THREE CHILDREN'S CLASSICS

Here is a group of three children's classics on which used 16mm sound prints are rarely available. Our copies are all in excellent condition having seen but little more use than previous purposes. But — we have two or three prints of a title — so if you want a print, don't wait to order.

PUSS IN BOOTS (4 reels). The story is told in song and rhyme by a large cast, consisting principally of talented children. Music by Nathaniel Shilkret, lyrics by Robert Simon. Price, \$49.95.

ALICE IN WONDERLAND (6 reels). When compared to Disney's new version of "Alice," to be released this fall, this earlier production may seem to be looking in a number of ways. However, all the wonderful characters of Lewis Carroll's charming story are there as Alice wanders through the strange Wonderland — the anamorphic Duchess, the King and Queen of Hearts, Mad Hatter, March Hare, and White Rabbit. Its great glory for an exhibition playing a school circuit. Price, \$79.95.

ROBINSON CRUSOE (6 reels). The story of the life of how Robinson Crusoe turned his enforced exile into a rich and satisfying life of adventure and achievement. Crusoe's escape from his wrecked ship, the building of his lonely dwelling, his exploration of the island, the rescue of his native companion Friday, his encounters with cannibal tribes, and his final rescue of contact with civilization are all thrillingly portrayed. Uncle Tom's radio favorite of millions of children. Price, \$39.95.

USED FEATURE PICTURES

All of these features are complete and in good condition. Naturally, some prints have seen more use than others. However, all have been hand inspected, have good sprocket holes, and are free from an excessive number of splices. They are assembled on 1600' capacity reels and have adequate lengths of leaders and trailers.

On many titles we have but a single print remaining on hand — on others we have as many as six or eight prints in stock. In making

a selection, we urge you to give second and third choices wherever possible. We'll send them only when your first choices have already been sold.

You can save money by ordering features in quantity. On an order for six or more feature prints taken from the following list, you may take a discount of 5% from our already low prices — on twelve or more prints, 10%.

DE LUXE PACKAGES of USED 100' 16mm. R-I SOUND MUSICAL FILM

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually, the only place you will notice any difference is in the titles—the lettering will appear backwards on your screen. For many uses, the titles may be removed.

Blackhawk offers you a saving in these packages of related films of 40% to 50% from the price you pay when buying them individually.

There may be, without notice, occasional substitutions of one or more titles in any package because we are temporarily out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

In these DeLuxe Packages, you may replace not more than one unit in one package with units of your selection, if the package consists of twelve or thirteen units. In packages of three units, one unit may be replaced. The charge for each replacement is \$1.00. For example, you may substitute two units in a \$15.95 package and your total cost will be \$15.95; or one unit in a \$10.95 package to make your total cost \$10.95. In this way, you can take advantage of the special package prices without duplicating what you already own. Replacements must be made at the time you place your original order.

We offer these packages at special bargain prices and cannot, therefore, give pro rata credit for the return of part of a package.

These films may be used for any theatrical, non-theatrical, or commercial purpose, except that they may not be televised.

DE LUXE PACKAGES of 100' 16mm. R-

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually, the only place you will notice any difference is in the titles—the lettering will appear backwards on your screen. For many uses, the titles may be removed.

Blackhawk offers you a saving in these packages of related films of 40% to 50% from the price you pay when buying them individually.

There may be, without notice, occasional substitutions of one or more titles in any package because we are temporarily out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

HERE'S A SPECTACULAR, MULTI-COLORED BARGAIN SUCH AS ONLY BLACKHAWK CAN BRING YOU!

How would you like to purchase a brand new 16mm. Kodachrome print, running 1½ to 2 reels in length, for about half the price of the Kodachrome stock it contains? Sounds impossible, doesn't it?

It would be impossible except for one thing. These two full color subjects, produced by Dudley Pictures Corporation, were misprinted by the laboratory so that the sound track is blacked out. Thus, there is no narration to be reproduced. Pictorially, they are perfect. And actually, narration is not essential to their usefulness or enjoyment.

If these two subjects had been printed complete with track, the price per print would range between \$125.00 and \$150.00. See what kind of a bargain you are getting?

ON THE TRACKS

(2 reels, full color Kodachrome) produced by Dudley for the Association of American Railroads. Shows streamlined trains of such railroads as the Santa Fe, New York Central, Rio Grande, Southern, Pennsylvania, Chicago and Northwestern, Monon, Milwaukee, Burlington, Western Pacific, Southern Pacific, Great Northern, Northern Pacific, Erie, Baltimore and Ohio — terrific views at speed — against the background of mountains and canyons — over bridges — across gorges. Sound track is black, and perforations are on one side only. This print can be run only as a silent on a sound projector, or on a silent projector having one-side-tooth sprockets and claws.

A few lucky fellows are going to own brand new prints without sound at Blackhawk's unbelievably low price of only **\$19.95**

GLACIER NATIONAL PARK

(1½ reels, full color Kodachrome) produced by Dudley for the Great Northern Railway. Here's one of the most beautiful color films we've ever seen — all of the breath-taking grandeur of Glacier National Park with its rugged peaks, clear blue lakes, dazzling white glaciers and green forests. A color film shot of the Blackfeet Indians in their traditional costumes, and the for which the park is noted and the many beautiful waterfalls with which the park abounds. Also, for your rail-time, there are several shots of the Great Northern's streamliner, The Empire Builder, against the backdrop of the Glacier Park country. Remember, the sound track is black; the film is perforated on one side only and will thus run (as a silent) on a sound projector — or on a silent projector with one-side-tooth sprockets and claws. The price is only **\$19.95**

Survival Under Atomic Attack

We originally announced this film in our April catalog (it was supposed to be available immediately) and lots of you sent in your orders. Then Castle was delayed in final release because of the time necessary to get final Office of Civilian Defense approval (it's an official OED film). So instead of having prints here to ship March first, we didn't get our first shipment until the middle of April.

This new film shows what you can do to minimize the effects of the Atomic Bomb - and how you can save lives by knowing what to do. It is based on the official U. S. Government booklet of the same title.

Brand new prints are available in the following versions, and all are regularly in stock at Davenport for prompt shipment:

BLACKHAWK'S BUSINESS HOURS
Blackhawk operates daily, Monday through Friday, from 8:30 a.m. to 4:30 p.m. We are closed Saturday, Sundays and on national holidays.

Frequently, customers and friends come through Davenport with the specific plan of paying us a call. These business hours should be kept in mind when planning on stopping to see us.

Furthermore, we are basically set up to handle business on a mail order basis — not over a counter. If you do wish to come in to make selections, those selections will still be virtually limited to the current catalog. And, as no projection facilities are readily available, it will not be possible for you to screen any of this material for preview while you are here.

It is far more satisfactory for both of us for you to take advantage of our five day return privilege in screening and weeding our material not adapting to your requirements. Our guarantee protects you.

WHO GETS BLACKHAWK'S BARGAIN BULLETIN

Blackhawk's Bargain Bulletin is issued each month, the issue dated the following month being mailed from Davenport between the 10th and 15th. (This June catalog is scheduled for mailing May 10 and 11.)

This Bargain Bulletin is mailed to Blackhawk customers who have made purchases within a period of six months, and is continued for an additional six months in cases where customers have made purchases of \$10.00 or more in the previous six months period.

It is mailed on alternate months, for a period of six months, to interested individuals and organizations who have requested it. Upon becoming customers, these persons and firms automatically get each issue. After six months, if no purchase is made, mailing of the Bulletin automatically terminates.

ABOUT THIS JUNE CATALOG

Prices listed in this catalog are effective May 15, 1951. All films listed are good used prints unless they are specifically offered as new. Good stocks are on hand on all classes of films except used features and used short subjects. On these, we usually have only a few prints of a title, sometimes only one. This means that in the week or two after this June catalog is received, more and more of these used titles will be sold out. Keep this in mind when ordering. If your order reaches us before May 25, we probably will be able to supply most of the used prints you select. Orders received between May 25 and June 1 will often find us short on some items in a list of used features and shorts. Orders received after June 1 for features and shorts may well find us out of as much as 40% to 50% of the titles you order. Therefore, if you mail your order to us after May 25, be sure to give us a list of alternate titles. We'll never send an alternate unless your top choices are already out of stock.

THOSE R-I MUSICALS PACKAGES

Every once-in-a-while one of our customers will return a portion of a package of 100 R-I musicals with the intention of getting credit. However, as stated at the head of the listing of these packages: "We offer these packages at special bargain prices and cannot, therefore, give pro-rata credit for the return of part of the package."

Thus, while our guarantee applies to these packages as well as to anything else we offer, a complete package must be returned. If only a portion of a package is returned, you will be charged the individual prices for those films you have retained up to the total price of the package.
