The story of the little Christmas tree...

A CHRISTMAS RHAPSODY

The heart-warming story is reminiscent of the Hans Christian Anderson fairy tales which have longed children and grown-ups alike. Photographically, the film abounds in exquisite winter views and Christmas scenes. Musically, it offers an original score, beautifully performed by a chorus and symphony orchestra.

Television's Popular Character in

HOWDY DOODY'S CHRISTMAS

It is Christmas Eve! Howdy Doody, Buffalo Bob and Clarabelle have their stockings hung and the Christmas tree all ready. Santa is overdue. Howdy insists that they all go to the North Pole in his rockship and look into the matter, and off they roar! They find Santa a prisoner of Ugly Sam who has been out hunting a bandit with a white beard. Ugly Sam had never heard of Santa Claus. The awful mistake is cleared up and Santa promises Howdy Doody that not a single child will be disappointed.

HOW RUSSIANS PLAY

Produced by Julien Bryan

In the belief that a study of the way people spend their leisure time, of their own free will, often reveals a great deal about their character, this film has been made. It pictures Russians in their amusement parks, zoos, theaters, concert and galleries, excursions, and camps. It introduces the popular Russian game, gorodki, and gives a glimpse of Russian soccer. Russians like their demonstrations to be on a grand scale and the film closes with a sequence showing an International Youth Day celebration, 16mm, sound, length 151 reels.

School Children of Russia
Children of Russia
Produced by Julien Bryan

This is an American made production photographed just after the close of World War II. You wouldn't expect to see a dramatization of "Huckleberry Finn" in this film, but it's there because this American classic is included in the Russian school curriculum. In this production we see Russian children engaged in their typical activities: going to school, practicing their gardening, marching in parades, playing their favorite games, visiting museums and art galleries, and living in the summer Pioneer camps which—except for the ideology, they teach—are somewhat comparable to summer camps in this country. Length 113 reels, 16mm, sound.

IMPORTANT! Read This Before Ordering.

We usually have only a few used prints of a title - sometimes only one. This means that within two or three weeks after the mailing of this catalog, many and more of these used titles will be sold out. Keep this in mind when you order. Order early, and, in justice to yourself, give us an alternate list of titles. We'll never send an alternate unless your top choices are already out of stock. But remember - we can't sell what we don't have - and the used prints we offer are in great demand.

This section was the last part of the catalog to be printed. It was all the 2005 used prints or two days before the general mailing of the catalog was made. At the time it went to press, prints of all the subjects listed were in stock ready for shipment. Normally, within two or three weeks after mailing, 50% or more of the titles will have been sold.

As to the length of 16mm. films - cartoons average about 250 feet to a reel; other one-reels run 300 to 350 feet. Two-reels usually contain about 650 feet and longer subjects normally average not less than 300 feet to a reel. All films of one reel length and over are supplied on reels.

SPECIAL PURCHASE! Radiant and Da-Lite Screens

We have another big lot of Radiant and Da-Lite screens — all glass beaded — in a wide range of sizes, mostly tripod type, but a few wall type. The Da-Lite screens are brand new, first quality, but are not all equipped with the exact type of fittings or finish with which Da-Lite is delivering these models this fall. The Radiant screens are factory rebuilt — units that were damaged in shipment to distributors, returned to the factory for complete renovation, and which can hardly be told from new. All Radiant screens are in the standard factory cartons. Make use of this opportunity to buy that new screen at a saving of up to 40% over the regular price. Our stock is limited, so the sooner you order the surer you are of getting the screen you want.

16 SDN 45B25 16mm. sound version,

Newest film in Blackhawk Collectors Series—and a collectors' film if there ever was one. For the most part, the motion picture scenes making up **THE DAYS OF McKINLEY, BRYAN and TEDDY ROOSEVELT** were photographed in the 1890's—the very early days of the motion picture. You'll see The Bowery in New York—crossroads of the world in the 1890's; typical scenes of the great orator, William Jennings Bryan; Teddy Roosevelt and the Rough Riders on return from Cuba; Admiral Dewey's flagship home for repairs after the Battle of Manila Bay; McKinley's Inaugural Parade—and the Famous Black Horse Cavalry; a Tammany outing; Columbus Circle, New York; McKinley's funeral procession and Teddy Roosevelt as President of the United States. There aren't many films that offer such a wealth of really historical motion picture scenes — and particularly not at Blackhawk's "priced like wholesale" prices.

**BATHING GIRLS---
 THEN AND NOW**

A fascinating subject showing the evolution of today's swim suit from the "bathing costume" of the 1890's. You'll see the rather quaint cotton costumes of the late '90's, the diving suits of the early 1900's, the two-piece suits of the mid-20's, and then developments in the modern trend with sun backs and figure-controlling fabrics. You'll get more than one shake-out of the old-timers. And, as for the new ones — well, as our narrator says in the sound version: "No matter how handsome a man may be, he can never compete with bathing girls for attention on the beaches."

**WESTERN PACIFIC
 FAST FREIGHT**

Here's a highly interesting historical film, and a good play, **Western Pacific's No. 62, The Fruit-Block**, as it ran from Oakland, Calif., to Salt Lake City, Utah, on its way behind a 6,000 horsepower Electric-Motivediesel locomotive. Much of the footage was shot in the Feather River Canyon. Here the Western Pacific makes its dramatic entrance into the canyon. In the canyon was photographed from a helicopter. Mighty spectacular stuff to be sure. One extremely interesting sequence shows the working of Centralized Traffic Control, the modern train dispatching system that permits a man at one control panel to direct trains over a 400 to 500 mile length of main line. A whiz of a film.

BARNEY OLDFIELD'S RACE FOR A LIFE

The first 8mm. silent film in our Blackhawk Collectors Series—a 1-reel comedy produced in 1914, and containing just about everything that characterizes the slapstick comedy of those early silent days. Mabel Normand is the girl, Mack Sennett is the boy, Ford Sterling is the villain and Barney Oldfield the hero. The film does have special interest to motor fans because of Barney Oldfield and his racing car of four decades ago. And for railroad fans because of the shining Santa Fe mogul locomotive that appears so prominently in the film. Of its type, it's a gem of a film.

WHEELS A' ROLLING

Here's the film that shows the cavalcade of railroad masterpieces from its earliest beginnings up to today. You'll see the Tom Thumb, the Best Friend of Charleston, the John Bull, the DeWitt Clinton, the Cumberland Valley, the Pennsylvania Pioneer, the Lafayette of the B. & O., the John Hancock, the C. & N. W. Pioneer, the President, the Lincoln's Funeral Coach, the Minnetonka, the Williams, the Santa Fe's Little Bothersome, one of the Burlington's Immigrant Trains, Old 999 of the Empire State Express, the Burlington's Pioneer Zepher of 1934—the first diesel-electric stainless steel streamliner. All of the romance of American railroading is captured in this WHEELS A' ROLLING pageant, photographed just as it was presented at the 1945 and 1949 Chicago Railroad Fair. The commentary and the score of the pageant are the commentary and score of the film.

DANGEROUS FEMALES

The first 16mm. sound film in our Blackhawk Collectors Series—a 2-reel comedy produced in 1929 by Al Christie and originally released theatrically by Paramount. The only production Mars Brener and Polly Moran ever made, as a team, for a company other than MGM. It's a comedy absolutely typical of the Dressler-Moran team, broad and funny. For its day the recording was excellent and the speech is completely intelligible. For what it was, and for what it is, we recommend it.

The GOLDEN ARROW

The very best of Europe's great trains—THE GOLDEN ARROW—drawn by British Railways and French National Railways. The Golden Arrow service is the fastest surface route between London and Paris—less than seven hours. The Golden Arrow is the only train in the world that runs through the Channel Tunnel, the bridge for the world's shortest crossing to Calais. At the block in Calais, the French Golden Arrow, the Pêche d'Or, is waiting for the arrival of the train, and shortly minutes after the ferry docks it departs for Paris 3-hour non-stop run to Paris. PHOTO SWEEP (ANTI-STATIC FILM CLEANER)

Here is a product that will be welcomed by each film user who realizes how much damage results from electricity on films. That static results from handling the film, wiping it, running it through the projector - and most dirt on your film is attracted to it by static. The remedy to wipe it away, the more static builds up, and the easily that dirt particles are attracted to scratch wear the film.

PHOTO SWEEP gets rid of that static - and of dirt on the film at the same time. Simply dampen (do not use a pad of soft cotton material and draw your film through cleaning and coating both sides in one operation. Instantly. Your films will be clean, and will stay clean because the static electricity that attracts most dirt is also the need for waxing is eliminated, films are kept and will not dry out, and any minor scratches already in the film will be masked and not appear in projection.

PHOTO SWEEP is also available in Aerosol Spray Can form as transparent, glass cover slides, lenses, negs, make them static-free and non-dust attracting.

MANSFIELD 8MM. MOVIE EDITOR

This Editor, consisting of Viewer, Geared Rewinds, and Automatic Dry Splicer, all mounted on a metal base and beautifully finished in blue and gold, is just about the best buy in 8mm. equipment you'll find in many a day. It is easy to operate, handles 8mm. reels up to 400' capacity, and meets the requirements of both amateur and professional. The various parts are available individually as well as in the complete editor, so additional information on the set may be obtained by consulting the more detailed descriptions given below on the component parts. One of the most unusual things about this fine piece of equipment is its price. Regularly \$25.95, Blackhawk can bring the Mansfield Movie Editor (EN-33) to you for just **\$19.95**

MANSFIELD 8mm. VIEWER

The optically ground and polished lens system and brilliant viewing screen on this viewer give sharp, clear, 1 11/16" x 1 1/4" images, free from distortion. Of die-cast metal construction, it is attractively finished in blue Hammerloid. Illustrated above as center unit of Movie Editor. Regularly priced at \$10.50, the Mansfield Viewer Unit (EN-34) is available from Blackhawk at the low price of **\$7.95**

MANSFIELD REWINDS

for 8mm. or 16mm. film

The rewinds will handle reels up to 800' capacity. They are equipped with fingertip controlled drag brakes, and their gear ratio of 3 to 1 makes for easy winding. They are of metal construction and have a gold anodized finish. The regular price of these rewinds is \$7.50. Blackhawk offers them to you (somewhat similar to those pictured above as part of the Editor), unit EN-35, for only **\$5.95**

MANSFIELD AUTO-SPLICER

It has dual scraping blades with radial pivoting action, chrome steel film cutters ribbed for distortion-free operation, an automatic spring release when splicing is completed, and a mar-proof molded rubber base. The body is finished in blue Hammerloid. It gives a faster, cleaner splice, and film enthusiasts know that dry scraping produces a really permanent splice. All this (illustrated as part of the Editor above) would regularly be \$7.85. Blackhawk has the Auto-Splicer (EN-31) at the astounding price of **\$5.95**

MANSFIELD JUNIOR SPLICER

for 8mm. and 16mm. sound or silent film

A precision-made splicer at a remarkably low price, and one that will give years of satisfactory use. It comes complete as pictured, with splicer, bottle of film-splicing Cement, water bottle and scraping blade which is inserted in bottle cap, all mounted on a wooden base. The splicer itself is of heavy gauge metal construction anodized in silver and gold. The usual price is only \$3.50, but Blackhawk is able to offer you the Junior splicer (EN-32) at the even more surprising price of only **\$2.79**

CINELAC

Cinelaq protects film emulsion — either black and white or color — motion picture film, slides and stills — against the hazards of scratches, abrasions and finger marks. A new anti-static element minimizes the effects of static electricity in attracting dust and lint to the film surface. A 2 oz. bottle is enough to coat 1,500 feet of 16mm. film, 2,500 feet of 8mm. film, or approximately 3,000 square inches of film surface. For best results, it should be applied to the emulsion side of new prints before they are placed in service.

EN-62 — 2 oz. bottle complete
bills for only **\$1.98**

8mm. REELS AND CANS

These reels and cans, like our 16mm. line, are made by the top manufacturer in the business. The reels are stamped from a good grade of steel with resilient spring to resist bending, yet are light in weight. Cans are embossed to achieve maximum rigidity. Reels and cans are of matching baked dull brown enamel finish.

EN-11 — 200' capacity reels. EN-12 — 200' capacity cans.

PROJECTORS • CAMERAS • RECORDERS • ACCESSORIES

The Nation's Bargain Counter for Used A-V Equipment

This month offers a very special opportunity for you to buy a 16mm. sound projector at even further savings over Blackhawk's regular money saving price! We have developed a number of regular sources for the excellent used equipment we offer, and are now getting it in such quantity that it is our intention to keep all items moving - even if we have to cut the price, which is exactly what we are doing.

So, this month, on all 16mm. sound projectors which have been listed in the two previous issues of the Blackhawk catalog, we are cutting the price by \$10.00 or \$20.00 more in order to clear them out. Each of these items available at this extra savings are below as SALE SPECIALS. Give them your special attention in making your selection, but don't delay, they'll move fast at these special sale prices!

All equipment offered in Blackhawk's Equipment Mart is good used material - and real bargains at the prices at which it is being offered. Every item has been thoroughly checked over, cleaned and adjusted, both mechanically and electronically, before being listed.

If you are desirous of obtaining a particular make and model of projector, camera or recorder, we'll be glad to place your order on file. Then, just as soon as we get an item that meets your specifications, we'll give you first chance at it. Simply write and tell us what you want and (if you wish) approximately what you want to pay. We'll keep on the lookout for that particular machine for you.

We do not sell anything on time payments. Our terms are cash only - either in full with order or 10% deposit with order and the balance C.O.D. Our guarantee protects you. If for any reason you do not wish to retain the equipment you have ordered from us, you may return it, transportation paid, within five days after you receive it, and we'll give you full credit or refund the purchase price in full, whichever you prefer.

As we frequently have several units of the same make and model, sometimes with minor differences, and sometimes at different prices, please order by our item number as well as indicating make and model. In this way there will be no uncertainty as to exactly what unit you want.

LIFELINE OF THE NATION

(Used Kodachrome Prints)

A 2-reel 16mm. sound film in full color Kodachrome showing the magnificent per of our railroads during World War I. The emphasis in the film is more on the it of freight than of passenger travel. As a result the film is somewhat in contrast MAINLINE U.S.A. or BIG TRAINS ROLLING. The viewer, too, will note an difference - the emphasis of the majestic steam locomotive which was still - do was - the number one source of motive power for freight as well as passenger train. There is a marked contrast with today when diesel power is close to taking o principal runs. So, for those of you who have a particularly soft spot in your heart steam locomotive, here's your chance to see some of the big boys of the Santa F Pacific, Norfolk, and Western, Rio Grande, Southern Pacific and Pennsylvania I. You'll see lots of other, too. Prints of these films are valued at **\$2.50.00** new.) 16 SMP 7604. Price only **\$1.50.00**

Showing his talent in the movies, W. C. Fields was a great favorite of a great many of us. These two films, episodes out of two of his most popular Universal-International features, have been outstandingly popular since their release in 1934. They're beautifully done 1-reelers, and offer Fields at his typical best.

MAINLINE U. S. A. (Used Kodachrome Prints)

Here is a 2-reel Kodachrome film in 16mm. sound that traces the impact of railroad construction over the last century as the prime means of the general development of our country — how the railroads today have a very direct effect on all our lives. Shown are some of the most spectacular shots of streamliners and freights at speed, across prairies, over bridges, against backgrounds of snow-capped peaks. Railroad fans can easily identify the trains of their favorite railroad. You'll see streamliners and freights of the Monon, Rock Island, Milwaukee, New Haven, Santa Fe, New York Central, Pennsylvania, Burlington, Southern Pacific, Erie, Missouri Pacific, North Western, and many another pike. You'll also see many a yard goal at work, and many other activities of the railroads in maintaining the far-flung and complex services that they render. Even those of you who aren't first of all railroad fans will find this an informative, absorbing, entertaining and very beautiful film to have in your collection. (Prints of this new are valued at \$150.00.) 16 SDU 76C3.

YOU MAY PURCHASE ANY OF THE TITLES LISTED ON THIS PAGE AND CONTINUED PAGES AT THESE BARGAIN PRICES:

EACH: **99¢** ANY SIX FOR ONLY: **\$4.99**

These films, identified as 100' R-I Sound Musical Films, are used prints of productions made originally by such producers as R.C.M. (Roosevelt, Colow, Mills), Minsky, Cannon, Screencraft and Globe for exhibition on Phonofilm coin-operated machines. These machines, projecting from the rear onto ground-glass screens, required the photographic image reversed. Yet these prints show quite acceptably on any regular 16mm. sound projector and the only point where the reversal is usually noted is on the main and end titles, which you may eliminate at the time you assemble your library. Over the last 25+ years, we have sold many scores of thousands of prints, and hundreds of satisfied customers reorder regularly.

The films listed here may be selected by individual title. Good stocks are on hand of most of these subjects - but the listing of a few alternatives is always desirable. We'll never substitute unless your first choice are out of our stock. These 100' R-I Sound Musical Films are not supplied on reels, but in individual rolls.

These films are licensed for non-theatrical use only, and cannot be shown on television or theatrically.

USED 100' R-I MUSICALS IN PACKAGES

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually the only place you will notice any difference is in the titles — the lettering will appear backwards on your screen. There may be, without notice, occasional substitutions of one or more titles in any package because we are temporarily out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

If you decide, after viewing any of these packages, that you want to keep only part of the package, we will charge you \$1.98 for each R-I Sound Musical Film you retain. Also, if you would like to order individual films from any of these packages, we will be glad to fill your orders at \$1.98 per print so long as we have a stock of the title that has not been assembled into packages.

These films are licensed for non-theatrical use only, and cannot be shown on television or theatrically.

Our Guarantee

This guarantee provides that if for any reason you do not wish to retain any films or merchandise you order from Blackhawk, you may ship them back to us, transportation paid, within five days after you receive them, together with a copy of your invoice, and we'll give you full credit. Of course, returned merchandise must be in substantially the same condition when returned as when you received it. If films are returned or sent for trade-in, it will usually be ten days to two weeks before exchange merchandise or refund check will reach you.

Read This Before You Order!

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit losses, and by operating our organization at the utmost efficiency. Therefore, irrespective of your credit rating, our terms are CASH WITH ORDER, or (inside continental United States) C.O.D. However, even inside continental United States, a 10% deposit must accompany all C.O.D. orders of \$50.00 or more. Outside continental United States - and this includes Alaska, Canada, Hawaii, Mexico, Porto Rico and the Panama Canal Zone - we can handle orders only when remittances in full are included. In all cases, we urge you to remit by postal or express money orders, or by bank drafts. Do not send currency or coins - even by registered mail - for you do so at your own risk.

Foreign shipments - excluding Canada and Mexico - must total a minimum of \$10.00. And, all foreign orders, including Canada and Mexico, must be paid in U. S. funds unless arrangements have been made in advance for payments in the currency of the purchaser's native country. Purchasers in Iowa must pay the 2% Iowa State Retail Sales Tax except in the case of retailers who are purchasing materials for resale, in which case this fact must be clearly stated on the order.

Export shipments, other than those by parcel post or air, should be packed in wooden boxes for shipment by sea. An additional charge of \$6.00, over the cost of merchandise and actual transportation, is made for each such box required, and for packing therein in waterproof paper.

Under the new postal regulations, parcels may not exceed 20 lbs. in weight nor 72 inches in length and girth combined. This means generally that all moderate to large shipments of films must be shipped to you by Railway Express, and that shipments of projectors, screens (except our folding cloth screens) and moderate to large quantities of reels and cans must go by express instead of parcel post. Whenever an item has to be shipped by express, we will send it express collect for the transportation, which you will pay on delivery.

However, on small moderate size shipments of 16mm. films, which may be sent by parcel post, if you wish to remit in full with your order, you may include the appropriate amount to cover for packing, postage and insurance, based on your address, as covered by the following three territorial groupings:

GROUP A GROUP B GROUP C

Shipment of one 100' print	.10	.10	.10
Shipment of two 100' prints	.20	.25	.30
Shipment of one 400' reel of film	.35	.40	.45
Shipment of two 400' reels of film	.50	.50	.55
Shipment of three 400' reels of film	.35	.60	.70
Shipment of four 400' reels of film	.40	.75	.85
Shipment of five 400' reels of film	.45	.85	1.00
Shipment of six 400' reels of film	.50	.95	1.15
Shipment of seven 400' reels of film	.55	1.10	1.25
Shipment of eight 400' reels of film	.60	1.20	1.40
Shipment of nine 400' reels of film	.65	1.30	1.55
Shipment of ten 400' reels of film	.70	1.40	1.70
Shipment of eleven 400' reels of film	.75	1.55	1.85
Shipment of twelve 400' reels of film	.80	1.65	1.95

Most shipments of more than twelve reels will exceed twenty pounds and must therefore be shipped by express.

GROUP A - applies to Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, Oklahoma, South Dakota, Tennessee, West Virginia and Wisconsin.

GROUP B - applies to Alabama, Arizona, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Idaho, Louisiana, Maine, Maryland, Massachusetts, Mississippi, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Oregon, Pennsylvania, Rhode Island, South Carolina, Texas, Utah, Vermont, Virginia, Washington and Wyoming.

GROUP C - applies to Alaska, Canal Zone, Hawaii and Porto Rico, together with all other U. S. territories and possessions, Canada, Mexico, Central American and European Countries. Three 100' 16mm. prints count as one 400' 16mm. reel in figuring postage and insurance.

Each feature picture counts as eight 400' 16mm. reels in figuring postage and insurance. For empty reels, cans, cases, etc., allow 20% of purchase price for postage and insurance.

In figuring transportation charges for 8mm. films, consider two 8mm. subjects to be the equivalent of one 16mm. subject of the same length.

On many classes of films listed here, additional savings can be made by ordering six, twelve or more prints at a time. These discounts, however, apply only to quantities purchased within that class, and not to assortments of several classes of films. Discounts do not apply to any new or used films unless specifically offered in the listing.

There are no dealer discounts of any kind offered by Blackhawk - the prices quoted in this catalog, and the quantity discounts available on certain types of films, apply to all classes of purchasers.

Our Office is open from 8:30 to 4:30 Monday through Friday. We are closed all day Saturday and Sunday. During office hours, we can be reached by phone at 7-9394 or by personal call at the Putnam Building, Second and Main Streets.
