

## ***SP-1™ ... Our Special Product***

3/8/2017

SP-1™ is one of the most versatile products in our Biological Farming arsenal.

- SP-1™ can be applied almost every way imaginable - liquid in-furrow starter, 2x2 row support starter, transplant solution, liquid sidedress mix, foliar, fertigation, aerial ...
- SP-1™ is loaded with multiple strains of bacteria and fungi, plus other microbes known to benefit both the soil and growing plants.
- SP-1™ also includes carbon substrates, vitamins, and minerals to keep all the microbes fed, growing, and working hard at their jobs.

If a picture's worth a thousand words...here's a 7,000-word essay about SP-1™!!
