Pharma Test P100 (Testosterone Propionate) is one of top-selling products of Pharmacom Labs. It is highly recommended as the base of both mass building and cutting cycles. Testosterone is responsible for promoting health and well-being through enhanced libido, energy, immunity, increased fat loss, gaining and maintaining lean muscle mass. Pharmacom Labs PHARMA Test P100 is presented in a 10 milliliter reusable injectable vial. Each milliliter reportedly contains 100 milligrams of testosterone propionate according to the label and packaging. Samples of this product were purchased from a European-based authorized distributor between the dates of April 1, 2015 and April 30, 2015.

Test P 100 Reviews. boy i miss this lab, stuff was great and the prices really cheap. This is the Best! I miss AB! If you ever come back, holla! (no homo) i used their, test p npp, teste last summer, i had 2 bottles left sold them to my boy, go to get more their gone. they had good stuff.

The PTF E instruments operate at a fixed speed setting of 25 drum rotations per minute and are available with either one drum (PTF 10E) or two drum (PTF 20E). Clean the samples from any dust prior to the test. Weigh the samples and introduce them into any drum of the instrument.

Testosterone Propionate is a pure testosterone hormone. Although synthetic it is a perfect replica of the primary naturally produced male androgen testosterone. By design, the hormone is attached to the Propionate (propionic acid) ester, a small/short ester that enables the hormone's release time to be controlled.

PHARMA TEST C 250

(Testosterone Cypionate) is one of the best mass building anabolics known to man and is a highly recommended as the base of any mass building cycle. Testosterone is responsible for promoting health and well-being through enhanced libido, energy, immunity, increased fat loss, gaining and maintaining lean muscle mass, preventing Osteoporosis (loss of bone density), and possible.
