Special for Christmas!

BIG BUSINESS

with
STAN and OLLIE
and JIMMY FINLAYSON

Christmas tree salesman—in sunny California! Yes, this is one of their great ones—with peace on earth, good will to men turning into a private war with Finlayson, and almost devastating the neighborhood. Written and supervised by Leo McCarey, directed by James W. Horne and produced by Hal Roach in 1929, the last year of the silents. Now available in 16mm. for the first time.

810-66, 8mm. version, about 350-feet on 2 reels (14-ozs.) **\$9.98**

620-56, 16mm. silent version, about 700-feet on 2 reels (3-lbs.) **\$29.98**

ANGORA LOVE

Stan and Ollie, Jimmy Finlayson, and a goat that hanties the boys from Los Angeles to St. Paul.

810-76, 8mm. version, about 325-feet on 2 reels (14-ozs.) **\$9.98**

BLOCKHEADS

The original howling funny feature picture from which our 8mm. film, "Two on a Tear," was edited. See description under this latter title.

640-10, 16mm. sound version, about 2000-feet (8-lbs.) **\$89.98**

A CHUMP AT OXFORD

Stan and Ollie are cast as a hard-working pair of street cleaners who, for reasons beyond their control, capture a robber. The bank president is so grateful, he offers them a reward. But instead, they say they would like to have an education, and that they think it would be a fine idea for them to attend Oxford. They arrive at Oxford dressed in Eton jackets, and are naturally singled out as the victims of some very elaborate hazing. This, however, is only the beginning, for the campus is turned topsy-turvy, and even the Dean is involved in the melee before the merriment comes to an end.

640-26, 16mm. sound version, about 1600-feet (6-lbs.), reg. \$69.95, specially priced for the Laurel and Hardy Festival, only **\$55.55**

DOUBLE WHOOPEE

Mr. L. and Mr. H.—and Jean Harlow, too! A choice Laurel and Hardy number with our boys as hotel doormen. And who should get out of a Yellow Cab but Jean Harlow! And who should close the door on the train of her dress but Mr. L.!!

620-4, 16mm. silent version, about 600-feet on 2 reels (2-lbs.) **\$29.98**

810-49, 8mm. version, about 300-feet on 2 reels (14-ozs.) **\$9.98**

GOING BYE BYE

Tough guy, Walter Long, is sent up for life as a result of evidence presented to the court by Stan and Ollie. But Stan talks once too much as sentence is about to be pronounced, saying: "He ought to be hung!" Long vows no bars can hold him, and that he'll get Mr. L. He does get loose, and things really get into gear—great on action, suspense and laughs!

640-18, 16mm. sound version, about 700-feet (3-lbs.) **\$29.98**

GOOFS OF THE GOLDEN WEST

Adapted from their feature picture, "Way Out West," this is one of our best 8mm. releases with Mr. L. and Mr. H. It's the story of the boys' search for the daughter of an old prospector friend who dies after making a big gold strike. They get mixed up with Mickey Finn, saloonkeeper, in whose care has been left the daughter, Mary... Lola Marcel, one of the dancehall girls who poses as Mary... and finally they figure it out. In the meantime, the laughs have been big and frequent.

810-110, 8mm. version, about 500-feet on 3 reels (2-lbs.) **\$13.98**

THE LIVE GHOST

The captain of a ghost ship sells the boys on the idea of a little collaboration on a small job of Shanghaiing—and Stan and Ollie end up by being Shanghai'd themselves. Shiver me timbers!

640-19, 16mm. sound version, about 800-feet (3-lbs.) **\$29.98**

810-98, 8mm. version, about 500-feet on 3 reels (2-lbs.) **\$9.98**

THE MUSIC BOX

"THE MUSIC BOX" WON THE ACADEMY AWARD AS THE BEST COMEDY SHORT SUBJECT OF 1932!

We think this is the funniest this great comedy team ever turned out. It's their adventures as piano movers—delivering a new piano to Professor Billy Gilbert who lives up a flight of ever so many stairs on top of the hill.

640-19, 16mm. sound version, about 1000-feet (5-lbs.) **\$39.98**

810-148, 8mm. version, about 550-feet on 4 reels (2-lbs.) **\$15.98**

NIGHT OWLS

In addition to Stan and Ollie, cast as a couple of transients who spend their nights on park benches, there's Edgar Kennedy as the cop on the beat! Kennedy is having trouble with the chief, and Stan and Ollie agree to become burglars to help him out. You can imagine—they're a BIG help!

640-14, 16mm. sound version, about 800-feet (3-lbs.) **\$29.98**

810-121, 8mm. version, about 325-feet on 2 reels (14-ozs.) **\$9.98**

Blackhawk Films
DAVENPORT, IOWA

OLIVER THE EIGHTH

Stan and Ollie are barbers in this one—both with a yen to marry a rich widow. So they start corresponding—at least Ollie does, for he ducks Stan's letter in the waste basket. But the rich widow is a vampire-like creature, very well played by Mae Busch, who is out to do away with everyone by the name of Oliver—and our Ollie is the eighth. It's a good one!

640-20, 16mm. sound version, about 950-feet (5-lbs.) **\$39.98**

SAPS AT SEA

Stan and Ollie are testers in a horn factory. They tune up D-flat horns all day long. Oliver goes berserk. The doctor diagnoses the trouble as a severe case of hornophobia, and prescribes a diet of goat's milk and a sea voyage. Since Oliver gets seasick, the boys decide to hire a boat that isn't seaworthy, and not leave port, thereby benefitting from the sea breezes without battling with the sea. As usual, their plans do not work out. The goat they've taken along chews the mooring rope and they drift out to sea. A stow-away is discovered who turns out to be an escaped convict. From there on, things come thick and fast!

640-25, 16mm. sound version, about 2100-feet (8-lbs.) **\$89.95**

810-221, 8mm. version, about 900-feet on 6 reels (3-lbs.) **\$24.98**

SCRAM

In this one the boys are a couple of "vagrants" ordered by the judge to leave town within an hour—or else. But they get mixed up with Arthur Hausmann—one of the screen's most plastered men-about-town—and are invited to spend the night with him at his mansion. Only it isn't—it's the judge's! We leave it to you!

640-16, 16mm. sound version, about 800-feet (3-lbs.) **\$29.98**

810-147, 8mm. version, about 300-feet on 2 reels (14-ozs.) **\$9.98**

THICKER THAN WATER

Ollie is married to Daphne Pollard and Stan is their star boarder. Scotsman Jimmy Finlayson owns the furniture store, and Ollie and Daphne are making weekly payments. It's a much-mixed-up mess when Daphne gives Ollie the money to make the week's payment. Ollie gives it to Stan to pay for him. Stan gives Ollie back the money to pay his week's rent. Ollie gives the dough to Daphne and Jimmy walks in demanding the money that is due him. But it's more mixed up, when Stan talks Ollie into withdrawing his savings from the bank and paying off the furniture bill in full—because instead of doing this, Ollie gets roped into bidding on a grandfather's clock. And, grandfather, is that something!

640-22, 16mm. sound version, about 700-feet (3-lbs.) **\$29.98**

THEM THAR HILLS

The doctor—Billy Gilbert—orders Ollie to the mountains for a complete rest. Too much "high living" has brought on a bad attack of gout. The boys rent a trailer and move in on a "camp ground" just vacated by moonshiners. And what's in the well—well, "It's the iron in it!" Very very funny!

640-21, 16mm. sound version, about 700-feet (3-lbs.) **\$29.98**

810-139, 8mm. version, about 450-feet on 3 reels (2-lbs.) **\$13.98**

TIT FOR TAT

Stan and Ollie are all set to open an electrical appliance store right next to Charley Hall's grocery. And as a result of "Them Thar Hills", Charlie just loves the boys. Stan and Ollie try to be nice, but one thing leads to another until we have retaliation of the first magnitude. And while all this is going on, there's some plain and fancy shoplifting taking place in the unopened electrical shop. Tops!

640-23, 16mm. sound version, about 700-feet (3-lbs.) **\$29.98**

810-178, 8mm. version, about 300-feet on 2 reels (14-ozs.) **\$9.98**

TOWED IN A HOLE

Stan and Ollie are fish peddlers, doing just fine—that is, until Stan has the bright idea of doing away with the middle man. That's where the boys set out to buy a boat from Billy Gilbert so that they can catch their own. Very funny!

640-17, 16mm. sound version, about 800-feet (3-lbs.) **\$29.98**

810-101, 8mm. version, about 500-feet on 3 reels (2-lbs.) **\$13.98**

TWO TARS

Stan and Ollie are members of Uncle Sam's great Navy—ashore at San Diego for a few days. The first thing they do is to rent a car—a Model T roadster—and set out to make the acquaintance of two nice girls—which they do. They then get mixed up in a traffic jam with a lot of cars of 1920-vintage, and end things up by wrecking just about every car in sight. Real silent slapstick! Edgar Kennedy is in it, too!

620-20, 16mm. silent version, about 850-feet on 3 reels (3-lbs.) **\$39.98**

810-73, 8mm. version, about 425-feet on 3 reels (2-lbs.) **\$13.98**

TWO ON A TEAR

Here's our first 8mm. feature release—cut from Stan and Ollie's feature, "Blockheads". It's the story of Private Laurel, so dumb he didn't know when to come out of the trenches—found twenty years later when he tried to machine gun a low-flying French plane. Back in the States, his old buddy, Oliver Hardy, sees his picture in the paper, and goes around to see him at the Soldiers' Home. For his own good, Ollie shouldn't have done it! The association wrecks his car, ruins his garage and breaks up his home! But for the audience, it's one big laugh after another!

810-107, 8mm. version, about 550-feet on 4 reels (2-lbs.) **\$15.98**

WAY OUT WEST

The original feature picture from which our 8mm. film, "Goofs of the Golden West", was edited. See description under this latter title.

640-11, 16mm. sound version, about 2400-feet (9-lbs.) **\$89.98**

WE FAW DOWN

Stan and Ollie try to get away from their wives to go to the Orpheum Theatre—which happens to be a poker game with the boys. During the game, however, there's a news report that there has been a fire at the theatre—only the boys don't get the news. It's much hotter, therefore, when they return home!

810-77, 8mm. version, about 325-feet on 2 reels (14-ozs.) **\$9.98**

WRONG AGAIN

Stan and Ollie confuse "Blue Boy"—the famous painting—with "Blue Boy"—the famous race horse. You can't imagine putting a horse on a grand piano—but the boys succeed.

810-72, 8mm. version, about 300-feet on 2 reels (14-ozs.) **\$9.98**

EARL CLARK'S WORLD ELECTRIC LINES —EUROPE

NEW BLACKHAWK 2"x2" COLOR SLIDE SET
PHOTOGRAPHED BY EARL CLARK

Photographed in the summer of this year, this extremely colorful and sometimes spectacular color slide set, will be of interest not only to railroad and "juice" fans, but will appeal too to the traveler, for it contains some excellent supplementary travel material. It pictures city trolleys in several countries of Western Europe—Switzerland, Germany, Belgium, France, Portugal, Italy and Spain—and in addition shows a number of the inter-city electric lines operating there in much the same fashion of our American interurban lines of a generation or two ago. This is an outstanding set, beautifully photographed, and one that we can highly recommend.

250-280, 30 2"x2" color slides, 5-ozs. **\$4.49**

Here's a colorful 2"x2" slide set of the little railroad on the edge of the Sierras in central California that is repeatedly used in location work by the Hollywood motion picture and television producers. Shown in action are the road's several steam locomotives, and a borrowed Shay from one of the nearby logging railroads.

YELLOWSTONE EARTHQUAKE AREA

NEW BLACKHAWK 2"x2" COLOR SLIDE SET
PHOTOGRAPHED BY LEROY STRICKLAND

During the 1960 travel season, the area just west of Yellowstone Park proper where the spectacular and devastating 1959 earthquake occurred was visited by thousands of tourists. The National Park Service has posted markers at the various spots, giving background information about the quake. Our new slide set has some of the principal markers in close-up, and shows most of the major changes wrought by the earthquake such as the 500-ton dolomite boulders that formed the mountain that fell into the canyon; Earthquake Lake, formed by the quake; Hedden Lake—changed by the quake; Route 287, part of which is now at the bottom of the lake; cracks in the earth; warped fences; the fault line where the earth dropped from five to twenty feet. An excellent supplementary set to tie in to your slides on Yellowstone.

The color slides making up these four sets were photographed on the same tours and offer a first hand view of the people and places, manners and customs, of this country whose rulers dominate the Communist world, and would like to make their dominance all-inclusive.

THE SENSATIONAL NEW YASHICA 8-EEI 8mm. MOVIE CAMERA

with super fast
f:1.4 lens and
long-lived mercury
battery powered
automatic
electric eye

The 8mm. camera offers a range of ASA settings from 10 to 50, with the electric eye cross coupled to the ASA dial and the diaphragm. Another unusual feature is the viewfinder, which is actually a one-way mirror. Seen from the front, it appears to be a conventional mirror. When viewing, the mirror affords glare-free vision, with an automatic pointer coupled to the meter indicating the f-stops and the "safe" shooting range. When the pointer falls outside the red-line zone, it indicates too-little or too-much light for proper exposure.

The camera has a single fixed-focus lens, a super-fast f:1.4 Yashinon 10mm. normal for movie making under all conditions, especially indoors without distracting spotlights. The single speed is 16 frames.

All of the famous Yashica features are included in the 8EEI: Drop-in sprocketless spool loading for trouble-free picture making; an automatic reset footage counter; single frame for special effects; and a governor-controlled wind with rundown stop.

DONNER PASS
 Up into the spectacular Sierras and over what has been one of the toughest stretches of railroading in the United States. We see heavy freights with 4-unit diesels on the head, another 4-unit locomotive cut into the train—just moving up the grade toward Norden. Snowsheds . . . Cape Horn . . . the Overland!
 815-4 (8mm. color) 810-159 (8mm. B&W)

SAN FRANCISCO'S CABLE CARS
 Both the Powell and California cable car lines—both from the outside as well as from aboard a car. In addition, we go inside the power house where the cables are propelled, and to the car barns to see how the cars are placed in service.
 815-2 (8mm. color) 810-153 (8mm. B&W)

SOUTHERN PACIFIC—FROM SAN FRANCISCO BAY TO ROSEVILLE
 Here is that most interesting section of the Southern Pacific from Oakland—east, north and south—comes in for a close-up look by our camera. Trains shown are the San Joaquin Daylight, Shasta Daylight, El Dorado, Cascade, Overland, City of San Francisco and the Klamath. Several of the important trains are shown in both the eastbound and westbound sections.
 815-6 (8mm. color) 810-166 (8mm. B&W)

SOUTHERN PACIFIC STEAM LOCOMOTIVES
 Here, in the operational area fanning out east of Oakland, we see some excellent examples of Southern Pacific steam power—the Daylight; two 4-8-4s on the Owl and the San Joaquin Daylight, 0-6-0 switchers, 2-8-0 Consolidations, a cab-in-front articulated on a westbound freight, 4-6-2 Pacific on the El Dorado, and a scattering of other units. All steam.

ON THE NIGHT STAGE

with

WILLIAM S. HART

Bill Hart's first feature picture, produced by Thomas H. Ince in the winter of 1914-15 and released to the nickelodeons in the spring of 1915.

His first screen appearance had been in the two-reeler, "Two Gun Hicks", which Ince had produced early in 1914. Other two-reelers followed at frequent intervals, and Hart quickly developed a tremendous following at the nickelodeon box offices. By the end of 1914, Ince decided to cast Hart in this five-reel feature, written by C. Gardner Sullivan and to be directed by Reginald Barker.

But features were a new thing and cost a lot of money to produce. Ince had no intention of risking only moderate success. So, even though Hart had become extremely popular in a matter of months, first and second player credits were given to Robert Edson and Rhea Mitchell who had been appearing in the movies for a somewhat longer time, and were well-known to the movie-going public.

Bill Hart is cast as a road agent, Rhea Mitchell as the dance hall girl he hopes to marry, Robert Edson as the sky pilot, just arrived in the frontier town. And, Herschell Mayall as the sporting gambler and ladies man. "On the Night Stage" is presented in its original five reel form, with original main and text titles intact. Your print will look just as the film did when it flashed onto theatre screens across the country in the spring of 1915 as a "Mutual Master Picture".

810-240, 8mm. version, about 1000-feet on five 5-inch reels (3-lbs.) \$24.98

620-57, 16mm. silent version, about 2000-feet on five 7-inch reels (7-lbs.) \$99.98

EASY STREET

with

CHARLIE CHAPLIN

and EDNA PURVIANCE

Perhaps the top comedy of the top period of Chaplin's career, made by the Lone Star Film Co. for distribution by Mutual in early 1917. Charlie is seen in the opening of the film in his character of the pathetic little tramp, almost down and out, in one of the worst sections of a big city. He stops in at a rescue mission in order to get something to eat, and is "saved" in the process.

The rescue mission is near Easy Street: the toughest block in town. The neighborhood characters knock off policemen as fast as they can be recruited for the force. The Chief is about down to his last man when who should appear on his doorstep but Charlie. And through a combination of surprising circumstances who should tame the bulky of Easy Street but Officer Charlie.

But Charlie still has a yen for the lovely blonde girl who befriended him at the rescue mission, and with peace reigning at last in the vicinity, the romantic future looks promising.

OUR DAREDEVIL CHIEF

with

FORD STERLING

and

THE KEYSTONE COPS

Here's a collector's item for the 1915 Keystone period that's 100% typical of these famous comedies of that period. Ford Sterling is the chief of the Keystone Cops who has a passion—not so secret—for the wife of the mayor. But the mayor gets wise, and Sterling is put in just about as an embarrassing position as a Keystone Cop could ever be embarrassed. There's all sorts of devilry afoot too—with Al St. John cast as a small time thug who keeps trying a blow something up. By the end of the film—pandemonium is reigning just as you'd expect it to in a vintage Keystone Comedy!

FIVE MIDWESTERN RAILROADS in the Days of Steam

Photographed by Gene Miller from the mid-1930s until the early 1950s, this film pictures some of the outstanding locomotives of different midwestern roads—all in action! Shown are some of the Milwaukee's Hiawatha-type Atlantics; two Milwaukee Hudsons; and Pacifics and Consolidations; a Rock Island Mountain-type; a Northern and a Pacific; a Chicago Great Western Mikado and two of the Great Western's Texas-type; two North Western Northerns; two Pacifics and a ten-wheeler; and four Burlington Northerns and a Pacific. Absolutely jam-packed with a top selection of steam power.

810-138, about 150-feet, 8mm., 9-ozs. **\$5.98**

620-54, about 300-feet, 16mm., silent, 1-lb. **\$19.98**

AN EDISON ALBUM

An outstanding film for collectors containing many of the prize examples of Edison's early production activity:

THE KISS (1896) with May Irwin-Frank Rice
THE OLD MAID IN THE DRAWING ROOM (1900) with Gilbert Sarnoy

STREET CAR CHIVALRY (1901), one of the first examples of screen narrative

ROMANCE OF THE RAILS (1902), Edwin S. Porter's film made for the Delaware, Lackawanna and Western Railroad—the first advertising motion picture

RESCUED FROM AN EAGLE'S NEST (Excerpt, 1907), featuring D. W. Griffith in what was not only his first screen appearance, but his first contact with the exploding movie industry.

810-132, 8mm. version, about 175-feet (11-ozs.) **\$4.98**

Cheesecake of 1904

FOLLIES, FOIBLES AND FASHIONS, 1903-1905

Here is a collection of priceless bits of Biograph production from the years 1903, 1904 and 1905. In then eye-popping items as THE CORSET MODEL (1903), A NIGHT AT THE HAYMARKET (1903), A FIRE IN A BURLESQUE THEATRE (1904), AIRY FAIRY LILLIAN TRIES ON HER NEW CORSETS (1905), FROM SHOW GIRL TO BURLESQUE QUEEN (1903), A BUSY DAY FOR THE CORSET MODELS (1904) and TROUBLES OF A MANAGER OF A BURLESQUE SHOW (1904).

This group was copied from 35mm. paper positives in the Library of Congress and presents very representative examples of a subject area in which Biograph excelled at the particular time. Extremely daring in their day, these units, produced primarily for viewing on the coin-operated Matoscopes in the Main Street arcades across the country, are amusing and entertaining examples of the "Follies, Foibles and Fashions" of a long-ago era.

810-192, 8mm. version, about 150-feet, 11-ozs. **\$5.98**

620-9, 16mm. silent version, about 300-feet, 2-lbs. **\$19.98**

TITANIC!

The Titanic was a ship of the White Star Line which sank, April 15, 1912, on her maiden voyage from Southampton, after striking an iceberg 1,600-miles northeast of New York City. 1,517-passengers and crew members lost their lives, and 706-persons were rescued from lifeboats and from the sea by the Carpathia. Its sinking was the greatest peacetime marine disaster, and the biggest news headline of 1912.

While there were no formal newsreel organizations in 1912, many production companies did cover special events on an individual basis. Apparently some pioneer producer (or opportunist) took advantage of the situation to cash in on the tremendous public interest in the Titanic tragedy by compiling this film, most of which is thought to be authentic. Exterior and interior views of the Titanic are shown with what purports to be the ship's departure from Southampton on her maiden trip. Some of the survivors rescued by the Carpathia are also shown.

LOVE, SPEED and THRILLS

with

**MACK SWAIN as Ambrose,
and CHESTER CONKLIN
as Walrus**

and

THE KEYSTONE COPS

"Love, Speed and Thrills" is a Mack Sennett-Keystone Comedy of early 1915. It is a rollicking and rowdy concoction in the true Sennett tradition. Mack Swain leaves his ever-loving wife one morning to head for work; Chester Conklin is hunting in the neighborhood and tries to pick off someone's pet cat. The cat turns around and chases Chester, and he ends up hanging from a vine over the Pacific palisades—from which point Mack rescues him and takes him home. Leaving Chester in his wife's care, Mack again heads off for work—but he underestimates Chester, the little old rascal, who makes a play for Mack's wife, only to have her repulse him. Then, Chester decides to kidnap her, which he does with a side-car motorcycle. Mack somehow gets into the act on horseback—the Keystone Cops get into the act on foot—and it all leads to a riotous finish!

THE GREAT TRAIN ROBBERY

The famous Edison film of 1903—and one of the first story motion pictures. It just happens that it has a lot to do with railroads—and a 4-4-0 locomotive of the day and some choice open-vestibule wooden coaches are very much in evidence.

The story unfolds of "The Great Train Robbery", as produced by Edwin S. Porter, put it years ahead of its time, and few other films came close to it until Griffith's days with Biograph which began five years later.

D. W. Griffith's THE LONEDALE OPERATOR

with **BLANCHE SWEET**

A slightly abridged version of one of D. W. Griffith's most famous Biograph productions—and one of the earliest this pioneer company made on the West Coast. It offers many innovations (for its time) in production techniques, and is a special collectors' item for that reason. For rail fans, it has some excellent shots of Santa Fe American-type locomotive No. 9, a unit built in the 1870s and which was scrapped by the Santa Fe in Topeka in 1914. And it has quite a bit of flavor of railroading of the day.

DAINGEROUS FEMALES

with **MARIE DRESSLER
and POLLY MORAN**

The only production in which Marie Dressler and Polly Moran ever appeared as a team other than the many films in which they starred for MGM. This two-reel comedy was produced in 1929 by Al Christie and distributed theatrically by Paramount. It's absolutely typical of Dressler and Moran—broad and funny. For its day the recording was excellent, and the speech is completely intelligible. For what it was, and what it is, we highly recommend it.

Projector prices are exclusive of transportation and projectors, because of weight, are not mailable. Railway Express is usually the most satisfactory method of shipment, but we'll be glad to ship by freight—either rail or truck—if you request. A \$25.00 deposit is required on C.O.D. shipments of projectors to guarantee transportation charges.

POSTAGE CHARGES
Blackhawk Films' prices do not include postage. Shipping weights are now given with each item and you can compute the approximate total weight and postage charges by referring to the postage table given below. While weights of a single shipment to virtually all post offices in continental United States are limited to 20 pounds, shipments to the states of Alaska and Hawaii may run as heavy as 70 pounds. These two states are in the eighth zone, and Blackhawk customers can approximate the correct postage to remit by figuring 18¢ per pound for each pound above twenty. The same formula applies to all U. S. Territories and Protectorates.

Customers ordering films for shipment to points in the State of Iowa must also add 2% for the State Sales Tax.

Except where noted, Blackhawk will gladly make shipments of merchandise on a C.O.D. basis to any point in the United States. However, on C.O.D. shipments, the purchaser pays all transportation charges, insurance and C.O.D. fees, and money order fees, in addition to the cost of the merchandise. Because of the weight involved, we will not forward projectors on a C.O.D. basis unless a deposit of \$25.00 is enclosed to guarantee transportation charges.

None of the motion picture prints offered herein, with the new design, may be used for television or theatrical purposes, as these rights are specifically reserved. All new 16mm. and 8mm. short subject prints (except our Laurel and Hardy comedies, Hymnals and Songbooks of the Screen) may be shipped by us to any destination in the world. Certain feature picture prints, both used and new, and a few short subjects on which used prints are available, are restricted as to the territories in which they may be used.

Customers in the United States (excluding Alaska, Hawaii and other territories) may now purchase anything listed by Blackhawk on convenient time payments. Special time payment order blank is printed in all odd-numbered issues of the Blackhawk Bargain Bulletin. Furthermore, our convenient add-on payment service is available to those of you already having satisfactory time payment accounts in operation. (See "D," below.)

Below are the minimum down payments required based on the total amount of your purchase.

On orders totaling \$25.00 to \$50.00	\$ 5.00
On orders totaling \$50.01 to \$100.00	\$10.00
On orders totaling \$100.01 to \$150.00	\$15.00

On orders totaling \$250.01 to \$300.00	\$30.00
On orders totaling \$300.01 to \$350.00	\$35.00

The amount of your time payment charge and the amount of your monthly payment is determined by the unpaid balance remaining after we have deducted your down payment from the total of your purchase. Thus, the larger you can make your down payment, the lower will be your time payment charges and the smaller will be your monthly payments.

Time payment charges are based on the unpaid balance remaining after the deduction of your down payment from the total of your purchase. Here they are scheduled:

On unpaid balances	totaling	\$25.00	to	\$50.00	\$ 5.00
On unpaid balances	totaling	\$50.01	to	\$100.00	\$10.00
On unpaid balances	totaling	\$100.01	to	\$150.00	\$15.00

On unpaid balances	totaling	\$300.01	to	\$350.00	\$35.00

As is explained above, the size of your monthly payment is based upon the unpaid balance (including the time payment charge) remaining after deducting your payment from the total of your purchase. Here is the schedule:

On unpaid balances totaling \$25.00 to \$50.00	\$ 5.00
On unpaid balances totaling \$50.01 to \$100.00	\$10.00
On unpaid balances totaling \$100.01 to \$150.00	\$15.00
On unpaid balances totaling \$150.01 to \$200.00	\$20.00

On unpaid balances totaling \$300.01 to \$350.00	\$35.00

We're always glad to add additional purchases to time payment accounts already outstanding. The additional time payment charge will be based on the amount added to the time payment contract. The charge itself will be determined from schedule B up above.

The amount payable monthly, when an add-on is made, will be based on the total amount still due including the unpaid balance of the original account plus the unpaid balance on the add-on. When these two are combined, the total will fall into one of the brackets indicated in C.

We've provided this information so that you will know exactly the amount you will owe. However, to help you further, we prepare a time payment schedule for you at the time we ship the merchandise. Shipping weights are given on all mailable merchandise so that you can remit approximate postage charges with your order. Just add up shipping weights on all items to be shipped by Parcel Post and figure total pounds (16 ounces to a pound).

We are in the process of cutting zone indicators in all address plates. If your copy of this bargain bulletin is plate addressed, look for an indicator in the lower right corner keyed: Z-2, Z-3, Z-4, etc., etc. The numeral after the Z indicates your parcel post zone from Davenport. If your plate is not yet keyed, the general index at the right will give you approximate zone information which may be tentatively used.

Then, having determined the total shipping weight of your order and the zone in which you are located from Davenport, refer to the table below to determine the amount of postage to include when placing your cash order. (There is no need to figure this in advance on C.O.D. or Time Payment orders as actual postage charges will be billed to you.)

We will send credit voucher for any overpayments of postage which may be applied on your next order.

THE MOST FAMOUS CHRISTMAS FILM EVER MADE "THE LITTLEST ANGEL"

To the gates of Heaven came a small and very lonely little angel who, though he tried hard to look and act like a good angel should, just couldn't seem to stay out of trouble. Then one day, the kindly old Understanding Angel granted the Littlest Angel's wish and from that day on, the cherub's conduct and appearance were above reproach. Finally came the time when Jesus was to be born. All the angels of Paradise busied themselves with the preparation of their costly gifts. Yet, it was the gift of the Littlest Angel that was chosen to shine as an inspiration for all men.

THE DAYS OF STEAM ON THE L. & N.

Photographed by Gene Miller from the mid-1930s until the late 1950s, this comprehensive film dealing with the L. & N.'s steam power shows in action most of the road's steam locomotive types that were in use from the early days of the century until the end of the era of steam. We think, perhaps, that we've ended up with a subject that may be even superior in coverage to our similar film on the Pennsy, "Ten Wheeler to Duplex."

Shown in "The Days of Steam on the L. & N." are several different series of Consolidation-type locomotives; a number of the road's Pacifics, including individual locomotives that were streamlined late in the 1930s; switchers of the 0-6-0 and 0-8-0 variety; Mikados in both freight and passenger service, and the L. & N.'s 400-series Mountain-type locomotives. Many extremely effective action shots are included, particularly those on the Ohio River bridge, and approaches to the bridge, between Evansville, Indiana, and Henderson, Ky.
