

## BATHING GIRLS---THEN AND NOW

First film in another new Blackhawk series! A fascinating subject showing the evolution of today's swim suit from the "bathing costume" of the 1890's. You'll see the rather quaint cotton costumes of the late 90's, the diving suits of the early 1900's, those terrific striped numbers with matching stockings that were all the rage about the time of World War I, the two-piece suits of the mid-20's, and then developments in the modern trend with sun backs and figure-controlling fabrics. You'll get more than one chuckle out of the old-timers. And, as for the new ones — well, as our narrator says in the sound version: "No matter how handsome a man may be, he can never compete with bathing girls for attention on the beaches."

## WHEELS A' ROLLING

Here's the finest film on railroading it could possibly be Blackhawk's privilege to offer — the WHEELS A' ROLLING pageant as presented at the Chicago Railroad Fair of 1948 and 1949. This superlative film is the cavalcade of land transportation on the North American continent from the earliest French explorers up to the present time. Virtually all of the historic locomotives now in existence appear in the film, operating under their own power. And so many historic automobiles. The commentary of the actual pageant is the commentary of the film. As entertaining as it is educational — perfect for the railroad fan, for school use, and for instructional and entertainment library use. Available in 16mm. sound only.

## BLACKHAWK'S NEW RAILROAD: HOTTEST THING ON FILM!

Wow! Even our fondest expectations have been exceeded by sales of our first film in our new Railroad Series — THE CHIEF. Demand exceeded that for any item we have — either in 16mm, sound or 8mm, silent. And, 800 good customers have had prints long enough to write words of praise as:

"Better than films costing twice as much!"

"One of the most entertaining films I've ever seen!"

"The Super Chief really travels — and so does your action than a Western."

So, it was with particular pleasure that we announced our second film in our railroad series—

## WESTERN PACIFIC FAST FREIGHT

Now, if you have any idea that a freight train is running with a streamliner as glamorous as THE CHIEF — take a look at WESTERN PACIFIC FREIGHT. It's the run of No. 62, The Fruitblock, from Land, Calif., to Salt Lake City — all the way behind horsepower Electro-Motive diesel locomotive. Much footage was shot in the Feather River Canyon where it tackles the Sierra Nevadas — and much of the footage in the canyon was photographed from a helicopter — spectacular stuff it is, too.

One extremely interesting sequence shows the Western Pacific Centralized Traffic Control, the modern train dispatching system that permits a train at one control panel to run over a 400 to 500 mile length of main line. It shows how the Fruitblock, and the W.P.'s Vista-Dome streamliner, THE CALIFORNIA ZEPHYR meet and pass on the track main line, and a siding, without either train stopping. It's a whiz of a film, and priced like wholesale. Order today.

## The SUPER CHIEF

order it, too! Either 16mm, sound or 8mm, silent.

THE SUPER CHIEF covers the 39% hour streamlined journey from Chicago to Los Angeles of the Santa Fe's newly equipped streamliner. It shows the luxury accommodations of the modern sleeping cars, the Pleasure Dome car with its private dining room, the dining car proper, the observation. And it shows the scenic New Mexico-Arizona country through which the Santa Fe travels. The train is shown in detail, both inside and out, and there are a number of swell shots at speed across Kansas and Colorado.

And the price? Like wholesale!

## IMPORTANT! Read This Before Ordering.

We have included in this listing of used films, a number of listings of brand new prints on which we have only one or two prints of each title. New prints are indicated by the letters SDN in the code number; used prints are shown by the letters SDU.

We usually have only a few used prints of a title — sometimes only one. This means that within two or three weeks after the mailing of this catalog, more and more of these used titles will be sold out. Keep this in mind when you order. Order early, and, in justice to yourself, give us an alternate list of titles. We'll never send an alternate unless your top choices are already out of stock. But remember—we can't sell what we don't have — and the used prints we offer are in great demand.

This section was the last part of the catalog to be printed. It was off the press only one or two days before the general mailing of the catalog was made. At the time it went to press, prints of all the subjects listed were in stock ready for shipment. Normally, within two or three weeks after mailing, 50% or more of the titles will have been sold.

As to the length of 16mm. films — cartoons average about 250 feet on a reel, other one-reelers run 300 to 350 feet. Two-reelers usually contain about 650 feet and longer subjects normally average not less than 900 feet to a reel. All films of one reel length and over are supplied on reels.

## THE CHALLENGER

with Buster Crabbe, Arline Judge, Donald May

A rousing ring story with a great deal of sentimental appeal. Don't miss only a truck driver, but wanting to give his son a good schooling, he goes to the ring as a "bum" extra income. He makes good — but almost loses his heart and his career to the wrong girl. Here's a punch-packed tale — 3 reels in length — running just under 30 minutes. Prints regularly \$62.50. But, here everything else you buy at Blackhawk's is yours. You really save money. Brand new, first quality prints will cost you LESS THAN WHOLESALE, only..... \$29.95

## Railroading Films

### MAINLINE U. S. A.

16 SDU 76C3

Here is a 2-reel Kodachrome film in 16mm, sound that traces the impact of railroad construction over the last century as the prime means of the general development of our country — how the railroads today have a very direct affect on all our lives. Shown are a great many spectacular shots of streamliners and freights at speed, across prairies, over bridges, against backdrops of snow-capped peaks. Railroad fans can easily identify the trains of their favorite railroad. You'll see streamliners and freights of the Missouri, Rock Island, Milwaukee, New Haven, Santa Fe, New York Central, Pennsylvania, Burlington, Southern Pacific, Erie, Missouri Pacific, North Western, and many another pike. You'll also see many a yard apt at work, and many other activities of the railroads in maintaining the far-flung and complex services that they render. Even those of you who aren't first of all railroad fans will find this an informative, absorbing, entertaining and very beautiful film to have in your collection. (Prints of this new are valued at \$150.00.) While our stock of fine used prints remains available, \$24.95 our price is only . . .

### LOADED FOR WAR

16 SDU 76C6

The thrilling story of the American railroads performing the greatest war job in history, in a 2-reel, 16mm, sound film in full color kodachrome. The film shows how essential was the wartime job of the railroads and how they contributed to Allied victory. Shown are many of the special tasks the railroads had during World War II — the moving of troops and their equipment, raw materials; tanks, guns and major parts for ships and planes — and how many of their normal jobs were filled by women and retired employees who returned to work. But, in addition to all this, we see some of the most effective shots of steam locomotives, sometimes three in a row, boosting tonnage over one of the Santa Fe's steep passes in the West. This film does not overlap pictorially with either MAINLINE U.S.A. or LIFE-LINE OF THE NATION, nor with BIG TRAINS ROLLING, prints of which we have been offering up until recently. While our stock of good used prints remains available, you may purchase one . . . \$19.95 for only . . .

### LIFELINE OF THE NATION

16 SDU 76C4

A 2-reel 16mm, sound film in full Kodachrome showing the magnificent performance of our railroads during World II. The emphasis in this film is more movement of freight than of passenger travel. As a result the film is some contrast to either MAINLINE U.S.A. or TRAINS ROLLING. The viewer, I note another big difference — the use of the majestic steam locomotive who still — in doing the war — the main source of motive power for freight as passenger transportation. This marked contrast with today when power is close to taking over most runs. So, for those of you who have particularly soft spot in your hearts for steam locomotive, here's your chance some of the big boys of the Santa Fe, Pacific, Norfolk, and Western, Rio Grande Southern Pacific and Pennsylvania in. You'll see lots of others, too. (Prints of films are valued at \$150.00 new.) While stock lasts, you may buy a good used print for only . . .

**COMBINATION SPECIAL: Prints of MAINLINE U.S.A. and LIFE LINE OF THE NATION regularly totaling \$49.90 — when purchased together at one time, only \$44.95**

# USED 100' R-I MUSICALS IN PACKAGES

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Unlike the only places you will notice any difference is in the titles — the lettering will appear backwards on your screen.

There may be, without notice, occasional substitutions of one or more titles in any package because we are repeatedly out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

If you decide, after viewing any of these packages, that you want to keep only part of the package, we will charge you \$1.98 for each R-I Sound Musical Film you retain.

These films are licensed for non-theatrical use only, and cannot be shown on television or theatrically.

This guarantee provides that if for any reason you do not wish to retain any films or merchandise you order from Blackhawk, you may ship them back to us, transportation paid, within five days after you receive them, together with a copy of your invoice, and we'll give you full credit. Of course, returned merchandise must be in substantially the same condition when returned as when you received it. If films are returned or sent for trade-in, it will usually be ten days to two weeks before exchange merchandise or refund check will reach you.

## Read This Before You Order!

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit losses, and by operating our organization at the utmost efficiency. Therefore, irrespective of your credit rating, our terms are CASH WITH ORDER, or (inside continental United States) C.O.D. However, even inside continental United States, a 10% deposit must accompany all C.O.D. orders of \$50.00 or more. Outside continental United States—and this includes Alaska, Canada, Hawaii, Mexico, Porto Rico and the Panama Canal Zone—we can handle orders only when remittances in full are included. In all cases, we urge you to remit by postal or express money orders, or by bank drafts. Foreign orders must be in U. S. funds. Do not send currency or coins—even by registered mail—for you do so at your own risk.

We have found that we cannot economically handle orders totaling less than \$2.50 (or less than \$10.00 from outside the Continental United States), so henceforth we cannot accept any order that does not total at least these minimums. You will see footnotes reminding you of this throughout the catalog. Just remember, if you live in the United States, your order must be for a minimum of \$2.50. If you live outside the Continental United States, your order must be for a minimum of \$10.00 and must be paid in U. S. funds. (This includes orders from Canada and Mexico.)

Purchasers in Iowa must pay the 2% Iowa State Retail Sales Tax except in the case of retailers who are purchasing materials for resale, in which case this fact must be clearly stated on the order.

Under the new postal regulations, parcels may not exceed 20 lbs. in weight nor 72 inches girth. This means generally that all moderate to large shipments of films must be shipped to you by Railway Express, and that shipments of projectors, screens (except our folding cloth screen) and moderate to large quantities of reels and cans must go by express instead of parcel post. Whenever an item has to be shipped by express, we will send it express collect for the transportation, which you will pay on delivery.

However, on small moderate size shipments, which may be sent by parcel post, if you wish to remit in full with your order, you may include the appropriate amount to cover packing, postage and insurance, based on your address, as covered by the following three territorial groupings:

On many classes of films listed here, additional savings can be made by ordering six, twelve or more prints at a time. These discounts, however, apply only to quantities purchased within that class, and not to assortments of several classes of films. Discounts do not apply to any new or used films unless specifically offered in the listing.

There are no dealer discounts of any kind offered by Blackhawk — the prices quoted in this Bulletin, and the quantity discounts available on certain types of films, apply to all classes of purchases.
