All films listed in Blackhawk's Bargain Bulletin are good used normal image 16mm. sound prints unless otherwise indicated. Cartoons average about 250 feet to a reel; other one reelers run 300 to 350 feet. Two reelers usually contain about 650 feet and longer subjects normally average not less than 300 feet to a reel.

The 100' 16mm. musical films identified as "R-I" are used prints of productions made originally for projection in Panoram coin-operated machines by such companies as R. C. M. (Roosevelt, Coslow, Mills); Globe; Cameo; Minoco; Filmcraft and Phono-view. The pictorial image is reversed on the screen when compared to normal 16mm. prints. However, with most of these subjects the only point where this is noticeable is in the main title which, when projected as a normal 16mm. print, appears reversed on the screen.

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit losses, and by operating our organization at the utmost efficiency. Blackhawk prices do not include postage except in a few instances where films are shown as "postpaid" at the prices listed. On C. O. D. shipments, postage will be collected along with the cost of the films. However, if you wish to remit in full with your order, you may include the following amounts to cover packing, postage and insurance, irrespective of your location in the United States:

Shipment of nine or ten 400' reels	70c
Shipment of eleven or twelve 400' reels	80c

On many classes of films listed here, additional savings can be made by ordering six, twelve or more prints at a time. Three Children's Films

Here are three unusual one reel 16mm. sound films which have been produced by utilizing some one hundred sketches produced originally for filmstrips. Movement has been given by zooming and panning and through the use of montage. The result is quite effective — and the price little more than the cost of a silent filmstrip.

Each film is almost a full 400' in length, 16mm. sound. All prints are brand new, first quality, and in their original cartons. Made to sell originally for \$21.00 each, our prices are typical of the big bargains you can expect from Blackhawk.

IVANHOE — Scott's famous story of knights and maidens and daring deeds.

TREASURE ISLAND — The well-loved children's story. Follow Jim Hawkins on his voyage with the pirate band to find the long-lost treasure and encounter thrilling adventures.

THE THREE MUSKETEERS — D'Artagnan and his three Musketeer friends come to the screen to help the Queen of France outwit her enemies' infamous plans.

BLACKHAWK'S POPULAR PACKAGE

each contain three 100 ft. 16mm. used R-1 Musical Films

Here is another money-saving Blackhawk Special! These Popular Packages offer savings from 15% to 45% of what you would pay if you bought each film individually.

These packages are each made up of three units - either three numbers performed by the same artist (as in the VINCENT LOPEZ package) or three numbers with similar performers (as in the PICKIN' THE STRINGS package). There may be occasional substitutions without notice because our stock of one particular subject has been exhausted. However, all substitutions will be of similar subject matter and of equal or greater value.

These films are selected from our stock of R-1 sound films and are productions of some of the outstanding 16mm studios. They were prepared for projection through Panoram machines, so when you project them with an ordinary 16mm. sound projector they will show in reverse from the usual film. However, the only place this is ordinarily be noticeable is in the titles, which will appear backwards on your screen. For most purposes, this makes little or no difference.

These films may be used for any theatrical, non-theatrical or commercial purpose, except that they may not be televised.

DE LUXE PACKAGES of USED 100' 16mm. R-I SOUND MUSICAL FILMS

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually, the only place you will notice any difference is in the titles—the lettering will appear backwards on your screen. For many uses, the titles may be removed.

Blackhawk offers you a saving in these packages of related films of 40% to 50% from the price you pay when buying them individually.

There may be, without notice, occasional substitutions of one or more titles in any package because we are tem-

porarily out of stock on a particular film. However, assure you that any substitutions will be of similar type and of the same or greater value.

In these DeLuxe Packages, you may replace not more than two units in one package with units of your selection if the package consists of twelve or thirteen units. Packages of three or six units, one unit may be replaced. The charge for each replaced unit is \$1.00. For example, you may substitute two units in a \$13.95 package and your total cost will be \$15.95; or one unit in a \$9.95 package to make your total cost \$10.95. In this way, you can take advantage of the special package prices without duplicating films you already own. Replacements must be made at the time you place your original order.

USED FEATURE PICTURES

This listing of good used feature pictures is, to the best of our knowledge, the biggest and most varied list of such titles ever offered in 16mm. sound. Many of these titles have previously been available on lease only and, under special license, are available on a purchase basis only from Blackhawk. Even a few features in full color are included in the list.

All of these features are complete and in good condition. Naturally, some prints have seen more use than others. However, all have been hand inspected, have good sprocket holes, and are free from an excessive number of splices. They are assembled on 1600' capacity reels and have adequate lengths of leaders and trailers.

On many titles we have but a single print remaining on hand — on others we have as many as six or eight prints in stock. In making a selection, we urge you to give second and third choices wherever possible. We'll send them only when your first choices have already been sold.

You can save money by ordering features in quantity. On for six or more feature prints taken from the following list, take a discount of 5% from our already low prices — on 10 or more prints, 10%.

Many moderate size film libraries across the country do not have the Blackhawk for certain of their feature requirements. Blackhawk, you know, takes in good used 16mm. sound features and subjects at substantial allowances. Generally, the allowance on a feature is about two-thirds of our anticipated re-sale price. The feature which we would expect to sell at \$39.95, your price would be in the neighborhood of \$25.00. Any good 16mm. feature — whether obtained from us or not — will be accepted in exchange for other material on such a basis. Thus, it is an inexpensive matter to keep libraries supplied with a constant supply of titles as frequently as rental requirements necessitate. You can use a feature picture for a matter of months at what would be an exchange fee of \$15.00 or \$20.00 — and we guarantee your satisfaction.

Incomplete 100' 16mm. Sound Lengths of Features, Serials, Shorts

In past years, our stocks of these 100' 16mm. sound length feature pictures, Westerns, serials, comedies, travel films, and documentary subjects, sport films informational films, and films of many types were gobbled up as fast as we offered them. Now we have perhaps the biggest stock we've ever been able to offer at one time.

These lengths are incomplete, start anywhere and end anywhere but are consecutive in themselves — not a lot of short scenes together. They are not identified either individually or as to groupings. Thus, there is no way we can fill an order for 5 "Western" lengths, or so many "travel" lengths, or any quantity of any type. All footage is regular image material (no Sound Musicals are included) and all is in good runnable condition.

While our stock lasts, you may buy an assortment of the lengths of these incomplete 16mm. sound films, postage extra, only **10¢ per length** from **Hugh H. Hejner Moving Image Archive**.

Or, by buying twice as many — an assortment of six — you get postage extra, for but **12¢ per length**.

And, if you want to shoot the works and take a dozen, your best price yet. Twelve 100' lengths cost, postage extra, only **12¢ per length**.

BIG CLOSE-OUT SALE!

He was held prisoner in the Philippine Islands for over a year, then was removed to Japan and remained in prison camps there until he was freed in September, 1945. Following his discharge from the army, he entered the School of Journalism of the University of Iowa. He received his degree in February, 1950, and immediately thereafter joined the staff of Eastin Pictures as Advertising Manager. He comes to Blackhawk from that position.

Glen Mattie, former manager of Blackhawk, is now Accounting Manager for Eastin Pictures, parent organization of Blackhawk Films.

BLACKHAWK MOVES

Since the incorporation of Blackhawk Films in the autumn of 1949, we have been located in the Grampp Warehouse at 320 East Fourth Street in Davenport. Steady growth, and the need for more adequate office space has made a change of location desirable for a matter of months. We finally have been able to maneuver a sufficient amount of space in the Putnam Building in Davenport (where the main office of our parent company, Eastin Pictures, is located) and Blackhawk is now operating from that location.

When any of you are in Davenport, you will find us at 614 Putnam Building, which is located on the northeast corner of Second and Main Streets — Davenport's busiest downtown corner. We are open Monday through Friday from 8:30 A.M. to 4:30 P.M. Our phone number stays the same — 7-9394.

CATALOGS BY AIR MAIL?

The only way it is economically possible for us to distribute our monthly catalogs is by third class mail. However, the speed at which this class of material travels and is delivered varies tremendously. We frequently have indications of catalogs being delivered on both the Atlantic and Pacific coasts within three or four days of mailing time — and we sometimes hear of instances where a nearby customer may not receive his copy for a week. But, the greatest delays generally occur at the greatest distances.

Several of our customers on the Pacific coast have asked us whether or not we could forward our monthly catalog — at their expense — by air mail. Our list has grown to such proportions that it's physically impossible to give any special handling to just a few accounts — but the thought has occurred to us that if enough of our customers in the East or West would be interested in subscribing to air mail delivery of catalogs, it might be possible for us to offer the service.

Therefore, any of you at distant points where air mail would be a distinct saving in time, who would be interested in subscribing to air mail delivery of our catalogs — probably at the cost of \$1.00 for four issues — should write us of your interest. If we hear from a great enough number, and can satisfactorily work out the mechanical problems of such a service, we may decide to offer it. But, it is not yet available — so don't send us any air mail money now. Just write us a post card and say you would be interested in air mail delivery of your catalogs if the cost did not exceed 25c an issue. You'll get a report in an early edition of our Bargain Bulletin.
