Catalogue No. 9

July 1951

WEEKLY SPORTS HEADLINERS

Here are the top sports events of each week for the past two years—as prepared for the weekly quarter-hour program TOP VIEWS IN SPORTS seen regularly over many of the nation's TV stations. Camera-men were there to record the outstanding personalities and the most thrilling moments in every field of sports—swimming, baseball, football, golfing, racing, and every other event you can think of—and they appear on your screen in these films.

The prints we have are those actually used by the television stations in presenting TOP VIEWS IN SPORTS. Few have been projected more than six or eight times, and some are brand new. On the screen they all look like new.

Made to provide a quarter-hour television show, the films—while actually wound on 400' reels—

are very full 1-reel subjects. In actual footage, they are almost 50% longer than the average 1-reel subject.

We've shown the date of release of these subjects to the television stations after each title (for example, Vol. 2, No. 59 was released August 25, 1950).

This has been our first experience with this type of television material and we bought it to sell for \$9.95—figuring that \$9.95 was a very attractive price for an almost new print of a 1½ reel sound film. Some issues have sold well—others not so hot. So to get things really moving we've reduced the selling price by \$2.00 a print. What we lose, you gain. So—what'll you have?

Price per print \$7.95

Survival Under Atomic Attack

We originally announced this film in our April catalog (it was supposed to be available immediately) and lots of you sent in your orders. Then Castle was delayed in final release because of the time necessary to get final Office of Civilian Defense approval (it's an official OCD film). So instead of having prints here to ship March first, we didn't get our first shipment until the middle of April.

This new film shows what you can do to minimize effects of the Atomic Bomb — and how you can save lives by knowing what to do. It is based on the official U. S. Government booklet of the same title.

Brand new prints are available in the following versions, and all are regularly in stock at Davenport for prompt shipment:

COLLECTOR'S ITEMS . . .

Here's a new department for Blackhawk shoppers to watch each month.

We hope to be able to bring you re-releases of films that have become real collector's items because of the stars of the entertainment world (of today and yesterday) who appear in them. Now, these films will not be new productions — in fact, they were made when the stars were getting their start up the ladder of success. But, they will be of interest to you for that very reason. All the prints will be brand new, but naturally they won't compare with present day production standards. The movie industry has learned a lot since these films were made. We think you'll enjoy these old films, though, and get a kick out of seeing famous people of the entertainment world "as they were".

This month we are able to bring you five of these films — one with **BOB HOPE**, two with **AL JOLSON**, two with **BING CROSBY**.

BRING ON BING

Bing as a college boy in the days of "flaming youth" is something to see. Remember when Bing was a tenor?

These brand new, 16mm. sound, one reel films, each **\$12.95**

Always more movies for your money at "Sixteen's Super Market"

CROONER'S HOLIDAY

Even as a plumber Bing is so romantic his girl, who has become a movie star, can't forget him. Bing gets into blackface disguise, breaks up a movie set, is chased by a lion, but finally gets the girl. Bing, even then, had the voice and the easy-going style that have made him famous.

HI HO BROADWAY

Al Jolson plays the part of a lovable bum, "Mayor of Central Park" and of the tramps who live there. He sings a couple of songs in his own unchanging style.

SING, CLOWN, SING

Continuing the adventures of the tramp character he created in **HI HO BROADWAY**, Al finds a \$1000 bill and has some trouble trying to convince his friends he should return it to its owner.

BOB'S BUSY DAY

When Bob Hope becomes involved in a fiesta in Argentina, and his fiancée becomes involved with a South American cattle king, you can expect laughs. Here's Bob twenty pounds lighter and several years younger, but his way with a gag hasn't changed.

USED FEATURE PICTURES

All of these features are complete and in good condition. Naturally, some prints have seen more use than others. However, all have been hand inspected, have good sprocket holes, and are free from an excessive number of splices. They are assembled on 1600' capacity reels and have adequate lengths of leaders and trailers.

On many titles we have but a single print remaining on hand — on others we have as many as six or eight prints in stock. In making

a selection, we urge you to give second and third choices wherever possible. We'll send them only when your first choices have already been sold.

You can save money by ordering features in quantity. On an order for six or more feature prints taken from the following list, you may take a discount of 5% from our already low prices — on twelve or more prints, 10%.

Prices listed in this catalog are effective June 17, 1951. All prints listed are good used prints unless they are specifically offered as "new" prints. We are on hand of all classes of films, except "news" features, and used short subjects. On these, we usually have only a few prints of a title, sometimes only one. This means that in the week or two after the July catalog is published, many of the "new" used titles will be sold out. Each catalog must be ordered. If your order reaches us by June 27, we probably will be able to supply most of the used prints you select. But orders received between June 27 and the fourth of July holidays will often find us short on some items in a list of used features and shorts. Orders received after the fourth of July will probably find us out of as much as 40% or 75% of the used feature and short titles you order. Therefore, whenever you place orders, an alternate list of titles. We'll never send an alternate unless your first choices are already out of stock.

BLACKHAWK'S BUSINESS HOURS

Blackhawk operates daily, Monday through Friday, from 8:30 a.m. to 4:30 p.m. We are closed Saturday, Sunday and on national holidays.

Frequently, customers and friends come through Davenport with the specific plan of paying us a call. These business hours should be kept in mind when planning on stopping to see us.

Furthermore, we are basically set up to handle business on a mail order basis — not over a counter. If you do wish to come in to make selections, those selections will still be virtually limited to the current catalog. And, as no projection facilities are readily available, it will not be possible for you to screen any of this material for preview while you are here.

It is far more satisfactory for both of us for you to take advantage of our five day return privilege in screening and weeding our material not adapting to your requirements. Our guarantee protects you.

THOSE R-I MUSICALS PACKAGES

Every once-in-a-while one of our customers will return a portion of a package of 100' R-I musicals with the intention of getting credit. However, as stated at the head of the listing of these packages: "We offer these packages at special bargain prices and cannot, therefore, give pro-rata credit for the return of part of the package."

Thus, while our guarantee applies to these packages as well as to anything else we offer, a complete package must be returned. If only a portion of a package is returned, you will be charged the individual prices for those films you have retained up to the total price of the package.

Incomplete 100' 16mm. Sound Lengths of Features, Serials, Shorts

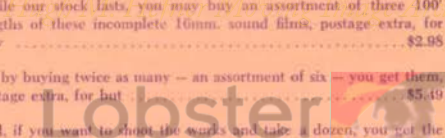

In past years, our stocks of these 100' 16mm. sound lengths from feature pictures, Westerns, serials, comedies, travel films, musicals, documentary subjects, sport films informational films, and other films of many types were gobbled up as fast as we offered them. Now we have perhaps the biggest stock we've ever been able to offer at one time.

These lengths are incomplete, start anywhere and end anywhere, but are consecutive in themselves — not a lot of short scenes spliced together. They are not identified either individually or as to subject groupings. Thus, there is no way we can fill an order for so many "Western" lengths, or so many travel lengths, or any certain quantity of any one type. All footage is regular image material (no B-1's). Some musicals are included, but not the good running condition.

While our stock lasts, you may buy an assortment of three 100' lengths of these incomplete 16mm. sound films, postage extra, for only \$2.95

Or, by buying twice as many — an assortment of six — you get them, postage extra, for but \$5.49

And, if you want to shoot the works and take a dozen, you get the best price yet. Twelve 100' lengths cost, postage extra, only \$9.95

"What goes on at Blackhawk? You hit a lot of film you don't have."

"What kind of an outfit are you anyway? Two weeks ago I ordered a print of BLAME-DE-BLAME from your current catalog. You wrote me it was out of stock. Now I get your new catalog and you have it listed."

"I ordered the day I got your new catalog, but the film I wanted was already gone."

"Take me off your list. You couldn't supply the film I ordered."

Boy, do we ever take a beating — sometimes — from some of our obsessive good friends! And, frankly, it's because we still have not been able to get across to you the whole story of Blackhawk's unusual type of operation.

So, here are some further details of THE BLACKHAWK STORY:

Blackhawk is the only outfit of its kind in the U.S., and since, hold, almost all of our stock is made up of closeouts and liquidations of new prints, or our purchase of complete libraries of used U.S. and foreign prints. There is no regular day-in-and-day-out source of prints of the titles we offer. Usually, once our current stocks of a title are sold, it may be weeks — even months — before we have that item on hand again. So, on most films, there is no way we can order them again. When we're out of stock — WE'RE OUT OF STOCK!

As a matter of fact, it's the kind of service that Blackhawk renders to producers, distributors, libraries and individuals that makes it possible for us to offer the kind of bargains you get — the fact that at Blackhawk, dollar for dollar, you get so much more.

But, dealing with quantities that are limited, there is, absolutely no way we can avoid disappointing some of you some of the time. (And, believe us, we're more disappointed than you are!) We could disappoint fewer of you, or disappoint some of you less often, by raising our prices — then not so many of you would order. Our films thus wouldn't be as big bargains as they are now — and you wouldn't be happy! We wouldn't sell as many prints — and we wouldn't be happy!

We could, at the time the catalog is printed, show our stock of titles. But, since our stock of titles is constantly in flux, this information would show down the moment of the catalog's printing. And besides, many subjects on which we had twelve prints at press time might be sold out sooner than some on which we had but one. And, anyway, the quantity we had on hand at the time the catalog was printed still wouldn't be the available quantity at the time you received your copy of the catalog.

We could start mailing our catalog to customers every other month instead of every month as we now do. This would mean that you would get only one copy of the catalog a year. But, if you would purchase, correlating former catalogs each month, we would cut down the hazard of being out of some titles — but

BC 7-11-6

we couldn't eliminate it. And, some of our good customers might miss the opportunity to pick up some titles for which they'd been looking.

We could do any of these things, and more, but nothing we've thought of yet would be a real solution to the basic problem. Now, some of you may have some ideas as to how we can improve this situation. If you do, by all means let us hear about it. In the meantime, here's the situation as it exists now:

Preparation of each month's Blackhawk catalog begins with the listing of all new and used material added for sale since the previous month's issue. Copy work progresses a day or two before composition begins. A day or two later printing begins. It takes from five days to a week to print the final, finished day for two to mail. This means that from the time the catalog is printed, it takes six to eight weeks until you actually get your copy, may be from 12 to 18 days.
