A NEW LOW IN PRICES FOR *New 16mm. Sound* FILMS

Look at these prices — and then sit right down and write out your order. These are all brand new 16mm. sound prints. The 2-reel films are supplied to you in film cans, the 1-reel films in cartons or cans. These films were originally priced up to \$30.00 for the 1-reelers, and up to \$60.00 for the 2-reelers. At our low prices you can buy these prints at only 30% to 40% of their original prices.

On some of these titles we have a good inventory; on others, we have only one to four prints. Better get your order in early; we hate to have to disappoint customers by not having prints left by the time their order arrives.

Read This Before You Order!

All films listed in Blackhawk's Bargain Bulletin are good used normal image 16mm. sound prints unless otherwise indicated. Cartoons average about 250 feet to a reel; other one reelers run 300 to 350 feet. Two reelers usually contain about 650 feet and longer subjects normally average not less than 300 feet to a reel.

The 100' 16mm. musical films identified as "R-I" are used prints of productions made originally for projection in Panoram coin-operated machines by such companies as R. C. M. (Roosevelt, Coslow, Mills); Globe; Cameo; Minoco; Filmcraft and Phono-view. The pictorial image is reversed on the screen when compared to normal 16mm. prints. However, with most of these subjects the only point where this is noticeable is in the main title which, when projected as a normal 16mm. print, appears reversed on the screen.

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit losses, and by operating our organization at the utmost efficiency. Therefore, irrespective of your credit rating, our terms are **CASH WITH ORDER**, or **10% DEPOSIT WITH ORDER**, **BALANCE C. O. D.** You have nothing to lose — our guarantee protects you.

This guarantee provides that if for any reason you do not wish to retain any films or merchandise you order from Blackhawk, you may ship them back to us, transportation paid, within five days after you receive them, together with a copy of your invoice, and we'll give you full credit. Of course, returned merchandise must be in substantially the same condition when returned as when you received it.

Blackhawk prices do not include postage except in a few instances where films are shown as "postpaid" at the prices listed. On C. O. D. shipments, postage will be collected along with the cost of the films. However, if you wish to remit in full with your order, you may include the following amounts to cover packing, postage and insurance, irrespective of your location in the United States:

Shipment of one 100' print	10c
Shipment of two 100' prints	20c
Shipment of one or two 400' reels	30c
Shipment of three or four 400' reels	40c
Shipment of five or six 400' reels	50c
Shipment of seven or eight 400' reels	60c
Shipment of nine or ten 400' reels	70c
Shipment of eleven or twelve 400' reels	80c
Each additional 400' reel	5c

Three 100' prints count as one 400' reel in figuring postage and insurance. Each feature picture counts as eight 400' reels in figuring postage and insurance. For empty reels, cans, cases, etc., allow 20% of purchase price for postage and insurance.

On many classes of films listed here, additional savings can be made by ordering six, twelve or more prints at a time. These discounts, however, apply only to quantities purchased within that class, and not to assortments of several classes of films. Discounts do not apply to any new or used films unless specifically offered in the listing.

Three Children's Films

Here are three unusual one reel 16mm. sound films which have been produced by utilizing some one hundred sketches produced originally for filmstrips. Movement has been given by zooming and panning and through the use of montage. The result is quite effective - and the price little more than the cost of a silent filmstrip.

Each film is almost a full 400' in length, 16mm. sound. All prints are brand new, first quality, and in their original cartons. Made to sell originally for \$21.00 each, our prices are typical of the big bargains you can expect from Blackhawk.

IVANHOE - Scott's famous story of knights and maidens and daring deeds.

TREASURE ISLAND - The well-loved children's story. Follow Jim Hawkins on his voyage with the pirate band to find the long-lost treasure and encounter thrilling adventures.

THE THREE MUSKETEERS - D'Artagnan and his three Musketeer friends come to the screen to help the Queen of France outwit her enemies' infamous plans.

Any one of the above one reel, 16mm. sound films, postage extra **\$9.95**

IVANHOE and THE THREE MUSKETEERS purchased together at one time, postage extra **\$17.95**

BLACKHAWK'S POPULAR PACKAGES

each contain three 100 ft. 16mm. used R-1 Musical Films

Here is another money-saving Blackhawk Special! These Popular Packages offer savings from 15% to 45% of what you would pay if you bought each film individually.

These packages are each made up of three units — either three numbers performed by the same artist (as in the VINCENT LOPEZ package) or three numbers with similar performers (as in the PICKIN' THE STRINGS package). There may be occasional substitutions without notice because our stock of one particular subject has been exhausted. However, all substitutions will be of similar subject matter and of equal or greater value.

These films are selected from our stock of R-1 sound films and are productions of some of the outstanding 16mm studios. They were prepared for projection through Panoram machines, so when you project them with an ordinary 16mm. sound projector they will show in reverse from the usual film. However, the only place this will ordinarily be noticeable is in the titles, which will appear backwards on your screen. For most purposes, this will make little or no difference.

These films may be used for any theatrical, non-theatrical or commercial purpose, except that they may not be televised.

UNUSUAL BUYS IN ACCESSORIES AND SUPPLIES

New Reels and Cans

Here is a top line of reels and cans made by one of the largest manufacturers, but available from Blackhawk at bargain prices. Reels are made of a good grade of steel with sufficient spring to resist bending out of shape. Yet, they are reasonably light in weight. Cans are embossed to achieve maximum rigidity.

Universal Horns For Outdoor Use

This pair of fully weatherproofed 18" short-throated horns is ideal for outdoor use. They have 25-watt capacity drivers, 16 ohm, and are perfect for use by drive-in restaurants, evangelists and showmen for the top of their cars, or permanent installations for outdoor drive-in theaters. They may be used on most 16mm. projectors without any matching transformer. (If used with a Victor projector, a matching transformer is required. We have one of these and will include it without additional charge if the horns are bought as a pair.) New, these horns would sell for \$66.00 each. These just-like new ones may be bought for only

\$39.95 each or **\$59.95 the pair**

USED FEATURE PICTURES

Listing of good used feature pictures is, to the best of our knowledge, the biggest and most varied list of such titles ever assembled in 16mm. sound. Many of these titles have previously been available on lease only and, under special license, are available on a purchase basis only from Blackhawk. Even a few features in full are included in the list.

These features are complete and in good condition. Naturally, prints have seen more use than others. However, all have been hand inspected, have good sprocket holes, and are free from excessive number of splices. They are assembled on 1600' city reels and have adequate lengths of leaders and trailers.

Many titles we have but a single print remaining on hand — others we have as many as six or eight prints in stock. In making selection, we urge you to give second and third choices wherever available. We'll send them only when your first choices have already sold.

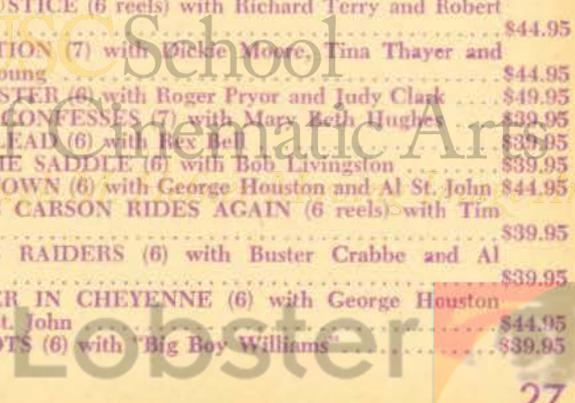

You can save money by ordering features in quantity. On an order for six or more feature prints taken from the following list, you may take a discount of 5% from our already low prices — on twelve or more prints, 10%.

Many moderate size film libraries across the country depend on Blackhawk for certain of their feature requirements. Blackhawk, you know, takes in good used 16mm. sound features and short subjects at substantial allowances. Generally, the allowance on features is about two-thirds of our anticipated re-sale price. Thus, on a feature which we would expect to sell at \$39.95, your allowance would be in the neighborhood of \$25.00. Any good 16mm. sound features — whether obtained from us or not — will be accepted in exchange for other material on such a basis. Thus, it is a simple and inexpensive matter to keep libraries supplied with a change of titles as frequently as rental requirements necessitate. You can have the use of a feature picture for a matter of months at what amounts to an exchange fee of \$15.00 or \$20.00 — and we guarantee satisfaction.
