

# SUMMER SAVINGS ARE BIGGEST AT BLACKHAWK!

Just Out!

## RADIANT'S NEW IMPERIAL CHAMPION TRIPOD SCREEN

with the new wide-angle reflective "Uniglow" fabric—  
40% more brilliant than a beaded screen—seamless  
to and including 70-inch dimensions!

This new Radiant Imperial Champion Tripod Screen is one of the first major advances in screen development for a number of years. First, it reflects far better than the standard beaded screen, and is much more efficient in reflective quality when viewed from an extreme angle. Its fine-grain "Uniglow" surface is much more desirable for slide showing than the usual beaded screen. Second, for the first time a highly-reflective screen fabric is available in widths exceeding 50-inches. Up until now, screens having both dimensions greater than 50-inches contained one or more seams. With this new "Uniglow" fabric, no seams are necessary unless both dimensions exceed 70 inches—thus a 70x70-inch screen contains no seams.

### AND LOOK AT BLACKHAWK'S MONEY-SAVING PRICES:

First Time Offered by Blackhawk!

## KEYSTONE K-105 750-watt 8mm. PROJECTOR

The lowest-priced 8mm. projector with these most-demanded features—750-watt lamp for brighter pictures; reversing control; geared film wind—both forward and reverse!

Has coated f.1.6 1-inch lens, new style lamp house with condenser removable for cleaning, safety glass heat filter, all-gear film wind—no belts, advanced designed film gate and side-sway eliminators for rock steady pictures, large size motor and blower for cool operation! Has precision-focusing switch, lateomatic switch (turns room light on when projector light goes off), 400-foot reel capacity, rheostat speed control, rapid rewind, self-locking tilt mechanism!

**Keystone K-105 750-watt 8mm. Projector, regularly \$149.50, complete with carrying case, Blackhawk bargain priced AT A \$40.00 SAVING, only \$109.50**

Deep-cut price on these

## RADIANT 7' 6" x 9' 10" FOLK-PAK SCREEN

This is a fine quality screen for use outdoors and indoors under a wide range of conditions. The screen itself is a heavy, white plasticized fabric with black border fitted with grommets for lacing to the portable tubular steel frame. It comes complete with tubular "V" fittings and both long and short legs. The long legs are for outdoor use where there is no platform or stage—the short legs for platform or stage use. The screen may also be used indoors and suspended from a ceiling using the same tubular frame. This unit comes complete with all fittings and is conveniently housed in a foot-locker type of case making transport and storage clean and easy. The unit purchased new through normal channels would sell at between \$150.00 and \$200.00. Full, well-detailed assembly instructions are shown on the under side of the case top (see illustration).

These units are extremely well-packed in wooden boxes for warehousing and storage. Because of this, we recommend freight or truck as the most economical means of transportation as they are too large to be shipped by parcel post, and are not priced on a transportation paid basis.

**Radiant Folk-Pak Screens, brand new first quality, have been Blackhawk priced at \$49.95, during our big July-August Clearance Sale, extra special at only \$33.33**

## KEYSTONE K-400 TAPE RECORDER MADE BY MAGNECORD

This is a revolutionary reel/magazine type tape recorder that permits regular recording and playback from up to 7-inch reels and in addition utilization of special clip-in magazine that permits repeat play-back from continuous 14-minute tape. Full frequency response 40 to 15,000 cycles, full 8 watts of power output from amplifier (compare this), dual speed track—1 1/4 and 7 1/2 IPS, special ceramic pencil-type microphone which is impervious to heat and moisture, electronic tuning eye, three speakers—one 6x9 woofer and two 4-inch tweeters, index counter for editing and playback, patch cord for radio-phonograph output, separate individual output for connection of external or supplementary speaker in playback, public address system or monitoring while recording; pause switch for ease in editing or dictating, five tubes!

**Keystone K-400 tape recorder, made by Magnecord, complete with tape magazine and 14-minute tape, regular \$204.50 value, July-August sale priced by Blackhawk at only \$117.77**

### NEW BLACKHAWK 2"x2" SLIDE SETS

SOUTHERN RAILWAY STEAM LOCOMOTIVES (60 black and white slides in captioned mounts). Copied from originals photographed by H. Reid in 1947, 1948 and 1949—almost sixty different steam locomotives most of which are now scrapped. Priced at only **\$4.98**

THE SONG OF INDIA (22 color slides in captioned mounts). Here is the fairy tale land of India—the Taj Mahal, palaces of the Maharajas—pictured both by day and night—the temples. Formerly these slides were contained in our set, "India, the Land of Song and Story." New improved color printing. Priced at only **\$3.49**

INDIA—THE LAND AND ITS PEOPLE (36 color slides in captioned mounts). These slides were formerly contained in our king-sized set, "India, the Land of Song and Story." Here you see the people of India—the Holy men, the Fakirs, the snake charmers, farmers, barbers, merchants, ivory carvers and other artists. A set that you could never get as good as this unless you knew India well, and spent many days and many miles in the doing. New improved color printing. Priced at only **\$5.49**

SAN FRANCISCO—FISHERMEN'S WHARF. (16 color slides in captioned mounts.) Photography on this set was done this spring. You get coverage of Fishermen's Wharf by day and by night—crab pots, fishing boats, neon signs! Priced at only **\$2.49**

SAN FRANCISCO AFTER DARK (15 color slides in captioned mounts). From the Golden Gate at twilight to Chinatown after dark—lights of the city from Telegraph Hill and Twin Peaks—neon reflections on a rainy, foggy night—a set the average traveler couldn't possibly duplicate. Priced at only **\$2.39**

Just Released in 8mm.!

## NIGHT MAIL

About 350-feet on two 200-foot 8mm. reels

Here is the thrilling story of The Night Mail—Britain's Postal Special that runs each night between London and the Scottish cities. It is edited from the sound film of the same name that is one of the most famous documentary films ever produced. It shows much of British railway operation as well as the conduct of a Postal car, which is the equivalent of an American R. P. O. car. As this two-reel 8mm. film is edited from a three-reel sound film, it is a tightly knit presentation of one of the most unique railway operations in the world. It's a film of great general interest—not one of interest alone to rail fans.

"Night Mail," about 350-feet 8mm. on two 200-foot reels, regularly \$7.98, July-August Clearance Sale priced at only.....

**\$7.47**

Another 8mm. accomplishment by Blackhawk...

## VICTORY IN NORTH AFRICA

in five 8mm. chapters!

Just as a year ago Blackhawk offered the first comprehensive 8mm. film on World War II in Europe, which has been extremely popular and well received, this winter it is our privilege to offer, through arrangement with British Information Services, a five chapter film of the campaign in North Africa from the dark days of Rommel's push back of the British into Egypt, the British victory at El Alamein—one of the classics of the war—and the developing squeeze on Rommel by Montgomery's British forces advancing along the Mediterranean from the east, and Eisenhower's American forces pushing across North Africa from the west. This will be the next step in your filling out your 8mm. motion picture history of World War II.

THE BATTLE OF EL ALAMEIN (3 reels)

PREPARATIONS FOR INVASION (2 reels)

LANDING IN NORTH AFRICA (2 reels)

THE WINTER MONTHS (2 reels)

THE VICTORIOUS SPRING CAMPAIGN (2 reels)

Entire five chapters, purchased at one time.....

**\$37.77**

Each three reel chapter (about 450-feet on 3 200-foot reels)...

**\$11.27**

Each two reel chapter (about 300-feet on 2 200-foot reels)...

**\$ 7.47**

The most ambitious production ever attempted for 8mm....

## THE TRUE GLORY

General Eisenhower Called It "Crusade in Europe"

Blackhawk's 8mm. Production of "The True Glory" is edited from the sound film of the same name which is an official motion picture production of the Governments of Great Britain and the United States.

This 8mm. version, which runs a total of fourteen 200-foot reels, is divided—for purposes of convenience and economy—into seven chapters of two reels each, the footage of each chapter ranging between 275 and 350-feet. The average running time of each chapter is 25-minutes and the total running time of the entire film approximately 3-hours.

Every foot of this definitive production was selected from millions upon millions of feet photographed by combat cameramen of the United States, Canada, France, Poland, Belgium, Netherlands, Czechoslovakia, Norway and Great Britain. Every foot is the real thing!

Here are the seven chapter titles:

PRELUDE TO INVASION

D-DAY

THE BATTLE OF THE BEACHHEAD

THE LIBERATION OF PARIS

THE PUSH TO THE GERMAN FRONTIER

THE BATTLE OF THE BULGE

FINAL VICTORY

Entire seven chapters, purchased at one time...

**\$47.77**

Each chapter, purchased individually.....

**\$7.47**

## KEYSTONE K-95 750-WATT 8mm. PROJECTOR

You'll have a brilliant show with this 750-watt projector. Precision-gear wind and heavy, die-cast construction, mean smooth, rock-steady projection. Lite-o-matic switch turns off room lights when you turn on the projector—your floor lamp plugs right into the K-95. Has rheostat control for varied speeds of projection. Projects single frames—safety glass heat filter automatically protects the film. Takes 400-foot film pack. Has self-locking mechanism that centers image precisely on screen. Comes complete with attractive carrying case. Covered by Keystone's lifetime guarantee and free service policy. Operates on both AC-DC of 110-120 volts.

Keystone K-95 750-watt 8mm. Projector, complete with case, regularly \$129.50,

## Special Blackhawk Purchase!

## KEYSTONE K-70 and K-70C PROJECTORS

From Stock of Several Big  
City Department Stores!

Blackhawk has just secured two additional lots of the best-selling Keystone K-70 (without carrying case) and Keystone K-70C (with carrying case) 8mm. projectors. This machine uses a 500-watt projection lamp, has an f.1.6 coated projection lens and a coated condenser lens. It takes up to 400-foot capacity 8mm. film reels, has rheostat speed control, has master switch to run forward with light off, forward with light on and rewind with lamp off. Twin-fan blower driven by high speed motor makes for cool, trouble-free operation. Has die-cast, one-piece frame and sturdy cast-metal base—all finished in handsome triple-coated bronze crackle finish.
