THE LONEDALE OPERATOR

D. W. Griffith's Biograph Production of 1911 starring (for cinema fans) Blanche Sweet and (for railroad fans) Santa Fe 4-4-0 No. 9

Here is a slightly edited down version of one of D. W. Griffith's most famous Biograph productions—and one of the earliest this pioneer company made on the west coast. It offers many innovations (for its time) in production techniques, and is a special collectors item for that reason. For rail fans, it has some excellent shots of Santa Fe American-type locomotive No. 9, a unit built in the 1870s and which was scrapped by the Santa Fe in Topeka in 1914. And, it has quite a bit of flavor of the railroading of the day.

"The Lonedale Operator," length about 200-feet, 8mm., Blackhawk priced at only **$4.98**

Both sets, purchased together at one time, only **$3.99**

Photographed this past fall by Jim Morley, with the cooperation of the Southern Pacific, these two slide sets give the "outside" and the "inside" picture of the Southern Pacific's crossing of the Sierras. In "Donner Pass" we see the snowsheds, the grade and the turns—as well as the beautiful country along the Truckee River—with an excellent train shot as part of practically every slide. In "The High Sierras" we see what Morley caught from a caboose on a westbound extra from Truckee to Roseville. There's plenty of flavor of mountain railroading in both sets!

Railroad Fans, Attention!

Here is an additional film for your collections produced by Dudley Pictures Corporation for the

SEABOARD AIRLINE RAILROAD

"NEW HORIZONS"

Used 600-foot, 16mm. sound prints IN FULL COLOR

This film, made in the late 1940s, shows the Seaboard Railroad and its relation to the cultural and industrial growth of the South. Many of the tourist high spots such as Cypress Gardens and Silver Springs are shown—but the whole fabric of the story is held together with action shots of Seaboard trains in operation.

You'll see both steam and diesels, and among the diesels, one of the Baldwin "centipede" units not in common use around the country. While not as jam-packed with train shots as some of our former railroad film offerings such as "Mainline U.S.A." or "On the Tracks"—at the very attractive prices at which this is being offered, you'll get more than your money's worth. It has a lot of appeal to non-railroad fans as well because of what it shows of the South.

"New Horizons," good used 16mm. sound prints in full color Kodachrome, Blackhawk priced at only **$14.95**

SPRING SPECIALS IN USED 16mm. SOUND PROJECTORS!

For years, Blackhawk has had the policy of buying all good used 16mm. sound projectors of standard models on which replacement parts were available from the manufacturers. But since last fall, used units have been coming our way in ever increasing quantities, and our inventory is now the highest it has been for two or three years. To trim it down, we've cut from our regular already low prices 10%, 15% and even 20%. So, if you're in the market for a good used unit, now is the time to buy!

Projector prices are exclusive of transportation and projectors, because of weight, are not mailable. For most destinations, Railway Express is the most satisfactory method, but we'll be glad to ship by freight—either truck or rail—if you request. Projectors will not be shipped C.O.D. without a deposit of $25.00 to guarantee transportation charges.

Blackhawk buys the entire 16mm. sound film reference library of

BRITISH INFORMATION SERVICE

Yes, with British Information Services closing their 16mm. sound film circulating library in the United States late this past summer, Blackhawk had the opportunity to purchase the entire collection of World War II Information Films in the reference library B. I. S. had maintained in New York. Most of these subjects are in like new condition. And, only a print or two of most titles are on hand. This is your opportunity to acquire at a very, very low price many items that in years to come will be collectors items dealing with World War II.

In addition to a number of combat films, these subjects depict many of Britain's special training requirements during and immediately after World War II—in agriculture and medical services. as an example—and chronicle the progress of Britain after the war. There are some films from the Dominions, and from Britain's Allies as well.

Blackhawk's regular guarantee applies—you may return any of these prints within five days after receipt if for any reason you do not wish to retain them. We'll give you full credit or refund.

Two great new Blackhawk 2"x2" color slide sets on Yosemite . . . .

SPRINGTIME IN YOSEMITE

Set No. 133 containing 20 color slides

AUTUMN IN YOSEMITE

Set No. 134 containing 16 color slides

Here are two new sets, photographed this past year by Jim Morley, sets that we feel are somewhat out of the ordinary. "Springtime in Yosemite" was made when the waterfalls were at their peak—when the meadows were a lush green—and the flowers were in bloom. All of the major waterfalls are shown together with many unusual shots of the valley. "Autumn in Yosemite" gives us the park with patches of snow showing in spots, and with a little more reddish-gold in the air from the lower autumn sun. Both are definite additions to any Yosemite collection.

"Springtime in Yosemite," 20 2"x2" color slides **$2.98**

"Autumn in Yosemite," 16 2"x2" color slides **$2.49**

Both sets, purchased together at one time, only $4.99

A very special pair of 2"x2" color slide sets . . . .

BEHIND THE FOOTLIGHTS

Blackhawk Slide Set No. 122, 16 slides, regularly $2.49, specially sale priced at **$1.76**

THE WICKED STAGE

Blackhawk Slide Set No. 121, 13 slides, regularly $1.98, specially sale priced at **$1.43**

These two unique color slide sets are copied from original colored theatrical posters from the years around the turn of the century. "Behind the Footlights," which contains the slide on "Uncle Tom's Cabin" (illustrated) has reproductions of many of the important stage attractions of the period. "The Wicked Stage," containing posters on some of the Gay Nineties' racier productions including Brady and Ziegfeld's "Mlle. Fifi from Paris." (illustrated), The High Rollers Burlesque Co., and others, is one that will be a sensation with almost any audience.

Blackhawk's

SELL-IT-SHORT

packages of good used 16mm. sound film!

Here's the most unusual combination Blackhawk has yet come up with—a combination that will often bring you some outstanding 16mm. sound footage at rock-bottom prices. These lengths are incomplete or unidentified short subjects, and incomplete sections of unidentified feature pictures. All footage is consecutive—not assemblies of short incomplete lengths. Not infrequently you'll get the entire pictorial section of a one or two reel short subject that has only the presentation and end titles missing—a subject that would cost three or four times as much if the titles were on the film and it could be readily identified by us.

"SELL-IT-SHORT" PACKAGES ARE AVAILABLE IN THE FOLLOWING LENGTHS AT PRICES SHOWN:

300-ft., each . . $2.22 **500-ft., each . . $3.69**
400-ft., each . . $2.89 **600-ft., each . . $4.44**
700-ft., each . . $5.19

(In the event we are out of any of these lengths at the time your order is received, we'll supply you with the next shorter length and issue credit memo for the difference—or if you order a number of subjects, give you a combination of lengths totaling the same footage as ordered, but in different lengths.)

WHITE CHRISTMAS IN 1958!

We are withdrawing practically our entire Eastin Pictures' rental library of 16mm. sound prints of Christmas films—some hundreds of prints in all—and are offering them at prices, this winter, *that are lower than will be the prices at the peak of next Christmas' buying season—if there happen to be any left by then.* So, you can assure yourself getting a number of outstanding Christmas subjects—prints in unusually good used condition—virtually as many as you want on any subject—some now out of print and no longer available in new form—at a fraction of what they sold or sell for new—and at a saving over what they'll cost you before next Christmas if any are still available then. *In short—now's the time to buy!*

ALIAS ST. NICK (275-feet, Pictorial), $8.88.
Mother Mouse and her many children are eagerly awaiting St. Nick—all except one little fellow who doesn't believe in Santa. A hungry cat, wearing a Santa Claus costume and carrying a large bag of toys, arrives and is joyously admitted. The little disbeliever is much abashed—until he suddenly sees through the cat's disguise. He sounds the alarm and the children seize their toy weapons and drive out the fake Santa, then resume their Christmas frolic.

A CHRISTMAS CAROL (300-feet, Castle), $9.99.
Here's a streamlined version of Charles Dickens' immortal Christmas story. It contains almost all of the principal story sequences, and all of the charaacters—faithfully portrayed. It will be a welcome addition to any Christmas program.

CHRISTMAS CAROLS (300-feet, Castle), $9.99.
A heart-warming presentation of three well-loved carols, **The First Noel, Hark! The Herald Angels Sing** and **Adeste Fideles.** These traditional favorites are sung, reverently and beautifully, by a mixed choir of fifteen voices with organ accompaniment. The robed singers and organist are depicted in an appropriate church-like setting, and the words of the songs are superimposed on the pictures, making it easy for the audience to join in the singing.

CHRISTMAS DREAM (300-feet, Castle), $9.99.
A little girl, laden with new toys on Christmas Day, discards an old rag doll, "Stuffy," but when night comes and she is fast asleep she dreams that "Stuffy" is alive . . . and he is not only alive but bursting with mischiew. She watches with wide-eyed delight as he romps all over the room, plays the piano, calls other stuffed toys into life and turns the room into a bedlam of frolic and fun. The little girl's awakening is an awareness of "Stuffy's" worthiness of her love!

CHRISTMAS RHAPSODY (350-feet, E. B. F.), $11.11.
This is the tale of a little fir tree which grew in the high mountains and brought Yuletide joy to a forester and his children. The heart-warming story is reminiscent of the Hans Christian Anderson fairy tales which have long delighted children and grown-ups alike. Photographically, the film abounds in exquisite winter views and homey Christmas scenes. Musically, it offers an original score, beautifully performed by a chorus and full symphony orchestra.

THE FIRST CHRISTMAS (800-feet, Blackhawk), $22.22.
Based on the Book of Matthew, Chapters I and II, and the Book of Luke, Chapter II, "The First Christmas" tells the story of the birth of our Saviour. It pictures the visions of Mary and Joseph, their trip to the town of Joseph's birth, the Wise Men, the Shepherds, and the Babe in the Manger—the story effectively narrated over a magnificent musical score of orchestra and chorus.

FROSTY THE SNOW MAN (100-feet, Castle), $3.33.
Here's a delightfully cartooned version of the "Hit Parade" number that was being sung by everyone this past Christmas season . . . especially suitable for children.

HOWDY DOODY'S CHRISTMAS (300-feet, Castle), $9.99.
One of television's top children's hour stars will be on many movie screens this Christmas in a very special little playlet. And Howdy Doody is almost sure to be as great a favorite in this Christmas offering as he is in his regular afternoon television show.

THE LITTLE MATCH GIRL (300-feet, Castle), $9.99.
Seeking the pitiful comfort from the flame of one of her matches on a snowy Christmas Eve, it lights a magic way to the wonderful kingdom of Santa Claus. Here the Spirit of Christmas creates a glow of warmth amid the ice and snow. The Little Match Girl finds a world of love and laughter, and even the happy promise of a better life. A heartwarming story for the Christmas season.

THE NIGHT BEFORE CHRISTMAS (300-feet, Castle), $9.99.
Twas the night before Christmas and all through the house, not a creature was stirring, not even a mouse. Clement C. Moore's beloved poem now springs to life in a film which cleverly combines real actors and cartoon characters, telling the familiar story of St. Nick's dramatic visit. The reindeer dash through the wintry sky and jolly old Santa scrambles down the chimney, bringing Yuletide thrills to the kiddies and recalling precious memories to the grown-ups.

A PRESENT FOR SANTA CLAUS (300-feet, Official), $9.99.
This delightful film is packed with pathos, comedy and all the wonderful spirit of Christmas. Two little kiddies are tucked into bed, and while the tree is being trimmed, plan as a special secret to give Santa a present. Santa is very surprised to be receiving a gift and as a result makes a last minute revision of his own gift list for the children.

WOODY PLAYS SANTA CLAUS (250-feet, Castle), $11.11.
After a rip-roaring train ride and an utterly fantastic ski chase, Woody arrives at Swiss Chard Lodge where he plans a vacation of uninterrupted eating. Disguised as Santa Claus, the read head eats a deep hole in Proprietor Wally Walrus' food supply and leaves with a full sack of "chow." When Woody pauses in his escape to sample the loot, he finds that he has not made off with a bag of food, but a bag full of Wally Walrus. It's gay entertainment for any Christmas crowd.

MONDAY THE 13th!

(Blackhawk News Report)

Monday, January 13th, was an unusual day for us for two reasons, neither of them, fortunately, expensive.

Blackhawk's President, Kent D. Eastin, was informed by phone about 7:30 that morning that the locker plant in which Blackhawk had its stock of 35mm. color slide duplicating stock stored (frozen at zero temperature to help stabilize the color balance over the entire period it is used) had been destroyed by a gas explosion during the night. A personal inspection revealed that it had indeed blown out over a considerable area. Fortunately, the area in which our film was stored was the corner least harmed, and before the end of the day, the Bettendorf fire and police departments had every last can of film corralled and ready to turn over to us unharmed.

But, no sooner had the phone call about the locker plant explosion been completed, than Blackhawk's Operation's Manager was on the wire reporting that the casing and the lock of our employee's entrance had been shattered sometime during the night, and that we had had some unauthorized visitors. Fortunately, an inspection and spot inventory failed to reveal that anything had actually been taken, so we called the carpenter and the locksmith and settled down to a relatively quiet day.

IMPORTANT BLACKHAWK INFORMATION!

Read Before You Order!

BLACKHAWK PAYS THE POSTAGE ON MOST ITEMS!

Blackhawk pays the postage on most items listed in this circular when remittance in full accompanies the order, but only when the shipment goes to a point served by the U. S. Postal Service. Some items, such as projectors, screens, tape recorders, projector stands, etc., because of size or weight, or both, do not qualify for shipment by parcel post. On these, we do not pay the transportation charges when the item is delivered to you by express or freight. In all cases, we have attempted to call to your attention these non-mailable items at the point where they are listed, but irrespective of this, we do not postpay or pay transportation charges on any single item too large or too heavy, when packed, to go by parcel post.

SALES TAX ON SHIPMENTS TO IOWA

Customers ordering films for shipment to points in the State of Iowa must also add 2% for the State Sales Tax.

C. O. D. SHIPMENTS

Blackhawk will gladly make shipments of merchandise on a C.O.D. basis to any point in the United States or to U. S. territories and possessions. However, on C.O.D. shipments, the purchaser pays all transportation charges, insurance and C.O.D. fees, and money order fees, in addition to the cost of the merchandise. Because of the weight involved, we will not forward projectors on a C.O.D. basis unless a deposit of 25.00 is enclosed to guarantee transportation charges, and then only within continental United States.

RIGHTS *of* USE *on* MOTION PICTURES

None of the motion picture prints offered herein, either new or used, may be used for television or theatrical purposes, as these rights are specifically reserved. All new 16mm. and 8mm. short subject prints (except our Laurel and Hardy comedies, Hymnalogues and Songbooks of the Screen) may be shipped by us to any destination in the world. Certain feature picture prints, both used and new, and a few short subjects on which used prints are available, are restricted as to the territories in which they may be used.

SHIPMENTS *to* CANADA *and* MEXICO

Customers in Canada and Mexico should add 10% to the prices of all items which are normally postpaid in the United States for postpaid delivery to them. On non-postpaid items, Canadian and Mexican customers should inquire in advance as to transportation charges unless those charges may be collected on delivery. Remittance must be in U. S. funds. Minimum order is $10.00.

FOREIGN SHIPMENTS
(Other Than To Canada or Mexico)

On small orders that may be shipped by parcel post in a single package, customers in all foreign countries (as well as Canada and Mexico) may have postpaid delivery by adding 10% to the prices of the items making up the shipment, providing the items are within the size and weight limits for parcel post shipments to their country. Minimum order is $10.00.

Buy Anything Offered By Blackhawk On Convenient Monthly Payments!

Customers in Continental United States (the 48 states and the District of Columbia) may now purchase anything listed by Blackhawk on convenient time payments. Furthermore, our convenient add-on payment service is available to those of you already having satisfactory time payment accounts in operation. This add-on service provides that any additional merchandise may be selected from our catalogs or bargain bulletins and added-on to that merchandise already being paid for on a time payment account—up to certain limits. A time payment charge of 10% is made over the cash price for these additional items. Monthly payments will graduate upward depending on the total amount outstanding on the time payment account after the addition of the add-on amount.

TIME PAYMENT ARRANGEMENTS

A. Down Payments.

Below are the minimum down payments required based on the total amount of your purchase.

On orders totaling $25.00 to $50.00....$ 5.00
On orders totaling $50.01 to $100.00...$10.00
On orders totaling $100.01 to $150·00. $15.00
On orders totaling $150.01 to $200.00..$20.00
On orders totaling $200.01 to $250.00..$25.00
On orders totaling $250.01 to $300.00..$30.00
On orders totaling $300.01 to $350.00..$35.00

The amount of your time payment charge and the amount of your monthly payment is determined by the unpaid balance remaining after we have deducted your down payment from the total of your purchase. Thus, the larger you can make your down payment, the lower will be your time payment charges and the smaller will be your monthly payments.

B. Time Payment Charges.

Time payment charges are based on the unpaid balance remaining after the deduction of your down payment from the total of your purchase. Here they are scheduled:

On unpaid balances totaling $25.00 to $50.00 .... $ 5.00
On unpaid balances totaling $50.01 to $100.00 .... $10.00
On unpaid balances totaling $100.01 to $150.00 .... $15.00
On unpaid balances totaling $150.01 to $200·00 .... $20.00
On unpaid balances totaling $200.01 to $250.00 .... $25.00
On unpaid balances totaling $250.01 to $300.00 .... $30.00
On unpaid balances totaling $300.01 to $350.00 .... $35.00

C. Monthly Payments.

As is explained above, the size of your monthly payment is based upon the unpaid balance (including the time payment charge) remaining after deducting your payment from the total of your purchase. Here is the schedule:

On unpaid balances totaling $25.00 to $50.00 .... $ 5.00
On unpaid balances totaling $50.01 to $100.00 .... $10.00
On unpaid balances totaling $100.01 to $150.00 .... $15.00
On unpaid balances totaling $150.01 to $200.00 .... $20.00
On unpaid balances totaling $200.01 to $250·00 .... $25.00
On unpaid balances totaling $250.01 to $300.00 .... $30.00
On unpaid balances totaling $300.01 to $350.00 .... $35.00

D. Add-On Orders.

We're always glad to add additional purchases to time payment accounts already outstanding. The additional time payment charge will be based on the amount added to the time payment contract. The charge itself will be determined from schedule B up above.

The amount payable monthly, when an add-on is made, will be based on the total amount still due including the unpaid balance of the original account plus the unpaid balance on the add-on. When these two are combined, the total will fall into one of the brackets indicated in C.

E. Our Action.

We've provided this information so that you will know exactly the amount you will owe. However, to help you further, we prepare a time payment schedule for you at the time we ship the merchandise. We show you the exact amount due and the dates on which the amount should be received here in Davenport. So—do not let the details bother you. We'll do the figuring.
