Real Bargains in Good Used 16mm. Sound Prints in full color Kodachrome

Here is an exceptional assortment of good used travel films, all 16mm. sound, and all in full color Kodachrome, at but a small fraction of their values new. The normal cost of these prints new would have been \$75.00 to \$55.00 per reel at a minimum - yet you may buy them for as little as \$10.00 a reel. And, like everything you buy from Blackhawk, you may return them for full credit or refund within five days after you receive them - if for any reason you do not wish to retain them. A reasonably good supply of all titles is on hand as this catalog is issued. However, some titles always sell faster than others, so the sooner you order the better your chance of getting everything you want.

The Grand Canyon in Northern Arizona (2 reels)

Views along the south rim of the Grand Canyon in Arizona; mule-back parties on canyon trails; scenes at Phantom Ranch; in the heart of the Canyon, and at Havasu Falls. 16 SDU 26C12 **\$29.95**

The Magic Key (2 reels)

This tremendously absorbing and well-produced film describes how free enterprise, coupled with the force of advertising, has given to America the highest standards of living ever known to man. It shows the vital function that advertising plays in creating jobs, producing national wealth and making lives richer and happier. A fine film for the classroom, adult education classes, service clubs, labor groups, and general group discussion meetings. (Some prints carry the main title: "The Big Pitch" instead of "The Magic Key.") Prints of this subject sell new for \$200.00. Those we have are virtually new and perfect in every way--highest preview quality. 16 SDU 76C7 **\$49.95**

Welcome to Southern California (2 reels)

A beautifully pleasant sight-seeing trip around southern California. We see its colorful towns and cities, its parades, its cultural institutions, its sports, its industries. For anyone wanting a film showing the highlights of the southern part of the Golden State, this is your answer. 16 SDU 26C8 **\$29.95**

Loaded for War (2 reels)

The thrilling story of the American railroads performing the greatest war job in history. The film shows how essential was the wartime job of the railroads and how they contributed to Allied victory. And, in addition, we see some of the most effective shots of steam locomotives, sometimes three in a row, boosting tonnage over the Santa Fe's steep passes in the West. (A more complete description is given on the inside front cover.) 16 SDU 76C6 **\$19.95**

El Navajo (4 reels)

The daily life of the industrious Navajo Indians in the tribe's natural setting in New Mexico and Arizona. Navajos are shown tending flocks, shearing sheep, washing, carding and spinning wool, weaving blankets and rugs, making jewelry, baking bread and preparing meals. A medicine man performs the tribe's sacred religious rite - the making of a sand painting. A Navajo couple is married in a primitive ritual according to Navajo tribal customs. 16 SDU 76C2 **\$49.95**

Big Trains Rolling (3 reels)

A tremendously absorbing film about trains. It tells the operational story of today's railroads, particularly an overnight trip of some 1000 miles taken by two youngsters - brother and sister. It tells about the various types of cars that make up a passenger train - it shows the workings of a railroad post office car - how a dining car operates - the many types of accommodations available for overnight travel on a modern streamlined train. It also shows how a turntable operates, tells something about freight trains, shows how refrigerator cars are packed, and many, many other things of interest in connection with railroading. Shots of many of today's top trains are in evidence - all magnificently photographed. Prints of "Big Trains Rollin'" remaining on hand are not perfect used copies as those we recently offered at \$34.95. These remaining prints are imperfect in that main titles, or end titles, or one or two short sequences may be missing. They are, however, in generally good screening condition, and a big value at our low price. 16 SDU 77C2 **\$19.95**

RAILROAD FILMS IN KODACHROME

MAINLINE U. S. A.

16 SDU 76C3

The thrilling story of the American railroads performing the greatest war job in history, in a 2-reel, 16mm. sound film in full color kodachrome. The film shows how essential was the wartime job of the railroads and how they contributed to Allied victory. Shown are many of the special tasks the railroads had during World War II — the moving of troops and their equipment; raw materials; tanks, guns and major parts for ships and planes — and how many of their normal jobs were filled by women and retired employees who returned to work. But, in addition to all this, we see some of the most effective shots of steam locomotives, sometimes three in a row, boosting tonnage over one of the Santa Fe's steep passes in the West. This film does not overlap pictorially with either MAINLINE U.S.A. or LIFE-LINE OF THE NATION, nor with BIG TRAINS ROLLING, prints of which we have been offering up until recently. While our stock of good used prints remains available, you may purchase one

LIFELINE OF THE NATION

16 SDU 76C4

A 2-reel 16mm. sound film in full color Kodachrome showing the magnificent performance of our railroads during World War II. The emphasis in this film is more on the movement of freight than of passenger travel. As a result the film is more in contrast to either MAINLINE U.S.A. or TRAINS ROLLING. The viewer, however, will note another big difference — the contrast of the majestic steam locomotive with the diesel engine — still — during the war — the number one source of motive power for freight and passenger transportation. This film is a marked contrast with today when diesel power is close to taking over most passenger runs. So, for those of you who have a particularly soft spot in your hearts for steam locomotives, here's your chance to see some of the big boys of the Santa Fe, Northern Pacific, and Western, Rio Grande Southern Pacific and Pennsylvania in full color. You'll see lots of others, too. (Prints of this film are valued at \$150.00 new.) While our stock lasts, you may buy a good used print for only

COMBINATION SPECIAL: Prints of MAINLINE U.S.A. and LIFE LINE OF THE NATION regularly totaling \$49.90 — when purchased together at one time, only . . . \$44.95

FREE EATS - Billy Gilbert adds to the fun in this story of a big picnic the kids have on a millionaire's estate.

FISH HOOKY - Going fishing is a much better way to spend a day than going to school - except when the Trust Officer becomes wise. The kids use every trick they know to get away from the old kill-joy.

THE POOCH - Pety, the famous bulls-eye dog, adds to Spunky's troubles as he has a run-in with the dog catcher. It takes all the kids' ingenuity to save the pooch.

USED 16mm. SOUND SUBJECTS

All prints listed on this page are good used 16mm. sound prints.

We usually have only a few used prints of a title - sometimes only one. This means that within two or three weeks after the mailing of this catalog, more and more of these used titles will be sold out. Keep this in mind when you order. Order early, and, in justice to yourself, give us an alternate list of titles. We'll never send an alternate unless your top choices are already out of stock. But remember - we can't sell what we don't have - and the used prints we offer are in great demand.

This section was the last part of the catalog to be printed. It was off the press only one or two days before the general mailing of the catalog was made. At the time it went to press, prints of all the subjects listed were in stock ready for shipment. Normally, within two or three weeks after mailing, 50% or more of the titles will have been sold.

As to the length of 16mm. films - cartoons average about 250 feet to a reel; other one-reelers run 300 to 350 feet. Two-reelers usually contain about 650 feet and longer subjects normally average not less than 900 feet to a reel. All films of one reel length and over are supplied on reels. Some films measure just one-half the length of 16mm. subjects.

USED 100' R-I MUSICALS IN PACKAGES

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Phonam machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually the only place you will notice any difference is in the titles—the lettering will appear backwards on your screen.

There may be, without notice, occasional substitutions of one or more titles in any package because we are temporarily out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

If you decide, after viewing any of these packages, that you want to keep only part of the package, we will charge you \$3.99 for each R-I Sound Musical Film you retain.

These films may be used for any theatrical, non-theatrical, or commercial purpose, except that they may not be televised.

These films, identified as 100 R-I Sound Musical Films, are used prints of productions made originally by such producers as R.C.M. (Roosevelt, Coslow, Mills), Minuscule Camera, Screencraft and Globe for exhibition on Panoram coin-operated machines. These machines, projecting from the rear onto ground-glass screens, required the photographic image reversed. Yet, these prints show quite acceptably on any regular 16mm. sound projector and the only point where the reversal is usually noted is on the main and end titles, which you may eliminate at the time you assemble your library. Over the last 2½ years, we have sold many scores of thousands of prints, and hundreds of satisfied customers re-order regularly.

The films listed here may be selected by individual title. Good stocks are on hand for most of these subjects — but the listing of a few alternates is always necessary. We'll substitute unless your first choices are of our stock. These 100 R-I Sound Musical Films are not supplied on reels, but in individual rolls. They may not be used for television purposes.

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit delinquency and by operating on a cash basis. Therefore, we must have immediate payment of your credit rating, our terms are CASH WITH ORDER, or (inadequate United States) C.O.D. However, even inside continental United States, a 10% deposit must accompany all C.O.D. orders of \$10.00 or more. Outside continental United States, such bills include \$20.00 or more. Outside continental United States, we do not ship film merchandise to the United States Postal Zone—we can handle orders only when remittances in full are included. In all cases, we urge you to remit by postal or express money orders, or by bank drafts. Foreign orders must be in U. S. funds. Do not send currency or cash—even by registered mail—for you do so at your own risk.

We have found that we cannot economically handle orders totaling less than \$3.50 (or less than \$10.00 from outside the Continental United States), so therefore we cannot accept any order that does not total at least these minimums. You will see footnotes reminding you of this throughout the catalogue. Furthermore, if you order from the United States, you must pay for shipping at least \$2.50. If you live outside the Continental United States, your order must be for a minimum of \$10.00 and must be paid in U. S. funds. (This includes orders from Canada and Mexico.)

This means generally that all merchandise to large shipments of film must be shipped to you by express. We will, however, ship to you by express, if you are willing to follow such orders) and moderate to large quantities of reels and cans must go by express instead of parcel post. Whenever an item has to be shipped by express, we will send it express collect for the transportation, which you will pay on delivery.

However, on small moderate size shipments, which may be sent by parcel post, we will insure the merchandise at our expense. This includes the appropriate amount to cover packing, postage and fire insurance, based on your address, as covered by the following three territorial groupings:
