Railroading Films

MAINLINE U. S. A.

16 SDU 76C3

Here is a 2-reel Kodachrome film in 16mm. sound that traces the impact of railroad construction over the last century as the prime means of the general development of our country — how the railroads today have a very direct affect on all our lives. Shown are a great many spectacular shots of streamliners and freights at speed, across prairies, over bridges, against backgrounds of snow-capped peaks. Railroad fans can easily identify the trains of their favorite railroad. You'll see streamliners and freights of the Monon, Rock Island, Milwaukee, New Haven, Santa Fe, New York Central, Pennsylvania, Burlington, Southern Pacific, Erie, Missouri Pacific, North Western, and many another pike. You'll also see many a yard goat at work, and many other activities of the railroads in maintaining the far-flung and complex services that they render. Even those of you who aren't first of all railroad fans will find this an informative, absorbing, entertaining and very beautiful film to have in your collection. (Prints of this new are valued at \$150.00.) While our stock of fine used prints remains available, our price is only **\$24.95**

LOADED FOR WAR

16 SDU 76C6

The thrilling story of the American railroads performing the greatest war job in history, in a 2-reel, 16mm. sound film in full color kodachrome. The film shows how essential was the wartime job of the railroads and how they contributed to Allied victory. Shown are many of the special tasks the railroads had during World War II — the moving of troops and their equipment; raw materials; tanks, guns and major parts for ships and planes — and how many of their normal jobs were filled by women and retired employees who returned to work. But, in addition to all this, we see some of the most effective shots of steam locomotives, sometimes three in a row, boosting tonnage over one of the Santa Fe's steep passes in the West. This film does not overlap pictorially with either MAINLINE U.S.A. or LIFE-LINE OF THE NATION, nor with BIG TRAINS ROLLING, prints of which we have been offering up until recently. While our stock of good used prints remains available, you may purchase one **\$19.95**

LIFELINE OF THE NATION

16 SDU 76C4

A 2-reel 16mm. sound film in full Kodachrome showing the magnificent performance of our railroads during World War II. The emphasis in this film is more movement of freight than of passenger travel. As a result the film is somewhat contrast to either MAINLINE U.S.A. or TRAINS ROLLING. The viewer, to note another big difference — the emphasis of the majestic steam locomotive which still — during the war — the number one source of motive power for freight as well as passenger transportation. There marked contrast with today when power is close to taking over most print runs. So, for those of you who have a particularly soft spot in your hearts for steam locomotive, here's your chance to see some of the big boys of the Santa Fe, Pacific, Norfolk, and Western, Rio Grande Southern Pacific and Pennsylvania etc. You'll see lots of others, too. (Prints of films are valued at \$150.00 new.) While stock lasts, you may buy a good used print for only **\$19.95**

COMBINATION SPECIAL: Prints of MAINLINE U.S.A. and LIFE LINE OF THE NATION regularly totaling \$49.90 — when purchased together at one time, only \$44.

USE 16mm. SOUND SUBJECTS

Light and Concert Musicals

All prints listed on this page are good used 16mm. sound prints.

We usually have only a few used prints of a title — sometimes only one. This means that within two or three weeks after the mailing of this catalog, more and more of these used titles will be sold out. Keep this in mind when you order. Order early, and, in justice to yourself, give us an alternate list of titles. We'll never send an alternate unless your top choices are already out of stock. But remember—we can't sell what we don't have — and the general prices we offer are in great demand.

This section was the last part of the catalog to be printed. It was off the press only one or two days before the general mailing of the catalog was made. At the time it went to press, prints of all the subjects listed were in stock ready for shipment. Normally, within two or three weeks after mailing, 50% or more of the titles will have been sold.

As to the length of 16mm. films — cartoons average about 250 feet to a reel, other non-reels run 300 to 320 feet. Non-reels usually contain about 650 feet and longer subjects normally average not less than 900 feet to a reel. All films of one reel length and over are supplied on reels.

BLACKHAWK FILMS INC.
DAVENPORT, IOWA

ALL PRINTS ON PAGE 14 ARE BRAND NEW, FIRST QUALITY 16MM. SOUNDS

HAL ROACH'S FAMOUS KIDS

These Famous Kids Comedies are the 2-reelers which were so well-known as "Our Gang" Comedies when originally released to the theaters by M-G-M. All of the famous "Our Gang" characters of the period in which this group of subjects was produced appear in these 2-reelers - Spanky McFarland, Farina, Jean Darling, Alfalfa, Styxie are all there. These 2-reelers are not only collector's items today - they're just as satisfactory entertainment as ever!

And, typical of Blackhawk's ability to bring you BIG bargains, is our acquisition of some hundreds of prints of these twelve titles. These sell regularly at \$42.50. Blackhawk's selling price is not only a bargain - it is far below regular wholesale. Of course, prints are brand new and first quality in every way.

WASHEE IRONEE - Spanky stops traffic in an "ambulance" as he races for his Chinese friend to help wash little Fauntleroy's outfit, ruined in football scrimmage. But everybody gets into the act, including a pet monkey.

FLY MY KITE - Grandma does anything the kids can do, from boxing to flying a kite. When a heartless nephew forecloses a mortgage on grandma's home, you can bet the gang starts acting.

TEACHER'S PET - Why didn't we have teachers like this? The kids as usual expect the worst when their new teacher comes in, but they're in for another of their hilarious surprises.

FREE EATS - Billy Gilbert adds to the fun in this story of a big picnic the kids have on a millionaire's estate.

USED 100' R-1 MUSICALS IN PACKAGES

These films were originally produced by some of the leading 16mm production companies in the country for projection in coin-operated Panoram machines. When projected on ordinary 16mm projectors, the image is reversed on the screen. Usually the only place you will notice any difference is in the titles — the lettering will appear backwards on your screen.

There may be, without notice, occasional substitutions of one or more titles in any package because of the temporary out of stock on a particular film. However, we assure you that any substitutions will be of similar type and of the same or greater value.

If you decide, after viewing any of these packages, that you want to keep only part of the package, we will charge you \$1.99 for each R-1 Sound Musical Film you retain.

These films may be used for any theatrical, non-theatrical, or commercial purpose, except that they may not be televised.

These films, identified as 100' R-I Sound Musical Films, are used prints of productions made originally by such producers as R.C.M. (Roosevelt, Colow, Mills), Minoco, Cameo, Screencraft and Globe for exhibition on Panoram coin-operated machines. These machines, projecting from the rear onto ground-glass screens, required the photographic image reversed. Yet, these prints show quite acceptably on any regular 16mm. sound projector and the only point where the reversal is usually noted is on the main end titles, which you may eliminate at the time you assemble your library. Over the last 25+ years, we have sold many scores of thousands of prints, and hundreds of satisfied customers re-order regularly.

The films listed here may be selected by individual title. Good stocks are on hand of most of these subjects — but the listing of a few alternates is always desirable. We'll never substitute unless your first choices are of our stock. These 100' R-I Sound Musical Films are not supplied on reels, but in individual rolls. They may not be used for television purposes.

This guarantee provides that if for any reason you do not wish to retain any films or merchandise you order from Blackhawk, you may ship them back to us, transportation paid, within five days after you receive them, together with a copy of your invoice, and we'll give you full credit. Of course, returned merchandise must be in substantially the same condition when returned as when you received it. If films are returned or sent for trade-in, it will usually be ten days to two weeks before exchange merchandise or refund check will reach you.

Read This Before You Order!

Blackhawk can continually offer you these exceptional buys only by eliminating all possibility of credit losses, and by operating our organization at the utmost efficiency. Therefore, irrespective of your credit rating, our terms are CASH WITH ORDER, or (inside continental United States) C.O.D. However, even inside continental United States, a 10% deposit must accompany all C.O.D. orders of \$30.00 or more. Outside continental United States—and this includes Alaska, Canada, Hawaii, Mexico, Porto Rico and the Panama Canal Zone—we can handle orders only when remittances in full are included. In all cases, we urge you to remit by postal or express money orders, or by bank drafts. Foreign orders must be in U. S. funds. Do not send currency or coins—even by registered mail—for you do so at your own risk.

We have found that we cannot economically handle orders totaling less than \$2.50 (or less than \$10.00 from outside the Continental United States), so henceforth we cannot accept any order that does not total at least these minimums. You will see footnotes reminding you of this throughout the catalog. Just remember, if you live in the United States, your order must be for a minimum of \$2.50. If you live outside the Continental United States, your order must be for a minimum of \$10.00 and must be paid in U. S. funds. (This includes orders from Canada and Mexico.)

Purchasers in Iowa must pay the 2% Iowa State Retail Sales Tax except in the case of retailers who are purchasing materials for resale, in which case this fact must be clearly stated on the order.

Under the new postal regulations, parcels may not exceed 20 lbs. in weight nor 72 inches in girth. This means generally that all moderate to large shipments of films must be shipped to you by Railway Express, and that shipments of projectors, cameras (except our folding cloth screen) and moderate to large quantities of reels and cans must go by express instead of parcel post. Whenever an item has to be shipped by express, we will send it express collect for the transportation, which you will pay an delivery.

However, on small moderate size shipments, which may be sent by parcel post, if you wish to remit in full with your order, you may include the appropriate amount to cover packing, postage and insurance, based on your address, as covered by the following three territorial groupings:
