

BATHING GIRLS---THEN AND NOW

First film in another new Blackhawk series! A fascinating subject showing the evolution of today's swim suit from the "bathing costume" of the 1890's. You'll see the rather quaint cotton costumes of the late 90's, the diving suits of the early 1900's, those terrific striped numbers with matching stockings that were all the rage about the time of World War I, the two-piece suits of the mid-20's, and then developments in the modern trend with sun backs and figure-controlling fabrics. You'll get more than one chuckle out of the old-timers. And, as for the new ones — well, as our narrator says in the sound version: "No matter how handsome a man may be, he can never compete with bathing girls for attention on the beaches."

THE SUPER CHIEF

THE SUPER CHIEF covers the 3 3/4 hour streamlined journey from Chicago to Los Angeles of the Santa Fe's newly equipped streamliner. It shows the luxury accommodations of the modern sleeping cars, the Pleasure Dome car with its private dining room, the dining car proper, the observation. And it shows the scenic New Mexico-Arizona country through which the Santa Fe travels. The train is shown in detail, both inside and out, and there are a number of swell shots at speed across Kansas and Colorado.

WESTERN PACIFIC FAST FREIGHT

If you have any idea that a freight train isn't in the running with a streamliner as glamorous as THE SUPER CHIEF — take a look at WESTERN PACIFIC FAST FREIGHT. It's the run of No. 62, The Fruitblock, from Oakland, Calif., to Salt Lake City — all the way behind a 6,000 horsepower Electro-Motive diesel locomotive. Much of the footage was shot in the Feather River Canyon where the W.P. tackles the Sierra Nevadas — and much of the footage shot in the canyon was photographed from a helicopter. Mighty spectacular stuff it is, too.

One extremely interesting sequence shows the working of Centralized Traffic Control, the modern train dispatching system that permits a man at one control panel to direct traffic over a 400 to 500 mile length of main line. It shows how the Fruitblock, and the W. P.'s Vista-Dome streamliner, THE CALIFORNIA ZEPHYR meet and pass on the single track main line, and a siding, without either train stopping. It's a whiz of a film.
