# BANKRUPT STOCK OF BEADED SCREENS AT BIG SAVINGS!

Here's a bankrupt stock of brand new Da-Lite Beaded Screens at prices like wholesale! These screens are all of reasonably recent manufacture — not a batch of long since discontinued models — although not all of the items may have exactly the same finish or hardware in which Da-Lite is currently supplying the items. For those of you needing screens, here is your chance to buy a top-line, nationally advertised brand, at savings of one-third to one-half off current list prices.

We have, in all, about two hundred screens in this lot. Bigger stocks are available in some models and sizes than in others. Whenever you can, give us an alternate selection of size or model. We'll always send you first choice as long as it remains on hand. The Da-Lite Challenger and Versatol Models are Tripod Screens, the Da-Lite Model B is a map-type wall screen. Square screens are particularly recommended for those of you who show both movies and 2x2 slides — these screens may be opened to the conventional 3x4 proportion required for movies, or completely extended to the full square to allow for both vertical and horizontal projection of 2x2 slides.

# FAMOUS KIDS COMEDIES

Brand new, 2-reel,  
16mm. sound prints  
AT LESS THAN WHOLESALE

These Famous Kids Comedies are the 2-reelers which were so well-known as "O Comedies when originally released to the theatres by M-G-M. All of the famous "O" characters of the period in which this group of subjects was produced appear in these — Spanky McFarland, Farina, Jean Darling, Alfalfa, Stymie are all there. These 2-reelers are not only collector's items today — they're just as satisfactory entertainment as ever!

And, typical of Blackhawk's ability to bring you BIG bargains, is our acquisition of hundreds of prints of these twelve titles. These sell regularly at \$42.50. Blackhawk price is not only a bargain — it is far below regular wholesale. Of course, prints are best and first quality in every way.

**SPRUCIN' UP** — What a pretty young girl can do to the kids! She can make them go so far as to shine their shoes . . . comb their hair . . . or even wash their ears. But even such self-sacrifice cannot always win a new neighbor's affections.

**WASHEE IRONEE** — Spunky stops traffic in an "ambulance" as he races for his Chinese friend to help wash little Fauntleroy's outfit, ruined in football scrimmage. But everybody gets into the act, including a pet monkey.

**MOANS AND GROANS** — The kids are trapped in a haunted house and confronted by it's occupant, and have to solve this problem in their own unique way.

**CHOO CHOO** — Pity the poor man who has to escort Spunky and his pals on a long train trip! It's a never to be forgotten event for everyone.

**HONKEY DONKEY** — Spunky and the kids have trouble with an obstreperous donkey, who really packs a kick.

**FLY MY KITE** — Grandma does anything she can do, from baking to flying a kite. When nephew forecloses a mortgage on grandpa you can bet the gang starts oating.

**TEACHER'S PET** — Why didn't we have this? The kids as usual expect the worse new teacher comes in, but they're in for their hilarious surprises.

**FREE EATS** — Silly Gilbert odds to the story of a big picnic the kids have on an old man's estate.

**FISH HOOKY** — Going fishing is a much to spend a day than going to school — as the Truant Officer becomes wise. The kids trick they know to get away from the fish.

**THE POOCH** — Fatsy, the famous bull-eyes to Spunky's troubles as he has a run-in with a dog catcher. It takes all the kids' ingenuity to catch the pooch.

## MAINLINE U. S. A.

Here is a 2-reel Kodachrome film in 16mm. sound that traces the impact of railroad construction over the last century as the prime means of the general development of our country — how the railroads today have a very direct effect on all our lives. Shown are a great many spectacular shots of streamliners and freights at speed, across prairies, over bridges, against backgrounds of snow-capped peaks. Railroad fans can easily identify the trains of their favorite railroad. And those of you who aren't particularly fans will find this an informative, absorbing, entertaining and very beautiful film to have in your collection. (Prints of this new are valued at \$150.00.) While our stock of fine used prints remains available, our price is only . . . . . **\$24.95**

## BIG TRAINS ROLLING

Another tremendously absorbing film about trains — this one 3-reels, in Kodachrome and 16mm. sound. While pictorially overlapping very slightly with MAINLINE U.S.A. (described above), BIG TRAINS ROLLING tells more the operational story of today's railroads, particularly an overnight train trip of some 1000 miles taken by two youngsters — brother and sister. It tells about the various types of cars that make up a passenger train — it shows the workings of a railroad post office car — how a dining car operates — the many types of accommodations available for overnight travel on a modern streamlined train. It also shows how a turntable operates, tells something about freight trains, shows how refrigerator cars are packed, and many, many other things of interest in connection with railroading. Even more shots of today's top trains are in evidence — all magnificently photographed in full color. (Prints of BIG TRAINS ROLLING are valued new at \$225.00.) While our stock of fine used prints remains available, our price is only . . . . . **\$34.95**

## LIFE LINE OF THE NATION

A 2-reel 16mm. sound film in full color Kodachrome showing the magnificent performance of our railroads during World War II. The emphasis in this film is more on the movement of freight than of passenger travel. As a result the film is somewhat in contrast to either MAINLINE U.S.A. or BIG TRAINS ROLLING. The viewer, too, will note another big difference — the emphasis of the majestic steam locomotive which was still — during the war — the number one source of motive power for freight as well as passenger transportation. There is a marked contrast with today when diesel power is close to taking over most principal runs. So, for those of you who have a particularly soft spot in your hearts for the steam locomotive, here's your chance to see some of the big boys of the Santa Fe, Union Pacific, Norfolk and Western, Rio Grande, Southern Pacific and Pennsylvania in action. You'll see lots of others, too. (Prints of these films are valued at \$225.00 new.) While our stock lasts, you may buy a good used print for only . . . . . **\$29.95**

# USE 16mm. SOUND SUBJECTS

All prints listed on pages 9 through 18 are good used 16mm. sound prints, except for any group specifically identified as used 16mm. or 8mm. silent subjects.

We usually have only a few used prints of a title - sometimes only one. This means that within two or three weeks after the mailing of this catalog, most and more of these used titles will be sold out. Keep this in mind when you order. Order early, and, in justice to yourself, give us an alternate list of titles you'll never send us, or else we'll send you top choices as already out of stock. But remember - we can't tell what we don't have - and the used prints we offer are in great demand.

This section, printed on green paper, was the last part of the catalog to be printed. It was off the press only one or two days before the general mailing of the catalog was made. At the time it went to press, prints of all the subjects listed were in stock ready for shipment. Normally, within two or three weeks after mailing, 50% or more of the titles will have been sold.

As to the length of 16mm. films - cartoons average about 250 feet to a reel, while non-cartoons run 300 to 350 feet. Two-reels usually contain about 650 feet and longer subjects normally average not less than 300 feet to a reel. All films of one reel length and over are captioned on reels. 8mm. films measure just one-half the length of 16mm. cassettes.

# DE LUXE PACKAGES of USED 100' 16mm. R-I SOUND MUSICAL FILMS

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually, the only place you will notice any difference is in the titles—the lettering will appear backwards on your screen. For many uses, the titles may be removed.

Blackhawk offers you a saving in these packages of related films of 40% to 50% from the price you pay when buying them individually.

There may be, without notice, occasional substitutions of one or more titles in any package because we are temporarily out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

In these DeLuxe Packages, you may replace not more than two units in one package with units of your selection. If the package consists of twelve or thirteen units, in a package of three or six units, one unit may be replaced. The charge for each replaced unit is \$1.00. For example, you may substitute two units in a \$13.95 package and your total cost will be \$15.95; or one unit in a \$9.95 package to make your total cost \$10.95. In this way, you can take advantage of the special package prices without duplicating films you already own. Replacements must be made at the time you place your original order.

We offer these packages at special bargain prices and cannot, therefore, give pro rata credit for the return of a part of a package.

These films may be used for any theatrical, non-theatrical, or commercial purpose, except that they may not be televised.

## Read This Before You Order!

Blackhawk can conveniently offer you these exceptional buys only by eliminating all possible credit losses, and by operating our organization at the utmost efficiency. Therefore, irrespective of your credit rating, you must pay C.O.D. However, even inside continental United States, a 10% deposit must accompany all C.O.D. orders of \$30.00 or more. Outside continental United States, orders of \$30.00 or more must be accompanied by a money order or bank check. We can handle orders only when reshipment in full is included. In all cases, we ship you the result by parcel or Express (unless you want shipment of merchandise by registered mail—for you do so at your own risk).

We have found that we cannot economically handle orders totaling more than \$100.00 per order. Also \$10.00 from outside the Continental United States, so hereafter we cannot accept any order that does not total at least these minimums. You will see how this practice in the past has caused us to lose thousands of dollars in business from the United States, your order must be for a minimum of \$2.50. If you live outside the Continental United States, your order must be for a minimum of \$5.00. (We do not ship to Canada and Mexico.)

Purchasers in Iowa must pay the 2% Iowa State Retail Sales Tax except in the case of retailers who are producers, merchant for resale, in which case that must be clearly stated on the order.

Blackhawk orders do not include postage and insurance except in the few instances where losses are shown and guaranteed. In the past, the cost of the films, however, if you wish to result in full with your order, you may include the appropriate amount to cover postage, following film's retail price (groupings):

Three 100' prints count as one 400' reel in figuring postage and insurance. The postage and insurance on film is figured on the basis of the number of purchase price for postage and insurance. On many cases of film listed here, additional savings can be made by ordering six, twelve or more prints at a time. These discounts, however, apply only to quantities purchased within that class, and not to shipments of several classes of film. Discounts do not apply to top new or used film unless specified, referred to in the listing.

There are no dealer discounts of any kind offered by Blackhawk — the prices quoted in this Bulletin, and the quantity discounts available on certain types of film, apply to all classes of purchasers.
