[#1013 Let Us Arise - Songs That Live -Ed.]

*Let us arise today*

*Arise today*

*Let us arise today*

*And rebuild Jerusalem*

Hallelujah! Amen. The more we sing it, the more it drops down in the subconscious, the more it becomes real to us, the more it keeps us in remembrance that we have started to build. There is an enemy determined to frustrate us and weaken our hands, causes the building to cease, but God has inspired us by the spirit of Haggai and Zechariah, amen, that we could prosper under the prophesying (hallelujah), as the Holy Spirit releases to us the strength to rise up and build. Let us arise and build, rebuild Jerusalem. Blessed be His wonderful Name.

Let's just bow our hearts for prayer. We have a request here: *Sis. Mona Ramlal is requesting prayer for a broken ankle. The doctor indicates an operation to the ankle, and she is at home.* We want to believe for her.

We serve a mighty God. God brings circumstances many times. One time He says—they asked Him, “Is that man—did that man sin, did his father sin, did his mother sin? Why is the man laying blind like that?”

He said, “Neither of them sinned. This is that the works of God would be made manifest.”

The little fish was dead because God wanted to show He is the Resurrection and the Life. The storm came because God wanted to show He had power over the elements. He controlled all nature by His Word!

Hattie Wright's boys were laughing and snickering because God wanted to show He could give a mother the desire of her heart, who could stand believing. God has conditions many a time that His works might be made manifest.

Our gracious, loving, Father, we stand, dear God, conscious in Your Presence tonight that we have not just come into this building, we have not just come and gathered ourselves in the form of a ritual or a tradition that we do from week to week, but we have come embracing the blessed opportunity to come by a New and Living Way, to come through the precious Blood of Jesus Christ, to come before the Throne of Grace where we shall obtain mercy, and find grace to help us in time of need, where the great High Priest of our confession can be touched with the feeling of our infirmities. And, oh God, that through Lord, the faith that You have given unto us, to believe with our hearts and confess with our mouths, You know how to bring our body in obedience to our confession.

And Father, God, we stand here tonight, so thankful, dear God, for the great Light that You have shone into our hearts in this Hour, Lord, God, to bring this great illumination that this great promise for which the prophets and the saints and the sages, down through the Bible and down through the Church Ages longed and waited for, that one day the Lamb would step forward and take the Book and to break the Seals, dear God, in a time when the Seventh Angel would be on the earth and that Mighty Angel will descend in those days.

Like Jesus came when John was on the earth forerunning His First Coming, oh God, and the Word coming to the prophet that he could wind up the Old

Testament and introduce the Messiah, so dear God, Lord, You did the same thing in this Hour. For You spoke that day, "As John was sent to forerun the First Coming, so shall You forerun the Second Coming." And here we are, Lord, recognizing that the Lord Himself hath descended from Heaven with a Shout, oh God.

And that's why we are here, because the Shout was to gather the Bride together, oh God, to gather us. A call to come to a Resurrection, out of dark denominationalism, that tonight, Lord, we are raised up out of creeds and dogmas. In the Sunday, the Mighty Angel descended, and the cold, stiff, dead Body was shaken back to life! Hallelujah!

Lord, here we are in this Hour, resurrected, raised up, not talking about a historical God, but talking about the Living God! Blessed be Your wonderful Name, tonight! And You said, "Where the carcass is, there will the eagles be gathered together." You didn't say the hawks, You didn't say the vultures, Lord; but You said the eagles, Father.

In this Great Eagle Age, hallelujah, when the Dove has come to lead the Eagles, the great Spirit of Truth is leading us and guiding us into this full, complete Mystery that flesh might become the Word again, that a Bride can stand in Your Own Image, in Your Own likeness in order to be united with You. This Great Mystery of the Marriage: God and man were one back there, and God and man are to become one here.

And in this Hour, You are writing the Name of my God and the Name of the City of my God and my New Name, oh God, upon us, Lord. This great thing is being revealed, written in our hearts by the Holy Spirit, Lord, bringing birth and raising us up into the full manifestation of the Word of God.

We thank You, Lord. Bless all that is in Your Presence tonight. Do the exceedingly, abundantly. We thank You for the Spirit of wisdom and revelation in

the knowledge of Jesus Christ. You did say through Your Prophet, "As Gabriel came to Daniel, so the Spirit of Wisdom will come to the Church in the last days to reveal these deep secret things in order to get the Church ready to go out." And we see that is happening, Father, as You come and You parallel these things and show to us, Lord God, how the Scripture is being fulfilled again. Modern events being made clear by the vindicated prophecy. This great awakening that we are awakened and stirred to the fulfilling of the prophecy, 'as a man that is awakened out of a sleep', dear God. Blessed be Your wonderful Name. To know Jerusalem is rising again, the City of the Living God, the Lamb's Wife, spirits of just men made perfect, innumerable company of angels. Oh, hallelujah! Glory be to God.

Take full, complete control in this service. May Your Holy Spirit minister to us as we have need, and may Your Quickening Power, Lord, God, so quicken us, Father, that we could move, Lord God, up into that realm of the Spirit, like John was. And if John had to be in the Spirit to see the Mysteries still sealed in symbol form, how much more we will have to be in the Spirit to see these things revealed in reality form, oh God.

There is no other Age for the Revelation to come; it's all run out, Father. It's happening now. The Spirit of Truth is here revealing it. May we catch it in this Hour. May we see ourselves in it, and may it influence our lives to make us prisoners to the Word of God. Would You do it, Father? We pray and we ask according to Your Divine will and purpose, according to Your plan for this Hour, knowing that that is, Lord God, the purpose and the objective of the Holy Spirit, that the same harmony that existed between the Father and the Son could now exist between the Bridegroom and the Bride.

May You grant it, Lord. Grant it we pray. Lead us, oh great Seventh Dove. Lead us, Lord, into such a plain path. We pray for these things. We ask Your mercies in the Almighty and All-sufficient Name of our Lord Jesus Christ, amen. Amen.

You love Him, tonight? Amen. We praise His wonderful Name, this great mighty God. Amen.

I would like to invite your attention quickly as we go through the Word, and may God bless each and everyone. May faith fall into your hearts. Amen. May faith bring you to the power and the power produce the promise. Faith is Revelation when the Word is revealed to you.

I want to welcome my sister here tonight, my natural sister in the flesh. She is here with us tonight. God bless her heart, amen. Since my mother died, she is like the mother in the family. She mothers all of us, even though she is not the oldest one. She mothered Maureen, she mothered Patrick, she mothered me. She mothers our children like the grandmother and everything else. God bless her heart. She is so sacrificial and so willing and we just thank God that she could be here tonight. My wife wanted her to be in the service, and I pray God will do something special for her. Amen.

Praise His wonderful Name. Jeremiah, Chapter 50.

I asked you last Sunday to try to get acquainted, so when I preach, even though I don't spend a lot of time, not that we try to rush through it, but I had one service and I tried to make it into two by coming back tonight, and you know, these things are so large and you know, it just would not give justice by just trying to labor in one aspect, but I tried to throw a little picture out for you, and if by your personal study it could help crystallize things, that would be real fine. Because when you are acquainted with the Scripture, you know, you know the subject a little bit so you know what we are speaking and you can see the

connections, and that's when it can get inspired to you.

If you can't see the connections because you are not familiar, then you are hearing things but there is no quickening of it. But when you are familiar, then the Spirit begins to connect the dots quickly in your heart and it comes clear before your eyes. That's why I am trusting that you get inspiration, not just hearing, because any man with a sense of hearing will hear, but to understand, it takes the Holy Spirit. That's a work of the Holy Spirit.

I'm just going to pick the places again, you know, in order to save time because one of the chapters has about fifty-something verses; the other one is almost the same. And so, you know, it's over one hundred verses of Scripture we are trying to deal with. And I told you to read Jeremiah 50 and 51 with Revelation 17 and 18. If you read those two together, it will help you quite a lot.

Then I believe a lot of what we have preached already since May here, as we come back around a second time in this series, it will help you understand a little better, because this is proving what I'm saying is right. I don't need this to prove what I'm saying is right, but if we are claiming we are Jerusalem, then you must see what is happening to Babylon, because the same prophecy and the same God, He is redeeming one and bringing judgment to the other. And if we can see what is happening to us, and we see what is happening there, if it goes together, then nobody needs to wonder if this is an explanation, or an idea, or Vin's idea. You will see the Scripture being made manifest. Because I might preach this here, but I can't put the things in the world that are happening. And if the things that are happening in the world is the Scripture, then if we don't know who we are, we have to find out who is getting this experience of what Jerusalem is to go through in that Hour.

But if that is happening here, then the Word confirms this, and the Word confirms that, then it makes us awaken to realize when we sit here it is not just a service. And that's why we had those messages on the Awakening and the stirring to the fulfilling of the prophecies. Amen.

So quickly, Jeremiah 50. As I say, I'm going to just pick the place that I want, verse 3, because we went through quite a lot Sunday in both Chapters.

*<sup>3</sup> For out of the north there cometh up a nation against her, which shall make her land desolate, and none shall dwell therein: they shall remove, they shall depart, both man and beast.*

Now one of the things we know about Scripture is, when a prophet is speaking and he is saying, "Thus Saith The Lord", that's the thoughts of God. Heaven and earth could pass away but that Word could never fail. If that fails, the Bible is not inspired. If the Bible is not inspired, It cannot save us. Then it means God and His Word are not the same. Then it means God told something that didn't happen.

Jesus said, "Not one jot or tittle shall in anywise fail." So the thing is, when you see "Thus Saith The Lord" attached to prophecy in the Bible, then any student of the Word, the first thing they look at is, "Has that come to pass already, or is that coming to pass? Or is that history repeating itself?" And if that is repeating itself or is coming to pass, then when you recognize that being fulfilled, you will know the time and season. That's how you know your time and season. Amen?

*<sup>4</sup> In those days, and in that time, saith the LORD,*

And I told you there are four other places, besides this one, where that is written in the Bible. And every time it uses that phrase "*In those days and in that time*", it speaks of what is to happen under the

Seventh Trumpet with God taking the Jews back. And I quoted the Scriptures for you: Joel 3:1, Jeremiah 33:15, Jeremiah 50:4 and verse 20 also. So those would show you that if you could see that that's that Seventh Trumpet going and happen to them there, you will understand that's a parallel to our Seventh Seal, here.

See, these are principles in the Message that once you know something is going to happen to Israel under the Seventh Trumpet, you know that is supposed to happen to you under your Seventh Seal. Amen? These are the principles of the Word.

*<sup>4</sup> ... saith the LORD,*

Saith who? Vin? "Saith the Lord."

*... the children of Israel shall come, they and the children of Judah together, going and weeping: they shall go, and seek the LORD their God.*

*<sup>5</sup> They shall ask the way to Zion with their faces thitherward, saying, Come, and let us join ourselves to the LORD in a perpetual covenant that shall not be forgotten.*

Drop down to verse 9.

*<sup>9</sup> For, lo, I will raise and cause to come up against Babylon an assembly of great nations from the north country: and they shall set themselves in array against her; from thence she shall be taken:*

Her taking is going to depend on this gathering. Don't look for Babylon to fall and be taken if you don't see a gathering of nations from the North Country. Not the south country, not the west country, the North Country.

*<sup>9</sup> ... they shall set themselves in array against her; from thence she shall be taken: their arrows shall be as of a mighty expert man; none shall return in vain.*

A man pulled a bow at a venture, 1<sup>st</sup> Kings 22 (remember?) and that missile went—because Micaiah had a Revelation that in this battle Ahab is to fall. It was determined in Heaven. Is that right? And it went all the way and it stuck between the joints of the armor. It penetrated his defense system. Now watch.

So:

*... their arrows shall be as of a mighty expert man; none shall return in vain.*

God is describing how she will fall.

Verse 14:

*<sup>14</sup> Put yourselves in array against Babylon round about: all ye that bend the bow, shoot at her, spare no arrows: for she hath sinned against the LORD.*

And Sunday I drew your attention, I said, “Notice, he keeps calling for *archers*. He is talking about bow and arrows.”

*<sup>15</sup> Shout against her round about: she hath given her hand: her foundations are fallen, her walls are thrown down: for it is the vengeance of the LORD: take vengeance upon her; as she hath done, do unto her.*

And I told you, when you are reading that, stop and read Revelation 18:6 and 7 and you will find it's the same thing.

Verse 25:

*<sup>25</sup> The LORD hath opened his armoury, and hath brought forth the weapons of his indignation: for this is the work of the Lord GOD of hosts in the land of the Chaldeans.*

God is going to gather nations from the north. They are the weapons of his indignation. When you see them gathering, you know the Lord has opened his armoury, because the weapons that are designed to bring her destruction, the way God says she will die. Because she is not going to drown in water like in the

days of Noah. She will be burned with fire in one hour. She must die by atomic fire. Do you understand?

*... for this is the work of the Lord GOD of hosts in the land of the Chaldeans.*

God is saying, "This is My work. I'm doing it like this." So that's why He Who is going to do it, is telling you before He does it, how it is going to be done. That's why it becomes prophecy.

*26 Come against her from the utmost border, open her storehouses: cast her up as heaps, and destroy her utterly: let nothing of her be left.*

*27 Slay all her bullocks; let them go down to the slaughter: woe unto them! for their day is come, the time of their visitation.*

*28 The voice of them that flee and escape out of the land of Babylon, to declare in Zion the vengeance of the LORD our God, the vengeance of his temple.*

The ones who come out of Babylon when the call says, "Flee out of her! She is fallen, is fallen!" they have to come back in Zion, and stand up in Zion and start to declare, "The hour for the Lord's vengeance upon Babylon is here."

*29 Call together the archers... [Again, notice again.]*

*29 Call together the archers against Babylon: all ye that bend the bow, camp against it round about; let none thereof escape: recompense her according to her work; according to all that she hath done, do unto her:*

Recompense; in other words, what is being fulfilled here is: what you sowed, you are going to reap now. How much you killed and plundered and devoured, so it's going to happen to you now. How much you've lied and deceived, so it's going to happen to you now. *Be not deceived, God is not mocked.* That's a recompense.

“I will repay, saith the Lord.” And the punishment always fits the crime. That’s a principle of judgment. And Babylon’s judgment is the Vials, you know that. And Jerusalem’s Redemption is the Seals, you know that. And Redemption and Judgment always go together.

*29 ... recompense her according to her work; according to all that she hath done, do unto her: for she hath been proud against the LORD, against the Holy One of Israel.*

Verse 33:

*33 Thus saith the LORD of hosts; The children of Israel and the children of Judah were oppressed together: and all that took them captives held them fast; they refused to let them go.*

*34 Their Redeemer is strong;*

Because Revelation 18 says: “Strong is the Lord that judgeth her.” The One Who redeemed them, He is Kinsman Redeemer. And the One Who is going to judge her, is Kinsman Avenger. He is avenging what they did to His family. Amen.

If you go back and listen to messages like *When He Maketh Inquisition for Blood* [1995-0625 *When The Kinsman Avenger Maketh Inquisition For Blood -Ed.*], and these messages on *the Vials, the Harvest and the Vintage* and these things, you will understand those things even more clearly.

*34 Their Redeemer is strong; the LORD of hosts is his name: he shall thoroughly plead their cause, that he may give rest to the land, and disquiet the inhabitants of Babylon.*

Verse 41:

*41 Behold, a people shall come from the north,*

Where are they going to come from? The north.

*... and a great nation, and many kings shall be raised up from the coasts of the earth.*

May the Lord bless the reading of His Word. You may have your seat.

Turn over to Jeremiah 51, quickly. When we were on that series of Ruth last year, I preached a message out of here and had called it *The Threshing Of Babylon* [2006-0806 *The Threshing Of The Bride And The Harlot -Ed.*], because we were in the threshing of the Bride and then we went on to the threshing of Babylon, the great harlot. I just want to read from verse 6 here.

Jeremiah 51, verse 6:

*<sup>6</sup> Flee out of the midst of Babylon, and deliver every man his soul: be not cut off in her iniquity; for this is the time of the LORD'S vengeance; he will render unto her a recompence.*

The Day of Vengeance. The Day of Vengeance when the Son of Man, the Supreme Judge...Did the priest hand the Prophet the Book, like the priest handed Jesus the Book in the first Coming? And then the priest handed the son of man the Book in the Second Coming.

Was the rock thrown up and he said, "Judgment has started in the earth?" Was the Cloud turned and shown that that wasn't just talk, here He was wiggled with a White Wig? Was the Message rejected? Was there an indictment? Was there a trial? Was there a verdict? Was there a people shut up in prison? Souls That *Will Be* In Prison or Souls That *Are* In Prison, Now? Which one? That *are* in prison now.

Is there a Sixth Seal to cremate this generation? The righteous will walk out on the ashes of the wicked. The earth will burn after this Elijah. Have we seen the last sign before the Gentile world is to be burned with fire? All right. So if you read and say, "This is the time of the Lord's vengeance," that's not a time that is coming.

We are in that time already. That time is already moving, because the church has already rejected the Message. The Sealing Angel is sealing up the Elect, while the Slaughtering Angel holds those wars, those winds.

But after 2001 and 2003, with the war in Afghanistan and the war in Iraq, we know winds are being let loose. You can't have a place get the greatest bombing in all the bombing ever bombed in the history of the world in warfare, there was never a devastation like that at no time in the planet, and the winds are not loosed. You understand?

The thing is, the people who are desensitized, when they read that, that is news. The people who are awakened, when they read that and they know Scripture, they know what Hour that is. When they read that, they understand when the Prophet says, "Get under the Token!" He said that was to follow the Seals. Once that Mighty Angel comes down and opens the Book, and raises His hand and swears time shall be no more, you'd better get under the Token. All Israel had to get under the Token. Why? Because the last plague, death is already moving.

Is that the Bible? Is that the Hour? Why have we gone in the region? Why are we making all this great effort in the region? What was my purpose in asking the brothers for me to take the meetings in the Convention? What was the purpose? What is the purpose, after the Convention, to come back and play the three messages back to you and tell you, "You only got about ten percent in the Convention, and you need to hear it over." And ask the brothers to put it in book form too. What was the purpose?

I said, "The Revelation needs to be defined; it is not being clearly understood." And people think it is little truths, you know, just some little things; and this is a major Revelation that is coming out in this Hour to lead the Church forward into glorification. Because

this Revelation shows when the Mighty Angel came down at the end of the Seventh Decade. Sixty-eight years had run out. Gabriel descended at the time of the evening sacrifice to a prophet on the earth, at the beginning of the Gentile Dispensation, at the end of the Gentile Dispensation.

Was Daniel at the beginning of the Gentile Dispensation? Was Bro. Branham at the end of the Gentile Dispensation? Then at the end of the Seventh Church Age, we were to receive a Messenger. Did that Mighty Angel come to him? Was that Messenger to come and bring a Word? Were the signs only something to attract their attention to get them ready for the Voice of the sign, the Message of the Hour? Is that how you understand the Message? Is that how it has been taught to us here? Amen?

Then all the way until the temple was to be rebuilt, until we see... The mistake they made, they took their eyes off of the purpose why they came out, and the enemy frustrated their efforts, and they ceased to build. But when the enemy comes like a flood, God must raise a standard. So, the Holy Spirit started to raise up men (is that right?) to push the church forward, who had dropped their tools. Is that right? And they picked it back up, and they asked God to strengthen their hands for war, and they were determined to build, to finish the work they started. Be confident that He Who began the good work in you will finish it even until the Day of Jesus Christ. Amen.

Then when the Holy Spirit comes, and we see how when that house was rebuilt, He said, "I will fill it with glory." Amen. And watch how those three messages in the Convention was about the Glory: *I Will Fill This House With Glory* [2007-0810 -Ed.], *A Pyramid City Having The Glory of God* [2007-0811 -Ed.], and the time when the glory comes, *The Return of The Glory Of God in the Feast of Tabernacles.* [2007-0812 -Ed.] And stage by stage, the Holy Spirit brought all three into one to show you

what happens in the land of the fathers after you come out of Babylon at the end of the Seventh Decade. Amen.

And God took those five Books of the restoration and Revelation 17 to 22 and put them together. And He is showing you from the coming out of Babylon, all the way to a Pyramid City having the Glory of God. And the Book ends with that City; the Book ends with the Bride in all Her glory, because it was a woman who fell in the beginning and it comes back in the end. Amen?

So we had those things, so I'm just putting that in here to keep your mind, because verse 6 here is speaking about, "This is the time of the Lord's vengeance, he will render unto her a recompence."

Verse 7:

*7 Babylon hath been a golden cup in the LORD'S hand, that made all the earth drunken:*

Didn't Mystery Babylon do the same? Is that prophesied in the Bible? That's right. And the reason I'm typing this is showing you that these prophecies, they transcend back there because they were all speaking of an End Time people at the end of the Seventh Church Age who will be called out of Babylon.

Did the Holy Spirit take the Scriptures and prove to us that when Solomon built the temple and the church was filled with glory, the Babylonians came and broke it down? And on the Day of Pentecost, when the church was filled with glory, the Babylonian powers came. The Nicolaitans conquered the church – the first stage of the Babylonian power. Second stage, Balaamism. Is that right? Third stage, the doctrine of Jezebel. Because those are the three stages of what? Organization. And they brought it down into Babylon. Is that right?

But at the end of the Seventh Decade, the Mighty Angel was to descend with a Message to reveal the

whole counsel of God, even all the way to the consummation. Did Gabriel come to give Daniel a sensation, or did Gabriel come to open Truth all the way to the consummation? To give skill and understanding to understand the matter and the vision. This angel didn't just come to give a sign. This angel came with a Voice to open the Mystery in the Bible. Is that right? So we see these things and we know that that is true.

Now this is Scripture, now. Once it's the Bible, and it's prophecy for the last days and we have evidence we are living in the last days, and we begin now—as we get focused and our minds get tuned in to the Bible and the modern events, then the modern events are no longer news on *CNN* and *BBC* and *NBC*, and all these things. It now becomes clear as we look at the modern events through the eyes of the vindicated prophecy.

We see the Seal. When we see that war going forth in Iraq, we don't just see a war. We see the Second Seal – war, and rumors of war. We see the Trumpets – political disturbance. That is how we read what is happening around us.

When we see we sit in the church here, night after night, week after week, it amazes us how the Holy Spirit opens the Bible, and the magnitude in which He brings out the Word. Like we saw in the Convention, there, when God took from Adam in the beginning, and the fall of man, a king throwing his kingdom into death, all the way to the City being filled with the Glory of God; from Genesis 1 to Revelation 22, and God brought it out of the Old Testament for us. When you see that, and you know, I guarantee you, that hasn't been preached for two thousand years. I guarantee you that it hasn't been preached for two thousand years.

What we received are messages designed to dovetail all Scripture, but it takes the Spirit of Truth to put the key, how to give you an entrance to access these

things, because he said, "It will be opened and made clear wide before your wondering eyes." And does that not make a man's eyes wonder? How could you see the whole Bible like that, so clear? It's beyond the human understanding.

Then when you look at that, what do you see? If you can't see that, you can't see the modern events, because this also is modern events. And I always say that goes past the clapping of the hands, and the joy of the saints. That is sons of God rising in the last days, the Eagles of the Eagle Age, bringing the secrets of God down and displaying them to the Church. God is bringing the sons into manifestation! He is revealing His sons. The word there is the *apokalupsis* of the sons of God; the revealing of the sons of God. The Eagles in the Eagle Age, a cluster of eagles between the Gentile Eagle and the Jewish eagles. God's eagles! Oh my! Look at it already here tonight, just standing here, Wednesday night. My! You see, it's happening.

And that's why—then you as a believer, you can't sit and, "Uhh, what is he talking about? Is that in the Bible?" No. You say, "Oh God, let me look at that in the Word again. Oh God, it's there. Oh God, what time have we come to? What time is it, sirs?" And then you realize, "Shouldn't it be? Forty-two years after the Prophet left the scene? Not two years, *forty-two* years we are talking about. Shouldn't it be? About forty-five years or so after the Seals have been opened, shouldn't it be? That "The world will not see Me, but you will see Me. I will come to you, I will manifest Myself unto you."

What did He do after the Mighty Angel came down on the Sunday? They were walking unknowing that the Scriptures had been fulfilled. They were unknowing what time they were in. They were unknowing what was achieved in the Day they were living in. They were unknowing that the promise of God, the Message was no longer just 'come out now of denomination', but it

was coming into the promise; because that was what He raised for: "Because I live, you shall live also. If the same Spirit that raised Christ from the dead dwells in you, It will quicken your mortal bodies."

It's that Quickening Power, the Holy Spirit; the opening of the Seals was to release that to the Church. Amen. Then we know that that is so. We know that that is so. Then you start to see the value of being here. Then you start to get the assurance that you are one sitting—and especially when you start to understand it, when it starts to be made clear to you, it is telling you that you are considered. You have the ear to hear what the Spirit is saying. Faith is coming into your heart, because that's what He promised for this Hour.

And that's why when the people are saying, "Oh, the Prophet has to come back. The Seventh Seal isn't really opened. Well, we don't really know what is going on," we say, "Not us; not where we sit. Not where we hear from; not with the Things that are pointed to us in the Bible. Not us!" No, no, no. The wise virgin has Oil in her lamp. She has Oil in her lamp. She heard "Behold the Bridegroom cometh." She saw the Bridegroom come. Is that right? She came into union with the Bridegroom and the rest were looking for Oil. And without Oil they can't understand; it's a bunch of rattling noise.

Verse 7:

*<sup>7</sup> Babylon hath been a golden cup in the LORD'S hand, that made all the earth drunken: the nations have drunken of her wine; therefore the nations are mad.*

Do you see the world as mad? Aren't all those murders mad? Aren't those drivers mad? Aren't those women naked in the road mad? Aren't those politicians mad? More and more money every year, more and more resources and yet the people are living in more and more poverty? Is this the Insane Age? Is this the

Black-out Age? Are we in the Age of the mind? And they don't have the mind of the Age; but the secret in the back part of God's mind is being put in the heart, that we have the mind of Christ. Hallelujah! "She has the mind of Christ and She knows what He wants done with the Word."

'Stand in Jerusalem and declare the work of the Lord.' What is the work of the Lord? It's a redemptive work; it's a restorative work. It's also a judicial work, because He is bringing Judgment on one and Redemption and restoration on the other.

Verse 8:

*<sup>8</sup> Babylon is suddenly fallen and destroyed:*

What God was giving to John in the Book of Revelation was already given here. And the angel who is saying that, and the angel that is coming down in that time, is this Age; not Paul's time, not Irenaeus' and Martin's time, not Columba's time, not Luther and Wesley. No, no, no. At the end of the Pentecostal Age. Is that right? That's right.

*... howl for her; take balm for her pain, if so be she may be healed.*

What a condition.

*<sup>9</sup> We would have healed Babylon, but she is not healed: forsake her, and let us go every one into his own country:*

No matter what you do, you can't get the church... Because there is no balm there. They rejected the Physician. They rejected the balm. They rejected Doctor Moses and Doctor Simon Peter with the prescription. Didn't he preach *Doctor Moses*? [1955-0114 - Ed.] Didn't he preach *Is There No Balm In Gilead?* They rejected it; they can't get healed. When he told them if the mechanic didn't take the advice, what it was going to take to fix the motor car, they said, "No, no, no. We have a Baptist mechanic. This is a Baptist vehicle, let a Baptist fix it!"

Well, if a Baptist fixes that, that doesn't have enough power to go in the Rapture. If a Pentecostal fixes that, it doesn't have enough power to go in the Rapture. But when He came down and He began to fix things, brother, He brought back the Apostolic Doctrine. Is that right? He gave us the right mechanics and sent the dynamics, to fire off that thing! Hallelujah!

Watch. Get this now.

*... for her judgment reacheth unto heaven,  
and is lifted up even to the skies.*

That is Revelation 18:5.

*... her judgment reacheth unto heaven, and  
is lifted up even to the skies.*

*<sup>10</sup> The LORD hath brought forth our  
righteousness:*

The Branch – Jehovah Tsidkenu, He had brought forth what? Our righteousness. Abraham met Melchizedek. Is that right? And Melchizedek began to show him, “So shall thy seed be. I'll make you a father of nations. A new name, a change is coming for you.” Isn't that right? He believed God. Is that right? Abraham had come out of Babylon. Abraham had come through justification, sanctification, the new birth; received the Son of Man and was changed. Is that right?

Does God deal with Abraham's seed the same way He dealt with Abraham? Does the life of Abraham show you coming out from Babylon all the way into the new body? Did he meet the King of that City? Melchizedek? What is His Name? King of what? King of what? King of Righteousness.

Did He give him bread and wine? What is that? The broken Body and the shed Blood. Can a man become righteous without that? He died for us sinners. He became sin so that we could become what? [Congregation says, “Righteous.” –Ed.] Oh, thank You, Lord!

Then that is for a people who have come out of Babylon, when the God of Glory descended, (amen), and said, "Come out of your country." And Abraham obeyed, and he went out not knowing where he was going.

"Where are you taking me, Lord?"

"Into justification."

"And where else, Lord?"

"Into sanctification."

"And where else, Lord?"

"Into a new birth."

"And where else, Lord?"

"Into a new body." Hallelujah!

Do you see the patterns of the Bible? You see how all Scripture dovetails? It takes the Holy Spirit to dovetail the Scripture: line upon line, precept upon precept, here a little and there a little. Is that right?

You know the Breast is exposed to you. You know you are seeing the source of your strength to bring you into a New Body – an inexhaustible fountain. You know that isn't one breast, that is two – Old Testament and New Testament. Is that right? Old Testament here and New Testament over there. Genesis and Jeremiah here, and Seven Church Ages, Revelation 3 and Revelation 18 to 22 also.

*<sup>10</sup> The LORD hath brought forth our righteousness: come, and let us declare in Zion the work of the LORD our God.*

"Come and let us declare in Zion. Come and let us declare in Zion the work of the Lord." Why? Because the work is being done in them. In other words, testify what the Lord is doing for you. Declare what the Lord is doing for you. Amen. *He brought me out of the miry clay, he set my feet on the rock to stay, he put a song in my soul, a song of praise. Hallelujah!* [#206 He Brought Me Out - Songs That Live -Ed.] Therefore the redeemed of the Lord shall return unto Zion with joy. We are marching,

marching to beautiful Zion, on Zion's hill. Amen! We are going up on Zion's hill.

*<sup>11</sup> Make bright the arrows; [Make what?] bright the arrows; gather the shields:*

*<sup>11</sup> Make bright the arrows; gather the shields: the LORD hath raised up the spirit of the kings of the Medes:*

Who are they? Who are these people? They are Persians. Mede was a tribe and the Persians were a tribe; two tribes from Persia, two nomadic tribes from Persia. Amen. And one was eventually absorbed into the other. And that's why Cyrus is called king of Persia though he was over the whole Medes and Persians together. Amen. Sometimes the Bible says Medes and Persians because It wants to give you the history of how they came about. He doesn't just want to give you the statement, He wants to give you the history and show you how one family can get absorbed into another family.

Have you ever seen two people marry from two different families and you ever see a new race of children coming out? Is that right? That's right. So you could trace the history of these people. Don't just read Scripture, trace it sometimes and see where—see what it is. Those people are still alive on the earth today. That is Iran. Those are Iranians. Do you hear what I'm saying? Those are Iranians.

*... For his device is against Babylon, to destroy it; because it is the vengeance of the LORD, the vengeance of his temple.*

Why is God taking this vengeance? For what they did to His temple; what they did to His vessels; what they did to His city. Did they burn it? Did they break it down? Did they defile it? Did they desecrate the vessels? God is saying, "Your day is coming; and now is your time come."

Did they break down the early church? Did they bring it into creed and dogmas? Did they take it into

Babylon, Mystery Babylon? Did they make Luther come out with a sprinkling Father, Son and Holy Spirit baptism? And then make Wesley come out with a Father, Son, and Holy Ghost pouring baptism? And they made John Smith come with an immersion baptism in Father, Son and Holy Ghost. Is that right?

But God had promised in the last days, when that Angel descends from Heaven, hallelujah, the Truth of the faith of the fathers is going to come back: one Lord, one faith, one baptism. The original Gospel will come back, like Paul had it, that the faith of the Fathers is living still, in spite of dungeon, fire and sword; in spite of all what Mystery Babylon did under the red horse, under the Second Seal, under the Third Seal. He Who said, "Hurt not the Oil and the Wine," brings the Oil and the Wine in the last days. And here they stand with a praise, with a shout. They have the revelation, they have the stimulation, and they have the Holy Ghost that is constantly giving the revelation!

God says, "You can't kill them out." Amen. "Kill the fundamentals, not them. Not them! They will praise Me in the last days." My! I'm giving you Old Testament and New Testament; I'm giving you history and prophecy.

He is taking vengeance for that. He is taking vengeance for that.

*<sup>13</sup> O thou that dwellest upon many waters, abundant in treasures...*

Do you hear how He calls her? You who have the wealth of the world. You who are decked in scarlet and purple. You who have pearls and the riches of the world. Thou who art abundant in treasures. You who sit on many waters, multitudes of people. Do you hear how God is calling her?

Is that how He called the last day church, the one who drunken the earth? All this is Revelation 17, that the same kings, God will put it in their hearts to eat the harlot's flesh and to burn her with fire, there and

here. And what is it for? For what they did to our brothers and sisters; what they did to our fathers and they.

When those young sisters walked in the arena, (amen); when those mothers were pregnant with children, and they ripped open the belly and fed that unborn fetus to hogs and these things; when they burned them at the stake, our sister, Joan of Arc, and they tore them limb by limb. Where they used all the system to blacken them and call them witches (is that right?) and heretics. But the corn of wheat had to fall into the ground and die.

God said, "Let them do it, it's okay. Let them do it."

And the man thought, "God is sitting there with His hand on His tummy, like some big, old, fat man, just watching them get slaughtered? What kind of God is that?"

They never read Jeremiah 50 and 51. "Now is the time come, I will repay, saith the Lord. Vengeance is mine. Vengeance is mine, I will repay, saith the Lord. I will come as Kinsman Redeemer and Kinsman Avenger at the end of the Seventh Decade. I'll come for a jubilee, a year of the redeemed and a day of vengeance together. (Hallelujah!) I'll take one back to their origin, back to their inheritance with all things under their feet, and I'm going to bring the other one and sink them into the sea after I burn them with fire! I will kill Jezebel's children with death. I will destroy them that destroy the earth, but I'll take Juliet, like Romeo took her."

He came to steal, He came to kill and He came to destroy. Is that right? Like a thief. Are we in that time? Has the Thief come; the Presence of the Thief unrecognized? Hallelujah! But Something knocked on your heart, "Behold, I stand at the door and knock," and you opened your heart and you let Romeo in.

Have you let Romeo in? Are you in love with Him tonight? And did He give you love gifts? Has He held

you, His sweetheart, close to His heart, whispering secrets in your ears? Not to a bunch of flirts; you to whom He slipped the wedding band of unmerited, predestinated grace. You whom He gave White Raiment and Gold tried in the Fire. You whose eyes He anointed to see the Mystery and recognize your Day and your Message. Amen!

*13 O thou that dwellest upon many waters, abundant in treasures, thine end is come, and the measure of thy covetousness.*

“And the measure of thy covetousness.”

*14 The LORD of hosts hath sworn by himself, saying, Surely I will fill thee with men, as with caterpillars; [locusts] and they shall lift up a shout against thee.*

Amen. Verse 24:

*24 And I will render unto Babylon and to all the inhabitants of Chaldea all their evil that they have done in Zion in your sight, saith the LORD.*

All what they did in the church when they crept in unawares, and they turned the grace of God into lasciviousness. When they came saying, “Yea, hath God said,” and they preached another Jesus and another Gospel. And as the Serpent beguiled Eve, so they beguiled those, corrupting their minds from the simplicity. When they went in the way of Cain and the error of Balaam, and the gainsaying of Korah. Is that right? He was watching them.

When they formed the synagogue of Satan, He was watching them. When they had the doctrine of Balaam, and were making them eat things sacrificed unto idols and the doctrine of the Nicolaitans, He was watching them. When they had the Jezebel doctrine, He was watching them. Do you understand? He saw what they did in Zion.

When they come in the last days, the reason God could innumerate their sins was because His eye was on them all the time. Because the indictment requires charges of criminal offense. You don't have any case if you don't have evidence of criminal offense. What kind of judge is that to go and have a big trial, and there is no evidence against the man?

But how many know, when you are born, a record goes on in Heaven? How many know only Blood could cleanse that record? How many know that is even for nations, too? How many know the same way God judges a man, He judges a family? And the same way He judges a family, He judges a church? And the same way He judges a man, a family and a church, He judges a nation? How many know that everybody's cup gets full? That's the Bible.

My. Verse 27:

*27 Set ye up a standard in the land, blow the trumpet among the nations, prepare the nations against her, call together against her the kingdoms of Ararat, Minni, and Ashchenaz;*

All those nations, if you trace them back... How many know where Ararat was? That's in Turkey, right in the border of Russia, up in the Soviet States. You understand? And the other two, they have their modern-day names, like Uzbekistan and all these nations there. They belong to those Baltic States, there.

How many know that is where Russia had all the nukes in those days? That's right. Where have they gone? How many know it was in those places that America, even when they were fighting the war on Afghanistan, they put up bases in those places, too?

How many know they have strategic locations to start to get their influence—get themselves established and have influence and exert that influence over a region? How many know that's where a big part of the

oil resource of the world is? How many know that that's the commodity the western world depends on? How many know the Iraqi war was for oil? Now you are understanding a little bit. You see? Now you are understanding a little bit.

If that is happening there, is there anybody in Zion declaring the works of the Lord? Is there anything going on in Zion? Is there a people who came out? Is there a house being built? Is there glory coming in that house? Is Christ in that house? Is He the hope of glory?

Is Jesus in Bride form in the Bride Age, in the Bride Coming? Will the Bride have a ministry to preach to the Lost? In the days of Noah, did it show when the door was closed? Was the dove in the ark? How readest thou? How understandest thou?

In the days of Sodom, did it show where Sodom's time ran out? Did Abraham know? Was he an intercessor, an advocate in the court when God was Supreme Judge? Was he pleading Lot's case? Is that a people on earth now, before it burns, after the sign and the Voice? "Shall I hide from Abraham what I am about to do?" What is He about to do? Burn it? Change them?

Is there a people talking about a Second Cycle – that Sarah got a visitation; she started to live in the Age? Then how could you accept this and don't see the other part? You understand what I'm saying? I'm proving by these Scriptures, one complements the other. How many know the wheat and tares grow together and are harvested together? How many know the same rain and the same sun ripen both? Each one doesn't have a separate sun. Do you see? What a time. What a time.

I'm laying some background here, you know. I'm coming to something. The half has not yet been told. After I left you on Sunday, between Sunday and today God led me to a discovery. It took the breath away

from me. It took the breath away from me. I said, "God loves this little church." Watch.

"Cause them to make bright the arrows, because her time has come." This one who dwelleth upon many waters, and is abundant in treasures, "Thy end is come." He said, "Gather the nations; blow the trumpet." How many know what blowing the trumpet is? Political disturbance. Is trumpet political disturbance? Is blowing the trumpet an alarm, war in the earth?

How many know we are living between Amateur Tribulation and Great Tribulation? How many know Amateur Tribulation put Israel in their homeland – Hitler and Eichmann, and they? And Great Tribulation is going to come when Moses and Elijah stand there on the earth. And between that time, we are between Amateur Tribulation and Great Tribulation. And the beginning of sorrows was 1962 when those five planets lined up; the missile crisis in Cuba, and all these things.

I'm referring you to Messages, you know. I'm referring you to things already taught in the church down through the years. I'm putting you back in remembrance to help raise you up to really walk in this Hour consciously, in step with the Holy Spirit, in the rhythm of the symphony of God's Word.

In comparison with the weaponry of today, wouldn't an arrow and a bow be a very primitive thing? Could you imagine those Iranians or those Iraqis seeing a big F16, and a man takes a bow and arrow, trying to shoot it up into the sky? If those fellows are coming with Uzi and AK47, and a man with a bow and arrow is trying to shoot it, wouldn't that be craziness?

But how many know an arrow is a missile in a primitive form? And how many know the bow is the launching system that launches the arrow, which is the missile? And how many know the arrow is no good without the launching system to launch it? And if the

arrow is not properly made... It must have proper balance, so it can go through the air to a target at a certain speed.

How many know choice of material is absolutely necessary, and the technology and the science of handcrafting this thing are most important, and you must understand a little aero-dynamics inside of there too, to get it moving properly? And how many know you could upgrade the normal flinthead by wrapping it with a swab and dipping it into some form of gasoline and light it afire and make it into a more deadly warhead? Or you could tie a piece of dynamite unto it and shoot it at its mark, and it could explode also. But that's still primitive, right?

And how many know a shield was a defense system against missiles? What does the Bible say? "And above all, take the shield of faith." And do what? Quench what? Fiery darts. Shield: *a defense against a missile system.* How readest thou?

We are in an Age of ICBMs – Intercontinental Ballistic Missiles. They could stay in Moscow and shoot it straight into America, shoot it straight into the Vatican, and it goes through the air guided to a target, like how they had those smart bombs. And that missile is launched from a launching system at a missile base.

How many know at present, the big contention between Russia and the United States in Europe, is that the United States wants to build a Missile Shield Defense System? And they want to set it up in Poland and the Czech Republic to put it over Europe, so America and her European allies can be safe from any missile attack from North Korea or Iran. And why do they think that they will be shot at?

How many know that the Bible in Revelation 7 shows you chemical weapons? World War I, they had poison gas, mustard gas, chlorine gas and these things. World War II they had the hydrogen bomb and

they also had biological weapons. How many know that biological weapons can be used to destroy your crops, destroy your animals, spread disease among people, pollute your water, infect people with diseases, because these things can be manufactured in a laboratory, as AIDS has been?

How many know under your Fourth Seal, which is this Age, power is given unto them to kill with war—with famine, pestilence, the sword? Is that right? Because they've already been killing with religion for years. Now watch.

How many know our food is poison? How many know our food is designed to make women narrow in their hips and broad in their shoulders, and make men narrow in their shoulders and broad in their hips? How many know it's an Age of perversion because of what we eat? How many know death came by eating in the garden of Eden, and Redemption comes by eating, too? That's right.

Aren't you glad that the Seven Seals have been opened? Without the Seven Seals, we'd be hearing some little 'churchy' message telling you, you know, "Be a cheerful giver, (you know), go and visit the poor," and these things, and you are trusting in a good deed that you did, or something like that, and you have no faith in the Word of God, you don't know the Hour that you are living in, you don't know the plan of God. But when God comes and shows you what time you are living in, where you are in the plan of God, what meaneth the things that are happening round about you. Amen?

The Bride is taken up, where? In the Mystery of the Seventh Seal. "Enoch walked with God and was not." To walk with God, he had to separate from the world. It takes separation first. No man could walk with God if he doesn't separate from the world. Two can't walk together except they agree. There must be agreement. There must be harmony. There must be union for this

walk, because that walk is God walking in you. "I will dwell in you and walk in you, saith the Almighty. I will be your God and you shall be My people."

So, watch. So whether it is primitive warfare or modern warfare in the 21<sup>st</sup> century, the concept is still the same. An arrow is a missile, a bow is a launching system, and a shield is a missile defense system. Modern technology has made a missile with a warhead that could burn a city; a whole city.

Today the normal bow, maybe could shoot one man, shoot a deer or something like that; put a little dynamite with it, it could blow up a house or something. But to burn the Vatican in one hour, that takes a bigger arrow, and that takes a bigger bow. And no missile defense system that they put there to protect themselves...

Now, watch something, okay? Watch where we are getting with this. God help me. I've got to watch that clock, plus I've got to wait for the change of beat here, just now, but I want to lay these things in first. I want to lay this in.

The concept is still the same. Even though the technology is different, the concept is still the same because arrows were designed in the Old Testament... Men used to fight with swords. If a man had a knife, it is either you throw the knife at a man or the knife is for close infighting. But an arrow was to fight at a distance, because you could stay from here and take the man out quite there. You could even take him out and he wouldn't even know where the arrow came from, because it was silent.

You understand warfare a little bit? Because this is war. How many know God is a Man of war? How many know He comes to judge and make war in righteousness?

So the arrow was designed for long-range strategic deployment. I have to use some military terms here because, you know, I have to make the picture real.

Long-range strategic deployment. When deploying your missiles, your weapons in warfare, it means that if somebody who had an arrow and bow and the other one who had no bow and arrow, the one who had no bow and arrow would have to depend on close infighting, but the one who had bow and arrow could kill them at a distance before they get close. They can't retaliate from there because they don't have the capability to retaliate from a distance, so that shifts the balance in power.

That is why the Americans and they now, they have certain types of range of missiles and so on. So when they are helping their allies now, they want to get favor with the Pakistanis and they want to get favor with the Syrians and they, or whoever they want to get favor with. They say, "Okay, we have some hostile enemies on your border. You give us a place to land in your country and we will give you some planes to help protect your resources." But the planes they are giving them...

Like when America was giving the Egyptians and the Syrians and they, trying to make deals with them, and the Israelis said, "But how could you do this? They are our enemies! I thought we are your ally in this region?"

He said, "Don't be afraid. What we gave them doesn't have the capability of what you have. So we've kind of armed them with a couple knives and clubs and so on, but you still have the edge, the competitive edge over them. If you are going to get into a clash, your weapons are superior to their weaponry and it means to say, you should handle your opposition very easily."

Arrows were designed for that kind of fighting. That was a discovery when men began to become more sophisticated in their weaponry, because they could strike targets at a distance – people or property.

At one time, before you made your arrow with fire, you could only strike people. What can an arrow do if

you shoot it into a wall? 'Pang' and it gets into the board post and stays there. A man could pull it out and shoot it back at you. But if you put a piece of dynamite on it and you shoot that, well, then the house is no more. So whoever is in the house, even though you don't hit them, the whole house will collapse on them. You understand what I'm saying?

So, that is why they want nuclear warheads or a missile with a biological warhead, or a missile with chemical gas. Remember when Saddam Hussein gassed the people, the Kurds and they? They tried him for that too. That was one of the charges that they brought up in his trial.

So watch. God is strictly calling here for the archers and they that bend the bow, because Revelation 18 says, she will be burned. And the Prophet tells us, it is an atomic bomb! But I'm trying to show you that an arrow is a missile that goes through the air; that comes from a launching system. Because that bomb comes from a launching system.

These are not bombs that planes are going to drop. That is a different kind of bomb, you know. These are Intercontinental Ballistic Missiles – long range. No plane is flying, bringing that. That is coming through the air.

When the US fight their wars, they have satellites in the sky. And those satellites are what makes you go and put your card in the machine, 'plang', what you make your phone call with, and you get money out of the ATM machine. You understand what I'm saying? And the GPS system in cars to drive around, it is those satellites up there.

And then, the military have their own designated satellites for their smart bomb, and their planes, and their tracking device, and their radar where they could read it on the ground because it is being monitored from the air. And all the credit cards that you shop with, they are able to monitor that because that is

going to satellites. That is why, when those things knock out, all those things can't operate on the ground at all, because it is more than electricity.

Now, watch. That is why when you swipe that card in America, 'shew', by the time you come home that statement is waiting for you, you know. It tells you what store you bought in, what you did; everything, you know. So then you realize how much runs in with that swipe. That one swipe, 'shew', tells you the time of the day, what day it is, what month it is, what year it is, what store it is; every item you purchase. Those little lines, that bar code, that is an information system, you know. But it is a satellite. And the same way those planes, when they are moving there, they know everything on the ground.

Now, watch. You see, I want to bring the Scripture in a way so you could understand. You see, when you hear, "Babylon", you are still looking for something. All these systems are here. All these systems are here, all these weapons are here, and all these people are here, and the Bride is in Zion.

Now, the key that holds this... The only reason I could preach this, I'm standing in Zion, you know. For me to see this, I'm standing in Zion, you know. I'm declaring God's work in Zion, you know. I've declared for the last three or four months for you, from May, June, July, August, September, five months I'm declaring to you about *Hephzibah and Beulah* [2007-0708 -Ed.], and *Jerusalem The Mother of Us All* [2007-0701 - Jerusalem Which Is Above, The Mother Of Us All -Ed.], and *Awakened and Stirred* [2007-0620 - Being Awakened To The Fulfilling Of Prophecy - Ed.], and *Measuring The City* [2007-0530 - The Measuring Of Heavenly Jerusalem -Ed.] and all these things, *Be Strong and Work*. [2007-0513 Be Strong And Work For I Am With You -Ed.] And now, I'm showing you Babylon. Now I'm showing you what is happening, what she is doing, where she is at, how her destruction is coming; how God said, "I've opened

My armoury.” And I told you on Sunday, the armory is open.

I'm talking about Iran, the king of the Medes. If the king of the Medes has to do that, there must be a bow and arrow. How will you launch an arrow if you don't have any bow and arrow? And in this Age, bow and arrow is nuclear – nuclear capability to launch a missile. And then, to get a target you have to have some reason to make somebody a target. You see, sometimes you read the Scripture and you think, “They will drop a bomb!” Nobody don't drop a bomb if they don't have reason to drop a bomb. Will you hit a man a cuff for nothing, and you and the man had nothing? Will you get vex with somebody, until you want to kill them and blow them off the face of the earth if you have no problem with them? It has to have some reason to produce that.

What did Bro. Branham say about why Russia will do that? He said, “Catholicism destroyed their country; that is why they turned to Communism.” You understand what I'm saying? Then America came and deceived the whole world. Ahab and Jezebel killed Naboth and them; took their land and their resources in a scheme. *To Kill And Then To Take Possession* [2003-0202 -Ed.], *Disguised For Deception, The Many Painted Faces Of Jezebel* [1999-0424 -Ed.]. Are you understanding me now? I'm putting you in remembrance.

And they know. They know. And they have gone to Europe now, which was the old Soviet stomping ground that they had control over. And they are going to put up... Jezebel wants to put up a shield to make sure she doesn't get touched. You think they don't know the Scriptures? You think they don't know they are Babylon? But they want to protect themselves, because they think they could protect themselves.

Didn't Ahab go up to the battle with armour to protect himself? Didn't he use a disguise to protect himself? But God said, “Your day has come. You could

disguise how much you want, you could protect yourself how much you want.” It is God Who is guiding that missile. And God said, “It shall be as,” what? The man who sent; He said, “The arrow would not be in vain.” The arrow they are launching, it will be like the arrow of a mighty, expert man and will not return in vain. It will go straight to its mark.

So, I tried to show you missile and shield. Do you understand the picture in today's world? What am I doing that for? To bring realistically to you... What is the present dispute right now with Iran and the United Nations? They are arming themselves with nuclear power, because America is in control of Afghanistan where they put up their bases, and they are in control of Iraq where they put up their bases. And on both sides, two borders of Iran, who have the next largest resources of oil in the world, the invading power who told the world, “Iraqi Freedom,” but are really going to entrench themselves and influence all the politics and destroy the whole country, now the next largest one is right there. And they are starting now, to beat the war drums again, and so, Russia and China started to have war games together. Two powers that were apart from each other and for fifty-eight years had border disputes, and recently here, they've started to have war games together, because it is a policy of containment to check the aggression.

Extermination for expansion. The expansionist powers who want to expand their borders, cross the Atlantic, go into the middle east and start to take territory there, though you are living on the other side of the Atlantic, because you see yourself as the only power. And you defy the United Nations and make those two wars by telling people, you are fighting to get rid of terrorists. And they are getting these videos ever so often and are playing them on the television. In today's world, you could manipulate that as easy as easy can be. And Hollywood comes from America.

And the prince of the power of the air, this is the Age when he has power of the air. Because your telephone, your computer, (is that right?) your radio, your television, everything goes through the airwaves. It goes through the airwaves. And the god of this world is blinding the minds of the people, putting them to sleep; putting the world to sleep. And in that time, do not be caught in drunkenness and surfeiting and these things, because that Day will come upon you as a what? Snare. Like a trap that springs shut suddenly to catch a bird! But look up and lift up your head. And when you see the Son of Man coming in a Cloud with power and great glory, you know that your Redemption draweth nigh.

But the One Who is coming in the Cloud is coming with a White Wig. He isn't coming with a crown of thorns. And the White Wig means He is Judge. He is coming in the Lord's Day to bring recompense. "Behold I come quickly, and My reward is with Me to give to every man according to his works." The Paymaster coming at Harvest Time – the Paymaster. Who!

Verses 35 and 36, quickly.

*<sup>35</sup> The violence done to me and to my flesh be upon Babylon, shall the inhabitant of Zion say; and my blood upon the inhabitants of Chaldea, shall Jerusalem say.*

They are saying that in a court. That is a witness giving testimony. You understand that? It is us. The same tree that the cankerworm, the palmerworm and the caterpillar ate down, "I will restore, saith the Lord." Not another planting; a restoration of the same Tree! The Bride Tree was eaten down; the temple was broken down but it is being rebuilt. "The Tree of Life shall bloom again, the House of God shall live again; the Pyramid shall stand again."

Don't you know that is what they did to our fathers? Don't you know that is your family? You can't even

know you are going in the Bride if you don't know who your father and they are. You have to know who the promise is given to. You can't even get the inheritance; you have to know who had the inheritance first.

When Caleb and they came in Canaan's land, didn't they know that Abraham and Isaac and Jacob and Joseph were in that land? When we come back in the Holy Ghost and this Doctrine in the last days, didn't we know that Paul and Irenaeus and they had this Doctrine? You understand? Are you still with me? You have something left? Okay, quickly.

*... and my blood upon the inhabitants of Chaldea, shall Jerusalem say.*

*<sup>36</sup> Therefore thus saith the LORD; Behold, I will plead thy cause, and take vengeance for thee;*

Here is God, the Prosecutor and Judge in the Hour of Babylon's judgment. This is Babylon's trial you are reading here. The Bride is not on trial here, you know. The Bride is a witness, being called in the witness box to give testimony: "Yes, sixty-eighty million of our family they killed here," shall Jerusalem say; shall Zion say. Why are we getting restoration? Our family was destroyed. Why are we talking about rebuilding Jerusalem? Something burned it down. Somebody broke it down. God said, "I will plead your cause."

*... I will dry up her sea, and make her springs dry.*

Revelation 16:12 – He dried up her sea, and He made her springs dry. That is how Babylon fell. You know that? How will God take vengeance? "I will dry up her sea." That sea is the river Euphrates He is talking about. Do you see how they say 'Sea of Galilee'? It was really a lake inside the country. Not on the coast; inside the country. Because around the coast is the Mediterranean Sea, but they call it the 'Sea of Galilee' – a body of water. That is how Babylon fell.

Verse 48:

*<sup>48</sup> Then the heaven and the earth, and all that is therein, shall sing for Babylon: for the spoilers shall come unto her from the north, [from where?] saith the LORD.*

Revelation 19:1-3 tells you, "And Heaven rejoiced and the earth rejoiced," and said what? "Babylon, she who destroyed the earth, how God hath avenged us of them." And they began to sing in Heaven, in Revelation 19 when Babylon fell and was destroyed. And God is giving the prophecy here, and in the Book of Revelation, this is what Jeremiah is giving here for them, and God is giving the same thing for the Mystery Babylon in the last days. Because in her was found what? The blood of the saints and the martyrs of Jesus. You know that.

Verses 53 to 58, quickly:

*<sup>53</sup> Though Babylon should mount up to heaven, and though she should fortify the height of her strength,*

What is this? What is that? "Though she should mount up to heaven"? Is Babylon mounted up to heaven? When Babylon fell in Genesis, in the seed Book, was it trying to mount up into heaven? Were they trying to go into heaven by science and technology to escape the wrath of God? Was that an effort to protect themselves, to secure themselves; to fortify themselves?

Did Nimrod conquer the whole earth? Did he make himself God? Did he force all nations to go and worship in Babylon? Is there a Mystery Nimrod? Is the same thing in Genesis coming back? Are they going up into heaven; linking heaven and earth? Do they have a space program? Where is the power today?

Where is America's power? In the planes? In the bombs? Without those satellite, those bombs are useless. Without those satellites, those planes cannot even communicate. They cannot stay on track with

radar, and bypass radar and these things. Their power is in the heaven. Where is their information coming from? All their satellites. Where is the communication system of the world? How do they transmit that information globally? You understanding me?

*... mount up to heaven, and though she should fortify the height of her strength,*

Trusting in the god of fortifications. Daniel tells you about the God of... Do you know who is the god of fortifications? Nimrod. He was the one who took them into war. He was the first one who brought war. Nimrod changed the world from an agricultural Age to an industrial Age. When they came out the ark, Noah planted a garden; God destroyed the science civilization. But what happened right after? Nimrod began to build cities. Nimrod began to bring war. Nimrod united the whole world: from agriculture to industry to information. And they were one language and one speech, and God came down and confound their language at that time. It is the very same thing in this Hour.

Now, watch. 'For the spoilers shall come unto her from the north country; for from one...'

*... shall spoilers come unto her, saith the LORD.*

*<sup>54</sup> A sound of a cry cometh from Babylon, and great destruction from the land of the Chaldeans:*

*<sup>55</sup> Because the LORD hath spoiled Babylon, and destroyed out of her the great voice;*

What is the great voice in Babylon? Does Babylon have a great voice? What is Revelation 13? "And was given unto him a mouth to speak blasphemies." What is Revelation 16:13? "And out of his mouth came," what? "Three unclean spirits like frogs, and deceived all the kings of the earth." What is Daniel? "And the little horn had a mouth and speaketh flatteries and

took the kingdom by flatteries.” How did he pull them down from Heaven? By his tale. Not T-A-I-L; T-A-L-E.

What is the whole world deceived by? What comes out of their mouth. What is the Bride going in the Rapture by? What comes out of their mouth. Between your Sixth and Seventh Trumpets, Seven Thunders are coming out of a mouth, that is gathering the Bride and showing her how to go into Heaven. Between the Sixth and Seventh Vials, three unclean spirits come out of a mouth and are uniting the whole world together for Armageddon.

Don't we have a great Voice here? What is the Bride's Voice? The same Voice the Prophet had. “She, under Her Messenger becomes the Final Voice.” And what the Bride is saying, the Prophet already said, and what the Bride and the Prophet said, is already written in the Bible. “And the Spirit and the Bride say, Come.”

Isn't this Voice going into the whole earth? It is leaving to go into Brazil, into six cities there. This Voice in the Bride, the voice of the ministers, is that the Voice of many waters? Isn't it a great Voice? Does the Bride have the Voice of the Archangel? Is that the Second Fold of the Seventh Seal? Isn't that a great Voice? Oh! How readest thou? How understandest thou?

When Jesus stood there, after the Master is come and called and descended, and gathered the living churches together, wasn't there a great Voice, He in union with His Bride, that brought Lazarus out? Does the devil have anything original? He is only trying to pattern off of God.

*<sup>56</sup> Because the spoiler is come upon her, even upon Babylon, and her mighty men are taken, every one of their bows is broken: for the LORD God of recompenses shall surely requite.*

*<sup>57</sup> And I will make drunk her princes,*

Didn't she make the world drunk? But God said, "I will make them drunk, now." Retribution; recompense.

*... and her wise men, her captains, and her rulers, and her mighty men: and they shall sleep a perpetual sleep,*

Haven't they put the whole world to sleep? They are drunk with sports, they are drunk with fashion, they are drunk with movies, they are drunk with all kinds of things in the world; entertainment. Five hundred channels of television have them drunk. They are drunk with denomination, and creeds and dogmas. While they put the world to sleep, like they did with the games, and they plot their mischief, so they desensitize the world. While they are plundering and taking all the resources of the world, they have their heads in a television set. Isn't that right? Watch.

But what did he say, "Awake thou that sleepeth and Christ shall give thee light. It is high time we awake out of our sleep." They put the world to sleep, but Seven Thunders woke up the Bride. Is that what it is supposed to do? The Thunders are to wake up the Bride!

*... saith the King, whose name is the LORD of hosts.*

*<sup>58</sup> Thus saith the LORD of hosts; The broad walls of Babylon shall be utterly broken, and her high gates shall be burned with fire;*

I read for you on Sunday where the Prophet talked about... What are her broad walls and her high gates? Her scientifically constructed defense systems. What is a wall in the city for? Why did Nehemiah go to build back Jerusalem's wall? Defense, protection, security.

What is the wall God put around the Bride? The Word, the Word. The most powerful thing – the Word.

*... and the people shall labour in vain, and the folk in the fire, and they shall be weary.*

What a judgment! (Look, the time is up tonight, and I barely even – hardly got started.)

Watch verse 31. Take a look at verse 31 here and see what it says, when Babylon is fallen. Verse 30 said:

*30 The mighty men of Babylon have forborn to fight, they have remained in their holds: their might hath failed; they became as women: they have burned her dwellingplaces; her bars are broken.*

When those missiles start to rain down upon Babylon. America is getting one; the Vatican is getting one.

*31 One post shall run to meet another, and one messenger to meet another, to shew the king of Babylon that his city is taken at one end.*

What is “one post running”? What is that? Communication network. They started off with a smoke signal. You mean I have to go back over the message for you, *Return Of The Global Village* [1989-0910M -Ed]? Why a runner? They want communication with speed: from smoke signal to satellite signal. In that primitive society with a bow, with a shield, with an arrow and a communication system, the same Babylon today has bow and shield and arrow and communication system the same way.

Watch the seed, watch the reality over here. How do they send news today? How did you see the Iraqi war? The post brought it to you? News post? Communication networks? Is that what brought it to you, and with speed? How did you sit down and see the twin towers [World Trade Center -Ed.] falling, “Shhh”? How did you see it? Did you fly up in the States? A man ran down from down here? No, no, no. They send it with speed, with satellite speed.

Who was the one that had the plan to go up into heaven, in Babylon? Nimrod, right? King of Babylon.

You think it is Bush who sends them up? Who sends them up in heaven? What do they want to go to heaven for? Who sends them to heaven? Who is ruling America?

In the Bible... It is NASA. NASA is going up. When you see Babylon, what do you see? A Catholic priest with a chaplet in Siparia, walking with a crowd of people behind him? You see how people's thinking has to expand? You see how your mind has to be open? You see, if your understanding is not open to the Word, and the Scripture isn't open to you... He opened to them the Scripture; then He opened their understanding, that they might understand the Scripture. Are you catching the sense of the Word?

Time is up, but I'm closing with this. I left here Sunday after preaching. I didn't know how I was going to start, because I didn't even get to it tonight again. I started Sunday where Jeremiah took the book, and he wrote the prophecy in the book and sent it into Babylon with Seraiah. And he told Seraiah, "Now make sure this in this book is published throughout all Babylon."

Isn't the Message being published throughout the whole world? Isn't the Message on the Internet – all the Message? Everything the Prophet said? You could download, you could access, you could read, you could print, you could cut and paste. Isn't *Voice of God Recordings* sending millions and millions and millions of books every year into the world? The Voice, "*in the days of the voice of the Seventh Angel.*"

Isn't that how it came to us? "This will fall into the hands of the predestinated." Isn't everybody predestinated? It depends on what you are predestinated unto. And I tell you, even Jehu, when he read... You ever see how people in this Message, some of them can't even see the Mystery of the Bride, but they sure see the Mystery of Jezebel.

Sometimes they get so zealous, they start to preach to people like Jezebel. Why? Because Elijah had a word to Jezebel; Elijah had a word to the seven thousand. He is turning back the heart of one, and he is putting judgment on one for her wickedness. Amen?

When Jehu was killing them, didn't he say, "Because of Elijah's words?" He said, "Bidkar, you were with me that day. We were the man's escort." And when he went down after he had killed to take possession, and that hairy man with that camel skin and that leather girdle walked out there, and looked at him and said, "You not only killed, you came to possess." He said, "You and I were there. We rode after him. We were the man's military escort."

He said, "So now, for all the sorcery of Jezebel this man shall die; throw the body in that plot." And he pulled the bow full strength and he took Ahab's son out, too. Is that right? Do you read the Bible? Well, that is Jehu. How did he get anointed? He heard Elijah's words.

What got me anointed like this? Elijah's words. Elijah's words! Did Jesus say, "My Words are Spirit and Life"? Is that Word releasing an anointing? Is that Word a revealed Mystery? Is that what the Thunders were supposed to do?

Now in Genesis 1:14 it says:

*14 And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons,*

You could show it now for me, Bro. Atri. [A picture of the Red Square Nebula is shown on the screen. -Ed.]

*... and for seasons, and for days, and years:*

And Psalms 19:1 to 3 says:

*1 The heavens declare the glory of God; and the firmament sheweth his handywork.*

<sup>2</sup> *Day unto day uttereth speech, and night unto night sheweth knowledge.*

<sup>3</sup> *There is no speech nor language, where their voice is not heard.*

Because of the communications networks today, there is no speech nor language where their voice is not heard. You see how you could sit down here and watch that on the screen there? You being able to see that on the screen there, is because even though you were not there at the edge of space when they were looking through that *Hubble* telescope and seeing those things, yet we can sit here and see it, because the technology could bring it here. And once it goes on the communication network, the whole world could see it.

And the heavens are declaring the glory of God. "There is no speech nor language where their voice is not heard. Day unto day it uttereth speech." That is saying something. "Night unto night it sheweth knowledge and day unto day it uttereth speech." That's a voice. Because why? God said, "Let there be lights in the firmament of heaven to divide the day and the night, and let them be for (what?) signs and for seasons, and for days, and years.'

So, what is happening? That's a sign, and it's uttering speech. There is a voice behind that sign. When the wise men saw a star, they said, "Where is He, born King of the Jews? We see a Star saying, 'Messiah is on the earth.'" Alright?

The word there, where it says "*for signs and for seasons*", signs is a word that is the plural form of a Hebrew word which is *O-t-h*. It is from the root that means 'to come'; so a sign of something or it's a sign of one to come. 'Seasons' doesn't merely mean what we say: spring, summer, autumn and winter. Season could also mean 'time': 'a cycle of time'. "To every purpose under Heaven, there is a (what?) time and a season."

Genesis 17:21, God said what? "At this set time in the next year." That is the same word used. "At this set time"—an appointed time. Was there an appointed time for the Seven Seals to be opened, between the Sixth and Seventh Trumpet, in the days when the Seventh Angel is on the earth? That's *that* time, right? Between the Second Woe and the Third Woe; that's *that* time. At the end of the Pentecostal Age; that's *that* time.

Genesis 18:14 said, "At the time appointed I will return and Sarah will have the child." We are in that cycle of time. It's a cycle; a cycle of time. "I will return according to the time of life." Does a woman have a time of life every month, a cycle in her body? That's right.

Genesis 21:1-2, 'At the set time of which God spoke, the Lord visited Sarah.' In the set time that He spoke. So it means *time*.

Now I want to read a couple quotes before I explain this to you. (Keep your eyes on it there and listen to me.)

And these men, (this is *Where Is He, Born King Of The Jews?* [1958-1221M -Ed.] 1958)... *They claim, that, "Before God does anything on the earth, He always shows it in heaven first." And they're right.*

*Always, God shows it by heavenly signs, first. Since when did He ever do anything that He didn't show a heavenly sign first?*

The Prophet asked the question. Before God opened the Seven Seals, did He put a sign in the sky? When the pope was going to Jerusalem, the first time the ancient enemy is going to Israel, the first pope going to Israel, did God show a sign in the heavens, and the moon went into blackout? And a Prophet went back to the Bible and showed what it meant? Alright.

*Think of it, in every age that you wish to, and God always does show signs in the heaven, first, before He does anything on earth. Comes from the supernatural,*

*drops into the natural, and is made manifest; every age, every time.*

*And so this time was no different. And the Magis was watching those heavenly bodies that were visible, stars, moons, and everything that they could see with their eyes. And they knowed every position, just where every star sit. They knowed that astronomer calendar as well as we know the Scriptures.*

How many know God wrote three Bibles? The first Bible was the Zodiac. Is that right? The second Bible is the pyramid and the third Bible is this written Bible. One Author, three Bibles; all three are the same revelation.

*And if one little thing is out of shape, they know it, for it's a sign. And they were watching those signs, closely, every hour of the night. They watched it. No wonder a Stranger appearing in the skies would make them all bothered! No wonder the Visitor shook them up, a bit! Because, they knowed every one of those stars, and they studied them, scientifically, and from every move.*

We still have those kinds of men today – astronomers. They even have things like the Mt. Palomar Observatory, that the Prophet talked about, where they took that picture from. And they have the *Hubble* telescope in space, which is what took this picture here. And when they took that picture, they called that *The Red Square Nebula* because it's the first picture that they ever took and they saw something like a square, each side equal. And the lines, the symmetry, they have never taken out anything...

This is the clearest image that they have ever taken of anything that has lines like this that reveal geometry. This is something by design. And they have never had something like this before. They call it a square, because they are seeing a square. But that is the only four-sided figure they are taken up with. You understand what I'm saying?

This star is called *MWC 922*. This is the star the astronomers were studying when they discovered this. This star is in a constellation called *Serpens*. And the astronomers were studying it because the constellation *Serpens*, which comes from the Serpent, mythologically is connected to the origin of medicine.

In other words, the brass serpent is the symbol of medicine. Jesus Christ, the only Healer—because Satan can't heal. He became sin; He was the Serpent. "Look and live." God told Moses, "For those who the serpent bit, take a serpent, make it out of brass (Numbers 21, verse 7); put it on a pole and hold it up. And the people who are bitten, when they look up, they will live."

John 3:14, 15 and 16, Jesus said, "As Moses lifted up the brass serpent in the wilderness, so shall the Son of Man be lifted up, that whosoever believeth in Him will not perish but have Eternal Life.' 2<sup>nd</sup> Corinthians 5 says, He became (what?) sin. "He became sin, that we could become the righteousness of God."

This is this star that they were studying in this constellation and then they noticed this thing that is four-square, and this star right in the center of it. But if you notice the lines, they come *this* way [Bro. Vin illustrates using the picture on the screen. -Ed.] because it's another image. It's a pyramid. It's a pyramid. Are you understanding me? How many could see that? Look at it from the top.

There are two geometrical figures that are four-square. The first cubic number, something that its length, breadth and height are equal, is eight – two by two by two. Eight is Eternity. Eight is New Creation. Eighth day is when Jesus rose. Eighth day is when the Holy Ghost came. Eight is Jubilee. You know these things.

This (I'll read it for you just now), but I'm reading for you first, God shows things in the heavens. On *Shalom* [1964-0119 -Ed.] also:

*Well, now, we realize that God always shows things in the heaven before He shows them on the earth. Like the wise men followed the star, and so forth. A heavenly sign takes place, first, then the earthly vindicates the heavenly sign.*

I am saying that is giving witness to something on the earth. I am saying that's a City four-square having the glory of God. And hear my conclusion: how I came into this. Hear my conclusion: how I came into this. You see, you hear me say things sometimes and it may sound out of alignment with your ears if you don't know the Word, and afterwards you realize it's the truth. Listen. When we were going to have the Convention I said, "I have the inspiration, and I have to preach these Meetings, because the revelation needs definition."

These lines here that suggest a geometrical figure—let me use the word the astronomer says: "Red Square." They see Red Square with a white cross in the middle of the Red Square. A geometrical figure – that's architectural design.

The Holy of Holies used to be the place where the blood is to be sprinkled. That was a square room, all sides equal. That was a cube, where the high priest used to go in with the blood. That was in Eternity where Eternal Life was, because the candlesticks on the outside, the seven candlesticks were the seven messengers.

He said, "Where is Jesus?"

He said, "He is a little higher up still, in another Dimension." Am I correct? That is the Word, you know that. You have my tract of *The Seven Dimensions*.

You know the tabernacle also represents the Dimensions. He was killed in the outer court. He went through the veil into the sanctuary, in the Holy of

Holies, when He went up in the Cloud to do the mediatorial work. Then He came back out in the outer court where the people could see Him with the eye.

Out here you had cosmic light, here you had candlestick light – olive oil light; and in there you had Eternal Light. It is dimensions, you know that.

This square, they call it the *Red Square Nebula* because it was something that they had first discovered and are trying to find out what it is. They don't know what it is. But the only way to interpret what that is, you have to go back to the Bible. What were the lights in the heavens for? Signs and seasons; things to come. Signs forerun the events. Is there anything on the earth that has to do with a four-square, where Christ is the center of it, the Head of it, in this Hour? If that comes out of the first Bible, is there something relevant to this Hour?

Now, watch. Hear the next shocking thing. When they saw this, they said the light in this, they started to see some similarity and it brought back to their remembrance something they've been trying to solve and couldn't solve: the *Supernova* of 1987.

You know anybody else in the world sings "*Stumbling around in amnesia? A Supernova, Queen of the Gentiles, where is she?*" A *Pyramid City Having The Glory of God* [2007-0811 –Ed.] is the message where the Holy Spirit took the whole Bible from Genesis 1 to Revelation 22 and brought it out in that message, you know. That was the message that night, you know.

NASA put out a report on this on May 7<sup>th</sup>. Do you know anything about May 7<sup>th</sup>? But it really appeared in April. Listen.

*In the realm of stars, amazing things are happening. May 7th NASA released a report about a colossal exploding star that stunned NASA astronomers. This event was five times brighter than any supernova ever witnessed by astronomers. It looked like millions of illuminated diamonds bursting forth with blood red*

*clouds surrounding it. The NASA scientist also speculated that there will be another large explosion like this only much closer to the earth, that it would be some time soon.*

*We also know that a large nebula is now set to blow according to Dr. Peter Tuthill of Cornell University, New York.*

*The recently discovered nebula is called The Red Square nebula, and it is a brilliant white cross that turns blood red in all directions from the center. The nebula is a perfect four-square pattern, and Dr. Tuthill made the following statement:*

*“The thing that really takes your breath away is the astonishing degree of symmetry within the intricate linear forms. It’s almost like a crystal.”*

*So when NASA put out this report, this man is saying:*

*“As I read the report and looked at the picture, I was reminded of Revelation 21:16 which says: “The city lieth foursquare, and the length is as large as the breath: and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal.”*

*As I thought of the professor’s words it was almost crystal. I remembered Revelation 21:10–11 which is: “He carried me away in the spirit to a great and high mountain, and showed me that great city, the holy Jerusalem, descending out of heaven from God.*

*Having the glory of God: and her light was like unto a stone most precious, even a jasper stone, clear as crystal.”*

*But the man didn’t quote the 9<sup>th</sup> verse. The 9<sup>th</sup> verse is the angel telling John, which is the Prophet telling the Bride: “Come, I will show you the Bride, the Lamb’s Wife. And he showed me Heavenly Jerusalem, City of the Living God, coming down out of Heaven like a Bride adorned for a Bridegroom.”*

*Astronomers today announced the arrival of a new member...*

This is another one I'm reading called, "Astronomers Obtain Highly Detailed Image of the Red Square."

*... they announced the arrival of a new member...*

They call them visitors – a member: a new appearance, first time they're seeing it. The Prophet used the same word in all the Messages he preached, like, *We Have Seen His Star in the East* [1963-1216 -Ed.] and so on. I believe we have seen *Her* star. I believe we have seen *our* star.

I'm coming back to those three messages that deal with the glory of God that needed definition; the lines have to be clear, that the revelation needed structure and distinction to show it wasn't just no ordinary thing about Jerusalem and some little plaything. And I specifically even said it on nights (the first and second night) when I was preaching, why I was taking all the services. Go back and hear it for yourself.

I found this on Monday. I preached here on Sunday for you, and Monday, I don't even know how I found this. I thought the watchers might have given me this. But watch something.

*"Discoveries as beautiful –and interesting – as this one..."* (this is what one of the persons who discovered it says.) *"Discoveries as beautiful – and interesting – as this one don't come around very often in astronomy,"* said Tuthill, *"and it took some of the world's most advanced telescopes..."*

You hear what it took? "Some of the world's most advanced telescopes." Because, in other words, they saw a mystery in the first Bible, is what they saw. A mystery of something foursquare having the Glory of God.

*"... it took some of the world's most advanced telescopes together with a good dose of luck..."*

It's leadership, not luck. Because when we look into the galaxy of the Word here...

*"... to find this jewel hidden among the myriad stars in the galaxy."*

The galaxy has zillions and zillions of stars, innumerable, and they could find—their telescope came on that. And that reminds them of the only ever seen with the naked eye and without the aid of the telescope – *Supernova*, which is the one in 1987, when an amateur astronomer on a mountain, and the light traveling one hundred and seventy thousand light years, came right into the lens into the man's eye. And he moved the thing to watch out there and saw the thing right there with the naked eye. And they checked all the great...

And that is what opened the Book of Esther, between Nehemiah and Job. And Esther is what? The last woman in the Old Testament. And she is what? The queen. And this is the Age of the throne, and the Headstone, the Lamb coming to His Wife – Heavenly Jerusalem, the Lamb's Wife. You understand? He is the Headstone of the City. And we keep saying, "And the King is in the City, and the Light is in the City." That is testifying the City has glory.

There is only one people covered by the Blood, you know. How many know that is why the foolish virgins have to go through the Tribulation for purification? The Blood was shed for those in the Lamb's Book of Life. That sign in the heavens is declaring a Mystery on earth – a pyramid. That Mystery on the earth is a Pyramid City having the Glory of God.

The heavens declaring and uttering its speech, and showing its knowledge, because God is describing this time by that sign. And the astronomers who discovered that Red Square Nebula, which was nestled in the constellation of Serpens, they were studying a 'hot star', they call them.

*"... a hot star MWC 922 in the constellation Serpens - mythologically associated with the origin of medicine. [They say] "The key to finding it [the key to finding it]*

*was in the revolutionary new imaging technology of adaptive optics which acts like a myopia cure for a telescope."*

A telescope is what sees at a distance – tele: like television; telegram, at a distance; telescope, at a distance. And people who are supposed to be seeing at a distance, prophetic, far off in the future; who have myopia... Do you know what myopia is? Short sightedness. What does the Word say? "Buy of me" what? [Congregation says, "Eyesalve." –Ed.] "That you may see." Right? It's a prophetic Age, a seeing Age, Eagle Age!

They say, "The key to finding it was that they got adaptive optics, which is like a cure for myopia for a telescope, *and startling, clear images capable of revealing objects like this are now possible without the blurring.*"

That's why we can see the lines of it so clearly, so architecturally drawn, so geometrically revealing. Don't see how clear the Word is coming out these days? Adaptive optics. You know there is no myopia in this pulpit. You know a lot of those who are claiming they are Bride, have myopia, and when they bring the picture, the picture is blurred.

So the Holy Spirit said, "You preach it; it needs definition." Because it's not a little Jerusalem business. Look where it's going here. Look where it's going. Look what God has in His Mind. That's why sometimes, don't jump and put any interpretation to the revelation. Sit back a little bit, watch it, get ahold of it first, before you run and add tale and different things to it, and try to explain it and twist it and change it. Look all where it's going!

It's come down to what is happening on the earth now, even in the realm of the nations. The Holy Spirit, bringing out there, all their ballistic missiles, all their defense shields, all their going up into heaven, all their space programs, all these things, to weaponizing space right now.

They say they already weaponized land; they already weaponized the sea with submarines and these things. And man already weaponized the air with those fighter jets and these things, and their satellites. Now they want to weaponize space, the last great field—realm that they have not gone into. And it's starting an arms race: who can weaponize space? Because, you know, Revelation 19 is what?

How many remember in Baratara when I preached *Star Wars?* [1987-0510 I Saw A Star Fall From Heaven -Ed.] Michael and His Angels and Lucifer and his angels, one third of the stars fell, and both met on the battleground – Star wars. How many know star wars is the big thing that they've had for all the years? How many know that is what they are coming into, what they are talking now? How many know in Revelation 19, an Army is coming out of Heaven, of which we are part, for the final battle?

Listen to me closely. I'm not talking foolishness. Do I sound like I'm talking dotishness? Have I left the Word yet? Am I trying to bend the Word and make something out of it?

Listen. *The pair were studying a hot star called MWC 922 in the constellation Serpens, (the serpent mythologically associated with the origin of medicine.)*

You know the symbol of the brass serpent, how many know that is the medical symbol? And then they'll tell you, those doctors say, "You all don't bring God in this; we have the medicine." And they don't know where they got the symbol from. This symbol was a Mystery of Christ that Moses raised up so that the people could get Divine healing.

How many know Jehovah Rapha is the One Who came in this Day?

"You will go forth with a healing ministry."

He said, "It's not I who healed them, there was an Angel in the service."

Is that right? It was that Angel in the service! How many know that Angel was God? That was Christ! "I was only one standing there pronouncing what He showed me by vision!"

MWC 922? When I read that, Something said, "Check out Matthew 9:22." Do you know what is Matthew 9:22? Jesus turned to the woman and said, "Daughter, thy faith..." the woman with the issue of blood who went to all those doctors and couldn't get healed; but she stretched forth and touched the hem of the garment. He said, "Daughter, thy faith has saved thee."

So then I said, let me try Genesis 9:22 and see. I went to Genesis 9:22. Do you know what is Genesis 9:22? "And Ham went into his father's wife." That brought the fall when God started over and Noah was the head of the race like Adam was, and the Serpent came and went to the wife; it's the same way Ham came and went there and brought the fall of that world, too. Then Noah gave the promise of God dwelling in the tents of Shem to bring the promised seed that Christ was going to come through; because out of Shem came Abraham, and Abraham had the promised seed. You know that.

So I said, "Well, the only thing left now is to see Revelation 9:22." So as I was going to turn, because I know those Scriptures by heart, I said, "But Revelation doesn't have 9:22", because verses 13-21 is the Sixth Trumpet. And after Revelation 9:21, do you know what is the next Scripture? Revelation 10:1. You know Who is that? That is the Coming of the Headstone; that is the Son of Man being revealed.

MWC 922, that 'hot star' whose head forms that white cross there in the midst, that Headstone on that City foursquare having the glory, that serpent in the constellation Serpens, which is the origin of medicine, where... The original medicine symbol came from Moses, when God told him to put that up because that

was already in the heavens, because the Serpent is the Serpent who brought the fall in the garden of Eden, like Ham brought the fall in the new garden, because Noah had planted a garden. You know that.

The Son of Man was lifted up in the first Exodus, in the second Exodus and the Third Exodus. "As Moses lifted up the brass serpent, so the Son of Man shall be lifted up." Jesus Christ came, became sin, died on Calvary a sinner, and went to Hell under the judgment of death. Is that right? The Prophet said, "Why did He die? He died a sinner and went to Hell, because He had your sin and my sin on Him." He was that Serpent. That is why Moses' rod turned to a serpent and then became an atonement in the wilderness, because the Serpent brought the fall. You know about the leprous hand and so on.

You see, it's not two Bibles and three Bibles, it's one Bible. One Bible given in the form of stars, same Bible given in the form of stone, and the last Bible given in the form of a written Word, but it's One Author revealing One Person, from Virgo to Leo, from Faith to Perfect Love, from Genesis to Revelation – Jesus Christ. And the Bride is part of Him. Amen?

Quickly, a few more minutes. I just want to read this. I'm finished.

*"As the outward periphery of the nebula is very faint compared to the core, the image has been processed and sharpened to display the full panoply of detail and structure."*

They took infrared lens to take it, because they wanted to get the definition of this thing. And when they put the adaptive optics on it, they see it so clearly that they could photograph it, that you could see the details and the geometrical expression in this sign.

So watch.

*"The thing that really takes your breath away is the astonishing degree of symmetry within the intricate linear forms,"* said Tuthill. [The astronomer who

photographed it]. *“If you fold things across the principal diagonal axis, you get an almost perfect reflection symmetry. This makes the Red Square nebula the most symmetrical object of comparable complexity ever imaged.”*

In all the history of astronomy, they never got anything like that till this time. Now, I told you when we started to preach this revelation, and you yourself sat and watched how this thing started to come out and unfold, and we went back in the Old Testament and we found, ‘And His name shall be called, “The Lord is there”. And her name is called Jehovah Tsidkenu.’ And we took all those things in Ezekiel and traced the glory and everything. Go back through the Old Testament; come down through the Church Age, go back into the five Books of restoration and bring those things out; go into the Book of Revelation and bring those things out.

All that time while that is happening, this thing is in the sky. All that time that is happening, this is in the sky. Her Light is Heavenly, Her origin is Heavenly; Her makeup is Heavenly, Her Husband is Heavenly, Her walk is Heavenly, Her talk is Heavenly. And the Bible ends in Chapter 22, and now we are seeing, as I preached for you on Sunday, (I want to say Sunday, because I saw this on Monday), the armory is opened, the weapons of His indignation are taken out; they are making bright the arrows. And while they are doing that (that is for the Lord's vengeance of His temple), there's a people talking about the temple rebuilt; “And I will fill this house with glory”; declaring His work in Zion, they who escaped and came out.

Is it not fitting that there should be something like that up in the sky? Could God give a revelation with such magnitude and the Book open with such clarity and such distinction that can't be disputed? Has to be an idiot to try to dispute that revelation that has been preached here over these months.

And the Holy Spirit keeps saying, look at those thirty-eight messages back there in 1999, and come back around and all this. And even sitting here tonight; I didn't put that there, but what came out—neither did I put those things in the Bible here; but the Spirit that is taking this out of the Bible and putting shape and line and form to it to show the time and season, isn't that what a star does? Am I not a star? Are you not a star? Abraham's seed: "So shall thy seed be"? Or aren't there fallen stars and stars that stay in their courses? Is that a fallen star? It's in a place there.

The part that really struck them was this. They said: *"But the most compelling and important application for astronomy comes from the three-dimensional structure implied by the Red Square images."*

This is a natural man; he is seeing a three-dimensional structure, which you and I could see with our naked eye. He is watching through the *Hubble* telescope and we are seeing with our naked eye here what they photographed, and we can see it's really a geometrical thing. It's three-dimensional: it has height, it has length, it has breadth; and they are equal.

Isn't that Ephesians? Isn't that Revelation? Didn't I preach on those same things right here in this same revelation? They were reading the natural Bible and it astounded them there. We are reading this Bible, we astronomers are reading this one here, is it not astounding us here, too?

They are seeing that so clearly. They said, "Like some of our telescopes had myopia, and we were only getting blurred images, but now we are seeing clear." But aren't some of us who were seeing through a glass darkly now seeing face to face too; no longer seeing blurred? You could say, "Mama, that is me", and wave, and see the reflection wave back?

You see, I don't know what your experience is. I'm preaching to you; but I have it in me already. It's mine; God gave it to me. I see it. It's written in my heart.

*"Whatever the fate of the central star, the remarkable series of bars seen in the Red Square..."*

You know what they start to see? They call it rungs, r-u-n-g-s, around *here* and *here* and *here* and *this way*. [Bro. Vin illustrates using the picture on the screen. -Ed.] I was looking at it; it is like lines. One place it's described as the teeth of a comb, another place it is described as rungs.

*"Every rung goes higher and higher"* [#92 Jacob's Ladder - Songs That Live -Ed.], when you are climbing Jacob's ladder. They're seeing not only foursquare, you know; they're seeing rungs. But this is the thing that struck me; this is the thing that made it personal. When they saw this, they said, "The light from this and what we discovered on this now, is the key to understanding Supernova of 1987, because that had mysteries we couldn't get ahold of."

That's Esther; Esther is the queen. This is the Queen, here. The Bride, the Lamb's Wife, the Queen. She is going to the Throne. Understand, the Marriage. The Lamb's Wife, the Bride: that is the Marriage. The City built foursquare having the Glory of God. That is the one on the Throne, even to half the Kingdom – this Light. Watch, out of this came all this Jerusalem series, and out of that other first Supernova, came that whole Book of Esther.

Now, friends, I don't know; I just thank God for grace, because I am nobody. I'm fighting to live a Christian life daily. Hosts encamp round about me; not a devil or two you know, hosts. And I'm asking God, "Teach me to be confident. Hide me in the secret of Your pavilion, Lord. Set me upon a Rock, I shall not be moved. Keep me going from day to day." And by His grace, He has not forsaken me; He has been helping me.

But when these things are happening, and they make the connection with this and Supernova of 1987... Supernova of 1987 is just a star to them, one they saw there that they named that. That to me, everybody knows, we had the song called *Supernova*, the first message I preached was called *Supernova*. [1987-0219 -Ed.] I had never used the word before in my vocabulary. Something made me call it—I came in the pulpit the night – go back on the very first tape and hear. I said, “I don’t even know why I called it Supernova, but Something said, ‘Call it *Supernova*.’”

That has gone around the world out of me preaching from the Book of Esther, until... Martin Luther had thrown the Book of Esther in the river Elbe and said it’s a bunch of heathen imagination. When I preached the message, Bro. Byskal said, “If Martin Luther was here tonight, he would have gotten his snorkel and go diving in the river Elbe to find that Book, because look what came out of that Book.”

And anybody who sits in this church understands about *Esther's Awakening*. [2003-0509 -Ed.] Then when they came back and started to see it making changes when it kept exploding, and they called it *Supernovae*, I came back and I preached a Part Two called *Supernovae*, there too. You understand?

Now these are things in my life that I follow. That’s why I named one of my boys, Cepheus. I named *this* boy here too, Orion. I named my children purposely after the galaxies, after signs in the heavens, because it is something from out in the world I used to follow. And when I came in the Message and saw how the Prophet began to open these things, I pursued these things. And He, by His grace, on two occasions, Supernova and this one—I didn’t make the connection, they made the connection. But both times, He visit me with something when that is happening.

Who could say He didn’t visit me with something here? Did you hear that Word tonight that I’ve

preached? You heard that Word Sunday? Did you ever hear anybody preach that? Now, I'm not trying to say this as a carnal comparison; I'm saying it for you who sit here in this church, for the mere fact to say, "Am I making..." This is my way of saying, "Am I making it up? Am I trying to play I have something?" I'm trying to put the glory on Jesus Christ. I'm trying to say God has been gracious. I don't know why He does it.

As for me, I know I don't deserve it. As for me, when these things happen, all I could say is, He is teaching me to understand Election. I'm like Jacob; I'm seeing a million faults in my life, but He is still giving dreams about angels ascending and descending, and all kinds of different things. When I think I shouldn't be getting anything, He is still giving me things! When I feel like, "Give me a chance, let me get close to you," He is giving me things. Because it's not by merit. It's not by merit; it's grace. If it is by merit, it will be of works. I am just grateful. When this love is shown to me, it makes me want to walk closer to Him.

Look at that. Let me finish reading the article.

*"If you can really get a mental grasp [this is what they are saying] of the three-dimensional geometry implied by the Red Square images, then it is fascinating to take a second look at one of the most famous astronomical images of them all: SN1987A."*

[Bro. Vin asks for the picture of the Supernova of 1987 to be shown on the screen. -Ed.]

This is the Supernova as it is continually exploding. Remember when I preached *If I Perish, I Perish?* A dying star came into a brightness, her full power, because when she said, "If I perish, I perish", she was willing to die and lay her life down under Esther's awakening, when Hatach was reiterating the words of Mordecai. Didn't the Holy Spirit open all that and show in the days when Mordecai wasn't directly speaking... 'Hatach' means 'gift'? He was a eunuch; had no seed to plant!

You see, they called it, *Supernova 1987A*. They said: *If you can really get a mental grasp of the three-dimensional geometry implied by the Red Square images, then it is fascinating to take a second look at one of the most famous astronomical images of them all: SN1987A.*” *An image of the Supernova as seen by the Hubble Space Telescope is to the right, showing the beautiful and unexpected rings system revealed...*”

Doesn't this look like a ring, here? Isn't that the wedding band of unmerited, predestinated grace? Isn't it the Lamb's Wife? Didn't the king reject Vashti and take Esther after the seven voices thundered on the seventh day; he chose a virgin bride?

I didn't make the two connections. They—Well, I made that connection already; I always preach that. Right in the meetings I preached that: how Esther is the last woman of the Old Testament. You hear me saying that. I'm always saying that. She is the queen, and we are going to the Throne in this Hour.

Now watch. They say if you could see this one, you have to go back here. Do you understand? They call it “One of the most famous astronomical images of them all.”

*An image of the supernova as seen by the Hubble Space Telescope showing the beautiful and unexpected ring system revealed around SN1987A—the only naked-eye supernova since the discovery of the telescope.* [[Astronomers Obtain Highly Detailed Image of the “Red Square” By Using Adaptive Optics of Palomar and Keck Telescopes](#) -Ed.]

This is the only one they ever saw; since they discovered the thing called the telescope, this is the only one they ever saw with the naked eye. An amateur; an amateur saw it—discovered it, not any professor! Out from under the hog plum tree discovered the mystery in the Book of Esther! One quote out of about twelve hundred tapes about Esther [The Book of Esther -Ed.] and then to see God opened the whole Book of Esther, here; came back and opened the

restoration Books from Revelation 17 and 22, and then this next thing shown [is] this three-dimensional: length, height and breadth of the Red Square Nebula shown there.

Show the Red Square Nebula back again. [Bro. Vin requests that the photo of the Red Square Nebula be shown on the display monitor -Ed.]

*Whatever the fate of the central star,*

And they say the star *MWC 922* is at the heart of the Red Square. This star, the origin of medicine mythologically associated with the serpent, is the heart; and it was this star that they were studying when they discovered this.

How do you find the Bride? You have to study Christ. You can't know who She is until you know Who He is. He was first, and then She came out of Him. Did Eve come out of Adam? That's right.

Praise His wonderful Name. Let's just give Him a hand of praise. He is so... Oh, praise His wonderful Name. I'm introducing you to yourself in symbol form, in mystery form. In the very Hour, I'm connecting you back to 1987 with the Supernova. And I want the saints to come and sing *Supernova* [#754 - Songs That Live -Ed.] for me tonight. Amen. "*Not knowing the purpose for which I was born*", but now Revelation 17 to 22 broke the seals off of us, and now you can see. Like millions of diamonds glittering, look at her there, a City built foursquare having the Glory of God; and the Headstone capping the very thing, which is the very Revelation of this very Hour. Hallelujah! Glory be to God in the Highest!

The astronomers say go back to 1987 if you want to understand her. You want to understand the Lamb's Wife? Do you want to understand the Bride in this Hour? How many know Esther was an orphan? How many know there are only two Books named after women?

How many know I named two of my daughters, Esther and Ruth?—I named my last girl, Esther Ruth. Why? Because I had that Revelation; both speak of the Trumpets. Esther is the mystery between Nehemiah and Job, The Sixth and Seventh Trumpet. Ezra and Nehemiah is one Book that rushed them back to their homeland; Job is the resurrection. And between the Jews going back to their homeland to rebuild the temple and wait for Messiah and the resurrection is the mystery of Esther.

And between the Jews going back to their homeland in 1946 and the resurrection in 1963 on the seventh day, Ahasuerus the lion – ‘*lion king*’ it means, roared and seven voices... Vashti rejected it (is that right?), and he called a virgin bride, and Esther was that bride, and she closed up the Old Testament. And Revelation, the mystery of the Elect being called out, coming into marriage, the Lamb’s Wife coming to become the Queen, the City of the Living God, which I say, He is writing right now. I keep saying that in this series. I say, “He is writing this in your forehead right now.” She closes the New Testament. She closes the New Testament.

You have it there. “Mary pondered those things in her heart.” Do like those in Berea: now search the Scriptures and see this great mysterious Supernova that they still can’t fully unveil from 1987. Find out if anything was opened in 1987 on earth. Do you know what you are going to find out? Right in your midst something opened that was ‘Light’, that for two—how many thousands of years? About twenty-five hundred years they never looked into it; not written anywhere in the New Testament from Matthew to Revelation. Not written down through—A great messenger like Martin Luther, threw the Book in the river Elbe, and it opened right in your midst until we see these things.

Queen Esther, ‘*Esther, Esther, touch the sceptre, with the king you have found favor.*’ [#559 God’s Elective Love -

Songs That Live -Ed.] Where did the writers get that inspiration to write that? Something was in the sky; something opened in their midst; something released an anointing that made it immortal. Twenty years after, scientists are still saying one of the most astounding things that they saw was that, the only one since the invention of the telescope seen with the naked eye. And when this one opened it connected back to that one, because that is to help reveal this.

Could you reveal this without seeing Esther? Who else types the queen? Ruth? Sarah? Eve? Eve was queen back there, that's why she ended up in Revelation, the restored one going back to Eden with the Second Adam.

God, rich in mercy. Let the musicians come, let the singers come for me. Oh, praise His wonderful Name. I just so thank Him tonight for His great amazing grace.

To all my precious brothers and sisters out in Tobago and Grenada, out in St. Vincent, out in St. Kitts and St. Lucia, out in Dominica, out in Guyana, and right here, pray for us. We leave on Sunday for six different cities in Brazil. We are going there to represent our Lord Jesus Christ. It's going to be very hectic. We are going places where we have never been before in Brazil this time out of the two other times we went, and so we certainly need the mind of the Lord. We need His direction and leadership.

Last time I was going just to Tucson for Easter, you know they pulled me aside in the United States Immigration there. You know what I went through; they photographed all of my things, and they held me there for almost two and a half hours. By the grace of God, they just released me to catch my flight to go to Tucson.

Paul said, "Pray that God delivers us from the hands of unreasonable and wicked men because all men do not have faith. Pray that the Word of God be not bound, but be loosed." When we see the Hour, friends,

when we see the things the Holy Spirit is opening in our midst and continues to open...

I didn't preach after the Convention. I came back Sunday and preached, and tonight. Watch those three messages in the Convention, watch Sunday and watch tonight. Watch the grace of God, that God so freely... We are talking about the river flowing out of the Throne, clear as crystal. These messages did what; these two? They confirm back the Convention and go all the way back into the Book of Esther. Because with the discovery of this, and then with the revealing of the things that are happening in the earth with Russia and China and Iran and that new alliance that is being formed to contain the US and the European allies, and the war drums that are beating up there, because Iran is pressing for nuclear power.

And then the Holy Spirit goes in the Bible in this season, showing you from the north an alliance is going to come, the king of the Medes. In Revelation they call it 'the king of the east will dry up the river Euphrates to make a way for them.' China, together with Russia, the king of the north. Bro. Branham said, "And the Voice said, 'Watch the king of the north.'" Remember that? He said, "I used to make the people repeat that over and over and over, because that was in the vision."

When I come back, the Lord's willing, I want to show you out of the part where Jeremiah wrote that book and sent it, to show the destruction of Babylon and these things.

This is in the earth, this is what is in heaven and this is what is in your midst. This is not some 'loony' business. Maybe a person may sit down there and they don't have faith enough that they are the Bride; they try to claim it as a religious feeling. But I'm trying to show you here, Jeremiah and they couldn't be 'bride' and then couldn't see what the Babylonian power was doing around Jerusalem.

Peter and Paul and they couldn't be Bride and couldn't see Titus, the slaughtering angel getting ready to scatter them to fulfill Jesus' prophecy that armies will surround that place, and not one stone will remain standing on the temple.

This is what makes the Truth, friends. Who is it that told us Russia, the king of the north, is going to do those things? A Prophet. A Prophet. Who saw America destroyed by vision? A Prophet. Who John spoke to in Revelation 17, saying "I will show you the judgment of the great whore?" A Prophet. He said, "Don't bow down and worship me, I am of your fellow servants and of thy brethren, the prophets."

What is the Bride? The reiteration of the words of that Prophet, so it's not any made-up business; this is a sane and clear and Scriptural... Look how he pulls out those arrows and those bows and those shields; and that burning.

If I had time I would go and show you where the Philistines controlled the mines and they wanted to keep Israel as an agricultural power, because Israel had no armor but all the Philistines had armor. Because, to show you how the industrial Age is what brings weapons. How did the Europeans take America from the Indians? Sharpe and they invented the rifle; then they brought the whiskey, then they brought the clothing with the disease – the small pox, and they destroyed a civilization.

What is the rifle? Industry bringing weapons. What is the whiskey? The drugs that they drunken them. They are still drunk on the reservations up to today. Do you understand what I'm saying? Understand. Understand.

What are these things? The Second Seal; a sword taking peace from the earth. But those who kill by the sword, and live by the sword, will die by the sword too, because He will smite them with the sword of the Word that comes from His mouth when that time comes.

Praise His wonderful Name.

[Bro. Glaude and the singers sing *Supernova* -Ed.]

Hallelujah. Twenty years ago that was a testimony in song when that supernova appeared. Twenty years afterwards, we want to sing tonight the next song that Arlene sings, which Carol wrote of Jerusalem [#806 Let's Build Jerusalem - Songs That Live -Ed.], because that is that City built, foursquare.

The natural astronomers connected the two together because one is to open the mystery, to help make the mystery of the other one clearer. What a great thing, friends. What a great thing. Because, how could these things be in the heavens, be opened in the Word and the people here sing these things, in the realm of astronomy out of the first Bible and out of the third Bible and in the second Bible? It's the first and the second Bibles together right there; a three-dimensional geometrical figure, a pyramid. Think of it. And here in the End, a people, a people by the grace of God. Praise His mighty Name. Praise God. Put the two together with those two revelations; it makes it complete.

[Sis. Arlene and singers sing *Jerusalem* -Ed.]

Hallelujah! Hallelujah! Oh, thank You, Lord. Thank You, Lord. Thank You, Jesus. Glory be to God in the Highest. Glory be to God. Thank You, Jesus. Hallelujah! Hallelujah! Thank You, Lord. Thank You, Jesus. Thank You, Jesus. Thank You, Lord.

I know I kept you a little long tonight, but how could I just chop something like that (and though I chopped off so much of it), but I want you to see what's happening. God shows things in the heavens. On the earth—He said, the things on the earth vindicate what is going on in heaven. And if these things don't bear witness of this Scripture, and that sign don't bear the Light, 'Day unto day it uttereth speech, and night unto night it sheweth knowledge'. And where is the knowledge and the speech that that uttereth and

shows? Out of the Word. Out of the Word, that's where its light is.

Abraham had to look at a sign in the heavens to know when Elohim will come, when he will come back around for the time of life. The Prophet looked at that to know when the Daybreak started, and the blackout. Is that right? The wise men looked at a sign and knew the Messiah was on the earth. That's God's way always; the unchanging God in the unchanging continuity of His Word.

Let's just stand to our feet. I want to call a precious brother from the tribe of Issachar, one of the watchers here; the chief watcher, Bro. Ken, to come and pray the dismissal prayer tonight. It's fitting that I should call one of the watchers, because they are the ones who look at the signs.

Praise His wonderful Name. Do you appreciate His Word tonight? Amen. Praise His wonderful Name. Praise His mighty, mighty Name. God has been good to us. Blessed be His Name.

[Bro. Kenneth Renwick prays. -Ed.]

Oh my. So, remember to pray. Keep praying for us; we are depending on those prayers. May God bless you and bless all those beloved servants who will be taking the services in my absence. One of the Sundays we'll be having a family day. So, that means after service you come up, the announcement will be made to get your lunch, and we'll have a wonderful time together up here as a church. May God bless you all. Turn around and greet each other with a real holy greeting, tonight, as Bro. Ken comes.

[Bro. Vin prays for the sick. -Ed.]

Amen. For the librarians, this is Part 2 of the same message from Sunday. And God bless you. I trust you really don't feel too bad that I held you back a little bit tonight. I leave on Sunday, and I just wanted, in my heart, to come back tonight; I felt there was so much more. I still didn't even get to reach to the place

because this thing interrupted me on Monday. The Lord just dropped that in, and when He dropped that in, you know, that just blew me away, by God's grace.

And you know, we sing the songs here tonight just to show that these sayings are Faithful and True. These things are written here, by God's grace, as the Word on these things open up. And we couldn't put something foursquare, you know, and design it that way, and in that constellation of Serpens that has to do with the origin of medicine, and which we know is Numbers 21 and the Son of Man being lifted up. And He is the very Headstone of the very City, because that is what is there on that City that is foursquare.

And you know, the Convention was the 17<sup>th</sup> Annual Convention, and ten and seven, you know that's the redemption price. You know these things. And that was the Day of Atonement also, the tenth day of the seventh month. You know these things, and you understand the Blood. And she is... How many know the Bride is the Blood of Jesus Christ today by the Holy Spirit? That's a direct quote from *Christ Is The Mystery Of God Revealed*. [1963-0728 -Ed.] She is the very...

That's the Voice of the Blood, the Token, proudly displayed. Look at her glory there! [Bro Vin points to the photo of the supernova on the display monitor -Ed.] Isn't it great, by the grace of God? That's you and me, my brother, my sister. God richly bless you. Amen.

[The song leader, Bro Ken came to the pulpit -Ed.]
