## SOME OF YOUR FAVORITES ARE BACK AGAIN!

It has been some months since Blackhawk last offered such R-I Musical Films Packages as "Western," "Grass Skirt," "Pin-Up," "Polka" and "Mountain Music." However, we have just purchased the entire remaining stock of some 200 to 300 titles of these used 100' R-I musicals — the only large stock other our own original inventory. This stock of some thousands of prints, when merged with our own remaining stock, has enabled us to again offer some of these popular packages which have been missing from our catalog for the better part of a year.

So, look over this revised list of 100' R-I Musical Packages and pick the ones you want while our stock is still complete. As time goes on, there will be occasional changes in the make-up of individual packages. But in all cases, the subjects used as replacements will be of the same type and quality.

Prices are down, too. Note the reductions in EMERALD ISLE, GOOD OLD DAYS and OLD FAVORITES (each from \$15.95 to \$13.95), and POLKA (from \$9.95 to \$7.95.) MOUNTAIN MUSIC used to be a package of six units selling at \$9.95 — it's now a 12-unit package selling at \$13.95.

# RAILROAD FILMS IN KODACHROME

## MAINLINE U. S. A.

Here is a 2-reel Kodachrome film in 16mm. sound that traces the impact of railroad construction over the last century as the prime means of the general development of our country — how the railroads today have a very direct affect on all our lives. Shown are a great many spectacular shots of streamliners and freights at speed, across prairies, over bridges, against backgrounds of snow-capped peaks. Railroad fans can easily identify the trains of their favorite railroad. You'll see streamliners and freights of the Monon, Rock Island, Milwaukee, New Haven, Santa Fe, New York Central, Pennsylvania, Burlington, Southern Pacific, Erie, Missouri Pacific, North Western, and many another pike. You'll also see many a yard goat at work, and many other activities of the railroads in maintaining the far-flung and complex services that they render. Even those of you who aren't first of all railroad fans will find this an informative, absorbing, entertaining and very beautiful film to have in your collection. (Prints of this new are valued at \$150.00.) While our stock of fine used prints remains available, our price is only **\$24.95**

## BIG TRAINS ROLLING

Another tremendously absorbing film about trains — this one 3-reels, in Kodachrome and 16mm. sound. While pictorially overlapping very slightly with MAINLINE U.S.A. (described at left), BIG TRAINS ROLLING tells more the operational story of today's railroads, particularly an overnight train trip of some 1000 miles taken by two youngsters — brother and sister. It tells about the various types of cars that make up a passenger train — it shows the workings of a railroad post office car — how a dining car operates — the many types of accommodations available for overnight travel on a modern streamlined train. It also shows how a turntable operates, tells something about freight trains, shows how refrigerator cars are packed, and many, many other things of interest in connection with railroading. Even more shots of today's top trains are in evidence — all magnificently photographed in full color. (Prints of BIG TRAIN ROLLING are valued new at \$225.00.) While our stock of fine used prints remains available, our price is only **\$34.95**

## LIFELINE OF THE NATION

A 2-reel 16mm. sound film in full color Kodachrome showing the magnificent performance of our railroads during World War II. The emphasis in this film is more on the movement of freight than of passenger travel. As a result the film is somewhat in contrast to either MAINLINE U.S.A. or BIG TRAINS ROLLING. The viewer, too, will note another big difference — the emphasis of the majestic steam locomotive which was still — during the war — the number one source of motive power for freight as well as passenger transportation. There is a marked contrast with today when diesel power is close to taking over most principal runs. So, for those of you who have a particularly soft spot in your hearts for the steam locomotive, here's your chance to see some of the big boys of the Santa Fe, Union Pacific, Norfolk, and Western, Rio Grande, Southern Pacific and Pennsylvania in action. You'll see lots of others, too. (Prints of these films are valued at \$150.00 new.) While our stock lasts, you may buy a good used print for only **\$29.95**

**COMBINATION SPECIAL: Prints of MAINLINE U.S.A. and LIFE LINE OF THE NATION regularly totaling \$54.90 — when purchased together at one time, only \$49.95**

**COMBINATION SPECIAL: Prints of MAINLINE U.S.A. and BIG TRAINS ROLLING regularly totaling \$59.90 — when purchased together at one time, only \$54.95**

# REEL 16mm. SOUND SUBJECTS

All prints listed in this colored section are good used 16mm. sound prints except for any group specifically identified as used 16mm. or 8mm. silent subjects.

We usually have only a few used prints of a title - sometimes only one. This is what you get three weeks after the mailing of this catalog, more and more of these used titles will be sold out. Keep this in mind when you order. Order early, and, in justice to yourself, give us an alternate list of titles. We'll never send an alternate unless you specifically advise us ahead of time. Don't remember - we can't sell what we don't have - and the used prints we offer are in great demand.

This section was the last part of the catalog to be printed. It was off the press only one or two days before the general mailing of the catalog was made. At the time it went to press, prints of all the subjects listed were in stock ready for shipment. Normally, within two or three weeks after mailing, 50% or more of the titles will have been sold.

As to the length of 16mm. film - cartoons average about 250 feet to a reel; other one-reelers run 300 to 350 feet. Two-reelers usually contain about 650 feet and longer subjects normally average not less than 300 feet to a reel. All films of one reel length and over are supplied on reels. 8mm. films measure just one-half the length of 16mm. subjects.

## BLACKHAWK WANTS TO BUY

Yes, Blackhawk wants to buy your 8mm. and 16mm silent film. During January, we found that there is a real desire among our customer-friends for far greater quantities of 8mm. and 16mm. silent material. We ran a wide choice of used 8mm. and 16mm silent titles in our January issue just to see what kind of demand would result. The orders were beyond our wildest expectations. Within a few days our entire 8mm. stock was shot. A week later the 16mm. silent portion had boiled down to a few titles.

Now that we have a better idea of the quantity of silent films that you would like to have, we're in a much better position to gauge our own needs. Some of you will remember, just a few short months ago, when Blackhawk would not consider buying used silent material. All of this has changed! Send us anything you no longer need. Or, drop us a note as to what you have to dispose of and we'll tell you what we can pay!

## NEW POSTAL REGULATIONS

Many of Blackhawk's shipments are being made by Railway Express these days. Up until the first of the year almost everything went by parcel post.

Although parcel post is less expensive than express, the recent changes in postal regulations forbid the movement of packages where the girls is more than 72 inches in length (between certain post offices) the weight is more than 20 pounds.

We'll use parcel post whenever the regulations permit, but if your next film shipment exceeds the equivalent of 12 reels, the chances are that it will have to come via Railway Express. (See the address cover for fuller information.)

These films, identified as 100' R-I Sound Musical Films, are used prints of productions made originally by such producers as R.C.M. (Roosevelt, Cowlow Mills); Minoco; Cameo; Screencraft and Globe for exhibition on Panoram coin-operated machines. These machines, projecting from the rear onto ground-glass screens, require the photographic image reversed. Yet, these prints show quite acceptably on any regular 16mm. sound projector and the only point where the reversal is usually noted is on the main and end titles, which you may eliminate at the time you assemble your library. Over the last 2½-years, we have sold many scores of thousands of prints, and hundreds of satisfied customers reorder regularly.

The films listed here may be selected by individual title. Good stocks are on hand of most of these subjects - but the listing of a few alternates is always desirable. We'll never substitute unless your first choices are out of stock. These 100' R-I Sound Musical Films are not supplied on reels, but in individual rolls. They may not be used for television purposes.

This guarantee provides that if for any reason you do not wish to retain any films or merchandise you order from Blackhawk, you may ship them back to us, transportation paid, within five days after you receive them, together with a copy of your invoice, and we'll give you full credit. Of course, returned merchandise must be in substantially the same condition when returned as when you received it. If films are returned or sent for trade-in, it will usually be ten days to two weeks before exchange merchandise or refund check will reach you.

## Read This Before You Order!

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit losses, and by operating our organization at the utmost efficiency. Therefore, irrespective of your credit rating, our terms are CASH WITH ORDER, or (inside continental United States) C.O.D. However, even inside continental United States, a 10% deposit must accompany all C.O.D. orders of \$50.00 or more. Outside continental United States—and this includes Alaska, Canada, Hawaii, Mexico, Porto Rico and the Panama Canal Zone—we can handle orders only when remittances in full are included. In all cases, we urge you to remit by postal or express money orders, or by bank drafts. Foreign orders must be in U. S. funds. Do not send currency or coins—even by registered mail—for you do so at your own risk.

We have found that we cannot economically handle orders totaling less than \$2.50 (or less than \$10.00 from outside the Continental United States), so henceforth we cannot accept any order that does not total at least these minimums. You will see footnotes reminding you of this throughout the catalog. Just remember, if you live in the United States, your order must be for a minimum of \$2.50. If you live outside the Continental United States, your order must be for a minimum of \$10.00 and must be paid in U. S. funds. (This includes orders from Canada and Mexico.)

Purchasers in Iowa must pay the 2% Iowa State Retail Sales Tax except in the case of retailers who are purchasing materials for resale, in which case this fact must be clearly stated on the order.

Under the new postal regulations, parcels may not exceed 20 lbs. in weight nor 72 inches in girth. This means generally that all moderate to large shipments of films must be shipped to you by Railway Express, and that shipments of projectors, screens (except our folding cloth screen) and moderate to large quantities of reels and cans must go by express instead of parcel post. Whenever an item has to be shipped by express, we will send it express collect for the transportation, which you will pay on delivery.

However, on small moderate size shipments, which may be sent by parcel post, if you wish to remit in full with your order, you may include the appropriate amount to cover packing, postage and insurance, based on your address, as covered by the following three territorial groupings:

	GROUP A	GROUP B	GROUP C
Shipment of one 100' print	.10	.10	.10
Shipment of two 100' prints	.20	.25	.30

Shipment of two 400' reels of film	.30	.50	.55
Shipment of three 400' reels of film	.35	.60	.70
Shipment of four 400' reels of film	.40	.75	.85
Shipment of five 400' reels of film	.45	.85	1.00

GROUP A — applies to Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, Oklahoma, South Dakota, Tennessee, West Virginia and Wisconsin.

GROUP B — applies to Alabama, Arizona, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Idaho, Louisiana, Maine, Maryland, Massachusetts, Mississippi, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, North

Three 100' prints count as one 400' reel in figuring postage and insurance. Each feature picture counts as eight 400' reels in figuring postage and insurance. For empty reels, cans, cases, etc., allow 10% of purchase price for postage and insurance.

On many classes of films listed here, additional savings can be made by ordering six, twelve or more prints at a time. These discounts, however, apply only to quantities purchased within that class, and not to assortments of several classes of films. Discounts do not apply to any new or used film unless specifically offered in the listing.

There are no dealer discounts of any kind offered by Blackhawk — the prices quoted in this Bulletin, and the quantity discounts available on certain types of films, apply to all classes of purchasers.
