

31st

Annual Symposium

July 24 - 27, 2017 ~ Montreal, Canada

Exhibitor & Sponsorship Prospectus

THE
PROTEIN
SOCIETY

THE
PROTEIN
SOCIETY

About The Association

The Protein Society is a not-for-profit scholarly society with a mission to advance **state-of-the-art science** through international forums that promote communication, cooperation, and collaboration among scientists involved in the study of proteins.

For 30 years, The Protein Society has served as the intellectual home of investigators across **all disciplines**, and from around the world, involved in the study of protein structure, function, and design. The Society provides forums for scientific **collaboration** and **communication** and supports professional growth of young investigators through workshops, networking opportunities, and by encouraging junior researchers to participate fully in the Annual Symposium. As well as the meeting, the Society's prestigious journal, **Protein Science**, edited by Brian Matthews, serves as an ideal platform to further science of proteins in the broadest sense possible.

About The Meeting

The Protein Society's Annual Symposium is an **international** gathering of 700 protein science leaders and community members. Structured with two concurrent sessions, and spanning 3 and a half days, the Annual Symposium features a multitude of opportunities for networking, with plentiful speaking slots for selected early-career-scientists, and unique workshops for students and educators alike.

The 31st Annual Symposium takes place July 24 - 27, 2017 in Montreal, Canada, at the [Hotel Bonaventure](#).

The Protein Society is proud of our collaboration with Canada's PROTEO network.

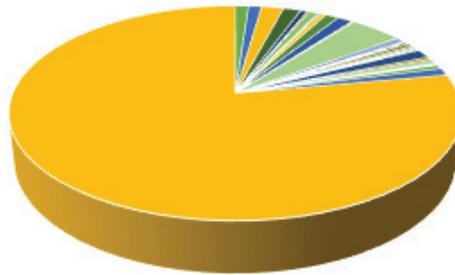

Who Attends?

The Protein Society's premier event, our 31st Annual Symposium, hosts 700 chemists, biologists, physicists, mathematicians, students, and educators who share a unifying interest in understanding the nature of proteins.

Working at universities, foundations, institutes, and corporations in more than 50 countries, this truly international community supports the commitment of The Protein Society to foster development of the **next generation** of protein scientists, provide resources for educators and students, and to create productive international forums for protein science that incorporates diverse research interests and experimental approaches.

Why Exhibit?

Access

Approximately 700 professional and academic biologists, physicists, and mathematicians attend the meeting. The Society gives a complimentary Post-Show Attendee List to all exhibitors.

See and Be Seen

The Annual Symposium delivers cutting- edge research in an **intimate setting where attendees and exhibitors receive personalized customer service.** Sponsors and exhibitors will benefit from great foot-traffic and generous signage recognition. The event provides 3 days of exposure, which includes daily 2-hour mix and mingle evening receptions in the Exhibitor areas. The Society also provides several incentives to attendees to visit exhibitors, including an exhibitor passport contest.

Lead Retrieval

Scan attendees' badges to collect all the information you need to follow up and **make a sale.**

Education

Exhibitors can be **attendees**, too! Exhibitors receive additional opportunities to interact with conference attendees with access to ALL educational sessions.

Technology & Product Demos

Provide attendees with innovations in their field. Give hands-on demos that allow them to **see how technology can revolutionize their work.**

Awareness

Ensure that attendees remember your company name, product, and/or service by keeping your company at the forefront of the Annual Symposium.

Floor Plan

Exhibit Booths will be placed in the same room with Poster Displays - Salons - Fontaine.

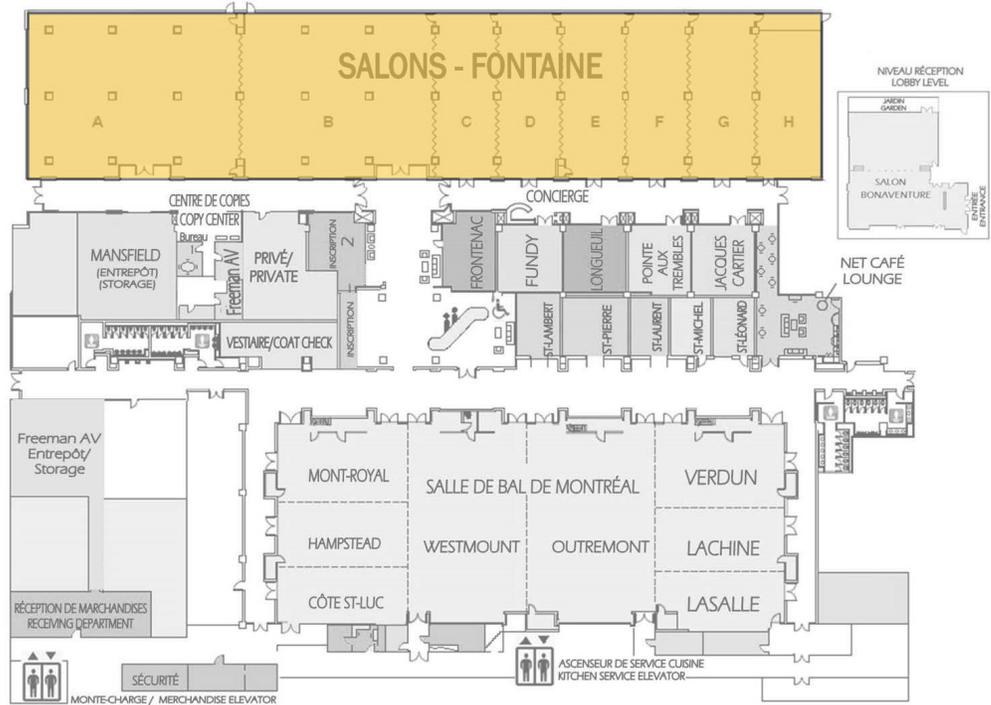

Exhibit Booth Package

- 10' x 10' booth
- 8' tall back drape, 3' draped side rails
- Listing in Final Program, app, and website
- 1 complimentary full registration
- 3 exhibit hall only registrations
- Post show attendee list - mailing addresses only

Price for standard 10' x 10'

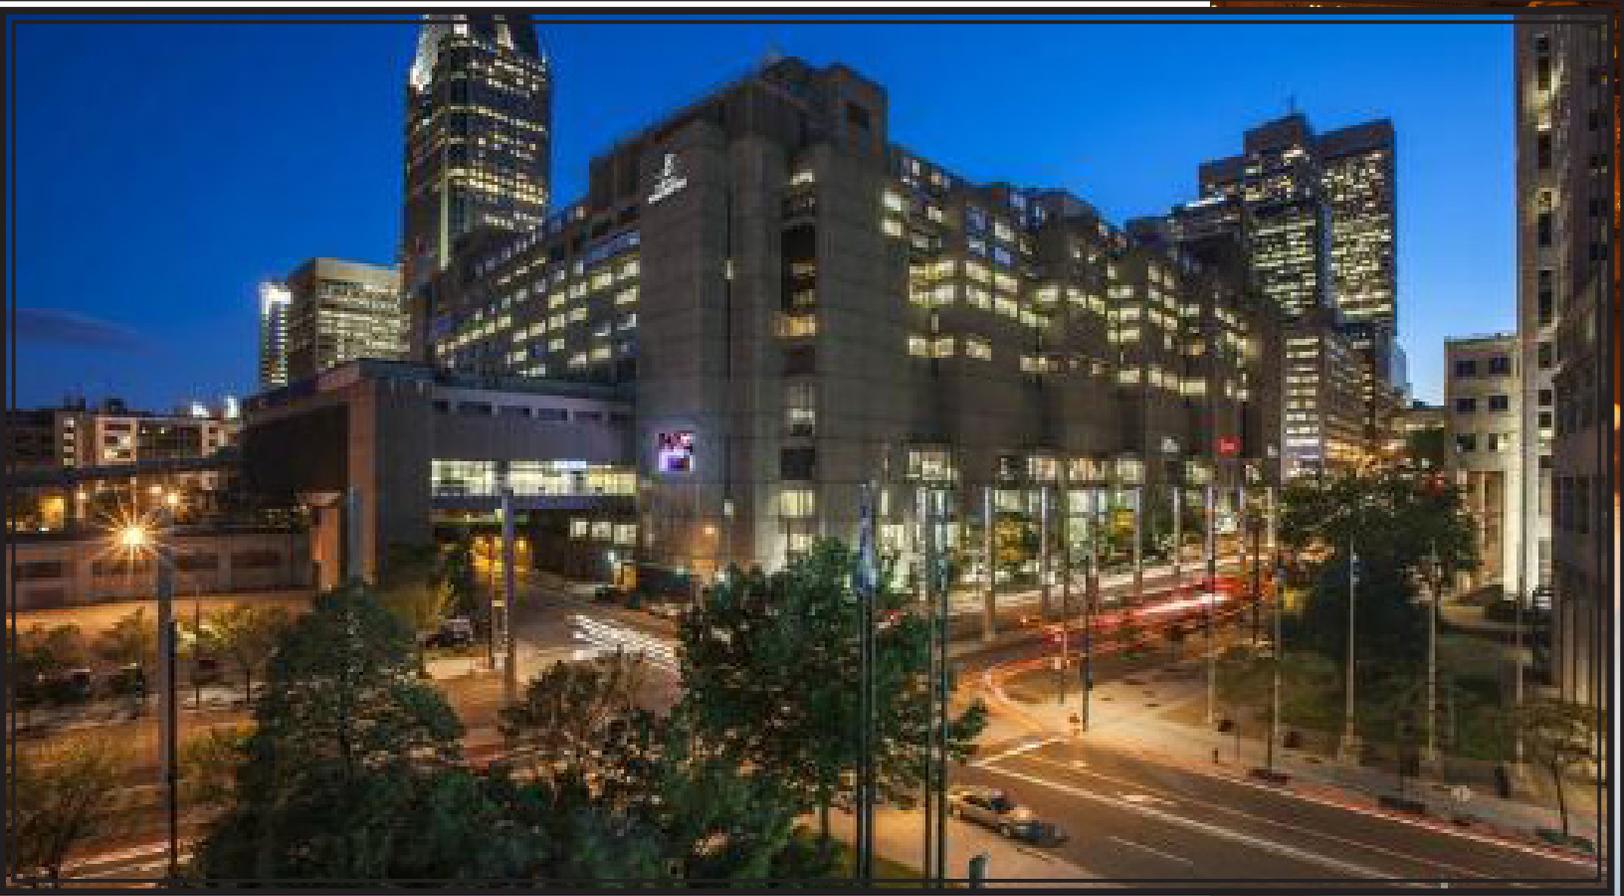

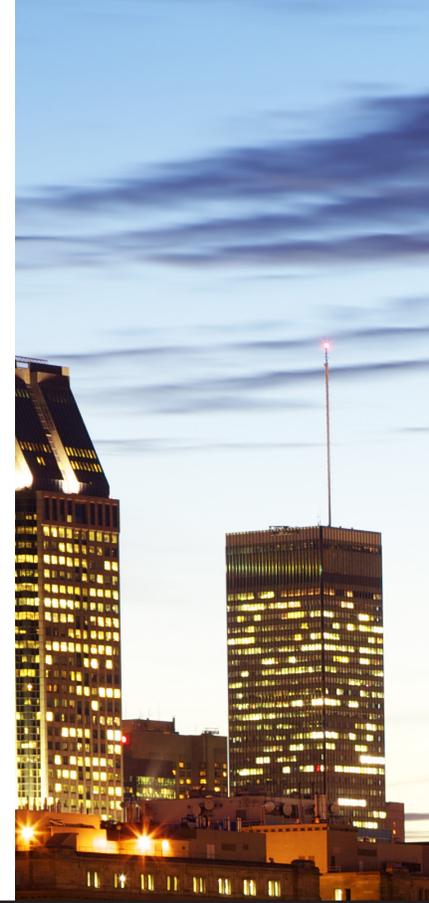

\$2,400

Booth Assignments

The Protein Society bases priority for booth space assignment on the date in which we receive contracts. Tentative reservations may be made via email and will be held for 10 days. Within this time period, the contract and required booth space fees must be forwarded to The Protein Society, or we will release tentative space. No space will be assigned until we receive both a contract and payment.

Exhibitors wishing to avoid assignment of booth space adjacent to that of a particular competitor should indicate on the contract. Careful consideration will be given to each request, but relocation cannot be guaranteed.

In the event of conflicts regarding booth space requests or conditions beyond the control of the exhibit management, The Protein Society reserves the right to revise, relocate, or reassign exhibit booths at any time for the overall benefit of the Symposium. A revised floor plan will be provided upon request.
