11.98

**MEXICO**

**NARROW GAUGE IN MEXICO**

Fanning out east and south of Mexico City are narrow gauge lines that in motive power and rolling stock appear to be right out of Currier and Ives—as colorful and unique and inveterate as the provincial countryside and villages through which they run.

Our trip begins at San Lazaro Station in the east end of Mexico City where we board the early morning train for Puebla, a circuitous 193-mile route east. We travel through Los Reyes, Amecameca, Ozumba, Napanitla, and on to Cuautla. We highball through the high country, cross the classic masonry bridge at Dzumbra, travel in the shadow of Mount Ixtacihuatl, around long series of S curves and into the station at Cuautla that has been remodeled from a 400-year-old convent.

Our return follows a diminutive narrow gauge freight. At Amecameca we spot an 1899 Baldwin-built narrow gauge 4-6-0 owned by the San Rafael Paper Co., and this old timer is badly leaking steam. Back in Mexico City our arrival coincides with that of our narrow gauge freight.

810-419, 8mm. version, about 200-feet, 11-ozs. \$6.98

**RAILROAD STORIES**

**THE BLOCK SIGNAL with Ralph Lewis, Jean Arthur, Hugh Allen**

A railroad thriller from the silent days of 1926 that will have more of a bang for a railroad fan today than when it was first released. It is the story of a railroad engineer nearing retirement, his involvement in a wreck and consignment to the spot of crossing flagman. And of his daughter with whom an ambitious young fireman and a highway engineer are both in love. But, the story is incidental for rail buffs because of the extensive amount of Santa Fe motive power and trains of the 1926 period that are shown.

810-184, 8mm. B&W version, 800-feet on 4-reels, 2-lbs. \$19.98

**THE GHOST OF THE CANYON with Helen Gibson**

Filmed on the San Pedro branch of the old Los Angeles and Salt Lake—"The Salt Lake Route"—at or near the stations of Bell and Vernon in then suburban Los Angeles, this film tells the story of bitter rivalry between two railroads for important fast freight contracts, and how the rivalry was carried to the extreme of fabricating the illusion of "The Ghost of the Canyon".

A number of excellent action shots of locomotives, freight trains and automobiles are included—together with good freight yard shots showing rolling stock of the day.

**THE GREAT TRAIN ROBBERY**

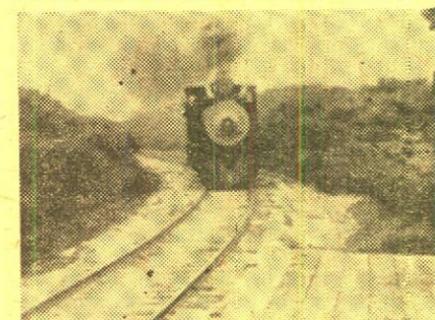

This famous Edison film of 1903 was one of the first story motion pictures—produced by Edwin S. Porter and years ahead of its time in story unfolding. A 4-4-0 locomotive of the day and some unique open-vestibule wooden coaches are very much in evidence during the exciting sequences.

**D. W. Griffith's THE LONEDALE OPERATOR with Blanche Sweet**

A slightly abridged version of one of D. W. Griffith's most famous Biograph productions—and one of the earliest this pioneer company made on the West Coast. It offers many innovations (for its time) in production techniques, and is a special collector's item for that reason. For rail fans, it has some excellent shots of Santa Fe American-type locomotive No. 9, a unit built in the 1870s and which was scrapped by the Santa Fe in Topeka in 1914. And it has quite a bit of flavor of railroading of the day.

810-167, 8mm. B&W version, 200-feet, 11-ozs. \$5.98  
620-25, 16mm. silent B&W version, 400-feet, 2-lbs. \$22.98 (S.D.)

**THE OPEN TRACK with Helen Holmes**

Helen Holmes, as the telegraph operator at the station, outwits a gang of counterfeiters. There's a wild chase in an Atlantic-type locomotive, and plenty of action in touring cars of the 1914 era in Los Angeles' Griffith Park. For railroad fans, old auto enthusiasts and film collectors generally, this Kalem production of 1914 should be a welcome addition to your library.

**RAILROAD RAIDERS OF '62**

Discovered in the archives of The Library of Congress is the first picturization of the famous chase of the locomotive, The General, by The Texas—and the thrilling exploits of Andrews Raiders—produced by the pioneer Kalem company in 1911.

Of course, the authentic General and Texas do not themselves appear in the film, but Kalem turned up—almost fifty years ago—with a couple of old timers that look like they were at least as old. There are some excellent train and action shots. In short, this is a whiz of a film for every rail fan and film collector!

**NEW CARNIVAL TRAIN ROYAL AMERICAN SHOWS**

Photographed by Packer Brown and Tom Voss

The great circus trains, highlights of the summer season in the days before the great depression, have long since vanished from the American countryside, but there is at least one great touring carnival, requiring two trains, that headquarters in Tampa, and during each summer season plays a number of the metropolitan areas starting out with Memphis, St. Louis and Davenport and going all the way into Canada where it plays several of the major cities on the Canadian plains. And a carnival train has some of the same color and appeal of the circus train of old, so we made arrangements to photograph the arrival of these two trains, their unloading, and the setting up of the carnival attractions at the time Royal American Shows played Davenport early in June this year. We think every circus and rail fan will take particular interest in our result.

## THE STORY OF JESUS

Copyright © MCMLVII by Cathedral Films, Inc. Television Rights Reserved  
**FOUR 35mm. 2"x2" COLOR SLIDE SETS**

Blackhawk Films, in cooperation with Cathedral Films of Burbank, California, has prepared a series of four slide sets which dramatically and colorfully depict the divine drama of the life of Christ. Cathedral Films has, for many years, been the leader in the production of religious films, and the material from which Blackhawk's slide sets were prepared follows faithfully—in Biblical history, costuming and settings—the story of the man whose birth in a stable was long foretold, and whose life, by His daily examples and His mighty acts, has been the background for so much of human history.

### THE STORY OF JESUS— CRUCIFIXION AND RESURRECTION

# CAMERA FILM for your SLIDES AND MOVIES

**Fresh, factory packed stock at money-saving prices!**

Prices include processing and return postage from processing stations at convenient locations across the country (except in instances where film is offered without processing) and, in the case of Eastman Kodak processing, at many additional locations throughout the world. Send film to be processed to station most convenient to your location—not to Blackhawk Films.

NOTICE: Maximum liability of film manufacturers, processors or their agents for film lost or damaged, in either transit or processing, is replacement with a similar length of new film. If you have taken any film which you believe may have a high potential value and you wish to be protected beyond this film replacement in event of loss or damage, send the film for processing by registered mail covered to its actual value, and include instructions and a remittance payable to the processing laboratory to cover similar registration on return to you.

### HOW TO OPEN A BLACKHAWK CHARGE ACCOUNT

Open account billing is now available to individuals in the United States (Alaska and Hawaii, for the time being, are excepted) on the payment of a fee of \$2.00 and the submission of satisfactory credit information. (Payment of the \$2.00 fee is not required when application is accompanied by an order for \$10.00 or more.) On this basis, upon the opening of a Blackhawk charge account, you will be provided with an account number which should appear on all orders from you. Payment for orders shipped and billed during a month are due in Davenport not later than the 15th of the month following. As an example, orders which are shipped and billed to you in December must be paid in full not later than January 15,

etc., etc. A Blackhawk charge account will be a particular convenience to our regular customers in that it eliminates the pre-figuring of remittance for postage, and the writing of several checks or the securing of several money orders during a single month.

Fill in completely (type or print) the BLACKHAWK CHARGE ACCOUNT APPLICATION below, sign and return to us with the \$2.00 charge account fee or an order of \$10.00 or more. (\$2.00 fee, if sent, will be refunded in the event an account is not opened by us.) We'll immediately confirm receipt and let you know as soon as the account is open—and your account number.

### Read Before You Order! POSTAGE CHARGES

Blackhawk Films' prices do not include postage. Shipping weights are now given with each item and you can compute the approximate total weight and postage charges by referring to the postage table given below. While weights of a single shipment to virtually all post offices in continental United States are limited to 20 pounds, shipments to the states of Alaska and Hawaii may run as heavy as 70 pounds. These two states are in the eighth zone, and Blackhawk customers can approximate the correct postage to remit by figuring 18c per pound for each pound above twenty. The same formula applies to all U. S. Territories and Protectorates.

Some larger and heavier items, because of size and weight, are not mailable and will thus be shipped to you by express or freight, you paying the transportation charges on delivery. In general, shipments of size and weight requiring express or freight transportation will not be forwarded on a C.O.D. basis.

### SALES TAX ON IOWA SHIPMENTS

Customers ordering films for shipment to points in Iowa must also add 2% for the State Sales Tax.

### C. O. D. SHIPMENTS

Except where noted, Blackhawk will gladly make shipments of merchandise on a C.O.D. basis to any point in the United States. However, on C.O.D. shipments, the purchaser pays all transportation charges, insurance and C.O.D. fees, and money order fees, in addition to the cost of the merchandise. Because of the weight involved, we will not forward projectors on a C.O.D. basis unless a deposit of \$25.00 is enclosed to guarantee transportation charges.

### RIGHTS of USE on MOTION PICTURES

Use of new 16mm. and 8mm. motion picture prints sold by Blackhawk is limited to home and non-theatrical showing—theatrical and television rights are specifically reserved. Productions of Hal Roach Studios, Inc. and National Telefilm Associates, Inc., are distributed by Blackhawk on license under copyright for nontheatrical and home use only, and in the limited territories set forth on the pages carrying the major listings of these particular groups of subjects. The copyright status, if any, of other subjects in countries and territories outside of the United States, is unknown and purchasers acquiring and exhibiting such prints do so at their own risk.

No specific license for use, either express or implied, is made for any used 16mm. or 8mm. prints offered herein, except in the case of used copies of subjects on which new prints are also offered by Blackhawk, in which case the same right of use, and the same limitations of use, apply to the used prints as to new prints of the same subject.

No authority or license is granted for the public performance of any copyrighted music which may be included in or as a part of any of the films offered herein unless the person, firm or corporation proposing to reproduce such music as part of the picture is duly authorized where such authorization is needed, by the copyright owner of any such music, to perform the same publicly.

### SHIPMENTS OUTSIDE CONTINENTAL UNITED STATES

Shipments made to Hawaii, Alaska, Puerto Rico, Fleet Post Offices, Army Post Offices and other overseas locations move through the regular United States Postal System. We are glad to handle such shipments on exactly the same basis as shipments made within continental United States with the exception that no C.O.D.'s will be made outside continental United States.

Where shipments are made to countries other than the United States, payment may be made by letter of credit, by international money order or in any negotiable currency.

Where, on any type of payment, you wish to know the exact cost of your merchandise we will be glad to send a proforma invoice—and hold the wanted items—so that a precise amount may be determined. Where checks, money orders or other remittances are made in currencies other than those of the United States, we will immediately clear these funds through our bank. Your order will be suspended until our bank has notified us of the actual credit resulting from this clearance. This usually takes a matter of a week or ten days.

On shipments to overseas destinations other than those served directly by the United States Postal System, a surcharge of 10% is made to cover postage, insurance, and the preparation of necessary customs forms.

### Buy Anything Offered By Blackhawk On Convenient Monthly Payments!

Customers in the United States (excluding Alaska, Hawaii and other territories) may now purchase anything listed by Blackhawk on convenient time payments. Furthermore, our convenient add-on payment service is available to those of you already having satisfactory time payment accounts in operation. (See "D" below.)

### TIME PAYMENT ARRANGEMENTS

#### A. Down Payments.

Below are the minimum down payments required based on the total amount of your purchase.

On orders totaling \$ 25.00 to \$ 50.00	..... \$ 5.00
On orders totaling \$ 50.01 to \$ 100.00	..... \$ 10.00
On orders totaling \$ 100.01 to \$ 150.00	..... \$ 15.00
On orders totaling \$ 150.01 to \$ 200.00	..... \$ 20.00
On orders totaling \$ 200.01 to \$ 250.00	..... \$ 25.00
On orders totaling \$ 250.01 to \$ 300.00	..... \$ 30.00
On orders totaling \$ 300.01 to \$ 350.00	..... \$ 35.00

The amount of your time payment charge and the amount of your monthly payment is determined by the unpaid balance remaining after we have deducted your down payment from the total of your purchase. Thus, the larger you can make your down payment, the lower will be your time payment charges and the smaller will be your monthly payments.

#### B. Time Payment Charges.

Time payment charges are based on the unpaid balance remaining after the deduction of your down payment from the total of your purchase. Here they are scheduled:

On unpaid balances totaling \$ 25.00 to \$ 50.00	..... \$ 5.00
On unpaid balances totaling \$ 50.01 to \$ 100.00	..... \$ 10.00
On unpaid balances totaling \$ 100.01 to \$ 150.00	..... \$ 15.00
On unpaid balances totaling \$ 150.01 to \$ 200.00	..... \$ 20.00
On unpaid balances totaling \$ 200.01 to \$ 250.00	..... \$ 25.00
On unpaid balances totaling \$ 250.01 to \$ 300.00	..... \$ 30.00
On unpaid balances totaling \$ 300.01 to \$ 350.00	..... \$ 35.00

#### C. Monthly Payments.

As is explained above, the size of your monthly payment is based upon the unpaid balance (including the time payment charge) remaining after deducting your payment from the total of your purchase. Here is the schedule:

On unpaid balances totaling \$ 25.00 to \$ 50.00	..... \$ 5.00
On unpaid balances totaling \$ 50.01 to \$ 100.00	..... \$ 10.00
On unpaid balances totaling \$ 100.01 to \$ 150.00	..... \$ 15.00
On unpaid balances totaling \$ 150.01 to \$ 200.00	..... \$ 20.00
On unpaid balances totaling \$ 200.01 to \$ 250.00	..... \$ 25.00
On unpaid balances totaling \$ 250.01 to \$ 300.00	..... \$ 30.00
On unpaid balances totaling \$ 300.01 to \$ 350.00	..... \$ 35.00

#### D. Add-On Orders.

We're always glad to add additional purchases to time payment accounts already outstanding. The additional time payment charge will be based on the amount added to the time payment contract. The charge itself will be determined from schedule B up above. The amount payable monthly, when an add-on is made, will be based on the total amount still due including the unpaid balance on the add-on. When these two are combined, the total will fall into one of the brackets indicated in C.

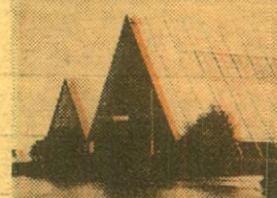

#### E. Our Action.

We've provided this information so that you will know exactly the amount you will owe. However, to help you further, we prepare a time payment schedule for you at the time we ship the merchandise. We show you the exact amount due and the dates on which the amount should be received here in Davenport. So don't let the details bother you. We'll do the figuring.
